The Gay Philosopher

By J. W. S.

THIS IS TO endorse a project of the community affairs committee of the Cisco Chamber of Commerce. The committee—Rev. W. Seymour, chairman—has drawn up petitions to the Office Department to place a letter drop box at the Union station here.

There are two petitions now signed by interested citizens. If you'd like to sign one of them, drop by the Chamber of Commerce or the First National Bank.

The letter drop box at the Union station is desirable because the Post Office closes at 7 p. m. and no more mail can go out until the next morning. By placing a letter drop box at the station, you can mail a letter there when the night trains come through after midnight. The railroad clerks pick up any mail in the letter drop box.

Understand the railway mail carriers are employees of the U. S. Office and not of the railroad companies.

The CoC committee undertook this proposition at the request of a number of salesmen who live in the parts. It is important that the letters get out at night so they will be in the home offices the next day.

Many cities have the letter boxes at their depots, and it is not difficult to get one. Understand the petitions go to the postmaster who forwards them to Washington where approval is almost automatic.

AN INTO Postmaster Jim Porcari today. And he reports he is liking his new job fine. He is kind of different after he has been many years as a salesman. He is enjoying the change. The local post office ended its year on June 30 in good shape. They had a little gain over the year and maintained their class standing in good condition.

THE FOLKS OUT at the Cisco Chamber Club will hold a game program at 7:30 p. m. Friday. All members were asked to bring guests for the evening. Refreshments will be served.

BACK HOME FROM an extended visit with her daughter, Mrs. Grady Laws, she is enjoying seeing all the sights at the home of her son-in-law. Mrs. Laws is posted on how hot it is in Texas. Mrs. Laws feels fine and expects to be ready to resume her teaching position in the fall.

NEW FARM owner is Miss Winston, the local teacher. She purchased an 88-acre farm on Nimrod way the other day. The place has 78 acres in cultivation. Banker Paul Farrow is maintaining this week. . . . And Bob Elliott is vacationing in his job at the West Texas Utilities Company. . . . The X-Ray Shop was closed for a day last week while the building received a new paint and paper. They also have a new floor covering. . . . The Walton Electric company is receiving a new front face-lifting project at their building.

DR. C. E. PAUL let us see a letter he received from his brother who operates the Green Roof at Hackensack, Minnesota. The paragraph in his letter that interested us follows:

"We are still plagued with tremendously high water in our lake well as throughout the state. Churches are dedicating their services in praying for a prolonged drought which will allow lake levels to resume a reasonable normal. Our prayers have been answered as we have had no rain for three or four days. We would be duly thankful if the manner could be devised whereby Lake Cisco could take five billion gallons off of our lake."

Guess they've got a real problem. But we can't imagine anything having too much rain.

A dog's tongue is the only part of its anatomy that can perspire.

Manx cats have no tails.

NEW AUTO BANK LOAN RATE 10% per month. \$100 per installment. Monthly \$10. In Cisco—Mr. F. D. L. G.

Fall Membership Dinner Discussed By C of C Leaders

Plans for a fall membership banquet were discussed Tuesday at a meeting of the board of directors of the Cisco Chamber of Commerce, President E. L. Jackson reported today. Details of the event will be announced in the near future.

The directorate continued its study of a work program. Committees made reports on recent activities, including a luncheon given by the highway committee in honor of area highway department officials. Industrial matters were discussed.

ABC Club Plans To Enter Track Team In Junior Contests

The Cisco ABC Club will enter a boys and girls track and field team in the second annual Abilene Regional Junior Olympics Track and Field Meet to be held July 27-28 at McMurry Stadium, according to a report by Jay Williams and V. C. (Buck) Overall, club play supervisors.

All boys and girls from 10 through 17 years of age who desire to participate in the meet were asked to meet with Williams and Overall at the community gym at 9 a. m. Friday or Monday. Practice will be held during the few days prior to the meet.

Events have been arranged for both boys and girls in the following age groups: 10 and 11 years, 12 and 13 years, 14 and 15 years and 16 and 17 years.

The smaller boys and girls will enter three events including the 50-yard dash, 200-yard shuttle relay and standing broad jump.

The 12 and 13 year old boys will enter events a little harder. Each age group will have added events and the oldest group will participate in a well rounded program of track and field contests.

Benji Lipsey, David Ewell, Tommy Reynolds and Ronnie Qualls have indicated a desire to enter some of the events, and others were expected to sign up before the week is gone.

Mr. Williams and Mr. Overall will furnish additional information on the program if contacted at their home or at the gym each day.

T&P Cuts Freight Charges On Feed To Drought Area

DALLAS, July 16. — The Texas and Pacific Railway Company has cut its freight charges "half in two" on livestock feed to help provide relief for drought-stricken areas of Texas which are served by the railroad.

Cooperating with the government's drought relief program, T&P has joined with other western railroads in a 50 percent reduction in rates on livestock feed to the stricken southwestern region.

The reduced rates apply for points in western territories of the nation to areas not only in Texas, but also in Colorado, Kansas, Oklahoma and New Mexico which have been designated as "drought stricken areas" by the U. S. Department of Agriculture.

They are effective on government billings or billings approved by the government.

Commodities to which the lowered rates apply are corn, bran, oats, hay, wheat (fit only for feed), soy bean cake and meal, cotton seed and oil cake, and meal and pellets.

The railroads have voluntarily made this reduction in rates on livestock feed in an effort to help relieve the farmers and ranchers in the stricken areas. Although operating on a narrow margin of profit, the railroad industry is the only transportation agency to make this freight rate reduction.

ROBERT SIDNEY ANDERSON Mr. and Mrs. Bob Anderson of Dallas are the parents of a son, Robert Sidney Anderson, Jr., born in Dallas hospital Saturday, July 11. He weighed seven and a fourth pounds. Mr. and Mrs. J. T. Anderson of Cisco are the paternal grand parents. They were in Dallas when their grandchild was born. His two and a half year old sister, Patricia, returned to Cisco with her grand parents.

SEAMAN BILL SWABS THE DECK

ABOARD USS WINCONSIN, AT SEA, July 15. — Midshipman William S. (Bill) Mitcham, Jr., uses the Navy's old custom of holystoning the deck as part of his training during the annual midshipman training cruise. A sophomore at Rice Institute, Midshipman Mitcham is the son of Mr. and Mrs. William S. Mitcham of 406 Avenue I, Cisco, Texas.

Shipboard training for the future officers includes practice instruction in seamanship, navigation, gunnery, engineering and communications.

The Wisconsin visited Rio de Janeiro, Brazil, June 27 to July 5, and is now on her way to Trinidad, British West Indies, where she will call July 22-25. After a brief stop at Guantanamo Bay, Cuba, she will return to Norfolk, Va., on August 5.

COUNTY FARM BUREAU SELECTS DELEGATES FOR STATE MEETING

The Eastland County Farm Bureau has elected four delegates and three alternates to attend the fifth annual Texas Farm Bureau Institute August 2-6 at College Station, President A. Z. Myrick of the county organization reported today. The delegates were named at a meeting in Eastland last week.

Selected as delegates were Mr. and Mrs. J. C. Coates of Cisco, Jimmy Sparks of Desdemona and Mrs. Theibert Jones of Ranger. Alternate delegates named were Ed Harrison of Gorman and John Love and Mrs. Bill Tucker of Cheney.

Others expected to attend from Eastland County include Ray Norris of Flatwood and Mrs. John Love of Cheney.

Purpose of the Institute is to afford training for county Farm Bureau leaders throughout the state. More than 200 students are expected to register for this year's training school.

Ten regular courses and three advanced subjects will be taught at the institute. The regular courses include Philosophy of Farm Bureau, Policy Development, Membership Acquisition and Maintenance, County and Community Farm Bureaus, Techniques for Officers, Information Program

THIEVES RANSACK DUPLEX AND MAKE OFF WITH \$115 IN CASH

A daylight burglary of both sides of a Cisco duplex apartment netted thieves some \$115 Wednesday morning, it was reported by the residents of the duplex.

Hit by the thieves were Mr. and Mrs. P. G. Hays and Mr. and Mrs. E. V. Hays who live at 508 West 9th. The P. G. Hays lost \$13 to the burglars while the E. V. Hays lost \$102.

The burglary occurred sometime between 7:30 a. m. and noon Wednesday while both families were away from home. Mr. and Mrs. E. V. Hays left their apartment at 7 a. m. to go to the cleaning plant they operate and the other couple left their apartment soon thereafter.

The robbery was discovered at noon when Mrs. P. G. Hays returned for lunch. She saw a pair of hose on the floor and noticed a dresser drawer open. In the drawer was a small jewelry box which had contained

Morton Company Has Center Here

Morton Food Products Company has established an area distribution center in Cisco with Lee Roy Witzsche in charge, according to an announcement here today. The company has a warehouse on Avenue E and Witzsche lives at 1609 Avenue D.

Morton sales in this area formerly were handled out of Breckenridge. Witzsche moved here last week from Brownwood to supervise the Morton activities, including sales to grocery stores in Cisco, Eastland, Ranger and other area points.

Scattered Rains Improve Outlook For Late Crops

Cotton, late feed and pasture prospects were improved by rain in widely scattered areas, but much of the state was either missed by these showers or amounts were light and ineffective during the past week. Heaviest rains were received across the northeast corner of the state, some northern and eastern plateau counties and in a few northeastern Panhandle counties.

Most of the drought stricken west still does not have sufficient moisture to plant dry-land sorghums. However, in that favored northeastern Panhandle area, and in local areas on the southern high plains that received showers, planting some dry-land sorghums was under way. Timely rains and a late frost will be needed to mature grain on these late plantings but even a crop of forage is urgently needed. Cooler temperatures accompanying the scattered week-end showers were most welcome.

Most corn was too far advanced to benefit from recent rains but a little late-planted acreage in eastern counties was showing improvement. Cutting for silage and fodder continued. In irrigated high plains area truckers were loading much alfalfa hay right back of the baler. Alfalfa dehydration plants in the area were also operating actively. A limited sorghum acreage was planted in the northwest following scattered showers, but the dry-land crop in practically all northwestern, western and southern areas continued to deteriorate.

Combining was completed in the coastal bend. Peanuts were needing rain in western areas but were holding on fairly well. Rice continued to make excellent progress and sweetpotatoes were improved by recent rains. In some eastern counties, fall army worms have shown up and are damaging crops and pastures. Broomcorn pulling was nearing completion in south Texas and was under way in central Texas.

Irrigated cotton in the northwest was beginning to bloom. Dry-land prospects in this part of the state remained poor with moisture needed to prevent additional abandonment. Blacklands and east Texas crops show a wide range in development. Condition of cotton is generally good, but more moisture is needed in parts of these areas. In the upper coastal country, the crop was maturing fast with "first bales" ginned in a number of these counties.

In the coastal bend and south Texas, hot dry weather caused bolls to open prematurely. Growers in the lower valley made excellent progress in harvesting a short crop.

Range and pasture feed prospects in the northeast were improved by rains and cooler temperatures. Scattered showers in the northwest and some plateau counties were temporarily helpful but much more moisture is needed to revive range grass over the western drought stricken area. Feed secured through the disaster aid program was already available in many counties and a large volume of additional feed was ordered. Range and pasture feed was generally adequate over the eastern third of the State.

Guests of Mrs. H. J. Wooldridge on Wednesday included Mr. and Mrs. N. A. Smalley, Mrs. Mark Clark and Mrs. D. E. Jones, all of Rising Star. Mrs. Jones lived in Cisco at the time of the cyclone some 60 years ago and recalled many events in connection with the storm.

While discussing Fletmet and O'Donnell lake visitors with former O'Donnell schools head M. D. Conger, we learned that he has accepted a position as assistant superintendent with the \$32 million Magnolia Petroleum Co. owned and maintained school system at Vanderbilt, which is just east of Victoria and south of Edna. Mrs. Conger expects to teach there also. Mr. Conger came to Cisco as principal of Cisco High School from which executive position he became associate county school superintendent.

The Lake Cisco recreational area is fast becoming a photographers' paradise. After watching camera fans snap pictures both

270 Eastland County Stockmen Ask For Drouth Relief Feed

Lions Get Report On Chicago Meet

President George Davis reported on the annual convention of Lions International at the weekly luncheon meeting of the Cisco club at noon Wednesday at the Victor Hotel Dining Room. He has just returned from the Chicago convention, which he described as outstanding in all respects.

Treasurer J. T. Eggen gave the club the annual financial statement. Guests included Jere Westfall of Cisco and Glen Swenson of Cleveland, Ohio. They were members of the same army unit in Europe and Swenson is here visiting Westfall.

Key Ring Tags To Be Sent Out Soon

Cisco motorists will receive this month from the Disabled American Veterans their 1953 Identifying Tags for key rings carrying their individual license numbers.

The DAV tag, which provides key-loss insurance in addition to an opportunity to assist disabled veterans, will be distributed from the organization's national headquarters in Cincinnati where disabled veterans make and assemble the tags in a plant owned and operated by the DAV.

All funds contributed by motorists for the tags are used solely in the service of rehabilitation work of the DAV. The organization has the largest staff of national service officers of any veterans organization which assists without charge disabled veterans, their widows and dependents.

More than 100,000 keys are returned every year by the DAV, which receives thousands of letters describing the circumstances of the loss.

Mr. and Mrs. R. M. Jones of Waco have returned home after a week's visit with their parents, Mr. and Mrs. J. P. McCanlies.

Swimming Pool Notes . . .

LARGE GROUP OF YOUNGSTERS HERE FOR LAKE CHURCH CAMP

By W. P. KNIGHT

The second Pioneer Camp of the Mid-Texas Presbytery opened Monday with 61 of the campers in swimming. This is the season's largest church group of swimmers. The camp is directed by Rev. Grady James, assisted by Rev. W. M. Gould of Comanche and Rev. W. C. Cooper of Coleman. Other aids are Fort Worth ministerial students Harry Boyd and Bob Moffat; Mrs. W. H. Dixon of San Angelo and Mrs. Joe Edens of Eldorado.

Rev. Bob Brannon of Sterling City and Miss Marilyn McMannus of San Angelo, leaders of the First Pioneer Camp, remained with the new group. Mrs. Floyd Thompson of Talpa came along as a sponsor. Mid-Texas Presbytery Education Director, Mrs. Ruby McDurmond, is assisting at both camps. Harry Boyd, previously mentioned, had two years of radio announcing for station KRLL, Dallas, before deciding to enter the Presbyterian ministry.

Whether it's Senior Red Cross lifeguard instruction or the rudiments of elementary swimming, such swimming education really pays off. Swimming lessons help develop self-confidence which adds so much to more enjoyable swimming.

In addition, knowing what to do and when to do it, pays off daily in pools all over the nation. Recently, right here in our big pool, a small girl accidentally swallowed too much water, and became frightened. Sensing trouble, the lifeguard started for the spot. Before he took one step, an expert swimmer was but a few strokes from the girl in trouble. A second or two later, the child recovered her poise and self-assurance, thanks to the timely assistance of a swimmer who had passed all the rigid requirements for a Senior Red Cross rating excepting a minor detail. This valuable training was received at our own pool.

Another fine tribute to the excellent training given at Lake Cisco pool occurred a number of years ago when Bobby Wilson, a nephew of Mr. and Mrs. Ace Lucus, was appointed a swimming instructor in the United States Navy, shortly after his enlistment. With many thousands of expert swimmers from Atlantic, Gulf, Pacific and Great Lakes' ports

Turn To Page Five

You're Eligible To Get Athlete's Foot, Doctor Says

AUSTIN, July 15. — You don't have to be a Mickey Mantle or a Babe Zaharius to be eligible for athlete's foot. You're qualified just by being human.

This ringworm foot infection can come to either sex at any age at any time, although it is probably more prevalent during summer months when feet are more apt to perspire.

You'll know you've got it when your feet begin itching and blistering, and when you see the soggy dead skin between the toes or on the soles. Take action then, and you can usually get rid of it in a hurry. But neglect it and you're in trouble.

Here are some suggestions from State Health Officer George W. Cox which will prevent athlete's foot or help you get rid of it if you have it now:

Dry carefully and thoroughly between your toes after bathing and as often as practical during the day. The disease is caused by a fungus which thrives on damp, perspiring feet.

Massage your feet with a mild rubbing alcohol. This will help prevent spreading the infection from one spot to another.

Dust a good fungicide powder or even an unscented talcum powder or powdered boric acid between the toes, in stockings and shoes. If at all practical, change stockings once during the day.

Swab all cracks or soggy areas between the toes with one part iodine diluted with ten parts of alcohol.

Wear absorbent socks and put a piece of cotton on areas between the toes where cracks or soginess are evident.

Don't use remedies which have been sold for eczema. Consult your physician if the cracks and blisters and soginess do not yield to these measures.

And keep this in mind: if athlete's foot is neglected, it can spread readily beyond the feet. The lesions will go deeper and deeper, and may cause critical damage.

TRADE AT HOME

If you spend a dollar at home you have some hope of getting it back; if you don't, you just spend a dollar.

Distribution Plan Will Be Studied

A total of 370 Eastland County farmers and ranchers had made application today for feed under the government's drought relief stock feeding program, Administrator Emmett Powell of the Production and Marketing Administration office reported.

Mr. Powell estimated that the 370 applications would cover 600,000 pounds of cotton seed products, 250,000 pounds of corn and 250,000 pounds of oats. Each application was being limited to one month's supply of drought relief feed.

The county committee, which is composed of Mr. Powell, Geo. I. Lane of the FHA, County Agent J. M. Cooper, Farmer J. B. Blackwell and Banker Bill Tyler, has placed orders with the Surplus Commodity Corporation for a considerable amount of feed, but no shipping orders have been received.

The committee is scheduled to meet Saturday with Eastland County feed dealers to work out distribution plans, Mr. Powell reported. One meeting was held early in the week, but no program was completed.

Under the drought relief program, stockmen may purchase feed requirements for one month at about half the regular retail prices of feed. Prices include \$35 per ton for cotton seed products, \$1 per bushel for corn and 50 cents per bushel for oats.

Mr. Powell said that the number of applications for the government feed was dropping off after the first few days of the new program. Applications are still being processed at the PMA offices in the county courthouse.

Milk Production And Class I Sales Decrease In June

Milk production and Class I sales in June decreased 4.61% and 2.63%, respectively, from the preceding month, Byford W. Bain, Market Administrator, announced today. Milk producers delivering milk to the Central West Texas Marketing Area delivered an average of 261,063 pounds of milk daily during June as compared with 273,681 pounds per day in May and 289,704 pounds per day in April.

There were 544 producers in the market during May and June and 547 producers in the market during April. Each producer delivered an average of 480 pounds daily in June as compared with 503 pounds in May and 530 pounds in April. The total production for the month was 7,831,894 pounds, which was 622,222 pounds less than for May and 859,212 pounds less than the April deliveries.

Eighty-one percent of the total production during June was base milk, for which producers will receive \$5.73 per hundredweight. Nineteen percent was excess milk, for which producers will receive \$3.87 per hundredweight.

On a daily basis, Class I sales in June were down 6,517 pounds, or 2.63% from May and 10,042 pounds, or 6.23% from April. The total daily Class I sales for June were 241,565 pounds as compared with 248,082 pounds in May and 257,607 pounds in April.

Handlers in the area received 1,122,553 pounds of milk, skim milk, cream and other products from sources other than producers during June, as compared with 1,696,853 pounds in May and 1,231,834 pounds in April.

Christian Church To Hold Supper Friday

A covered dish supper will be held at 7 p. m. Friday for all members of the First Christian Church, it was announced by the committee in charge Thursday.

The affair will be held in the basement of the church building, and all members were urged to attend and to bring a dish of food. The Rev. Joe Fredrick, pastor of the East Dallas Christian Church, who will begin a revival meeting at the church Sunday, will attend the supper and make a talk, it was reported.

TEXAS PECAN INDUSTRY SEEN AS UNDAMAGED BY DROUGHT

COLLEGE STATION, July 15. — The yearly 30-million pound pecan industry in Texas has not been seriously harmed to date by the drought, Harry Cross of Greenville, president of the Federated Pecan Growers' Association of the United States, said today at Texas A. and M. College. "However," he said, "the effects of the drought will not be known for another year."

Eighty per cent of the pecans produced in Texas are from native trees," he pointed out. There are thousands upon thousands of acres of undeveloped pecan trees in Texas ready to be tapped, representing a veritable gold mine, Cross said. "Trees 30 to 40 years old, four to an acre, will produce 500 pounds of pecans a tree per year," he declared. The pecan industry in Texas got its commercial start in 1885, when E. E. Riessen of San Saba did the first propagation work. His son, E. G. Riessen has carried on this industry since his father's death. Four to five million pounds of pecans are produced yearly in the San Saba area. The pecan industry in Texas is healthy and wealthy — and growing, Cross said. More than 100 persons representing every phase of the industry are attending the 32nd annual convention of the Texas Pecan Growers' Association being held at Texas A. and M. College. Ted Brumbalow of Greenville, is president, Cross vice-president and John E. Hutchison of A. and M.'s Department of Horticulture, is secretary-treasurer.

TRAFFIC NEWCOMER—A section of the steel-frame foundation of the new South Street Elevated Highway stretches under the Manhattan Bridge, indicating much-needed traffic relief in the near future for New York. This extension of the East River Drive provides a third level of vehicular movement at the lower end of Manhattan Island.

Washington

As It Looks From Here" OMAR BURLESON Congressman 17th District

At a time when the Administration is attempting to balance the Budget as soon as possible; at a time when tremendous expenditures must continue for National Defense, the liquor industry is given a holiday from payment of taxes. The Excess Profits Tax, which is considered by most people to be a bad tax, is seemingly to be continued for another six months. It will be the first of the year before personal income taxes are reduced, but the Congress gives the whiskey industry tax relief.

Those of us opposing this action attempted to force a Record Roll Call Vote, but were unable to muster the necessary number to require it under the Rules. We believe that if we could have forced the matter to a Record Vote, Members would have been ashamed to have gone on Record in support of such a proposition.

In a column in the Abilene Reporter-News by Bob Cooke, author of "The Waggin' Tongue," Mr. Roy Largent of Merkel, past President of the American Herford Association, has written a letter to Secretary of Agriculture Benson regarding possible remedies of the beef cattle situation. Mr. Largent is quoted as saying: "I ask only one step be taken by authorities, and that is to stop excessive, unheard of profiteering on the part of the men in between the producer and the consumer."

"There is too much spread between cattle on the hoof and beef over the counter, or in restaurants and other dining places," Mr. Largent is exactly correct. I have inquired into this matter rather extensively but have never received a very satisfactory answer. However, we all know that the disparity exists. I am con-

tinuing to make inquiries and protests, and have brought it to the attention of the Agriculture Committee of the Congress which is officially asking some searching questions of the meat packing industry. The gulf between what the producer receives for his cattle and the price of steak over the counter has been widening ever since the first attempt to place a ceiling price on live cattle under price controls. When that was first tried, it cost the producer more than 10% overnight. It so happened that the price of meat over the counter advanced by about the same amount at the same time. Also at about the same time, labor in the meat packing industry received about a 10% increase in wages. All this was at the cost of the livestock producer and the situation has been worsening ever since, except at a few short intervals. There is a lot of difference between the United States Steel Corporation, a cow, and a cottonfield, but they finally become related. U. S. Steel raises prices \$4 per ton while cattle and other farm commodities decline. High priced steel must be bought in the form of tractors and plow tools with cheap cattle, cheap cotton, grain and peanuts — even when it rains and the commodities are produced. Some wise men in the Administration say we will have no depression. I hope they're right, but I would be more convinced they were right if these conditions were immediately recognized and something done about it.

Real Estate for Sale

The best investment on earth is the earth itself. 61 acres with 3-room house, extra good land, near Scranton. 35 acres cultivated, Bal. pasture, Well, tank, barn, Elec. Half Minerals. Mostly net fences.

SOCIETY AND CLUBS
AND NEWS OF INTEREST TO WOMEN

Legion Auxiliary Has Election Of Leaders

Officers for the coming year were elected at the regular meeting of the American Legion Auxiliary when they met Monday evening at the home of Mrs. Beatrice Guthrie.

Officers elected were as follows: president, Mrs. Leon McPherson; first vice president, Mrs. Truly Carter; second vice president, Mrs. Louise Waters; secretary, Mrs. Marshall Jones; treasurer, Mrs. Georgia McEachern; historian, Mrs. J. M. Flournoy; chaplain, Mrs. J. E. Shirley; and sergeant-at-arms, Mrs. J. H. Glasscock.

A call to the state convention to be held in Houston July 31 and August 1 and 2, was read and Mrs. Minnie Lyle, Mrs. E. L. Jackson, Mrs. J. W. Sitton, Mrs. Charles Robarts, Mrs. Leon McPherson and Mrs. Beatrice Guthrie were elected as delegates. Alternates are Mrs. J. H. Glasscock, Mrs. Georgia McEachern, Mrs. Louise Waters, Mrs. D. N. Morrison, Mrs. Truly Carter and Mrs. Reba Gorman.

The group voted to buy one signature to the State Hospital fund and Mrs. J. M. Flournoy bought one in memory of her son, James. It was reported the bedding and clothing at the value of \$250 was sent to the tornado victims.

Ice cream and cookies were served at the close of the meeting to approximately 15 members.

CWF Circle Four Has Meeting On Tuesday

The weekly meeting of Circle Four of the C. W. F. of the First Christian Church was held Tuesday at the home of Mrs. Sam Kimmell.

Mrs. H. R. Garrett brought the devotional and Mrs. Albert Snider taught the lesson on Latin America. Routine business matters were transacted and projects announced.

A refreshment plate was served at the close of the meeting to Mesdames H. R. Garrett, Albert Snider, Sam Baugh, J. D. Lauderdale, Sam Kimmell, J. F. Benedict, Roy Fonville, G. W. Swartz, J. C. Fletcher, J. D. Yo-well, and Dona Griffin.

Mrs. Truman Smith Is Honored At Shower

Mrs. Truman Smith was honored with a pink and blue shower Friday, July 10, in the home of Mrs. Marie Woolover with the Gleaner's Sunday School Class as hostesses.

Appropriate games were played after which refreshments of pink ice cream and cookies were served to Mesdames J. V. Woolover, B. J. Taylor, Troy Thacker, Dennis Cotten, Aaron Jones, R. C. Arlington, George Couch, J. L. Wright, J. M. Manning, Pete Larkin, Carol Stansell, Omalee Holdridge, Jerry Tucker, and Callie Shields.

Those sending gifts were Mesdames Joe Brown, Lola Cozart, R. Green, Dick Cutting, Betty Green, Penny Bowers, Beulah Dobbins, P. T. Ford, Ray Harrison, Laverne Ivie, Jimmy Tibbs, Jack Pitzer, Billie Killman, Kay Mills, and Mrs. Gregory.

Mrs. Latch Hostess For WSCS Circle 3

Mrs. W. Z. Latch was hostess in her home Tuesday when Circle Three of the W. S. C. S. of the First Methodist Church met for their monthly meeting.

The meeting opened with sentence prayers by the group and Mrs. R. V. Rendall, chairman, presided over the meeting. Mrs. B. J. Osborn was in charge of the program and presented Mrs. Ed Callerman who gave the devotional, taken from Mathew 7: 1-14 and John 14: 5-6.

A playlet entitled "The Guilty One" by Mildred L. Good, taken from the Methodist Woman, was given by Mrs. W. M. Joyner, Mrs. C. A. Shockey, Mrs. H. A. McCannies, and Mrs. C. M. Pogue. Mrs. B. J. Osborn closed the program with prayer.

A short business session followed with routine business matters being transacted. The penny fund was collected and cards sent to the sick. The group will meet with Mrs. H. A. McCannies for their August meeting.

A refreshment plate was served by the hostess to the following members: Mesdames Clint Jones, J. E. Crawford, W. M. Joyner, B. J. Osborn, G. P. Rainbolt, C. M. Pogue, Walter Boyd, Ed Callerman, D. P. King, C. E. Hailey, C. A. Shockey, R. V. Rendall, H. A. McCannies, Carrell Smith, and a visitor, Mrs. Tom Stark.

Shining Light Class Has Social Meeting

The Shining Light Class of the East Cisco Baptist Church met Wednesday in the home of their teacher, Mrs. Jimmy Lee, for a business and social meeting.

Mrs. Lee opened the meeting with prayer and Barbara Marcontell presided over the business session. Officers were elected as follows: president, Jean Thompson; vice president, Carol Jean Hagan; class ministries, Molly Ingram; secretary, Dianne Nichols; group captains, Barbara Marcontell and Jean Burkman.

Refreshments were served to Barbara Marcontell, Molly Ingram, Dianne Nichols, Mrs. Lee, and a visitor, Sherry Lee. The meeting closed with prayer by Molly Ingram after which the group went Sunday School visiting.

man, D. P. King, C. E. Hailey, C. A. Shockey, R. V. Rendall, H. A. McCannies, Carrell Smith, and a visitor, Mrs. Tom Stark.

PALOMINO HORSE SHOW DUE TO BE NEW RANGER RODEO FEATURE

RANGER, July 15. — Another big feature has been added to the Jaycees' coming 8th annual Ranger Roundup to be unveiled in Ranger on Wednesday through Saturday, July 22-23-24-25, James Townzen, president of the Junior Chamber sponsoring group, announced today.

It's a Palomino Horse Show and is being staged on Wednesday, July 22, with compliance to rules and regulations of the Texas Palomino Exhibitors Assn., Inc.

Frank Mariani is show superintendent, and the matched pair class horses will be shown during the opening performance of the

big RCA-approved rodeo on Wednesday night, July 22. Halter classes judging will be held Thursday afternoon, July 23, and performance classes will be judged Thursday afternoon and during the second performance of the Jaycees' rodeo Thursday night.

Trophies will be awarded to the grand champion and reserve champion in the halter class on Thursday night during the rodeo, Mariani said.

Judging is scheduled to begin promptly at 1 p. m. Thursday at the Jaycees' show grounds west of downtown Ranger on old U. S. Highway 80.

Two natives of the Ranger and Strawn area, who've found fame and fortune in the entertainment world — the Farr brothers of Hollywood — will be "coming home" when they make a personal appearance with the "Sons of the Pioneers" in Ranger during the 8th annual Ranger World Championship Rodeo on Wednesday through Saturday, July 22-23-24-25. The Farr brothers, sons of Mrs. T. B. Farr of Ranger and sister of Mrs. Winnie Staats, also of Ranger, are members of the six-man "Sons of the Pioneers" group which has waxed more than 150 recordings, appeared in 193 motion pictures, and starred on numerous radio and television shows.

All entries must be made on or before Monday, July 20.

There's a \$5.00 entry fee on all halter classes, and a \$10 entry charge in performance classes, for horses shown at halter to split 50-30-20. Entry fees will be split 50-30-20.

Halter classes will include mares foaled in 1952, mares foaled in 1951, mares foaled in 1950 or before, grand champion mare, reserve champion mare, stallion foaled in 1952, stallion foaled in 1951, stallion foaled in 1950 or before, grand champion stallion and reserve champion stallion.

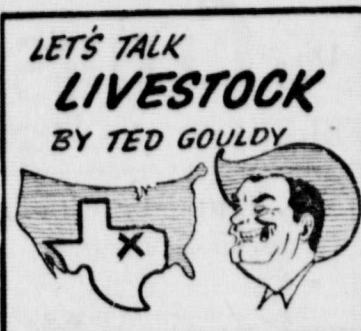

In the performance classes of the Ranger Palomino Horse Show will be western pleasure stallions and western pleasure mares and

geldings.

Featured attraction during the Jaycees' big four-day rodeo — performances nightly at 8 p. m. — will be the popular "Sons of the Pioneers," radio, TV, movie, and recording stars who'll be in Ranger in person direct from Hollywood, Calif.

Rodeo arena events will include bull riding, bulldogging, saddle and bareback bronc riding, calf roping, cutting horse contests and barrel races. Contestants will compete for \$2,500 in prizes — plus all entry fees — bringing total award cash probably over \$5,000.

The 1953 event will be opened with a gala parade in downtown Ranger beginning at 3 p. m. on Wednesday, July 22.

Final tabulation of the ballots in the poll among the home town and county newspapers of Texas revealed several surprising developments. Apparently a sizeable number of "rugged individualists" among the voters took some additional time to study the matter and their late arriving ballots swung their total around three percent in the last week's count, up to 9.6 percent of the total in the final.

These voters had their own ideas as to what should be done, rather than voting for one of the other proposals.

Most editors reported a light vote and in most cases this was probably due to the fact that the ballot was run only one time. However, in order to prevent "loading" the ballot it was felt that a light vote would more truly represent the livestock producers' attitudes. The wide coverage of vote and the percentages of the ballot that the various proposals got accomplished their purpose in getting at the feeling of those concerned.

Final tabulation showed the vote for removal of all supports at 9.3%, an increase of almost 2% over the first count.

No. 2, the proposal for supports on livestock as well as other agricultural commodities tallied 59.9% of the vote, a gain of almost two percent over the first count.

No. 3, the proposal for flexible price supports on commodities, excluding livestock, held on with 10.1% about the same as a week ago.

No. 4, the proposal for maintaining rigid supports on commodities, and none on livestock. The program now in force, was the big loser in the final count slipping from near 20% on the first count to 10.6% in the final.

Kay Eubank and Glenda Webb of Cisco visited their grandmother, Mrs. J. B. Eubank Sunday.

John H. Isenhower, Ellison Pruett, James Isenhower, and Jerry Mundt attended the stock sale at Abilene Tuesday.

Mrs. J. E. Pruett, Mrs. Erlene Clark and daughter, Dorris, visited Mrs. Henry Mundt in Abilene recently. Mrs. Mundt is recently dismissed from the San Antonio Hospital. Mrs. Pruett remained for a few days visit.

Mr. and Mrs. Ralph Mitchell of Abilene visited Mr. and Mrs. J. E. Pruett Sunday.

Federal Jobs To Be Filled In Exam

Examinations have been announced by the U. S. Civil Service Commission for Cartographer, Cartographic Aid, Cartographic Technician, and Cartographic Draftsman, for filling positions in various Federal agencies in Washington, D. C., and vicinity. Some field-service-at-large positions throughout the United States may also be filled. The salaries of the positions range from \$2,750 to \$10,800 a year. No written test will be given. Appropriate education or experience, or a combination of education and experience is required. Applications will be accepted

until further notice and must be filed with the U. S. Civil Service Commission, Washington 25, D. C. Further information and application forms may be obtained from Sam King, at the Cisco Post Office or from the Commission's Washington office.

Ring-A-Round by BESTFORM

the circular stitched bra with a young natural look no finer fit at any price

Ring-A-Round is the California designed bra with circular stitching going 'round and 'round the cups... designed for complete, comfortable support, whether you're small, medium or full-busted. It gives a lovely lifting uplift... beautiful, sharply defined separation.

Styled for your comfort with a tailored band bottom that never cuts, never binds... always stays just where you want it!

Style 6003 in broadcloth, white only... \$1.50
Style 6004 in nylon, white... \$2.00
