## The Gay Philosopher

By J. W. S.

LET'S GIVE THE Cisco Volunteer Fire Department our support for the big Jamboree at the Chesley Field at 8 p. m. Saturday. They have a top program lined up. The firemen use their profits from the Jamboree shows to add to their equipment and ability to do a better job of serving the city. Let's help make this week's Jamboree the biggest success of them all.

OUT AT THE Lake Cisco Park, the city has done a good job of cleaning things up. The trash barrels have been painted, and there's a sign on them that says, "Don't Burn Trash." But a good many picnic parties have been ignoring the signs. The city sends a truck around regularly to empty the barrels. If you burn the trash, it ruins the barrels.

The American Legion helps keep the park clean. They send a man around each morning to pick up things and put same in the barrels for the city truck. The park is a popular place and its popularity will remain at a peak if we all help keep it clean.

UNDERSTAND THE Rev. Leslie Seymour, district superintendent of area Methodist churches, was due home today. He has been in a Fort Worth hospital for the past week for minor surgery. After a few more days, he will resume his busy schedule of church and civic work, our scouts report.

UP AT THE S. H. Nance residence, they're pretty well pleased with their new water well. Mr. Steve figures it is good for 25,000 gallons or more a month and that's enough to keep a good lawn and plenty of shrubbery growing. Understand the Chesley Field water test was a dry hole after going to 280 feet.

WENT OVER TO the Henry Feed Store last evening to attend the meeting about the Cage Hen program. Representatives of the Furina company were present to show pictures and talk with a goodly crowd of area residents about the new idea in egg production.

Under the cage program, a man obtains proper housing for 500 or 1000 or 2000 hens. The hens go into small cages and spend their days laying eggs. The cages are designed so a hen can get plenty of feed and water, and the eggs roll out in front.

Figures provided by the company show that it costs around \$5 per cage to get into business. This includes the building, cages, hens and the necessary expenses of getting started. The figures show that there's a profit of between \$4 and \$5 per cage per year — a 12 to 15 month payout.

The figures of the U. S. Department of Agriculture were quoted to indicate that there is a substantial market awaiting egg products. Mr. Henry tells us that there's an Egg Factory (as the cage program is called) in operation over at Ranger and that the results are looking right good. Visitors are welcome over at the Ranger plant.

BESIDES BEING a good fisherman, Mr. Ray Judia is a right good grower of peaches. That's the impression we got yesterday after he brought us a basket full of huge Elbertas. Looking around in the Judia back yard recently, we decided that Ray is also in the rabbit growing business. He has a long row of pens full of rabbits.

SEVERAL FARMERS have asked us "when's it gonna rain?" Their peanut and feed and cotton crops need another rain to assure a good crop. We checked the weather forecast service bulletin at the First National Bank, and August is scheduled for one inch. There's a rainy period indicated around August 12-15. Another rainy spell is also forecast around the end of August.

Old timers tell us that if we get a rain around the first of September, the hot weather will be over. Nights are scheduled to begin getting cooler after the middle of August.

## FEDERAL BUDGET CUT TO SAVE TEXANS LARGE SUM IN TAXES

The West Texas Chamber of Commerce has estimated that Texas taxpayers will save \$538,020,000 in Federal taxes that they will not have to pay because of the \$12.6 billion in appropriations cut by the Administration and Congress from the Truman budget.

Calculating that Texas taxpayers bear 4.27 per cent of all Federal taxes, the Regional Chamber applied this percentage to the \$12.6 billion figure to derive its estimate.

The West Texas Chamber of Commerce said, "In cutting \$12.6 billion of appropriations from the Truman Budget for 1954, the Administration and the Congress paved the way to substantial tax savings in the next few years." The Chamber added that the cut in appropriations "cannot be expected to produce a similar reduction in Federal expenditures in 1954 from the Truman estimate of \$78.6 billion." It explained,

"The main reason for this is the fact that a large part of the appropriations cut from the Truman Budget by the new Administration and the Congress, such as for aircraft and other hard goods, were scheduled for actual expenditure in 1955 and later rather than in 1954. Consequently the savings from those cuts will not appear until 1955 or later."

The WTCC estimated that Federal spending in 1954 would total \$72 billion which is \$4.5 billion below the Truman estimate.

Mrs. Killingsworth To Get College Degree

## Friends Invited To Open House At W. B. Starr Home

Cisco area friends have been invited to attend an open house Sunday at the home of Mr. and Mrs. W. B. Starr, five miles southwest of Cisco, on the occasion of their 50th wedding anniversary. The open house will be held between 2:30 and 5:30 p. m.

The best route to the Starr home is to drive west on Highway 80, turning south just east of the Arch Birt home. Signs will be posted along the road from that point to direct visitors to the Starr residence.

The eight children of Mr. and Mrs. Starr began arriving early this week for a reunion in connection with the anniversary celebration.

The Press will carry a picture of Mr. and Mrs. Starr and a story on their life in the Sunday edition.

## Dumas Pastor To Be Speaker Here

Otis L. Proffitt of Dumas will be the speaker at both the morning and evening services of the Church of Christ Sunday, it was reported by church officers Friday.

Mr. Proffitt spoke at the Wednesday night services and was invited to return for the Sunday services. He served as minister of the Dumas church for five and a half years.

The public was invited to attend both the services of the church Sunday.

Mr. and Mrs. Lee Whitmire of Port Neches and Mrs. Art Knight of San Angelo are visitors in the home of Mr. and Mrs. C. E. Whitmire.

## ROTARY DISTRICT GOVERNOR IS SPEAKER AT LOCAL CLUB MEET

Grady Halbert, Governor of the 186th district of Rotary International, was the guest speaker at the weekly meeting of the Cisco club at the Hotel Victor at noon Thursday and talked to Rotarians and guests on the establishment, the growth, the development and the accomplishments of Rotary since the organization was founded in 1905.

Mr. Halbert cited Rotary, which has grown to be one of the largest international civic groups, as a means of better world understanding in a goal toward world peace. He told how Rotarians throughout the world had spread understanding and fellowship, and that through that fellowship world peace was made possible.

He urged the Cisco club to do a greater work and to look forward to a greater accomplishment.

In a meeting with officers and committee members Wednesday night, Mr. Halbert made several recommendations for the advance of Rotary in Cisco. He recommended a project for the club, and a survey of the community for the possible increase in membership.

Governor Halbert was introduced by Rotarian W. H. McAnally, president of the Cisco club.

Visitors at the meeting were Rotarians Seibert Worley, Shamrock; Lester Berry, Dan Dillingham, George Barron, C. M. Vaden, Harrel Brown and Frank Etter, all of Abilene; Dick Weston, Eastland; Lindsey Waters, Dallas; and Hugh Wagoner of Odessa. Other visitors were Frank Bell and Fred Barron of Abilene and Mrs. Leon Maner of Cisco.

## Moran News . . . Opening Date For Moran Schools Is Set For August 31

By MRS. C. C. CADY

The Moran public schools will open for the 1953-54 school year on August 31, with a full slate of teachers, it was reported this week by school officials.

The newest additions to the faculty are Mr. and Mrs. Charles Zeigler. Mr. Zeigler will teach vocational agriculture and Mrs. Zeigler will teach homemaking. He is a native of Gatesville and a graduate of A&M. She is a graduate of Winters High School and of T.S.C.W. in Denton.

W. D. Jeter and family visited relatives in Moran recently. He is the son of Mrs. G. W. Geter and had been attending summer school at the University of Colorado at Boulder. He has accepted the post of high school principal at Archer City. Last year he was principal at Iowa Park High School.

Miss Leota Parrish has returned to Moran after a vacation of several weeks with her cousin, Mrs. L. D. Lattimore, in Colorado Springs. Mrs. Lattimore accompanied her to Moran for a visit.

Edd Collingsworth and Ira McCrum spent Thursday through Saturday at Lake Brownwood fishing.

Mr. and Mrs. Frank Midkiff, Sharon and Sandra have returned from a two weeks vacation in Colorado and New Mexico. On their return trip they visited Mr. and Mrs. Gene Overby in Snyder.

Mrs. S. A. Chambliss and family of Odessa spent the past week in Moran visiting Mr. and Mrs. W. J. Midkiff and other relatives.

Mr. and Mrs. J. H. Donahy and Delma attended the Dockery family reunion at Fort Parker State Park in Groesbeck on Saturday, August 1.

The Church of Christ is in the midst of what was described as the best meeting in the history of the church with large crowds attending both morning and evening services. Joe D. Scarborough of Wharton is doing the preaching and Bobby Connell of Clyde is directing the singing. The meeting will close Sunday night.

Mr. and Mrs. Bert Overby, Mrs. Gladys Lane and G. B. visited Mr. and Mrs. Floyd Bills and son of San Antonio, and Mr. Overby's sister, Mrs. T. J. Irving at Bartlett, and a brother, Frank Overby, at Taylor last week.

Mr. and Mrs. Eugene Overby and family of Snyder spent the weekend with Mr. and Mrs. Bert Overby and other relatives.

Mr. and Mrs. Truitt Jones of Dallas spent last weekend in Moran with Mr. and Mrs. Cole Jackson. Other visitors were Mr. and Mrs. J. B. Grey and Mrs. Grey's father of Loveland.

## Hobby Club Notes

We will use this column the next few days to try to acquaint you with Hobby Club. So many people have asked what we are doing and who can come that we know you want to know what it is all about.

Mrs. J. V. Heyser is an ardent believer that if one knows at least one or two interesting crafts, he can find much satisfaction and even profit from such work. With this in mind, she began working some years ago to start a summer program for the purpose of teaching crafts to children.

The program has proved to be of interest to all ages, so mothers were made welcome with their children. Now all women and children of the community are urged to come. — Mrs. Arlin Birt.

## STATE C of C COUNCIL APPLAUDS 'TURN AWAY FROM SOCIALISM'

ABILENE, Aug. 6. — Several recent actions of Congress and the national Administration were seen today as portending "a possible turning of the tide of American socialism."

The Council of State Chambers of Commerce prepared a study for the West Texas Chamber of Commerce and thirty other state and regional Chambers of Commerce.

"Sufficient headway has been made this year toward halting and reversing the tide of American socialism to give great concern to its adherents. But progress to date can only be called a start when measured against the distance that socialism in the United States had already crept in the past two decades.

"The Federal Government already owns 25 per cent of the land. It has a monopoly on atomic energy production. It is by far the largest single producer and distributor of electrical energy, having power customers in 29 States.

"Its insurance, banking and credit activities dwarf even the largest private ventures in these fields. And it operates numerous other untaxed, tax-payer financed businesses which compete with taxpaying, privately financed business."

The study pointed out that this is "a broad and fruitful field for study and action by the Administration and the Congress," adding,

"Its potential is the return to full private enterprise in the United States and substantial reduction of the public debt."

The Council study cited as measures countering socialism the return of the "tidelands" to the States, moves to permit private utilities to develop the Roanoke Rapids in North Carolina and the Niagara River in New York, efforts to contain the expanding

operations of TVA and steps to relinquish the Inland Waterways Corporation and synthetic rubber manufacturing plants to private enterprise.

The "Tidelands" Act was held by the Council study to have "inflicted a major setback to those who would centralize ownership and control of the land in Federal hands." It added,

"While the Act merely restored ownership and rights in the States to lands which historically had been theirs, this was a 'Giveaway' in the eyes of the measure's opponents."

Pointing out that the socialist program calls for State ownership or control of such basic industries as electric power, steel, oil, coal and transportation, the study said,

"Nationalization of electric power is especially important because it would enable the Government to control the decisions of most other industries on where they might locate, what they might produce and whom they might employ."

The Council study noted that "all three branches of our Government" have taken a number of steps in recent months "toward stopping and even reversing the encroachment of the Federal Government in industry."

## Mrs. Massey Returns From Abilene Hospital

Massey, who has been in an Abilene hospital for several days being treated for a broken hip received in a fall at her home here recently, has been brought to the home of Mr. and Mrs. Mac Cheshire on the Lake Cisco road to recover from her injuries. While her condition was described as good, company was discouraged for the next few days.

## ATHLETICS ELIMINATE CARDS IN PLAYOFF, MEET GIANTS TONIGHT

The Little League Athletics were one step nearer winning the second half title in the Cisco League after they eliminated the Cardinals in a fast game at ABC Field Thursday night by a 10-1 score.

The Athletics put on a scoring spree in the third inning that accounted for their 10 runs. The Cardinals scored their lone tally in the fourth inning when Lavery and Escobedo was thrown out to retire the side.

The win over the Cards Thursday night gave the Athletics the right to meet the Giants Friday night (tonight) in a game that will decide the winner of the game tonight will meet the Braves in a best two out of three series beginning Monday night to decide the championship of the league for the season. The Braves won the first half.

Arthur Chatman was the winning pitcher Thursday night when he went the full six innings allowing the Cards only five hits. Edwards was the losing pitcher for the Cards. He was relieved by Bennie in the eventual third. Edwards and Bennie allowed the Athletics seven hits in the third inning. They held their opponents hitless in the other four frames.

## SIGNS OF LIFE

America, generally speaking, is a sign-conscious nation. We depend on the convenience of signs in thousands of phases of our daily lives. Signs tell us prices in stores, advertise merchandise in shop windows, speed up all our methods of conducting business.

And signs help us maintain order in countless little ways. For instance, if there were no signs it might be difficult — almost impossible — to keep people from walking on the grass, disposing of trash where they shouldn't, smoking in forbidden places, loitering in busy buildings, posting bills on telegraph poles, talking and shouting in libraries and hospitals.

Then, probably most important of all, we have traffic signs to guide and protect motorists and pedestrians on the nation's streets and highways. These signs are so

## Annual Campaign For Polio Agency Will Be Planned

GONZALES, Aug. 6. — On August 9, approximately 150 Divisional and Campaign chairmen, from all sections of Texas, will meet with officers and staff of the Gonzales Warm Springs Foundation for Crippled Children, to discuss final plans for the annual fund-raising campaign which is scheduled to open in September.

Of paramount importance to the success of the campaign is the opportunity this session affords many of these leaders to visit the Foundation for the first time, thus enabling them to acquire a more comprehensive knowledge of the operational procedures, treatment program, and the necessity for conducting this annual drive for funds.

During the campaign these chairmen will seek to raise a portion of the funds necessary to maintain and expand the facilities of the Gonzales treatment center of Physical Medicine and Rehabilitation. These facilities are available to any Texas child regardless of race, creed, or financial condition.

This non-profit, non-sectarian hospital was developed through the contributions of generous Texans from every corner of the state and has earned the approval of the American College of Surgeons as well as other accrediting agencies. It accepts patients from all over Texas, and the Foundation medical staff feels the child will benefit from the treatment program of physical medicine and rehabilitation.

Take your family to Sunday School and church every Sunday.
