CISCO, TEXAS, FRIDAY, MAY 8, 1953

NUMBER 111

The Gay Philosopher

By J. W. S.

IT WILL PROBABLY be like September tonight as the football boys of Cisco High School divide into two squads and play a regulation game at Chesley Field. The kickoff is set for 8 p. m. The Lobo Band will be out, and it will be a full program in all respects. Proceeds from the game will go to the Cisco Boosters Club for use in promoting the athletic program in our town. See you there.

MET UP WITH a group of out-of-town Humble Pipe Line Company officials here this morning. Visiting in Cisco overnight were C. C. Moore of the personnel department, Houston; H. I. McMillan, engineering department, Houston; and G. W. Oliver, acting general superintendent, Houston. Mr. Moore and Mr. McMillan used to be with Humble here.

The visiting officials and Mr. W. P. Guinn, superintendent of the Central Texas division with offices here, were due to inspect properties between here and San Angelo today. They'll leave by air from San Angelo for Houston for conferences there.

Mayor G. C. Rosenthal, a retired Humble engineer, was to accompany the group on today's tour and return home tonight.

WENT OUT TO THE ABC Field late Thursday and saw three fine baseball games. Two minor league teams played, two Little League majors had a fine game, and the Legion team met the Ranger Legion team. It was a good program. The little boys are showing improvement with each game. Many of them are meeting the game of baseball for the first time this year.

MR. I. J. DOBBINS of the East 8th Street service station reports that he has found some keys — a leather key ring with three keys on each end . . . Mrs. Jim Gorman of 710 East 22nd Street has a black and white puppy they would like to give somebody . . . Hear that Mr. W. E. Dean and Mr. W. B. Wright, who live on opposite corners up on West 14th Street, had a lawn mowing contest at 6 a. m. today.

THE EDITOR of The Baird Star was leaving May baskets of pretty flowers for people over that way in his column last week. And he remembered a former Cisco lady, as follows: "We will leave a basket of the prettiest flowers for Mrs. Bessie Pass to tell her how happy we all are that she is back as manager of the hospital. We'll tell her too that the many kind things she does to brighten dark hours for others will never be forgotten."

SEE-BY THE papers that David Phippen, son of the J. L. Phippen of Cisco, is doing right well at Decatur Baptist College. He was the high point man in the junior college track meet at Denton the other day. He's a football and basketball player there, too. David was a fine student and athlete while he was at Cisco High.

QUOTES FROM OUR new copy of the Imperial Type Metal Magazine: The big problems take our minds off the little problems . . . Often we remember the price long after the good time is forgotten . . . It is beginning to dawn on nearly everyone that idleness is the one thing left that can't be taxed . . . Whether it's stubbing your toe or saying the wrong thing to your wife or secretary, the incident usually happens so fast that you are sunk in gloom for days, wondering the why and wherefore of it.

More quotes: Not only do some of us fail to get what we expect, we don't even get a good facsimile thereof . . . While some are dreaming others are doing spare time work . . . When you like somebody you are blind to his (or her) faults . . . The astrophysicists know more about the universe than the medical men know about the common cold . . . In spite of automatic dishwashers

RETURN OF GERMAN PORT—The Rhine River city of Kehl, recently handed back to Germany by France, has been a suburb of the French city of Strasbourg since the end of World War II. Workmen are shown installing barbed wire at the point of the new frontier. The French retained only enough buildings to house their occupying forces.

GRASS MANAGEMENT PROGRAMS PAYING OFF IN THIS SECTION

Land owners in the Upper Leon Soil Conservation District which includes the Cisco area, are very enthusiastic regarding the part that grass and grassland management plays in a well rounded conservation program. Not many years ago vegetation that grew on grazing land was divided simply into grass, weeds, and timber. Now people know that it isn't quite that simple.

There are over 200 distinct species of grasses alone that may be found on lands within the Upper Leon district. Some grasses are best for livestock during the winter; others that are very valuable during the winter months furnish valuable succulent forage during warm weather.

People are observing that the seeding habits of grasses vary greatly. In Eastland county, some grasses can be found producing seed from April until November. There are many other characteristics regarding the differences in the various grass species that stockmen are using in their management work to make grassland more valuable and profitable.

Stockmen in the Upper Leon District are not only showing an interest in such grass information but they are actually finding out that this information is enabling them to produce more beef, wool, mohair, and other livestock products from the acreage they are devoting to grass production.

Grasses, like many other farm crops, are better adapted to some soils than others. Bermuda grass which furnishes large amounts of grazing in the deeper, wetter soils along creeks has been disappointing when seeded or sodd on the poor, drier soils on hillsides.

Many other grasses that have been successfully established in the sandy land have failed to grow when tried on darker prairie soils. Such information that has been collected through mutual cooperation and assistance by the interested landowners and local technical interests of the SCS is making the production and profitable use of grasses a logical and reasonable practice instead of the haphazard method that was followed a few years ago.

Landowners are now considering that their problems on their bottomland Bermuda grass pastures are entirely different from those found on their shallower sloping rangeland. Bermuda grass, Canada wildrye, Italian ryegrass and rescue grass, and some of the vetches and clovers are proving to be the more valuable species along creek and river bottoms; whereas Little Bluestem, Indiangrass, Sideoats Grama and other native plants are the most profitable ones for the normal upland ranges.

Stockmen are finding out that the bottomland pastures will

stand more grazing pressure but required more work and in some cases more expense, since weeds have to be controlled by spraying or mowing and brush has a tendency to grow faster on these better soils.

On the ranges that are more suitable to native grasses conservative use, periodic rests for natural reseeding, and other practices based on growth habits will keep these grasses in such a healthy vigorous state that they will maintain good growth and

75 Men Due Here For Church Meet Sunday Afternoon

Some 75 men from Presbyterian churches throughout the Presbytery are expected here Sunday afternoon for a Presbytery-wide conference to be held at the encampment at Lake Cisco, according to an announcement today by the Rev. Grady James, local pastor.

The men will begin their meeting at 4 p. m. and continue until about 9 p. m. Dinner will be served at the Presbyterian Camp at 6 p. m. Speakers for the program will include William A. Grenshaw, L. Roy Klein of Dallas and the Hon. Carl P. Springer of Abilene.

Rev. James said that the local Presbyterian church will not hold the regular evening worship service Sunday because of the conference.

Sunday morning, Rev. James will speak on "Spiritual Kinship."

Cisco Airman Is Awarded Medal For Korea Work

FIFTH AIR FORCE, Korea. — First Lt. Ira T. Taylor, Cisco, Texas, B-26 navigator with the 3d Bomb Wing's "Liberty" Squadron in Korea, has received the Distinguished Flying Cross for extraordinary achievement in aerial flight from Col. E. B. Le Bailly, commanding officer of the light bomber wing.

The 27-year-old U. S. Air Force officer has completed 50 night interdiction missions and is returning to the United States for reassignment. The 3d Bomb Wing, a unit of the Fifth Air Force, mounts round-the-clock bombing and strafing attacks Communist supply trains and vehicle convoys.

Lieutenant Taylor is the son of Mrs. Ira Mae Taylor, who resides at 1009 E. 10th St., Cisco, Texas.

Little Leaguers Play Two Games Thursday Night

The Athletics banged out 12 hits off the Cardinal pitcher in a Little League game played at ABC Field Thursday night to win their league contest, 13-3. The game was called at the end of the fourth inning because of a league rule that stipulates if a team is ahead by 10 runs at that time it is declared the winner and the game stopped.

Chapman was the winning pitcher. He went the full four innings and held the Cardinals to six scattered hits. McDonald was the losing pitcher. He held the Athletics to five hits in the first three innings but weakened in the fourth to give up seven hits and three free trips for nine runs.

Esebedo was the big gun at bat when he hit safely three times out of four trips to the plate. He accounted for two of his team's 13 runs. Chapman, the pitcher got one hit, a free pass and got on a fielders choice to score three runs. John Adams got two hits and made two runs.

For the Cardinals Elder, Bennie and Howell hit home runs, Bennie's circuit clout failed to count as he failed to touch a base as he made the round trip.

In a farm team game played at 5 p. m. the Cardinals defeated the Athletics 10-7. The time limit rule was invoked in the top half of the fourth inning. Scott was the winning pitcher and Hale and Askins pitched for the losers.

Saturday night, the Braves and the Giants tangle in a game that will decide the league leader. The two teams are in a tie for the top spots.

Next week the Cardinals and the Braves play Monday night; the Giants and the Athletics play Tuesday night; the Cardinals and the Giants play Thursday night and the Athletics and the Braves play Friday night. Saturday night the Boosters Club plays the American Legion Indians in a nine inning affair.

Conclave Planned For Presbyterian Group

A Pioneer Conclave for boys and girls of surrounding Presbyterian churches will be held at Camp Cisco Saturday from 9:30 a. m. to 2:00 p. m. This is to prepare young people (ages 12-14) for the summer camps in July and to enlist their interest and help in a service project.

Local leaders for this one day meeting are Mrs. B. S. Huey, Mrs. W. H. Bragg, Mrs. Charles Spears and Rev. and Mrs. Grady James.

Mr. and Mrs. Ross Cotton and daughter, Barbara, of Beaumont are expected Saturday to spend Mother's Day with their parents, Mr. and Mrs. Bill McCall and Charlie Hartman.

Ranger Defeats Indians In Game At Local Field

A big first inning in which the Ranger American Legion baseball team stretched four hits and took advantage of four Indian errors for seven runs gave the Ranger team a 7-3 victory over the Cisco American Legion Indians.

Jim Brogdon was the starting pitcher and was never able to hit his stride. He was removed after one and a third innings and Bill Greenhaw was sent in to replace him. Greenhaw hand-cuffed the visitors for five and two thirds innings but his mates were unable to make up the deficit.

Greenhaw allowed two hits, gave one free pass and struck out six Ranger batters for a good evening. Ranger got their seven runs off six hits and six Indian errors. J. Wharton of Ranger belted one over the right field fence for the only home run of the game.

Jackson, Cisco first baseman, was the hitting standout for the game. He got two singles and two doubles in four trips to the plate. Dizzy Howell got a pinch double when he batted for Tommy Reynolds in the seventh.

The two teams play a return match in Ranger Friday night, May 15, to wind up a best two out of three series of practice games. The teams will meet again when tournament play starts in June. The Legion and the Boosters Club play at ABC Field the following night.

Lions Club Camp Project Outlined In Luncheon Talk

W. L. McBride of Kerrville showed motion pictures of the new Lions Club Camp for Crippled Children and spoke on behalf of the Texas project at the weekly meeting of the Cisco club.

Mr. McBride pointed out that over \$250,000 has been spent by the Lions Clubs of Texas since 1951 to prepare a summer camp for crippled children. The various clubs of the state may send children to the camp without charges.

Following the talk, Lions Chas. S. Sandler and Dr. C. E. Paul were appointed as a committee to represent the camp project in Cisco. Plans call for sending one or more area crippled children to the camp this summer.

The club elected delegates for the district convention, to be held at Mineral Wells late this month, as follows: T. C. Williams, H. R. Garrett, Roy Westfall, Clyde Karalits, Roy Killingsworth, Jack Anderson, Gene Abbott, A. G. Sanders, E. G. Damron, Carlos Turner and George Davis.

Guests included Ike Sandler of Fort Worth and Clell Reed and Mart Agnew of Cisco.

Ranch Day Program Appears As Big Success; Ends Tonight

SERVING IT UP—A feminine touch is being added to the care given to sick and wounded prisoners of war at the 45th Military Army Surgical Hospital in Freedom Village, Korea. Lt. Marjorie Mortenson, Antigo, Wis., and Lt. Marjorie Ellard, Bruce, Miss., are part of a dozen Army nurses helping to care for the newly-released prisoners of the Communists.

ACREAGE ALLOTMENT AND PRICE SUPPORT FOR WHEAT CROP SEEN

The Secretary of Agriculture recently warned the wheat farmers that acreage allotments and marketing quotas might be in effect for the 1954 crop of wheat. The reasons for the Secretary's announcement are based on the fact that there is now a huge surplus of wheat on hand, the export of wheat has fallen and prospects are good for a large 1953 crop, it was reported here.

If it is finally decided that marketing quotas are needed, the wheat farmers will vote on the regulation. If 2-3 or more of the farmers vote for the regulation the price of the 1954 wheat crop will be supported at 90% of parity. If less than 2-3 of the farmers vote for the measure a government price support of 50% of parity will be in effect.

In order to be prepared for the allotments, the Eastland County PMA office is now securing acreage history on each wheat farm in the county. If you own or operate a farm on which wheat has been seeded in 1951, 1952 or 1953 this acreage should be reported to the county PMA office at once. As time is very short for setting up allotments, all acreage history must be turned in to the County PMA office by May 15.

State Wins Most Of Court Actions

AUSTIN, May 8. — Attorney General John Ben Shepperd today released a summary of cases won or lost by his office since January 1.

Cases tried or appealed to totalled 397 for the four month period. Of this number, the office won 388, or 98 per cent. Nine were lost.

In the same period the number of pending cases was reduced from 1109 to 885.

Included in the number of cases won were the gas-gathering tax case and the Texas Company case, both of which promise millions of dollars in revenue for the Permanent School Fund.

Of the cases lost, none were of major importance, Shepperd indicated.

In April the Attorney General's office tried or appealed 152 cases, winning 151.

Large Crowd Here For Street Parade

Cisco Junior College's annual Ranch Day program appeared to be successful from all standpoints today as a large number of area high school students had registered by noon for the day's activities. The program will be concluded late Friday with a barbecue and program at the college.

Several thousand area residents turned out for the 2 p. m. street parade, which had more than 100 entries. Eight high school bands were here from Moran, Rising Star, Cross Plains, Gorman, De Leon, Comanche, Baird and Cisco to take part in the parade.

Plans called for the band students to attend a skating party and outing at Lake Cisco Park this afternoon. Director Kenneth St. Clair of Cisco's Lobo Band was in charge of entertaining the visiting high school bands.

Cisco business men and school patrons have been invited to the 5:30 p. m. barbecue at the college cafeteria. This will be followed by the Ranch Day program in the college. The day's final activity will be the annual ball in the A-G Motor Company building. The Ranch Day Queen will be selected at this function.

Final Rites For Mrs. Campbell To Be Here Saturday

Mrs. Helen Ruth Campbell, 24, widow of Edward J. Campbell, Dallas finance company collector who was allegedly murdered and burned there New Year's Eve, was found dead in the home of her sister, Mrs. John Nicholas, in Odessa late Thursday afternoon.

Mrs. Campbell was a native of Cisco and was the daughter of T. W. Whaley of Cisco. She had left the home of her father in Cisco Sunday to go to Odessa to stay with her sister and to find work. It was reported that she entered the bathroom of her sister's home and collapsed. A physician was called but was unable to revive her. An autopsy was being held in Odessa and the justice of peace had not announced the cause of her death.

Mrs. Campbell, the former Helen Ruth Whaley, was born in Carbon on March 12, 1929. She moved to Cisco when a small girl and attended grade and high school here. When she left high school she went to Dallas where she entered a business college. She was married to Mr. Campbell three years ago. She had one son, Stephen Allen Campbell, two years of age.

Mrs. Campbell had attended the trial of the man accused of her husband's murder, and had spent a few days in Cisco before going to Odessa.

Funeral arrangements were pending Friday afternoon but it was expected that services would be held sometime Saturday at the East Cisco Baptist Church. Burial will be in the Ranger cemetery beside her husband. The body was brought overland to Thomas Funeral Home where it will lie in state until time for the services. Thomas is in charge of the arrangements and will announce the details.

In addition to her son, Mrs. Campbell is survived by her father, T. W. Whaley of Cisco; four sisters, Mrs. Nicholas and Mrs. T. L. McKinney of Odessa, Mrs. Eddie Hassen of Plainview and Miss Joann Whaley of Cisco, and two brothers, Billy Whaley of Cisco and Tommy Whaley, who is with the armed services and reportedly on a ship bound for home after a tour of duty in Korea.

Named to be pallbearers for the rites were C. C. Cooper, C. R. Hightower, O. H. Nance, John Whisman, J. T. Elliott and L. J. Nelms.

Mrs. Ima Thompson left by plane Thursday from Dallas for Burbank, California, after receiving word that her daughter, Doris, was seriously injured in an automobile accident. Doris is also the niece of Mrs. O. C. Lomax and Mrs. William Joyner.

Mr. and Mrs. R. V. Rendall and daughters, Mary Jane and Judy, and Mrs. W. Z. Latch plan to spend the weekend in Sundown, Lubbock, and Brownfield visiting Paul Latch and family, Leonard Latch and family, and Albert Gregory.

IT'S THE LAW in Texas

Can you afford legal protection and guidance? Certainly you can! Competent, responsible legal service is within the reach of everyone.

MERCHANTS CREDIT ASSOCIATION

State and National Affiliations
Lucile Huffmyer
SECRETARY
Telephone 142

A lawyer bases his fees upon the benefit you receive from his services and upon the time and effort he has expended in your behalf. But beyond this, if you can't afford to pay the customary fee, this fact is taken into consideration by the lawyer in fixing his fee. He assumes as his first responsibility the duty of seeing that every member of the community is able to secure a lawyer's service when in need of them.

Preventive law — legal guidance to avoid errors and prevent lawsuits — is reasonable in cost. It is far less expensive than the cost of trying to rectify mistakes after they have been made.

Here is an example: Mr. N. was transferred by his company and needed a house. He finally found one, an old one in poor repair. The owner told him he could have the house on a 2 year lease if he would "fix it up." Mr. N. took the owner at his word, had the house painted and repaired and moved in.

Less than 3 months later he received notice to vacate. The owner had sold the house over his head.

Mr. N. then sought legal advice — only to discover too late

IT'S A LIFE SAVER—The helicopter, proven an invaluable aid in saving lives in Korea, is pressed into use as a litter bearer to transport a wounded GI to a rear area. The stretcher fits on a side attachment of the 'copter and is equipped with a plastic cover to protect the wounded from the down draft of the blades. The helicopter is called an eggbeater by GIs. In this photo, a wounded man is receiving plasma which is made accessible only through much-needed blood donations.

that he should have had a written lease describing the length and terms of his occupancy. Mr. N. now feels like kicking himself. He could so easily have saved himself the annoyance and expense of litigation now necessary to establish such rights as he may have.

Another example: Miss H., a business woman, lived happily in her own home. She wanted a friend to have her property upon her death. Miss H., believing she knew how to accomplish her wishes, prepared a deed to the friend, signed it and placed it in her safety deposit box. Having made the deed, she made no will.

But her friend did not get the property upon the death of Miss H. Title did not pass because the deed had not been delivered during Miss H's lifetime. A deed is never effective so long as the grantor may recall it at his option. This is one distinguishing feature between a deed and a will, which may be changed or revoked at any time before death of the maker. Today several of Miss H's distant relatives are suing each other over the property.

A will would have achieved the desired end. Legal advice in time would have insured the carrying out of Miss H's wishes.

These cases illustrate clearly the importance of consulting a lawyer in advance on matters involving a question of law.

To Receive Degrees

AUSTIN, May 8. — Sixty University of Texas students are candidates for Bachelor of Science degrees in pharmacy at the institution's 70th annual spring commencement exercises May 30. The list of degree candidates announced by Pharmacy Dean Henry M. Burlage includes Betty Dean Lennon and Lloyd Dean McGrew of Cisco.

Caution Is Urged By Dr. Cox In Use Of Detergents

There are detergents advertised on today's market for practically any cleaning job — from cutting stubborn grease on a mechanic's hands, to discouraging fleas on the family poodle. They work too, in most instances, but State Health Officer Geo. W. Cox has this word of warning:

"Make sure you follow the directions to the letter." Otherwise you could end up with a disconcerting case of "housewives eczema."

These so-called "soapless" products have found wide favor with housewives for washing clothes and dishes. No doubt a good bit of their popularity is due to high powered advertising, including the decorative boxes featuring happy ladies hanging the washing or putting up dishes which the product has cleaned all by itself.

Dr. Cox identifies the active ingredients of these products as chemical compounds which act to lower surface tension of water, making it more penetrating and able to get through grease and dirt to break it up and keep it from resettling.

Many brands contain special purpose ingredients, such as ammonium salt, which make the compound bactericidal.

A duck is supposed to sink like a rock in water containing some of these detergents, probably because the "wetter" water gets through the oil in the duck's feathers — which is the reason a duck is ordinarily water proof and able to float.

It stands to reason, Dr. Cox points out, that if these compounds will cut through grease and film, and there is no doubt that some of them will — they will also penetrate the natural oils of the skin and cause irritation and discomfort if the condition is neglected.

The health officer's recommendation? Keep some hand lotion within easy reach and apply it liberally after using detergents for household cleaning or laundry.

Briefly Told

Mr. and Mrs. E. P. Duhamel and children, Linda, Bob, and Karen, of Abilene and Mr. and Mrs. George Fleming of Dallas are expected Saturday for a weekend visit with their parents, Mr. and Mrs. A. B. Cooper.

Mr. and Mrs. C. H. McCall and children, Charles and Nancy, of Midland are expected to spend Mother's Day with their parents, Mr. and Mrs. S. H. Nance and Mr. and Mrs. Bill McCall and Charlie Hartman.

Mrs. Lizzie Smith and daughter and son-in-law, Mr. and Mrs. Ernest Durrier of Johnson City, are visiting in the home of Mr. and Mrs. Harve Woolridge. Mrs. Smith is the sister-in-law of Mrs. Woolridge.

CALLED TO SWEETWATER
Mrs. Leon Maner was called to Sweetwater Friday morning due to the critical illness of her mother, Mrs. Silas George. Mrs. George has been ill for some time, but her condition became worse early Friday.

Dr. and Mrs. Allen Withee and children of Irving are expected Saturday for a weekend visit with her parents, Dr. and Mrs. N. A. Brown.

S-Sgt. and Mrs. Hubert Kennedy and Mrs. V. H. Bosworth visited their mother, Mrs. Dora E. Kennedy, in the Hendricks Memorial Hospital in Abilene Thursday.

CARD OF THANKS

We are taking this method of expressing our appreciation for each deed of kindness and sympathy shown us during the illness and death of our husband and father, John W. Anderson. It is with the very deepest feeling of gratitude to all, we are praying the blessings of God upon each of you.
Mrs. Alla Anderson and family.

IMPORTANT NOTICE

We are looking for reliable parties, men or women, who want to operate a chain of new merchandising machines. WE WILL SECURE LOCATIONS FOR YOU and set you up in business. This can be handled in your spare time — if you are not employed on Saturday it can be handled in 3 or 4 hours work and be built up to a business that should pay \$5,000 and up per year when fully established. Physical condition or education is of no great importance. NO SELLING OR SOLICITING — no waiting for 1 or 6 months to build up the business. It pays you a profit the first day.

THIS IS NOT A GET-RICH-QUICK BUSINESS but it should give you a STEADY, PROFITABLE income for the rest of your life. A CASH INVESTMENT of \$594.00 is all that is required, which is secured by equipment.

If you can qualify and have the necessary capital and a sincere desire for financial security, then write at once for a personal interview, giving age, past experience, address and phone number to Box 70, c/o Cisco Daily Press.

SOCIETY AND CLUBS
AND NEWS OF INTEREST TO WOMEN

Musical Program Is Given At DAR Meeting

The Charles Crawford Chapter of the D. A. R. met recently in the home of Mrs. A. F. Taylor in Eastland for their monthly meeting. Mrs. Joseph Perkins and Mrs. Frank Castleberry were co-hostesses for the meeting.

As the guests arrived, cake and punch were served. Music was played during the reception by Jana Weaver and Sally Cooper. The meeting was called to order by the regent, Mrs. Yancey McCrea. Prayer was led followed by the salute to the flag and the singing of the Star Spangled Banner, played by Jana Weaver.

A musical program was presented by Helen Taylor, using an Indian American number, and Alice Joyce Cushman, who sang "My Lover Is A Fisherman." Georgeanne Beard played a Scotch poem followed by a talk on Americanism by Cyrus Frost. Mrs. Perkins closed the meeting with some facts about the Indians of Texas.

During the business session which followed, Mrs. T. C. Williams reported that the flag pole had been erected at West Ward School and that the flag was flying. Mrs. Perkins reported send-

ing 400 books to the Piney Woods School for negroes in Mississippi and plans were made to pack a box of household articles and clothes for the Cosnora in North Carolina.

Fifteen members and guests attended the meeting.

First Baptist Junior

G A's Meet On Tuesday

The Junior G. A.'s of the First Baptist Church met Tuesday, May 5, at the church for their weekly meeting.

The meeting opened with the G. A. hymn and Mary Ward led in opening prayer. The watch word, allegiance, and star ideas were repeated and routine business matters discussed. A stewardship program was presented by Camille Lee, Mary Ann Moore and Barbara Jenkins. A love offering was taken and the meeting adjourned.

Refreshments were served at the close of the meeting to Mary Ward, Barbara Jenkins, Linda Curry, Karen Taylor, Mary Ann Moore, Pattie Wright, Camille Lee, Carol Kay Mayhew, Loretta Whitehead, Judy Kay Slaughter, and Miss Anna Jean Whitten, leader.

Industrial Arts Club Has Musical Program

A program of music was presented at the regular meeting of the First Industrial Arts Club held Thursday in the club rooms.

The president, Mrs. Ruby Miller, presided and the club collect was repeated in unison. Club responses were given and Mrs. M. F. Underwood gave a report of the last meeting. The president's message was a "Tribute To Mother."

Mrs. F. J. Borman was the program leader for the day. Miss Ruth Beaty, accompanied by Robert Clinton, sang two solo numbers. Mrs. Borman gave a paper on "Freedom of Expression In The Arts," and Mrs. J. M. Flournoy spoke on "Music Contributions To The American Way of Life." Several numbers were presented by Miss Carlene Holder, accordionist; Miss Nancy Cluck, violin; and Johnny Turner, piano.

The club expressed its appreciation of what the young music students have contributed to its

programs during the club year. Plans were made for the last meeting of the year to be held May 21st with a pot luck supper. Members and visitors attending the meeting were Mesdames H. H. Davis, B. E. Morehart, Eugene Lankford, J. E. Coleman, E. J. Poe, N. A. Brown, W. W. Wallace, Frank Bond, J. M. Flournoy, M. F. Underwood, E. L. Jackson, Ruby Miller, F. J. Borman, Rex Moore, L. J. Leach, R. E. Grantham, W. V. Gardenhire, Misses Ulla Davenport, Ruth Beaty, Carlene Holder, Nancy Cluck, and Robert Clinton and Johnny Turner.

Carolyn Crofts, student at the University of Texas in Austin, is expected Saturday to spend Mother's Day with her parents, Mr. and Mrs. Sutton Crofts.

Our 30 Year's Experience —

... in abstracting Eastland County land titles has convinced us that it pays the property owner to keep an eye on his title and an interest in his security. One thing that helps is to file all instruments promptly and another is to keep the abstract down to date. So send your unrecorded instruments to the county clerk today for filing and your abstract to this office for late certification.

Baptist Churches To Aid Hospitals On Mother's Day

A Chinese student, half-way around the world from his native homeland, entered a Texas Baptist hospital for an emergency operation. He had no money, and hospital attendants knew that this graduate chemistry student working his way through a Baptist university could not pay for their services. Nevertheless, the surgery was performed.

When the student left the hospital, he received a statement marked "Paid by the Baptist Churches of Texas."

He was just one of more than 18,000 suffering persons treated last year on a free or part-pay basis by the seven Baptist hospitals in Texas.

Once each year every Texas Baptist is given the opportunity to have a part in the charity work of these hospitals. Again

Mrs. Shingle Hostess At Bethany Luncheon
The monthly class meeting and luncheon of the Bethany Class of the First Baptist Church was held Tuesday, May 5, at the home of Mrs. J. H. Shingle.

The president, Mrs. H. L. Barnes, led the class in prayer and conducted the business session. Mrs. E. H. Cheves is to bring the installation service for the newly elected officers May 21.

A social hour followed. Those attending were Mesdames R. P. Brashear, Jack Allen, Revis Gregg, J. B. Sitton, Paul Wright, Gene Damron, C. L. Smith, W. P. Walton, D. N. Morrison, H. L. Barnes, W. L. Moore, and the hostess, Mrs. Shingle.

this Mother's Day, May 10, the 3,400 churches of the Baptist General Convention of Texas will give to a special hospital charity fund.

Baptist hospitals participating in the Mother's Day charity plan include Hendrick Memorial, Abilene; Southeast Texas, Beaumont; Baylor, Dallas; Valley Baptist, Harlingen; Memorial, Houston; Hillcrest Memorial, Waco, and Baptist Memorial, San Antonio.

Last year these hospitals treated 3,953 charity bed patients and 14,721 other charity cases. The average cost for one day's hospitalization for one person is \$18.82 - \$2.61 under the average cost of the hospitals in the nation.

During 1952 the seven hospitals gave a total of \$374,065.54 in charity service. Of this amount \$67,504.86 was paid by Mother's Day Receipts.

The Mother's Day hospital fund is used only for cases in distress and unable to pay for hospitalization. Its use must be approved by a Baptist church.

Mr. and Mrs. Tommy Pee are expected Saturday evening for a weekend visit with her parents, Mr. and Mrs. Jay Warren.

GRASS - - From Page One

keep their root system deep so that undesirable grasses and weeds will be choked out, and kept out.

Upper Leon district landowners have made remarkable progress in their work on grasslands. The last 10 years over 100,000 acres of upland range has been improved by proper use and management. Such grasses as Sand Lovegrass, Little Bluestem, Indiangrass and Sidecoats Grama that used to be rather scarce on native rangeland are now a common sight.

Over 8,000 acres of land along creeks that were once covered in timber and briars and other worthless growth are now doing their fair share in producing beef for the owner and the country. Nearly 6,000 acres of severely eroded and steep cropland has been seeded back to the more profitable grasses.

Although this job of grassland improvement is not complete, people within the district can be justly proud of the substantial progress that has been made in the last 10 years.

Philosopher - - From Page One

and calculating machines, the hardest part of most jobs must still be done with brain and muscle.

More quotes: There is no love sincerer than the love of food. . . . A nap on company time during the week is worth twice as much as anap on Sunday. . . . Previous engagements have saved many of us from unwelcome ordeals.
