## The Gay Philosopher

By J. W. S.

WENT OVER TO Eastland this afternoon to hear Mr. Ralph Yarborough speak. It was 2:30 p. m. and the weather was hot, which is probably the reason for the small crowd. There were about 100 people in attendance. We had read in The Dallas News a couple of days before where a motion picture company out of Hollywood was making a Texas picture. The script calls for a scene in the governor's office. So the director wrote Governor Shivers, inviting him to appear in the scene (which we surmise would not last less than five minutes). In return, they would make out a check to Mr. Shivers' favorite charity. We did not hear or read anything about the Governor's reply or reaction to the suggestion from the West Coast.

Well, one of the first things Mr. Yarborough said at Eastland was "see Shivers is going to Hollywood." He carried on about this for some time. In other words, value took a little item from a newspaper and tried to make an issue of it. Having read the same article that Mr. Yarborough no doubt saw, it left us a little speechless.

NEXT, MR. Yarborough took us with the newspapers. He took a poke at the editors, most of whom are for Shivers. When Mr. Yarborough talks about newspaper editors as a class, he is talking about country fellows like us. There aren't any big city editors in Texas.

The average Texas editor, according to a recent survey by a journalism class at one of the colleges, is 39 years old, is married and has 2.6 children. He owns his home, owes his banker a little money, goes to church pretty often, takes part in all community affairs, and does everything he can to help his town grow.

We're not saying that we're an average editor, but we're telling you the sort of folks that Mr. Yarborough criticizes.

AFTER HE GOT through lambasting the editors, Mr. Yarborough took up something else he didn't like about the Governor. He neglected to say anything about what Mr. Yarborough stood for or wanted to do in the Governor's office. He devoted his time to talking against Mr. Shivers.

SINCE THE Eastland rally, I've read where he has been making a lot of noise about the fact that the Mission Times got state printing contract in 1951. Joe Cook, son-in-law of a Cisco man, Mr. H. A. McCannies, and Mr. Shivers used to be partners in the Times. We understand that Mr. Shivers, who never was anything more than a stockholder in a small corporation, disposed of his stock when he became governor.

In any event, we've met Joe Cook and he is a fine, industrious newspaper editor. His paper has on more state and national awards than any other Texas paper in recent years. He has a big printing department and goes after all kinds of printing. State printing is always awarded to the lowest bidder. We submitted a bid on some of the 1951 printing, but were not among the low bidders. Anybody can outbid some of the big printing companies in Austin is certainly entitled to the jobs.

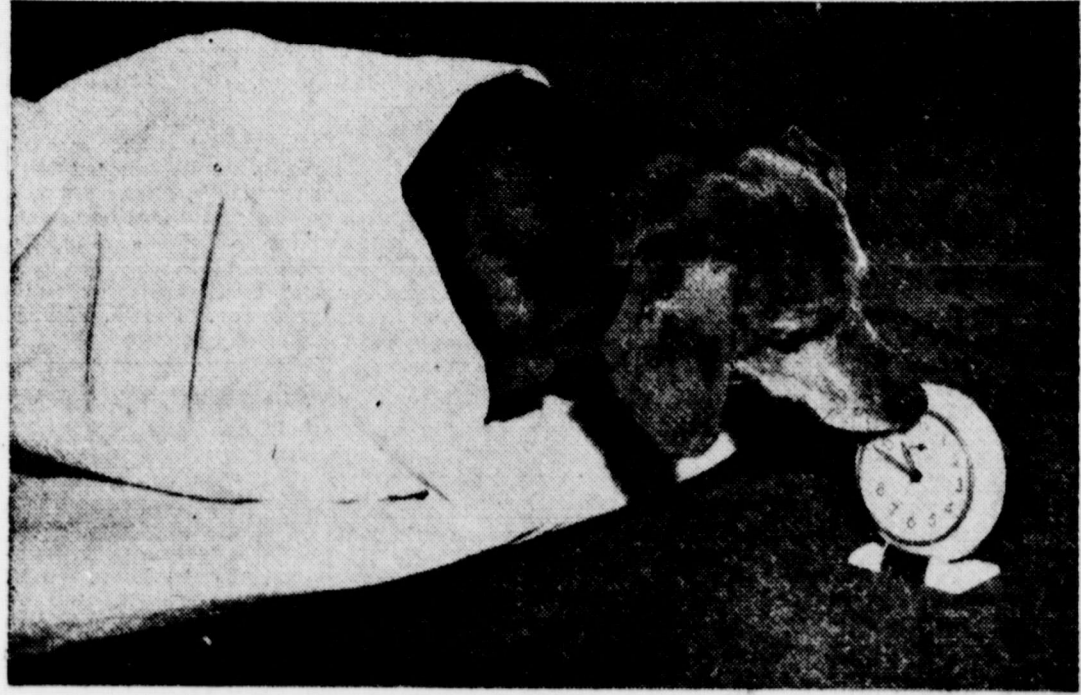

WE CAN APPRECIATE the fact that a good many folks are loyal Yarborough because they are loyal Democrats. Some of the people are our good friends, and we value their friendship. They were opposed to it when Mr. Shivers turned down Stevenson for Eisenhower in 1952.

In this connection, we only want to ask one question: What would have happened to the Texas Tideland (and they've paid the state school fund over \$40,000,000 the past year) if Mr. Shivers had not helped the Republicans bury Texas?

WE'VE WRITTEN this column because we don't believe that Mr. Yarborough should condemn editors who don't agree with him. We feel that every Texan has a right to believe like he pleases. It's real good to know that we can go to the polls and vote like we want to without fear.

We're going to vote against Mr. Yarborough.

## LEGION AND AUXILIARY INSTALL NEW OFFICERS MONDAY NIGHT

New officers were installed by the John William Butts Post 123 of the American Legion and Legion Auxiliary at a joint meeting at the Legion Hall last Monday night. A reception honoring State Commander E. L. Jackson and the new officers followed the service.

Mr. Jackson, who was elected to the state's top Legion office at the recent convention in Fort Worth, was presented a new cap by his home post. The state commander wears an all-white cap with gold lettering, and the Cisco Post obtained the new cap for presentation.

The Post also presented Mr. Jackson a piece of luggage for use in the extensive travels in connection with his new position. In a short talk, Mr. Jackson expressed his appreciation to the post for the honors and for the work of the Post in his election to the top position.

He suggested that "the American Legion offers a program of community service that every veteran should consider and appreciate." He noted that the Legion has spent over 100 million dollars for child welfare and rehabilitation work.

New officers of the Post were installed in ceremonies directed by Mr. Jackson. The new leaders are: J. B. Sitton, commander; Joe Comingo, first vice commander; Marshall Jones, second vice commander; W. P. Knight, finance officer and adjutant; Rev. F. C. Bradley, chaplain; H. V. Kirby, sergeant-at-arms; Paul Brashear, service officer; and Mrs. Marie Smith, historian.

Mrs. R. T. Redies of Abilene, 17th District Auxiliary President, was here for the meeting, as was Mrs. H. N. Lyle of Austin, state Auxiliary secretary. Mrs. Redies spoke briefly and introduced Mrs. Lyle, member of the Cisco unit and a former district, division and state president, who installed the new Auxiliary leaders.

New Auxiliary officers are: Mrs. Jim Flournoy, president; Mrs. S. H. McCannies, first vice president; Mrs. Gorum Glasscock, second vice president; Mrs. Truly Carter, secretary and treasurer; Mrs. Mack Stephens, chaplain; Mrs. Jay Warren, sergeant-at-arms; and Mrs. Leon McPherson, historian.

Gifts were presented to Mrs. Lyle and Mrs. Redies. Punch and cookies were served during the

## COOPER WILL GET OUTSTANDING AWARD AT NATIONAL MEETING

Eastland County Agent J. M. Cooper has been named one of the six county agents of Texas to receive the distinguished service award at the annual meeting of the National Association of County Agriculture Agents to be held at Salt Lake City, Utah, on October 10-14.

The Eastland County Commissioners Court was informed of the honor to Mr. Cooper Monday by letter from D. D. Clinton, president of the Texas County Agriculture Agents Association. Clinton termed Cooper as a "top man" in his field, and urged the commissioners to allow Cooper to attend the annual meeting in Utah. The commissioners voted unanimously to send Cooper to the meeting.

reception by members of the Auxiliary. Ray Judia provided piano music. Short talks were made by Anton White, president of the Chamber of Commerce, and Mayor G. C. Rosenthal, expressing appreciation to Mr. Jackson for his work as a civic leader in Cisco.

A large crowd attended the meeting and reception.

## NAMED SUPERVISOR

Walter F. Jackson of San Angelo has been named supervisor of the Census of Agriculture district office which will be established in San Angelo for the purpose of taking farm census this year. Included in the district will be Eastland County. He will direct a force of 25 crew leaders and 320 enumerators in his 63 county area.

Mrs. Roy Brown and daughter, Brenda, of Magnolia, Ark., and Mrs. Willa Dee Waters of Odessa have returned to their homes following several weeks visit in Cisco with their mother, Mrs. Stella Wilson, and sister, Bessie.

Joyce Boyd of Joyce's Tot Shop was in Dallas over the past weekend attending the fall market of the American Fashion Association.

## CONSIDERABLE INTEREST SHOWN IN COUNTY ABSENTEE BALLOTS

Considerable interest was reflected today in the August 28 second primary election by a report that a total of 124 persons had already cast absentee ballots at the County Clerk's office at the courthouse in Eastland. This was more than the total for the first primary absentee voting.

Absentee voting began last week for the Democratic run-off election, and invalids who will be unable to go to the polls August 28 began requesting ballots immediately. Voters have until August 24 to cast absentee ballots.

According to the Secretary of State's Office, those eligible to vote absentee are those who are ill or disabled, or who expect to be out of town on election day. There is no fee for voting absentee.

## COOPER WILL GET OUTSTANDING AWARD AT NATIONAL MEETING

County Judge John Hart said that the court was on record as appreciating the honor to be given Mr. Cooper.

## BROTHERHOOD MEETS

The Brotherhood of the East Cisco Baptist Church met Monday at six o'clock at the church for a work night. The wives of the brotherhood members gathered at the church at eight o'clock and served ice cream and cake to approximately 85.

Mr. and Mrs. W. E. Latmore of Fort Worth spent the weekend with her mother, Mrs. Ora Strausler in Cisco.

## Pecan Crop Due To Be Smaller Than Last Year

AUSTIN, Aug. 18.—Early reports indicate that this season's pecan crop will be short, totaling 25,000,000 pounds — 3,500,000 pounds of improved and 21,500,000 pounds of wild or seedling pecans — for Texas, according to a special report prepared by the U. S. Department of Agriculture.

Production for 1953 was revised to 28,000,000 pounds — 3,400,000 pounds of improved varieties and 24,600,000 pounds of natives. The 1943-52 average production of all pecans was 32,465,000 pounds annually. Reports now indicate more favorable prospects in north and northeastern areas than in South Texas and the plateau country.

The U. S. pecan crop is forecast at 130,528,000 pounds — 38% under last year's record crop and 2% less than the ten-year average. Large declines from last year are expected in all major producing states except Texas where the 1953 crop was relatively light.

Georgia, the leading state in the production of improved varieties, has a prospective crop of 34,000,000 pounds — 40% less than last season but only slightly under average.

The Texas crop is expected to be 47% below last year and 23% below average.

Persons entitled to vote absentee may do so either by going in person to the County Clerk's office or by mailing their request to the County Clerk.

In both instances the application for a ballot must be in writing and signed by the voter. If the voter is physically unable to write, the application may be signed by someone else at the voter's request.

A written request for an absentee ballot must be accompanied by the voter's poll tax receipt or exemption certificate, or by a sworn statement witnessed by a notary public that he has lost or mislaid his receipt or certificate.

In voting by mail, the ballot must be marked in the presence of a notary public.

Absentee voters who are ill or physically disabled must accompany their application for a ballot with a statement from a physician certifying to their sickness or physical disability.

Voters who were 60 years of age prior to January 1, 1953, and who do not live in a city of 10,000 inhabitants or more are not required to have either a poll tax receipt or an exemption certificate. Such persons should state in their application for a ballot that they are exempt due to their age.

A son, Steven Allen, was born Monday to Mr. and Mrs. Jerry Farley at Pampa, relatives here have been advised. The baby weighed six pounds and ten ounces and he and Mrs. Farley are doing nicely. Grand parents are Mr. and Mrs. A. B. Cross and Mr. and Mrs. A. L. Farley of Cisco.

Mr. and Mrs. Bob Latson are vacationing in South Texas this week.

## Support Of CARE Campaign Urged By U.S. Official

According to official figures relayed by CARE representatives on the scene in war-torn Indo-China, there are 200,000 homeless refugees (including 60,000 children under 14) in settlements around the Saigon area. Many more are expected from above the 17th parallel and all urgently need help. L. P. Stambaugh, Acting Agent of Railway Express Agency, who is a voluntary CARE agent in this area, reported today.

Vice President Richard M. Nixon's recent personal appeal called upon Americans to strengthen world freedom by supporting this worthwhile activity to help bring relief aid to war refugees in French Indo-China.

"The hungry must be fed. The ragged must be clothed. The homeless must be given a chance to establish new lives as free men," the Vice President declared.

"The fight against world communism is a battle of ideas as much as strength," Mr. Nixon continued. "Government-to-government assistance, important as it is in long-range plans, cannot be as personally effective as the simple idea of people helping people. I urge every American community to join in sending CARE aid to the refugees of Vietnam, as friend-to-friend."

Funds contributed to the CARE campaign will provide packages of food, clothing textiles and other needed supplies for families who have fled to southern Vietnam from areas now ceded to the communists under the truce agreement.

Mr. Stambaugh said that Railway Express Agency offices in principal cities have been serving as CARE donor centers since February 1st of this year, and will be glad to furnish CARE information and accept any contributions for this important campaign.

## Texas Reservists Win Shoot Honors At 5-State Meet

AUSTIN, Aug. 18.—Army reservists from Texas have copped 12 of 14 places on the 1954 4th Army Reserve Rifle and Pistol teams, according to Colonel Karl E. Henion, Chief of the Texas Military District.

They will represent the 5-state 4th Army area in the National Rifle and Pistol matches scheduled at Camp Perry, Ohio, during late August and early Sept.

The 12 Texans were high scoring rifle and pistol marksmen among Army reservists from Texas, Oklahoma, New Mexico, Arkansas and Louisiana in the 4th Army Rifle and Pistol Matches June 15-19 at Fort Hood. Six of the seven marksmen selected for each team are from the Texas Military District.

From Fort Sam Houston in San Antonio, the team members were to journey to Camp Perry for competitive firing with Reserve teams representing other areas.

## Area Residents Will Get Degrees In H-SU Services

ABILENE, Aug. 18.—Degrees will be conferred upon 133 summer school graduates of Hardin-Simmons University at commencement exercises at the First Baptist Church auditorium here Monday, Aug. 23, at 8 p. m.

Dr. Evan A. Reiff, H-SU president, will confer the degrees. Speaker for the commencement will be Dr. Harold A. Haswell, executive coordinator of the Christian education commission of the Baptist General Convention of Texas.

Baccalaureate speaker will be Rev. Avery Lee, pastor of the First Baptist Church, Ruston, La. The service will be held at the same site on Sunday, Aug. 22, at 8 p. m.

Graduates include Olin O. Odum, master of education, Cisco; Patsy Gardenhire and Carolyn Page, bachelor of science, Cisco; Norman Bethany, bachelor of arts, Carbon; Muriel Reed, master of education, Putnam; and Sam Jones, master of arts, Rising Star.

### Play In Baseball Tournney Will Be Resumed Here

Breckenridge and Gorman won their games Tuesday night in the second round of the Cisco Invitation Baseball Tournament being played at ABC Field this week.

Breckenridge eliminated Olden from the tournament when they won by a score of 6-4. Gorman handed De Leon its first defeat by a 8-2 score.

Thursday night at 7 p. m. Breckenridge will meet De Leon and at 9 p. m. Cisco will play its first game in the tourney when it meets Gorman.

In the first game Tuesday night Breckenridge staged a four run rally in the sixth inning to eliminate the Olden entry. Olden went ahead in the first inning when they ran across two runs. Breckenridge scored a single tally in the bottom half of the first.

Olden scored two runs in the top of the third to bring the count to 4-1, but Breckenridge brought the score to 4-2 with a tally in the bottom of the third. No more runs were made until the bottom of the sixth when Breckenridge staged the four-run uprising that gave them the win. In that inning three Olden errors and a walk gave Breck the four runs and the game. They made the four runs with no hits.

Gorman continued undefeated in the tournament by virtue of their win over De Leon. The Gorman team jumped into an early lead by scoring a tally in the first inning. De Leon tied it up 1-1 in the bottom half of the first, and went ahead 2-1 in the bottom half of the second. They held on to the lead until the fourth inning when Gorman took advantage of two hits and two free passes to score four runs to bring the count to 5-2. Gorman scored two more in the sixth and another in the seventh to bring the score to 8-2.

Two games will be played Thursday and Friday nights and the finals will be played Saturday night. The Saturday night game will wind up the season for most teams in the area as football practice begins the following Monday.

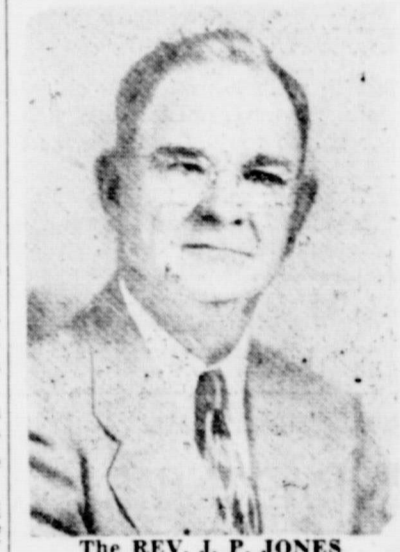

Mr. and Mrs. R. H. Dunning and family have returned from a vacation trip to San Antonio, Corpus Christi, Port Aransas, and Giddings.

Mrs. Stella Wilson and daughter, Bessie, have returned from a visit in Springfield and Denver, Colorado.

Mr. and Mrs. H. N. Lyle of Austin were weekend visitors in Cisco. They stopped here en route home after visiting with their daughter in Lubbock.

## Minister Accepts Call At Assembly Of God Church

The Assembly of God Church, located at 304 West 7th, has announced that the Rev. J. P. Jones has accepted the pastorate of the church, and that he and his wife have moved to Cisco to begin work with the congregation.

He comes to Cisco from Valdosta, Georgia, where he had held the pastorate of the First Assembly of God Church for 10 years. During his 10 years with the Valdosta church the congregation enjoyed a fine growth, it was said. He was instrumental in building two new buildings. The second building was made necessary when the original congregation became too large for its quarters.

He served as vice-president of the Valdosta Ministerial Association, and was its secretary for some time. The association recommended Rev. Jones to the local congregation, it was reported.

Rev. Jones was appointed to serve Cisco by the Texas District Council of the Assemblies of God. He and Mrs. Jones live at 604 Ave. G.

Mr. and Mrs. F. W. Burkman and children of El Paso are visiting in the home of Mr. and Mrs. W. A. Burkman while their husband and father is attending school at Camp Gordon, Ga.

Mrs. Ethel Burkman of Lueders is visiting in the home of her son and wife, Mr. and Mrs. W. A. Burkman.

Mrs. Jack Bishop and daughter, Jackie, of Roby have returned home following a few days visit with Mrs. Mary Stewart.

Mrs. J. B. Sughart, Mrs. Maymie Smith, Mrs. Ester Smith, all of Oakland, Calif., and Mrs. Joe McCommon of Whitney, Calif., visited in the home of Mrs. Mary Stewart last week.

Mr. and Mrs. Otto Hagaman spent the weekend in Dallas with their daughter, Mrs. J. W. Hildreth and family. Their grandson, Mark, returned home with them for a week's visit.

### MORE FAITH IN THE DOLLAR

It looks as if the majority of Americans have developed markedly greater faith in the stability and purchasing power of the dollar. Early in 1951, the Federal Reserve Board conducted a survey to determine what typical consumers thought the future trend of prices would be. It found that 77 per cent expected prices to rise. A short time ago the Board conducted another such survey and the results were vastly different. Only 16 per cent of the consumers queried expected further price rises. Many anticipate declines. The largest number anticipate that prices will remain substantially unchanged for the balance of the year.

Late experience supports the majority view. The official barometers have changed relatively little. The prices of numbers of foods and manufactured goods, including some which are highly important to the family budget, have declined considerably. There have been more and bigger sales. And retailers, recognizing the upsurge in competition, have aggressively courted the consumer with price and other inducements.

The general consensus is that there is no need now for "scare buying," as a hedge against possible price jumps — and that, conversely, there is no good reason for holding off buying in the hope that prices will substantially drop. Could it be possible that efforts to reduce federal deficits are reflected in steadier prices and rising faith in the dollar?

### THE RIGHT TO WORK

On July 2, Louisiana became the 17th state to protect its citizens' Right to Work. That day Governor Kennon signed a bill which guarantees that anyone can join or refuse to join a union, as he chooses.

In a letter to the legislature the Governor said: "I have always been a believer in the value of organized labor. I believe that too many rights of the individual have been infringed upon by the modern trend toward government regimentation and that it is good for our American system of government to have a maximum individual liberty. The bill which I have approved secures to every man and woman in Louisiana a freedom of choice."

Louisiana is to be congratulated!

## Congress Adopts Bill Patterned After Texas Law

AUSTIN, Aug. 10.—The Texas statutes outlawing the Communist Party, adopted by the 53rd Legislature on recommendation of Governor Allan Shivers, have been taken as the framework for legislation to outlaw the party nationally.

U. S. Senator Price Daniel has reported from Washington that he took the language of the Texas law to shape his amendments which clinched adoption of the anti-Communist Party bill in the United States Senate.

The Senate unanimously adopted the bill with the Daniel amendments, 85 to 0. The prospects for passage of the legislation by the House of Representatives appeared bright.

The Texas laws backed by Shivers provide a maximum penalty of 20 years in prison and a fine of \$20,000 for membership in the Communist Party. Texas was the first state in the Union to outlaw the Communist Party.

Senator Daniel, who as Attorney General of Texas four years ago worked with Shivers in formulating a law to outlaw Communists, said, "the bill which was passed to outlaw nationally the Communist Party is a comparison of the two combined Texas laws and makes these existing statutes in Texas applicable at the national level."

Daniel, who took the best features of two prior bills and wrapped them up with an amendment offered by Senator Hubert Humphrey of Minnesota, came up with legislation which legal experts said provided a clear, distinct approach to legally outlawing the party.

Daniel acted from what he termed a deep desire of long standing. He said he was guided by his own experience in seeking to curb the International Mine, Mill and Smelter Workers Union in El Paso area and by his observance of the Distributive Processing and Office Workers Union of Port Arthur.

Both unions have been under fire of Shivers and Attorney General John Ben Shepperd. Shivers' successful fight against the two Communist-controlled unions has been noted by his supporters as the reason for the intensified campaign by union bosses against his re-election. Shivers, in television and radio speeches has noted that every legislation to outlaw the Communist Party, are opposing him in his runoff campaign.

Daniel said the national legislation, based on the Texas statutes, takes the vague, general ineffectual language of the Subversive Activities Control Act of 1950 and changes it into clear, direct application.

## Antique Cars To Be Featured In Display At Fair

DALLAS, Aug. 18.—Rare old cars, which can evoke the glory of olden days in a way that nothing else can, will be the stars of an unusual show at the 1954 State Fair of Texas, Oct. 9-24.

The oldtime steam and gasoline buggies will be displayed in the fair's sixth Antique Automobile Show, one of the fair's most popular features. The collection of carefully restored veterans will be moved to a more spacious site in the Science Building this year so that the crowds can be accommodated better.

Antique auto fans search out the ancient beauties from old barns, garages, or wherever they might have been abandoned in the long-ago. Then they lovingly restore them to like-new condition which sometimes involves almost complete rebuilding.

A rare 1906 Model Pope Toledo Touring Car which was exhibited last year in its neglected state has been completely restored and will be on display at the fair this year.

Another unusual old car in the show, a 1903 curved-dash Olds, has been described as one of the rarest and best restored in the nation.

The North Texas Horseless Carriage Club is sponsoring the show. Trophies will be awarded for the best restored car, for the car with the best mechanical operation, those from the longest distance away, and the most popular. There'll also be a driving contest. Antique autos are expected from all parts of Texas and from Oklahoma, many rolling on their own power.

Winners last year were owned by antique auto fans from Dallas, Abilene, Wichita Falls, Fort Worth, Kerrville, Cisco, Houston, and Waxahachie. Among the winning entries were Oldsmobiles, Fords, Buicks, Cadillacs, Buicks, Hupmobiles, Overlands, Maxwells, Mitchells and Paiges.

### A Famous American Ship

The gallant MANHATTAN, of the United States Lines, was one of America's most famous passenger ships. This graceful liner, with her sistership WASHINGTON, were the first American ships built for North Atlantic service in over forty years when they came out in the early 1930s. Their immediate popularity with travelers upturned the entire system of class nomenclature aboard Atlantic liners. The MANHATTAN's red, white and blue smoke stacks and her clean, sweeping lines readily identified her as an American ship. She saw extensive war service, surviving a fierce fire off Halifax. Rebuilt as a troopship she could carry 7,000 men. When peace came, the MANHATTAN was retained by the Navy as a mothball transport. Her peacetime career of only nine years was indeed too short, particularly for such an outstanding example of American shipbuilding, according to the American Merchant Marine Institute. Since the Civil War only twelve ships have been built for American passenger service on the North Atlantic route. High construction and operating costs make it virtually impossible for American ship lines to compete. For years this lack of ships in deep-sea service was made up for in large part by a thriving passenger and cargo service along our coasts. Today, this domestic fleet is extinct. New liners for deep-sea operation are necessary.

The antenna designed for today and tomorrow

- \* Extra Performance
- \* Extra Economy
- \* Extra Versatility
- \* Extra Simplicity — single installation, no antenna switching.

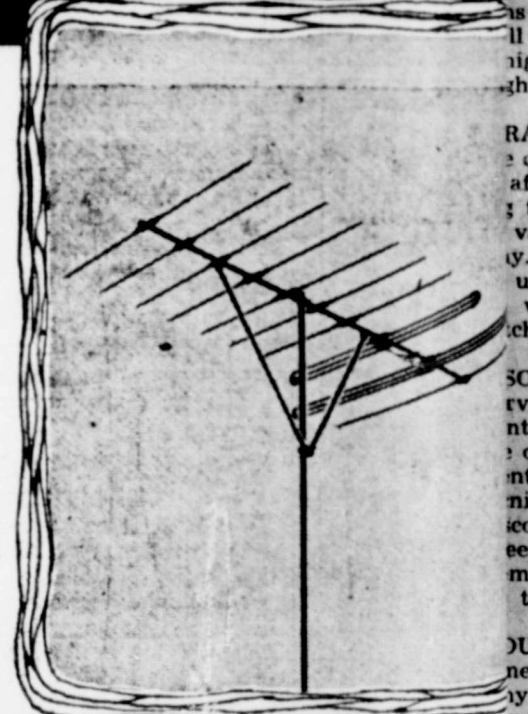

Now! Improve your present reception and be ready to receive the new VHF channels of the future.

No longer must you hesitate because present stations will be changing channels, or because new stations are coming on the air. The Futuramic gives you complete coverage of TODAY'S channels — and TOMORROW'S too. And if you live in an area where two or more channels can be received, enjoy them all perfectly — with the Futuramic.

There's a Futuramic model "made to order" for this area. See your dealer or installation man.

#### OUTSTANDING PERFORMANCE! OUTSTANDING VALUE!

- The Futuramic gives you the
- Extraordinary sensitivity of a Yagi
- Razor-sharp directivity of a Yagi
- ... NOT on just one channel, but clear across the band!

The Futuramic Improves reception in these areas:

1. Areas in which present stations are changing channels. The Futuramic will out-perform the antenna you are now using on the present channel. And when the change is made, this superior reception continues on the new channel without interruption. Don't be caught without reception. All antennas cannot be changed overnight. Be prepared by installing the Futuramic NOW.
2. Areas in which new VHF stations are being added. The thousands of single channel antennas in use will be unable to receive these NEW stations. Have the Channel Master Futuramic today to improve your present picture and provide reception on the future channels at no additional expense.
3. Areas served at present by 2 or more VHF stations. Don't struggle along with poor picture and the waste of getting two stations. The Futuramic provides brilliant, multi-channel reception by avoiding the expense of separate antennas for each channel. Change now to a Futuramic — the most effective multi-channel antenna yet developed by modern science.
