NUMBER 101

The Gay Philosopher

By J. W. S.

drove out to the Lee Leiske farm Tuesday to attend the Pecan Field Day program, and it was a very informative event with some of the state's top pecan men there to talk and answer questions. Some 65 people were there for at least part of the program, indicating a growing interest in the pecan orchard business.

We particularly enjoyed a talk by George Goss of Rising Star, who has 65 acres of pecans. He planted his trees and has nursed them over the years. He now is 72 years of age and refuses to consider retiring — he's too enthusiastic about seeing trees grow and looking after them.

Mr. Goss recommends to young men, who may be looking for a vocation, that they obtain some land and plant a pecan orchard. With proper management, he says pecan farming can be quite profitable. County Agent J. M. Cooper is another man who feels that young fellows with ambition can do well with Eastland County farm land.

Elsewhere in The Press is a complete story on the pecan field day.

Perhaps the most popular part on the program was the noon lunch. Everybody brought basket lunches and spread them together at noon. Just about all of the pecan folks brought pecan pies for desert. We thoroughly enjoyed sampling all of the pies.

Mr. Leiske's orchard looks splendid and the pecan men admired it.

ONE OF THE best things about the Booster Club minstrel show was the orchestra that Mr. Ken Russ organized and directed. His musicians included Dr. C. E. Paul, Ray Judia, Harry Schaefer, Mrs. Lydia Krauskopf, Ernest Hittson, A. E. McNeely, David Ward, Bob Lloyd, Blair Paul, Travis Farmer, Gerald Parks, Alfred Parks, Al Anderson and Paul Huffman, not to mention the Russ trombone.

Credit for the success of the program should go to those who worked behind the scenes as well as those who did a fine job in the scenes. Behind-the-scenes men included Herb Kirby, studio engineer; Joy Dean Laws and Billy Kendall, property men; Tom Smallwood, lighting, and others.

President Bob Latson of the club filled in for cast members who could not be present. Hearing a lot of compliments on his singing and acting ability . . . it was a good show in all respects.

YOU CAN GET set for a long weekend of golf. They begin Thursday with the pro-am tourney and the Cisco Invitation tourney opens Friday and runs through Sunday . . . Business men and others will be welcome at the barbecue Friday night. Tickets are on sale . . . Mr. J. L. Thornton will not play in this year's tournament for the first time in a long while. A recent operation will keep him away from golf for some time yet. He was the tournament medalist two years ago.

HAVE YOU NOTICED the attractive posters around town? They're advertising a concert by the West Ward School girl choir on Tuesday night, May 4, at the junior high school gym. The posters were made by students, and several little boys distributed them the other day. The placards are all different.

MR. J. D. Collier, the cage hen egg man, reports that they're now getting something like 350 eggs per day from their 500 pullets. Wonder if the Colliers eat eggs? . . . Saw Major and Mrs. Stormy Davis and Mrs. E. G. Damron going fishing the other afternoon . . . Firemen were called out to the Richardson place in south Cisco last evening when lightning hit an oil tank. It burned briefly and went out. Little or no damage, we understand.

DOWN AT THE Cisco Locker Plant, Mr. A. Z. Myrick reports that they were working along, minding their own business the other day. They heard a noise and looked around. A big yearling steer was standing there. He had escaped from a pin in the back part of the building and come up front through a long hallway. After considerable activity, they got the yearling back in the corral.

Mr. Myrick reports that they have a new barbecue machine down at place.

FOR ADDED GLAMOUR—Real elephant feet are being made into footstools at a taxidermist's shop in Seattle, Wash. Leopard skins are stretched over the tops to make them more inviting to sit on after those toenails are given a pedicure which adds charm to the wrinkled loveliness.

Jane Huestis To Be Presented In Recital Sunday

ABILENE, April 28.—Jane Huestis, daughter of Mr. and Mrs. S. A. Huestis, 1208 Ave. M, Cisco, will be presented Sunday, May 2, in a piano recital in Radford Memorial Auditorium, on the McMurry College campus. Miss Huestis is a junior in McMurry, and is a student of Clarence Brady, professor of piano.

Miss Huestis is one of the most outstanding music students in McMurry, having served as accompanist for many student groups both on and off the college campus. She is a member of a women's quartet, and has appeared on the stage many times in special assembly programs.

A graduate of Cisco High School, she attended Cisco Junior College before coming to McMurry. Her selections will be Bach's Partita in C Minor, and Sinfonia Allemande Corrente.

The recital will begin at 4 p. m. and an invitation has been extended to all friends of Miss Huestis who wish to attend the recital.

Irene Castle was the first to start the bobbed hair fashion.

LITTLE LEAGUE TO BEGIN 1954 SEASON WITH GAMES MONDAY

Little League Baseball for 1954 will get under way Monday at 5 p. m. when the Cardinals and the Athletics cross bats in the opening league game of the season at ABC Field.

At 5 p. m. Monday the farm teams of the two clubs will meet in the opening contest. The regular club teams will meet at 7:30 p. m.

At 7 p. m. there will be an official opening ceremony at which time the managers of the teams and all the players will be presented to the fans. At the opening ceremonies trophies will be awarded to the winner and the runner-up for last season. The trophy for the winner will go to the Braves, and the runner-up award will go to the Athletics.

Alpha Elder, president of the ABC Club, said that the Field

PETITIONS ASK CHAPTER STUDY FOR CITY; ORDINANCE CHANGED

Petitions asking the City Commission to create a Charter Commission for the purpose of studying and recommending changes in the City of Cisco's charter were presented to the council at the semi-monthly meeting Tuesday night.

W. B. Wright, local attorney, presented the petitions to the commission. He pointed out that the petitions were circulated by citizens who are interested in modernizing the city charter to permit the employment of a city manager.

SUFFERS BROKEN ANKLE

Mrs. D. R. Harper suffered a broken ankle early today in a fall at the family home, 601 West 12th Street, it was reported. She was resting satisfactorily at home following treatment.

Mr. and Mrs. Harvie Haynie of Dallas are expected Friday for a weekend visit with his parents, Mr. and Mrs. James Haynie.

Mrs. Charles Cofer of Dallas visited in the home of Mr. and Mrs. J. L. Thornton Monday.

Mr. Wright added that it would be legal for the commission to appoint a Charter Commission or to call an election for the purpose. The matter was taken under advisement for action in the near future.

In other action, the Commission overhauled a recently enacted ordinance governing the moving of houses and buildings. Under the new plan, it would be the responsibility of the house or building owner to obtain official permits and clearance before having same moved.

This action was taken after the Commission studied plans in force in numerous neighboring cities. This does not require the firm moving the buildings to do anything.

Offers to allow the city to redeem water revenue bonds in the amount of \$10,000 and tax bonds amounting to \$10,000 for 91.5% of par were accepted. Mayor G. C. Rosenthal read a letter in which Engineer Homer Hunter asked the State Water Board to renew this city's application for Battle Creek water.

Commissioners D. N. Morrison and J. W. Sitton took the oath of office for two year terms of office after the old business was disposed of. Morrison took office for the first time, and Sitton began a second term. Commissioner Joe Britain, re-elected recently, was unable to attend.

Mayor G. C. Rosenthal announced the assignment of commissioners to departments as follows: D. N. Morrison, finance; J. W. Sitton, water; Joe Britain, sanitation; Albert A. Hansen, streets; and Ace Lucus, police. J. W. Slaughter retired as a member of the commission.

Mr. Rosenthal reported that the cleanup campaign, conducted last week, was regarded as successful and that many persons had complimented the city on the project. He noted that the campaign cost the city about \$350.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our many friends who were so kind and thoughtful at the death of our loved one. We are especially appreciative of the many cards and flowers and for the meals served. Mrs. M. Rich and family

C.J. Turner Named President Of College For Three Years

Carlos J. Turner, registrar at Cisco Junior College for the past few years, was named president of the school for a three year term at a special meeting of the board of trustees Tuesday night.

He will assume the office in July, on the effective date of the resignation of O. L. Stamey, present president.

Ralph Glenn, president of the board, said that the board felt that Mr. Turner well deserved the promotion and that members were happy that he had accepted the post.

Mr. Stamey asked to be relieved of the duties of the office in February, with the resignation to be effective in July. The board accepted, with regret, the resignation of Mr. Stamey and began consideration of replacing him. Several out of town educators had contacted board members, it was reported.

No action was taken on replacing Mr. Turner in the registrar's

office. That post will be filled later, it was reported.

In other business at the Tuesday meeting, it was reported that plans and specifications for the new administration building for the school would be ready for turning over to contractors in about a week. The architects reported that plans were in the completion stage. Plans call for letting of contracts and the beginning of construction by June 1. The building site has been cleaned off and is ready for the contractor.

Teenagers Plan Baseball Game Thursday Night

Baseball fans will be given a preview of Teenage baseball here Thursday night when the squad, composed of some 60 boys, will be divided for an exhibition game.

Game time has been set for 7:30 p. m. and every boy coming out for the team will be given a chance to play approximately three innings. The game will be a nine inning affair.

Tommy Reynolds will captain the Blues. Team members are Jimmy Sublett, Franklin Farnsworth, Wendle Elder, Frank Cochran, James Newman, Milton King, Bobby Cluck, Don Gray, Jimmy Laminack, James Starr, Buddy Waters, Bobby Dolgener, Wayne Smith, Dickie Bennie, Tommy Terry, Terry Maxwell, Ace Lucas, Johnny Trigg, Jake Collier, Terry Gosnell, Leon Johnston, Ray Hill, Paul Exline, Wayne Pence, Rodney Callaway, Orvall Durham, Bobby Collins and Jerry Jeffcoat.

Tommy Collier will serve as captain of the Golds. His team members are Benji Lipsey, Jimmy Flores, Ronnie Edwards, Vernon Lassiter, Arthur Chapman, Paul Ford, Bobby Jones, Pat Hussey, Johnny Richardson, Tuffy Carlile, John Adams, Rudy Archer, Jerry Ford, Larry Gregg, Jerry Yowell, David Ewell, Dallas Elder, Lee Cheves, John Carlile, Harold Donica, Rex Swindle, Jerry Monk, Don Doyle, Thomas Busby, Charles Lavery, Bobby McGowen, Jimmy Blackwell, Johnny Carson and Norman Shelton.

The teen age boys have been working out for some three weeks and are about ready to be divided into four teams to play out the summer season. The game Thursday night was planned to give the boys playing experience and to give fans the opportunity to see them in action.

Weekend Of Golf Will Begin With Pro-am Tourney

A pro-amateur tournament Thursday afternoon will open a weekend golfing program at the Cisco Country Club, Pro Jack Miller reported today. Golfers from throughout this region are expected for the pro-am event.

The Cisco Invitation Golf Tournament opens Friday at the club, and many of the Thursday players are expected to use their rounds to qualify for the tourney. Qualifying for the annual event opened Sunday for all players except those who expect to compete for medal honors.

Plans are complete for the tournament. The barbecue and Calcutta pool will be held at the club Friday night. Match play will open on Saturday with the semi-finals and finals on Sunday.

It was announced today that the women of the Cisco Country Club would hold open house on the afternoons of May 1 and 2 for visiting women. Bridge and other games will be played. Invitations have gone out for women to accompany their husbands here for the tournament.

Tickets were on sale for the tournament. Tickets were on sale for the barbecue. Business men and others interested have been invited to buy tickets.

Mrs. Fred Watson is visiting her sister, Mrs. William Ernest, in Louisiana.

Mrs. J. V. Heyser, Sr., and Mrs. B. S. Huey were business visitors in Abilene Tuesday.

Recent visitors in the home of Mr. and Mrs. D. P. King were S/Sgt. James L. King of Waco, Mr. and Mrs. Owen King of Abilene, and Mr. and Mrs. W. O. King of Bellville.

Mrs. A. B. Byrd is to leave Thursday morning for DeLeon where she will attend the funeral of Anderson Ruff Thursday afternoon.

Mrs. D. I. Parks and children, David and Julie of Milton, Illinois, are visiting in the home of her parents, Mr. and Mrs. Rex Moore.

City Works Out Agreement To Begin Street Paving Project

JOHN BEN SHEPPERD ANNOUNCES CANDIDACY FOR RE-ELECTION

Texas Attorney General John Ben Shepperd formally filed for re-election to a second term today, subject to action of the Democratic primary.

In his announcement Shepperd pledged continuing war by his office on "Crime, Communism and Corruption."

"We feel our quick action in checking the drive by the Communist Party to take over key Texas ports and our fight in Duval County to uncover and halt the theft of public funds both have won approval of the people."

Shepperd, who was elected Attorney General in 1952, after serving two years as Secretary of State, is 38 years of age and a native of Gladewater, Texas.

In his race for Attorney General two years ago, Shepperd received 80% of the votes. In his home county, Gregg, and in Travis county where he now lives, he received more votes than ever had been cast for an Attorney General in the history of either county. As yet, he is unopposed for re-election.

During his first year in the Attorney General's office, Shepperd led important actions for the state such as defense of the Tidelands Act, made proposals to ease the Texas drought areas, and successfully blocked a communist threat to Texas ports and oil and industrial centers.

In February he became the first state official to take definite action against Duval County irregularities when his office began an intensive probe of school district and county records.

Last summer Shepperd exposed a mail-order cigarette tax swindle operating in Texas. His office has stopped hundreds of out-of-state corporations from doing business in Texas without permits, and completed a large number of anti-trust actions.

During 1953 his office won 97% of its cases — 1199 out of 1232 tried or appealed. In the same year his office recovered through adjustments, fines and forfeitures, enough money to operate the Attorney General's office for 25 years.

As an economy measure Shepperd reorganized the Attorney General's department when he took office. In 1953 he reduced his office's telephone bill by more than half, travel expenses 25% issued an opinion cutting his own salary \$2,000, and submitted a budget request so low that his office was given more than it asked for. At the year's end he returned \$25,000 in unused money to the Treasury.

Shepperd serves on 34 boards and commissions of the state government including the State

JOHN BEN SHEPPERD

Banking Board, School and Veterans' Land Boards, State Tax Board, and State Elections Board. He is present southern regional chairman of the National Association of Attorneys General.

Shepperd has incorporated measures in his administration to synchronize and improve law enforcement. He sends out a monthly newsletter to all Texas law enforcement officers, has compiled and distributed a peace officer's handbook, and holds annual conferences for law enforcement officials.

Attorney General Shepperd was the organizer and first secretary of the Texas Economy Commission. He is former president of the Sabine River Watershed Association, former member of the State Board of Education, and former chairman of the Texas Election Laws Committee.

He is a member of the Lion's Club, the American Legion, and is a lifetime member of the P-T-A. He has served on the board of the Christian Churches for the past ten years.

Shepperd is a graduate of the University of Texas School of Law and holds two honorary Doctor of Law degrees, from North Texas State College and Chapman Christian College of California. He served three years in the U. S. Army during World War II.

He is married to the former Mamie Strieber of Yorktown and they have two sons, Skippy and Johnny, and twin daughters, Suzanne and Marianne.

Mrs. J. D. Lauderdale and Mrs. C. B. Powell were visitors in Abilene Tuesday.

Mrs. Sam Kimmell and Mrs. J. M. Flournoy were visitors in Abilene Tuesday afternoon.

Property Owners Will Share Cost

The City of Cisco entered into an agreement with E. H. Shavner of Dallas for the purpose of paving city streets at the semi-monthly meeting of the City Commission at the City Hall Tuesday night. Action on the project is due to begin in the near future.

Under the proposal, streets will be paved where property owners will cooperate in paying for the work. City equipment will be used to pave street intersections, leaving property owners to pay for the work only in front of their houses.

The Shavner company submitted a bid on asphalt pavement as follows: 18-foot pavement, 90 cents per running foot; 20-foot, 99 cents; 22-foot, \$1.08; 24-foot, \$1.19; 26-foot, \$1.30; 28-foot, \$1.40; 30-foot, \$1.50; 32-foot, \$1.60; 34-foot, \$1.71 and 36-foot, \$1.81 per running foot.

The firm submitted the lowest of several bids for the project. A solicitor will begin making calls in residential areas soon, it was understood. Those interested in paving in front of their property were invited to call at the City Hall.

The commission worked out the program at the request of a number of interested citizens, Mayor G. C. Rosenthal said. He said the Shavner company was highly recommended to the city. More information concerning the program will be announced soon.

U of T Exposition And Power Show Set For May 6-8

AUSTIN, April 28.—The University of Texas will hold its annual All-University Exposition and Power Show May 6-8.

Honor guests will be more than 1,600 high school students, their parents, teachers, school administrators and friends who will be here at that time for the annual University Interscholastic League State Meet.

The huge open house is designed to help visitors feel the state University is their own and provide diversions which they can enjoy between contests for state championships in track and field, tennis, golf, speech, literary, drama, shorthand, typing and mathematics events.

The Exposition and Power Show will offer opportunities for entertainment, career counseling, and visits to interesting campus exhibits.

Entertainment highlight will come Friday evening, May 7 when University engineering, architecture, natural science and ROTC students will present the 45th annual Power Show, an extravaganza combining entertaining and amazing stunts with dramatic examples of latest scientific developments.

During all three days of the State Meet, the University's teaching departments and numerous research and service units will welcome visitors with films, demonstrations, exhibits and other programs explaining University training for the growing list of careers made possible by social and technological progress.

Inch Rain Falls In This Section

A squall line thunderstorm deposited from half an inch to more than an inch of rain in the Cisco area early Tuesday night, improving the outlook for spring grain crops. The rain gauge at the City Hall registered .8 of an inch, while the gauge at Lake Cisco caught 1.3 inches.

City Water Supt. John Rodden reported that Lake Cisco caught more than two inches of new water. The rain put some eight inches of new water in Lake Bernie, which was only about a foot below spillway level, according to Lake Custodian Ray Judia.

The rain was lighter to the southwest and south of Cisco.

A FLAT MINOR—With a huff and a puff and a lot of willingness, five-year-old Christine Clark horns into the proceedings during a brass band championship contest in London. She probably didn't squeeze much out of the big instrument, but there was plenty of sound when the 54 competitive bands struck up.

A RICH MAN'S MEASURE?

Very few people have either the time, the inclination or the specialized knowledge needed to read and understand a major tax bill. That is certainly true of the Administration-backed, 975-page tax revision measure which has passed the House and is now the subject of extensive Senate hearings.

As a consequence, almost any critic — or praise — can be made of a tax bill and many will believe it. The current bill is an excellent example. Opponents of the Administration have jumped on it gleefully on the grounds that it is primarily "a rich man's measure," which will give all kinds of benefits to big business and wealthy individuals and few if any to those of small and moderate status.

In the light of that, it may come as something of a surprise to learn that numbers of tax experts and corporation executives are looking on the bill with anything but eager eyes. They think that some of its provisions would actually be more burdensome to some important industries than is the case

under existing tax laws. And they are urging the Senate to make substantial changes in the interest of business' welfare.

Without going into the rights and wrongs of this complex matter, a Wall Street Journal article by Alan L. Otten impressively disputes the "rich man's tax bill" argument. The measure, he writes, "... contains more than 50 provisions that will cause more distress in Union League clubs than in C. I. O. union halls or at Democratic Party rallies." The reason for this is that the bill closes doors on certain devices, now entirely legal, by which some businesses and high-income individuals have been able to save substantial sums in their taxes.

Mr. Otten describes a few of these proposed revisions. As of now, beneficiaries of life insurance policies can leave the money with the company and take it out in installments over an extended period of time. They receive interest from the sum in the company's hands, and it is tax-free to any amount. The new bill would limit tax-free interest to \$500 a year for a wife and \$250 for a child. Certainly, that would hit the wealthy much harder than the rest of us.

Now the survivors of a deceased employee can get up to \$5,000 in tax-free death benefits from each employer for whom he worked. Some top executives of inter-related corporations can make arrangements so each of the corporations will pay the tax-free \$5,000. The new bill would restrict payments to just \$5,000 per person.

Today, executives can be given big tax-free bonuses and vacations under health insurance plans. Payments on these are tax-free, with no limit. The new bill would set a ceiling of \$100 a week for such benefits — and, further, even that would be tax-free only if all workers in the company receive similar coverage.

Other examples cited by Mr. Otten are of a very technical nature and space precludes describing them. But they would hit the owners and dividend-recipients of certain kinds of corporations — principally those whose stock is closely held — to a materially greater degree than is the case now.

The Senate may or may not make important changes in the House approved bill. But one thing seems pretty sure — no one in authority is trying to give the rich any handouts.

Mrs. W. L. Boyd and Mrs. Betty Clark returned home Tuesday from a weekend visit with their sisters, Mrs. Myrtle Wilson and Mrs. Callie Haxner, in Abilene.

REINSTATING SPIRITUAL VALUES

This Hurts the Gardener But Surely Helps the Crop

It Hurts to Destroy Your Plants, but Ruthless Thinning is Necessary for a Good Yield.

Small garden seed can rarely be sown so sparsely that thinning out excess plants can be avoided in the home vegetable garden. Large seed can be spaced accurately, but with small ones it is necessary to sow more than there is room to mature, and when they come up many must be sacrificed so that the others may have room to develop.

The reason for this is the ever-present risk in gardening. The moulds which destroy seeds in the ground, or the seedlings just emerging, will always take their toll. Other mishaps may occur to plants as they grow larger, so it is always well to have a few spares growing. The amateur likes a row to be filled out with no vacant spaces, and should be willing to devote extra labor to insuring this, by doing his thinning gradually.

As soon as seedlings get large enough to handle—usually when they grow their second pair of leaves—make sure that every plant stands free from every other—an inch apart at least. If seeds were sown thinly, there should be no cases of entangled roots at this stage. Then, as the plants grow, alternate ones should be removed until they stand at the space deemed best for their full development.

In this process many plants thinned out can be used for the table. Lettuce, especially, is usable as soon as the leaves are two inches across. Some gardeners never thin lettuce, but let it grow in crowded rows, pulling as needed or even cutting off the leaves, so that more will grow. This never gives lettuce of the best quality, and it causes the plants to bolt to seed earlier than normally.

Almost any young vegetable can be transplanted from one place to another in the row, by taking up enough soil so that its roots are not disturbed. In this way vacant spaces in the row can be filled but you will notice that even this will check the growth of the plant which is moved.

When carrots are sown thinly, thinning may be left until some are large enough to use. It is the half-grown carrots that are most delicious, and the growth is so much more in length than in the diameter of the root that the thinning process does not disturb the others so much.

Turnips do not grow well if crowded. If the young plants are pulled up so they stand 4 inches apart in the row, in a remarkably quick time they will be large enough to use.

Beets are more easily handled than turnips when they are a little larger, and one should not fail to try a dish of beet tops with the tiny roots just beginning to form. It is a delicious introduction to the garden menu. The beets which are left in the ground should be spaced 2 inches apart.

Give GOD a Chance NOW! ATTEND CHURCH EVERY SUNDAY

SOCIETY AND CLUBS AND NEWS OF INTEREST TO WOMEN

Dale Moore Circle Has Regular Meeting

The Dale Moore Circle of the East Cisco Baptist Church met Tuesday in the home of Mrs. Lloyd for their regular meeting. Mrs. Gilmore opened the meeting with prayer and the group

joined in singing "What A Friend We Have In Jesus." Rev. F. C. Bradley gave the devotional from Acts 9: 36-43 and the meeting closed with prayer.

Cookies and punch were served. Mesdames Lloyd, Tarver, Mary Green, O'Dell, Lamb, Thetford, Gilmore, Hill, Pence, Kate Chambers, Aliene Bradley, Marie Woolover, Delores Sharpe, Rebecca Green, Jo Nelms, and LaAnna York.

RUPTURE SHIELD EXPERT HERE

H. M. SHEVNER, widely known expert of Chicago, will personally be at the Wootin Hotel, Abilene, Sun. & Mon. only, May 2 & 3, from 9 A. M. to 4 P. M.

Mr. Shevner says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location, strengthen the weakened parts, and thereby close the opening a few days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatments. Mr. Shevner will be glad to demonstrate without charge. 2344 No. Ridgeway Boulevard, Apt. 8B Chicago 45. Large incisional hernia or rupture following surgical operation especially solicited.

Brownie Troop Eight Has Meeting Monday

The weekly meeting of Brownie Troop Eight was held Monday, April 26, at the First Christian Church.

The afternoon was spent in painting names on drinking cups and playing games. Those attending were: Linda Ainsworth, Linda Beebe, Sarah Brashear, Colette Brown, Jan Burkman, Connie Comingore, Suzette Hagan, Carolyn Hamilton, Marilyn Johnston, Leahhah Leveridge, Karen Moore, Shirley Page, Brenda Posey, Jamie Rawson, Lanell Stanford, Kay Starr, Bertha Taylor, Ethel Wallace, Sharon Kay Wilson, and the leaders, Mrs. Norman Rawson and Mrs. James Starr.

EMERGENCY MEASURES—About 15 minutes after the liner Doris had a bottle of champagne smashed on her bow in Birkhead, England, a gentleman on shore still seems to be trying to push the ship away from the dock. The Doris scraped some of her new paint as she hit a dock wall while being towed into an outfitting basin, but it's doubtful that push helped much.

First Baptist Circle Three Holds Meeting

Circle Three of the First Baptist Church met Tuesday at the home of Mrs. E. J. Poe for their regular meeting with Mrs. Poe presiding.

Mrs. Fred Grist opened the meeting with prayer and Mrs. J. T. Brewer gave the devotional. Following a short business session, Mrs. W. W. Sawyer taught the lesson "How To Be Saved." The meeting closed with prayer by Mrs. A. R. Day.

A social hour followed and refreshments were served to one visitor, Miss Willie Frank Walker and Mesdames W. W. Sawyer, W. J. Poe, J. E. Burnam, Fred Grist, Frank Ashenbust, Bobby Zellars, J. T. Brewer, A. R. Day, Frank Walker, and E. J. Poe.

W.S.C.S. Meets Tuesday For Spanish Program

The W. S. C. S. of the First Methodist Church met Tuesday at the church for a program on "Spanish Speaking People of the United States," and for a business meeting.

The meeting opened with all singing "Help Somebody," followed by prayer by Mrs. Sam King. Mrs. W. Z. Latch brought the devotional using the story of Naomi and Ruth.

Mrs. George Davis presided over a brief business session. It was voted to give \$15 more on the honorary membership for Mrs. Deffebach, making a total of \$25. Several announcements were made and routine business matters transacted.

Mrs. Sam King, leader for the day, was in charge of the study on spanish speaking people in the United States. Mrs. King summed up the course so far and asked Mrs. O. C. Lomax to give a part on the kindergarten work in the Rio Grande Valley. Mrs. William Joyner gave a chapter from the book, "Mexico In Texas," and Mrs. B. J. Osborn presented, "Christo Me Oma-Jesus Loves Me," a story of the Mexico school at Pharr, Texas which is supported by the W. S. C. S. Mrs. Davis closed the meeting with prayer.

Those attending were Mesdames Sam King, W. Z. Latch, B. J. Osborn, J. T. Deen, D. P. King, A. T. Gorr, Stella Wilson, S. H. McCantles, G. P. Rainbolt, R. I. Collingsworth, C. A. Shockey, W. J. Slaughter, George Davis, Mrs. Nelson, and Miss Bessie Wilson.

East Baptist Circle Has Program Monday

Mrs. Thelma Bosworth was hostess in her home Monday evening when the Business Women's Circle of the East Cisco Baptist Church met for a Royal Service Program.

The meeting opened with prayer by Mrs. Carrell Stansill and Mrs. Claud Ingram gave the devotional. Mrs. Bosworth was in charge of the program, "Medical Missions In South America," and was assisted by Mrs. Louise Barron and Mrs. Stansill. The meeting closed with prayer by Mrs. Lillian Dawson.

A social hour followed and refreshments of open face sandwiches, pickles, cake, coffee, and tea were served to Mesdames Ingram, Louise Barron, Carrell Stansill, Lillian Dawson, H. K. Neely, Thelma Bosworth, and three children.

Mr. and Mrs. Edgar Johnson and Mrs. Betty Steffey visited Sunday with Mr. and Mrs. Joe Dan Johnson in Abilene. Other visitors in the Johnson home Sunday were Mr. and Mrs. Don Johnson and children of Moran.

State Capital NEWS

AUSTIN—Texas politics started with a rush as Governor Allan Shivers broke a log jam by announcing that he would ask the voters for an unprecedented third term.

Actually, Shivers is now in his third term; he took over as the state's chief executive upon the death of Governor Beauford Jester in July, 1949.

When his present term is ended, he will have served longer than any other governor — five years and five months.

Looming as Shivers' chief opposition were Ralph Yarbrough, Austin attorney who ran for governor in 1952; and Reuben Senterfitt of San Saba, speaker of the House of Representatives.

Both held up their formal announcements for several days after Shivers made his intentions known.

Yarbrough is a loyalist Democrat who will ask for the support of those voters who went along with Adlai Stevenson in the last presidential race.

Senterfitt is a conservative who differed with Shivers over several issues during the last special session of the Legislature.

Officially entered in the governor's race was J. J. Holmes, an Austin contractor.

Congressman Lloyd Bentsen, who recently announced that he would not try for re-election, had been considered a potential candidate for governor if Shivers did not run, said he would seek no political office this year.

Others who had been considered as possible gubernatorial material dropped out of the picture prior to Shivers' announcement.

Lieutenant Governor Ben Ramsey, Agriculture Commissioner John C. White, and Attorney General John Ben Shepperd will ask for another term in their present offices.

Opposition Develops
As Ramsey entered his race for a third term, he had two opponents.

Representative George T. Hinson of Mineola filed for a place on the ballot and said he would make an active campaign. He favors increased taxes on natural gas pipelines.

C. T. Johnson, Austin insurance man, is also a candidate who has been traveling over the state and meeting the voters.

Senator A. M. Akin of Paris who had been discussed as a possible contender in the Lieutenant Governor's Race announced that instead he would run for re-election to the Senate.

Water Is Topic
Water conservation was a prime subject for the political speakers.

That problem is one of the state's biggest, and influenced him in deciding whether to run for governor again, Shivers told reporters.

He said that in his opinion Texas has sufficient water if the supply is conserved, adding:

"Texas can solve its own water problems. It ought to be done in large part on the local and state level."

Backing for Shivers came from Guy C. Jackson, president of the Texas Water Conservation Association.

Jackson said he believes that the governor "plans to go all out with his usual energy to see that the next session of the legislature dedicates itself to an intense, patriotic study and ultimate solution of our water situation . . ."

Yarbrough, speaking at Hempstead, said that the answer to the water problem "is action, not a continual bickering between the State and Federal Government."

He added: "The State Government is wasting its energy and killing time by continuing to call the Federal Government names."

C. T. Johnson, as part of his platform, proposed the construction of 100,000 small dams in Northwest Texas to hold rainfall. He also recommended a canal to connect 10 Texas rivers and provide an interchange of water to balance irregular flow.

Senator Lyndon B. Johnson also urged thousands of small dams in the upland areas of Texas for water storage and protection against floods.

Race for Senate
Senator Johnson drew opposition in the person of Representative Dudley T. Dougherty of Beeville, wealthy rancher and oil man.

Dougherty cranked up his campaign by sending to Johnson in Washington a telegram asking him some questions. Dougherty wanted to know:

Does Johnson approve the use of U. S. troops in Indo-China?

Does Johnson favor sharing atomic secrets with other nations?

Will Johnson assist in the investigation of federal loans on Texas hotels and apartments?

Justice Will Run
Elsewhere on the political front, Associate Justices Few Brewster of Temple and Clyde E. Smith of Smithville announced for re-election as members of the

Texas Supreme Court.

And Chief Justice J. E. Hickman said he would file soon. The other six justices still have parts of their elective terms to serve.

Most members of the legislature will seek re-election.

Teacher Pay Boost
Passed by the special session of the Legislature, a bill to increase Texas public school teachers' pay by \$402 per year was signed by the governor.

Present for the ceremony were House and Senate sponsors of the bill and members of a committee that worked out the compromise plan for teacher pay.

Governor Shivers has already signed a tax bill raising the money for increased teacher pay and other purposes.

Close the Gaps
E. H. Thornton Jr., chairman of the state highway commission, told a Kaufman County delegation that the commission's policy is to complete gaps in the farm road system before beginning new routes.

Thornton's statement was in response to a Kaufman County representative's question on a local road problem.

"We will not be limited in our thinking by precinct lines," Thornton said. "We are proud of our farm-to-market road system in Texas. There is about 22,000 miles built or under construction. It is high time to start connecting these roads."

Thornton said that federal aid for roads has been increased for next year, and with matching funds, Texas' highway program will expand by \$35 million a year.

Inspection Stickers
There are 2,650,000 vehicles in Texas that have passed the automobile inspection test — but a quarter of a million cars are going around without the required stickers, according to the Department of Public Safety.

Automobiles lacking the evidence that they have been inspected will be sought out and the owners given warning tickets or court-summons tickets.

April 15 was the deadline for the automobile inspection.

Surplus Feed Grain
Advantages are to be had by sale of the government's surplus feed grain, says John C. White, state commissioner of agriculture.

Such sale, the commissioner believes, would result in bringing the cost of livestock feed down and would bring relief to the cattlemen's drought problems.

Speaking at Vernon, White said further that sale of the feed would also save the taxpayers many millions of dollars because the government would get a return from products that are now merely clogging warehouses where space is needed for new crops.

Watches Will Be Given As Awards In 4-H Contests

State winners in any of the four national 4-H programs recently accepted by the State Extension Service for 1954 will be awarded a 19-jewel wrist watch.

The programs and the donors are: Leadership, Edward Foss Wilson; Dairy Foods Demonstrations, Carnation Co.; Beautification of Home Grounds, Mrs. Chas. R. Walgreen, and Entomology, Hercules Powder Co. In each of the last two programs there is one state winner. In Leadership there are two — the outstanding boy and girl, and in Dairy Foods three — the highest ranking individual and team demonstrators.

County awards are gold-filled medals of honor, the same number in each program as last year, excepting Beautification of Home Grounds and Entomology, in which they have been increased from one to four.

Eight state winners each in 4-H Leadership and Dairy Foods Demonstrations, and 12 in Entomology will be selected for a sectional award of an all-expense trip to the National 4-H Club Congress in Chicago. The trip award also is given to eight national winners in the Beautification of Home Grounds program.

National awards of \$300.00 college scholarships will be presented to four winners in Leadership and six in Entomology.

All four programs are directed by the Cooperative Extension Service.

OH, KAY!—Besides basking in the sun and the admiring glances of male passers-by at Miami Beach, Fla., Kay Price makes a pleasing picture. The buxom young lady is a model—but perhaps you've already guessed as much.

Ever Think of Blue Monday --

... as a day when there's chores to be done which are not quite inspiring, but positively boring? Some do. But in our business we never have a blue moment, altho pouring over ancient, dingy records sounds all but refreshing. To us it's all in the day's wash and we know what you mean when you say "build me a dependable abstract." Yes, it's hard work, tedious, exacting, responsible, but interesting. Try us on your next order — we never grow tired serving you.

EARL BENDER & COMPANY

Eastland, (Abstracting since 1923) Texas

Marine Corps To Accept Officer Candidates May 1

Active procurement for the Marine Corps officer candidate course will begin on 1 May, Captain James E. Harrell, officer procurement officer, Dallas, announced recently.

Captain Harrell stated that he will accept applications for the 11th Officer Candidate Course through July 1. The 11th Officer Candidate Course is scheduled to convene in November of 1954.

Seniors and college graduates are eligible for enrollment in the Officer Candidate Course. To qualify for this course, a student must be at least twenty (20) years of age and less than twenty-seven (27) on July 1 of the year he is commissioned. Members of the program are given ten (10) weeks of officer candidate training at Quantico, Virginia, and then commissioned a second lieutenant in the U. S. Marine Corps Reserve.

After they have received their commissions, members of this program attend a five months specialized officer training program at Quantico, Virginia. A three year tour of active duty is required of all newly commissioned officers.

For detailed information concerning this program, interested students are advised to write, telephone or visit Captain Harrell at his office located in the Terminal Annex Building, Room 518, Dallas, Texas.

BETTER, CLEANER GASOLINE!

PHILLIPS 66

Flite-Fuel

FOR YOUR CAR

Only in Phillips 66 Flite-Fuel do you get the added super aviation fuel component, Di-isopropyl (pronounced di-iso-pro-pull). This special clean burning power component is a Phillips exclusive—developed originally for highest powered military aircraft.

Phillips Petroleum Company was the first to make Di-isopropyl and HF Alkylate, so valuable to smooth motor performance that, until recently, their use was restricted by the U. S. Government to high performance aviation gasoline. Now authorities have removed restrictions and these powerful components can be blended into Phillips 66 Flite-Fuel.

New Phillips 66 Flite-Fuel provides increased power, higher anti-knock, greater fuel economy, and freedom from cold stalling.

In addition, Phillips 66 Flite-Fuel gives you the clean burning qualities that result from use of natural and aviation gas components. No anti-fouling additives are needed to insure maximum power and efficiency when you drive with Flite-Fuel.

Only Phillips 66 Flite-Fuel contains added Di-isopropyl. Get it at stations where you see the orange and black Phillips 66 Shield.

SON OF WAR HERO—How time does fly is shown by this photo of Colin Kelly, Jr., in New York. With artist Joe Chase, young Kelly is viewing the portrait Chase painted of Lt. Colin Kelly, World War II's first and most famous hero, who died attacking a Japanese ship. Chase presented the portrait to Kelly, who was just a baby when his father died soon after Pearl Harbor.
