That gives you an idea of how we've been breaking records in our efforts to meet the demand for farm telephones. Already there are six times as many Southwestern Bell rural telephones in Texas as there were just seven years ago. . . . If you buy real estate without an abstract the chances are good that you will be required to furnish one when you sell or borrow money. It is customary for seller to furnish buyer with an abstract as he usually adds cost of same to the sale's price. #### Party Pretty Angel Cake

For the many summer occasions when you'll want to serve a cool, light, picture-pretty dessert with an iced beverage, angel food cake is the perfect starting point. And such desserts are easy, too, when you start with an un-iced, packaged angel food cake from your grocer's ready-to-eat cake department. These cakes, are made from cook book recipes, like your own, and are light and tender, and delicately flavored.

A pretty way to use an un-iced angel cake is to split the cake horizontally into three layers, and put the layers back together again with a chocolate filling. The cake is iced just before serving with flavored whipped cream. Your guests will love it.

Angel Cake Supreme

Angel Cake Supreme

Stir into the cooled cocoa mixture. Cut cake into three horizontal slices. Spread filling between layers. Chill 10 to 12 hours. Frost with flavored whipped cream. Serves eight.
