L. Guinns Are Honored With Open House on 50th Wedding Anniversary

Mr. and Mrs. C. L. Guinn celebrated their golden wedding anniversary August 1 and were honored at an open house at their home at 1300 Ave. in Cisco by their four daughters, Mrs. J. O. Rice and Mrs. Gurney of Cisco, Mrs. Witter of Amarillo, and Mrs. M. Dwight of Portland, Oregon. Approximately 125 neighbors, friends, and relatives from Randall, Brownwood, Abilene, East Wichita Falls, Amarillo, Rising Star, Cisco and Portland, Oregon, called during the afternoon and several telegrams and phone calls were sent to wish the couple many happy returns the day.

Three of the daughters greeted guests at the door and presented them to the honorees. The fourth daughter presided at the table. Decorations of large white wedding bells with white

satin ribbon streamers tied with a gold miniature bell was the motif carried out throughout the house. Each guest was presented a favor of two golden bells tied with white ribbon.

The refreshments table was laid with a maderia cloth over gold and held a centerpiece of a bowl of golden heliopsis. The five-tiered wedding cake was white decorated with gold wedding bells and an arch of Lillie of the Valley and the numerals of 50 in gold letters. In front of the fireplace was a basket of gold mums. The mantel arrangement was a gold container of bronze and gold zenias flanked by gold candelabra.

Mrs. Fred Steffey, Jr., Mrs. Lou Sloan, and Mrs. Leo Phagan, granddaughters of the couple, served the punch and cake. Mrs. W. M. Ratteerree, a niece, had charge of the gift display.

Mr. and Mrs. Guinn were married July 31, 1904, at Rising Star. Mrs. Guinn was the former Miss Rachel Victoria Graves. She came to Texas from Indiana with her parents when four years of age.

Mr. Guinn was born in Johnson County, Texas, and came to Rising Star in 1904, the year the couple was married. The couple resided in Rising Star for 18 years. For 15 years of that time, Mr. Guinn was a rural mail carrier. They moved to Cisco then where they lived for two years, moving from here to Pampa for fifteen years. They moved back to Cisco in 1939 and have made their home here since that time.

Wesley WSCS Holds Monthly Meeting

The Woman's Society of Christian Service of the Wesley Methodist Church met Tuesday afternoon at the church for their monthly meeting.

The meeting was opened by the group singing "Take Time To Be Holy" and prayer by Mrs. M. Slaughter. Routine business matters were transacted with Mrs. A. F. Miller, president, presiding.

The devotional was given by Miss Orvia Proctor and taken from Ephesians 4:11-16. Miss Proctor, a missionary to China and Burma, also brought the program telling of the work there and the customs and dress of the people. She brought a demonstration of their dress in Burma.

Those attending were Mrs. Charlotte Griffith, Mrs. H. A. Haning, Mrs. M. Slaughter, Mrs. J. R. Slaughter, Mrs. Peggy Miller, Mrs. C. C. Cooper, Mrs. Gil Walker, Mrs. Lawrence Bryan, Mr. and Mrs. Jason Proctor, Miss Kathleen Sharpshire, Miss Orvia Proctor, Mrs. Sarah Lucas, Mrs. A. F. Miller, and two children, Estelle Griffith and Charles Maples.

East Cisco WMU Has Meeting At Church

The W. M. U. of the East Cisco Baptist Church met Monday at the church for their semi-monthly meeting.

The meeting was opened with the singing of "Send the Light" with Mrs. J. O. Warren leading and Mrs. Loanna York at the piano. Mrs. C. R. Hightower led in prayer, followed by the program under the direction of the Dale Moore Circle.

Mrs. Delores Sharpe brought the devotional. The program was taken from the Royal Service and was entitled "The Challenge of Indonesia." Those participating on the program were Mesdames Loanna York, Rebecca Green, Chick Marcontell, A. V. Payne and Martha Pruett. The program closed with prayer for the missionaries on the calendar of prayer by Mrs. M. Slaughter.

Mrs. Carlton Holder then presided over a short business session. Community missions for next Monday were discussed and the meeting was dismissed with prayer by Dorothy Thomas. Fifteen members attended.

Mrs. Inez Ricks was expected home today following several weeks visit with her granddaughter in Shreveport, La.

Mr. and Mrs. J. T. Anderson were weekend visitors in Dallas.

State Capital NEWS

By VERN SANFORD
 Texas Press Association
 AUSTIN — Both candidates in the Texas gubernatorial second primary campaign are off and running.

Only 6,267 votes short of success in the first race, Governor Allan Shivers was encouraged by apparent control, gained at the county conventions, of the September 14 State Democratic Convention at Mineral Wells.

Shivers promised an "around-the-clock" fight for votes and spurred on his campaign forces over the state in a series of regional pep-talks.

Opening the second primary race with a talk on drought and water problems, Shivers asked Texans to write him of their needs, their water problems, and their suggested solutions.

He also campaigned in some cities by shaking hands on street corners.

Yarborough Is Busy
 Shivers' opponent, Ralph W. Yarborough of Austin, also planned to spend much time visiting various parts of the state in a search for votes.

Yarborough said in one speech that "this is the first time in five years that we're going to elect a Democratic governor."

He said he was receiving pledges every day from voters who either opposed him in the first primary or thought his cause was hopeless.

Yarborough scored what he called the "Republican press" for supporting Shivers and accused his opponent of a long list of misdeeds, including the circulation of false charges.

Wants Water Board
 Yarborough has called for the

creation of a Texas Water Board, patterned after the Railroad Commission, with members elected by the people.

He said that if elected Governor, he would recommend to the Legislature in January that such a board be established.

Continuing on the water and drought theme, Yarborough proposed the construction of 25 dams over the state, "comparable to those built by the Lower Colorado River Authority."

These dams, he said, should be planned and constructed under the supervision of the water board, and be financed like those built by the LCRA — by bonds which "in 30 to 40 years would pay themselves out by the sale of water alone."

It is Yarborough's contention that "industries are refusing to build in Texas, and some already here are pulling out because of the water shortage."

What's the Cost?
 Shivers' supporters got out their scratch pads and tried to figure out what it would cost to carry out the campaign pledges made by Yarborough, including a veteran's bonus, an elaborate tracery of dams on Texas rivers, vastly expanded highways and huge increases in expenditures for public welfare.

Shivers' calculators contended that the cost amounted to something like \$3.5 billion per year in state taxes.

They pointed out that the present total cost of state government is \$0.5 billion per year, or one-seventh of the other figure.

Yarborough said he wanted the money to come from a tax on gas pipelines.

Shivers' backers point out that such a tax already has been declared unconstitutional.

Warning System Coming
 Texas soon will have a modern storm warning system to spot danger miles away by radar, Governor Shivers announced.

Shivers said that completion of the system, called the most up-to-date in the world, will come in the next six weeks.

Already functioning as part of the radar chain are units in 11 cities. The radar net ties into the Department of Public Safety system, giving it Weather Bureau radar reports within two minutes after a warning is issued.

Texas Building Booms
 Construction in Texas spiraled toward a record high in June, according to the University of Texas Bureau of Business Research.

Reported by the bureau was a predominance of commercial, industrial, highway, church, school, and government building.

Building permits issued throughout the state during the first half of 1954 exceeded totals for the same period last year by six per cent, the report showed.

Liquor Revenue Up
 Texas liquor revenue in June showed a \$41,000 increase over the total for the same month last year, the monthly report of the Texas Liquor Control Board reveals.

June revenue this year was \$1,425,179.13 with the largest part of the amount derived from beer and whiskey taxes.

The board also noted an ap-

STARTING THE SHOW—A herald sounds the happy hunting horn to bring on the Paris models showing off the latest in designer Manguin's "Gazelle Line." The "dear-hunt" is a preview of winter fashions, hence the models aren't showing off the whole outfits—out of season, you know—but what we can see of the necklines looks very nice.

parent increase of moonshining over the state, with seizure of 11 illicit stills and arrest of six on moonshining charges.

FBI Agent Speaks
 Two forms of crime are on the increase: car thefts and swindling-bad check passing.

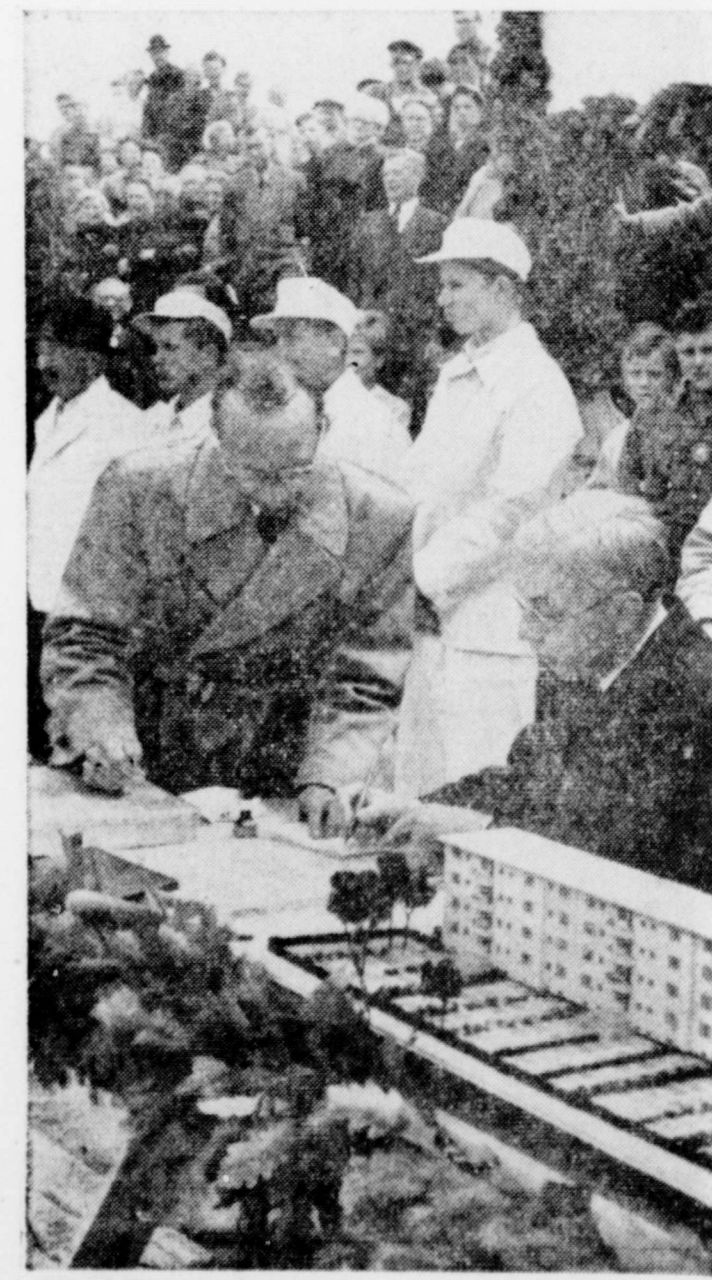

So said Vernon H. Bailey, special agent of the FBI in San Antonio, in an Austin speech.

Car thefts inconvenience more people and cause a greater loss of property than any other form of crime, the agent said.

Short Shorts
 Americans no longer believe that things are good only if they come from Europe, says Dr. Lewis U. Hanke, University of Texas professor. . . Now you can break the law by driving too slow. The rule of 40 miles per hour minimum applies on a stretch of the Austin Expressway. . . Heroes and heroines of Texas education will be selected by a panel, announced A. Garland Adair of Austin, director of the Texas Heritage Foundation. Selections will be announced on School Centennial Day at the State Fair of Texas.

ALL CRYSTAL—Grandma's beloved crystal jewelry is staging a comeback and in this instance it's teamed with pearls for wear all year 'round. The multi-faceted crystal beads, strung on chains of finely-wrought gold metal, are used in multiple strand choker and bracelet and shower-drop earrings.

SIGNS HOUSING DOCUMENT—Dr. James B. Conant, U. S. High Commissioner for Germany, signs his name on a construction document. The event took place during a cornerstone laying ceremony for a large refugee housing project in West Berlin's American Sector. The total cost will be five million dollars and it will come from a U. S. Foreign Operations Administration grant. A model of the project is shown at right.

Six County — From Page One

Achievement Award last year. Janice has given demonstrations in dairy foods and kitchens before home demonstration clubs in the county, and has been dairy foods demonstrator for her 4-H Club for the past two years. She has served as president of her local 4-H Club as well as reporter and song and game leader, and has been vice president of the County 4-H Council.

Miss Hughes is in the eighth at Cisco Junior High and a member of that school's 4-H Club. She is the 14-year old daughter of Mr. and Mrs. O. A. Hughes and has been in 4-H work for three years. She has been a kitchen demonstrator for the past year, has participated in all special events during her 4-H work and has given demonstrations to other girls and clubs.

Bell, 16, is a junior at Scranton High School and a member of that 4-H Club. He lives with Mr. and Mrs. Ed Townsend, his guardians. Robert has been in 4-H work for three years and has won awards in recreation, safety, poultry and share the fun contests. His 4-H demonstrations and activities include entomology, soil conservation, dairying, electric lamp show, rally day, and share the fun. He has served as secretary, reporter and parliamentarian of his local 4-H Club.

Bostick, 14-year old son of Mr. and Mrs. R. C. Bostick, is in the seventh grade at the Scranton School and is a member of that 4-H Club. He has been in 4-H work for five years, and was a delegate to the State 4-H Round-Up at Texas AM College in 1953. He has won awards in recreation, dairying, safety and health. His 4-H demonstrations include recreation, leadership and electric. Young Bostick has served as parliamentarian of his local 4-H club.

Jobe, 17, is a senior at Scranton High School and is a member of that 4-H Club. He lives with Mr. and Mrs. Bill Clinton, his guardians. Young Jobe has been in 4-H work for nine years, was the county Gold Star boy, and his awards include those in tractor

maintenance, leadership, dairy achievement, safety, health, recreation and achievement. He also won a trip to Chicago last year. His 4-H demonstrations and activities include recreation, rally day, the scrap drive and club camps. He has served as president, vice president, secretary and reporter of his local 4-H club and chairman of the County 4-H Council.

Mrs. E. C. McClelland was called to Houston today to be at the bedside of her grandson, Jay Lynn McClelland, son of Mr. and Mrs. Durwood McClelland, who is ill.

Visitors in the home of Mr. and Mrs. A. B. Cooper last Sunday were Mr. and Mrs. Gene Kilgore of Abilene, Mr. and Mrs. Mobley and children of Tuscola, Mrs. Henry Sharpe and Mr. and Mrs. John White and family of Fort Cobb, Oklahoma.

Mr. and Mrs. Wayman Wilson and children of Dallas spent the weekend in Cisco with Mr. and Mrs. C. F. Coats. Bobby and Beth remained for a week's visit.

How Long Has It Been —

... Since you had your abstract brought to the title checked for possible flaws? High prices, checks and inflation stimulate sales, especially real estate. Do you want to buy or sell? In either event, you will be called on to furnish an abstract and you will surely want one. Whether buying or selling, member this: A defective title destroys value, title adds to it.

EARL BENDER & COMPANY
 Eastland, (Abstracting since 1923)

this ONE antenna

improves today's reception... and will receive tomorrow's new VHF channels

CHANNEL MASTER'S futuramic
 The antenna designed for today and tomorrow

- Extra Performance
- Extra Economy
- Extra Versatility
- Extra Simplicity — single installation, no antenna switching.

Now! Improve your present reception and be ready to receive the new VHF channels of the future.

No longer must you hesitate because present stations will be changing channels, or because new stations are coming on the air. The Futuramic gives you complete coverage of TODAY'S channels — and TOMORROW'S too. And if you live in an area where two or more channels can be received, enjoy them all perfectly — with the Futuramic.

There's a Futuramic model "made to order" for this area. See your dealer or installation man.

OUTSTANDING PERFORMANCE! OUTSTANDING VALUE!

The Futuramic gives you the

- Extraordinary sensitivity of a Yagi
- Razor-sharp directivity of a Yagi

... NOT on just one channel, but clear across the band!

The Futuramic improves reception in each of these areas:

- Areas in which present stations are changing channels.
- Areas in which new VHF stations are being added.
- Areas served at present by 2 or more channels.

Don't struggle along with poor pictures just for the sake of getting two stations. The Futuramic provides brilliant, multi-channel reception while avoiding the expense of separate antennas for each channel. Change now to a Futuramic, the most effective multi-channel antenna yet developed by modern science.
