If you spend a dollar at home you
have some hope of getting it back; if
you don't, you just spend a dollar.

VOLUME XXXIV

The Gay Philosopher

By J. W. S.

IF YOU READ financial statements, you noticed that the First National Bank's resources stood at about \$4,307,000 as of April 15 when the national bank people called for statements of condition. This was about \$100,000 more than the bank's resources at the end of 1953.

Deposits amounted to over \$4,000,000 — a gain of about \$100,000 during the first part of the year. This reflects a healthy condition for the community.

IF YOU REMEMBER, the Girl Scouts of our town held a highly successful cookie sale several weeks ago. A prize consisting of a camera was offered to all girls selling 54 boxes. The Girl Scout leaders had determined that they would buy some cameras from Mr. J. T. Elliott of the news stand for \$3 each.

It turned out that more girls sold 54 boxes of cookies than was expected. And Mr. Elliott had to order some more cameras. The price had gone up to about \$5. He talked to some of his friends and they all helped and the Girl Scouts still got their cameras for \$3.

The dozen or so girls who won cameras are having a "shooting" good time. Understand that Sandra Chance, daughter of the W. T. Chances, was the top salesman of cookies.

ALL COMMITTEES are working hard and things are shaping up nicely. That is what Mr. Bobby Deen, chairman for the annual Cisco Country Club Invitation Golf Tournament, told us today. The big event takes place next week — April 30 and May 1 and 2.

Mr. Doug Jones of Abilene won the tournament last year and he is expected to participate again. Harry Loudermilk, also of Abilene, was the runnerup. He was over here practicing recently and reported that he will be back for the tournament. Mr. Deen has heard that at least four of the boys from North Texas State College will be here.

Mr. Deen, who is chairman of the Cisco Community Chest, suggests that one and all buy a ticket to tonight's wrestling show out at the Community Gym. They're raising funds to complete Chest budget requirements.

THREE CISCO Junior College students are now playing professional baseball. Bud Miller, all conference football end last season, has just begun the baseball season. He started off with Class B Peoria, Ill., and has already been promoted to Class A Denver in the Western League. Bud's in the St. Louis Cardinal organization.

Bill McGuire, who was at CJC in 1952-53, is playing with Class C Berger up in north Texas. And Pat O'Neil, here in 1952-53, is playing with the Class D team at Seminole, Okla.

YESTERDAY WAS San Jacinto Day and President James McCracken of the First National Bank took his family to Fort Worth for the holiday. They took in the zoo at Forest Park and the children enjoyed the rides and concessions. A picnic lunch was spread at noon. It was a big day as you can well imagine. Friday is the birthday of Larry Pence and we all hope it will be a happy one. Eddie Edwin L. (Eddie) Jackson and wife arrived last evening for several days of visiting with his parents, the E. L. Jacksons, and with friends. He's a Navy man stationed aboard the USS Princeton, an aircraft carrier. They're being living in Bremerton, Washington, for the next few months, but will move to San Diego, Calif., soon as Eddie's ship moves down south.

JUST MET UP with Prof. Hilmer E. Wagner, the new Lobo Band director, and enjoyed a chat with him. He's delighted with the prospects in our town and is enthusiastic about his job. Mr. W. has been in the U. S. Army for the past couple of years, mostly out at El Paso. In fact, he's still in the Army. He's on 30-day leave before being discharged. When his leave is up, he'll have to return for five days, during which time he'll receive his free ticket home. Welcome to Cisco, Mr. W.

OUT OF NOWHERE—Nowhere but a muddy pool formed by melting snow in downtown Detroit, that is. These three lads found a lot of minnows in the unexpected place and scooped them up in tin cans. Some were sold to playmates, some dropped down a sewer and the remainder put in this bowl where their finders can keep three pairs of eyes on their treasure.

Get Rid Of Rats In Cleanup Drive Says State Leader

AUSTIN, April 22 — This is the time of year that most towns in Texas conduct their annual cleanup campaigns. Dr. Geo. W. Cox, State Health Officer, suggests that whenever such activities are planned to keep in mind the various measures necessary to get rid of rats.

Rats are noted carriers of disease. Some of the diseases transmitted by rats or their hosts are bubonic plague, typhus fever, dysentery, food infection, trichinosis, infectious jaundice and Rocky Mountain fever. Rats are scavengers that live on filth as well as edible foods. They thrive in insanitary places such as garbage dumps, trash piles and sewers.

If you don't see rats it doesn't necessarily mean that they are not near you. Rats are not often seen but their destruction is evident wherever they have been. Sometimes they can be traced by their dirty runways. In storehouses, sacks and boxes of grain and food with holes gnawed in them and the contents spilled are evidence of rat destruction. Occasionally rats start fires by gnawing and short-circuiting electric wires or by chewing on matches.

The rat lives in filth. Almost any pile of trash, small piles of lumber, cluttered barns, garages, yards or homes afford harborage for him. Rat proofing is effective and permanent. However, even rat proofed buildings may become infested if rats are allowed in through open doors or windows. It has been calculated that a pair of rats having plenty of food and shelter could be responsible for the production of 1400 rats in a single year.

Because of the danger rats bring to humans and because of their enormous destruction of food, crops and merchandise, the importance of getting rid of rats is apparent. In addition, homes and communities are more enjoyable if they are clean and free of animals and insects that cause disease.

Baird Rodeo Producer To Be On Abilene TV

Bobby Estes of Baird, producer of championship rodeos, will be Harry Holt's guest next Wednesday on a farm news program, "On the Farm" (KRBC-TV, 7 p. m.).

In addition to interviewing Mr. Estes, newscaster Holt will give all the latest market, weather and other news of interest to farmers and ranchers in the Abilene area.

COUNTRY CLUB SUPPER

Members of the Cisco Country Club will hold a regular family night covered dish supper at 7:30 p. m. Friday at the club, it was announced today. Members were asked to bring a covered dish of food and, if they desire, to bring guests. A game hour will follow the supper.

MRS. D. N. MORRISON NAMED PRESIDENT OF WEST WARD PTA

Mrs. D. N. Morrison was elected president of the West Ward Parent-Teacher Association for the 1954-55 school year at the regular meeting held Wednesday afternoon at the school. Mrs. A. B. Byrd was named historian.

Election of Mrs. Morrison and Mrs. Byrd completed the full slate of officers for the coming year. They will be installed at the final meeting of the current school year. Mrs. Morrison also was named as the unit's delegate to the spring conference to be held April 28-29 in Brownwood.

The Rev. F. C. Bradley, pastor of the East Cisco Baptist Church, was the guest speaker for the meeting. He was presented by Mrs. Cy Ainsworth, program chairman.

Speaking on the subject, "For Every Child — Spiritual and Moral Training," Rev. Bradley said that "we cannot cure the ills of the world by defeating Communism on the battle field; we must begin at the roots by giving our children spiritual and moral training in the homes, the churches and the schools."

Principle Doyle Holmes of the school led the group in prayer. Mrs. Morrison conducted a quiz pertaining to P-T-A work. Mrs. R. I. Greer and Mrs. J. B. McCannley made the highest grades and were given a year's subscription to the national parent-teacher magazine.

In the room count, Mrs. Clements' room won for the lower grades and Mrs. Laws' room was the winner for the higher grades.

Langford Improved

Al Langford, Cisco High School basketball coach and assistant football coach who underwent an emergency appendectomy in a Brownwood hospital Saturday, was improving slowly Thursday. It was reported. He will probably leave the hospital late this week.

Mr. and Mrs. Dick Spoon and children, Dajuana and Jerry, of Odessa and Mr. and Mrs. Marvin Spoon of Breckenridge visited in the home of their parents, Mr. and Mrs. W. C. Spoon, over the weekend.

Three-fourths of the cases of juvenile delinquency result from young people driving automobiles before they reach the age of 16 years, County Attorney Joe Nuesse told members of the Cisco Lions Club in a talk at their weekly luncheon meeting Wednesday.

Mr. Nuesse spoke here on invitation of Robert Donovan, program chairman for the day.

New Feed Store Opens Saturday

A new feed store for Cisco and the Cisco trade territory has been opened here by Zan Burroughs, owner and manager of the Cisco Peanut Company, and Lewis (Jake) Morgan, prominent Scranton farmer and business man.

The new store, Cisco Mills, is to be operated at the Cisco Peanut Company building, it was announced. They plan to handle Burrus Texo Feeds and a line of fertilizer, medicines and remedies, and seeds.

Saturday the store is giving away free chicks with the purchase of feed. Twenty-five baby chicks will be given away with the purchase of 50 pounds of Texo Chick Starter, it was announced.

The partners said that the store was begun as an added service to the residents of the Cisco trade territory.

Band To Fort Worth

The Lobo Band is going to Fort Worth Saturday to attend the ice-capades. They also plan to make a tour of Forest Park. They will leave early Saturday morning and spend the entire day in Fort Worth. They have been planning this outing for some time and expect to enjoy it to the utmost.

Meet The Seniors

ANITA STROEBEL — Anita was born on April 27, 1936, at Wink. Her favorite subjects are typing and geometry. After graduation she plans to go to college and major in business. She is secretary of the student council this year. She is also a member of the Spanish Club. She makes very good grades and enjoys school. Her favorite past time is reading good books.

BOBBY QUALIS — Bob was born on July 2, 1936. His favorite subject is geometry. He enjoys fishing very much. His favorite sport is football. Bob was captain of the Lobo football team this year. After graduating from high school, he wants to go to Texas Tech and major in engineering.

GOSSIP — It was good to see Carroll Tatom around school this week. He is an ex-teacher and coach of the Cisco schools. . . . Everyone was shocked to hear of Mr. Langford's operation Monday morning. It is hoped he will be able to be back in school before long. . . . David Ward is now the proud owner of a not-too-new Model A. He bought Ronnie Edwards old — lock, stock, and front bumper — minus muffler. . . . All of the seniors are looking forward to

Masons Played Major Roles In Colonial Period

AUSTIN, April 22 — Masons played major roles in Texas during the Colonial Period, the Revolution and the Republic, a University of Texas graduate history student shows in a doctoral dissertation just completed.

This was no coincidence, James D. Carter says in his research project on "Freemasonry in Texas." The American political and social system, especially as it developed in Texas, is a product of the philosophy of individualism, as interpreted by the Masons, Carter declares.

In the colonial and revolutionary periods, Carter reports, less than three per cent of the Texas population were Masons; yet 80 per cent of the leaders were drawn from that number. At San Jacinto, there were 146 Masons among Sam Houston's forces of approximately 800 men.

Carter's study is not confined to Freemasonry in Texas. It goes back to its outgrowth from Medieval craft guilds and traces the movement through the American colonial period and across the continent into Texas. He has found the names of 2,055 of the estimated 3,000 Masons in the American colonies before the Revolution and a list of Masons known to have been in Texas before 1846.

Today, Carter says, 4,000,000 of the world's 5,000,000 Masons are in the U. S., the stronghold of individualism.

Carter's study is the most extensive study of the influence of Freemasonry ever undertaken in this country, he believes. He did exhaustive research in Mexico, Washington, D. C., and Waco, headquarters of the Texas Grand Lodge.

Texas Masons showed great enthusiasm for the project, and awarded Carter an \$1,800 research grant. Plans are under discussion for publication of Carter's findings.

Carter has been a Central Texas resident for a number of years and formerly lived at Evant (Coryell County).

Improvement Program To Give This City Top Football Plant

An improvement program, designed to make Chesley Field one of the top football plants in the area, has been started, it was reported today by Arlin Bint, superintendent of schools.

Some 100 cubic yards of good dirt was being placed on the field to give the grass a better growing surface and to fill in low places. The dirt will be spread down the middle of the field and thinned toward the sidelines. The recent rain started the grass nicely and the new dirt will give it added impetus.

The stands on the south side of the field will be rebuilt during the summer months and other improvements will be made.

The practice field west of the stadium is receiving its share of work and plans call for using it for practice purposes during the coming season. The practice field at Cisco Junior College is also being worked on and will probably be used next season. The two practice fields will reserve the present field for games only and a good playing surface will be assured for all games.

Other plans will be announced later, it was reported.

Work Is Underway At Chesley Field

ANITA STROEBEL WINS COVETED DAR AWARD; FHA TO MEETING

By RHELDA REED

Every year the Daughters of the American Revolution give a special award to the person in high school generally considered the best citizen. The award this year went to Anita Stroebel, a senior student. She is the daughter of Mr. and Mrs. F. W. Stroebel. She has been an outstanding student throughout her high school years, and has made a great contribution to the practice of good citizenship in CHS, through her influence.

To Attend Convention

Several members of the local chapter of the Future Homemakers of America were to go to Fort Worth Thursday to the state convention. Those going were Katherine James, next year's president; Melba Ray Harrelson, this year's president; Loretta McKinney, secretary; Mrs. Odom and Mrs. Harrelson.

Melba Ray Harrelson will be awarded the State Degree for Homemaking. She is the first girl from Cisco ever to receive this honor. She has worked very hard since her freshman year in high school for this degree.

The girls and their sponsors will attend the ice-capades on Thursday night and a chuck wagon supper on Friday night. They will be guests at a special breakfast Saturday morning. The rest of their time will be spent in the convention session. They plan to return late Saturday afternoon.

Everyone seemed to enjoy the Easter holidays. We are now embarking on the last six weeks of the 1953-54 school year. It has been a very profitable year for CHS in many ways. It has been also a very enjoyable one for most of the students and teachers as well.

Senior Party

The First Baptist Church is honoring the senior class with a party next Tuesday night. The students look forward to it a great deal for they have been looking forward to these occasions for four years now, and finally their time has come. They are very grateful to the various churches of Cisco for honoring the senior class in this way.

Eastland Quartet Will Sing Here For Friday Jamboree

The Gospelaires Quartet of Eastland will be featured on the Cisco Jamboree program Friday night at the city hall auditorium, it was reported by members of the Cisco Volunteer Fire Department, sponsors of the weekly show.

The quartet will be joined by local talent in making up a full two hour show of gospel and western songs and music.

CONDITION IS GOOD

Mrs. W. S. (Bill) Kendall was reported as improving Thursday following surgery she underwent in a Ranger hospital a week ago. Her condition was reported as good. She will probably be released from the hospital early next week.

PURCHASE BUILDING

Mr. and Mrs. A. G. Sander, owners of Western Auto Associate Store, have purchased the business building at 600-602 Ave. D, and plan extensive remodeling of the property. The building new houses their store and Dameron Tire and Supply. Plans call for a new front and repairs throughout the building.

PUTNAM JAMBOREE

There will be a jamboree at the Putnam school Monday night at 8 o'clock, according to an announcement today. The Fox Hunters, the Lighthouse Twins, Roy Thackeron, Charlie Brown and others will be on the 2-hour program.

Benefit Wrestling Program Planned At Gym Tonight

There will be plenty of action in the ring tonight at the Community Gym as the Lions Club presents the first of a series of wrestling matches as benefits for the Community Chest.

Dog Pound Pens Are Damaged

Persons who damaged the city's dog pound pens, freeing some 15 dogs, Wednesday night were being sought today by City Police, Mayor G. C. Rosenthal reported. The pound is located near the disposal plant.

College Choir To Appear At May

The Cisco Junior College Cappella Choir will present a program at the May High School auditorium tonight, it was announced by Jack Chambliss, director.

The program will be the same as the one used on the tour of West Texas recently. It is being sponsored by May High School.

Hospital News

Mrs. J. L. Thornton and B. P. Notgrass were the only two patients in Graham Hospital at noon Thursday. They were both in for observation and treatment for illnesses.

Dismissed during the past week were Verita Butler, Mrs. C. B. Bush, Charlie Glucke, Bill Huffman, Elizabeth Ann Wallace, Mrs. Coy Warren and Shirley Cozart, all of Cisco; T. L. Strickland of Moran, Mrs. E. C. Franklin of Eastland, Janie Midkiff of Moran and Mrs. V. E. Plumlee of Nimrod. Mrs. Plumlee was referred to a Temple hospital.

Members of the John William Butts Post 123 of the American Legion will hold a regular semi-monthly meeting at 8 p. m. Thursday (tonight). Post Commander Gene Abbott announced today. Plans for the opening of the swimming pool on May 1 will be discussed, along with other business matters.

Mr. and Mrs. Jerald Merrett and Jerry of Shreveport, Louisiana, and Mr. and Mrs. Elmer Frede of Huntsville were weekend visitors in the home of Mr. and Mrs. R. W. Merrett.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Christian Fellowship Groups Meet Tuesday

Groups One and Two of the Christian Women's Fellowship of the First Christian Church met Tuesday evening at the home of Ada Mobley for their weekly meeting.

Those attending were Misses Ethel Mae Wilson, Marie Winston, Esther Hale, Alice Bacon, Ellen Bacon, Olga Fay Ford, and Mesdames W. R. Winston, W. R. Huestis, Jim Flournoy, Charlie Greenhaw and Ada Mobley.

Mrs. Stephens Hostess For Baptist Circle

Mrs. J. E. Stephens was hostess in her home Tuesday when the Josephine Holmes Circle of the East Cisco Baptist Church met for Community missions.

The meeting was called to order by Mrs. Roy Marcontell and opening prayer was led by Mrs. Stephens. A short business session was held after which the group visited shut-ins and presented their program.

Those attending were Mrs. Roy Marcontell, Mrs. George Pruett, Mrs. C. R. Hightower, Mrs. A. W. White, and the hostess, Mrs. Stephens.

ONE'S ENOUGH—Perhaps Salome did her dance with seven veils because women wore more clothing in her time, but pretty Iris Byleth used only one at Miami Beach, Fla. She seems to be playing a game with it against the gentle spring breeze.

Presbyterian Circle Three Holds Meeting

Circle Three of the First Presbyterian Church met Tuesday at the church for their regular meeting with Mrs. J. J. Tableman presiding.

Mrs. Homer Slicker opened the meeting with prayer and routine business matters were transacted. Mrs. F. J. Borman was in charge of the program. Mrs. W. F. Watson gave the devotional from Genesis 26: 14-19 and a round-table discussion on "Let's Talk about Beginning in Me" was held under the direction of Mrs. Tableman. Mrs. Kleiner gave an article from the Presbyterian Survey on Evangelism. Mrs. Kleiner used blackboard illustrations

St. Ann's Guild Has Meeting On Tuesday

The monthly meeting of the St. Ann's Guild of the Episcopal Church was held Tuesday at the home of Mrs. Charles Roberts.

Mrs. Dick Cutting, chairman, called the meeting to order and Father Hartwell led in opening prayer. A discussion was held on the prayer service by Father Hartwell. It was announced that the Deanery would meet Tuesday, and all were urged to attend. It was also announced that the Bishop would visit in Cisco May 2 for confirmation with a reception following the service at the rectory.

Those attending the meeting were Father and Mrs. Hartwell, Mrs. Jim Webster, Mrs. Richard Phillips, Mrs. Peggy Gallagher, Mrs. Moore, Mrs. Charles Ro-

stressing Contact, Cultivation, Commitment, and Conversation. The meeting closed with the mizpah benediction repeated in unison.

Those attending were Mesdames John A. Garrett, F. J. Borman, J. A. Jensen, John Kleiner, Homer Slicker, J. J. Tableman, W. W. Wallace, W. F. Watson, C. M. Townsley, and Miss Willie Word.

Don't Put Trash In Garbage Cans

Don't put trash and debris to be hauled off in the City Cleanup Campaign in your regular garbage barrels, Mayor G. C. Rosenthal said today.

It was pointed out that the cleanup program is not being conducted by the regular garbage crews but by city street department trucks. Trash and debris should be piled near the place where the garbage is usually picked up but not in the same containers.

Those who have been missed by cleanup week trucks have been asked to call the city hall and leave their addresses.

Mrs. W. C. Spoon and Mrs. Winnie Linebarger visited in Abilene Friday evening with their sister-in-law, Mrs. Joe Gentry, and children.

Weekend visitors in the home of Mrs. I. J. Davis were her niece and nephew, Mr. and Mrs. R. L. Davis, and her great grand nephew, Bobby Davis, all of Tulsa, Texas.

Mr. and Mrs. Charles Green and daughter, Barbara, of Coppell, Texas, visited in the home of his mother, Mrs. Mary Green, and other relatives over the weekend.

Mr. and Mrs. M. W. Green and children of Palo Pinto visited relatives in Cisco over the weekend.

Mrs. C. E. Paul, Mrs. Dick Cutting, a visitor Mrs. Fuller, and Mrs. D. Ball.

Many of the terms used by lawyers in their every day work are baffling to the average layman. From time to time explanations regarding some of the more commonly used expressions will be published in this column.

A good example of the questions sometimes asked by laymen is, "What is a deposition?" Many people think this may be but a simple sworn statement, but their impression is wrong.

A "Deposition" is a means of taking a statement to preserve testimony for future use in litigation, or to be used in a case which is then pending before the Court.

At times, when it is thought that perhaps a witness will not be available at the time a suit comes to trial, a statement is

taken from him that may be used on the trial of the case. To be capable of being introduced and used on the trial of a case, a statement must be executed with certain formalities. A simple sworn statement is not sufficient.

Depositions are of two kinds. One kind is where the attorneys on each side go with the witness before a Notary Public and ask the questions. Questions and answers are taken down by the Notary or the Court Reporter and then typed up and signed by the witness.

The other type of deposition is one in which the questions are written out in full by the attorneys for each side and the questions are sent to a Notary Public who notifies the witness to come in and answer the questions. The Notary then reduces the answers to writing, executes his certificate that they were duly sworn to by the witness, and then returns the written interrogatories, together with the answers, to the Court for use at such time as they may be necessary in the trial of the case.

Another question sometimes asked is, "What is the difference between participating and non-participating royalty?"

With reference to oil and gas leases, royalty is that sum paid

to the owner of the land, or the owner of the mineral interest, for the oil and gas which is taken from the property.

If in a deed a person reserves an undivided one-half (1/2) interest in and to all the oil, gas and other minerals in and under the premises conveyed, this means that the individual is retaining for himself an undivided one-half interest in the minerals.

This terminology would entitle the individual retaining the interest to a similar share in the royalty and bonus and rentals paid for oil and gas leases, and would require his signature on a lease of the whole tract of land.

If the deed reserves by proper provisions one-half (1/2) of the oil, gas and other minerals, and specifies that the interest shall be "non-participating," the party reserving the mineral interest would not share in the bonus money paid for the lease, or the annual lease money paid to keep the lease in force. He would however be entitled to his share of any of the payments for oil which is produced upon the property.

An ant has the largest brain, in proportion to its size, of any animal.

IT'S JUST TOO MUCH—When actress Janet Leigh reached New York for the opening of her film, "Prince Valiant," she decided she'd have to have a new hat for Easter. She headed for Sally Victor's where she found herself in a terrible predicament—as you can see. What gal would know just which hat to choose when she's surrounded by so many lovely creations?

GIRAFFES FEATURED WITH AL G. KELLY-MILLER CIRCUS COMING SOON

...shown a herd of giraffes, which are to be found oxen, buffalo and antelopes. The towering height of the giraffe is entirely attributable to the great length of the neck and limbs. A full-grown giraffe will measure approximately nineteen feet in height. Giraffes live mostly in forests or wooded country. Undoubtedly, this will be the first time any circus has ever brought giraffes to Eastland County. The Al G. Kelly-Miller Bros. Circus boasts this year of having the second largest herd of performing elephants in America and the most varied selection of wild animals ever with any circus. The management cordially invites the public to visit the show grounds upon arrival of the circus to see the many animals fed and watered, especially school students. This feeding and watering is usually done at nine a. m., show day.

"As It Looks From Here"

OMAR BURLESON
Congressman
17th District

The Congress has passed and the President has signed a bill to create an Air Force Academy similar to the Military Academy at West Point and the Naval Academy at Annapolis.

A five-man Commission has been appointed to recommend a location for the new school. The Air Force has said that the major requirements for the site of the Academy will be at least 15,000 acres of land which has natural beauty and can be developed as a national monument, just as West Point and Annapolis have been; that it must be near a community which has a variety of educational and religious institutions; recreational facilities readily accessible to the location; that it must be located in an area that has a reasonably mild climate and a water supply of at least three million gallons per day; that good transportation facilities be at hand, as well as public utilities such as electric power, natural gas, or other fuel.

The Air Force plans to activate the Academy on a temporary basis at an existing Air Force base just as soon as practicable. The first class of three-hundred candidates will be enrolled in July, 1955. The students for the first year will be allocated to each State in proportion to the State's representation in Congress. Texas will be allowed twelve students for the first class. Each member of Congress from Texas will be allowed to make recommendations of not more than ten students. These nominees will take competitive examinations and the appointments will finally be made from qualified candidates in the order of their merit.

Since the first class will only be three-hundred students, the competition, of course, will be keen all over the United States. I shall be glad to submit the names of young men who would like to try for these appointments and furnish further information on request.

Candidates at the newly authorized Academy will receive a broader and more "cultural education" than that given at West Point and Annapolis, according to the plans of the Air Force. Greater emphasis will be placed on "liberal arts" studies and less on technical training than at the Military and Naval Academies. The new Academy does, however, expect to confer Bachelor of Science degrees on all graduates and much time will be devoted to studying scientific subjects.

Moreover, it appears to be the intent of Air Force authorities to be more liberal in the treatment of students than is the practice at the other Academies. They say that since they have a global Air Force, each student should receive as broad an influence as possible, and this means that they will not be in the "monastery-like" atmosphere which prevails at the older established schools.

From the releases made thus far, they say they expect to insure that graduates are capable of using forceful, effective English and that the English course will place major emphasis on the art of communication, both written and oral.

Another feature of the curriculum will be the integration of English, History, Economics, and Government courses, along the same lines as most universities of the Country.

A number of locations in Texas have been proposed and, of course, these sites will be considered. From the immediate standpoint, strong recommendations are being made to locate the school temporarily at Randolph Field, San Antonio, which has been referred to in the past as the "West Point of the Air." It is felt that if Texas received the temporary location, it would be an advantage for a permanent location some place in the State. However, if the total requirements are to be met, the number of desirable sites is somewhat limited. Especially is this true when the matter of adequate water is considered.

Mrs. Clara Huntington spent the Easter holidays with her son, Harold Deen, in El Paso.
