

The Gay Philosopher

By J. W. B.

SOMETIME IN THE not too distant future this section of the country is due to get some deep testing, according to information we've received. Two or three sources report that studies are being made with the view of drilling through the Ellenberger lime tests of a sand formation that's supposed to be there.

Virtually all deep oil tests in these parts are drilled on contracts that call for halting at the top of the Ellenberger or after getting into the lime for a hundred or so feet. The lime is several hundred feet thick and is pretty hard to dig.

There is some Ellenberger oil in this country, but mostly the yields salt water. Underneath there's a section of sand and shale under the Ellenberger that's maybe a thousand feet thick before you hit granite. When oil fillers hit granite they throw in a towel for there's no drilling made that will cut solid granite, we're informed.

AN OIL MAN here Wednesday said that science is busy on working out ways and means of recovering much oil still in the depleted pools of the county. The pioneer, the pioneer fielder Desdemona was a high gas pressure pool when it was discovered early in the 1920s. It has been estimated that only 15 per cent of the oil was recovered. But there's no pressure left to drive it to the wells. And that's what science is working on — ways to drive it to underground outlets.

ALTHOUGH OIL drilling has slowed down considerably in these parts, oil continues to be an important item in the county's economy. This county produces something like a million barrels per year, and the Cisco area produces its part.

MEMBERS OF THE Cisco Fire Department enjoyed an old-fashioned watermelon feed the other night. They were guests of Mrs. Proctor of the Cisco Ice Company, and it was a fine party.

AND LET'S WISH Mr. and Mrs. Albert Clinton the best of good things as they move next month to Snyder where he has accepted a position. His resignation as the chairman of the music department of Cisco Junior College was announced yesterday.

EVERYONE IS HAPPY to know that Mr. Jack Chambliss has been promoted to be head of the college music department. Working closely with Mr. Clinton, he will be able to take over in a smooth manner. Mr. Chambliss' promotion is the reward for hard work during the past three years as a member of the college staff. Congratulations, sir.

A MAN WHO almost became president of the Cisco Lions Club was a guest at the club's luncheon Wednesday. He is Mr. Harry Schmidt, who used to run the Mott store here. He was elected president of the club and was transferred to Fort Worth before being installed. He now is a member of Fort Worth's Riverside Club.

HIS MANY FRIENDS here will be glad to know that the condition of Mr. Morris Keasler, the Gulf Springsnee, is improving. He underwent a major operation at Mayo Clinic last week. Mr. Charles S. Sandler received a postcard from Mrs. Keasler today to say that she is very encouraged over her progress. They hope to be able to return home in two or three weeks.

MUDDLING ALONG—Moving a mountain of mud in the course of a slow journey, crewmen of a tank plant in Cleveland are putting the Walker Bulldog tank to a rugged test. The sea of mud is the result of summer rains on the proving grounds where test crews operated this tank 'round the clock under conditions that simulate actual field operation.

Funeral Services For Mrs. Wilson Planned Thursday

Funeral services for Mrs. Georgia E. Wilson, 83, a resident of Cisco for 70 years, were to be held at 4 p. m. Thursday at the First Methodist Church with the Rev. Leslie W. Seymour, superintendent of the Cisco District of Methodist Churches, officiating.

Mrs. Wilson died at the home of her daughter, Mrs. Everett Duncan, in Roscoe at 10 a. m. Wednesday following an illness of several months.

Survivors are two daughters, Mrs. John Aycock of Sweetwater and Mrs. Duncan of Roscoe; two sons, G. E. Wilson of Knox City and Carl P. Wilson of Cisco; nine grand children and two great grand children. She is also survived by a sister, Mrs. N. W. Turner of Cisco.

H. V. Harder of Fort Worth visited Wednesday with his brother, W. A. Harder, who is ill in the Graham Hospital. The condition of W. A. Harder was reported as somewhat improved.

52 PAIRS OF COWS, CALVES WILL BE AUCTIONED AT LOCAL ARENA

More than 200 head of cattle, including 52 pairs of cows and calves from Baird, will be offered for sale Friday at the weekly auction of the Cisco Livestock Exchange at the barn on the Rising Star Highway, it was reported today.

The weekly sale, which is operated by Buford Green, attracts a large crowd of buyers and sellers with \$15,000 to \$20,000 changing hands during each sale. Bill White of Oklahoma is the auctioneer for the sale.

Collier Will Conduct Revival At Iredell

The Rev. A. R. Collier, pastor of the Scranton Baptist Church and the Sabanno Baptist Church, will begin a revival meeting at the Iredell Baptist Church Friday, July 24. The meeting will continue through August 2.

Many Ciscoans Are Expected To Attend Cat Game

A good crowd of Cisco fans will be at La Grave Field in Fort Worth Saturday night for the Cisco Night game between the Fort Worth Cats and the San Antonio Missions, ticket sales to noon Thursday indicated.

All Little Leaguers who do not have a way to go to Fort Worth were urged to notify their manager as soon as possible so that transportation can be arranged. Little Leaguers will get their tickets from Mr. Morrison at the gate at La Grave Field. They must be there by 7 p. m.

Parents of Little Leaguers who plan to attend were asked to contact the manager of their son's team if they have room for one or more players.

Frederick Speaks On United Nations At Lions Meeting

The part of the United Nations seeks to play in the solution of world problems was outlined Wednesday in a talk by the Rev. Joe Frederick, Dallas minister who is conducting a revival meeting at the First Christian Church here, at the weekly luncheon of the Cisco Lions Club.

Rev. Frederick was introduced by the Rev. Sidney Spain, local pastor and song director for the revival. Lion Norman Huston was in charge of the program.

Rev. Frederick noted that he resided in Cisco for a good many years, leaving some 19 years ago. The young minister is well known as a leading clergyman of the First Christian Church in Texas.

Graham Student Gets Scholarship

FORT WORTH, July 23. — Norman Evans, senior in Graham High School, has won the 1953 Texas Farm Bureau College Scholarship for outstanding leadership in the Texas Association of Future Farmers of America. J. Walter Hammond, president of the state Farm Bureau, made the presentation here today in ceremonies at the silver anniversary convention of the state FFA.

The scholarship, worth \$250.00 in books and tuition, can be used by the winner at any college in the state. The TPBF also gives similar scholarships each year to the outstanding 4-H Club boy and girl.

Visitors in the home of Mr. and Mrs. O. G. Lawson this week were Mr. and Mrs. Charles Lee of Desdemona.

Crop And Pasture Prospects Better After Area Rains

Crop and pasture prospects were improved by moderate to heavy thunderstorms in eastern, northern and northwestern districts of Texas during the past week. While most stations in these favored areas recorded some rainfall, the rains still were spotty within counties and would not be classed as drought breaking.

Surviving cotton and sorghum crops were revived, stock tanks were filled in localities receiving heaviest rains, and prospects for pasture grasses were improved in favored localities. Additional acreage of early maturing sorghums for grain and forage sorghums will be planted in areas that had been too dry for germination.

Cotton prospects improved during the week as cooler weather prevailed and rains were received in many widely scattered areas. The south Texas crop was too far advanced to be helped and more moisture was needed in the plains country. Irrigated cotton in the northwest developed nicely but many dry-land areas have not had rain and condition continues poor.

In northeast and east Texas, recent rains were beneficial to cotton — warm, open weather is now needed in some of these areas. In the upper coastal counties, cotton continued to develop satisfactorily and harvest was becoming active.

Additional acreage of sorghum was planted in the northwest following recent rains, but some late-planted sorghums in the southern low rolling plains now have a good chance of maturing grain, and late crops intended for grazing or forage have been helped in many northwestern localities.

Cutting of alfalfa in west and northwest continued. Haymaking was interrupted by showers in east and southeast Texas. Peanuts and castor beans have shown improvement in central and eastern areas, and sweetpotatoes are making good growth. Rice continued to do well, and early varieties were nearing maturity.

Panic selling of livestock has subsided but cattle continued to move to market freely. Recent rains were very beneficial in re-vivifying pastures and ranges in eastern areas. Much additional moisture will be needed, however, to revive ranges in the drought-stricken areas of west Texas where both surface and sub-soil moisture was depleted.

When you see the lovely pieces of costume jewelry the girls and mothers are making from shells, you will start yours at once. There are interesting decorations for jewelry boxes and paper weights being made, too. These will make nice gifts for next Christmas.

Even if you are not interested in making anything, do come by the high school cafeteria next Wednesday morning and see the embossed metal pictures the girls are making.

ARRIVE IN OKINAWA — Mrs. Foye W. Jobe and son, Larry, have arrived in Okinawa to join their husband and father, Sergeant Jobe, who is serving with the 8116th Army Unit of the Ryukyus Service Command there. They arrived recently aboard a military sea transport. Their home is at Putnam.

Most Cattlemen Eligible For Feed Purchases, PMA Reports

Swimming Pool Notes . . .

SENIORS ARE ENJOYING OUTING THIS WEEK AT LAKE CISCO CAMP

By W. P. KNIGHT
The annual Mid-Presbyterian Senior Camp opened Monday with Rev. Charles Brice, pastor of the Eldorado Presbyterian Church, as director. He is assisted by Rev. Frank Taylor of Grapevine, who is assistant director and business manager.

Swimming directors are Rev. D. McGown of the Bridgeport Presbyterian Church and R. G. Schmidt of Fort Worth. Fifty-six campers had their first swim Tuesday afternoon. There are 65 members at the camp which is entirely comprised of high school students, excepting the directors and counselors.

Lobo Coaches To Leave For Grid School Sunday

Cisco High School Coaches Jay Williams, Al Langford and V. C. (Buck) Overall plan to leave Cisco Sunday for Houston where they will attend the annual summer coaching school.

The school will begin Monday morning and will continue through the week. It will close with the annual all-star high school football game.

Paul Mosley, assistant coach at the college who has accepted the coaching position at Gal, plans to attend a coaching school for six-man football to be held later, he announced.

Farm Teams Will Play Two Games At Field Tonight

Two Little League farm teams were to see action at ABC Field tonight as the regular League teams were getting ready for the area tournament to be held in Breckenridge next week. All regular league games were postponed to allow the all-star team time for practice.

The Giants farm team will meet the Athletics in the first game scheduled to begin at 7 p. m. The Cards and the Braves will tangle following that contest.

The games tonight will allow more fans to see the farm teams in action. In the past the farm team games have been played too early for most fans to be on hand. Friday night the all-star team will play a regulation game with a group selected from the remaining members of the League teams. The all-stars will be handled by M. W. Cotton and L. E. Sublett. The other teams will be coached by Bill Pope and Bob Sanders.

As with other camps this summer, the highlight of the day's recreational activities is the afternoon swim. Other amusements include roller skating, hiking over the rugged terrain and walking through and on top of the big Lake Cisco dam. Softball and other games fill out the few spare moments left after the many educational programs are completed.

A fine tribute was paid to the good job of cleaning the floor of the big pool when Mrs. Edward Lee, wife of the former mayor, said that she never saw the pool cleaned up so well. That heavy downpour early Sunday night washed down the lake dam wall and helped to clean the pool floor. When you consider that the pool is about the size of three football fields, cleaning every inch of the floor is a major operation any way you look at it. Thanks for the compliment on the cleaning job, Mrs. Lee.

Tuesday, the temperature of the new water in the pool registered 79 degrees, a figure that meant exhilarating swims that left every swimmer refreshed. While we do not claim that our big pool will rejuvenate people, we do say that swimmers come out of the pool looking relaxed and with cheerful dispositions. We do not promise any "limp-in, leap-out" effects but we will say that you'll have the best time of your life for only 35 cents when you swim in the big Lake Cisco pool.

The new lifeguard at the lake pool is Hardin-Simmons Physical Education Graduate Durward Smith, who was a member of the Cowboy first-string basketball five. He is a former Lobo football and basketball star, also. Durward succeeds Paul Mosley who has a good many things to do before he leaves his Wrangler coaching job to take over the athletic direction of the Gal school system.

Jim Branton, who Paul succeeded as pool lifeguard late in June, went to Dallas where a steady summer job was available. At that time it appeared as if our pool season would terminate after the July Fourth weekend. Jim got another lifeguarding job at a city recreation pool at Dallas.

Before taking this position, he passed the Senior Red Cross life-saving course. He would have taken this course here were it available.

"They always come back" is what they say about visitors to the Lake Cisco recreational area.

Turn to Page Three

First Carload Of Feed Is Due Today

Most of the farmers and ranchers of Eastland County will be eligible to buy feed under the government's drought relief program on the basis of a ruling Wednesday by the state committee. County PMA Administrator Emmett Powell reported today.

The new ruling was to the effect that stockmen would not have to take what was described as "a pauper's oath" to be eligible to buy the Surplus Commodity Corporation feeds at prices of about half the retail charges.

The state committee has advised us that it never was the purpose of the program to require a pauper's oath before a stockman could buy the feed," Mr. Powell said. "It now appears that most of the ranchers and farmers of this county are eligible."

Mr. Powell said that more than 500 Eastland County stockmen have made applications for cotton seed products, corn and oats under the drought relief feed program. The County PMA has already placed orders for some 700,000 pounds of cotton seed products, 200,000 pounds of corn and 200,000 pounds of oats.

It will be necessary to order additional feed to take care of the needs of the some 500 Eastland County applicants, he said.

Arrangements have been completed with feed dealers in Eastland and Ranger to handle distribution of the feed, Mr. Powell reported. He expected that similar agreements would be completed this week with feed dealers in Cisco and elsewhere in the county.

The first shipment of the relief feed — a carload of cotton seed pellets — was due today in Eastland. Additional cars of feed for county distribution were expected within a few days.

With the clarification of the rules of the program, Mr. Powell believed that stockmen would be pleased and that the program will work in a smooth manner.

Survey Of Water Resources Opens For Rural Areas

AUSTIN, July 23. — A farm-to-farm, ranch-to-ranch survey of Texas water resources is now underway in an effort to gauge drought effect on public health.

The State Department of Health conducted a similar survey earlier this year on incorporated cities and towns, but it failed to show the status of privately owned water sources, such as farm and ranch tanks and private wells.

Information is being sought by questionnaires sent from the State Health Department to all county judges. When complete, Dr. Geo. W. Cox, state health chief, says a compilation sheet will be made showing:

COMMON CAUSE—It was all for one in Cleveland when the four Monastra children had their tonsils removed. While they posed for this picture, each had a temporarily sore throat—and a slight case of the "blues." Out with the tonsils, and happy smiles replaced these forlorn expressions.

"As It Looks From Here"

OMAR BURLESON
Congressman
17th District

The Secretary of Agriculture has clarified instructions to the State PMA Director regarding livestock feed for drought disaster areas.

The County Committees will operate under these advices, and it is left up to them to apply the rules to each individual case. To become eligible to buy feed, the purchaser must be a bona fide farmer or stockman. He must show that he does not have the finances to purchase feed at prevailing market prices, to maintain a basic foundation herd and remain in the livestock business with reasonable chances for successful operation.

The basic foundation herd is defined as consisting of cows, bulls, nursing calves, and heifers needed to replace over-age and other undesirable cattle culled

from herds. Specifically, to be eligible for feed at reduced prices, a farmer or stockman must, first, have less than a thirty-day supply of feed to supplement roughage to maintain his foundation herd. The feed, however, may be fed to cattle other than those in the foundation herd, if they are to be marketed not later than September 30, 1933, and provided they are not feeders in feed lots. Second, farmers and stockmen must not have the financial ability to remain in business and satisfactorily maintain their herds unless they can purchase feed at prices substantially below the prevailing market price.

The Secretary of Agriculture emphasizes that the purpose of the Drought Feed Program is to maintain basic foundation herds. The Secretary states that to avoid undue hardships, County Committees should use reasonable discretion in carrying out their instructions.

There are going to be a lot of headaches connected with these undertakings. There were a great many in the Hay Program last fall and winter, but there will be more in this. Personally, I think the County Committees should be given very broad discretion to exercise their best judgment. No one in Washington can sit in an armchair and dispense rules applicable to every case, and they should not try.

Many of my friends have been interested in H. R. 4353, which reorganizes the Farm Credit Administration. It gives more authority in policy-making to farmers, who own the Farm Credit, and takes away the direct influence of the Department of Agriculture. The Senate Agriculture Committee reported the Bill out favorably at the same time the House passed the measure, and I hope the Senate will likewise act in the very near future.

In my column last week, I described the inexcusable action of the House of Representatives in giving a tax holiday to the big distillers who have whiskey stored in warehouses. I am glad to report action more palatable, which has just occurred.

A measure, earlier approved by my Committee on House Administration, to provide a room in the Capitol Building where Members of Congress may go for meditation and prayer, has just passed on the House Floor. It will now go to the Senate for its approval. The room will be equipped to accommodate every faith. In Congress, there are Protestants, Catholics, and Jews,

with about every type of denomination under the Protestant religion. There was not a dissenting vote against the measure. It indicates the feeling of need on the part of many in Congress, for a place of refuge from the hurly-burly life one leads here at the Capitol.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Christian Group Has Regular Meeting

Circle Four of the C.W.F. of the First Christian Church met Tuesday in the home of Mrs. J. Benedict for their weekly meeting.

Mrs. V. C. Overall gave the devotional. Mrs. Albert Snider, program chairman, brought the lesson on Family Relations. Routine business was transacted and the meeting closed with prayer.

Refreshments were served at the close of the meeting to Mrs. W. Swartz, Mrs. Roy Fonville, Mrs. Sam Kimmel, Mrs. J. Lauderdale, Mrs. V. C. Overall, Mrs. Albert Snider, Mrs. H. Garrett, and the hostess, Mrs. Benedict.

Mrs. Guinn Hostess for Baptist Circle

Mrs. W. P. Guinn was hostess for her home Tuesday when Circle One of the First Baptist Church met in regular session.

Mrs. A. R. Day gave the devotional on Kindness, reading from Proverbs and Ephesians. Opening prayer was led by Mrs. Henry W. D. Hazel presided

over the business session after which Mrs. J. R. Burnett taught the lesson and closed the meeting with prayer.

Refreshments were served by the hostess, assisted by her niece and nephew, Margaret and Bill Duston, of Baytown, to Mrs. A. R. Day, Mrs. W. D. Hazel, Mrs. W. C. Cates, Mrs. F. D. Wright, Mrs. Fred Grist, Mrs. J. R. Burnett, Mrs. Henry Fry, and Mrs. W. F. Walker.

CWF Group One Has Meeting On Tuesday

Group One of the C.W.F. of the First Christian Church met Tuesday in the home of Mrs. Rex Moore for their weekly meeting.

Mrs. Moore presided over the business session and Mrs. Ada Mobley gave the opening prayer. Miss Marie Winston brought the devotional, "Unlocking The Doors," and Mrs. W. J. Armstrong gave the lesson "You Are Witnesses."

During the business session plans were made for canning peaches for the orphans home in Dallas on Tuesday. Cards were sent and other routine business matters were transacted. The next meeting will be held at the home of Mrs. W. R. Winston.

Refreshments were served to Mrs. W. J. Armstrong, Mrs. J. E. Elkins, Mrs. J. M. Flournoy, Mrs. Ada Mobley, Mrs. C. B. Powell, Miss Marie Winston, and the hostess, Mrs. Moore.

Mr. and Mrs. C. P. Cole left today for Dallas due to the death of Mr. Cole's brother, P. O. Cole.

Swimming Pool News . . . From Page One

And that's what Mrs. Paul Draper did. The visitor from Winters was a sponsor of the attractive Winters' sub-deb girls, with Mrs. Mapes, about a month ago. These girls had cabins close to the pool for a week.

Mrs. Draper brought her husband, a lumber store manager, and her son and some other kinfolk with her. They occupy a city rock house near Ray Judia's home. They spent much of Tuesday fishing, with little success. We hope they catch the limit before their return.

The Drapers know a good thing when they see it. They realize that they will get a maximum in vacation enjoyment for a minimum of expense by vacationing at Lake Cisco, the southwest's top, one-stop vacation spot, where swimming, boating, picnicking, skating and golfing are available with very little travel. Mrs. Draper had the whole group in swimming. They all enjoy our cool evenings for sleeping, too.

In response to the request of many mothers who want their children to learn to swim at our big pool, we have written the county headquarters of the Red Cross to learn what steps must be taken to stage a Red Cross swimming program at our pool soon.

Dewey Baker, former Ciscoan who left this area about 20 years ago, tells us that he is often "kidden" by his printer associates at Fort Worth when he brags about our wonderful swimming pool. When he cannot show his colleagues pictures or stories about the pool, they say he is making up more Texas "brags." Dewey wishes that we would advertise in the Fort Worth and Dallas papers, so he could back up his claims on ours being the world's largest man-made pool.

He suggested that we advertise in the Fort Worth-Dallas Labor News, too, which he says reaches many workers making in excess of one hundred dollars weekly. Many of these men, and their families would come and rent cabins and swim if they had more information on Lake Cisco, the Fort Worth man believed.

His wife, the former Marie Pierce of Cisco, passed her Red Cross swimming tests, Mr. Baker stated. She and their daughter were in swimming, also. They feel that Lake Cisco offers more for their vacation dollar than anywhere else in the southwest. And we agreed with them. We told them that we had long-range programs in mind to build and promote this area as an all-year round recreational center.

UNDERGOES SURGERY

Miss Pearlene Farley, daughter of Mr. and Mrs. Roy Farley of Cisco, was reported doing well Thursday morning following an emergency appendectomy performed at Hendricks Memorial Hospital in Abilene Wednesday. Miss Farley is working in Abilene during the Summer.

Michael and David Anderson of Eastland are visiting their grandparents, Mr. and Mrs. O. G. Lawson.

Mitchell News

Mr. and Mrs. Sherman Ervin of Abilene visited Friday with Mr. and Mrs. W. H. Ervin.

Mrs. Billy Joe Taylor and boys, Mrs. Jim Taylor and Roy Lee Taylor of Cisco, visited Sunday with Mr. and Mrs. Grover Taylor and Mr. and Mrs. Elvy Taylor and girls.

Mrs. Sport Speegle is visiting with Mr. and Mrs. Eugene Floyd of Odessa.

Mr. and Mrs. L. A. Sublett and boys of Odessa were guests Sunday in the home of Mr. and Mrs. W. H. Ervin.

Mr. and Mrs. A. G. Pate and children of Cisco and Mr. and Mrs. Benny McCann and Donna of Coleman visited Saturday with Mr. and Mrs. Walter Brooks.

Johnny Speegle and Linda returned home last week after visiting with Mr. and Mrs. James Nelson of Fort Worth.

Douglas Speegle, who has been working in South Dakota, is expected to return home this week.

Mr. and Mrs. Charlie Luster are at home now following their wedding in Denton last week.

BRIEFLY TOLD

Mr. and Mrs. L. W. Jensen, accompanied by their daughter-in-law, Mrs. Gerald Jensen and children, all of Holtville, California, have returned to their home after a visit in the home of Mr. and Mrs. Roy George and Mr. and Mrs. Nick Nickolas. They also attended the funeral of their brother-in-law in Baird.

Truman Bohanan and Howard Burnett of Odessa and Sgt. Eugene Watson, just back from Germany, spent the weekend with Sgt. Watson's parents, Mr. and Mrs. J. C. Watson. Mr. Burnett is a son-in-law of the Watsons.

Mrs. N. A. Brown left today for Weatherford to accompany her granddaughter, Emma Gay Withee, to Cisco for a visit.

Mr. and Mrs. A. D. Anderson have returned from a business trip to Shreveport.

Mrs. Katie Richardson is visiting her daughter, Mrs. John L. Higdon, in Abilene this week.

Barbara Bassett and Kay Pelfrey are attending the Baptist Encampment in Lueders this week.

Dick Anderson, Frank Vienna, Mr. and Mrs. Melton Pierson, and Mary Lou Stamey attended a musical in Dallas Sunday.

Mrs. O. C. Lomax and Mrs. W. M. Joyner attended the funeral of Mrs. Loren Everett in Putnam Wednesday.

Dr. and Mrs. Howard Brown and children of Vernon visited Dr. and Mrs. N. A. Brown Wednesday while en route home from a vacation trip to Corpus Christi and other points.

Mrs. Pearl Daniels returned Monday from a two week's vacation with her daughter, Mrs. Leslie Horn, in Little Rock, Ark.

Gene Eddings of Odessa was a visitor in Cisco Wednesday. Gene is a former student football player at Cisco Junior College.

Mr. and Mrs. Herman Barron were in Fort Worth Sunday to meet their daughter, Mable, who was returning from a month's visit in Denver, Colorado, with A-3c and Mrs. Barton Mashburn and son, Jimmy.

4-H Club Youths Back From Camp

The Eastland County delegation of 4-H Club boys to the District Camp at Lake Brownwood returned Wednesday after spending three days of swimming, playing and learning. The boys all reported a good time and they took an active part in all parts of the program.

The Eastland County club boys entered a team in all the competitive sports and won their share of the blue ribbons.

Clayton Stoker of Eastland and Ralph Berry of Cisco were camp horse shoe champions.

Jerry Davis of Rising Star was the highest scoring rifle marksman among the 150 boys present.

Gary Maynard of Rising Star won first place in the pasture and range judging contest and Robert Bell of Scranton took second place.

The Eastland County softball team won third place among the

12 teams entered in the tournament. Other events which the boys entered were volleyball, washers and bubble gum blowing.

The Eastland County orchard demonstration team composed of

Robert Bell and Bob Leveridge failed to win the trophy, but they plan to try again next year.

Those attending were Charles Veale and Lanny Sledge of Ranger, Leon Rogers of Desdemona,

Jerry Warren of Gorman, Bell of Scranton, Bob Leveridge of Cisco, Jerry Davis and Maynard of Rising Star, and Tom Stoker of Eastland.
