The Gay Philosopher

By J. W. S.

THERE WAS SOME midnight oil burned around The Press office Thursday and Friday nights so the people who visit the new Children's Zoo at Fort Worth's Forrest Park could have a souvenir color book for July the Fourth. And there's an interesting story back of it all.

It all started several weeks ago when we dropped in at the office of an old friend — Mr. Charles T. Freelove — who operates the Consolidated Architects and Engineers in Fort Worth. Charlie was busy as the architect for the new children's zoo.

In order to show his draftsmen and supervisors how he wanted the children's zoo to look, Charlie was making some drawings of scenes out of Mother Goose Land — like The Three Little Pigs, old Hickory Dickory Dock, the Wishing Well and the like.

While he was doing the drawings, Charlie decided that a book of the scenes would be interesting for the youngsters. So did we. A bit of figuring and checking and talking ended up with the Park Board authorizing The Press to take Charlie's drawing and print a book.

We sent the drawings off to an engraver. He didn't finish by deadline time. So, we got busy on the telephone. The result was that Charlie, who owns and flies his own Beechcraft Bonanza airplane to keep up with his far-flung architect business, hopped into his plane and flew off to pick up the engravings. He "buzzed" our office at 4 p. m. Thursday. We drove out to the airport, picked up the engravings and turned them over to Mr. E. A. Boone of our job printing department.

Mr. Boone went to work and finished the job late Friday night. We drove the books into Fort Worth early Saturday so the kiddies could have souvenir booklets of their visit to Forest Park's new zoo for youngsters. If you visit the zoo and look at the Mother Goose scenes and characters, you can say: "Their souvenir booklets were printed in Cisco."

Charlie Freelove, who was accompanied on the plane trip here by Travis Young, who recently retired as a manager of the Fort Worth Zoo and Park Commission, has done a swell job with the junior size zoo and he's winning a lot of fine applause from those who visit it.

IT HAS BEEN a month now since the handsome Boxer dog departed from his house in the backyard of the home of Dr. and Mrs. E. E. Addy, Jr. He's a man-dog, aged nearly two years, fawn colored with a droopy ear. Mrs. Addy tells us that they'll pay a substantial reward for the return of their dog. They would even like information as to what might have happened to him. Let's all try to help find their pet.

WE HOPE TO begin receiving some travel stories soon from Mrs. Minnie L. Hill, teacher at Cisco Junior College. Accompanied by Mr. and Mrs. R. F. Smith to Fort Worth, Mrs. Hill boarded a plane at Amon Carter Field Friday afternoon for New York City.

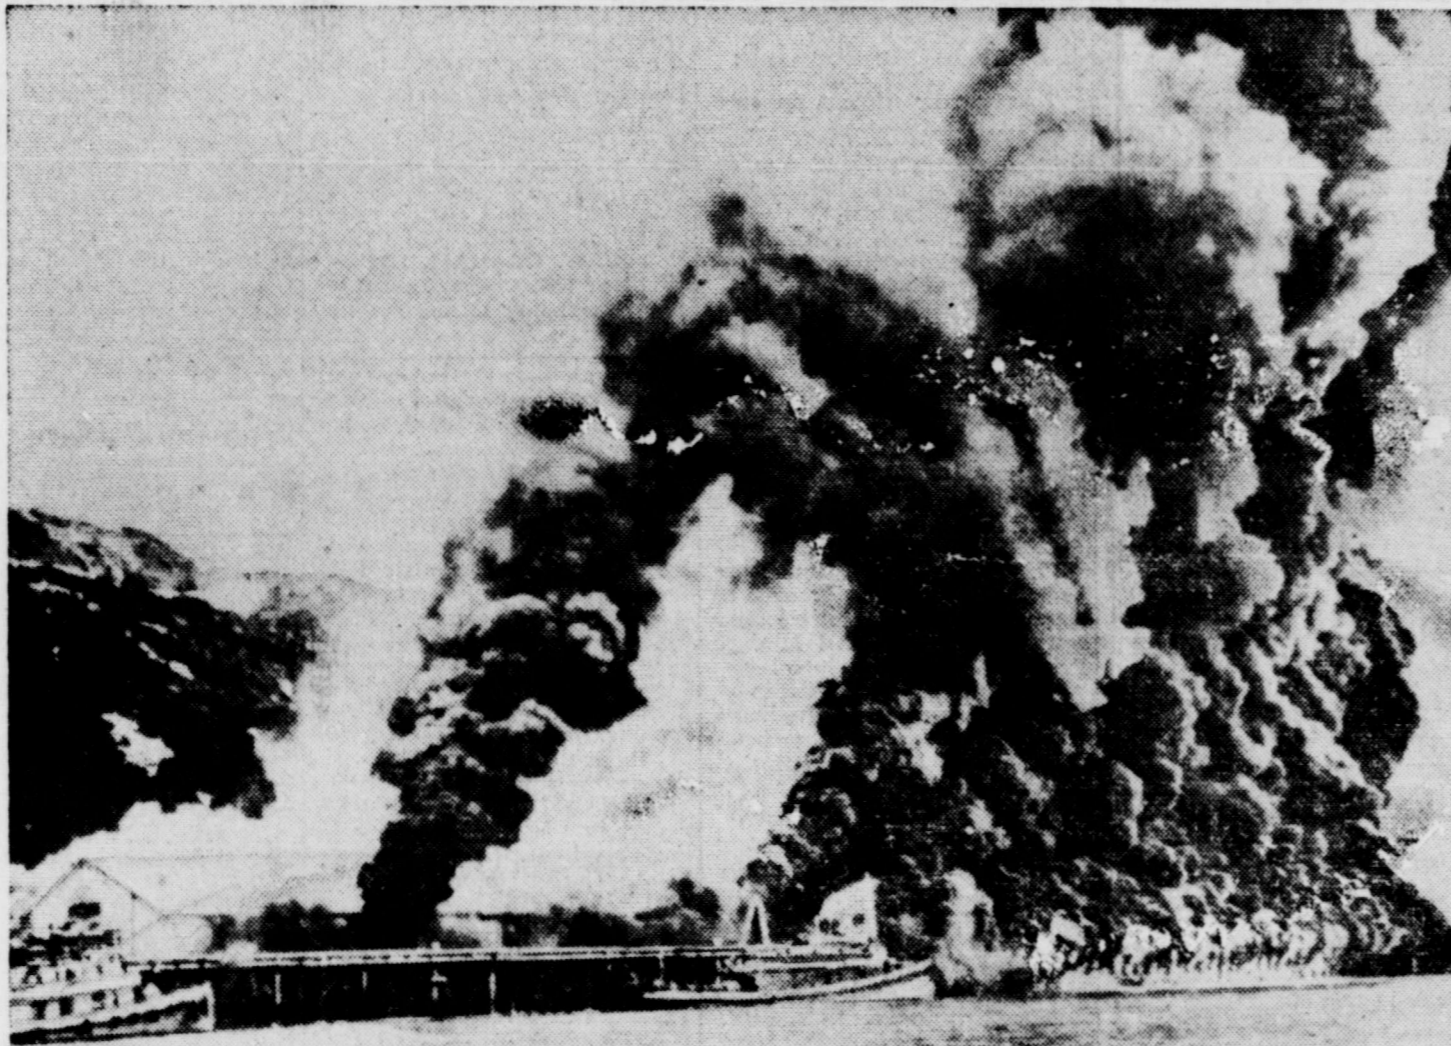

Mrs. Hill's schedule calls for her to leave New York by plane Sunday, July 5, for a two month trip to England, Belgium, France, Switzerland, Italy, Egypt, Trans-Jordan, Israel, Syria, Lebanon, Turkey and Greece.

Her plans include attending the Hebrew University in Israel with lectures and seminars on Biblical archeology and comparative religions. She'll make excursions to the Jewish settlements and Arab villages to meet with Elders and learn of the achievements of the new state. Mrs. Hill also will make a study of the sheltering centers of recent immigrants from Asia, Africa and Eastern Europe.

At Athens, Greece, Mrs. Hill will attend a two weeks seminar to study problems of economic and social advance and the organization of the modern state. She'll meet with government and civic leaders for lectures and discussions, and will view the present day excavations at Corinth.

Mrs. Hill expects to make color

TRAGEDY IN SMOKE—As huge, billowing clouds of smoke and lashing flame destroyed dock and port installations in Whittier, Alaska, approximately 20 million dollars of damage was inflicted. Forty-five servicemen escaped serious injury from the fierce flames by leaping from the pier to the deck of an Army tug.

Mrs. Langston Is Laid To Rest Service Thursday

Final rites for Mrs. J. F. Langston, 90 year old pioneer Cisco resident, were held at 5 p. m. Thursday at Thomas Chapel with the Rev. F. C. Bradley, pastor of the East Cisco Baptist Church officiating.

Mrs. Langston died at 3:15 a. m. Wednesday following a long illness. She had been confined to her room since breaking her hip in a fall in December, 1949. She was born in Rusk County on September 18, 1862, and came to Cisco in 1891. She was married to the late J. H. Langston on February 6, 1881. Mr. Langston died in 1906.

In her 62 years in Cisco Mrs. Langston had seen the town grow from 800 people to its present size. She was living here when the tornado blew the town away more than 60 years ago.

She was a member of the First Baptist Church and had been active in the work of the church until her accident. Survivors are two sons, G. B. Langston of Cisco and D. L. Langston of Fort Worth; two grandchildren, Frank Langston and Mrs. C. R. Cogswell of Dallas and three great-grandchildren. Burial was in Oakwood Cemetery with Thomas Funeral Home in charge of the arrangements. Pallbearers were F. E. Shepard, E. J. Poe, O. J. Tillinghast, and J. M. Wilson, all of Cisco, and Morton Freeman of Moran and Neal Moore of Eastland.

DEEN ELECTED PRESIDENT OF COMMUNITY CHEST FOR YEAR

J. R. Deen, Humble Pipe Line Company employee, was named president of the board of directors for the 1954 Community Chest drive at a meeting of the board Monday night. He succeeds the Rev. Leslie Seymour who headed the agency for two years.

Deen will be in charge of the task of coordinating the work of the committees set up for conducting the drive, and with the administration of all phases of Community Chest work in Cisco.

It was pointed out that the coming drive was the third for Cisco in which one concerted effort was made to raise funds for most of the agencies making public appeals for funds. Officials said

Ball Teams Will Be Organized For Cisco Area Girls

Plans for organizing two girls baseball teams in connection with the ABC Club's Summer play program were announced by club officials Saturday.

All girls interested in playing regular baseball or softball were asked to be at the gymnasium at 9 a. m. Monday so that the teams might begin play. The two teams will play at the ABC Club field. Plans call for the two teams to play night games along with Little League teams during the month of July and during August. Supervisors will be on hand to direct the play and organize the teams.

All boys and girls who are not enrolled in the play program were invited to meet at the gym Monday morning to have a part in the program. A well rounded program of play is planned for the morning hours.

Callahan Wheat Harvest Is Over

The Callahan County Farmer's Co-Operatives, Inc. reported that its two elevators had purchased some 1,200,000 pounds of wheat during the harvest season which has been completed recently.

The mill located at Baird purchased 900,000 pounds of the grain while the one at Clyde bought 300,000 pounds.

An average of \$1.90 per bushel was paid for the grain. It was estimated that Callahan County farmers realized some \$38,000 for the 1953 crop.

The wheat was shipped to processing plants and storage places in San Antonio and Houston.

Rev. Davis To Speak At Brotherhood Meet

The Rev. B. L. Davis of Brooksmith will speak to the Brotherhood of the East Cisco Baptist Church at the regular meeting Monday, July 6, at 8 p. m.

The Rev. F. C. Bradley, Jr., pastor of the church, said that Rev. Davis was an inspirational speaker, and urged all members to attend the meeting to hear the message.

The public was invited to join the members in the meeting.

Interest Is Good In Pentecostal Church Revival

The best meeting in the history of the church, was the way members of the Pentecostal Church on West 17th Street described the revival meeting now in progress.

Mrs. Frona Blackwell is conducting the meeting at the request of the members. Mr. and Mrs. Blackwell are celebrating their 20th anniversary with the congregation. Mr. and Mrs. J. M. Jams of Ranger are in charge of the music and song service.

A large number of additions to the church have resulted from the meeting, it was reported.

A decision as to the continuing of the meeting for another week was to be made in time for announcement to the congregation Sunday, Rev. Blackwell reported. She expressed the appreciation of herself and Mr. Blackwell for the fine response of the public, and to the members for their cooperation.

TERRACES ARE IMPORTANT FOR LAND CONSERVATION AND GRASS

Eastland County farmers have long recognized terraces as an important soil conservation practice, but properly protected terrace outlets are important, too, as water from terraces cannot be suspended in mid air, according to Soil Conservation Service technicians.

On the average, Eastland County gets about 28 inches of rain each year. That's not too much. Most farmers would like to have more. Some of that 28 inches, however, has a habit of coming in storms. It falls faster than the soil can soak it up. On sloping land, water that the land cannot absorb must run off. Often it does very little good and sometimes does great damage.

The conservation farmer knows that proper terrace outlets are a vital part of his conservation program. He will agree that the safe disposal of run-off water is the keystone of a good conservation plan.

The conservation farmer knows that the terrace water can be made to run off harmlessly — that it can be made to do good instead of harm.

How often have you heard farmers make this statement "I sure wish I had more pasture. If I could run a few more livestock I wouldn't have to row crop so much."

The farm waterway is a mighty good place to grow a few more acres of grass — the best grass on the place. Spread the water from the terrace outlets out over the waterway. Put the extra water to work. It will grow

Funeral Service Is Held Thursday For Postal Clerk

Funeral services for J. D. Hall, 57 year old postal clerk in the Cisco post office, were held at 4 p. m. Thursday at the East Cisco Baptist Church. The Rev. F. C. Bradley, pastor, was in charge of the services. He was assisted by the Rev. I. W. Lawrence of Newcastle.

Mr. Hall died in an Abilene hospital Tuesday night after an illness of more than a year. He was born in Freness County, Tennessee on November 25, 1895. In 1916 he was married to Miss Alma Lee Schmitz in Chillicothe. In 1921 Mr. and Mrs. Hall moved to Cisco where he went to work as postal clerk.

He was an active member of the East Cisco Baptist Church, and was a member of the board of deacons. For a number of years he served the church as superintendent of Sunday School.

Survivors are his wife of Cisco; a son, Joe B. Hall of Colorado City, a daughter, Mrs. Larkin Akers of Waco; two brothers, W. T. Hall of Springtown and J. W. Hall of Millsaps; a sister, Mrs. Maggie Taylor of Clark Range, Tennessee and four grandchildren.

Burial was in Oakwood Cemetery with Thomas Funeral Home in charge of the arrangements.

Pallbearers were Don Rupe, Carlton Holder, C. R. Hightower, Omar Fenley and J. O. Warren, all of Cisco, and L. E. Blanks of Abilene.

grass. That's one way of turning a loss into a profit. It is an important step toward putting each acre to its best use.

Eastland County farmers and ranchers studied modern grass planting in two meetings last week. The meetings were conducted under the direction of the county agent and Upper Leon Soil Conservation technicians.

Funds Approved For Dormitory At Abilene College

ABILENE, July 3.—In his last official act for Hardin-Simmons University as its president, Dr. Rupert N. Richardson, announced the approval of a Federal Housing and Home Finance Agency loan of \$386,500 for construction of a new dormitory for women for H-SU.

Dr. Richardson is being succeeded as president of the university by Dr. Evan Allard Reiff, former president of Sioux Falls (North Dakota) College.

The new dorm, to be constructed on the campus at the corner of Cedar and University Blvd., will face the women's dormitory recently completed across the boulevard and will be of the same design and construction. It will house 140 women.

Announcement of the loan approval was given H-SU officials by Rep. Omar Burleson, who assisted with the application for the loan.

University officials will announce dates for acceptance of bids for the construction in the near future. Acceptance of bids is expected sometime after August 15 with completion dates set for September, 1954, Frank Junell, vice-president, said.

The loan secured is of the same type as the FH&HF loan granted earlier for the construction of a dormitory for men and the repair of Ferguson Hall.

A parkway is to be constructed between the two dorms on University Blvd.

Housing capacity for women on the campus will be increased to 529 by the addition of the new building.

Annual Outing Is To Open Tuesday

More than 200 club boys, their county agents and local leaders are expected to attend the annual Six-County 4-H Club Camp at Lake Cisco Park on Tuesday and Wednesday, July 7 and 8, according to an announcement Saturday by County Agent J. M. Cooper of Eastland County.

The 4-H Club boys will be in attendance from Eastland, Callahan, Palo Pinto, Stephens, Shackelford and Jones Counties, Mr. Cooper said. The Lake Cisco camp has been an annual event for the club boys of the six counties for the last several years.

Byran Swain of Breckenridge, county agent of Stephens County, will serve as camp chairman. Other agents who will head delegations include Glen Green, Baird; Bill Lemberg, Anson; W. C. Vines, Albany; Mr. Cooper and Bob Williams, Eastland, and Ralph Lindsey, Palo Pinto.

Mr. and Mrs. Floyd McBeeth of the Mangum community, south of Eastland, will serve as camp cooks. The boys will bring most of their food from home. They pay a camp fee which includes swims and food items, paper plates and miscellaneous charges.

Mr. Cooper described the camp as recreational in nature, with baseball games, swimming, horse-shoes, washers and other games. The games and activities will be competitive with ribbons awarded to the winning individuals and teams.

The camp began as a three-county affair over ten years ago, and other counties were invited to bring their boys until the camp has grown to its present size. It is a popular camp with the boys because of the excellent swimming pool and park facilities, Mr. Cooper said.

The boys will spend Tuesday night in the park, and a night program is being arranged. A number of Cisco business and civic leaders have been invited to visit the camp, Mr. Cooper said.

The camp will open at 10 a. m. Tuesday and close at 2:30 p. m. Wednesday. The cost of the camp is \$1.75 per person, and boys between the ages of 9 and 21 are eligible to attend.

Each boy has been requested to bring the following: sack lunch for first noon meal, bed roll, bathing suit and towel, toilet articles, 1-4 pound or bacon, 3 or 4 small potatoes, 4 eggs, 1 onion, 1 small package of cookies, 1 small loaf of bread, 1 small jar of pickles.

Farm Groups Are Asked Advice In Gov't Program

WACO, July 3. — Secretary of Agriculture Ezra Taft Benson has turned to the American Farm Bureau Federation and the two other general farm organizations to tell him what kind of programs American farmers want, according to J. Walter Hammond, president of the Texas Farm Bureau.

Recognition of the major role of farm organizations in policy development was the keynote of a letter in which the Secretary requested the Farm Bureau to discuss five "Paramount agricultural issues of today" and give his Department "the consensus of ideas and suggestions resulting from these discussions."
The five major problems which Benson asked to be discussed are:
1. Farm Income Stability and Improvement.
2. Production and Marketing Adjustments.
3. Conservation and Improvement of Farm Resources.
4. Capital Needs of Agriculture.
5. Trade or Aid.

Carlene Pence, Bob Powelson Wed On Friday

Miss Carlene Pence, daughter of Mr. and Mrs. Carl Pence of Cisco, became the bride of Bob Powelson, son of Mr. and Mrs. H. A. Powelson, of Carrizozo, New Mexico, in a double ring ceremony performed at the First Baptist Church Friday evening, July 3, at seven o'clock with the Rev. F. C. Bradley officiating.

An arrangement of red and white flowers and greenery was placed at the center of the altar. Miss Rhelda Reed played several selections at the piano and accompanied Miss Ruth Beatty who sang "Because of You."

The bride, given in marriage by her father, wore a ballerina length dress of white lace over satin fashioned with a full skirt. The bodice had a Peter Pan collar and buttoned down the front with rhinestone buttons. She carried a white Bible topped with red roses. For something old she wore a rhinestone necklace; for something new, her dress; something borrowed, the Bible; and something blue, a garter. She had a penny in her shoe.

Miss Patsy King of Cisco was maid of honor. She wore a blue and white organdy dress of ballerina length with blue accessories. She carried a cascade bouquet of blue lace carnations. Bill Greenhaw of Amarillo served the groom as best man.

A reception was held following the ceremony at the home of the bride's parents. The serving table was laid with a white cloth and held a centerpiece of red and white flowers, chosen colors of the bride. Mrs. Roy Huffmyer and Mrs. Walton Baum ladeled the punch and served the three tier wedding cake and Mrs. Doris Greenhaw, sister of the bride, presided at the bride's book.

For traveling, the bride chose a light blue tailored dress with black accessories and a corsage of red roses.

The bride is a graduate of Cisco High School and Cisco Junior College and has been employed by the E. P. Crawford Agency. The groom is a graduate of Carrizozo High School and attended Cisco Junior College before entering the service.

SEALED UP—During a ceremony marking Ohio's Sesqui-Centennial in Sandusky, this swimsuit was sealed away for 50 years in a time capsule on the courthouse lawn. Done in black cotton-broadcloth, the suit has bold black and white stripes lining the apron-overskirt and peeking through the bodice for an unusual effect.

Mesdames W. R. Huestis, H. H. Davis, Dick Lauderdale, H. R. Garrett, Ray Griffin, and Sidney Spain, and Misses Marie Winston, Lavelle Cagle, and Patsy Nance.

The W. S. C. S. of the First Methodist Church will meet Tuesday afternoon at the church at two o'clock for their regular business meeting.

Ceremony Unites Wylleene Bint And Gerald Davis

On Friday evening, July 3, at seven o'clock, Miss Wylleene Bint, daughter of Mr. and Mrs. A. E. Bint of Houston, became the bride of Gerald Martin Davis, son of Mr. and Mrs. S. A. Davis of Cisco, in a double ring ceremony performed by the Rev. Jim Hicks at the Corinth Baptist Church.

The church was decorated with white gladiolus and palm plants on either side of the altar.

The bride, given in marriage by her father, wore a waitz length gown of white embroidered organdy with a V neckline and full skirt over a satin gown. Her shoulder length veil was attached to a white lace hat with seeded pearls. Her shoes were of white mesh and she carried an arrangement of white carnations on a white Bible. For something old she wore a string of pearls belonging to her grandmother, Mrs. Arch Bint; for something new was the bride's gown; something borrowed, a lace handkerchief belonging to Mrs. Carlile, grandmother of the groom; something blue, a garter. She had a penny in her shoe.

Miss Geneva Bint was the bride's only attendant. She wore a pink linen sheath with organdy overskirt, pink hat, black accessories, and a shoulder corsage of white carnations. Jimmy Webb served the groom as best man and James E. Agnew and Waddell Rains were ushers.

The wedding music was played by Mrs. James Agnew, cousin of the bride, who also accompanied Yvonia Davis, sister of the groom, as she sang "Always."

For traveling the bride chose a navy blue linen dress suit with red accessories. Following a short wedding trip to Houston, the couple will be at home in Fort Sill, Oklahoma.
