... If you buy real estate without an abstract the chances are good that you will be required to furnish one when you sell or borrow money. It is customary for seller to furnish buyer with an abstract as he usually adds cost of same to the sale's price. So for many reasons all in your favor get an abstract and have it examined by your attorney when you buy real estate.

"While requiring only one-fourth of the effort normally needed to steer the car, the hydraulic force of the power steering mechanism will hold the wheels steady and help prevent the steering wheel from being taken from the driver's grasp.
