CISCO, TEXAS, TUESDAY, FEBRUARY 2, 1954

NUMBER 40

The Gay Philosopher

By J. W. S.

YOU CAN GET set for six more weeks of cold weather. The ground hog was due out this February 2nd and, according to tradition, if he sees his shadow he goes back into his hole for six more weeks. The ground hog would have to be blind to miss seeing his shadow today.

OVER AT THE courthouse in Eastland yesterday, we heard some old-timers talking. And they were telling about some very cold weather being due in these parts around Feb. 12. We came back by the First National Bank to look at their weather forecasting service. Sure enough, the period from the 10th to 15th of February is supposed to be rainy and cold.

TWO CISCO women were born on Ground Hog Day and are celebrating birthdays today. They are Mrs. Emma Schaefer, 88, and Mrs. E. C. Duncan, 68. Sunday was the birthday of Mrs. Lela Latch Loyd of Waco and formerly of here. Other birthdays this week:

Feb. 1 — C. B. Powell, Mrs. J. S. Mobley, Beth Andrews.
Feb. 3 — Rev. Sidney Spain.
Feb. 4 — Mrs. Carl Pence and Mrs. W. A. Harder.
Feb. 5 — Mrs. Joe Lambert.

Celebrating wedding anniversaries this week were Mr. and Mrs. Fred Erwin, Feb. 1, and Mr. and Mrs. Marston Surles, Feb. 2.

TWO HUMBLE Pipe Line Company men here are being transferred after many years in our town.

Mr. Rex Carrothers was to leave today for Houston. He is scheduled to be in the right-of-way department at Houston on a temporary assignment for one year.

Mr. M. M. (Tut) Tabor is due to leave the first of next week for Pierce Junction, six miles out of Houston, for a temporary assignment for one year.

Understand the families of both men will remain here until school is out. We can speak for our whole town to say that we hope that they'll be back when their year of temporary duty is ended. Both the Carrothers and the Tabor have been good citizens of our town.

A DOZEN OR more members of the West Ward Parent-Teacher Association got some experience as school teachers last week. They served as substitutes for the teachers at West Ward and East Ward schools for half a day while regular teachers attended special lectures.

Mrs. Norman Rawson, P-TA president, helped arrange for substitute teachers. And the substitutes included Mesdames W. L. Darr, Cy Ainsworth, Robert Mitchell, J. M. Starr, L. O. Thompson, Vera Kleiner, O. L. Lee, J. W. Sifton, W. L. Moore, Hershel Barnes, I. A. Brunkenhoefer, E. H. Cheves and Marshall Jones.

DROPPED BY the new W. J. Foxworth home up on West 5th Street the other afternoon. The Foxworths are beginning to move a few things in. Some plumbing work, a little brick laying and carpet laying is about all that remains to be done before the home is complete. Mr. Welborn Garrett is the contractor.

It's an attractive home with redwood siding. There are two huge bedrooms, ample closets, a bath and a half, a large living room and dining room, and a fine kitchen. Mr. Foxworth has a screened room on the southeast which should be a fine place to stay in the summer.

A TOTAL OF 898 Ciscoans paid their poll taxes at the Chamber of Commerce office here, Mrs. Peggy Gallagher reported today. Saturday was the deadline. A good many others were probably paid at the courthouse. Counting poll taxes and exemptions, our town ought to have a voting strength of 1,500 or more this year.

Mrs. Gallagher went into the auto license plate selling business Monday as she checked in her poll tax operation to Mr. Stanley Webb, the county assessor and collector. You can buy license plates for passenger cars, trucks, farm trucks, commercial vehicles and trailers at the C of C office here.

ALL FOR SHAKESPEARE—Raymond J. O'Connor, right, president of the Stratford, Conn., Chamber of Commerce, is presenting a check to actor Basil Rathbone in New York. The money will help build a permanent American Shakespeare Festival Theater in Stratford. Standing behind a model of it are, left to right, actresses Ilka Chase, Vanessa Brown and Lillian Gish.

SEARCH BEGINS FOR FARMER OR RANCHER IN BIG PRIZE EVENT

RENNER, Feb. 2.—The search began today for Texas' outstanding farmer or rancher. Throughout the state five regional committees have begun selecting nominees for the 1954 Hoblitzelle Achievement Award for the Advancement of Texas Rural Life. The award consists of \$5,000 in cash and a gold medal. It was established by the Hoblitzelle Foundation in 1951 and is presented through Texas Research Foundation at Renner, Texas, "to give suitable recognition and financial encouragement for personal accomplishments in the field of rural life improvement in Texas."

In North Central Texas a regional committee headed by Mr. Dan Kiber, Arlington State College, Arlington, Texas, has been named to receive and to make nominations of candidates for the Award which will be presented at the annual meeting and field day of Texas Research Foundation May 19 at Renner. Other members of the committee are: Mr. John Wells, Farmer, Plano, Texas; Mr. Leon Thompson, Citizens National Bank, Waco, Texas; Mr. Don Lamer, Soil Conservation Service, Terrell, Texas; and Mr. C. M. Caraway, Rancher, DeLeon, Texas.

Meanwhile four other similar regional committees are at work to make nominations from their respective areas of the state.

Fred M. Shaw, secretary of the Hoblitzelle Agriculture Awards, reports that the specific award to be presented this year is given every third year to the Texas who has made the most important contribution to Texas rural life as a practicing farmer or rancher. All adults working in this broad area of agriculture are eligible for the Award, irrespective of creed, color, nationality, or affiliation with agricultural organizations.

Shaw said that anyone who wishes may nominate a farmer or rancher for the Award. The nominee may live either within or outside the region in which he is nominated. These nominations are to be forwarded not later than

GOOD BUSINESS YEAR FORECAST BY WTUC LEADER IN TALK HERE

Gross sales were slightly more in 1953 than in the year before and there is no reason why 1954 shouldn't be as good or better than the past year, Vice President F. W. Schroeder of West Texas Utilities Company told a meeting of Cisco district employees here Monday.

The utilities company, which operates in some 170 towns "from the Red River to the Rio Grande," anticipates a good year, was Mr. Schroeder's optimistic statement.

George Spaan, general sales manager for the company, spoke to the employees on sales programs and plans for the year. H. D. Austin, district manager; Joe Eddie Hayes, district sales manager; Jimmie Martin, public relations; G. C. Osborn, general lighting supervisor; Jerry Sires,

Flags Available For Next Of Kin Of Korean Dead

AUSTIN, Feb. 2.—Next of kin of soldiers officially declared dead at the end of 1953 after they had been listed as missing in Korea for at least one year may obtain a flag of the United States at the nearest Veterans Administration office or post office, Fourth Army headquarters said today.

A copy of the official notification of death must be presented at time of request. It was explained further that when military personnel are buried outside the United States or remains are recovered or are identified, the next of kin are entitled to flags.

When death occurs in the United States, or remains are being returned to the United States for interment, the military service normally supplies a flag, which is placed over the casket when the body arrives at the destination and is given to the next of kin after the funeral.

A flag may be obtained from the nearest Veterans Administration office or post office whenever a flag cannot be supplied by the military service in time for burial.

City Tax Collections Ahead Of Last Year

City taxpayers paid more than 90 percent of their 1953 tax bill by the January 31 deadline, City Secretary Hal Lavery reported today. Total 1953 tax collections amounted to \$72,321.25. This was about \$200 more than the amount of taxes collected at the same time last year.

Unpaid taxes became delinquent on Feb. 2. Payments were allowed on Feb. 1 since the deadline date fell on Sunday.

City tax collections were ahead of last year's by \$200 more than the amount of taxes collected at the same time last year.

C. J. C. FIGHTERS WIN BOUTS IN REGIONAL GOLDEN GLOVE BOUTS

Two Cisco Junior College boxers won the championship in their weight division in the regional Golden Gloves tournament held in Abilene Thursday through Monday, and two others won runner-up honors.

Jimmy Adams from Kosse, Wheat, fighting as a heavyweight in the novice division and C. A. Wheat, fighting as a heavyweight in the same division, were the winners. Wheat enrolled at C.J.C. at mid-term. He is from Irving.

Runners up were Richard Baack of Wylie, who was a heavyweight fighter in the novice division and Gene Burke, a light heavy in the open division. Burke is from Fort Worth. Adams, Baack and Burke were members of the Wrangler football team and will return next year. Wheat will play with the team next season.

Adams won the light heavy crown by knocking out Roy Wallace of Midland in 45 seconds of the first round. Earlier in the round he pounded the Midland boy to the canvass for an eight count. Wallace came back to land three solid blows before Adams roared back with a two-handed attack that knocked his rival out of the ring. The referee stopped the fight and awarded the bout to Adams on a K. O.

Wheat won the heavyweight title in the novice division by taking a three round decision over his school mate Baack. He floored Baack twice in the second round, but Baack came up for more. Wheat had the best of hard third round. Officials described the bout as one of the best in the tournament.

He is now stationed at Sheppard Air Force Base, Wichita Falls, where he is in airplane and engine mechanic training. He entered the Air Force on November 3, 1953. He is a graduate of Cisco High School.

Orders for CARE overseas aid packages can be placed at the local Railway Express Agency office, B. F. Smith, local agent, advised today. This is part of a nationwide plan.

Railway Express Offices To Take CARE Packages

As a contribution in the public interest, the REA has agreed to make its offices available as CARE information and donor centers, without any charge to the international welfare organization, Paul Comly French, executive director of the Cooperative for American Remittances to Everywhere, Inc., and A. L. Hammell, Railway Express president, announced in a joint statement released at CARE's New York headquarters.

Mr. Hammell said, "I feel that in offering the use of its principal offices and personnel to CARE, Railway Express, which is looking forward to celebrating its 115th anniversary on March 4th is giving a birthday present of significance to CARE as a contribution in the public interest."

"Railway Express wants to help bring CARE closer to the public," Mr. Hammell stated, "because we know that foreign aid is more than just a government function and that American industry, commerce and transportation, together with the American public as a whole, must shoulder the responsibilities that are implied in our position of leadership in the free world."

Express agents in each participating office will be kept fully informed about the kind of food, textile and "self-help" packages CARE delivers to the people of more than 40 countries throughout the world, Mr. French explained.

WRANGLERS TO TANGLE WITH ALLEN ACADEMY HERE TONIGHT

The Cisco Junior College Wranglers will meet the potent Ramblers from Allen Academy at the community gym at 8 o'clock tonight. The Ramblers are leading the T. J. C. A. C. basketball chase with four wins and no losses.

Monday night the Wranglers won a comparatively easy conference contest from the Blinn Bucaneers by a score of 74-67. Friday night they dropped a contest to San Angelo Junior College and Saturday night won handily over the Goodfellow Air Force Base.

March Of Dimes Dance Is Planned At Club Tonight

Travis Parmer and his Orchestra will play for a dance Tuesday night (tonight) at the Veterans Recreation Club and the proceeds will be given to the March of Dimes, Club Manager Jesse Simmons reported.

Fire Chief Pete Clements and a committee of city firemen will be present to assist with the program.

Members of the orchestra — Mr. Parmer, Ray Judia, Alfred Parks and Ken Russ — are donating their services for the polo campaign benefit, and Mr. Simmons is donating the use of the club for the same cause. The club building recently was enlarged and re-decorated.

The dance will begin at 8:30 p. m. and last until midnight. The public has been invited to attend.

Patrolman Talks At Humble Meet

Captain Ross Kemp, state highway patrolman at Abilene, was the speaker for a safety meeting of Humble Pipe Line Company employees at the district headquarters here Monday morning. His talk covered rules of conduct for highway driving.

C. M. Townsley, employee at the Putnam station, who retired last month, was presented with a wrist watch, a billfold, retired employees' emblem and credit card in a brief ceremony at the meeting. In addition, fellow employees presented him a television set.

W. O. W. TO MEET

Members of Camp 500 of the Woodmen of the World were reminded of the regular meeting to be held at 7:30 o'clock tonight at the lodge hall. All members were urged to attend the important meeting.

WORD CLUB TO MEET

STRANGE BEDEFFELLOWS—Air line stewardess Gwen James doesn't exactly have her hands full at an air freight office in Chicago, but she has to be mighty careful. That English bulldog and the baby chick eyeing each other had been flown in en route to other destinations, but they were not traveling together.

COTTON ALLOTMENTS

Texas' share of increased 1954 cotton allotments should be allocated by the State PMA Committee directly to the farmer to take care of "hardship" cases, the Texas Farm Bureau of Directors recommended last week. The FFB Board, in session in Waco, asserted that "hardship" cases would benefit more through this procedure than if acreage increases were apportioned by county history.

HIS WHOLE LIFE BEFORE HIM!

HELEN COLBURN Helen Colburn is assigned to McKnight by the Division of Vocational Rehabilitation of the Texas Education Agency. "How do you feel about this trade," this reporter asked him. "Do you like it?" His response was quick and sober. "Of course," he said. "You see, until now I had no trade. I had no chance to have one." His personal qualifications led to Mr. Henderson's advice that he learn the shoe repair business. "He will make a valuable employee and eventually a good business man," the rehabilitation director stated confidently.

Let Your Basement Heat Grow Plants for Garden

Over a basement window opening to the east, south or west, a do-it-yourself hobbyist can easily construct a hotbed. The heat which escapes from the window will never be missed by the house occupants. To supply it to your plants by any other means would cost considerable in equipment and current. Through the window access to the hotbed can be obtained in cold weather without exposing yourself to the outside air. In mild weather the work can be done by lifting the sash outside. The working-drawing herewith gives details for a two-sash frame, 6x8 feet. If a single frame, 6x8 feet is preferred the necessary changes can easily be figured.

Doughnut Fruit Burgers

When your little folks need an energizing mid-morning snack, give them Doughnut Fruit Burgers to go with their milk. They're colorful fun to eat, and a tasty supplement to milk. And children will like the taste of powdered sugar coated doughnuts with pineapple. These are the cake quality doughnuts made from a cook book recipe which you get from your grocer's ready-to-eat cake department. Make Doughnut Fruit Burgers by placing a well-drained slice of pineapple between doughnut halves. Top with a stemmed maraschino cherry, if desired. Give them to children as an after-school snack, too and serve them as a dinner dessert with warm pineapple sauce, or tart cherry sauce. Make some today for the kiddies' between-meal pickup, and for luncheon or dinner dessert with cherry sauce.

School For Game Wardens Resumed

AUSTIN, Jan. 30.—The regular Game Warden School which was discontinued temporarily has been resumed at Texas Agricultural and Mechanical College, it was announced by the Executive Secretary of the Texas Game and Fish Commission. The school will run for four months. Warden Joe Matlock, recently assigned to the Fort Worth staff, will be the instructor. Previously, Matlock had been stationed at Junction. Fourteen young men comprise the class. On graduation, the new wardens will be assigned to work with veteran members of their force for on-the-scene training before being assigned to their own territory. The Executive Secretary said a few of the new men will be used to take the place of staff vacancies but that most of them will be assigned to counties which do not have wardens. The present warden staff comprises about 180 men.

James Starr Gives Talk On Soil Testing At Garden Club Meeting

The Cisco Garden Club met in regular session Monday afternoon at the clubhouse with the president, Mrs. Ray Chapman, presiding.

Mrs. W. H. Greer of Eastland was introduced as a new member and bulk packages of hyponec (34-47-46) were distributed to the group. It was announced that Mrs. Helen Brashear would have charge of further distribution of this material.

The club voted to give \$25 to the District 8 Therapy Fund in sponsoring the present drive to establish a Therapeutic Center in Abilene for the handicapped or exceptional people. This center is to be equipped with facilities for rehabilitating the handicapped and will promote hand craft such as weaving, leather tooling, wood carving, painting, and typing, with sales room in which to sell their goods. It will also have a

library including books in braille. Club members made plans to send a shipment of magazines to the Abilene State Hospital. The club voted to purchase four dozen punch cups for use at the Federated Club building. Mrs. Charles Spears, flower show chairman, announced plans concerning the spring show and Mrs. Shy Osborn, horticulture chairman, gave a list of things to do in gardening during February.

James Starr, agriculture teacher at Cisco High School, discussed "Soil Testing For Deficiencies in Major Elements." He pointed out that lime in the soil either locks or unlocks the other elements. In Eastland County, fortunately, he said, "there is usually sufficient lime in the soil."

"The characteristic sign of nitrogen hunger in plants is, first, the tip of the leaf turns yellow. The yellow color will run down the midrib to the base of the leaf then the yellow tissue will turn brown and die. Yellow leaves, stunted plants, and the tips of the leaves will be fired a reddish tint. Lack of phosphorus or phosphate in plants may be detected by the leaf turning red or purple. In many cases this reaction may first be noted on the underside of the leaf."

OPTICAL ILLUSION—It's very possible that at first glance you might think this winter-bare tree in New York is the resting place of a flock of shivering birds. But take another look and you'll see the creatures for what they are—youngsters out playing in the snow with their sleds.

'TAINT' FAIR!—As he shivers in the cold air of Fort Worth, Tex., Earl J. Roberts is looking enviously at a department store dummy which is dressed for very warm weather, indeed. Roberts' fur-lined parka doesn't seem to be doing him much good as he stares through the plate glass window. His one hope is that cold weather won't last very long in his section.

Although Joe Sidney Row, 6-year-old polio patient of San Antonio, relies on an iron lung to help him breathe, his need for exercise is met by temporarily substituting a chest respirator while his arm and leg muscles get a workout. Here Georgiana Harmon, staff therapist, is ministering to Joe in the Southwestern Poliomyelitis Respiratory Center at Houston's Jefferson Davis Hospital. This center, one of nine throughout the U.S., is made possible through contributions to the March of Dimes of the National Foundation for Infantile Paralysis. Thousands of youngsters like Joe will benefit from prolonged treatment such as this to strengthen polio-weakened muscles. By joining the 1954 March of Dimes you will help to assure that proper care is always ready for every polio patient needing it.

If You Are Looking For Trouble —

If we live prayerfully, drive carefully and act thoughtfully, it won't be so bad. Happy New Year!

You live in style in the '54 FORD

Your life on wheels couldn't be more pleasant! Your surroundings are a decorator's dream come true with beautiful new interiors you would never have found, formerly, outside of the most expensive cars. You touch a button beneath a window and it goes up or down. A master control, next to the driver, controls all four side windows. Power helps you drive more comfortably, too: Master-Guide power steering takes up to three-quarters of the work out of steering. Swift Sure Power Brakes help you stop with up to one-third less effort. Fordomatic does your shifting for you. The 4-Way Power Front seat goes up or down, front or back at a button's touch. Then, too, "life" is pleasant on even the bumpiest roads. New Ball-Joint Front Suspension gives you the smoothest ride you've ever experienced in any car. And, of course, you'll find driving a lot more fun with the road-ruling "Go" of Ford's new 130-h.p. Y-block V-8 or new 115-h.p. I-block Six.

The many fine-car dividends
you get make it more than ever
