The Gay Philosopher

By J. W. S.

DROVE OUT TO the Spencer peach orchard last Sunday afternoon and it was a sight to behold. Although part of the blooms had been damaged by the frost, the orchard was very attractive. The trees are of uniform size and appearance and planted in straight rows.

If you haven't seen the orchard, it would be worth your while to drive out and look. It's at Long Branch.

YOU'VE HEARD about frogs being buried and chickens growing in jugs. Down at The Press office, we have a wasp in the chewing gum machine. A month or so ago, the man who services the Lions Club gum machines left a new one at our office. And in the top was a wasp. The wasp seems healthy enough but a little on the restless side. He has eaten into one ball of gum. He spends his days walking around on top of the balls of gum and as people buy gum they give him more room.

All of us at The Press office are watching the situation with interest.

YOU'LL WANT to drop Miss Glenna Moad a postcard to wish her well as she undergoes a major operation Thursday at the Scott and White Hospital, Temple. She's in Room 363 there. Miss Moad, accompanied by her parents, the Rev. and Mrs. C. S. Moad, and her brother, Fred Moad of Clinton, Okla., went to Temple on Monday.

Home folks were advised today that Miss Moad, who is an assistant cashier at the First National Bank, would undergo surgery Thursday. She's due to be away from her desk for about 45 days.

DROPPED IN AT Dr. E. H. Ramsey's office on Monday as he re-opened for business after being closed for nearly two years for military service. He reported that "it seems like old times and it's good to be back at work." A number of folks sent flowers for his re-opening.

SEE BY THE Fort Worth paper that the Pampa basketball team has won the state 4-A crown for the second consecutive year. Their coach, you know, is the son-in-law of Mrs. Peggy Gallagher of our town. He is Mr. Clifton McNeely and he made a very outstanding record as a basketball player at TWC, Fort Worth, a few years back.

OUT AT THE Humble Pipe Line Company offices, Assistant Division Superintendent George Irvine has just finished teaching a special course for company employees. This week, he's teaching the same course to Humble men at Abilene, and a similar course will be offered later by Mr. Irvine elsewhere in the division.

Mr. Irvine's scouts, by the way, report that things are beginning to shape up for a fine trout fishing season in Colorado. He always spends the month of August in Colorado's trout streams. There's been a lot of snow in the Colorado mountains and this is good for summer fishing.

HEAR THAT Dr. Otis Strickland and family of Decatur Baptist College and formerly of Cisco will attend a world church meeting in Europe this summer. . . . Mr. Jesse Simmons of our town plans to undergo an operation on his right hand at the Veterans Hospital in Dallas next week. . . . Miss Pat Fry of Cisco is a member of H-SU symphony orchestra, and this band will make a two-day concert singing on Thursday and Friday. They're tour will include Ranger at 9:30 a. m. Thursday.

DROVE UP TO Lake Bernie the other afternoon and wet a fish hook for an hour or so. Lost one worm. Didn't see a fish, but it was siesta time and the fish were probably sleeping. A big flight of ducks circled over once and then came in again for a landing in the middle of the lake. They're probably stopping over here until it warms up a bit more so they can go on to the north. Lake Bernie is a pretty place and the lake is bigger than you'd think at first glance.

Mr. and Mrs. Luther Rogers of Moran were visitors in Cisco Monday.

WINTER REFRESHMENTS—A tiny young miss was attracted by the cry of the roasted-chestnut vendor on a bridge in Paris. That meant mamma had to stop and make a warm purchase but perhaps she shared it with her daughter in an effort to help ward off the piercing cold weather.

Little Leaguers Asked To Report For 1st Workout

Cisco Little League officials have asked all Little League candidates who did not play during the last season to be at the community gym Wednesday after school to begin practice sessions for possible team assignments. The group was asked to meet at the practice field at the north east corner of the gym block.

All new players who have signed up, and all boys who desire to play who did not sign up before March 1 deadline, were asked to meet Wednesday. The boys will work out for two or three days so that team managers can look them over. Following the drills a meeting will be held and the players will be sold to the various managers.

Stress was placed on the point that it would probably be the last opportunity a boy will have to sign up for the coming season. Boys already assigned to teams need not report Wednesday. The meeting is open only to boys who did not play during the first season last summer.

Flournoy Cleveland Gets Army Discharge

S/1c Flournoy Cleveland returned from Korea on February 28 and received his discharge from the armed forces on March 4.

He has returned to his home in Cisco and is spending his vacation time with his parents, Mr. and Mrs. G. S. Cleveland, prior to assuming his work with the Southwestern Bell Telephone Company. His wife is with him here.

OES MEETS TONIGHT

The Cisco Chapter No. 461 of the Order of Eastern Star will meet tonight at 7:30 o'clock at the Masonic Hall for their regular stated meeting. All members are urged to attend.

PLANS ARE ANNOUNCED TO HOLD ANNUAL TRACK AND FIELD MEET

Jay Williams, head coach at Cisco High School, announced this week that plans were being made to begin an annual track and field meet at the high school athletic field.

The annual affair will probably be known as the Big Dam Relays with the first meet being held Saturday, March 20. Invitations are being sent to at least 10 area schools to enter teams.

Eastland High School has already accepted an invitation to enter the meet and a full entry list was expected.

Sgt. Moore To Be Sent To Far East

Mrs. J. W. Moore of Cisco has received word that her son, M/Sgt. E. W. Moore is to report to San Francisco on April 21 for assignment to the Far East. He has been stationed at Carswell Air Force Base.

Sgt. Moore spent 27 months in the Philippines before returning to the States two years ago. His wife and children will go to Bradley, Illinois, where they will make their home until he returns to the States. Mrs. Ted Hale of Cisco is a sister of Sgt. Moore.

Metallurgists Will Be Hired In Exams

The Ninth U. S. Civil Service Region is now accepting applications for the purpose of establishing eligible lists for positions of metallurgist, \$5,060 to \$7,040 a year, for filling positions with the Bureau of Mines at Bauxite, Arkansas, and Rolla, Missouri, and other Federal Agencies in the States of Iowa, Kansas, Minnesota, Missouri, Nebraska, North Dakota and South Dakota.

No written test is required. Applicants must have had 5 1/2 to 7 1/2 years of experience; appropriate education may be substituted for most of the experience. There is no age limit for these positions.

Those persons interested in metallurgist positions requiring less experience may submit applications for junior scientist and engineer, which calls for 4 to 4 1/2 years' experience or education.

Necessary application forms or information as to where such forms may be obtained is available in any post office within the above states, as well as post offices in Arkansas, Louisiana, Oklahoma and Texas; or from the Director, Ninth U. S. Civil Service Region, New Federal Building, St. Louis 1, Mo.

Mr. and Mrs. Mickey Carroll and daughter, China, of Big Spring were visitors in Cisco over the weekend.

STEPHEN LEWIS BISBEE

Mr. and Mrs. Lewis Bisbee of Cisco announced the birth of a son, Stephen Lewis, in the Rising Star Hospital at 1:40 p. m. Thursday, March 4. The baby weighed eight pounds and two ounces, and both mother and baby were doing nicely. They were expected to return home Tuesday morning.

Some 1,630 Boxes Of Cookies Sold By Girl Scouts

Mrs. D. N. Morrison, chairman of the local Girl Scout Cookie sale, reported Tuesday that Girl Scouts and Brownies from the Cisco troops had sold approximately 1,630 boxes of the cookies here.

The sale has been a success, Mrs. Morrison said, and before the project is over this week all cookies will have been sold. She said that there were less than a hundred boxes left to be sold.

The original quota was 1,562 boxes and the quota was reached the first two days. The committee obtained 120 additional boxes to begin this week's sale.

At least three Scouts had made the 54 Club by selling 54 boxes each. They are Joan Parkinson, Linda Curry and Sandra Chance. Others were on the verge of making the club and were expected to go over before the end of the sale Saturday. They will be awarded prizes for their efforts.

A part of the money derived from the sale remains in the local troop treasury and the remainder goes to the area office to be used in the building of a permanent area camp at Lake Brownwood.

Texas One of Top Vacation States

Texas was one of the twelve top vacation states during the year ending March, 1953, according to the fourth nationwide vacation travel survey recently completed by the Research Department of the Curtis Publishing Company.

Vacationers named Texas as the destination of 4.6 percent of all trips taken during the year. New York state accounted for 10.9 per cent, California 8.4 per cent, Florida 7 per cent, Pennsylvania 5.7 per cent, Michigan 5.2 per cent, New Jersey 4.8 per cent, and Ohio 4.8 per cent of all the destinations mentioned by vacationers. Illinois, Wisconsin, Virginia and Massachusetts, in that order, accounted for the other four states receiving the most destination mentions by the millions of families taking vacation trips.

UNDERGOES SURGERY

S. N. Poe, who underwent surgery several days ago in an Eastland hospital, was brought to his home here Saturday, but was forced to return to the hospital Sunday for additional minor surgery. He was reported as recovering satisfactorily Tuesday and will probably return home late this week.

Mrs. Gay Weaver spent the weekend in Brownfield with her daughter and husband, Mr. and Mrs. J. W. Harris.

FULL ENTRIES EXPECTED IN ALL DIVISIONS AT LIVESTOCK SHOW

Full entries are expected in all divisions at the annual Eastland County Livestock Show to be held at the old airport in Eastland on Friday and Saturday, March 26 and 27.

All animals must be in their places properly entered by 11 a. m. on Friday morning, March 26, reports C. M. McCain, Eastland, general superintendent of the stock show.

Exhibitors are limited to two head per class in both breeding and fat animal divisions except for FFA Chapter and 4-H Club projects, it was said. This is one of the very few new rulings.

Another is that no fat animal may be shown in the breeding classes or vice versa.

Animals in the breeding classes must be representative of their breed but do not have to be either purebred or registered. This is the same regulation that has been in effect for the past few years at the show.

McCain is asking that the superintendents of the various divisions

be there on the ground by 9 a. m. in order to properly enter the animals. All judging will be done on the following day beginning at 8:30 a. m.

The county show is sponsored by the Eastland County Livestock Raisers Association. Boyd Hillery of Gorman is president.

More Money For Texas Highways Urged By Agency

AUSTIN, March 9. — The Texas Good Roads Association will immediately begin to develop a program for a one cent increase in motor fuel revenue for highways and a constitutional amendment which will freeze the entire amount for highway purposes only. This announcement was made by J. H. Kultgen, of Waco, who has been elected for the third time as president of TGRA.

Other officers elected with Kultgen were Bronson Morgan of Morgan & Lindsey, Jasper, first vice president; W. Hoyt Baird of Mrs. Baird's Bakeries, Fort Worth, second vice president; H. B. Zachry of the H. B. Zachry Company, San Antonio, third vice president; and George G. Smith, Texas Construction Materials Company, Houston, fourth vice president. Howard T. Cox, president of the Capitol National Bank of Austin was elected treasurer, and Gen. Ike Ashburn of Austin, executive vice president.

New members of the executive board also include the following: Jerome K. Crossman, Dallas; Tom K. Eplen, Abilene; John D. Harper, Rockdale; Russell L. Jolley, Houston; John C. Jones, La Feria; Joe M. Leonard, Sr., Gainesville; James D. Piper, Austin; Charles E. Simons, Dallas; Ed C. Sullivan, San Antonio; and Fred Wemple, Midland.

The association also went on record asking for a study of the present motor vehicle license fees and of the existing road user tax levies with a view of recapturing amounts now being diverted to other than road purposes.

"We are also making a strong demand on the Governor and the Legislature to recognize highways in the first order of business in the 54th session," President Kultgen said.

HD CLUB WILL MEET

The Pleasant Hill Home Demonstration Club will meet Thursday, March 11, at the home of Mrs. Arless Pierce at which time an appropriate program will be given in commemoration of the club's third anniversary. All members were urged to attend.

Youths Required To Register For Selective Service

The Eastland-Stephens County Selective Service Board has issued a statement designed to clarify the requirements as to registration of 18 year old youths as set by the Selective Service Law.

It was pointed out that there was some misunderstanding as to the requirements and that some youths were failing to register at the required time.

The law requires youths to register with their boards within five days after attaining their 18th birthday. Some youths, it was pointed out, were under the impression that they were not required to register until they are 18 1/2 years of age, and some were waiting as long as two or three months to register.

It was pointed out that penalties of fines and imprisonment were provided for those who fail to register as required. Persons who are subject to registration must have a registration certificate in their personal possession at all times and failure to have the certificate, if called upon, is considered evidence of failure to register.

Jewell Reeves, clerk of the Eastland-Stephens board with offices in the Petroleum Building in Eastland, urged all youths in Cisco and the surrounding area to register within the five day limit after reaching their 18th birthday in order to avoid possible difficulties.

Among those who have registered recently from Eastland and Stephens Counties were Jon H. Essal, William R. Agnew, William D. Duke, Kenneth W. Boggs, Billy Ray Sharpe and Glen E. McGough, all of Cisco.

Clarence Weatherby At Fort Bliss Center

FORT BLISS, March 9. — Pvt. Clarence Gene Weatherby, son of Mr. and Mrs. P. T. Weatherby, 2111 Avenue D, Cisco, was recently assigned to the Antiaircraft Replacement Training Center at Fort Bliss, Texas, for his second eight week cycle of basic training.

During this second phase of basic training he will be expertly schooled in the firing of light and medium antiaircraft artillery weapons at low-flying and high altitude aerial targets on the one and one half million acre Fort Bliss ranges. He will also be familiarized with the various electric equipment used by the AAA-RTC.

Upon completion of this cycle he will graduate at a formal parade and retreat ceremony, and then be eligible for assignment in a permanent antiaircraft unit.

Ladino, Ranger Among Most Valuable Legumes

Herefords feeding on Ladino-tall fescue pasture, another valuable mixture in many locations is bromegrass, Ranger alfalfa and Ladino clover.

Ladino is the giant of white clovers ranking in productivity at or near the top as a pasture legume. Where adapted, no better pasture can be had than a compatible grass-Ladino mixture. Ladino, an aristocrat among legumes, requires fertile soil and extra feeding. A productive soil with adequate fertilization and lime, inoculation of the seed with effective nitrogen-fixing bacteria, and proper management of the crop, are necessary for maximum yields. When properly fertilized, Ladino has shown amazing ability to resist ordinary droughts. It always has a quick come-back when rains come.

Yet, Mrs. Caroline Niemeyer, Carol's grandmother, can tell you what that call cost. She is one of a group of customers who kept day-by-day records of calls made for a week — a total of 30 calls covering 153 miles. Then she broke her telephone bill down into the actual cost per call. ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

Desk And Derrick Club Holds Meeting

The March meeting of the Desk and Derrick Club of Breckenridge was held recently at the Woman's Forum with Mrs. Kathleen Isbell, president, presiding. Miss Olive Wynn, treasurer, reminded the group that dues to the National Association of Desk and Derrick Clubs are now due and that this month is the deadline for payment of local dues for the first half of 1954.

Miss Fern Hart, program chairman, introduced A. J. Kerr of Wichita Falls, district salesman for Lane-Wells Company, who presented the program for the evening. Mr. Kerr discussed radioactivity logging and perforating, supplementing his talk with slides and blackboard charts illustrating the different kinds of logs and perforating jobs. He was assisted by Al Boyd, Wichita Falls, Fred Plumlee, Cisco, both also representatives of Lane-Wells.

Hostesses Pat Jackson, Jerry Swaim, and Loisetta Stewart served coffee and cookies to the following members: Kathleen Isbell, Jean Bunger, Tommie Askew, Betty Evans, Martha Donnell, Merlene Mills, Verba Mills, Louise Athey, Ruth Braziel, Jeanette Pharris, Frieda Brown, Dorothy Crudgington, June Hood, Mae Kleiner, Johnnie Cheshire, Magdalene Gandy, Olive Wynn, Fern Hart, Trannie Buchanan, Joan Kelley, Sybil Offield, Celia Weatherford, Mrs. R. G. Shapman and the visitors, A. J. Kerr, Al Boyd, and Fred Plumlee.

Look at it This Way —

... if the seller convinces the buyer that he has good title and no abstract is necessary then the buyer is entitled to a reduction in the sale's price for a sum equal to the abstract's cost. For the abstract is considered by property owners everywhere as being as much a part of the assets of sale as are the land and improvements. Better take the abstract. No real estate transaction is complete without it.

DO YOU MAINTAIN A

GOOD CREDIT STANDING?

In a day when ninety per cent of all business transactions are carried out on an other-than-cash basis, your credit rating is a valued possession. It can make or mar you. Credit is as sensitive as a fine precision instrument. You can spend twenty-five years building up a fine credit structure, then can quickly demolish it by some act of negligence.

It's strange but true that the man who goes into debt for furniture or a motor-car, or who borrows money at the bank for personal use, and pays promptly, is a better credit risk than the man who always pays cash. The borrower has an established credit rating.

Here are some suggestions for maintaining your credit standing: Don't be afraid of legitimate, useful debt. But make it your servant, not your master.

Before incurring indebtedness, carefully calculate your ability to make the payments, remembering that a close budget is not safe. Leave a fair margin for emergencies.

Pay all bills promptly. Never ignore a demand for payment, however strange or unjust it may seem. At least investigate it.

If a loss of job, sickness or an unusual expense causes serious delay in payment, call the credit manager and explain.
