ONE WAY TO DO IT—With the aid of an umbrella, a member of the equine set in London is keeping dry as he participates in the city's annual Van Horse Parade. The London working horses have their annual chance to show off, too.

FRIDAY'S RANCH Day program at Cisco Junior College was a very big success. It seemed to us that the crowd for the downtown parade was larger than ever before. And the number of people out at the college for the evening barbecue and program was very large.

The parade took a full hour to pass. It was so long that it reached from 8th Street to 17th Street. The temperature was in the 90s and the people who walked in the parade, including the Girl and Boy Scouts and the bands, were pretty tired by the time they got to 3rd Street.

In case you didn't recognize him, the Comanche Indian in the parade was Mr. Randy Steffen. His costume was entirely authentic. He used a buffalo skin for a saddle, and drove his horse with an old time hackamore. . . Mr. C. A. Ditmore drove the Bank's wagon and mules in the parade. . . All of the bands were here except Baird's. The director of the band there was in an accident early in the week and they had to cancel their plans for the trip. . . Noisest float in the parade was the Little League baseballers. About 100 little boys were yelling from a huge truck. . . The Cisco Roundup Club must have had 50 horsemen in the parade. . . The white horses from Graham were beautiful. . . Rising Star's float was very effective, as were two floats made by Cisco Junior College.

Sheriff Bob Cook and his deputies were pretty eager with their jail. They had the cage downtown and were arresting one and all for varied offenses. We found that it was cheaper to go up the street than to come back. It cost us a 50 cent fine going and \$1 coming back.

The barbecue was delicious. Members of the CJC faculty, all dressed in western clothes, served several hundred visiting high school students and a large number of business men, their wives and school patrons. It was a wonderful meal. . . The college auditorium was packed for the program after the barbecue.

WENT OUT TO the football stadium for the football game Friday night, and it was a top-notch contest. In a pregame ceremony, each player was introduced. . . The Cisco Booster's Club, sponsors of the game, made motion pictures of the play. . . Mr. Bob Latson did a fine job as the announcer. . . The Lobo Band was out and played music during the contest.

RAN INTO MR. Lonnie Crosby, the former CJC athletic star, at the Ranch Day program, and he tells us he'll be Civilian Crosby in about two months. His plans call for enrolling at McMurry, Abilene, to finish the education the Korean war interrupted. . . Saw Licut, Alton Kite, another CJC exe, in town and enjoying the day.

TWO CISCO GOLFERS were playing Saturday in the annual Mineral Wells tournament. Buddy Deen and Ben Tabor, both CHS students, qualified Thursday. Buddy shot a 77 and landed in the championship flight. He won his first match Friday and was playing again Saturday. Ben shot a 78 to qualify as the top man in the first flight. He lost his first match and was playing in the consolation.

MR. JACK HAILEY tells us about a friend of his who ran an ad in the newspaper like this: "Wanted — To borrow \$300 each on some cows. Know they're worth \$300 for that's what I paid for them."

HERE IT IS Mother's Day again. It's kind of an extra special time at our house where the mother's birthday falls on Mother's Day. We suggested that it was fortunate indeed for you could save some shopping time by putting two cards on the same gift: "Happy Birthday and Happy Mother's Day." But the suggestion didn't make much of an impression.

Happy Mother's Day to all the mothers!

CJC OFFICIALS REGARD RANCH DAY PROGRAM AS BIG SUCCESS

From the standpoints of attendance and general interest, the 1953 Cisco Junior College Ranch Day program was the most successful in the history of the annual event, school officials reported Saturday. Several thousand visitors attended Friday's parade and hundreds of area high school students were visitors at the school.

Seven area high school bands marched in the 2 p. m. parade and remained in Cisco until late Friday, enjoying a barbecue at the college campus and a program in the auditorium there. Visiting bands were: Cisco, DeLeon, Cross Plains, Moran, Rising Star, Eastland and Gorman.

More than 100 individual entries took part in the parade that required approximately an hour to pass through town. The success of the parade was described by college officials as "beyond our hopes." Downtown streets were crowded most of the afternoon.

Several hundred high school students and school patrons enjoyed the barbecue at the college. It was served in the cafeteria building.

In the college auditorium, a variety musical program was presented with Jack Chambliss as master of ceremonies. Members of the Lobo and Wrangler bands, with Director Kenneth St. Clair, formed an orchestra that played several numbers. The music department of the college contributed to the program by presenting several numbers.

In the Ranch Day contests, Judges Paul Farrow and Randy Steffen announced the following winners: longest whiskers, Wynell Battle; handsomest beard, Bob Cook and Dell Wright (tie); ugliest beard, James Hall; most typical visiting cowboy, Don Kincaid; most typical visiting cowgirl, Treva Hallmark, Moran; most typical CJC cowboy, Doc Dawson; and most typical CJC cowgirl, Carlene Pence.

At the annual Ranch Day Ball, which concluded the day's program, the decision of students in the election of the Ranch Day Queen was revealed as Miss Barbara McCauley, freshman student of Cisco.

Dr. and Mrs. N. A. Brown and Miss Ulla Davenport attended a ranchers association meeting in Breckenridge Friday evening.

Mr. and Mrs. Charles White and daughter, Dona, of Abilene are spending Mother's Day with their parents, Mr. and Mrs. S. L. Cook.

Scranton Pioneer To Be Buried In Services Sunday

Mrs. Gertie Miller Yeager, a resident of the Scranton community of Eastland County for more than 50 years, will be buried after final services Sunday afternoon at 3:30 o'clock at the Scranton Baptist Church.

The Rev. Mart Agnew and Rev. Murphy Slatton will officiate in the funeral rites. Burial will be in the Scranton cemetery.

Mrs. Yeager died at 4:40 a. m. Saturday in a Ranger hospital after an illness of some two weeks. She was 82 years of age and a widow. She was born in Tennessee in 1871 and came to Eastland County 55 years ago. Mrs. Yeager had resided at 1301 East 16th Street in Cisco for the past two years.

Surviving Mrs. Yeager are three children, A. F. Miller of Cisco, L. B. Miller of Stanton and May Miller of Cisco. Two grandsons and three great grandchildren also survive.

City Buys \$8,800 In Bonds For Retirement

The City of Cisco has completed the purchase of \$8,800 in city bonds Saturday as the result of bond tenders opened at a meeting of the City Commission last April 8. City Secretary Hal Lavacary reported Saturday.

The city buys outstanding bonds twice annually for retirement and cancellation. Purchase of the \$8,800 in bonds will save the city about \$265 per year in interest, Mr. Lavacary said.

Mother of the Year

Editor's Note: The Press recently suggested that nominations were in order for Cisco's "Mother of the Year." In keeping with the suggestion, the following article was prepared without her knowledge by a group of Mrs. Don Choate's friends.

Club, Scout, P-TA, Church Leader Nominated For Honor

Friends of Mrs. Don Choate, 401 Front Street, would like to nominate her as "Cisco's Mother of the Year." These friends know Mrs. Choate, the mother of four children, well, having worked with her in various organizations, and feel qualified to speak in behalf of her nomination.

In speaking of Mrs. Choate, a friend said: "To me, Ann Choate is a wonderful mother. She is not only a mother to her children, but to all children with whom she comes in contact. The job is never too big or hard for her to undertake where children are involved. I have worked with her in Girl Scouting and the Junior High School Mother's Club and know from personal contact what a tireless worker she is."

A neighbor said: "In the 12 years I have been a neighbor of Mrs. Choate, she has always been a 'good neighbor.' She has always been thoughtful, kind and generous with her time, and always ready to lend a helping hand."

A fellow clubwoman, who has worked with Mrs. Choate in numerous organizations has these words to say: "This young mother is an outstanding civic leader. Her work in the Cisco Delphin Club as president for the past two years gives proof of the far-reaching effect of her leadership."

The Texas Federation of Women's Clubs selected her as their counselor on International Affairs and she serves on the board of directors for the sixth district. She has conducted the affairs of the Delphin Club in a most efficient manner. She is prompt at all meetings, yet she has never neglected her children for one moment. She is president of the Cisco Hobby Club and

Girl Scout Day Camp To Be Held South Of Cisco

The Schaefer Ranch, located some three miles south of town was selected as the site of the annual Girl Scout Day Camp to be held June 2-6. The selection was made at a meeting of the local Girl Scout Association Board at the Chamber of Commerce building Wednesday.

The site was recommended by Mrs. Randy Steffen, camp chairman, who gave a report to the board of her recent trip to a camp in Oklahoma for training directors in camping work.

The Cowboy theme has been selected for the camp and the various troop projects will be built around that theme. The campsite will be complete with chuck wagon, Indian tepee and first aid tent.

Sanitation facilities will be prepared and the entire camp will be in accordance with requirements set out by the national organization.

Application blanks for camp attendance were being printed and will be placed in the hands of Scouts and Brownies this week. The forms must be signed by parents before the child may attend the camp.

Camp will be held from 9 a. m. to 3 p. m. daily in order for the troop members to return to their homes before it gets too hot. Adult workers will be on hand to supervise the camp and a trained nurse will be at the site throughout the days of the activity.

All necessary information will be given to the troop members at meetings this week. In other business at the meeting it was decided to hold a court of honor as the activity program in May. At the event pins, badges and other awards will be given to scouters. Time and place of the program will be announced later.

Nell Lyle and Pat Nesmith of the Brownwood area office were at the meeting and Mrs. Lyle discussed the duties of each member of the association board. She entered into the planning for the camp.

Singing Planned Sunday Afternoon

A Sunday afternoon singing at the Cisco Church of Christ beginning at 2:30 o'clock has been announced by officers of the church, who issued an invitation to the public to attend.

Will W. Slater, well known song writer, publisher and singing teacher who is conducting a singing school at the church, will be in charge of the song service. The singing is expected to attract a large number of visitors from surrounding towns.

Mr. Slater will conclude the ten day school Wednesday night. An invitation to the public to attend the final three days was issued.

Other White players seeing action were Ewell, Cluck, Trigg, Sublett, Tucker, Gilmore, Crofts, Notgrass, Price, and Penn.

Harold Pippen, Kent Davis and Bengi Lipsey were the main ball carriers for the Blacks. Davis was hurt in the first half and saw no action in the final two periods. Freddy Hayes handled the ball on the split T and looked good on running plays. He tried four passes and completed one for 15 yards.

The Black defense leaked a little in the middle of the line allowing White runners to gain good yardage through the guards and tackles. Bill Smith, Bill Miller, Edward Bernie, Don Meier, Ronny Qualls, Arzell Hale and Tommy Collier looked best in the line for the Blacks.

Other players seeing action and showing good prospects were Bobby Bennie, Paul Ford, Robert Fletcher, Levere Adams, Clyde Butler, Loydale Grider, Jake Collier, Willford Phillips, Billy Webb and J. Frank Walton.

WHITES BEAT BLACKS IN CLOSE GAME AS SPRING WORKOUTS END

The toe of Tommy Reynolds, quarterback on the White team, gave his team a one point victory over the Blacks in a game at Chesley Field Friday night which wound up spring football drills for the Cisco High School Lobos. The Whites won the game by a score of 7-6.

The winning kick came in the final seconds of the third quarter after the Whites had come from behind to tie the score.

Both teams scored their touchdowns in the third period and both touchdowns came on intercepted laterals. Bill Smith scored for the Blacks when he took a lateral intended for Bob Miller of the Whites. After the interception Smith ran 30 yards to score. Tommy Collier failed on his point after touchdown try and the Blacks were ahead 6-0.

In the final seconds of the third period Kay Jackson of the Whites returned the favor and took a lateral from the Blacks to score the touchdown that threw the game into a tie. Jackson went 25 yards for his score. Tommy Reynolds' kick split the uprights to place the Whites out in front by a single point.

The Whites threatened several times during the contest but fumbles within the Black's 10 yard line on three occasions nipped the threats.

Stout defensive work on the part of the White forward wall held the Blacks to 72 yards on the ground and five first downs. Outstanding on defense for the Whites were Bob Qualls at center, Jim Reynolds and Joe Wayne Farrow at guards, Bennie Edwards and Carroll Thames at tackles and Monte Ingram and Danny Loudder at ends. Reynolds and Edwards showed to be more experienced.

Whitehead, Miller and Gallegos divided the running chores for the Whites and their slants amassed a total of 167 yards on running plays. They rung up nine first downs. Reynolds looked good on handling the ball as White quarterback. He attempted three passes and completed one to Danny Loudder for 39 yards. He had one intercepted and one incomplete. Kay Jackson, a senior, was used to relieve Reynolds in the under position and showed up well. He has had no high school experience but was a standout for the Midgets when he was in junior high.

Other White players seeing action were Ewell, Cluck, Trigg, Sublett, Tucker, Gilmore, Crofts, Notgrass, Price, and Penn.

Harold Pippen, Kent Davis and Bengi Lipsey were the main ball carriers for the Blacks. Davis was hurt in the first half and saw no action in the final two periods. Freddy Hayes handled the ball on the split T and looked good on running plays. He tried four passes and completed one for 15 yards.

Ciscoan's Father Is To Be Buried Sunday

C. Y. Morris, 71, of Rule, father of Mrs. Douglas Busby of Cisco, died at 7 a. m. Saturday in the Haskell hospital. Mrs. Busby had been at her father's bedside a week.

Funeral services will be held Sunday afternoon at the Rule Baptist Church, of which Mr. Miller was a member.

Mr. and Mrs. A. J. Bowden are visiting relatives in Vernon over the weekend.

Farmer Wins Scholarship

Edd Farmer, basketball, and baseball player at C. J. C. has won a scholarship for the coming year at Alpine, at the Sul Ross State Teachers College. Farmer went to Alpine a couple of weeks ago, and tried out.

Farmer also tried out for the famous Semi-pro baseball team at Alpine, the Cowboys. He doesn't know for sure if he made it or not. He is due to go back to Alpine this summer for a further 6 weeks tryout with the Cowboys.

We are glad to see Edd make it, but we will miss him here at C. J. C. when basketball season rolls around next year.

City Trucks Will Pickup Debris In All Parts Of City

Plans were complete Saturday for the annual city-wide spring cleanup campaign to begin Monday and to continue throughout the week, Mayor G. C. Rosenthal announced. All residents of the city were asked to cooperate in the program.

Mr. Rosenthal announced the schedule that city trucks will follow in collecting trash and debris during the week, as follows: Monday — Work alleys, 2nd to 12th streets, west of the city hall to Front Street.

Tuesday — Work south of 12th to 18th streets and north of the railroads and College Heights.

Wednesday — Work west of Front Street and south of 18th Street to the city limits.

Thursday — Work east of Avenue D to Beech Street and Humbletown.

Friday — Work east of Beech Street and area around the colored school.

Saturday — Cleanup left-overs. Mr. Rosenthal asked all residents to have their moveable trash ready in containers or in bundles to facilitate handling. The trash should be placed in the alleys or at the curbs. Two city trucks will work in the campaign, assisted by the National Guard.

"This cleanup campaign is conducted each spring for our mutual benefit without charges to the individual citizen," Mr. Rosenthal said. "The success of the campaign depends on the cooperation of every citizen."

"Our purpose in the project is to improve health conditions and to make our city more attractive. A successful cleanup campaign will contribute a very great deal to cleanliness, which is important to us all."

"Let's make this year's cleanup campaign a big success."

Cotton Program Ready For State

The annual Smith-Doxey program is ready for the cotton farmers. Mrs. Sam W. Martin, head of the Dallas cotton classing office, announced today.

Sponsored by the U. S. Department of Agriculture's Production and Marketing Administration, the Smith-Doxey program enables cooperating cotton improvement groups to get their cotton classed without cost. They also can get free market price quotations from which they can gauge local cotton values.

Application forms for the 1953 program can be obtained from the county agent, nearest cotton classing office and local ginners. One application by the group leader covers all members.

Last year, 29,842 farmers in the Dallas classing office territory took advantage of these services, Mr. Martin said.

Piano Students Will Give Recital Monday

Mrs. B. A. Butler will present her piano students at the Cisco Junior College auditorium Monday evening, May 11, at 7:45 o'clock.

Two pianos will be used for the program which will consist of three parts. Part I will present solos; Part II will be made up of piano novelties and boogies, including solos, duets, and trios using two pianos; and Part III will consist of ensembles, with four students at two pianos in waltzes, marches and polkas.

The public has been cordially invited.

RISSING STAR BARBER RECALLS AREA HISTORY IN INTERVIEW

His (Harris) says he still lives in Cisco. When he started out as a barber in 1900 he could double 25 or 30 minutes and shaved at the amount. Mr. Harris started his barber work in 1900 by working every Saturday for the late Bud Harris and J. G. Watson, who now lives at San Angelo. During the week he worked for...

hair cut and shave, both for a quarter. Mr. Harris moved into his present building in 1909, a family estate building which also houses his son, Woodrow, Star Electric Shop and Mrs. Woodrow Harris' beauty shop. Mrs. Harris, who is a few years younger than her husband, is also a busy operator in the shop. Mr. Harris was born in Millport, Alabama, in 1877. He came to Texas in 1880 with his parents in a covered wagon to Flat Point, Denton Co., Texas. His mother, an widow in 1888, moved the family to Rising Star, Mr. Harris and one brother, H. K., of Houston are the only surviving members of the family. His mother and a sister here Mrs. W. I. Abbey. They lived north of town for several years. Mr. Harris stated he attended and graduated from the fourth grade at Union Grove (present Hildow). Mr. and Mrs. Harris have two sons, Woodrow of this city and Lambert, manager of Hudson Motor Co. in San Antonio. They lost their only daughter in childhood. Fifty-three years as a barber in one town is quite a record. The family has had many experiences both sad and happy. Probably the most exciting was when they were held up by the Santa Claus bandits in Cisco on December 23, 1927. The family, accompanied by Mrs. Harris' mother Mrs. S. E. Graves, were returning to Cisco. They were within 12 blocks of the city when they noticed a Santa Claus. At that moment with two guns stopped them and demanded their car. Woodrow, aged 14, hid the keys. This delayed the bandits as caused their capture. Woodrow was given national headlines on the capture with his picture in all the papers. Mrs. Harris stated they were badly frightened and that she offered them her purse which was refused. The bandits wanted to...

RESOLUTION Resolution of Respect and Sympathy for the family of Miss Etta Moore by the Twentieth Century Club. Whereas, God in His unending love has seen fit to remove from our midst our friend and co-worker, Miss Etta Moore, we who are still here desire to express our sense of loss and deep appreciation for our friend in the following resolution: Be it resolved, first, That as a woman and co-worker she was to be admired, respected, and honored and as such lives in our heart and memories. Be it resolved, second, That her greatest pleasure in life was giving joy to others and being helpful. At all times and under all circumstances, her unselfishness and generosity showed to bounty even when it called for self-sacrifice. Be it resolved, third, That we as individual club women who knew, loved, and worked with Miss Etta Moore have lost a friend and fellow worker whose place no one can fill and place set apart in memory and honored by love and sorrowful passing. Therefore, be it resolved, that the Twentieth Century Club ask that a copy of this resolution be incorporated in the minutes of the club, a copy be given to the Cisco Daily Press for publication, and a copy given to the family. Manford CASUALS

\$16.95

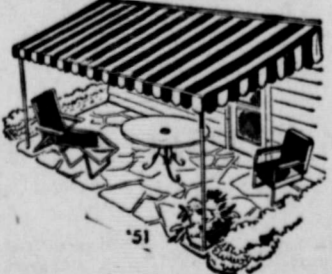

... a dress that defies the heat, laughs at wrinkles, and launders like a dream in fabulous nubby, looped-cotton gingham. You'll love the fluid skirt, the waistline slim and smooth, the look of shoulder cuffs that barely cover your arms, the tulip collar standing self-assured. Like all Manford Casuals, much is made of feline charm—brilliant buttons slash the bodice, a drift of silk catches a saucy pouch pocket. Cool colors—peppermint, bronze, blue and black.

serves on the board of directors of the Cisco Community Chest and is a member of the Chamber of Commerce's committee on industry.

"To be nominated to an honor such as 'Mother of the Year,' one's religious life must surely be considered," said a fellow church member. "Mrs. Choate is a member of the Episcopal Church and has been active in the affairs of her parish since 1947. She served on the Altar Guild for several years and now is in charge of the junior department of the Parish Church School. She is a charter member of St. Ann's Guild, having been instrumental in organizing this branch of the women's auxiliary. She served as president of the Guild for the first three years of its existence and now holds the very important office of finance chairman."

A fellow worker in the Girl Scouts wrote this statement: "Mrs. Choate is now serving her

third term as president of the Cisco Girl Scout Association, the governing board. She has been a Brownie troop leader for three years, and has been the leader

of an intermediate troop for one year. The first Cisco Day Camp program last year was made possible largely through her efforts. She has served on the area board, and at this year's Mineral Wells meeting, she was one of three adult leaders of the 16-county area to be awarded a certificate for outstanding contributions to the Girl Scout Movement."

A Cisco Garden Club leader wrote: "Her administration in the history of the Cisco Garden Club is one of vision and constant effort for the beauty and welfare of our city. Her fine spirit of cooperation and unselfish leadership indicates genuine interest in the ideals and purposes of our organization. Under her leadership, we had the privilege of hearing many outstanding state and national speakers. For the first time our club participated in district garden activities, winning several honors and going further to take part in the state program. Through the combined efforts of all the clubs in this district we won the state therapy award for outstanding achievement."

"She is one of the most outstanding club leaders and workers it has been my privilege to know and, yet, her home and

family welfare has always been foremost in her thoughts. Each of her four children has confidence that Mother will take an active part in his, or her, interest whether it is the school, group organization, church activity or other problems."

In addition to these varied and important activities, Mrs. Choate has taken time to be active in PTA work, on the local and county levels, and other organizations. A graduate of the University of Texas, she knows the value of community leadership and cooperative endeavor. In

addition, she has managed to build and maintain many loyal friendships in various walks of life.

Ever See a Dream Coming True?

(we did!)

... yes, every week for more than a year, we actually saw our dream coming true... on the pages of our savings account book!

"It was a new thrill each week to watch the total come closer and closer to the magic figure that meant the down payment on a home of our own."

"Till finally, one week, it came true all the way! We had our down payment. Today, we have our home... plus some new dreams that we're going to watch come true in the very same place: on the pages of our savings account book!"

No doubt about it...

Chevrolet trucks must be the best buy!

Ask us about our **Safe-T-Way SERVICE**

A public service program to promote safer driving.

CHEVROLET

This year—for the 12th straight production year—truck users are buying more Chevrolet trucks than any other make. That couldn't be true unless Chevrolet trucks offered more of what you want.

Already, 1935's official sales figures tell a remarkable story of clear-cut and decisive preference for Chevrolet trucks. But, this is not surprising, for truck users everywhere are discovering how far ahead of all other Chevrolet trucks really are.

They are discovering things like the tremendous new power in advanced Load-master engines in heavy-duty models... the remarkable gasoline economy... the extra ruggedness and strength of heavier, more rigid frame construction.

And, in addition to all these advantages, the Chevrolet line lists for less than any other trucks of comparable size and capacity. So, before you buy any truck, stop in and see us.

LIVING STANDARDS RAISED BY CREDIT...

A six-letter word spells the difference between life as we know it and an existence that would be nowhere near as satisfying. That word is CREDIT.

Ninety-five percent of the people use credit in some form. Credit manifests itself at nearly every turn in our daily life. The utility bills we pay, the charge account at the store, installment purchases of household appliances, these are all types of credit.

When the family physician and dentist send out statements for professional services rendered, they too are dispensing credit.

Persons in whom credit is reposed measure up this trust by making payments promptly when due. By so doing they are not merely meeting current obligations but are also laying some personal foundations for future transactions.

Those who make the best use of credit are persons who buy only what they know they can pay for when payment is due and who pay each bill or installment on the due date.
