

If you spend a dollar at home you have some hope of getting it back; if you don't, you just spend a dollar.

The Gay Philosopher

By J. W. B.

LOOKING AT THE calendar, note that Sunday — Father's Day — is the first day of summer. We can all expect some hot weather next week. . . . If you'll suit your calendar, you'll also note that today is June Tenth — anniversary of Lincoln's signing of the emancipation proclamation. June 19th has been a day of celebration for the negroes since.

IN WRITING UP the Lions luncheon yesterday, the press left out the name of one of the city's most attractive young ladies — Miss Cathy Abbott, daughter of the Gene Abbots. Cathy featured on the program in a tap dance routine with Miss Ronnie Damron, daughter of the De Damrons.

The two little girls were dressed in identical costumes for their number, which was outstanding. Hope that Cathy, who must be at six years old, will overlook oversight.

JUST RAN INTO Mr. O. O. . . . and he was still warm from his daily trip to Abilene. He's going to summer school over at SU to complete work for a master's degree. We warned him that he was going to be so highly educated that he wouldn't know how to do with himself. . . . Mrs. W. McCauley tells us that she'll complete work for a master's degree this summer over at SU. The McCauleys are moving their household next week to Fort Worth where Mr. RWM works for a wholesaler of groceries. Mrs. RWM, who has been teaching in the Cisco Schools, will finish in the Fort Worth schools this year.

NEXT WEEK IS vacation time at the offices of Dr. E. E. Adams, Jr. The Addys and the Wrights are going to Galveston for a couple of weeks of sun-bathing in the Gulf of Mexico county.

Mrs. C. E. Newman of the doctor's staff will be leaving today for Red River, New Mexico, and vacation. Mrs. Inez Blair, also the doctor's staff, will remain in Cisco to keep the office open. . . . Jeff Gregorys are vacationing down Galveston way this week.

CITY COMMISSIONER Joe Smith is doing nicely out at the Sham Hospital. He underwent major operation the other day and is now able to have company. The O. L. Stameys are due in town tonight for a big Lions luncheon meeting of some sort. He's coming over July 1 as district commander. E. L. Jackson was in to pass last evening for a big blowout.

WATER IS A big problem for most all of the small towns of Texas. This problem and solution was discussed by M. S. F. Bond of Cross Plains in a statement in the newspaper this week, as follows:

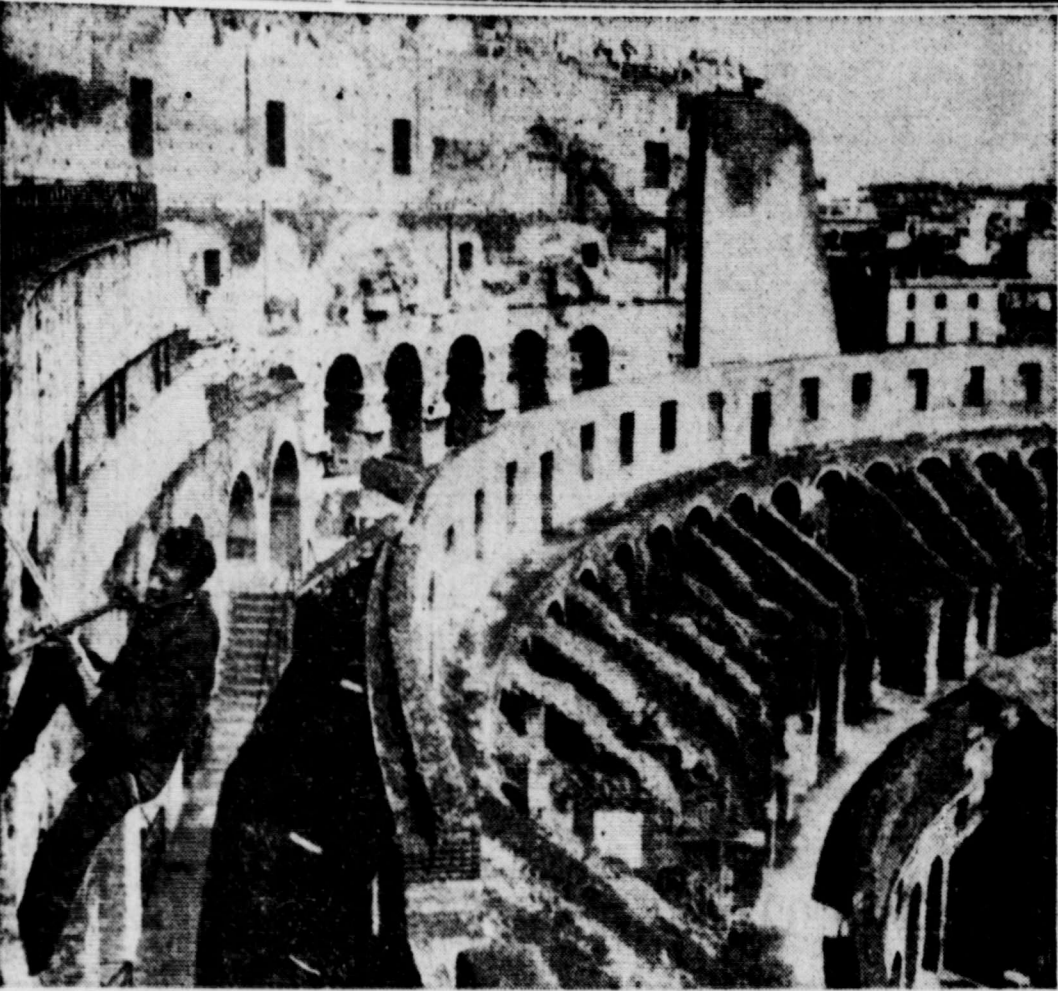

This is to advise you, the citizens of the municipality of Cross Plains, of a fact, which you are already aware, that the city is out water. This is not a peculiar or exceptional circumstance in this overgrown West Texas. Many small villages and cities are out on the verge of being out water.

The usual question is why does the city refrain from drilling the wells and the intelligent answer would be about like asking why not build more reservoirs on a water shed that fails to supply water for the stores already provided.

In the opinion of your mayor, mutual and cooperative spirit and citizenship would and will induce you to refrain from draining the last drop that you can get from your hydrant to sustain a garden, flowers or a lawn table and necessary as they are, and do your part to conserve meager and dwindling supply drinking and household purposes.

A water sand, like an artificial one, can be drained dry and the source of our water supply, is going to remain practically dry until nature restores supply by a copious and abundant rainfall."

IF YOU'RE GOOD at guessing weight of bologna, you might drop by the A&P Grocery. They have a stick of bologna something like 30 feet long several inches thick. The position is to guess what it weighs. So if you're an old bologna weight guesser, here's a test you'll enjoy.

WEEDING!—Once a year, firemen in Rome scale the sheer walls of the Colosseum to keep them free of weeds which grow in some of the most inaccessible spots. To reach them, as this man is doing, it is often necessary to "hope" the ancient stones will stay in place. It is estimated that weeds would cover the historic landmark in a relatively short time.

Athletics Close First Half With Win Over Giants

The Athletics concluded the first half of play in the Cisco Little League Thursday night by trouncing the Giants 19-9.

The Athletics made their 19 runs off 14 hits garnered off several Giant hurlers. Blackwell was charged with the loss as he was on the mound when the Athletics went ahead. Arthur Chatman was the winning hurler.

For the Athletics, Chatman got three hits and two runs in four times at bat. One of his hits went for four bases. Gregg, Adams and Wilcox got two for four while Richardson and Thetford each got one hit and three runs on two official trips to the plate. Richardson hit a round tripper for the Athletics.

Smith, Blackwell and Darr were the heavy hitters for the Giants who made their nine runs off eight hits. They accounted for two hits each on three official times at bat.

Second Well Being Drilled Near City

McClung and West were drilling below 700 feet today in a second oil test well in a second oil test well on the E. N. Strickland property some two miles south east of Cisco. Their No. 1 well was abandoned after trouble in completion work.

The No. 2 well is located 200 feet east of the No. 1 in the southeast quarter of Section 45, Block 3, H&TC Survey. The company reported tapping an oil sand at 1,168 in the first well. A test yielded both gas and oil.

JUDGE COOMBES, FORMER CISCO RESIDENT, IS CALLED BY DEATH

Judge Charles E. Coombes, 77, prominent West Texas attorney, civic leader and author, died at 10:08 p. m. Wednesday in a Dallas hospital where he had gone some ten days ago for treatment. Judge Coombes was at one time resident of Cisco.

He had made his home in Stamford since 1927, and was active in the practice of law there until his death. He lived in Cisco in 1920 and 1921. In 1921 he moved to Abilene and while there served as mayor for two terms.

He was born on Coombes Creek in Dallas County on September 25, 1875.

He was particularly active in the work of the West Texas Chamber of Commerce and the Stamford Cowboy Reunion. He was well known as an after-dinner speaker, and spoke in Cisco at various civic club meetings on several occasions in recent years. He had published two books, and was working on the third when he died.

Judge Coombes left home at the age of 15 and came to West Texas to begin working as a cowboy on the A Spike Ranch in Knox

County Residents In Summer School

COMMERCIE, June 18.—Among the 1300 students enrolled for the first term of the summer session at East Texas State college are several residents of Eastland county.

Among those enrolled are Mrs. Betty Fay Goody, 517 Pine; Mrs. Lillian McGee Battle, route 4, Cisco; and Theodore Boone Yarbrough, Ranger.

Mrs. Goody is a senior art student, and Mrs. Battle is a graduate with a major in education. Yarbrough is a graduate doing advanced work in industrial arts.

Also enrolled is a former resident of Cisco. She is Mrs. Laverne Ewing, now of Scranton, who is doing her senior year of study in elementary education. She is a former student of Cisco Junior college.

Lightfoot Begins Fourth Year At First Methodist

The Rev. E. H. Lightfoot, pastor of the First Methodist Church, will begin his fourth year with the local church Sunday. He was returned to the Cisco church at the recent Central Texas Conference in Fort Worth.

He will bring a special Father's Day message at the Sunday morning worship service, using as his topic, "Faith Of Our Fathers."

At 8 p. m. Sunday the closing exercises of what was reported to be a very successful Bible School will be held. All members of the church were urged to attend both services and others of the area were issued a special invitation.

T&P Announces Schedule Change For Night Train

Now, through passenger train service over the Texas and Pacific Railway from El Paso and West Texas to East Texas, Louisiana and points North and East will go into effect, Sunday, June 21.

W. W. Fair, T & P passenger traffic manager, Dallas, said that the new service will be made possible by operating its present passenger train, the Westerner, eastward beyond Ft. Worth and Dallas to East Texas, Texarkana, Little Rock, Memphis and St. Louis, and direct through Louisiana and New Orleans.

In announcing this new passenger service, Fair reported that the schedules of the T&P's Texas Eagle and Louisiana Eagle passenger trains will be changed on the same date.

Under their new schedules, the Texas Eagle will leave Fort Worth ten minutes earlier — at 5:05 p. m. — and Dallas five minutes earlier, at 6:10 p. m.

The Louisiana Eagle, operating overnight from Fort Worth and Dallas to New Orleans, also is being placed on a later departure time from these Texas terminals. On its new time-saving schedule, it will depart Fort Worth at 5:25 p. m., and from Dallas at 6:30 p. m., and arrive New Orleans at 7:10 a. m.

Travelers from El Paso, Monahans, Odessa, Midland, Big Spring, Colorado City, Sweetwater, Abilene, Cisco, Eastland, Ranger and Mineral Wells (Millsap) will be benefited by the new through passenger service from West Texas, Fair said, and the schedule changes on T&P's Eagle trains will provide better connections with the trains of other railroads at Fort Worth and Dallas.

The new schedule will apply to the eastbound passenger train that goes through Cisco early in the morning.

Hospital News

Patients at the Graham Hospital today include Joe Brittain, Cisco, who underwent surgery this week. His condition was described as satisfactory. Mrs. Wesley Wagley of Moran and J. T. Thomas of Moran were patients.

W. C. Cates, Cisco, who underwent surgery June 4, was expected to be dismissed Saturday. His condition was good. Mrs. J. F. Hennig and new daughter were doing nicely. Doyle M. Blair of Breckenridge and Miss Bess Walters of Abilene were recovering after surgery.

Recently dismissed were Mrs. B. F. Elam, Route 4, Cisco; J. B. Jackson, Cross Plains; and Mrs. Tom Bliss, Abilene.

Mr. and Mrs. Frank Morehart and children, Mary Ann and Tom, of Hobbs, New Mexico, were recent visitors in the home of Mrs. B. E. Morehart.

Texans Provided Large Portion Of Paralysis Funds

DALLAS, June 19.—Texans contributed more than \$2,577,000 to the total of \$51,500,000 raised in the 1953 March of Dimes, it was announced today by Basil O'Connor, president of the National Foundation for Infantile Paralysis. Corroborating the Lone Star totals was Robert J. Smith, volunteer chairman of the annual polio fund raising drive in Texas.

This total, based on reports from 3,069 volunteer campaign chairmen, represents a new record, being 24% higher than the previous record total raised in 1952, Mr. O'Connor said. Last year, when \$41,432,605 was contributed showing a figure of 27 1/2 cents per capita donation for the United States, Texas raised more than \$2,100,000 for a per capita showing of slightly higher than 28 cents. The 1953 figure, nationwide, shows an average of 34 cents per person.

"The new record shows that millions of parents and children who fight against polio realize the crucial stage of this battle has been reached," said Mr. O'Connor. "They know that recent progress in scientific research and the continuing increase year after year of polio cases make their responsibilities greater than ever before."

In paying tribute to the more than 2,000,000 March of Dimes volunteers who conducted the fund-raising crusade in 100,000 communities throughout the nation, Mr. O'Connor said, "Without their unselfish efforts, the American people would not have been so acutely aware of the increasing responsibilities of the National Foundation. Obligations imposed by five years of heavy outbreaks of the disease plus increased expenditures for new developments in the field of research have made larger sums vitally necessary for the fight against infantile paralysis."

Little Leaguers To Begin Second Half Of Season

The second half of the Little League season will get underway Monday night with the Giants and the Braves scheduled to begin the play.

Tuesday night is open as far as Little League is concerned, but the Indians play a district contest with Ranger at ABC Field at 8 p. m.

Thursday night the Athletics and Braves tangle in a League contest and Friday night the Cards and Giants play. The Athletics and the Cards close the week when they meet on Saturday night.

The full schedule will be published in the Sunday edition of the Press.

Patrol Inspector Posts Will Be Filled In Exams

The United States Civil Service Commission has stated that men are urgently needed to fill positions of Patrol Inspector (Trainee) in the Immigration and Naturalization Service.

These positions, for which an examination is currently open, pay \$3,795 a year. They are located in various cities and towns in the vicinity of the land borders and certain coastal areas of the southwestern part of the United States. To qualify, applicants must pass a written test and may be required to report for an oral interview. They must be in good physical condition and must be between the ages of 21 and 35 (45 for persons entitled to veteran preference).

Further information and application forms may be obtained from Sam King located at Cisco P. O., or from the U. S. Civil Service Commission, Washington 25, D. C.

Applications should be sent to the Board of U. S. Civil Service Examiners, U. S. Department of Justice, Immigration and Naturalization Service, Temporary Building "x" 19th and East Capitol Streets, Washington 25, D. C., where they will be accepted until further notice.

Martha Lou Smith of Fort Worth is spending the weekend with her parents, Mr. and Mrs. Tom Smith.

Two Indictments Are Returned By District Court Grand Jury

Returning For Jamboree

The famous Farren Twins, pictured above, will return to Cisco by public demand for the big Cisco Jamboree program to be presented Saturday night at the City Hall Auditorium, according to an announcement today. The show is sponsored by the Cisco Volunteer Fire Department.

Plans have been completed for this week's Jamboree program. The Farren Twins appeared here several weeks ago and are returning by request. The Twins are professional entertainers who travelled with the Harley Sadler Shows for six years and have appeared frequently on radio programs.

Another feature of this week's show will be Glenn and Jack, the Serenaders, of Fort Worth. Appearing on the program for the first time will be the Crowder Family of Cisco, along with Doug Crabtree of Eastland, known as the one-man band. Druccilla Townsend and the Kendrick Quartet, regulars on the Jamboree program, will be present again.

Approximately 1,000 people attended the Jamboree and enjoyed a two and a half hour program recently. Admission charges will be 50 cents for adults and 35 cents for children.

COWTOWN PREPARES FOR STATE MEETING OF FUTURE FARMERS

FORT WORTH, June 19.—Cowtown has the welcome mat rolled out for Texas Future Farmers.

When 3,000 farm boys swarm into Fort Worth next month for the 25th annual convention of Texas Future Farmers, they'll find a full program arranged for their entertainment and diversion.

Full convention sessions already have been set up by the state FFA officers headed by President Joe Dan Boyd of Winnsboro so July 22-24 will find their schedules full.

But fun won't be forgotten at all the boys attending the convention will be guests at a Fun Night session at Hotel Texas on July 22.

A Fort Worth committee headed by Dr. C. R. Lees has arranged for a full evening of entertainment and plenty of refreshments for the boys who will attend.

The annual Lone Star Farmer banquet will be held July 23. The

Former Pastor Will Preach Here Sunday

The Rev. John W. Batdorf of Midland, Michigan, a former pastor of the Church of God in Cisco, will occupy the pulpit at the local church for the Sunday evening service, it was announced today by the Rev. C. S. Moad, pastor.

Rev. Batdorf, who was pastor of the church here in 1928 and 1929, will be glad to meet old friends at the service, Rev. Moad said.

Group Recesses After Two Days

Two men were indicted on charges of assault with intent to murder this week by an Eastland County Grand Jury, County Attorney Joe Nuessle reported today. The grand jury investigated a number of other matters but only two indictments were returned. The jury adjourned to meet again on July 8.

Bennie Cochran was charged with assault with intent to murder Warren Denton in an altercation near Nimrod last week. Denton was in a Ranger hospital this week undergoing treatment for a gunshot wound. Investigators reported that a bullet entered his body between two ribs, just missed his liver and lungs and lodged between two ribs on the other side. He was expected to recover.

In the other case, charges of assault with intent to murder were against O. W. Ackelson as the result of a fight he was alleged to have had with Ernest Speckles at Rising Star on May 30.

The grand jury was impanelled by District Judge Turner Collie. Members of the jury for the current term of the 91st District Court are: L. J. Woods, Earl Bender, T. L. Fagg, Carl Johnson, C. E. Laffon and H. F. Hodges, all of Eastland; A. H. Powell and Price Crawley, Ranger; T. G. Gray, Gorman; L. E. Clark, Dedemona; W. J. Herrington, Rising Star, and J. T. Poe, Carbon.

Goldthwaite To Play Indians In Contest Tonight

The Goldthwaite entry in American League baseball will be at ABC Field Friday night (tonight) for a game with the local Legion Indians at 8 p. m.

The Legion game will be the only one scheduled for tonight as the Little League has an open date.

The Goldthwaite team is one of the strongest in the district and is given a good chance of taking the district crown. They lost to Stephenville team by a narrow margin in a practice game earlier in the season.

The entire pitching staff of the Indians will be ready for the game tonight with Don Greenhaw and Dizzy Howell slated to see most of the action.

Saturday night the Indians play the Joe L. Stalcup Pontiac team from Brownwood at 8 p. m. at ABC Field.

Admission prices for both games has been set at 25 cents for adults and 10 cents for children.

Christians Will Honor Fathers

Fathers' Day will be observed at the morning services of the First Christian Church with a special sermon by the minister, the Rev. Sidney Spain, entitled, "Our Father Who Art In Heaven."

The evening services will be devoted to the closing exercises of the vacation Bible School, which has been in progress for the past two weeks.

Following the meeting in the auditorium at 8 p. m. all those present will go to the basement of the building where refreshments will be served in the fellowship hall. The handwork of the children enrolled in the school will be on display in the basement.

Everyone was invited to attend both the morning and evening services.

Baseball's National League was founded in 1876.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD Texas Press Association AUSTIN — Governor Allan Shivers this week finished a long session of signing bills passed by the Legislature.

The governor's time limit expired Tuesday (June 16) for either signing or vetoing bills.

One to which he affixed his signature authorizes the construction of toll roads in Texas.

This was a controversial measure in the legislature, which at times seemed to prefer limiting

the set-up to a Dallas-Fort Worth turnpike. The administration, which favored making the authority state-wide, finally prevailed.

Highway people hope that the toll road venture, new for Texas, will help to relieve traffic congestion.

It is widely recognized that roads are overcrowded. The governor advocated a one-cent increase in the gasoline tax to help out with needed highway build-

JEAN SIMMONS is embraced by STEWART GRANGER in this scene from MGM's 'YOUNG BESS', in color by Technicolor.

ing, but the legislature settled down to a no-new-tax policy and stuck with it.

Under the toll road bill, the Dallas-Fort Worth turnpike will be the first to be constructed.

On a single day, the governor signed 89 bills, including eight designed to carry out his water conservation and drought relief program.

One of the water bills is effective immediately. It creates an anti-pollution advisory council which has the responsibility of studying pollution and working with other agencies to prevent it.

Constituting the council are the state health officer, executive secretary of the game and fish commission, chairman of the board of water engineers, chairman of the railroad commission, and the attorney general.

The other water bills, effective August 26, do these things:

Cancel all water permits which have been unused for 10 years, so that they may be re-assigned; Specify in detail how public waters of the state may be appropriated.

Provide for the granting of seasonal and temporary water appropriation permits for not to exceed a year;

Give the board of water engineers more authority and empower the board to enforce its orders by legal action;

Reorganize the board of water engineers so as to give the members six-year appointive terms and provide for the services of a professional engineer who will be secretary of the board.

Require an application in writing for appropriation, storage, or diversion of public waters.

Create a state water resources committee of nine members to

study Texas water problems and make recommendations.

Other bills signed by the Governor included the following: Providing a 40-hour work week for the state employees.

Authorizing persons in the armed services, their wives, husbands, or children to enroll in state colleges and pay the same fees required of Texas residents.

Re-establishing the narcotics enforcement division of the Department of Public Safety, and providing penalties up to life imprisonment for sale of narcotics to minors.

Giving to existing soil conservation districts the \$1 million remaining in the appropriation made two years ago to the Texas Soil Conservation Service.

Many of the bills were local and routine.

Going into effect August 26 will be a new auto inspection law, which is not as stringent as the one originally passed in Texas.

The annual inspection is not now required as a condition for purchase of car licenses.

Inspection is limited to lights, steering gear, brakes, horns, and windshield wipers.

Now created, as authorized by the legislature, is the Texas Commission for Alcoholism, which will continue the work begun three years ago by an unofficial committee.

The commission will plan with local agencies for clinical treatment of alcoholics.

The commission has no appropriation — it will depend on private contributions for its support.

A railroad commission shutdown order affecting 2,400 oil wells in the Spraberry area of West Texas was ruled out by the state supreme court.

The commission's order was designed to stop flaring of gas at some of the Spraberry wells.

It was the court's opinion that while the railroad commission was to be commended for its efforts to prevent waste of gas, the commission did not have the authority to shut down all wells in the area, including those where gas was not being flared.

Designation of flooded parts of Newton and Orange Counties as disaster areas was requested of President Eisenhower by Governor Shivers.

If they are so designated, the areas will be eligible for federal aid.

In a telegram to the president, Governor Shivers said, "one of the worst floods in the history of the Sabine River has created unprecedented health hazards and caused much other damage in Newton and Orange counties.

"The town of Deweyville, Texas, has been inundated."

Attorney General John Ben Shepperd set out by plane and boat to inspect the tidelands to which Texas will regain title by act of Congress.

The attorney general is a member of the state school land board, which will administer the tidelands. The other members are the land commissioner and the governor.

SHORT SNORTS: Boys took over the capitol when the Lone Star Boys State organized with Ray Masters of Brownwood as governor and Dick Chalmers of Houston lieutenant governor. Attorney General Shepperd recommends that revenue from the continental shelf be utilized to raise teachers' pay. Austin was host to volunteer firemen of the state, and during their stay the city broke out in a rash of fires. State Health Officer Geo. W. Cox predicts that the incidence of polio will be lighter this year. The Texas Game and Fish Commission is working out plans to have open season on doe deer in Gillespie, Mason, and Kerr Counties. The purpose is to stabilize the deer population, which is now too large for the amount of available food. Brigadier General Gaston S. Howard of Longview retired from the National Guard and was promoted to brevet major general.

SIGNED UP—Hollywood screen stars Lana Turner, left, and Pier Angeli sit together as they talk with newsmen in a hotel in Rome. Pier is an Italian girl who became a U.S. film star and this press conference followed the announcement that she would co-star with Lana in a picture to be made in Europe.

HEALTH TALKS

Prepared by the Texas Medical Association

Rheumatic fever, as an enemy not only of children but adults as well, commands a leading role among diseases.

This disease is more common and as a rule more severe in the Rocky Mountain states and the North. Nevertheless, it assumes importance in the South because its early symptoms may be so mild they are overlooked completely, the first evidence being a damaged heart. However, many victims of rheumatic fever even without treatment do not suffer heart damage of any significance.

The diagnosis of this condition is not always easy to make. Often the doctor must study the patient closely for a certain period and perform many tests before deciding whether or not he has rheumatic fever. The classic picture is one in which the joints are hot and swollen. If the attack is mild, this phase of the disease may be so scaled down as to be dismissed as "growing pains". It has been noted that rheumatic fever tends to follow "strep" infections, including "strep" throat, tonsillitis, scarlet fever, erysipelas and middle ear infection. Herein lies one of the most promising ways of prevention: the prompt and adequate treatment of all recognized or suspected "strep" infections.

With proper treatment of rheumatic fever, the heart may escape damage altogether or injury may be kept at a minimum. The patient, once having had a bout of rheumatic fever must be guarded against repeated "strep" infection because he is highly susceptible to other attacks of rheumatic fever and because with each his heart is likely to be damaged still more.

Part of the hope for control of rheumatic fever lies in living condition of known and potential sufferers. Often several members of one family are affected. How much heredity is to blame is unknown, but doctors think it is more probable that exposure of the victim to new "strep" infection brought home by his brothers and sisters is responsible for new attacks of rheumatic fever. Hence, they strongly recommend he be given a room of his own and isolated from others who may have "strep" infection.

Ever Thought of This?

... If you buy real estate without an abstract the chances are good that you will be required to furnish one when you sell or borrow money. It is customary for seller to furnish buyer with an abstract as he usually adds cost of same to the sale's price. So for many reasons all in your favor get an abstract and have it examined by your attorney when you buy real estate.

Earl Bender & Company

Eastland, (Abstracting since 1923) Texas

ficiency in their work. Seven winners of scholarships presented by various Texas firm and organizations will be announced during the meeting.

The Fort Worth Farm and Ranch Club, which is serving as official convention sponsor, will present a special \$300 scholarship to one of the outstanding Future Farmers.

Jimmy Dillon of Jones, La., national FFA president, will attend the convention and will be a speaker at the annual banquet.

New state officers, from which the state president will be chosen, are Raymond Hinders of Canyon, Derrel Rogers of Lamesa, Jon Hagler of LaGrange, Damon Campbell of Hamilton, Ardis Barnes of Commerce, Kenneth Reynolds of Pittsburg, Hugh Spring of Luling, Kenneth Richardson of LaPoye, Bobby Beathard of Kirbyville and John Posz of Alamo.

There are 36,000 Texas FFA boys from more than 800 Texas schools. Most schools are expected to be represented at the convention.
