## The Gay Philosopher

By J. W. S.

CITY WORKERS are doing a good job in the Spring Cleanup Campaign, advises the Rev. Les Seymour. He looked out back the other morning and they had piled up all the debris and were starting on his compost pile — a pile of leaf mold and the like used to fertilize the flower beds. In a word, the cleanup men need to leave the compost. Others have reported they're pleased with the campaign success depends on the cooperation of us all.

MR. KEN RUSS, manager of the Victor Hotel and a horn blower de luxe (trombone), is helping with Cisco Boosters Club minstrel show. Rehearsals are being held almost every night these days and Ken reports that the show this year will be bigger and better. Tickets for the show have been placed on sale.

The Boosters Club, you know, uses the profits of the minstrel show for such projects for the benefit of the athletic program in the city schools and the junior college.

WE ALMOST forgot to report the birthdays on our calendar this week. There aren't very many, but several wedding anniversaries were to be celebrated, including the Harry Schaefer's, April 18; the L. C. Burzenski's, April 19; the Bill Huffmans, April 20; and the L. B. Lipsaps, April 21. These celebrating birthdays included: Mrs. J. E. Wood, April 18; Otis Edwards and A. J. Sanders, April 20; Mrs. Ace Lucas, April 21; Mrs. W. J. Armstrong, April 22; and Mrs. Jim Lawrence, April 23.

THINGS ARE looking mighty bright and pretty up at the City Hall where a painting job has been going on. It was the first general redecorating job for the City Hall in several years, and it certainly looks fine. Even the City Jail looks nice.

THE WORD COMES that Mr. Robert Simon, the local geologist who is in Australia for business dealings, has been delayed on his planned trip home. The Tulsa office of the drilling company telephone Mr. Robert to return to the area of their oil concession to meet a drilling contractor and help him work out plans to begin sinking test oil well in June. The delay is expected to keep him in Australia another three weeks or longer, his parents here were advised.

THE AVERAGE American uses a lot of dairy foods, according to statistics that have come to our desk. The average American uses dairy foods annually as follows: 164 quarts of whole milk; cream, 8.6 pounds of butter; 164 quarts of whole milk; 15.3 quarts of cream and frozen dairy products; 17.1 pounds of evaporated condensed milk, and 4.2 pounds of non-fat dry milk solids.

FROM TCU at Fort Worth comes a note that the 1954 graduating class of 307 students includes one Ciscoan — Bernie Ann Cree, daughter of Mr. and Mrs. Mancey McCrea. Diplomas will be handed out in ceremonies at the TCU football stadium on the night of May 30.

THERE'S TO BE a big wrestling show at the Community Gym Thursday night. The wrestlers are well known to TV fans, we're told. The show is being sponsored by the Lions Club for the benefit of the Cisco Community Chest. Tickets are on sale.

Several people report that the Dallas TV Station reported last night that there would be a big wrestling show in Cisco on Thursday night. They talked quite a bit about the fine card lined up there. The report was telecast during the regular Dallas wrestling show.

HEAR THAT Mr. Tom Wilson of the First National Bank in Cisco and others of Eastland County will depart about Friday for a special trip and tour of the Curina company's experimental farm at St. Louis. Mr. George Lane, the county Farm Home Administration official, and a Ranger banker expect to make the trip, too. At the farm, the officials will observe various experiments in feeding.

FIRE AND THEFT PROTECTION

1ST. NATL. in Cisco—Mbr F. D. I. C.

MODERN NOAH'S ARK—In this case, however, it's a four-engine version being loaded in Oakland, Calif., for a trip to Pusan, Korea. There, its cargo of 1,500,000 honey bees, 600 rabbits and 100 dairy goats will help re-establish the war-ravaged farming in that country. The live cargo was donated by Heifer Project, Inc., an interdenominational relief organization.

## Candidate Would Build Dams In Northwest Texas

AUSTIN, April 21.—A program to build 100,000 small dams in northwest Texas and a vast canal crossing the state's rivers has been proposed by C. T. Johnson, Democratic candidate for lieutenant governor, "as a means of saving Texas from deadly droughts."

"These proposals," Johnson said, "are based on years of study by outstanding authorities on our water resources and problems. 'The point is to get our state government to take some action on facts established about the drought problem and in consideration of the sad situation we are in now.'"

"Small dams on the farms of the arid areas in the western part of the state would establish water banks for use during droughts as well as insurance against soil erosion," he stated.

Johnson pointed out that a canal 60 or 70 miles in length and parallel to the coast line would connect 10 rivers and provide enough water for the entire Gulf Coast region.

Dams would be built above the canal as a part of this plan, he said, and they would hold a year's supply of water in reserve for the dry spells.

"This would guarantee a firm water supply for the cities for that industrialization and for that irrigation," Johnson asserted.

"It would provide water to open up 850,000 acres of the most fertile land in South Texas for intensive farming, and it would replace the isolated single river-valley developments that have already been made."

The experts estimate the cost of such a program at more than a billion dollars, Johnson said, but the return on the investment would be phenomenal; these same authorities believe it would increase the income of the Gulf Coast region five fold.

Johnson declared that three other states have proven the value of such projects — California, Washington, and Oregon.

## RESIDENTS COMPLIMENTED FOR COOPERATION IN CLEANUP WEEK

Annual City Cleanup Week is progressing on schedule and city trucks are hauling off a year's accumulation of junk and debris for residents, Mayor G. C. Rosenthal reported today. The program will continue through Saturday.

## Teen-Age League Has Eleven More New Candidates

Eleven new prospects reported to the Teen-Age League tryout session Tuesday and two were dropped because of their interfering. This brings the total number of candidates to 49.

Including in the new boys reporting Tuesday were Pat Hussey, 14, a left hander who played first base in the 1953 season in the Pony League in Big Spring; Johnny Trig, 15, and outfielder who played in the Little League three seasons ago at Grand Prairie; Tommy Collier, 16, who has played part of two seasons with the American Legion Indians; Arthur Chapman, 13, who pitched for the Athletics in the Little League last season; and Charles Lavery, 13, who played with the Cardinals in the Little League last season.

Boys reporting who have had no previous experience were: Jimmy Flores, 14, Paul Exline, 13, James Newman, 14, Vernon Lassiter, 15, Jake Collier, 14, and Don Gray, 15. Uniforms were to be ordered Wednesday to outfit the teen-agers. The sponsors of the Tenn-Age League teams are: Norvell and Miller, American Legion, Lions Club, and VFW.

## Seniors Invited For H-SU Event

ABILENE, April 21.—More than 1,000 high school seniors from West Texas and Eastern New Mexico are expected to attend the Hardin-Simmons University senior day activities Saturday, April 24, according to W. C. Ribble, general director of the program.

The annual event is for the purpose of acquainting high school students of the area with the functions of H-SU, Ribble stated. Ribble is dean of the Division of Business Administration at H-SU and is professor of economics sociology.

A musical program, tours of dormitories and class buildings, a barbecue lunch and a rodeo will be included in the day's free entertainment.

## MOTHERS WILL MEET

The Mother's Club of Cisco Junior High School will meet Thursday at 3:30 p. m. at the school. Officers for the coming year will be installed. All members were urged to attend.

## Dr. Charles Jones Dies; Services Planned Thursday

Dr. Charles Clay Jones, 62, retired Cisco dentist, died at his home here at 2:30 a. m. Wednesday following a long illness.

Funeral services will be held at 3 p. m. Thursday at the First Presbyterian Church with the Rev. H. Grady James, pastor, and the Rev. M. L. Agnew, pastor of the New Hope Baptist Church, officiating.

Burial will be in Oakwood Cemetery with Thomas Funeral Home directing.

Dr. Jones was born in Hamilton County on September 21, 1891. He came to Cisco from Hamilton in 1908. In 1918 he was married to Miss Fay Davis in the residence now occupied by Thomas Funeral Home. He practiced dentistry here until ill health forced him to retire several years ago.

Since he retired from practice he had looked after ranching interests near Cisco.

He is survived by his wife of Cisco; two sons, Crandall Jones of Midland and Gail Jones of Pecos; a sister, Mrs. W. A. Caffey of Beaumont, California, and three grandchildren.

Active pallbearers will be Oscar Cliett, W. J. Armstrong, Durwood Morris, Frank Bond and Hugh McCrary, all of Cisco, and Fred Cook of Putnam.

Named as honorary pallbearers were E. L. Crawford, Bill Huffman, Fred Plumlee, George Downie, W. B. Wright, Charles Graham, Sterling Drumwright, H. A. Bible, Bill Bragg and M. M. Parmer.

The body will lie in state at Thomas Funeral Home until time for the funeral, and the casket will not be opened at the services, it was announced.

## Dogs Are Being Placed In Pound

There are a dozen or more dogs in the City Pound near the sewage disposal plant, Mayor G. C. Rosenthal reported today. Dogs picked up are kept at the pound for three days to give anyone who might want them an opportunity to claim them.

After the three day waiting period, the dogs are disposed of. Anyone whose dogs are missing was invited to call at the pound. Dogs are being picked up by the City in a drive to enforce regulations requiring them to be vaccinated against rabies.

## Spring Flower Show Set At Breckenridge

BRECKENRIDGE, April 21.—A spring flower show will be held on Friday, April 23, at the Woman's Club here under the sponsorship of the Breckenridge Garden Club and the Woodland Hills Garden Club. Theme for the show is "Spring Parade of Flowers."

The show will be open to the public at 2:30 p. m. The show and exhibits are governed by state and national rules with four divisions for arrangements and a division for horticulture.

## ACTION APLENTY IS PROMISED FANS AT WRESTLING MATCHES

Three feature matches and a special 4-man tag team match will give Cisco area wrestling fans plenty of action to watch Thursday night at 8 o'clock in a wrestling program at the Community Gym.

The program is being sponsored by the Cisco Lions Club for the benefit of the Community Chest. Tickets are on sale at the Chamber of Commerce office. Fans will be able to buy ring-side seats or general admission seats.

Antone (Ripper) Leone will meet Irish Jack Kennedy in the opening match. Leone weighs 227 pounds and has been wrestling for 15 years. His slashing style has earned him the nickname "Ripper." He is regarded as one of the roughest and most colorful performers active in wrestling today. Kennedy, his opponent, weighs 235 pounds and lives in Dallas. He is regarded as the state's most famous ringman. A strong, scientific type, Kennedy's best hold is the match winning abdominal stretch. He is a popular performer.

King Kong Cox Jr. and Al Massey will meet in another feature bout. Cox, 234, hails from Wyoming and has one of the most respected names in wrestling. His famous father is still active in the wrestling ring. Massey, 222, is a native of Atlanta, Ga., and is a veteran ring performer. He has brought some tricks of boxing into the mat game which makes his matches more exciting for the fans and rougher for his foes who know the power and precision of his fists.

Phil Sylva meets Johnny Dobbs in the other feature event. Sylva weighs 215 pounds and is a native of Hawaii. He is an outstanding Karate wrestler as well as an exceptional "American style" matman. He uses a lot of judo in his ring work, wears traditional legions of Japanese wrestlers, sports a goatee and wrestles barefoot. Dobbs, 210, is from Omaha and is one of wrestling's most colorful rough-housers. A fast mover and an unpredictable villain, Dobbs always manages to turn in a good bout, win or lose. He wears a colorful golf cap into the ring and always keeps things going at a fast pace.

The 4-man tag team match is popular with wrestling fans. This will be the first of three programs that are being brought to the Community Gym in Cisco by the Lions Club as a Community Chest benefit.

## LADIES TO MEET

An important meeting of the Ladies of the Cisco Country Club has been called for Thursday morning, April 22, at 9:15 o'clock at the bank. All members have been urged to attend.

Mrs. Bob Hintz and son, Mark, of Houston are visiting her parents, Mr. and Mrs. Dick Thomas.

Capt. and Mrs. Charles Yates and sons, Thumper and Billy, of Harlingen spent the Easter holidays in Cisco with friends.

KING KONG COX JR.

PHIL SYLVA

## Sawyers Will Go To Arizona Base For ROTC Course

DENTON, April 21.—Lloyd Sawyers, son of Mr. and Mrs. W. W. Sawyers of Cisco, is one of several North Texas State College ROTC cadets who will attend summer camp in June.

Cadets attending the summer camps must have completed at least one year of advance training in the ROTC program, and must have needed all basic work.

They will spend four weeks at the Air Force bases, where they will be given instruction in Air Force base procedures and fundamental Air Force policies, and will be introduced to military procedures.

The cadets will be treated as regular Air Force personnel while on the bases.

Sawyers will report June 20 to Williams Air Force Base in Chandler, Arizona.

Mr. and Mrs. Roy Marcontell and Barbara and Carole Jean Hagan spent the Easter holidays in Baytown visiting friends and relatives.

## Rehearsals Set On Booster Club Minstrel Show

Two more rehearsals remained for members of the Cisco Boosters Club before presenting their annual minstrel, "T. V. Varieties" to the public on Monday and Tuesday nights of next week.

A general rehearsal will be held Thursday night and the final dress rehearsal will be held Friday night. President Bob Latson stressed the importance of every member of the cast being on hand for the final practice sessions.

A complete announcement as to cast and program will be made in the Sunday issue of the Press.

## Velzie W. Penn, Retired Farmer, Called By Death

Velzie Whorton Penn, 77 year old retired Cisco farmer, died at 10:30 p. m. Tuesday at the home of his son, Frank Penn, in Ranger. He had been seriously ill for about a week.

Mr. Penn had been a resident of the Cisco area for the past 67 years. He came here when he was 10 years old with his father. Until he married he lived with his uncle and aunt, Mr. and Mrs. Ross Penn, southwest of Cisco. He was born in Rockfield Indiana, on November 3, 1876.

On December 19, 1900, he was married to Miss Addie English at the home of her parents in Brown County. In 1901 they moved to the farm home located a few miles northwest of Cisco where they lived until she died on November 7, 1953. Following the death of his wife Mr. Penn went to Ranger to visit his son and family. He never returned to his home here because of illness.

Funeral services will be held at 2 p. m. Thursday at Thomas Funeral Home.

Survivors are four sons, Mallie B. Penn of Torrington, Wyoming, Frank Penn of Ranger and John and Cecil Penn, both of Cisco. Also surviving are seven grandchildren and five great grandchildren.

Pallbearers will be L. E. Sublett, Travis Parmer, M. M. Parmer, Herschell Penn and Clarence Penn, all of Cisco, Alton Brandon of Wichita Falls and Elsworth Brandon of Coleman.

His son, John Penn, is assistant manager of the J. C. Penney Company store here, and the store will be closed from 1:45 p. m. Thursday until the services are over.

## Independents Win Over Gorman, 2-1

The Cisco Independents, a baseball team composed of Cisco Junior College athletes, remained undefeated Tuesday night as they downed the Gorman All-stars at ABC Field by a score of 2-1.

Frank Howeth pitched for the Cisco team and held the visitors to four well scattered hits. Edd Farmer was behind the plate. The game was close all the way and both pitchers were tight in the pinches.

Tuesday afternoon the Cisco team played Clyde and downed their opponents on their field 11-0. The game was called in the sixth inning. Wendel Battle pitched for Cisco and held Clyde to two safeties. Farmer was the catcher.

So far this season the Cisco team has wins over Alexander, Merkel, Irving, Clyde and Gorman.

Mr. and Mrs. Charles Sandler were hosts in their home Saturday evening at a Pass Over dinner. The dinner was served to Jack Gerrick and Frank Shapeno of Fort Worth, Mrs. Ralph Gillen of Dallas, Mrs. Joseph Funk and children of Dallas, Mrs. Nyman Shambum and daughter of Fort Worth, and Mr. and Mrs. Mel Sandler and Mrs. M. E. Goldberg of Cisco.

Mary Ann Moore is a patient in the Hendricks Memorial Hospital in Abilene for observation and treatment. Her room number is 613.

Mrs. C. M. Pogue and Mrs. E. C. McClelland were to leave today for Houston for a visit with their sons and families, Mr. and Mrs. Durwood McClelland and Mr. and Mrs. Horace Pogue.

DOING A JOB—An elephant patrol moves through the brush country of Cambodia, French Indo-China. The animals are used to transport food supplies and munitions to troops out on patrol. This ancient method dates back to the 10th Century.

AIMING HIGH—Resembling a mountain climber, the jeep being driven up a vertical "ladder" by Walter Lorch of Willys Motors, shows how four-wheel drive enables the vehicle to bypass obstacles that might stump a mountain goat. The demonstration was staged near Mexico City.

Per week (by carrier) 15c

**THEORIES ARE ONE THING**

The theory of Communism, as laid down by Marx and enlarged upon by his followers and disciples, holds that all agencies of production shall be commonly owned by the people; that goods and services shall be equitably divided, and each shall produce according to his ability and consume according to his need. In other words, the living standards of a janitor shall be as high, or nearly so, as those of the manager who is responsible for the operation of a great factory. There can be little doubt that the early Russian Communist leaders, notably Lenin, believed this in all sincerity.

But, as history so often proves, theories are one thing, while practice can be enormously different. So it has been with Communist doctrine. Under the long reign of Stalin the social and economic gap between the masses of people and the relatively small number at the upper end steadily widened. Authority after authority has described this trend in innumerable books and articles. Instead of creating a classless society, Communism resulted in class distinctions to a far greater degree than is known in most of the non-Communist world.

Now, with Stalin dead and Malenkov and his associates in power, it looks as if the gap between the many and the few is to be widened even more.

This may seem surprising to those who have read recent Kremlin pronouncements concerning big increases in the supply of consumer goods, along with lower prices. But there is another side to this picture, and it is given in Newsweek by Leon Volkov, who is one of the magazine's contributing editors.

Mr. Volkov's article carries the title, "But Who Can Buy Luxuries?" The average Soviet worker earns \$175 a month. According to the Volkov account, Moscow jewelry stores are displaying rings and necklaces costing as much as \$11,000. Gold — which a person must buy and take to the dentist if he wants it for filling — is offered at \$700 a fine ounce. A 12-inch TV set costs \$563, a refrigerator \$500. The government has bought a huge stock of oranges from Israel for 2 1/2 cents each, and has priced them at 47 1/2 cents at retail. And so far as production is concerned, Mr. Volkov says that the output of high-priced products is being raised 70 per cent and that of low-cost items only 5 per cent.

Who gets the luxuries then? Mr. Volkov answers: "Only the new aristocracy that is developing in the theoretically Communist state." It includes top government and party officials, high-ranking military men, big-time executives and artists. They are extremely well-paid, and have lavish expense and vacation allowances. Mr. Volkov writes: "It is clear, in my opinion, that Malenkov is deliberately giving this class a vested interest in his government's future. . . . In return, he expects the loyalty of the chosen few who benefit from his generosity. Thus the Malenkov regime is paying less attention to Communist ideology than to self-preservation."

Mr. Volkov's last paragraph gets to the point memorably — "George Orwell was never more penetrating than when he wrote in 'Animal Farm,' his satire on the Communist state: 'All animals are equal but some animals are more equal than others.'"

**GIRAFFE'S EYE VIEW**—Back yard gossip and fence-hanging is not confined to the human race, as this long-necked creature demonstrates in London, England. The curious giraffe wanted to know what was going on as repairs were made on a pony's hoof, and it didn't hesitate to find out.

**How Marigold has Grown Since Montezuma's Day**

Left to Right, Single Marigolds, Carnation Flowered, and Chrysanthemum Flowered.

Marigolds, native to Mexico, and introduced to Europe soon after the discovery of America, have been completely changed in appearance in the last twenty years, by scientific plant breeding.

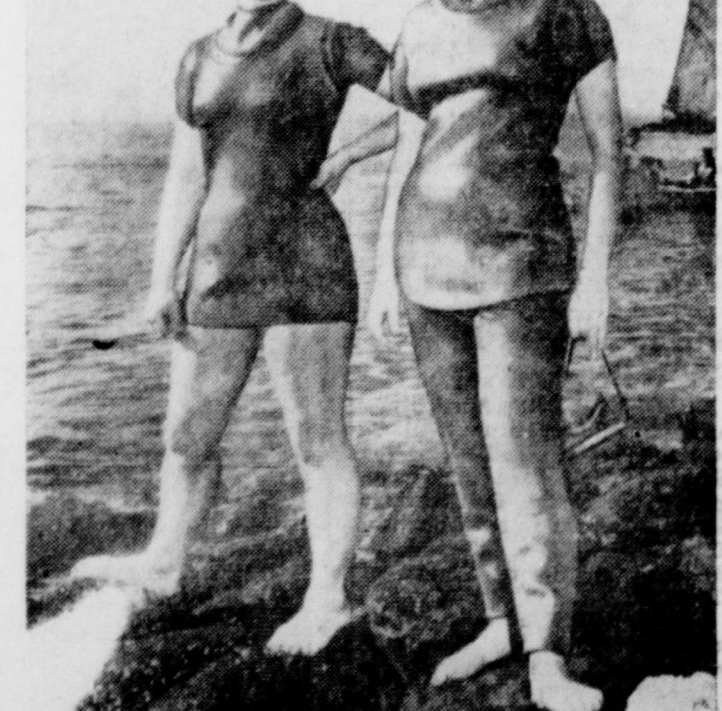

The name "Marygold" belonged to the calendula, in Shakespeare's day. The Mexican newcomer was given its present name soon after it began to show an ability to improve its appearance, an ability which it still possesses.

It is an ambitious clan, eager to advance, and almost every year an important improvement has been announced. There have always been tall and dwarf marigolds, and double and single. But where formerly the tall, large double African type were all of one form, extremely regular and tight, now we have giant marigolds whose flowers resemble chrysanthemums, carnations, even peonies.

There are varieties which have no marigold odor; others in which two species, called African and French (though all are actually Mexican in origin) have been crossed for the first time to produce hybrid strains, with larger flowers of red coloring than were known before.

Progress has also been made in the dwarf type, which is so useful for low borders along walks, or in front of taller flowers. Marigolds thus fill many roles in the garden, from foreground to background; and they bloom so freely that every garden should grow some.

The seeds are large and soft, easily rotting in soil which is too damp and cold. They should not be sown directly in the garden until about the time that beans are safe. They stand transplanting well, so can be started under protection, and moved to the garden when the danger of frost is over. They are seldom attacked by insects and have no serious disease.

**UNDERWATER WEAR**—Frogwomen's fashions include these shallow water diving suits worn by Lucille Cain, left, and Elinor Emeldi in Berkeley, Calif. The form-fitting suits are made of unicellular foam neoprene and are designed to keep the wearer warm and protect her from abrasions of coral and rocks. Helmets, gloves and socks are made for added comfort.

## Lone Star Prexy Is Optimistic In Outlook For 1954

A strong note of optimism for 1954 was contained in the report of Mr. D. A. Hulcy, president of Lone Star Gas Co., to stockholders attending the annual meeting held Tuesday morning in the company's headquarters building in Dallas.

"In our projections for 1954," Mr. Hulcy said, "we estimated that we would add about 28,000 new customers in the 434 towns and cities in Texas and southern Oklahoma served by our company."

"There appears to be no let-up in construction for this area. Actually, during the first quarter of this year, construction was going ahead at a faster rate than in 1953."

"All told," Mr. Hulcy continued, "I can't help having the feeling that even though net earnings for 1953 amounted to only \$1.50 per share of common stock, as compared to \$1.55 in 1952, I must be optimistic about our future operations."

Thomas Hiskop of Columbus, Ohio, was elected a director of the company. He fills a vacancy created by the impending retirement of Mr. Elmer F. Schmidt, senior vice president and member of the board of directors. Mr. Schmidt was not a candidate for

## Former Members Will Be Honored In 4-H Program

Former 4-H Club members who have followed the principles and ideals of 4-H Club work in their acceptance of citizenship responsibilities and achievement in their respective fields will be honored in 1954 through the National 4-H Alumni Recognition Program.

The program, which was inaugurated last year, received one of the highest number of acceptances from State Extension Directors ever given a 4-H program the first year it was presented, according to G. L. Noble, director of the National Committee on Boys and Girls Club Work. The Mathieson Chemical Corporation again will be the donor of awards.

The awards comprise certificates of honor for two county winners, and handsome burnished copper plaques for four state winners in all participating states. Eight national winners, preferably four men and four women, selected from all the state winners, will receive gold keys and all-expense trips to the 1954 National 4-H Club Congress in Chicago.

"The program not only encourages former club members to continue their interest in 4-H but, most important, provides present-day youth with living examples of dependable, purposeful citizenship," Noble stated. In addition to agricultural leaders, many public officials, business and professional men and women were former 4-H'ers, he pointed out.

"We consider it a singular privilege to cooperate with the Extension Service in this program," said S. L. Nevins, president, Mathieson Agricultural Chemicals Division.

Anyone interested in 4-H Club work is invited to nominate candidates for the Alumni award. Nomination forms may be obtained from County Extension offices in all participating states.

A/3c Weldon V. Bosworth of Shepard Air Force Base and Margaret Bosworth of Abilene spent the weekend with their parents, Mr. and Mrs. Harry V. Bosworth.

Mrs. Ralph Gillen of Dallas, Mrs. Joseph Funk and children, Sandy and Marshall, of Dallas, and Mrs. Nyman Shambum and daughter, Marilyn, of Fort Worth were weekend guests of their mother, Mrs. M. E. Goldberg.

## Junior G.A.'s Meet Tuesday Afternoon

The Junior G. A.'s of the First Baptist Church met Tuesday afternoon at the church for their weekly meeting.

The meeting opened with the group singing the G. A. Hymn and prayer by Charlotte Collins. The Allegiance, Watch Word, and Star Ideals were repeated and old and new business transacted. Mona Lankford closed the meeting with prayer.

Nine members and a visitor, Vada Louise Plumlee, attended.

## Your telephone bill reduced by excise tax cuts April 1

The excise tax cuts voted by Congress are good news for all telephone customers.

You benefit on long distance calls. Here the tax cut reduces your cost 12% in most cases.

But your bill for local service will be less, too — approximately 5% less.

You get the full benefit of these tax reductions. Not a penny goes to the telephone company.

Now it costs even less to "talk it over by long distance." And your local service, too, is an even bigger bargain.

NOW... AN EVEN BIGGER BARGAIN

SOUTHWESTERN BELL TELEPHONE COMPANY

Introducing the new...
