

The Gay Philosopher

By J. W. B.

A RECENT EDITORIAL in the Star Record quotes from a Canadian (Texas) newspaper to the effect that a number of sure-fire ways to kill your home town. The editorial is interesting and we quote it, in part, as follows: "Don't pay your taxes. Let the fellow pay his and then you like a parasite on his money then fuss because the streets are not kept up. Never attend the meetings that are for the town. If you do, arrive late, have anything to say. Wait until you get outside and then are the ones who tried. Or, when you vote for everything and find nothing; then the next time find fault with everything that was done."

Get all the City will give you, don't give anything in return. No cooperation, but don't cooperate. Never accept an office. It is easier to criticize than to do things. Don't do any more than you have to, and when other people willingly and unselfishly give their time and ability to make a better town, howl because the town is run by a clique.

Look at every proposition in a selfish way. If you are not the one that gets the most out of it, be against it. Never consider that it will do for the town as a whole. Don't do anything for the youth of the town. Just forget that they are the leaders of tomorrow. Keep your feet on the ground. If you have good leaders, follow them. Don't work any committee. Don't say anything good about your town. Don't support your local business places. But if you need a station, ask them for it and howl and raise Cain if they don't see fit to donate. Expect them to back you, but don't back them."

IN READING OVER the few paragraphs above, we're especially proud of Cisco. It's a rare occasion when we run into someone who would do or say anything that might hurt our town. Having lived in a number of towns in the past 20 years, we can sincerely say that our people do better job of working together in any other place we've lived. And we can all be sure that our little city will always be a good town.

THERE WAS A fine crowd of members and guests at the Cisco Country Club last evening. There are games for everybody — a putting tournament, horse back pitching, and bridge and pasta for the women folks. They served home-made pies, iced tea and coffee. It was a splendid program and everybody present enjoyed same.

MR. R. J. Stevenson, the T&P Railroad man, handed us a list of several slogans that his company sends out from time to time. Some of them read as follows: "Habit is like a soft bed — easy to get into but hard to get out of. No man can help another without helping himself. A quitter never wins; and a winner never quits. There is no better exercise for the heart than reaching down and helping people up. It takes less time to do a thing right than to explain why it was wrong."

WE WAS AMUSED BY a news item in the papers the other day from North Dakota where President Eisenhower was being shown the Benson Dam by an Army Corps Engineers general in charge of the \$300 million dollar project. The dam, the world's largest rolled earth dam, was one of the largest projects started under the Eisenhower Democratic administration.

The general told the president that a large paper mache model of the dam was being sent to near states so the people can see their money is being spent. "Quick like, the president said: 'You ever stop to think that they find out, they may stop it some day?'"

Mr. and Mrs. Erwin Witt and children of Abilene are expected to arrive in Cisco for a week end visit with his parents, Mr. and Mrs. Max Witt.

Mr. and Mrs. Roy Burnam and daughter Kay of Lubbock arrived in Cisco Friday night for a week end visit with relatives.

RE AND THEFT PROTECTION Day For Safety Deposit Box. NATL in Cisco—Mr. F. D. L. C.

READY FOR DISASTERS

IN CASE OF EMERGENCY—At the New York Division of Safety's Rescue Training School in Albany, one class observes another class as the latter supposedly removes a victim from a demonstration tower, above. The school is geared to instruct key people in the state in what to do and how to do it in rescue

work—whether in an explosion or in the event of air attack. Alan Gosnay, of Astoria, shouts for slack on the line as a stretcher is lowered with a demonstration victim, top photo. Below, a member of a class stands apart from the rest of the group to check their working methods for a critique.

Robert O. White Accepts Position At Jacksboro Bank

Robert O. White, assistant cashier of the First National Bank in Cisco, reported Saturday that he has accepted a position as cashier of the Jacksboro National Bank at Jacksboro. Mr. White submitted his resignation from the local bank to be effective June 30 and will begin work at Jacksboro on July 6.

A native of Putnam, Mr. White has been on the First National Bank staff here for more than seven years. His parents are Mr. and Mrs. W. L. White of Putnam. Mr. White is a veteran of some three and half years of service with the U. S. Army during World War II, including a tour in the Pacific Theater. He has been active in civic affairs, and he and Mrs. White are active members of the First Methodist Church.

Mrs. White, a native of Stephenville, taught school at Putnam and was office secretary of the Cisco Chamber of Commerce for several years. They have two children.

President James P. McCracken of the First National Bank said, "Robert White has been a valuable official of our bank. Our reluctance to accept his resignation was made easier by the knowledge that his new connection represents a very substantial promotion — an opportunity that he couldn't very easily turn down."

TWO CISCOANS DIE AS TRAGEDY ENDS FAMILY VACATION PLANS

Two Cisco residents lost their lives in an automobile accident early Saturday which tragically ended a vacation trip to New Mexico.

Dead were Mrs. Minnie Boatman and her granddaughter, 12-year-old Elizabeth McGough, daughter of Mr. and Mrs. D. J. McGough.

It was estimated by Jones County officers who investigated the accident that the mishap occurred shortly after 6 a. m. Apparently there were no witnesses. The car was found by motorists who were driving along the highway.

Funeral arrangements had not been made Saturday afternoon, but reports were that the bodies would be brought to Cisco for services and burial.

Mr. McGough received serious injuries but was conscious Saturday morning and was able to tell something of the accident. He received a broken hip and other injuries. Reports were that other members of the party were seriously injured.

LAST INNING RALLY BREAKS UP LEGION BASEBALL PITCHER DUEL

A pitcher's duel between Don Greenhaw of the Cisco Indians and Sawyer of the Goldthwaite Golds was broken in the seventh inning of their game at ABC Field Friday night when the Golds put across four runs to win the conference contest 8-5.

Second Half Of Little League Schedule Given

The fifth and sixth innings went scoreless but in the top half of the final seventh the Golds combined a hit and a walk with two Indian miscues to bring four across the plate and bring the score to 8-3. In the final half inning the Indians started a rally that accounted for two runs before Sawyer put out the fire. Greenhaw pitched his best game of the year. He allowed four hits and struck out five batters. Sawyer allowed six hits and struck out 13.

Mass Schedule Given For Catholic Church

The new schedule of Mass for St. Rita's Catholic Church in Ranger, and the two missions of Eastland and Cisco have been announced as follows: Ranger, 7 a. m.; Eastland, 8:30 a. m. and Cisco, 10 a. m.

The daily schedule for Ranger will be announced at Mass Sunday in all three churches. Rev. Father Camille Boesmans will be in charge of the services.

In the party were Mr. and Mrs. D. J. McGough and their five children, Mrs. Boatman, mother of Mrs. McGough and Mrs. Lucille Jones and infant. Mrs. Jones is a sister-in-law of Mr. McGough.

It was estimated by Jones County officers who investigated the accident that the mishap occurred shortly after 6 a. m. Apparently there were no witnesses. The car was found by motorists who were driving along the highway.

Funeral arrangements had not been made Saturday afternoon, but reports were that the bodies would be brought to Cisco for services and burial.

Mr. McGough received serious injuries but was conscious Saturday morning and was able to tell something of the accident. He received a broken hip and other injuries. Reports were that other members of the party were seriously injured.

Insurance Film Shown Rotarians At Thursday Meet

A film on the history and the value of insurance was shown to Rotarians of the regular weekly meeting of the club at the Hotel Victor Coffee Shop Thursday.

The picture was shown by Rotarian Haywood Cobaness, chairman for the day. The film traced the history and growth of the insurance business from its origin some 5,000 years ago, and told of the part it had played in the growth and development of the world.

In other business at the meeting Albert Snider was welcomed into the club as a new member. Mr. Snider recently moved to Cisco from Lamesa to be connected with Thomas Funeral Home as mortician. He entered the club under that classification.

Visitors at the meeting included Rotarians C. R. Owens of Graham, Henry Rockwell of Houston and Marshall Moore of Abilene. Other visitors were Layden Stroud of Dallas, Mrs. W. W. Fewell and George Boyd of Cisco and Fred Hinchel of Dallas.

As a sidelight of the meeting Rotarian Tom Wilson gave a pop quiz, asking as his question, what two things Sunday, June 21, is famous for. C. W. Henry was the first to answer and was presented with a prize.

Youths Captured After Stolen Car Crash Near City

Two juveniles, who gave their ages as 14 and 15 years, were in the Eastland County jail Saturday morning after being apprehended here late Friday in a stolen car following an accident in the 1100 block of West 8th.

The two boys, who gave their home as Little Rock, Arkansas, were caught after the stolen car they were driving rammed the rear of a car driven by R. R. Robinson, of Cisco.

In investigating the accident, Cisco police discovered that the car the boys were driving had been stolen earlier Friday, in Weatherford. The owner was in Cisco Saturday to return his car, a 1951 Plymouth, to Weatherford.

After being questioned in Cisco the boys were turned over to Eastland County Sheriff Frank Tucker, who is holding them, awaiting the disposition of their case.

The Rev. R. Prange was expected to arrive in Cisco Saturday night for a visit in the home of his sister, Mrs. Max Witt and family. He will speak at the morning and evening services of Grace Lutheran Church.

Charles Lee Darr of Snyder is in Cisco to spend a week in the home of his aunt and uncle, Mr. and Mrs. W. L. Darr.

Funeral arrangements had not been made Saturday afternoon, but reports were that the bodies would be brought to Cisco for services and burial.

Mr. McGough received serious injuries but was conscious Saturday morning and was able to tell something of the accident. He received a broken hip and other injuries. Reports were that other members of the party were seriously injured.

City Ready To Install Large Water Pump At Lake Station

Swimming Pool News . . . AIR FORCE CAPTAIN DETOURS 300 MILES FOR VISIT AT LAKE

By W. P. KNIGHT
When an Air Force Captain and his wife drove more than 300 miles off their regular route to visit Lake Cisco swimming pool, the pool certainly must have something mighty interesting to offer. In fact, it must offer something that some people have not yet discovered.

A native of Denver, Colorado, 11th Airborne Division Captain and Mrs. A. E. Roberts of Fort Campbell, Kentucky were en route to Seattle for his assignment to the Far East. He read about Lake Cisco in the American Auto Association Yearbook (AAA) and he and Mrs. Roberts decided that they just had to see the lake and its nationally famous swimming pool with the concrete bottom.

Even though this meant a considerable detour off their route, this couple was not sorry they made the decision to visit Cisco. In fact, the captain said: "It's even better than we had expected — we would not have missed it for anything."

Lots of tire trouble occurred before the Air-Force officer finally arrived at the Lake. First came one tire puncture and then another just as the pool was reached. The pool phone brought W. R. Huestis, local garage operator, who came out and had the tires repaired. An air-conditioned room in town was located for the travelers after they swam in our spacious pool and did a little skating on the Lake rink.

When people who were raised in beautiful Colorado, and who just left the fine blue-grass country of Kentucky, go so far off their Kentucky, Denver, Seattle route to pay Lake Cisco a visit,

it seems to us that more people in the Cisco area ought to give more thought to visiting the Lake area, too. In our own back yard, we have what others drive miles to see, use and enjoy.

The Mid-Texas Presbytery, owners of the Cisco Presbyterian camp, will hold their Pioneer Camps from July 6 through July 18, Rev. D. A. Sharpe, Camp Director, and Sweetwater Presbyterian Church pastor, announced Saturday.

The first week of the first Pioneers will camp, to be followed by the second pioneers the second week. The Mid-Texas district includes the area bounded by Sweetwater, San Angelo and Fort Worth. Their Senior camp is scheduled at Cisco from July 20 through the 25th.

From July 28 through August First, the El Paso district will hold its annual Senior camp at Cisco.

Turn To Page Three

Residents Urged To Cut Water Use

Installation work will begin Monday to equip the Cisco Water System with a 1,600-gallon per minute pump at Lake Cisco, Mayor G. C. Rosenthal reported Saturday. A foundation for the pump had been completed and everything was ready for the huge machine to be installed.

The new pump was purchased recently by the city from the West Texas Utilities Company at a cost of approximately \$3,000. It will replace a pump that burned out several weeks ago after being used for nearly 30 years.

With the new pump, which is equipped with a 150-horsepower motor, the city will be able to keep its reservoirs in town full by operating about eight hours per day during periods when water demand is heaviest, Mr. Rosenthal said.

The new equipment will replace an old 900-gallon per minute pump that has been in use since the larger pump burned out. Most of the installation work will be handled by city workers under the direction of Water Superintendent John Rodden and a factory engineer.

Mr. Rosenthal reported that "we're using too much water." Although the supply at Lake Cisco is considered adequate for at least a year, Mr. Rosenthal noted that "too many people are wasting water in sprinkling lawns and shrubbery."

"If you must water, let's be careful and watch the water. By proper use, a little water will go a long way. For the most part, our people are practicing conservation and we appreciate their cooperation."

Mr. Rosenthal reported that the city now is using between three and four inches per week from Lake Cisco. The lake caught some six feet of water during a week of rainy weather in late May. Since that time, some two feet of the water from Lake Bernice has been drained into Lake Cisco.

Hunters Asked To Hold Up Inquiries

AUSTIN, June 20.—Mounting interest in the fall wildlife harvest, as indicated by letters of inquiry, caused the Executive Secretary of the Game and Fish Commission to announce that nothing will be decided until the July 17 meeting of the Commission in Houston.

He said recommendations then will be made on the waterfowl season and on possible shooting in the Panhandle, West of the Pecos and other areas over which the Commission has regulatory authority. The Executive Secretary noted that some Panhandle residents have requested a short open season on Chinese ring-necked pheasants as well as an antelope.

The Executive Secretary asked Texans to withhold their inquiries until after the July 17 meeting.

Waco And San Angelo Express Appreciation

City officials of Waco and San Angelo expressed appreciation to Ciscoans last week in letters addressed to Mayor G. C. Rosenthal for contributions sent to aid storm sufferers in the two areas. A fund raised here enabled Mr. Rosenthal to send \$336 to each city.

In addition to the check for \$336, other contributions went to the two cities through local churches and other organizations.

Mrs. S. B. Parks has returned to Cisco following a visit with her son, S. B. Parks, and family, in Breckenridge. Linda Lee Parks returned to Cisco with her grandmother to spend the weekend.

Misses Marie and Paulette Jones have returned to their home in Fort Worth after spending a week with their aunts, Mrs. W. W. Shirley and Mrs. W. L. Darr.

Cisco Hobby Club Summer Program Will Be Studied

Plans for the annual summer program of the Cisco Hobby Club will be discussed at a meeting of club leaders, workers and mothers of children interested in the work at 2 p. m. Monday at the high school, according to an announcement Saturday.

As in the past two years, the hobby club will offer instructions to children in basket weaving, wood burning, textile painting, metalcraft, Christmas card making, paper flowers of all kind, shellcraft, metal embossing for pictures and flower boxes, leather work, etching of metal and glass, and Dresden figurine painting and molding.

Plans call for the hobby club to begin its summer program around July 1, according to Mrs. J. V. Heyser, Sr., club adult leader. The club program will be open to area children without charges, and the only cost will be for materials used.

Mrs. Heyser invited high school economics girls to attend the Monday meeting. They will be offered supervisors' work in the summer program.

The hobby club is supported by the Cisco Community Chest and its funds are raised in the annual budget drive.

MYRICK IS NAMED PRESIDENT CISCO LOCKER PLANT COMPANY

A. Z. Myrick, prominent Cisco area dairyman and civil leader, has become president of the Cisco Locker Plant and will be active in the affairs of the company, according to an announcement Saturday.

As head of the operating company, Mr. Myrick will be responsible for the policies of the plant and will direct a program "to increase the plant's usefulness to the community it serves," the announcement said.

Mr. Myrick has lived in this area all his life and has played a prominent part in community affairs. He is president of the

Bible Will Open Highway Market

H. A. Bible, owner of Bible Orchards, has announced the opening of a wholesale and retail fruit stand at the west edge of the city limits on Highway 80.

Mr. Bible has erected a large shed on a two-acre tract he owns on highway 80. He plans to truck the peaches from his orchard to the shed for wholesale and retail distribution.

Plans call for the official opening at noon Monday, at which time he will have a supply of Fair's Beauty and Golden Jubilee peaches for sale.

The hobby club is supported by the Cisco Community Chest and its funds are raised in the annual budget drive.

Management of Water Can Make or Ruin a Garden

A Canvas Hose Leaking Through Its Mesh Acts as a Portable Irrigation Ditch.

The most important garden implement during the summer is the garden hose, and the most important task for the gardener is using it properly. Home gardens are grown in practice under irrigation and can be made immune from the effects of drought. Farm irrigation, which began in desert areas, is now spreading throughout the country, since it has been proved to provide profitable insurance against a lack of rain. In the garden the hose should be used to provide water when needed. Research workers generally agree that the amount of water required by gardens is one inch each week. Comparing these figures it would seem that in many sections normal rain should provide almost all the water gardens need, but this is not true. The reason is that rain does not fall with the regularity that garden plants require. When one heavy rain brings half the month's quota of moisture, as may happen, the effects on the garden may be disastrous. Instead of helpful. When so much water falls that the roots of plants are under water for long periods, plants may drown. Roots need air as much as moisture, and standing water excludes air. This is the reason soil should be porous, allowing water and air to enter it freely. When water floods soil briefly, the plants are not injured, and as water drains away, air enters. The roots are stimulated to grow in pursuit of the receding moisture, and they find new plant food in deeper soil at the same time.

Real Estate for Sale

- The best investment on earth is the earth itself. 61 acres with 3-room house, extra good land, near Scranton, 35 acres cultivated, Bal. pasture. Well, tank, barn, Elec. Half Minerals. HEALTH TALKS

Prepared by the Texas Medical Association

For sufferers of high blood pressure, medical science holds out new hope. The range of normal blood pressure is very indefinite, and what is considered normal for one patient may not be normal for another.

Surgery in some instances has been highly successful. One operation, barely past the experimental stage, has in a number of cases proved helpful. It consists of cutting out a large portion of the sympathetic nervous system, hence its name "sympathectomy."

In a few cases the removal of a deformed or diseased kidney will lower the blood pressure. The surgeon must determine in advance that the bad kidney is responsible for the high blood pressure, that the other kidney is normal, and that the patient can softly stand this radical operation.

Swimming --- (From page one)

Cisco. While the first El Paso Pioneers were here last week, a mother of two campers came to Cisco and stayed in one of the Victor Hotel's "naturally" air-conditioned rooms.

Cisco college girls home for the summer include Joan Bearman and Johanna Chapman, both of whom enjoy swimming in our big pool. Joan is usually the first swimmer every afternoon.

Among the Wednesday swimmers was Darlene Parmer, former Lobo Band Drum Major, and later Drum Major of the McMurry Indian band. Pfc. Jack Kisner, just from Camp LeJeune, N. C., where he says it is hotter than Cisco, was among the first to swim Wednesday.

A reluctant group of Presbyterian youngsters, and their counselors departed for El Paso and other far West Texas points Wednesday noon, after a very enjoyable week at the Presbyterian camp.

The Second Pioneer Camp of the El Paso Presbytery started Wednesday noon when approximately 33 boys and girls in the 13-14 age group arrived at the camp. Headed by Camp Director Rev. Henry Lazenby, associate pastor of the Big Spring Presbyterian Church, the new-comers had their first swim in the big lake pool with Senior Red-Cross Lifeguard Jim Little watching over them.

Both the First and Second Pioneer Camp directors and counselors were very happy about the reinforced concrete bottomed pool.

Under the leadership of Mr. and Mrs. R. D. McCrary, about twenty First Methodist young people held a swimming, skating and golf party at Lake Cisco Wednesday afternoon. They were the newly-formed "Workers For Christ" group, formerly taught by Roy Killingsworth, Junior High School principal who was a guest of this new aggregation.

Members and friends comprising this group were: Co-Sponsors Mr. and Mrs. R. D. McCrary, Special Guest Roy Killingsworth, and Arlene Bint, Linda Bennie, Verita Butler, Robert Cluck, Frank Ditmore, David Ewell, Kay Hailey, Emmalee Heltzel, Jan Lattson, Jeannette McCrary, Beverly and Roy Neil Killingsworth, Don McCrary, Johnny Turner, and Nina Jo Walton.

There are eight furlongs in a mile.

MRS. DAVID THOMAS KIESTER

Bettie Jo Starr Becomes Bride Of Abilene Man In June 19 Ceremony

Bettie Jo Starr, Abilene, daughter of Mr. and Mrs. Jesse Youngblood of Cisco, became the bride of David Thomas Kiester of Abilene, son of Mr. and Mrs. Carl F. Kiester of La Feria, in a double ring ceremony performed Friday afternoon, June 19, at 5:30 o'clock at the Central Presbyterian Church with the Rev. Frank D. Travis officiating.

The church was decorated with arrangements of white gladioli, carnations, and greenery with a white satin kneeling bench and two candelabra with white candles. Pews were marked with small baskets of white carnations and white streamers.

The bride, given in marriage by her father, wore a ballerina length dress of rose-beige taffeta with a cape of coffee lace fashioned with a scalloped edge, and Queen Anne Collar, and a peplum of coffee lace with scalloped edge. She wore coffee satin shoes and a sweetheart bonnet of lace and taffeta with pearls and a veil of beige tulle. She carried a white orchid surrounded with white carnations and tied with ribbon

A VARIATION—An unusual teammate for a straw hat is a skirt, a new beach fashion whimsy by Parisian designer Jacques Heim. Made of white, loose-woven, varnished straw, it can be worn with a black cotton playsuit, or a bathing suit, to attract its share of admiration.

Terry Cooper Given Party On Birthday

Terry Cooper, 3-year-old son of Mr. and Mrs. Kenneth Cooper, was honored at a birthday party at the family home at 4 p. m., Friday.

After a play hour, Terry opened a large number of presents. Refreshments of cake and punch were served to the visitors and favors were distributed.

Present for the party were Rickey Huffman, Randy Wood, Wesley and Bradley Johnson, Shirley and Sandra Page, Daryl Mc Laren, Barbara and Bobby White, Peggy, Tommy and Bobby Wyatt, Beverly Ruth Stacey, David Smith, Janice and Bill Hailey, Jerry Northcott, Diana Bradshaw, Sandra Blaine, Harriet Gurney, Julie and Janice Barnhill of Washington, D. C., and Terry and Donna Cooper.

Coke Party Honors Mary Ann Henderson

Miss Olga Faye Foard was hostess at a coke party at her home Friday honoring her niece Mary Ann Henderson of Eastland, bride elect of Arthur Gallagher of Cisco. The hours of the party were from 5 to 6 p. m.

Refreshments of drinks, cookies, nuts and mints were served to the honoree and Ann Day, Jane Myrick, Zena Grissom, and Patsy Simpson, all of Eastland, Aileen Clark and Barbara Cousins of Cisco, the hostess, and Mrs. E. Ford, grandmother of the honoree.

The hostess presented the honoree with a gift.

Slumber Party Held

Members of the Cisco chapter of Future Homemakers of America met Friday night in the home-making laboratory for a slumber party.

The party climaxed the weeks Play School sponsored by Home-making girls who are taking Summer projects.

The recreation was planned and carried out by Melba Ray Harrelson, assisted by Catherine James.

Attending the party were Mary Lou Smith, Martha Eudy, Catherine James, Melba Ray Harrelson and Mrs. Jamie Smith, sponsor.

GREEN THUMB GARB—French designer Andre Ours combines beauty and utility in these trousered gardening costumes. Cut for freedom of movement, the colorful smocks are worn over slim slacks and sturdy boots. The buttoned, belted model at left is done in violet gabardine; the other one achieves contrast with shades of grey gabardine.

HOLY DAY FESTIVAL—The annual Corpus Christi Day festival in Hallstatt, Austria, held in celebration of the Lord's Supper, takes the form of a colorful procession of flower-decked boats on the Alpine Hallstatt Lake. Thousands of tourists flocked to this and other nearby provinces to celebrate the holy occasion.

ENDING THINGS UP—That turban-like headgear which Sgt. William Sorwan, of the Pathan Regiment from Pakistan, is winding around his head in London is called a Pugree. A mirror, a path and a pair of willing arms—and the job's done in no time. The sergeant was in London with other servicemen who took part in the recent Coronation festivities.

Vets Questions And Answers

Q — May I take institutional on farm training under the Korean GI Bill on a part-time basis? I want to get a job in a factory in a nearby town the rest of the time.

A — Under the law, institutional on-farm training must occupy your full time.

Q — I was totally disabled in an automobile accident over six months ago, and my National Service Life Insurance premiums are under waiver. I have a permanent plan policy. Will my policy continue to build up guaranteed values, like it did while I was paying my own premiums?

A — Yes. A permanent plan policy under waiver of premiums provides increasing guaranteed values — including the loan privilege and the right to dividends — just as though you were paying premiums.

Q — I'm getting a VA pension for a total and permanent disability, and I live in a house that I received through an inheritance. If I sell the house, how much of the proceeds must be considered as income, in figuring whether I come under the income limitations for a pension?

A — In the case of a house that came into your possession through inheritance, all the proceeds will be considered as income, for pension purposes.

Q — I was released from service in July, 1952. By what date must I start training under the Korean GI Bill?

A — Veterans such as yourself, released from service before August 20, 1952, must begin their training under the Korean GI Bill by August 20, 1954. Those released after August 20, 1952, have two years from date of separation in which to begin.

IT'S THE LAW in Texas
A public relations feature of the State Bar of Texas

A lawyer can be of considerable assistance in advising a client how to bequeath his estate so as to take care of his loved ones and at the same time to effect maximum savings in estate taxes.

To illustrate, suppose John Doe and his wife have amassed community property worth \$200,000. John wants his wife to be well taken care of during her lifetime. To save an attorney's fee he writes his own will leaving everything to his wife. He dies soon thereafter and his wife dies six years later. The federal estate taxes on his one-half of the \$200,000 estate amount to \$4,800.

When the wife dies her estate is worth her original one-half of \$200,000 (\$100,000) plus the estate she inherited from her husband, \$95,200. The federal estate tax on her estate, enhanced by what her husband had left her, is \$31,200. If instead of leaving the property to his wife he had left her the remainder to go to their children upon her death, her taxable estate would have been only \$100,000. The federal estate tax thereon would have been \$4,800.

There would have been a tax saving of \$26,000 (\$31,200 less \$4,800), the tax on her \$100,000 estate. Yet the wife, during her lifetime, would have been well provided for. She would have had \$100,000 (her half of the community estate) plus the income from her husband's half of the community (\$100,000 less estate tax thereon of \$4,800).

Many a man has worked hard and lived frugally all his life in an attempt to provide for his loved ones long corridors of security stretching far into the future but has cheated them of the full benefits of his efforts by failing to plan properly. Perhaps he has failed to make a will. Maybe he has undertaken to write his own will with the result that it fails to take into account contingencies that did not occur to him, or he has prepared a will that is so artlessly drawn that those he loved most became involved in bitter lawsuits. Such legal controversies over estates are wasteful and often leave scars that rankle for years.

Ever Thought of This?

... If you buy real estate without an abstract the chances are good that you will be required to furnish one when you sell or borrow money. It is customary for seller to furnish the sale's price. So for many reasons all in your favor get an abstract and have it examined by your attorney when you buy real estate.

Earl Bender & Company
Eastland, (Abstracting since 1923) Texas

There's only one answer...

Chevrolet trucks must be the best buy!

CHEVROLET

Fleet operators, farmers, independent truckers—truck users everywhere—buy more Chevrolets than any other make. There can be only one reason for that: Chevrolet trucks offer more of what you want.

As the official registration figures keep rolling in, they keep telling the same positive story about truck popularity and truck value: Again in 1953, for the twelfth straight production year, truck buyers show a clear-cut and decisive preference for Chevrolet trucks. If you're a truck user, this fact is mighty important to you. Why? Well, as you know, trucks are built and bought for just one reason—to do a job. So isn't it logical that since Chevrolet trucks outsell all others, they must do a better job at lower cost? That's why it will pay you to stop in and see us before you buy your next truck.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!
