CISCO, TEXAS, WEDNESDAY, APRIL 29, 1953

NUMBER 104

The Gay Philosopher

By J. W. S.

MOTHER'S DAY takes place on Sunday, May 10, and it seems like a good idea to have some nominations for Cisco's "Mother of the Year." If you were going to select a "Mother of the Year" in our town, who would it be? Although there's no formal organization to select an outstanding mother, our town has a lot of them. And we'll be glad to print any nominations for the honor. If you want to nominate a Cisco "Mother of the Year," write a note giving the mother's name and write a few paragraphs about why you are making the nomination.

OUR SCOUTS over at Hardin-Simmons University report that Franklin Leach, son of Mr. and Mrs. Frank Leach of Cisco, has been rewarded for making all "A" grades in his college career. He has been awarded a graduate research fellowship in medicine at the University of Texas. Franklin will receive his bachelor's degree at H-SU on June 1. And on June 3, he enrolls at the UoT. He's a graduate of the high school here and attended CJC before going to H-SU. His report cards have always been filled with big, fat "A's." Congratulations, sir.

GOOD NEWS COMES from the Pacific sea ports. Sergeant Lonnie Crosby, former athletic star at CJC, arrived there Monday night on the Korean war country. He promptly boarded a train for Texas and he's due at Fort Sam Houston any day now. His wife, Dixie, and friends are getting ready a big welcome mat.

GUESS THERE JUST won't be any dish washing out at the Standiee McCracken residence for a couple of weeks. Mrs. McCracken suffered a broken thumb the other day and her doctor told her to keep her hands out of dish water for two weeks. It was kind of an unusual accident. Mrs. McCracken was parking her car. The tire struck something, causing the steering wheel to turn suddenly. The turning wheel caught Mrs. McCracken's thumb, breaking same.

DID YOU EVER notice the gadget on Mr. Paul Farrow's tie clip? It has a big "F" and an arrow. And F plus ARROW equals FARROW. Pretty clever, wouldn't you say?

ACCORDING TO the papers, the West Texas Utilities Company here is a great grandfather. When a group of business firms and individuals bought heifer calves some three years ago to start the Youth Dairy movement, the West Texas calf went to Franklin Myrick of Cisco. To pay for his calf, Franklin's first heifer from the original cow went to Gene Agnew of Cisco. Last week, Gene's first heifer went to LeVere Adams of Cisco.

MR. C. M. TOWNSELEY of El Rancho Townsley flew up to Flint, Mich., the other day to see relatives and to drive a new car home. Says it took him only about three hours to fly up and a couple of days to drive home again. The folks over at the A-G Motor Company figure to spend in Thursday on a water wheel back of their building. Glad to report that a Press want-ad helped Miss Reeta Sue Burroughs find her billfold. Met up with Dr. A. R. Schmitt the other day. He and family were leaving for Houston, their former home, to set up shop again after his tour of duty in the war country.

OUR COPY OF The Midget News from the Junior High School reports that there was a fine party out at the school last Friday. It was given by the Mothers Club in honor of the boys and girls of football and volleyball teams. A feature of the party was a volleyball game between the teachers and the mothers. The youngsters enjoyed it very much. Principal Roy Killingsworth observed another birthday last Friday night. The faculty gave him a nylon shirt and there was a surprise party at his house. The Mighty Midgets will be mighty again next year, the News reports after a visit to their spring training camp.

USING THEIR HEADS—In Bali, the native women find that heads serve many purposes. These women are on their way to a village temple, and carry offerings on their heads. They walk in single file, as is the local custom, which probably permits limited conversation.

Lake Cisco Gets Four Inches From Tuesday Rainfall

Lake Cisco caught four inches of water Tuesday afternoon as the result of a rain in the watershed area, City Water Superintendent John Roden reported today. The rain gauge at the city hall registered .30 of an inch. Observers believed the rainfall was heavier in the lake watershed. Lake Bernie caught only two inches of water.

The four inches caught Tuesday gave Lake Cisco a total of nine inches of new water for the month of April. Mr. Roden reported. This enabled the lake "to hold its own" during the month and left the city with an estimated ten months supply without further rain.

The fact that the lake's water level would show no loss for April influenced the city commission to postpone the effective date of an emergency water rationing program, Mayor G. C. Rosenthal said. Although the commission passed on final reading its rationing ordinance the effective date was left to the discretion of the commission.

The rainfall was heavier south of Cisco. Rising Star reported about three inches of rain. Eastland received about half an inch. Area forecasters predicted probable thundershowers with rain showers for Wednesday night.

Mr. and Mrs. J. D. Higgins, Jr., and daughters, Julia and Joy Lynn, and J. D. Higgins, Sr., of Fort Worth and Mr. and Mrs. Marc Bedford and Anthony of Bay City are expected to arrive in Cisco Friday for a visit and early Mothers Day celebration with Mrs. G. E. Bedford, Mrs. J. B. Stamey and Mr. and Mrs. Lewis Starr.

LOBO SPRING TRAINING CAMP TO END WITH PRACTICE GAME

Plans for an intra-squad football game to conclude spring practice for the Cisco Lobos were discussed at a meeting of the board of directors of the Cisco Boosters Club held at the home of President Bob Latson Tuesday night.

Plans call for having the game at Chesley Field at 8 p. m. Friday, May 8. It will be a complete game with the players divided as near equal as possible.

Each player will be introduced to fans. The name, weight, position and experience of each player will be given, and the coaches will be presented.

The game will be sponsored by the Cisco Boosters Club. A film of the game, play by play, will be taken to be used by the coaches in their training program beginning in September.

It was decided to set the admission price at 25 cents for adults and 10 cents for students to help pay for the film.

A loud speaker system will be installed to give fans the names of the players and to keep up with the game. Complete details will be worked out at a meeting of the Boosters Club at the high school Monday at 7:30 p. m.

BETA UPSILON CHAPTER GIVEN HONORS AT SOCIETY MEETING

A group of local teachers who attended the State Convention of Delta Kappa Gamma, international honor society for women teachers, held in Dallas, April 24-26, brought back honors for Beta Upsilon, the local chapter.

Mrs. Ina Stamey, State co-chairman of the Permanent Fund Committee, was granted a state award, (a certificate and a sterling silver bowl), for outstanding work on the state level. In addition to her work on the state committee, Mrs. Stamey conducted the regional meeting at McCamey in 1951 and was the luncheon speaker.

Ownership Change Is Reported For Cisco Maytag Co.

W. B. Cates and W. C. Cates of Cisco have purchased the interest of Dewey Sage in the Cisco Maytag Company and have assumed management, it was announced Wednesday.

W. B. Cates has been a resident of Cisco for six years. He was employed with the Cisco Peanut Company and Thornton Feed Mill during that time. Before moving to Cisco he operated farms in Floyd County.

His father, W. C. Cates, has lived in Cisco for a year. Before coming to Cisco he operated stock farms and a grain elevator in Floyd County.

They reported that their plans called for operation of the business in much the same manner it has been operated during the past few years. They plan to handle the same brand of appliances handled by Mr. Sage.

Mr. Sage will remain with the firm for a while, it was reported. His future plans were not complete.

Miss Louise Snoddy, president of Beta Upsilon Chapter, who teaches in Eastland but resides in Cisco, was awarded the Sue King Scholarship at Southwest Texas State Teacher's College, San Marcos. (Sue King was one of the founders of Delta Kappa Gamma.) Miss Snoddy will study this summer in the Reading Clinic on the "Prevention and Correction of Reading Difficulties," on the primary level. The consultant and director for the summer workshop will be from the Reading Clinic of the St. Louis Public Schools where Dr. William Kottmeyer has organized and developed an extensive reading program.

Beta Upsilon Chapter received special recognition in the report of the state publicity chairman for its local coverage of chapter news and its monthly publication "Beta Upsilon News" edited by Mrs. Stamey. Mrs. Minnie L. Hill is chairman of the publicity committee. This is the only chapter in the state reporting chapter news to as many as six area newspapers.

The chapter's "Silver Anniversary" poster made by Miss Mayme Estes, librarian at Cisco Junior College, was considered outstanding and was used by Miss Eula Lee Carter, National Chairman of the Silver Anniversary Scholarship Committee, in her workshop at the state convention. It is the plan of this committee to present 51 \$1,000 scholarships in 1953 in commemoration of Delta Kappa Gamma's 25th birthday. One scholarship to be given in each of the forty-eight states, and one each in the District of Columbia, Hawaii, and British Columbia, Canada. Beta Upsilon Chapter has already contributed her quota on the scholarships.

Those from Beta Upsilon Chapter attending the state convention of Delta Kappa Gamma in Dallas were: The chapter president, Miss Louise Snoddy, Mrs. Ina Stamey, Miss Marie Winston, Mrs. Bernice Carter, Mrs. Josephine Clements, and Mrs. Minnie L. Hill of Cisco; Miss Nettie Thornton of Eastland, and Mrs. Doris Joe Staton, a former Cisco teacher and member of the local chapter, who now resides in Lewisville.

Council Of Church Women Plans Luncheon

The Cisco Council of Church Women will hold a May Fellowship Luncheon at 1 p. m. Friday at the First Presbyterian Church, it was announced today.

All church women, ministers and their wives and others interested have been invited to attend. Those who attend were asked to bring a covered dish for the luncheon.

The Rev. Bob Sanders of Wesley Methodist Church will be the principal speaker.

Cisco Student Wins Scholastic Honors

Mrs. W. W. Donohoe of Cisco has been informed that her son, Leonard James Donohoe, has maintained the standard of scholarship necessary for recognition at the Honors Day Convocation to be held Thursday at Southern Methodist University.

Mrs. Donohoe was invited to attend the services which will be held in McFarlin Memorial Auditorium.

Mr. and Mrs. O. G. Lawson visited friends in Desdemona over the weekend.

CHARLIE HARBER, 18, of Moran joined the Cisco National Guard Unit Tuesday. He is a student of the Moran High School where he is on the baseball and football teams. He is the first member of the guard from Moran.

Rains Help Part Of State While Balance Is Dry

Crop and pasture prospects were much improved by generous rains late in the week eastward from a line about through Fort Worth and Austin. West of the line lighter amounts fell, tapering out in the low rolling plains. Above the Cap Rock, very light widely scattered showers were generally insufficient to give even temporary relief.

Crops on the plains were further damaged by high winds during the week. All extreme southern, southwestern, and coastal bend counties continued critically dry. Growth of crops was retarded by cool weather, and damage from the frost on the morning of April 19 was somewhat more widespread and extended much farther southward than reported earlier.

Wheat and other small grains were desperately in need of moisture in most areas except north Texas. In most important plains counties, wheat was going out rapidly and many farmers were turning stock back into fields. Freezing weather retarded growth, but apparently caused little damage. Small grains in north Texas continued in good condition for the most part. Cotton, corn and sorghums in south Texas were mostly up and growing, but growth was being slowed by cool weather and lack of moisture. Cut worms, plant lice and aphids were reported to be causing some damage. Some early cotton in the lower valley was blooming. Localized heavy rains in some southern counties during the week resulted in some damage from standing water.

Plant growth in northern and northeastern counties had been hindered by cool dry weather, but rain during the week was expected to prove beneficial, and to permit planting of additional acreage. Additional moisture was needed in western and northwestern counties for planting to be made on schedule during May. The first crop of alfalfa hay was being cut in north Texas and was expected to be ready in the low rolling plains soon. Flax harvest was continuing in south Texas. Rice planting was nearing completion in some places.

Commercial vegetables in the late spring and early summer areas made slow growth because of cool weather and strong winds. Frost damage to tomatoes and other tender crops was more extensive than previously reported. Moisture was replenished over most central, eastern, and northern counties, but non-irrigated areas in the early sections of south Texas were still dry. Vegetables in the early irrigated sections continued to make good progress.

Cool, dry weather continued to retard progress of range and pasture feed in the High Plains, as well as parts of the low rolling plains. Light local showers have improved some low plains pastures but more moisture is needed. Scattered showers in west Texas have started grass, but it is still very short. Pastures in central and east Texas were supplying good grazing, but grass was getting short on some ranges. Range and pasture feed is scarce in the coastal bend and in south and southwest Texas where no rains have fallen for several weeks.

PARADE SCHEDULED THURSDAY BY LITTLE LEAGUE BASEBALLERS

Little League baseballers will stage a parade in downtown Cisco at 4 p. m. Thursday as a preview of the league opening program scheduled for 8 p. m. Thursday at the ABC Club field.

The players will be suited out in their new uniforms for the parade, and will carry banners identifying the teams.

At 8 p. m. all the players will be at the field to take part in the opening activities. Each player will be presented to the fans and four games of two innings each will usher in the schedule. The actual playing of the scheduled game begins Monday, May 4.

Gene Abbott will be master of ceremonies at the official opening Thursday. He will be at the microphone and announce the events as they take place. Ray Judia and his orchestra will be on hand to open the program with musical numbers.

New City Officials Take Oaths Of Office At Council Meeting

SPRING MADNESS—The daffiness that goes with this time of year cropped out on the heads of J. R. McLanahan, left, and Van Lee Holley, both 15, when they turned up for classes at a high school in Jacksonville, Fla. Faculty members were not amused by the Indian-type cuts, and the boys were sent home.

SCRANTON CLUB BOY WINS TOP AWARD AT COUNTY DAIRY SHOW

Dan Jobe, Scranton club boy, showed the grand champion dairy cow in the Eastland County Dairy Show held in Rising Star Saturday, and was declared the best showman of the event.

There were 74 females and one bull entered in the show, with a large number of the animals from the county by the Eastland County Dairy Association. The grand champion and the reserve champion were both from that group. Franklin Myrick of Cisco took reserve honors with his three year old entry.

Bill Clinton of Cisco took first in the senior judging event and Jerry Simms of Eastland, took first in the junior judging. Paul Ford and Franklin Myrick of Cisco tied for fourth place in junior judging.

The animals in the show were judged according to standards of an ideal dairy animal and not in competition with each other. The entries included Jerseys, Holsteins, milking shorthorns and Guernseys.

Joe Bob Shelton and Dan Shelton, Brownwood dairy experts, were the judges of the show. H. L. Guy of Rising Star was superintendent of the show.

Complete results of the show follow:

Heifers, under six months of age: Blue ribbons—Bruce Erwin, Brooks West, Sharon Lewis, Durwood Fussell, all of Rising Star; Sandra Jean Berry, Carbon; and Roy Gale Armstrong, May. Reds—Ray Don Harris, East-

land; Brooks West, Rising Star; and Eddie Armstrong, May. Heifers over six months and under one year: Blues—David Massengale, Eastland; Gene Agnew, Cisco; Ronnie Bostick, Scranton; Randy Lewis, Rising Star; Kay Lewis, Rising Star; Don Jobe, Scranton; A. W. Armstrong and Son, Rising Star. Heifers one year old, but under two: Blues—Kitty Ingram, Scranton; Rosemary Berry, Carbon; Marshall Berry, Carbon; and Ralph Berry, Cisco. Red ribbon—Billy Charles Caraway, Carbon. Cows, three years old but under three: Blue ribbons—Robert Bostick, Scranton; Franklin Myrick, Cisco; and Durwood Fussell, Rising Star. Red ribbons—David Massengale, Eastland; Gene Agnew, Cisco; and Jerry Sims, Eastland. Cows, three years of age and over: Blues—Bruce Erwin, Rising Star; A. R. Davis, May; Franklin Myrick, Cisco; A. Z. Myrick, Cisco; two; and Dan Jobe, Scranton. Red ribbon—A. W. Armstrong and Son. Champion of show—Dan Jobe. Reserve champion—Franklin Myrick.

Mrs. Fred Arrington of Illinois is spending a few weeks in the home of her parents, Mr. and Mrs. E. L. Jackson, while her husband looks after business interests in New Mexico.

Dr. John Dale Russell, chancellor and executive secretary of the New Mexico Board of Educational Finance, will speak at the opening session on "Ideal Relationships Which Should Exist Between Board Members and Presidents."

Dr. Bogue's topic at a Friday (May 1) luncheon will be "Some Current Problems Facing Junior Colleges." Dr. J. W. Reynolds, junior college education professor at the University, will preside.

Presiding officers at panel discussions will include B. W. Musgrave of the Texas Education Agency and E. C. Dodd of Southwest Texas Junior College, Uvalde. Fifty men will participate in panel discussions during the conference. They include O. L. Stamey, president of Cisco Junior College.

Water Ordinance Date Is Extended

New city officials took over their duties and an emergency water rationing ordinance was passed on final reading Tuesday night at the semi-monthly meeting of the City Commission at the City Hall. A date for the water ordinance to become effective was left to the discretion of the commission.

After Mayor G. C. Rosenthal and Commissioners Albert Hansen and Ace Lucus took their oaths of office, the mayor announced the assignment of commissioners to departments as follows: Mr. Hansen, streets; Mr. Lucus, police and fire; Joe Britain, sanitation; J. W. Slaughter, finance; and J. W. Sitton, water.

The first part of the meeting was conducted by the old commission, including Commissioners James P. McCracken and Don Rupe. As they turned over their offices to the new commissioners, Mr. McCracken and Mr. Rupe issued a joint statement in which they expressed their appreciation to city workers and to the public for "the fine spirit of cooperation that has prevailed during our two terms of office."

The commission elected Commissioner Slaughter to be mayor pro tem. City Attorney Edward Brown and Dr. W. P. Lee, health officer, were re-appointed to serve two-year terms.

The beginning of the emergency water rationing program will be set by the commission at a later date, it was decided. This decision was reached after it was reported that the water level at Lake Cisco "held its own" during April.

Mr. Rosenthal pointed out that "we must continue our voluntary rationing and not use water unnecessarily." He complimented the city water patrons for their cooperation in cutting the daily water usage to a minimum.

The commission discussed the water drilling test program at Lake Cisco Park. It was decided to complete one of the wells and leave it on a stand-by basis. Preliminary tests with small pumps had failed to lower the water level in the well.

The week of May was set as the time of the annual city-wide cleanup campaign. Plans for the campaign will be announced in the near future. In keeping with past custom, the city will provide trucks to haul off trash and debris during the week for all residents.

The city tax rate for 1953 was set at \$2.50 per \$100 valuation — the same figure used for many years. The usual discounts for early payments of taxes will be in effect again this year, it was decided. City tax collections begin in October of each year.

All members of the commission were present.

Stamey To Attend College Meeting

AUSTIN, April 29. — Dr. Jesse P. Bogue of Washington, D. C., executive secretary of the American Association of Junior Colleges, will address a Texas Junior College Conference sponsored by the University of Texas May 1-2.

Dr. John Dale Russell, chancellor and executive secretary of the New Mexico Board of Educational Finance, will speak at the opening session on "Ideal Relationships Which Should Exist Between Board Members and Presidents."

Dr. Bogue's topic at a Friday (May 1) luncheon will be "Some Current Problems Facing Junior Colleges." Dr. J. W. Reynolds, junior college education professor at the University, will preside.

Presiding officers at panel discussions will include B. W. Musgrave of the Texas Education Agency and E. C. Dodd of Southwest Texas Junior College, Uvalde. Fifty men will participate in panel discussions during the conference. They include O. L. Stamey, president of Cisco Junior College.

COMMUNISM AND THE TEACHER

The problem of communist teachers in the colleges is as delicate as it is important. On the one hand; is the cause of academic freedom, of the right and duty of the teacher to speak his mind and to deal with ideas which may be new, unorthodox and even revolutionary. On the other hand, is the fact that the well disciplined and educated communist can insidiously warp young minds and make black appear to be white. Almost everyone must realize by now that Communism is not just a legitimate political principle, like the classical socialism of Norman Thomas, or the British labor movement. These ideas, however much one may be against them, have their roots in the democratic process. Communism, on the other hand, has only contempt for the democratic process. Its avowed aim is domination of the world, through a series of centrally-directed and coordinated totalitarian states in which every vestige of opposition would be methodically and ruthlessly eliminated.

cluding such large and influential ones as Columbia, Harvard, Stanford, Duke, Johns Hopkins, California, Chicago, Yale, Princeton, and so on.

It begins with a discussion of the role and nature of the university. "Like its medieval prototype," it says, "the modern American university is an association of individual scholars. . . . Free enterprise is as essential to intellectual as to economic progress. A university must therefore be hospitable to an infinite variety of skills and view points, relying upon competition among them as the surest safeguard of truth. Its whole spirit requires investigation, criticism and presentation of ideas in an atmosphere of freedom and mutual confidence. . . . To enjoin uniformity of outlook upon a university faculty would put a stop to learning at the source."

The statement then goes into the subject of the obligations and responsibilities of university faculties. Here it makes this telling observation: "There is a line at which 'freedom' or 'privilege' begins to be qualified by legal 'duty' and 'obligation.' The determination of the line is the function of the legislature and the courts. . . . Any member of a university who crosses the duly established line is not excused by the fact that he believes the line ill-drawn."

At this point the statement is highly critical of the professor who takes legal refuge in the Fifth Amendment as an excuse to answer questions — "if he is called upon to answer for his convictions it is his duty as a citizen to speak out." It continues with a ringing condemnation of Russian Communism and all other forms of totalitarianism, stating, "Three of its principles in particular are abhorrent to us: The fomenting of world-wide revolution as a step to seizing power; the use of falsehood and deceit as normal means of persuasion; thought control—the dictation of doctrines which must be accepted and taught by all party members." Finally, the statement comes to the heart of the matter — and it does that in unequivocal terms.

The substance of its stand is found in these words: "Above all, a scholar must have integrity and independence. This renders impossible adherence to such a regime as that of Russia and its satellites. No person who accepts or advocates such principles and methods has any place in a university. Since present membership in the Communist Party requires the acceptance of these principles and methods, such membership extinguishes the right to a university position. Moreover, if an instructor follows communistic practice by becoming a propagandist for one opinion, adopting a 'party line,' silencing criticism or impairing freedom of thought and expression in his classroom, he forfeits not only all university support but his right to membership in the university."

Mr. and Mrs. S. H. Nance visited her sister, Mrs. W. C. Lightfoot, in Fort Worth Monday.

Mrs. Mary Smith of De Leon and Mrs. Lee Perry of Gunsight visited in the home of Mrs. Phyllis Travis on Monday. The three had not seen each other in forty years.

Springtime in TEXAS!

Make SURE you give your car

CONOCO "Spring Tonic" Service!

More than just an oil change
A COMPLETE "SPRING TONIC" FOR YOUR CAR!

Available only at your CONOCO Dealer

FREE BATTERY CHECK-UP
Your Mileage Merchant will clean battery terminals and make sure your battery is in top condition.

FREE RADIATOR SERVICE
He'll tighten hose connections, flush radiator if you wish, and see that your cooling system is set for warm-weather driving.

CONOCO CHEK-CHART LUBRICATION
Using Conoco's special Chek-Chart for your make of car, he will get to every single lubrication point, assuring smooth, squeak-free riding. And he'll replace winter-worn transmission and rear-axle lubricants with correct Spring-grade Conoco lubricants for quiet, wear-free operation.

DRAIN AND REFILL WITH CONOCO Super MOTOR OIL

While the engine is hot, he'll drain your gritty, winter-worn oil. He'll recondition air and oil filters, and, most important of all, he'll refill your crankcase with the right grade of Conoco Super—the motor oil with Oil-Plating® that helps your engine eat less—run better—live longer!

CONOCO Super IS A HEAVY-DUTY OIL

-P.S.
Don't forget to fill your tank with CONOCO 'Spring-Tailored' gasoline!

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Woman's Missionary Union Has Meeting

The W.M.U. of the First Baptist Church met Tuesday at the church for their regular business meeting.

The meeting opened with the singing of the hymn, "The King Is Coming," led by Mrs. J. Popalio with Mrs. D. L. Kiser at the piano. Mrs. W. J. Kiser led in prayer.

The minutes of the previous meeting were read by the secretary, Mrs. E. H. Cheeves, and the pastor's report was given by Mrs. J. T. Richardson, Jr. The sermon was taught by Mrs. A. R. Kiser followed by other routine business matters. The meeting dismissed in prayer by Mrs. D. Wright.

Those attending the meeting were Mesdames J. T. Richardson, J. B. Popalio, W. B. Cates, D. Morrison, O. G. Lawson, W. Cates, W. D. Hazel, G. B. Kingston, O. L. Mason, Algie W. F. Walker, W. J. Parson, A. R. Day, Pat Caldwell, Mrs. Smith, E. J. Poe, R. D. Shrie, Wayman Johnson, Leake, F. D. Wright, Winston, O. T. Martin, D. L. Kiser, H. Cheeves, J. V. Heyser, Sr., V. Gardenhire, and M. P. Kiser.

Methodist WSCS Has Meeting At Church

The W. S. C. S. of the First Methodist Church met Tuesday, April 28, in the basement of the church for their weekly meeting and to continue the study on Human Rights.

The study leader, Mrs. Paul Woods, having been called out of town, Mrs. E. H. Lightfoot took charge of the program. After the singing of the hymn, "The Voice of God Is Calling," Mrs. Lightfoot gave the devotional from Ezekiel and Psalms.

The program consisted of the mission work of the W. S. C. S. in the United States. Mrs. William Joyner told of Bethlehem centers and other schools and hospitals for negroes and Mrs. S. H. Nance described a home for the rehabilitation of problem negro children.

Mrs. Leslie Seymour told of the establishment of mission schools in Farmington, New Mexico for the Navaho Indian children. Mrs. Lue Mendenhall described the Porta Rican children in New York and Mrs. J. T. Anderson explained the Mexican settlement house, hospital, and church in El Paso for under privileged Mexican children.

Those attending the meeting were Mesdames E. H. Lightfoot, William Joyner, S. H. Nance, Leslie Seymour, Lue Mendenhall, J.

Presbyterian Women Hold Business Meet

The April business meeting of the Women of the Presbyterian Church was held Tuesday at the church with the president, Mrs. John H. Kleiner, presiding.

Mrs. C. R. Baugh prayed the opening prayer and Mrs. H. Grady James gave a conversation of Nicodemus for the devotional. Letters were read from Mrs. H. P. Moore, president of Mid Texas Presbyterian, Mrs. T. D. Murphy, vice president of Texas Synodical, Red Cross, Jack Lewis, and Goodland Indian Orphanage.

Reports were given of Circle One by Mrs. Glenn Deitaker; Circle Two by Mrs. B. S. Huey; Circle Three by Mrs. A. J. Jensen; and Circle Four by Mrs. C. M. Townsley. Mrs. Dietaker, chairman of world missions, spoke of the birthday party to be held May 12 and seven o'clock was the time set for the pot luck supper.

The president appointed committees to serve for three months as follows: Kitchen committee, Mrs. F. J. Borman, Mrs. D. E. Waters, Mrs. John Garrett, and Mrs. Joe Comingore and Welcoming Committee, Mrs. C. M. Townsley, Mrs. George Fee, Mrs. M. H. French, Mrs. J. E. T. Peters, and Mrs. Homer Slicker.

A discussion followed concerning the May Fellowship Pot Luck luncheon to be held Friday, May 1, at the church at twelve o'clock. Mrs. B. S. Huey, Mrs. D. E. Waters and Mrs. J. G. Rupe were the committee appointed for the luncheon. The new Kitchen Committee will serve in the kitchen.

Attention was called to the fact that all projects of the Circle this year will be for only two months. Mrs. James thanked the women for their kindnesses during the death of Mr. James' father. Mrs. Baugh gave some of the highlights of the Presbyterian meeting held in Hillsboro, April 16 and 17 and also her visit to the Home and School at Itaska. Mention was made of the meeting of the executive board of Mid Texas Presbyterian in Cisco in October. The White Cross quota for the year was given. Mrs. Kleiner gave parts of Mrs.

T. Anderson, A. D. Anderson, John Shertzer, C. A. Shockey, Carrell Smith, Walter Boyd, Betty Clark, B. J. Osborn, S. H. McCantles, Joe Lovelady, George Davis, and a visitor and former member, Mrs. Charles Flaherty.

NEW TO HIM—Kim Man Su, Republic of Korea quadruple amputee, shows off his new arms and legs for the first time. Sgt. Kim stepped on a land mine which blew off both his legs. Later, while in the hospital, his arms were also amputated because of severe frostbite, but now he's on the way to recovery.

Moore's address at Hillsboro also speaking of the Home and School and showing pictures of the High School graduates in the Orphans Herald for April. The meeting closed with prayer by Mrs. James. Twelve members attended.

Mr. and Mrs. W. H. Hall and Mr. and Mrs. C. P. Cole were in Abilene today to hear the choir of the Golden Gate Baptist Theological Seminary of Berkeley, California. Mrs. Hall, daughter of the Cole's and daughter-in-law of the Hall's is a member of the choir which is making a tour of Texas and Oklahoma. The choir will sing at the Baptist Convention in Houston in May.

Mr. and Mrs. S. H. Nance and Mr. and Mrs. John Speir spent the weekend in San Angelo with Mr. and Mrs. Ford Taylor.

First Baptists GA's Hold Meeting Tuesday

The Junior G. A.'s of the First Baptist Church met Tuesday, April 28, for their weekly meeting.

The meeting opened with the group singing the G. A. hymn. The watch word, allegiance, and star ideas were repeated and Linda Curry led in opening prayer. Old and new business was transacted and the stewardship lesson was taught by Mrs. Collier. A love offering was taken and the meeting dismissed with prayer by Mrs. Collier.

Refreshments were served at the close of the meeting to Mary Ward, Barbara Jenkins, Linda Curry, Karen Taylor, Patti Wright, Camille Lee, Carol Kay Mayhew, Loretta Whitehead, Mrs. Collier and Anna Jean.

Who shall not fear Thee, O Lord, and glorify Thy name? for Thou art holy: for all nations shall come and worship before Thee: for Thy judgments are made manifest. —(Revelation XV, 4.)

We are living in days when there are men and nations who glorify only their material might and mortal leaders, and when there are in the skies frightening things we do not understand. We face great dangers. But if we ourselves, as people, live in the Lord and have faith and strength in His Word, the forces of evil cannot overcome us.

Mrs. Raby Miller has returned from a two week's visit in Boerne and Hondo with her children.

Mr. and Mrs. O. G. Lawson attended church services in Eastland Sunday evening at which time their grandson, Michael Anderson, was baptized.

Special Completely Automatic Universal Gas Ranges 10 dollars down

36 Months to pay balance

Now at LONE STAR GAS COMPANY

From this moment on...

your Time is your Own

Your meal is in the Automatic Gas Range oven. You set the temperature and clock controls... you are ready to go.

You are free to play cards... shop... garden... or sew.

At the exact time cooking should start your Gas oven lights automatically, cooks the oven meal... then turns off automatically.

How often do you have a helping hand in your many homemaking responsibilities? Here's one you can enjoy every day... when you are home... or when you want to get away.

Choose automatic Gas. ONLY GAS GIVES YOU ALL THESE ADVANTAGES: Costs less to buy, requires no extra installation cost and cooks for one-fourth the cost of any other automatic fuel!

SEE BEAUTIFUL NEW AUTOMATIC GAS RANGES AT APPLIANCE DEALERS OR LONE STAR GAS COMPANY

GMC'S 19 NEW MODELS DO MORE FOR YOU

GMC TRUCKS

A GENERAL MOTORS VALUE

Truck Hydra-Matic and record high compression insure top performance in the lightweight field

HAUL HEAVIER LOADS MORE EASILY

228 cubic inch engine with 105 horsepower—highest in its class.

SHIFT FOR THEMSELVES—WITHOUT MISTAKES

Dual-Range Truck Hydra-Matic* unerringly selects the right gear ratio for all needs—automatically.

GET MORE POWER FROM REGULAR GAS

8.0 to 1 compression—highest of any gasoline truck engine—extracts more punch, faster response, from non-premium fuel.

SAVE FUEL

Hydra-Matic's 3-speed range for traffic, 4-speed range for open going, cuts engine rpm to the minimum needed for the job.

CUT MAINTENANCE COSTS

Hydra-Matic's fluid coupling prevents engine strains, shock loading of drive line and rear axle, reducing servicing and repair needs.

SAVE TIME

Better acceleration without shifting lag, cuts "traffic light time" at every stop.

SPARE THE DRIVERS

Elimination of clutch-and-gearshift effort keeps drivers fresher, more alert to accident hazards.

*Standard equipment on Package Delivery model; optional at moderate extra cost on the others.

Come in and try out the new Hydra-Matic GMC's! **Get a real truck!**

For the Men Who Succeed —

... and for those who will some day succeed them, our suggestion is that they invest part of their earnings in real estate. Wise investments in real properties have yielded fortunes to many people. And those who succeed in this venture never gamble on the title. They buy only quality abstracts made by those who have themselves invested wisely — in their plant — in their personnel — and in their responsibility to the public.

Earl Bender & Company
Eastland, (Abstracting since 1923) Texas

HEALTH TALKS

Prepared by the
Texas Medical Association

Displayed prominently in the lobbies of many hospitals is a certificate granted by the American College of Surgeons and other national hospital authorities. Seeing it, the patient and his family can be sure the institution they have chosen has met certain basic standards for the good of the patient, assuring him better service and care.

Until June, 1952, this certificate of approval was given by the American College of Surgeons; at that time the organization was joined in its task by the American College of Physicians, American Hospital Association, American

Medical Association, and Canadian Medical Association. A committee of about twenty representatives from these groups sets up standards, keeps them current, and makes periodic surveys of hospitals throughout the United States and Canada.

In Texas at the beginning of 1952 there were 78 approved hospitals, and 8 others were provisionally approved. Hospitals failing to meet requirements are not black-balled but rather are encouraged and are shown how to improve. When they have succeeded in removing all the marks against them, approval is granted.

Points for which an individual hospital is graded are its physical plant (buildings and equipment) and the organization and efficiency of its administrative, medical, and nursing staff (assurances for the proper use of its facilities). Just as a piano in the corner of the living room is of little use unless someone has been trained to play it, a hospital's fine buildings or expensive equipment can't be used to the fullest extent possible unless the persons running it are well trained and cooperative.

The committee recognizes that smaller hospitals can't always be expected to have large expensive buildings, elaborate equipment, or a highly organized staff. Therefore, there are several categories of approval. Certain elementary standards are required for all, and others depend on the size of the institution. Those having fewer than twenty-five beds are not subject to approval by the committee; maintenance of high

standards in these small hospitals depends on the integrity of the doctors and other persons owning and operating them.
