

The Gay Philosopher

By J. W. S.

LOOKING AT the calendar, we see that Memorial Day (May 30) falls on Sunday this year, and it is one of the year's six official holidays. So, local business firms will observe the following days (May 31) as a holiday, according to Mrs. Lucile Huffmeyer, secretary of the Merchants Credit Association. Most stores will close for the holiday.

A committee of American Legion members has been appointed to make plans for a Memorial service at Oakwood cemetery on Sunday afternoon, May 30. Details of this program will be announced soon.

ANOTHER SUNDAY holiday this year will be July 4th. And since it is also one of the six holidays that local business firms plan to observe, Monday, July 5, will also be a holiday.

The Legion, which operates Cisco Park, has appointed a committee to plan the July 4th celebration. Their initial idea is to make it a three-day affair, July 3, 4 and 5. You'll be hearing more about this program in the near future.

THE MERCHANTS Credit bureau reports that Mrs. Huffmeyer will be in Dallas next Monday and Tuesday to attend the annual convention. Mrs. Huffmeyer has been accorded a couple of the honors recently. She was elected secretary of the Associated Credit Bureaus of Texas, District 1, at their recent meeting. And she has been selected as a candidate for the International Award in the Collection Service Division.

The local association received publicity in the state bulletin recently for the public relations course.

DRIVE OUT to see the Harland Hill Ranch that Mr. and Mrs. D. White and two sons operate just west of town. And they're thoroughly enjoying life in the country. It's their first time to live outside the city and they wouldn't consider moving back to town.

The Whites have 14 different breeds of bantam chickens — all the examples of their particular breed. Some of them are show winners and are quite valuable. The bantams are in individual pens. The demand for eggs for hatching purposes is good. They've got a good many of the hens busy in the incubating business. Besides the bantams, the Whites have a good many normal chickens.

They also have a pen of pheasants and the four hens are laying at least two eggs per day these days. One of the most beautiful sights is a pen and house with some 12 pairs of parakeets. The birds are of various colors and most attractive. The Whites enjoy looking after the birds and chickens. They also have a pair of attractive boxer dogs and a good size herd of cattle.

Mr. White works for the Humble Pipe Line Company here. He looks after the ranch property during his spare time. It is certainly an attractive place with plenty of buildings, pens, and things needed to operate a stock farm.

LET'S ALL BUY a ticket to the Thursday night show out at the football field. The proceeds go to help pay for the Little League baseball park. Whether you go to the show to hear the Stamps Quartet and other entertainment, you will want to buy a ticket to help the project.

The Little League ball park is a dandy layout and further improvements are planned as the funds become available. They don't make any charges to attend the baseball games, and it seems to us that everybody ought to buy one or more tickets to the Thursday night show.

NOTICE THAT they have a new chinning bar for the youngsters over at the West Ward School. Chinning the bar isn't the easiest thing to do. A lad who can chin the bar a dozen times is better than average, we understand.

KNOWING GESE—There's nothing silly about the ones owned by Mr. and Mrs. Richard Engel of Palatine, Ill. The two birds watch that television screen with the family and the Engels claim they miss bad programs and honk their approval of good ones.

HAYRIDE ARTIST

Johnny Horton, pictured above, who is a popular performer with the Louisiana Hayride at Radio Station KWHM, Shreveport, La., will be the featured artist at the Tri-County Jamboree at the Eastland Sportarena Thursday night, May 20.

Along with Horton will be Paul Howard, longtime favorite on the Grand Ole Opry of WSM, Nashville, Tenn., and his Arkansas Cotton Pickers and Pretty Miss Nita Lynn, new singing star from Hollywood.

Others will include Jimmy Key and his Timber Trail Riders of KERC, Billy Patton of Ranger, and Maxine Stacey of Carbon. Admission charges will be raised slightly for this performance — 75 cents for adults and 40 cents for children.

SIGHT FOR GOOD EYES—The grimacing gargoyles high up on the Cathedral of Notre Dame in Paris have been joined by some British students who are recording the beauty of the stone figures with their cameras. The ancient images, which French city dwellers see themselves one of the "musts" that tourists want to see in Paris.

DELTA KAPPA GAMMA CHAPTER HONORS FOUNDERS WITH TEA

On Saturday, May 15, Beta Upsilon Chapter honored the founders of Delta Kappa Gamma with a tea in the home of Mrs. Josephine Clements at 1600 Avenue D.

After a short business session and the yearly reports of committee chairmen, the chapter president, Miss Louise Snoddy, the president-elect, Mrs. Berniece Carter, and state committee chairman, Mrs. Ina Stamey, reported on the state convention held in Austin the last week in April. Mrs. Charlotte Griffith, accompanied by Mrs. Ruth Poe Herring of Eastland, sang "Sweetness and Light," a song composed by the late Mrs. Lucretia Irby. The song won first place in a national Delta Kappa Gamma song writing contest about ten years ago.

This is the Silver Anniversary year for Delta Kappa Gamma and that theme is being carried out throughout the chapters in local, regional, state, national, and international meetings.

It was 25 years ago that twelve women teachers, under the leadership of Dr. Annie Webb Blanton, met in the Women's Club on the campus of the University of Texas in Austin and organized the Alpha Chapter of Delta Kappa Gamma. Dr. Blanton foresaw a great growth in numbers, both in chapters and in membership, but the size and international scope of the organization at the present time is far beyond her dreams. From the original twelve, the membership has grown to 50,344 with Texas providing nearly 7,000 members, representing 101 chapters.

Mrs. Ina Stamey and Mrs. Miriam Bledsoe, assisted by twelve other chapter members, presented the "Roll Call of Founders." Eight of the founders are still living and taking an interested and active part in the work of the organization and the advancement of educational opportunities for the youth of America.

The candle lighting ceremony in their honor keeps ever before the members the ideas and ideals of the twelve who looked into the future and chartered a course for the women teachers of America to follow — a course that is now being adopted by women teachers throughout the world as Delta Kappa Gamma chapters are organized in other countries.

Saturday's meeting closed with the installation of the following officers for the next two-year term: Mrs. Berniece Carter, Cisco, president; Miss Isadore Grimes, Baird, first vice-president; Mrs. Frances Tyson, Cross Plains, second vice-president; Mrs. Faye Deavenport, Gorman, recording secretary; Mrs. Eva Laws, Cisco, corresponding secretary; Miss Anna McEver, Ranger, parliamentarian; and Miss Mayme Estes, Cisco, treasurer.

Refreshments were served to the following: Mrs. Kate Allen and Mrs. Lois Buchanan of Gorman; Misses Alda Nordyke and Evelyn Hollis, and Mrs. Jewel Swanzy of Clyde; Miss Isadore Grimes of Baird; Miss Anna McEver and Mrs. Gladys Hunter of Ranger; Misses Nettie Thornton and Verna Johnson, and Mmes. Ruth Poe Herring, Ethel Johnston, and Evelyn Whatley of Eastland; Misses Marie Winston, Mayme Estes, Olga Fay Ford, Louise Snoddy, Peary Donaway, and Mmes. Charlotte Griffith and daughter Estell, Vivian Grantam, Miriam Bledsoe, Mary Brown, Berniece Carter, Josephine Clements, Irene Hallmark, Berta Hazlewood, Eva Laws, Dee Peters, Ina Stamey, Lois Whitaker, and Minnie L. Hill of Cisco.

companied by Mrs. Ruth Poe Herring of Eastland, sang "Sweetness and Light," a song composed by the late Mrs. Lucretia Irby. The song won first place in a national Delta Kappa Gamma song writing contest about ten years ago.

Dance Students To Give Recital

Tickets went on sale this week for the Spring Dance Revue to be presented at the high school auditorium Saturday night by Mrs. Barbara Caffey, dancing instructor.

The Cisco Junior College music department is sponsoring the revue, Rhythm Travelers, and is in charge of the sale of tickets. The money derived from the show will go toward paying for lighting to be used. The lights are being furnished by the school.

Admission prices have been set at 50 cents for adults and 25 cents for children.

Don't Make Pets Of Animals And Birds In Spring

AUSTIN, May 19. — The Executive Secretary of the Game and Fish Commission said Texans have a good opportunity to prove their real friendship for wildlife during the coming weeks by NOT trying to make pets of baby animals and birds.

He said many persons still have the mistaken impression that newly born animals, such as fawn deer, are frequently abandoned by their mothers. This, he explained, usually leads to well-meant, but costly efforts, to adopt the little ones.

"Much of this misunderstanding compromises city folks," said the Executive Secretary. "On their outings to the country, they come upon fawns and other wildlife babies. They do not understand that mothers of the 'abandoned' species usually are standing by just out of sight to reclaim their youngsters as soon as the visitors depart."

The Executive Secretary suggested those in doubt should check with their local game warden. The warden usually convinces the persons concerned that they are merely interfering with wildlife affairs. In any event, a permit is required to retain the game.

"If possession does seem reasonable," he said, "the animals ultimately make a nuisance of themselves and some of them actually become dangerous."

Yet, despite this potential menace, hundreds of persons each spring "adopt" wild animals. One medium-sized city in Texas had seven pet deer reported with a short period last year. The local game warden had great difficulty in convincing the well-intentioned benefactors that they were interfering with natural processes.

"The best policy," cautioned the Executive Secretary "is to leave the young animal alone and let nature take its course."

Independents Win 2 Baseball Games

The Cisco Independents, a team composed of Cisco Junior College baseball players, won two games Monday, and were to play a game at 3 p. m. Wednesday.

Monday afternoon the Cisco team defeated Ranger Junior College 6-4 with Frank Howeth going the full seven innings. Pecos Wright hit a round tripper for Cisco to aid in the win.

Monday night Cisco won over the Clyde All-stars 7-1 with Howeth again doing the mound duties. Jodie Shetter hit a home run with one on to help Cisco in the win.

Plans call for as many of the team members as possible to remain in Cisco during the summer months in order to keep the team together. They plan to play other teams in the area through June and July.

Mother Of Ciscoan Dies At Marshall

Mrs. J. D. Gaines, 79, mother of David Gaines of Cisco, died in Marshall at 11 p. m. Tuesday following a heart attack which she suffered Sunday.

Mr. Gaines left Cisco Monday for Marshall to be at the bedside of his mother.

Funeral services will be held in Marshall Thursday.

Mrs. N. A. Brown left today for a visit in Weatherford.

Steps Are Taken To Speed Up Work of Farmers Home Agency

UNFEATHERED PET—Ducky is too young to be clothed in feathers; his clothing so far is made of down, and when his young owner, Penny Spector, takes him for a walk in Chicago, he can still find the weather a little on the chilly side. He's almost lost in that tangle of clothesline that Penny has draped around him, and when he grows up things won't change much because he will not be very much larger than he is now.

WORK IS EXPECTED TO BEGIN JUNE 1 ON STAFF AREA ROADS

Work on the new farm-to-market road giving the Staff community access to Eastland and Ranger is expected to begin soon after June 1, it was announced by County Judge John Hart this week. Also included in the project is a new bridge to span the new Leon River lake formed by the dam built by Eastland and Ranger.

The new road and bridge will replace one now being used which will be closed by water when the new lake is filled. Judge Hart pointed out that the new road was actually a gift by the State Highway department in that it would not be charged against any future farm to market road projects for the county. The highway department set aside \$125,000 for the purpose of building the road and bridge.

Judge Hart said that the county was purchasing the right-of-way for the new project at the rate of \$35 to \$50 per acre and that all but three tracts had been secured. He pointed out that the money for the purchase of the right-of-way was to come from the road and bridge funds of precincts one and two and that the other two precincts would have no part in the purchase.

Plans are to let the contract for the new road around June 1 and for the beginning of construction immediately after the job is let. The need for speed was stressed since the lake forming behind the new dam was expected to cover the present bridge soon.

The highway commission said that the new road would begin as a point four and four tenths of a mile east of Eastland on Farm-to-Market Road 570 and extend Southeast six and three-tenths of a mile to an east-west road intersection south of Staff.

STAMPS OZARK QUARTET TO SING HERE

The Stamps Ozark Quartet will headline a hillbilly variety show Thursday night at the Chesley Field for the benefit of the ABC Club and Little League Baseball

in Cisco. The show is being sponsored by the Little League Mothers Club. Tickets are on sale by club members and league players. The program will follow a baseball program.

Local Offices To Handle Services

Measures to speed up and further improve Farmers Home Administration services to farmers have recently been developed in Washington under the direction of Secretary Benson, T. T. Perkins, State Director at Dallas, has notified the County FHA office in Eastland.

Mrs. Perkins had just returned from a meeting at Oklahoma City where the new steps to decentralize and streamline agency operations were explained by Washington officials. L. A. Mache-mehl, Jr., W. M. Burkes, and the State Field Representatives also attended the meeting.

In accordance with Secretary Benson's policy of placing more control of agricultural programs in local hands, many of the decisions formerly made in state offices will now be made in the counties. County Supervisors, the employees who deal directly with the farmers, will have final approval on a larger number of loans and will have more authority in working with other creditors and in taking steps to help borrowers solve their financial and farming problems.

Greater use will be made of state and county committees. New state committees, to be appointed in the near future, will be called upon frequently to review agency operations and make sure they are efficiently serving local needs. County committees will be relied upon to an even greater extent than in the past to help adapt national policies to local needs.

Services of other public and private organizations will be used to the maximum extent possible. County home demonstration agents will help Farmers Home Administration borrowers with their family living problems. Every possible step will be taken to make sure that no government funds are advanced when private or cooperative credit is available to meet the needs. Lenders will be urged to supply funds for insured farm ownership loans.

State Directors and their staffs are being urged to increase their efficiency by eliminating every unnecessary step and doing a perfect job the first time.

Measures already taken by the agency to render better service at less cost include the reorganization of the national, area finance, and state offices which resulted in a savings of more than \$1,500,000. A duplicate set of files on 60,000 real estate loans has been eliminated as well as all of the work formerly performed by state offices in reporting borrowers progress.

A number of additional improvements were discussed at the meetings that will place more authority in the hands of county supervisors, make the programs easier to operate, and enable the agency to serve more farmers than in the past. Most of these revisions are already in the hands of field employees and will soon be in full effect.

To expedite real estate loan making the engineering and appraisal services of the agency will be placed in county offices, closer to the farmers to be served. Engineer-appraisers were formerly stationed in state offices.

Practically all property insurance matters have been transferred from state to county offices. The agency's emergency loan program was stressed at the meetings. State directors and their staffs were told to move into an area whenever a drought or a flood strikes and when the crisis has passed to move out again as quickly as possible.

None of the basic policies under which the agency operates are being changed. The same amount of emphasis is placed on helping farmers obtain adequate land and equipment resources, develop good systems of farming, and adopt proper farm and home management practices.

Mrs. Coy Fiege and children, Brock and Donna Lynn, left Sunday for New York where they were to leave by boat for Germany to join her husband, Lt. Leonard V. Fiege.

TRAINING EXECUTIVES

"Corporations have a life far longer than the men who serve them," said John R. Suman, vice president and director of Standard Oil Company (New Jersey), in a recent speech. "So of all the responsibilities that management owes to the stockholders of a business, probably first comes that of developing executive replacements."

Mr. Suman's speech was entitled, "Growing a Good Executive Crop," and dealt with his company's intensive work in that field. This kind of work on a large scale is new — Jersey started its program in 1944, and was among the first enterprises to do so. Thus, at the beginning, the program's architects didn't have much past experience to use as a guide. But they did hit on some basic principles that time has proven sound. One is that simplicity is essential. As Mr. Suman put it, "Training and development programs of any sort share the inherent weakness of many large-scale business activities — they can become so complex and bogged down in detail that they can neither be understood by those operating them nor helpful to those participating in them. Both evils are to be avoided."

The Jersey plan is based on a few fundamental elements which can be applied under varying circumstances and still give the same kind of beneficial results. Described very briefly, these are: 1. Know what the management structure of your company must be. This, Mr. Suman explained, means plotting out on paper an organizational course not only for the present but one that will also ideally meet expected future conditions. The duties and responsibilities of each executive are outlined, the bounds of authority laid down, and so on. On an accompanying chart, the names of candidates for specific positions are entered. These are reviewed from time to time.

2. Select candidates who have the qualifications required by the jobs. This, of course, is the heart and soul of the program. All relevant factors must be weighed — experience, integrity, growth potential, technical competence, willingness and ability to make decisions and accept responsibility. Here Mr. Suman warned against putting excessive emphasis upon promotion, adding that the main emphasis belongs, instead, on development.

3. Establish a simple method of appraising the candidates selected. This will show whether the selections have been accurately made or not. Then the replacement tables can be revised if necessary. Such appraisals, Mr. Suman said, can be of great value to the individual, as well as management, by revealing unrealized and correctable weaknesses.

4. Provide the training necessary to complete the candidate's experience. In Jersey's case, this is done both in and out of the company. Special courses are given, and an extensive job rotation program maintained. More than 400 employees have been sent to the Harvard Business School and other institutions for advanced management training courses.

This plan was designed to fit the needs of one very large company in one field of enterprise. But, in principle, it would seem applicable to concerns of many kinds and sizes. And the major importance of good executive training, in Mr. Suman's view, will be found in the future. To quote him again: "It seems to me that the people who are now rising to positions of executive responsibility in business cannot help but be better equipped for their jobs because of the organized opportunity they have to develop themselves. And, as their number grows, the character and ability of industrial management will continue to improve. As this comes to pass, the stronger we all shall be."

New Varieties Add Vigor and Yield to Sudan

Sudangrass is ideally suited to filling the need for supplementary forage during midsummer. It is especially valuable when drought or poor stands in new hay and pasture seedings contribute to a critical shortage of forage. A. A. Hansen of U.S.D.A. compares two new varieties of Sudangrass, Greenleaf and Lahoma, with two of the older improved varieties, Piper and Tift. Greenleaf was selected at the Kansas Station by J. B. Quimby. It has excellent vigor and yield, many leaves and stems, later maturity, lower prussic-acid content and more resistance to leaf diseases than the commercial varieties. Leafiness is outstanding in this variety.

A Kansas inspector examining a field of Greenleaf Sudangrass.

Lahoma is a sweet Sudangrass variety developed by the Oklahoma Station from Texas sweet Sudan. It is uniform, more resistant to leaf diseases than other sweet Sudans, rather tolerant to chinch bug attacks and the forage is of higher quality. Tests in Oklahoma indicate that Lahoma is not significantly higher yielding than Sweet Texas 372 in the absence of disease and insects.

Piper originated at the Wisconsin Station. It is generally more vigorous and a better yielder in northern States than other varieties, has less hydrocyanic acid and increased resistance to leaf blight and anthracnose. Tift Sudan was developed at the Coastal Plain Station, Tifton, Georgia. It is later maturing than other varieties and starts off a little slower than common or Piper Sudan. Its main advantage is its disease resistance. Tift has produced grazing a month or more after common and sweet Sudan have died from disease.

Piper Sudangrass has produced good yields in the North-eastern and North-central States and at several locations in the South and West. It was recommended by seven of the twelve

Northeastern States in 1953. The later maturity of Tift and its resistance to diseases prevalent in the Southeastern States places Tift at a definite advantage in this region.

Lahoma is a superior type of Sweet Sudangrass which possesses appreciable disease resistance. The major area of adaptation appears to be centered in Oklahoma and parts of Texas. The quality of forage is such that it should be tried in locations interested in growing sweet Sudan.

Greenleaf has not been tested very extensively in other regions, but its extreme vigor and outstanding leafiness indicate that it may be appreciably better than other varieties in the general area where it was developed. Neither Greenleaf nor Lahoma is likely to compete seriously with either Piper or Tift in regions where these two latter varieties are well adapted.

To Know Carrots Eat Them Young

Young Carrots From Your Garden Taste Different!

If home garden crops were to be rated according to the quantity of vitamins they contribute to the family diet all season long, the carrot would probably be rated next to the tomato. If your family belongs to the anti-carrot faction, and you are planning your first vegetable garden, do not omit carrots from the schedule just because of family prejudice. If you have never eaten carrots fresh from your own garden, then you have no idea how delicious they can be.

Sow a row, with the very first crops you start in the garden. First, mix the carrot seed with a pinch or two of early radishes, because carrots germinate slowly, and the radishes will come up right away and "mark the row" as gardeners say, so you may avoid disturbing it in cultivation.

In a shallow drill, sow the seeds thinly (thirty to the foot). When the radishes appear and mature, pull up and eat them promptly, so they will not crowd the carrots which succeed them. Let the carrots grow without thinning until some are as thick as lead pencils, then begin to thin out and cook the excess roots.

Best Beets as Big as Golf Balls

When Beets Are Young, Their Tops Are Tender, and Rich in Vitamins

Beets give a heavy yield for the space they take in the home garden, and can be harvested all summer long and served in many delicious ways. The height of their quality is reached when they are as big as a golf ball; so several sowings at intervals are advisable to keep new crops coming to be harvested in their prime.

If you have trouble growing beets, it may be your soil needs lime. They are among the first vegetables to show bad effects from acid soil. It causes stunted growth, small roots, and too much red and yellow coloring in their leaves. If your beets showed these symptoms last summer, be sure to spread lime or limestone screenings over your garden this spring.

Beets also suffer from crowding, after their roots have begun to swell. They always require thinning out, because each seed is really a cluster of seeds, and too many plants will always grow, too close together, no matter how thinly the seeds are sown. Germination does not average as high as many other seeds, the federal standard being 65 per cent. It is usually advisable to sow seeds an inch apart.

Give GOD a Chance NOW! ATTEND CHURCH EVERY SUNDAY

Political Announcements

The Press has been authorized to make political announcements, subject to the Eastland County Democratic First Primary in July, for candidacies as follows:

For County Superintendent CARL ELLIOTT (re-election) H. R. (Pop) GARRETT

Save Twice As Much

A Second Locker Can Mean Double Economy

More and more families are finding that a second locker brings them even greater convenience and savings. They buy beef by the side instead of a quarter... they store enough poultry when prices are low to last for months... they freeze enough fruits and vegetables for all winter.

Women like the extra space for storing baked goods, cooked specialty dishes, ice cream and other good things that make locker living even more enjoyable.

It makes sense to rent a second or even a third locker... it will result in more cents in your pocketbook and better eating for your family.

While the Oil Excitement is Here Again

... May we suggest to our regular customers that they file their orders a little in advance of anticipated needs so that we will be able to get them out by the time they are needed. The temporary rush in leasing which is taxing our facilities will soon subside as it has always done before at which time we hope to get back on regular schedule with two to ten-day service on every order. Thank you!

Eastland, (Abstracting since 1923) Texas

County Federation Has Final Meeting Of Club Year Saturday

About 75 members of Federated Clubs in Eastland County were present at the final meeting of the club year when the County Federation met in Eastland Saturday morning. The meeting was held at the home of Mrs. Joseph Perkins, who was hostess at an informal garden party following the business session. Eastland club members assisted Mrs. Perkins in receiving the guests.

Mrs. Louise Weber, Rising Star, presided at the business session at which members answered roll call by clubs. The project chosen by the County Federation at the last meeting was discussed. This project is the purchase and installation of an air conditioner for the Eastland County Hospital located in Ranger.

The vital issue of raising the quota for Eastland County in the recent Red Cross Fund Drive was discussed and plans for assistance by the Federated Clubs in the county were made. It was decided that a concerted effort by all club members toward reaching the goal for Red Cross funds would be made so that the services now enjoyed will not be curtailed during the coming year.

Cisco, Ranger, Eastland, Desdemona, Gorman, Rising Star, Chaney, Pioneer, and other communities in Eastland County all sent delegates to the meeting. Cisco was represented by twenty-one club women, who answered roll call from five different clubs.

The Delphian Study Club was represented by Mesdames B. S. Huey, Leo Clinton, George Davis, Guy Brogdon, J. C. Leveridge, J. V. Heyser, A. J. Olson, Eugene Lankford, Frank Jacobs, and Walton Baum. Miss Alice Bacon, Mrs. Ed Keough, and Mrs. Ray Chapman attended from the Cisco Garden Club.

From the Home Demonstration Clubs in Cisco were Mesdames Cora Plumlee, Herman Schaefer, and W. C. Clements. Mrs. Jim Flournoy answered for the Music Study Club, and Mesdames E. L. Jackson, M. F. Underwood, Rex Moore, and Raby Miller attended as member of the Industrial Arts Club.

Mr. and Mrs. J. N. Mullins of Fort Worth are in Cisco this week on business and for a visit with friends.

Mrs. Cole Is Hostess For Baptist Circle 1

"Education for Truth in South America" was the theme of the program presented at the regular meeting of Circle One of the First Baptist Church held Tuesday at the home of Mrs. C. P. Cole.

Mrs. C. S. Surlis presided over a short business session at which time the group voted to send blue jeans to Buckner Orphan's Home and the assignment for the month was announced as visiting shut-ins.

Mrs. B. C. Estes gave the devotional followed by the program under the direction of Mrs. W. L. Baum. Seven members of the Circle appeared on the program and discussed the newest seminary in South America and other schools from kindergarten to seminaries. Mrs. W. P. Guinn led in prayer.

The meeting was dismissed with prayer by Mrs. W. D. Hazel and refreshments were served.

Those attending were Mrs. W. L. Baum, Mrs. W. P. Guinn, Mrs. B. C. Estes, Mrs. G. B. Langston, Mrs. W. D. Hazel, Mrs. E. C. Duncan, Mrs. C. S. Surlis, Mrs. C. A. Farquhar, and the hostess, Mrs. Cole.

Melody YW A Honors Mothers On Monday

The mother's of the members of the Melody Y. W. A. of the East Cisco Baptist Church was honored at a tea at their regular meeting held Monday at the church.

The meeting opened with prayer by Melba Harrelson and the group sang, "Ready." Melba Harrelson was in charge of the mission program with all members participating. Carlene Holder closed the meeting with prayer.

Refreshments of punch and cookies were served following the meeting to Jessie Warren, Jessie Payne, Melba Harrelson, Carlene Holder, Frances Laminack, Sylvia Henson, Martha Eudy, Delores Sharpe, and two mothers, Mrs. Eudy and Mrs. Payne.

Stop Those Horrid Lies

Your Skin is Telling About Your Age

Premature crow's-feet at the corners of your eyes are often caused by skin dryness. Skin dryness is caused by your skin's inability to make enough lubricating cholesterol and esters. Penetrating Lanolin Plus Liquid used nightly as a cleanser—then a few extra drops gently massaged into your skin before retiring—next day a few more drops used as a powder base. This keeps your skin constantly supplied with an abundance of cholesterol and esters. Result: dry skin is overcome—premature dry-skin wrinkles quickly fade, giving you a surprisingly younger look. Get your Lanolin Plus Liquid today. Use it tonight. Actually SEE and feel a difference tomorrow morning. All this for but one dollar, plus tax.

* If you spent \$1,000, you could not get more beauty help than you get from a \$1 (plus tax) bottle of Lanolin Plus Liquid.

Lanolin Plus Liquid

Lanolin Plus Liquid Make-Up \$1.00*

Lanolin Plus Shampoo \$1.00

Lanolin Plus Hand Lotion \$1.00*

Lanolin Plus Liquid Cleanser \$1.00*

Lanolin Plus Cleansing Cream \$1.00*

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Brownie Troop Eight Has Regular Meeting

Brownie Troop Eight met at the First Christian Church Monday, May 17, for their regular meeting.

The group finished their scrapbooks and signed get well cards to be sent to Mary Ann Moore, sister of Karen Moore, and to Mrs. Homer Wood, mother of Mrs. Norman Rawson.

After their work was finished, the girls went on a penny hike which ended at Dean Drug Company for ice cream cones.

Those attending the meeting were Linda Ainsworth, Linda Bisbee, Sarah Brashear, Jan Burkman, Connie Comingore, Suzette Hagan, Carolyn Hamilton, Marilyn Johnson, Shirley Page, Jamie Rawson, LeNell Stanford, Ethel Starr, Bertha Taylor, Kay Wallace, Sharon Kay Wilson, Mrs. Norman Rawson, and Mrs. James Starr.

County HD Council Holds Regular Meet

The Eastland County Home Demonstration Council met May 5 at the Methodist Church in Eastland for their regular meeting.

Mrs. Bill Tucker led a song, entitled "My Three Cornered Hat," which she composed. The song was fitting, as part of the meeting was in the form of a Crazy Hat show. First Prize in the hat show went to Mrs. Leonal Hale; second to Mrs. B. Campbell; third to Mrs. Marshall Berry; and fourth to Mrs. Kincaid. Hat judges were Rev. Marshall and Bob Lavender.

Favors were given to each club-woman attending and Mrs. Bill Tucker presented plaques to the members expressing her thanks for their support in helping her to be elected as T. H. D. A. District Vice-President.

Jimmy D. Sturdivant thanked each club member for the sandwiches, and cookies they contributed to the 4-H Club Boy's and Girl's on their Rally Day. Miss Sturdivant stated that the group had a wonderful time and plenty to eat.

It was stated that Grade A egg prices may go up to 39c. The group was requested to give the cook book money to Mrs. Bernard Campbell. The group accepted the resignation of Mrs. Jimmy Fridge as council chairman with regret and a committee composed of Mrs. John Love, Mrs. Bernard Campbell, Mrs. W. D. Hazel, Mrs. Leech, and Mrs. Cora Plumlee, was appointed to nominate a new chairman.

The Word Club gave a sketch after which refreshments of punch and cookies were served. The next meeting will be held June 9.

Thirty eight women from eight clubs attended the meeting.

Mrs. Cole Is Hostess For Baptist Circle 1

"Education for Truth in South America" was the theme of the program presented at the regular meeting of Circle One of the First Baptist Church held Tuesday at the home of Mrs. C. P. Cole.

Mrs. C. S. Surlis presided over a short business session at which time the group voted to send blue jeans to Buckner Orphan's Home and the assignment for the month was announced as visiting shut-ins.

Mrs. B. C. Estes gave the devotional followed by the program under the direction of Mrs. W. L. Baum. Seven members of the Circle appeared on the program and discussed the newest seminary in South America and other schools from kindergarten to seminaries. Mrs. W. P. Guinn led in prayer.

The meeting was dismissed with prayer by Mrs. W. D. Hazel and refreshments were served.

Those attending were Mrs. W. L. Baum, Mrs. W. P. Guinn, Mrs. B. C. Estes, Mrs. G. B. Langston, Mrs. W. D. Hazel, Mrs. E. C. Duncan, Mrs. C. S. Surlis, Mrs. C. A. Farquhar, and the hostess, Mrs. Cole.

Telephone Operators Honor Their Mothers

The operators of the Southwestern Bell Telephone Company honored their mother's at a Mother's Day Tea on Thursday, May 6, at the telephone office.

Corsages of sweetpeas were presented to each mother attending and a carnation corsage was presented to the oldest mother present, the youngest mother, and the mother with the most children. Rev. D. M. Duke, pastor of the Church of the Nazarene, gave an appropriate talk on Mother's Day and several poems were read by Ann King.

Nadene Meglasson poured the punch and Coystal Fiege served the sandwiches. Cake was cut by Hazel Norris.

Following the program and refreshments, the mother's were shown through the telephone office and the work of the operators was explained.

Approximately sixty attended including the following mothers: Mrs. R. D. McCrary, Mrs. J. W. Slatton, Mrs. R. N. Sneed, Mrs. Ruby Livingston, Mrs. Cora Meglasson, Mrs. Ada Wheeler, Mrs. C. R. Hightower, Mrs. J. B. Boggs, Mrs. C. L. Guinn, Mrs. Tom Smith, Mrs. A. W. Dawson, Mrs. Lucille Kelley, Mrs. R. V. Elliott, and the Rev. and Mrs. D. M. Duke.

Presbyterian Circle Three Holds Meeting

Circle Three of the First Presbyterian Church met Tuesday at the church for their regular meeting with Mrs. J. A. Pressley presiding.

Opening prayer was led by Mrs. H. Grady James and a short business session was conducted. Mrs. C. R. Baugh taught the Bible lesson from Acts 13 and 14, assisted by Mrs. James and Mrs. F. E. Harrell. The meeting was dismissed with prayer by Mrs. Baugh.

Those attending were Mrs. Grady James, Mrs. J. G. Rupe, Mrs. C. R. Baugh, Mrs. Alex Spears, Mrs. B. S. Huey, Mrs. A. E. Jamison, Mrs. Frank Harrell, Mrs. J. A. Pressley, and Mrs. Guy Brogdon.

Texans Asked To Observe Dairy Month In June

AUSTIN, May 19. — Governor Shivers today proclaimed June Dairy Month as dairy and food industry leaders met here to launch a mammoth statewide dairy products promotion.

James C. Wilson, Dallas, state chairman, said the campaign was backed by thousands of Texas dairy farmers, processors, manufacturers, food retailers, grocers, restaurants, drug stores and allied industries.

"The sale of dairy food is linked inseparably with the health and economy of Texas," Wilson said. "Every housewife knows the nutritional and budget values of milk and its products to her family. At eleven cents a pound, milk is her greatest food bargain."

"Every chamber of commerce, every bank, every editor in Texas should know and publicize the vast contribution made by dairy trade dollars to their communities."

"The dairy industry contributes an annual \$400 millions to the commerce of Texas. Some 500,000 Texans are employed in the production, processing, distribution and sale of dairy products."

"Dairy farming is essential to soil and water conservation which we hear described as Texas' number one problem."

"Yet nationwide the industry faces the serious problem of a declining per capita consumption of its products. There is obvious need to find larger markets."

"This we intend to do in Texas through aggressive selling, merchandising and advertising."

Spearehead organizations for the June Dairy Month campaign will be the Dairy Products Institute of Texas and the American Dairy Association of Texas.

Groups represented include Texas Daily Newspapers Association, Texas Press Association, Texas Retail Grocers Association, Texas Restaurant Association, Texas Pharmaceutical Association, Texas Manufacturers Association, Milk Industry Foundation, International Ice Cream Manufacturers Association, Ice Cream Merchandising Institute, American Butter Institute.

Mrs. Carlton Holder, Mr. and Mrs. Enis Qualls, and Rev. and Mrs. F. C. Bradley attended the funeral of Cecil Nichols in Longview Monday. They also visited Mrs. Eunice McCrary and Mrs. Grover Eppler in the Baylor Hospital.

only Plymouth dares compare!

now... part-by-part proof that Plymouth is America's "best-buy" low-price car!

No other low-price car would dare make a comparison like this: Plymouth engineers actually dismantled the three best-known low-price cars and compared them, part by part! Their findings, a few of which we've listed below, prove conclusively that Plymouth is far-and-away your "best buy" in the lowest-price field.

Here's just some of the overwhelming proof that Plymouth is "best buy"!

Comfort Level Seating

Both front and rear Plymouth seats are highest. Plymouth research found this more natural seating position gives greater posture protection and comfort.

Front Wheel Brakes

Plymouth engineers provide two hydraulic brake cylinders in each front wheel to ensure smooth, straight-line stops without "grabbing." The "other two" have only one brake cylinder in each front wheel.

Spark Plugs

Because they last up to five times longer before re-setting is necessary, Plymouth uses resistor-type spark plugs. This type plug also produces smoother idling, better gas economy at low speeds.

Oil Bath Air Cleaner

An oil bath air cleaner can reduce engine wear as much as 90%. This unit is standard equipment on all Plymouth models; it is available only at extra cost on the other two-low-price cars.

And dozens of other part-by-part comparisons prove Plymouth is your "best buy"! See us today... and get the facts!

Ask us for the big illustrated booklet that shows how Plymouth leads in frame construction... engine design... performance... economy... comfort... safety.

Chevrolet Will Deliver New Cars At Flint Plant

DALLAS, May 19.—For the first time since pre-war, Chevrolet customers are taking deliveries on new cars at the Flint, Mich., factory.

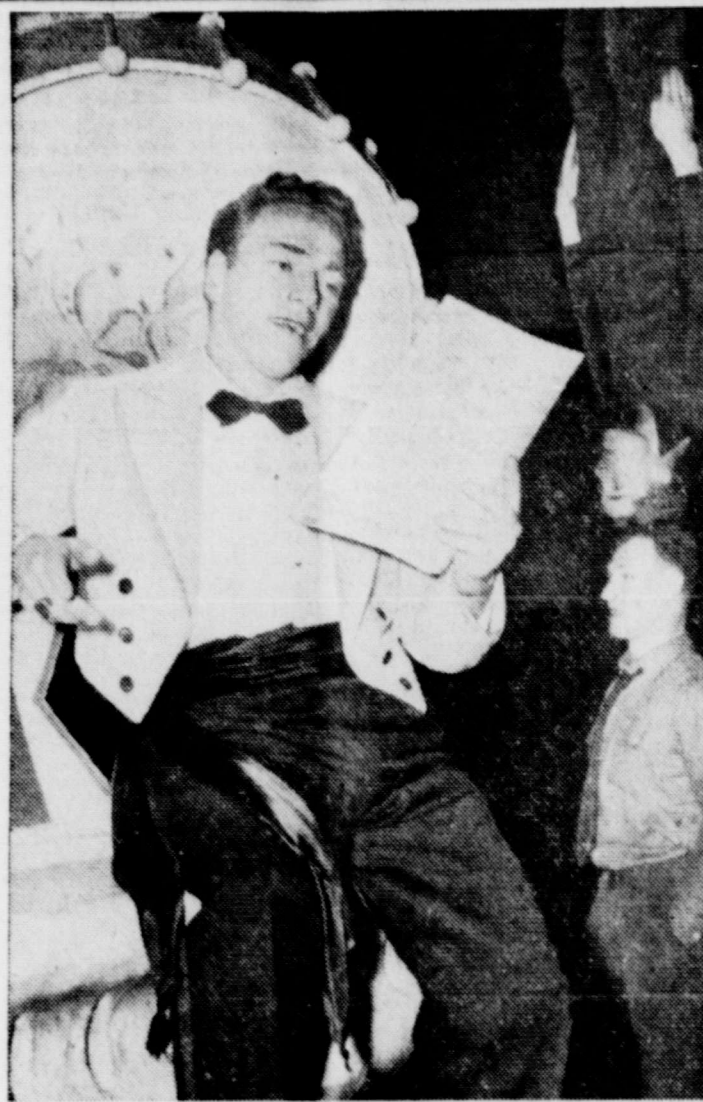

Resumption of this popular customer service offers freight savings and a chance to combine car purchases with a vacation trip. Now limited to certain sections of the U. S., the service will be extended gradually to the entire nation, F. C. Mengel, Southwest Regional Manager, said. A monthly volume of 1,000 to 1,500 cars is anticipated when the department is in full operation.

A special booklet containing detailed instruction on taking car deliveries will be distributed to customers coming to Flint. It describes Chevrolet's Flint operations and offers tourist information on the city.

Formerly an assembly plant for the Chevrolet Corvette sports car, the customer delivery building is located adjacent to the assembly plant. A comfortable lounge room in ultra-modern appointments has been outfitted for the customer and plant tours may be arranged.

Steps in using the customer delivery service, Mengel said, are:

1. Place an order with a local authorized Chevrolet dealer, specifying model, color, equipment, accessories and delivery date. Arrange also for title and license.
2. Chevrolet confirms delivery date by letter to dealer and customer.
3. Customer receives instruction booklet and arranges transportation to Flint.
4. Customer picks up new Chevrolet at Flint, serviced, complete with accessories and ready for the trip home.

BUSY REHEARSAL—As two acrobats work out beside him, baritone Harold Ronk rehearses a new number to sing in the Ringling Brothers and Barnum and Bailey Circus. Ronk, who doubles as soloist at the National Presbyterian Church in Washington, is the featured singer with the circus. There's never a dull moment during rehearsals—or during the performance.

State Capitol NEWS

By VERN SANFORD
Texas Press Association

AUSTIN — A proposal, made by the Texas Research League, to abolish the state orphan home at Corsicana was being considered by the State Board for Hospitals and Special Schools.

Almost immediately following announcement of the plan, inquiries from Texans seeking to adopt children from the home began to arrive. Alvin H. Burger, executive director of the Texas Research League, said that was a "totally unexpected response." The league feels the children should be placed in foster family homes, rather than kept in an institution.

Corsicana and Navarro County officials objected strenuously to the proposal. The home has been in operation since 1889.

Also before the Board was a plan to set up a new state mental hospital in Southeast Texas.

Another project before the board is a new dormitory for the Texas School of the Deaf in Austin. Now being used as a dormitory is a building so dilapidated that it was declared no longer fit for habitation.

College Usefulness

Junior Colleges can expand their services to their communities, according to Dr. J. W. Reynolds, University of Texas professor in junior college education.

At a conference here, the professor suggested that the junior colleges should be more sensitive to the needs of the areas where they are located.

Plan To Retire

Plan now for your retirement income, is the counsel of James B. Marley, social security official here.

One American in 12 is now over 65 years old, and the proportion of aged people to total population continues to grow, Marley said, adding that social security is not intended to provide a full retirement income.

Officer Dies

R. A. Wahl, who was with the state selective service system since 1941, died here at the age of 64. At the time of his death, he was the system's state procurement and fiscal officer.

Wheat Estimate

Texas' winter wheat crop was estimated by the U. S. Department of Agriculture at 23,418,000 bushels, an increase over the estimate made April 1.

An official of the USDA here said the increase reflected improved moisture conditions.

Laughlin's Appeal

Lawyers for ousted Judge C. Woodrow Laughlin, appealing his case to the U. S. Supreme Court, attacked the authority of the Texas Supreme Court under the state constitution to remove a district judge.

Legal counsel for Laughlin contends that the state constitutional provision violates the Fourteenth Amendment, or due process clause, of the federal constitution.

Ridiculous, He Says

"Ridiculous as Romeo's running against Juliet" — that's what Attorney General John Ben Shepperd thinks of C. Woodrow Laughlin running against George Parr for judge of the 79th district, which includes Duval County.

Archer Parr, sheriff of Duval and George Parr's nephew, is

running for the state legislature.

Peru for You

Wick Fowler, secretary to Governor Allan Shivers, and long-time newspaperman, does his best to keep things from getting dull for people waiting to see the Governor.

Wick sent a waiting group into much laughter a few days ago when talking on the telephone to someone who wanted an official "letter" to take along on a trip out of the state. Such letters, written on the governor's stationery, are addressed to "To Whom it May Concern," state that the traveler is a good Texan and that any courtesies extended him in the foreign country will be appreciated. The official gubernatorial seal with red ribbons is affixed at the bottom.

After listening to the request of the caller in question, Wick asked, "Where did you say you were going — Nicaragua? Heck, you can't go there. You'll have to go to Peru — I can't spell Nicaragua."

Wick pulled a "Fowlerism" on Ed Gossett of Dallas recently that's been good for several repetitions in the Capital City. Ed, a former Texas Congressman, now is general attorney for the Southwestern Bell Telephone Co. in Texas.

Wick told him to pass the word on to the telephone folks in Dallas that a small West Texas town had something new in phone service. While Gossett picked up his ears, Fowler explained that he picked up a phone and a woman's voice asked for the number. "I told her and presto — she got me my party. I didn't have to dial or anything like that."

Laura Lou Morris of the University of Texas in Austin and Mrs. Robert Curtis of Fort Worth are expected for a weekend visit in the home of Mr. and Mrs. Glenn Dietiker.

Hajji is a title conferred upon Mohammedans who have pilgrimaged to Mecca.

Smallwoods Are Called To Bedside Of Nephew

Mr. and Mrs. Tom Smallwood and daughter, Sandy, and grandson, Jimmy Noble, left Cisco Wednesday for Branon where they were called by the death of Mrs. Smallwood's two year old nephew, Donnie Willis.

The child died at 8:15 a. m. Wednesday in a Hillsboro hospital. He had been ill since February. He was the son of Mr. and Mrs. Ray Willis.

Funeral services will be held at 2:30 p. m. Thursday at the Branon Methodist Church.

Stellar Class Will Sponsor Book Review

"My Heart Lies South," by Elizabeth Travino, will be reviewed by Mrs. Alla Ray Morris of Abilene Saturday afternoon at three o'clock at the Victor Hotel Coffee Shop. The book review and a tea are being given under the auspices of the Stellar Class of the First Methodist Church.

THERE MUST BE A REASON

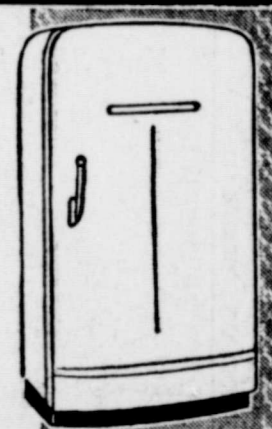

WHY MOST MODERN HOUSEWIVES

PREFER TO USE GAS

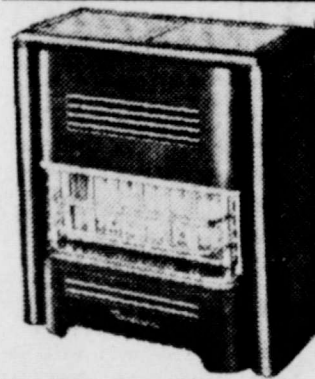

GAS COOKING

For really cool cooking she uses a modern gas range — the well insulated ovens keep the heat in — where it will do the most good. It takes heat to cook — the problem is to keep it where it belongs — that's where the modern, well insulated gas range is superior.

GAS REFRIGERATION

For food protection she chooses an automatic gas refrigerator — it is economical and efficient. And, it manufactures and stores ice cubes — automatically. There is always an ample supply of cubes on hand when she needs them. She likes the quietness of operation — the economy and the beauty of the New Servel.

GAS HEATING

Of course she likes gas for heating — whether it is a central unit or a space heater — gas heating is clean heating and gives you winter comfort.

SEE YOUR GAS APPLIANCE DEALER NOW!

He can demonstrate why most modern housewives prefer to use Gas.
