The Gay Philosopher

By J. W. S.

SHORTLY AFTER writing an item yesterday about Memorial Day, which is one of the six annual holidays in Cisco, we opened some mail and read a story put out by the Association of Casualty and Surety Companies. The organization's records indicate that 360 people will die in highway accidents in the U. S. during the Memorial Day week-end.

The prediction was based on a conservative expansion of the present rates of three-day Memorial Day holidays in the past. Let's begin making our plans now not to be a Memorial Day weekend statistic.

THE MAIL ALSO brought new ideas in fashions. There's a gadget out now that's called Escort Alarm. The women carry one in their handbags, along with scores of other things that women folks carry in their handbags. This gismo, when set off, shrieks like a lady in distress until it automatically shuts off. The manufacturer guarantees the purchaser, if victimized, free medical treatment.

Another new item is a new model pipe for men to smoke. It's a white briar with a long, beautiful black stem. The pipe is encrusted with 50 diamonds and has been appraised at \$100.

And there's a new suntan spray. The lotion assures a safe tan, gives off a woody fragrance. So, presumably, you'll look as though you've been out in the sun but smell as though you've been sitting under an old tree.

They've put the first chinilla furs on the market. Prices of the initial garments made of domestically-bred animals: a stole, about \$10,000; a jacket, comparably higher, and a coat—wow!

MEET UP WITH Dr. E. E. Addy, Jr., and he reports that the recent trip he and Mrs. Addy took to San Francisco was most interesting and enjoyable. They attended a convention of the National Rose Growers Association. Dr. Addy reports that he had never seen such beautiful roses in all his life.

Growing roses is the hobby of Dr. and Mrs. Addy and their yard is a large rose garden.

GRADUATION DAY comes on for Otis McCleskey, who has been here studying and observing with Dr. Addy for the past month or more. Mr. McC. will be here until about May 29 and then he finishes up his left medical school requirements and takes the state board exams. He reports June 25 to the U. S. Army at San Antonio. He says that his stay in Cisco is proving very educational.

REUNION—Slow Poke, a terrapin, drew into his shell when A. L. Wortham picked him up in Memphis, Tenn. Perhaps Slow Poke didn't recall their last meeting in 1930 when Wortham, then a Boy Scout, carved his name in the turtle's shell. Slow Poke was recently found by O. J. Bradberry, right, a Boy Scout committeeman who told Wortham about his old friend.

The class wished each member of the faculty a little token of their appreciation for helping them finally to graduate. Then, each member of the class willed his own personal

The theme of the shows, "Seven Labels for a Fall Future" emphasized fabrics with brushed on color, new bulk, new lengths in coats, washable fashions for school days, fashions in little accessory accents, and the winsome ways of fashion in its late day mood.

Korean Veterans Urged To Check Education Status

Many Korean veterans planning to continue their education under the "GI Bill" must start an approved course of study by Aug. 20, Cisco Junior College officials reported this week.

That is the delimiting date for those released from duty on or before Aug. 8, 1952, and "To meet the deadline, they must enroll in college or university summer sessions.

The delimiting date for those released from duty after Aug. 8, 1952, is two years from the date of release.

Public Law 550 also provides that veterans who have started a program and dropped it for some reason must resume their studies within a period of 12 months from the expiration date of last enrollment. This one-year period may fall partly before and partly after the delimiting date.

All veterans who would like to continue their education to check on their status at once.

BIG MIDLAND BAND GROUP HAS ENJOYABLE LAKE PARK OUTING

By W. P. KNIGHT
The Midland High School Band held their annual Senior picnic at Lake Cisco last Friday and Saturday. This group of 92 stayed at the Presbyterian Camp. They came in two chartered buses.

Headed by Band Director Ralph Mills and Mrs. Mills, the band was accompanied by a number of sponsors including Dr. H. G. Walker, Mr. and Mrs. Gus Peters, Johnny Ratliff, Mr. and Mrs. Ted Fannin and Mrs. Allen Jackson.

While many members of this musical group roller-skated, their chief reason for coming to Lake Cisco was to swim in the big pool. Despite a water temperature of 69 degrees, sixty four Midlanders enjoyed a swim Friday and many swam both before and after lunch, Saturday.

Miniature golf, hiking over the surrounding hills, and walking under the big lake dam helped fill in the time between swim sessions.

While Midland has six times as many swimming pools as Cisco, Lake Cisco swimming pool is the kind of a pool he enjoys. And their six pools, all together far smaller than our big pool, each require a separate life-guard.

From talks with sponsors, the band director and many students, we feel sure that the Midland band will visit Lake Cisco again next year. After the students look over some of the many pictures they took of the pool they can re-live the two thrill-packed days they spent at the lake area.

Eighteen May High School Freshman braved 62-degree water last Wednesday at the lake pool, plus air temperature of 60 degrees. The 1954 swimming season's lowest water temperature did not bother these hardy high school boys and girls, who were sponsored by Carolyn Lee.

In this group were: Estelle Dunsworth, Don Lee, Bobby Fortune, Barbara Eason, Donna Waggon, Barbara and O. D. Snodgrass, Barbara Degman, Patsy

Sgt. Burkman Is Speaker At Lions Luncheon Meeting

Master Sergeant F. W. Burkman, who recently returned after an 18-month tour of duty in Korea as a criminal investigator with the military police, told members of the Lions Club about his experiences in a talk Wednesday at the weekly luncheon meeting.

Lion H. R. (Pop) Garrett was in charge of the program and introduced Sgt. Burkman, who is a career army man.

Sgt. Burkman showed Lions a plaque presented him by the Korean Police in recognition of his work. His assignments in the Korean Conflict dealt large with the investigation of black market operations and the theft of U. S. military supplies.

The Korean people believe in living off the U. S. government to a large extent, Sgt. Burkman said. He noted that the criminal investigators recovered some \$90,000 worth of stolen goods per man and this, he said, amounted to only a small percentage of the property stolen.

After a 30-day stay in Cisco, Sgt. Burkman and family will move to some Fourth Army area base where he will begin a new tour of duty.

Lion T. C. Williams gave a report on the Lions district convention held last weekend in Wichita Falls. Cisco's O. L. Stamey turned over the gavel as district governor to Joe Weaver of Olney at the closing session.

Attending from Cisco were Mr. and Mrs. A. R. Westfall, Carlos Turner, Mr. and Mrs. O. L. Stamey, T. C. Williams, Dr. C. M. Cleveland, Mr. and Mrs. George Davis and the Rev. and Mrs. Leslie Seymour.

President Davis announced that the Eastland and Ranger Lions Clubs have invited local Lions to join them about July 1 in a tri-city meeting for the purpose of installing new officers. Cisco Lions voted to accept the invitation and arrangements for the meeting will be announced at a later date.

Dr. H. M. Ward, pastor of the First Baptist Church, and Otis McCleskey were guests at the luncheon.

Chinese Students Will Appear For Baptist Services

Don and Ester Kim, Chinese students from Southwestern Seminary in Fort Worth, will fill the pulpit of the East Cisco Baptist Church at the 11 a. m. worship service Sunday, May 23. They will be the guest speakers at the First Baptist Church for the evening worship service at eight o'clock Sunday.

Bro. and Mrs. Kim have been in the United States for several months. They have spoken in many churches over this area.

Mrs. Kim was a prisoner of the Japanese for several years during World War II. The testimonies of their suffering very nearly parallels that of early century Christians, according to reports.

The public has been invited to attend either or both of these services.

Hospital News

Mac Stephens of Cisco was improving this week after a serious illness of several days.

WILL LEAD SERIES OF MEETINGS

DR. EUELL PORTER

F. IVY BOGGS

Pictured above are F. Ivy Boggs of Dallas and Dr. Euell Porter of Abilene who will lead a series of meetings for men at the First Baptist Church here June 16-20, according to an announcement by Dr. H. M. Ward, pastor.

Mr. Boggs is ex-president of the Dallas First Baptist Brotherhood, the Dallas Association Brotherhood and the Texas Baptist Brotherhood. He was the Texas representative for six years on the brotherhood committee of the Southern Baptist Convention. He

was the founder of the "man and boy movement" in Dallas and is considered one of the outstanding laymen speakers of the Southern Baptist Convention.

Dr. Porter is head of the vocal music department at Hardin-Simmons University, Abilene. He is past president of the Texas Convention of Musicians and is well known as a soloist and song leader throughout the south-west.

All men of Cisco will be welcome at the series of meetings, Dr. Ward said.

Ladino-Grass Pastures Need Balance to Survive

Maintaining Ladino clover in this mixed Ladino-grass pasture depends largely on good management.

Ladino clover all too frequently disappears from pasture mixtures after the first or second grazing year. For top production, a Ladino-grass mixture should contain 40 to 50 per cent Ladino. If clover content falls below 40 per cent, yields start to decline because of inadequate nitrogen for the grass according to W. K. Kennedy and C. M. Johnson of New York, in CROPS AND SOILS.

It is important they say to keep the right amount of both Ladino and grass in the pasture. Too little grass leaves the stolons of Ladino exposed to winter injury. Too much grass results in excessive competition for the Ladino. Timothy does not stand repeated grazing, so the choice lies between smooth bromegrass and orchardgrass in the North and between bromegrass, orchardgrass and tall fescue in the Central and Southern States.

She enjoys school and hates to leave but knows she will enjoy college, too.

Intermediate Scouts Give Tea For Mothers

The members of Intermediate Girl Scout Troop 1 entertained their mothers with a mother-daughter seated tea in the parlor of the First Baptist Church at 4 p. m. Monday, May 18.

Each girl met her mother or other adult guest at the door and escorted her to a chair in the semi-circle facing the tea table. When all the guests were seated, the girls donned small white tea aprons and caps and formed a semi-circle facing their guests. They then combined a singing skit with serving their guests.

Karen Taylor presided at the refreshment table which was covered with an Eru lace cloth over pink. The pink fruit punch and cake squares iced in white and topped with small pink rosebuds were served in pink and white cups and plates with pink and white napkins. The centerpiece was blue cornflowers and pink columbine in a crystal bowl.

Those present were Mrs. Forbes L. Wallace, and Mrs. A. D. Taylor, troop leader and assistant leader respectively, Mrs. Don Choate, chairman of the Cisco girl scout executive committee, Ann Wallace, Karen Taylor, Linda Curry, Mrs. Warren J. Doyle, vice-president of the Cisco girl scout executive committee, and Mary Ann Doyle.

Mrs. Jack Hailey, Peggy Hailey, Mrs. William Jenkins, Barbara Jenkins, Mrs. Bill Lee, Camille Lee, Mrs. G. C. Swartz, Virginia McLester, Mrs. John Dunn, Sharon Sage, Mrs. Jerry Sitton, Judy Sitton and Joy Stevens.

Mrs. Troy Stewart, Sheron Stewart, Mrs. Grady Walker, Bonnie Walker, Mrs. Jack Whitehead, Loretta Whitehead, Mrs. D. J. McGough, Sandra McGough, Mrs. W. B. Wilcox, and Linda Wilcox. Other guests were Jack Hailey and Jane Wilcox.

Mrs. Rex Moore Is CWF Group Hostess

Mrs. Rex Moore was hostess in her home Tuesday when Group One of the C.W.F. of the First Christian Church met for their weekly meeting.

Mrs. Moore called the meeting to order and Mrs. Stanlee McCracken led in prayer. Routine business matters were transacted and the lesson, "Evangelism In The New Testament," was taught by Mrs. W. J. Armstrong and Mrs. J. M. Flournoy. The meeting closed with the missionary benediction.

Those attending were Mrs. Oscar Cliett, Mrs. W. J. Armstrong, Mrs. W. R. Winston, Mrs. Standlee McCracken, Mrs. J. M. Flournoy, Mrs. C. B. Powell, and the hostess, Mrs. Moore.

Mr. and Mrs. Raymond Gandy of Olney visited in the home of Mr. and Mrs. E. C. McClelland Sunday.

Mr. and Mrs. Roy Stoker of Breckenridge were business visitors in Cisco Wednesday.

Presbyterian Circle Has Meeting Tuesday

Circle Two of the First Presbyterian Church met Tuesday in the ladies parlor of the church for the regular meeting with Mrs. J. J. Tableman, chairman, in charge.

Mrs. W. W. Wallace prayed the opening prayer and roll call was answered with the number of calls made by those present. Following a short business session, Mrs. C. M. Townsley gave the devotional. A paper on "Christian Family Life," was given by Mrs. James McCracken and the meeting closed with the Mizpha Benediction.

Ten members attended.

W.S.C.S. Plans Luncheon Meeting For May 25

The weekly meeting of the W.S.C.S. of the First Methodist Church was held Tuesday at the church.

The meeting was opened with all singing "Jesus Calls Us," followed by a devotional and prayer by Mrs. C. A. Shockey. During the business session, it was decided to have a covered dish luncheon May 25 at which time there will be a round up of the past year and plans made for the new year. Following this meeting, the pledge service will be held.

Mrs. Paul Woods gave the last lesson of the study, "Spanish Speaking Americans," and summed up the book so far telling first of the wetbacks, the regular citizen Mexicans, the transit workers, and the Puerto Ricans.

Mrs. S. C. Shaw read a letter from a Puerto Rican friend in New York who came over during the war as an interpreter. This

friend described conditions on the island which was causing the Puerto Ricans to migrate to New York in such great numbers. Mrs. Woods led a round table discussion on the subject and the meeting was dismissed with prayer by Mrs. Leslie Seymour.

Those attending were Mesdames Paul Woods, C. A. Shockey, S. H. Nance, S. C. Shaw, O. C. Lomax, W. E. Ricks, Stella Wilson, William Joyner, Leo Clinton, F. J. Harrelson, G. P. Rainbolt, Leslie Seymour, Joe Lovelady, S. H. McCannies, J. T. Anderson, George Davis, and Miss Bessie Wilson.

Now it costs less to "talk it over by long distance"

Long distance telephone calls have always been a real bargain. Now that Congress has reduced the excise tax on those calls, it costs even less to "talk it over by long distance."

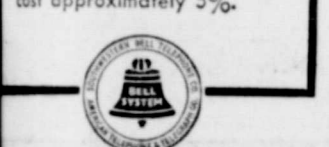

No part of the tax reduction goes to the telephone company. You get the full benefit — so most long distance calls now cost you 12% less than they did.

Next time... why wonder or worry? Talk it over by long distance and be sure.

NOW... AN EVEN BIGGER BARGAIN

Local service also costs less. Excise tax cut reduces your cost approximately 5%.

Good Rains Help Crop Outlook In Most Sections

Growing crops and pastures received a big boost from soaking rains in most of Texas during the past week. Field work, however, was at a practical standstill most of the week as farmers waited for soils to dry. All areas except extreme South Texas, plateau and trans-Pecos counties received generous rains early in the week and as the week ended the trans-Pecos country received showers.

Wheat in important areas which survived earlier drought and the May 3 freeze now has ample moisture to mature some grain. Freeze damage was being and coming increasingly apparent in high plains fields caught in the bloom stage but extent of damage is still not fully known. Some wheat was ripening in eastern low rolling plains counties and the high plains much wheat was headed. Oats in central and southern areas were ripe and considerable acreage with short straw was being mowed and baled.

Corn was responding remarkably well with ample moisture for the first time during the season in some central counties. Tasseling has extended northward to central counties. Timely showers in the coastal bend practically "made" the grain sorghum crop which was heading. In other areas sorghums which were up prior to recent rains were making very good development but much replanting, particularly in northern and northwestern counties, will be necessary.

Rains lowered quality of some first cutting hay in north Texas. Clover in central Texas was in bloom. Transplanting of sweetpotatoes was active in east Texas while the soil was still wet. Combining of a low yielding flax crop neared completion.

Cotton in the valley made good growth and over all prospects are very promising except for some dryland plantings in the extreme western part. In extreme southern blacklands, upper coastal and coastal bend counties, cotton was recovering from low temperatures of the previous week. Early cotton in the plains country, the northern blacklands, and much of east Texas was retarded by low early May temperatures.

Cool weather and hard rains during the week made replanting of a large acreage in those areas necessary. Despite this temporary setback, added soil moisture improved the outlook for cotton, especially over the northwest.

Harvest of commercial vegetables was active in early sections, particularly cantaloups, sweet corn and tomatoes in the lower valley. Carlot loadings of cantaloups was started at Laredo and watermelon harvest got underway at Rio Grande and Falfurrias.

Summer range and pasture feed prospects were much improved by soaking rains extending across the state and also from central counties southeastward to the coast, and the trans-Pecos country received showers at the end of the period. New grass was coming along fast but the turf was still thin over much of the plains.

In eastern, coastal and most central counties, grass was adequate for stock to easily get a full paunch. Stock in that area were making good gains. In south Texas, moisture was needed as the reserves from the heavy April rains were about gone. Marketing of yearling and spring lambs carrying slaughter flesh was very heavy.

The Clyde Sophomore class of 33 visited the Lake Cisco recreational area last Thursday. Coach McCaslin, Cisco Junior College graduate, was in charge, aided by Vocational Agriculture Teacher E. H. Barron, and Mrs. Rogers, FHA advisor. Sponsors were Mrs. A. G. Black and Mrs. Markwood.

One class member was Carolyn Johnson, Texas Class B high-school tennis champion.

Swimming was the sport's activity most Clyde students preferred.

In charge of an assistant coach, the Stamford Senior Class spent Friday afternoon at the lake, where swimming, skating and golf were enjoyed following a sack lunch. These 60 visitors came here as the highlight of Senior Day. Their class trip was by rail to New Orleans. A number of this aggregation did some fishing and boating on Lake Cisco.

Stamford sponsors were C. E. Grisham, Class Mothers, Mrs. Cooper and Mrs. Peterson, and Mrs. Cagle, a teacher.

Other Friday visitors at Lake Cisco were 32 members of the Rising Star 7th grade with two teachers, Mrs. Charles Rutherford and Mr. Bailey. Mrs. Curtis Smith came along as a sponsor.

On Saturday afternoon, the Peacock Sophomore class enjoyed an afternoon of fun at the lake area, headed by Superintendent W. C. Robinson. The Freshmen came the previous week.

Monday, approximately 55 Eastland Junior High School students swam and skated at Lake Cisco. Accompanying them were Mrs. H. H. Hardeman, sponsor, and Mrs. J. L. Owen, Mrs. Curtis Koen, Mrs. Ray Hatten and Miss Opal Hearn.

Tuesday Lake Cisco picnickers came from Strawn, and comprised the High School Juniors and Seniors, many of whom swam. Coach Joe Van Bremen and Mrs. Van Bremen were in charge, aided by sponsors Mrs. "Punk" Latimer and Mrs. Dillard Scott. Others accompanying the Strawn group were Mrs. H. A. Miller and Mrs. W. B. Sinclair.

Abilene High School Orchestra and Band groups are expected at the swimming pool Saturday afternoon, with at least 150 members coming. Nixie Gregory, former Lobo band drum major is credited with selling this large Abilene group with reasons why Lake Cisco should be the place to hold their annual picnic. We owe Nixie a vote of thanks for her continued interest in our recreational area. Her latest honors came last week when she was named area FFA queen.
