The Gay Philosopher

By J. W. S.

WANT YOU'RE glad the election over. Everybody was getting a little tired of the heavy diet politics.

According to a news dispatch, Yarbrough spoke at a breakfast of some 250 precinct workers in Dallas last week. He argued that only four of the daily newspapers in this area supported him. The others printed their news and editorials as dirty as possible, he said. More than 500 of the some 550 weekly newspapers were guilty of the same thing, Yarbrough charged. This was a completely irresponsible statement — about as irresponsible as the whole Yarbrough campaign. The big newspapers got out of their way to give him the news treatment, although they might have been editorially against him.

Small newspapers like The Cisco Daily Press didn't have an opportunity to cover Yarbrough. We could have afforded to send a reporter out to see him. The Shivers people got out daily releases. The Yarbrough people sent out nothing. We'll bet that the editors of the Cisco Daily Press have a sense of duty and responsibility that is at least equal to that of 99 per cent of politicians in this country.

ONE CANDIDATE gave us a little publicity on the Eastland station. We had intended to offer rebuttal, but it appears that virtually nobody heard it, we'll not go into the matter. The speech was broadcast twice to only two people mentioned to us. We had figured that there would be a good many different ribbings about it, there were only two.

AN INTO MR. E. F. Thomas, lives out on Avenue D, in Monday. Had to look twice before recognizing him. He was doing some welding work on an well Friday and there was a gas present and he didn't know there would be any. There was a small explosion, which burned him about the face. Thomas said he feels fortunate that it wasn't any worse. His face is healing nicely.

OME THIRTY people — the employees and members of their families — enjoyed a barbecue Friday night, courtesy of the Gas Corporation and Manager Gene Abbott. The affair was held in the Abbott back yard on East 5th Street. The menu included barbecued chickens, freshly cooked by Chef Abbott. It was a wonderful dinner followed by an hour of fellowship, everybody said. Manager Abbott was back on job at the gas company Monday after a vacation that included a visit to San Antonio.

R. H. M. WARD, pastor of the Baptist Church, taught a course on "The Deaconship" for an evening last week over at Breckenridge first church. . . . Understand today's the birthday of Mrs. J. A. Jensen, long-time friend of the church. . . . Hear that a daughter, recently was born to Mr. and Lester Mathews at Urbana, where he is completing work Ph.D. degree at the UofIll. The little girl weighed four and a half pounds and they're doing nicely.

POSTCARD from Avalon — Catalina Island — California has just arrived from the Warrens of Cisco, who are on vacation. "Looking for a well to drill a wildcat well," Mr. Warren wrote. It was a beautiful one. . . . Mr. Austin Flint, the Penney Company manager, back on the job after a New Mexico vacation and he says that now has thawed out again. In New Mexico, they enjoyed sit with Dr. and Mrs. G. M. Benson, Ciscoans who have summer home high in northern Mexico's mountains.

R. C. E. PAUL, chairman of Lions light globe committee, you can give the Lions credit for the half-inch rain night. The rain came about time they were supposed to get the sale.

ur teams sold 140 of the bags of light globes. Dr. says you can watch out for men tonight and Wednesday — or until they're all proceeds will benefit the fund for welfare work.

BY AND SAVE TIME

QUIET, PLEASE; FISHERMAN AT WORK—Someone made a mistake when they painted this no fishing sign in Gage Park, Topeka, Kan., but it gives Roy Stringfield, 12, a good excuse to go fishing. Roy is giving the signal for silence as he drops his line into the water. The sign painter needn't feel bad. A Topeka high school senior was asked if he saw anything wrong with the sign. "Easy," said he, "it's not a pool, it's a lake."

Bolt Of Lightning Kills Mr. Lenz In Field Near Cisco

Lightning from a thunderstorm which hit this area about 6:30 p. m. Monday killed a Cisco farmer while he was picking cotton in a field just east of the city limits.

Henry A. Lenz, 60, who lived at 1605 Fir, apparently died instantly after being struck by the bolt. His body was discovered in the field about 7:30 p. m. by his wife who had gone to look for him after he failed to return home at his usual time. She ran to the nearest house to summon aid, but Mr. Lenz was pronounced dead by a doctor who went to the scene. The body was brought to Cisco by Thomas Funeral Home ambulance.

Mr. Lenz was born at New Berlin, Texas, on May 3, 1894, and had lived in Cisco for 20 years. He engaged in farming and carpentry. He was a World War I veteran and a member of Gospel Assembly Church. Funeral services will be held at 3:30 p. m. Wednesday at the Gospel Assembly Church, 1100 Avenue A. The Rev. L. C. Anderson, pastor of the church, will conduct the services. He will be assisted by the Rev. Bob Partain of McAlester, Oklahoma. The body will lie in state at Wylie Funeral Home until time for the services. Pallbearers will be Lloyd Bilbrey, Garland Williams, Allen Jackson, Olie Williams, Everett Suggs and Louie Melton. Wylie Funeral Home is in charge of the arrangements.

Mr. Lenz is survived by his wife; three daughters, Mrs. Stewart Slatten and Mrs. Tommy Partain of Cisco and Mrs. James Couch of Garden City; two sons, H. D. Lenz of Brady and Doyle Lenz of Abilene; his parents, Mr. and Mrs. Gus Lenz of Cisco; two sisters, Mrs. Mike Berger and Mrs. Odie Wooten, both of Cisco; three brothers, Walter, Alvin and August Lenz, all of Cisco, and seven grandchildren. About one-half inch of rain fell in the Cisco area.

RELIVING THE PAST—Edgar Kupter (left) and famed German clergyman, Rev. Dr. Martin Neimoeller, review a manuscript written by Kupter about the Dachau, Germany, concentration camp where they both spent five years. They met in Chicago, their first meeting since their internment.

East Ward Club To Hold Meeting

The East Ward Mothers Club will meet at 3:30 p. m. Wednesday for the first meeting of the new school year.

The meeting will be in charge of Mrs. H. K. Raub, president. All mothers of children in the East Ward school were asked to attend the meeting and help with the planning of work for the club for the new year.

Mrs. Raub said that there were several vacancies in the offices of the club, and that new officers would be elected at the Wednesday meeting. The club was organized some three years ago to work with the teachers and administrators in making plans for the improvement of the school.

Fort Worth Man Will Speak For Rotary Luncheon

Clinton Montgomery, claims attorney for the Commercial Standard Insurance Company of Fort Worth, will be guest speaker at the Cisco Rotary Club program on Thursday, September 2, Wm. B. Wright, President of the Club, announced today.

Mr. Montgomery will talk on the subject, "Public Attitudes and Your Insurance Rates." He will appear on the Rotary program in behalf of the Southwestern Insurance Information Service of Dallas. The latter is coordinating a statewide safety and education program for the casualty insurance industry. The Service has a speaker's bureau with over 200 top casualty insurance executives appearing before civic clubs, fraternal organizations and other groups.

Mr. Montgomery is a resident of Fort Worth, Texas, and has been in the insurance business for a number of years.

Mr. and Mrs. Harry Gurney and Harriet plan to leave Wednesday for a ten-day vacation in Colorado.

Turkey Crop For Texas Is Smaller Than Last Year

Austin, Aug. 31. — Texas turkey growers are raising 3,271,000 turkeys this year — 4% or 136,000 below last year, according to a preliminary estimate of the Crop Reporting Board of the U. S. Department of Agriculture.

Heavy breeds estimated at 2,682,000 decreased in number by 11% or 316,000 birds while light breeds, estimated at 589,000, increased 180,000 birds or 44%.

Farmers of the nation are raising 61,045,000 turkeys this year — 9% above last year. Large varieties increased in number by 6% and small varieties by 16%. The previous record crop was 60,686,000 in 1952. However, light breeds were 30% of the total this year, compared with 24% reported for 1952.

Last January, farmers expressed their intentions to produce 7% more turkeys than in 1953. This followed a good turkey year where the relationship between the price of turkeys and the cost of feed was favorable. Turkey prices during the August-December 1953 marketing season were about the same as a year earlier; however feed prices were down during the year about 8%. This year's crop is about the same as intended for heavy breeds but is up sharply on light breeds from the 9% increase planned by farmers in January.

Breeder hen holidays of the heavy breeds on January 1, 1954, were 7% smaller than a year earlier, while holdings of light breed hens were 40% larger. However, there was an ample supply of hatching eggs for both heavy and light varieties during the season.

For the United States as a whole, the trend toward earlier marketings continues. Growers marketed 9.9% of this year's crop before August 1, compared with 9% reported last year. If growers carry out their intentions, they will market 6.8% of the crop in August, 11.1% in September and 17.3% in October. Growers expect to market 45.1% of their turkeys before November 1 this year, compared with 44.8% last year. Expected marketings in November at 30.2 percent are the same as a year ago. December marketings are expected to account for 19.6% of the crop, compared with 20.2 percent intended in 1953. January or later marketings will be 5.1 percent of the crop, compared with 4.8 percent last year.

Lutheran Teacher Is Here For Class Work

Paul Bartels of Denver, Colorado, arrived in Cisco this week to begin his work as principal of the Lutheran School.

Bartels is a graduate of Brighton High School, near Denver, and attended River Forrest College in Illinois.

He announced Tuesday that all students of the school should register Friday, beginning at 9 a. m., in order to be ready to begin classes on schedule Tuesday, September 8.

Courthouse Records

- Property Transfers
- Oil & Gas Leases
- Court Proceedings
- Marriage Licenses

The following instruments were filed for record in the County Clerk's office last week:

A. D. Anderson to T. J. Russell, warranty deed. Claude Brown to H. O. Woods, Sr., warranty deed. Clyde R. Benton to Farmers Home Administration, assignment of income. J. B. Barnes to Albert F. Madlener, Jr., assignment of oil and gas lease. J. B. Barnes to H. J. Berry, assignment of oil and gas lease. F. L. Bleck to Bob D. Blair, warranty deed.

Wranglers To Begin Practice For Grid Season On Sept. 1

LIGHTS IN THE NIGHT — The historic Palazzo Vecchio is illuminated with hundreds of lights in Florence, Italy, during a special display in that colorful, ancient city. Flags and banners hang from nearby buildings on the Piazza della Signoria to help the magnificent sight. Florence is a great attraction for all the tourists who visit Italy.

COUNTY FARM BUREAU QUEEN TO ENTER DISTRICT CONTEST

Miss Irma Lilley of Gorman, who was recently named Queen of the Eastland County Farm Bureau, will represent the county at the District Seven elimination contest at Brownwood on Saturday night, Sept. 21, President A. G. Myrick reported today.

The district contest will be at the Brownwood Hotel as the climax of a program. Miss Lilley was named county queen, with Franklin Myrick of Cisco as king, in the recent contest at Eastland. Nominees from 13 districts, including the winner at Brownwood, will compete for the honor of being named state queen at the annual state farm bureau convention in Galveston on November 8, Mr. Myrick said. Many prizes will be awarded to the state winner.

All district queens will receive expenses-paid trips for themselves and their matron escorts to attend the state convention. The 12 district winners, not including the queen, will receive wrist watches from the state Farm organization. In addition, a Mineral Wells hotel has offered a week's stay for the girls and their matron escorts.

Prizes for the state queen will include \$500 for expense money to the 36th annual convention of the American Farm Bureau Federation in December in New York City. The queen will make the trip on a special train carrying the Texas delegation to the convention.

In the event the Eastland County Queen is unable to attend the Brownwood meeting, Miss Mary Evelyn Laminacy, runner-up, will take Miss Lilley's place.

Among those injured in the crash was T/Sgt. C. H. Yeager, son-in-law of the Cisco couple. He received a badly injured shoulder and leg in the crash.

The plane was returning to Biggs Air Force Base after a 10-hour training flight when a power failure forced the attempted landing at the El Paso port. The plane was completely demolished in the crash and the fire that followed.

Yeager's home is between Cisco and Moran. He is the son of Mr. and Mrs. Walter Yeager.

JULIA JAN ROBINSON

Mr. and Mrs. Jim Robinson of Abilene are the parents of a daughter, Julia Jan, born August 26 in the St. Ann's Hospital in Abilene. The infant weighed eight pounds and fourteen ounces at birth. Mrs. Robinson is the former Miss Betty Martin, daughter of Mr. and Mrs. E. S. Martin of San Antonio and formerly of Cisco.

Fifty Candidates For Team Due Out

Some 35 boys were at Cisco Junior College Tuesday morning, and about 20 more were expected by Tuesday night ready to begin football drills early Wednesday morning. Coach Red Lewis reported.

Plans call for the issuance of uniforms and equipment early Wednesday and for the beginning of work at 9:30 a. m. Work-outs will be held twice daily — at 9 a. m. and 3 p. m. until Tuesday, September 7.

Coach Lewis and assistant coach Joe Stephenson will have 14 returning lettermen on the 1954 squad. Included in the returning lettermen are: End Bud Miller; Tackles Wayne Adams, Phil Perry and Arnold Hunter; Guards Gene Burk, Burl Shetter, Richard Baack and Truman Commons; Centers Baggy Tipton and Dale McFarland; Quarterback Billy Witt; Halfbacks Ray Westmoreland and Billy Joe Hawk and Fullback Ronald Connor.

Several good prospects for the Wrangler team have announced intentions of enrolling at the school. Among the prospects is Benny Edwards of the Cisco Lobo team last year. He will try for a tackle position. Another Cisco High School ex who will try for the team at an end position is Bob Lloyd. He attended last year and played on the cage team.

Coach Lewis was expecting to field a good team for the season. The opening game is with the Hardin-Simmons Freshmen on September 11. All college games will be played Saturday nights.

William Philpott Hired By College

A native of Cisco will assume duties as instructor of journalism and director of news and information at Texas Western College at El Paso on September 15, it has been announced by officials of the school.

William Philpott, son of Mrs. Barton Philpott of Cisco, will go to the El Paso school after two years with the public relations department of Hardin - Simmons University in Abilene. Philpott received his bachelor's degree in journalism at the Abilene school.

He is a veteran of both the Korean conflict and World War II. For two and a half years he was employed by Shell Oil Company. He was born in Cisco and attended grade and high school here, graduating from Cisco High School.

Philpott and his wife, the former Patsy Morris of Cisco, plan to leave for their new home in El Paso early in September.

College Officials Attend Austin Meet

Carlos J. Turner, president, and Dulian Clegg, registrar, were in Austin Monday where they attended the annual meeting of the Texas Junior College Association.

The annual meeting, held just prior to the opening of the school year, was for the purpose of discussing problems of the schools for the coming term.

Registration at Cisco Junior College will begin Tuesday, September 7.

Community Choir To Sing About Dec. 1st

The Cisco Community Choir will sing Mendelssohn's "Elijah," an oratorio, about December 1 and rehearsals will begin during the latter part of September, according to an announcement by Director Jack Chambliss.

It will be necessary to begin rehearsals early due to the fact that the oratorio will be new to many choir members, Mr. Chambliss said. Any information concerning the coming program may be obtained by calling Mr. Chambliss at Cisco Junior College.

CHOIR TO PRACTICE

The choir of the First Methodist Church will resume weekly rehearsals at 7:30 p. m. Wednesday after the summer vacation, Director Jack Chambliss reported today.

FINAL HAND AT THE WHEEL

"PRINCIPALITIES AND POWERS HE DISARMED, AND OPENLY DISPLAYED THEM AS HIS TROPHIES, WHEN HE TRIUMPHED OVER THEM IN THE CROSS." — COL. 2:15 (MONTGOMERY TRS)

Famous Trichologist Will Demonstrate How To Grow Thicker Hair . . . And Guarantees It!

This new method of home treatment for saving and growing thicker hair will be demonstrated in Cisco, Texas, Thursday ONLY, Sept. 2, 1954.

These private demonstrations will be held at the Victor Hotel on Thursday ONLY, Sept. 2, 12 noon to 9 p. m.

Oklahoma City, Aug. 25. — In an interview here today, William Keele, internationally famous trichologist and director of the Keele Hair and Scalp Specialists, Inc., said: "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so-called cure-all could correct all the disorders," he explained.

"The Keele Firm, recognizing that most people are skeptical of claims that hair can be grown on balding heads, offer a guarantee," Keele said.

Once a person avails themselves of the Keele treatment his skepticism immediately disappears. To insure this, we offer this guarantee: "If you are not completely satisfied with your hair progress at the end of 30 days your money will be returned."

HOPELESS CASES DISCOURAGED First the Keele specialists are quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald is he in the lost category.

If there is fuzz, no matter how light, thin, or colorless, the Keele firm can perform wonders. Every one is given a complete private examination to determine the condition of his scalp, and cause for his hair trouble.

FREE EXAMINATIONS This examination is very thorough and highly technical, it requires 20 to 30 minutes. There is no charge for this examination and no appointment is necessary. After the examination he is told

the required length of treatment and how much it will cost. After starting treatment, he makes regular reports to the Keele firm in Oklahoma City, and a trichologist will return to check his progress periodically.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help the Keele firm is sending specialists to various cities throughout the United States to conduct examinations and start home treatment.

NO CURE-ALL "We have no cure-all for slick, shiny baldness," Keele emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle."

There is one thing Keele wants to be certain every man and woman knows. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention. HAIR FOR LIFETIME "If clients follow our directions during treatment and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Keele said. "Our firm is definitely behind this treatment, it all depends on the individual client's faithful observation of a few simple rules."

HOW'S YOUR HAIR?

If it worries you call Trichologist R. Rance Pierce at the Victor Hotel in Cisco, Texas, on Thursday ONLY, September 2, 12 noon to 9 p. m. The public is invited. You do not need an appointment. The examinations are private and you will not be embarrassed or obligated in any way.—Adv.

References: Financial First Nat'l Bank and Trust Co. of Oklahoma City Oklahoma. Note: Trichologist Pierce will be in Abilene at the Hotel Drake on Friday, Sept. 3.

AND NEWS OF INTEREST TO WOMEN

Margie June Poe Becomes Bride Of James Ralph Green In Rites Aug. 28

Margie June Poe, daughter of Mrs. J. C. Poe of Eastland, became the bride of James Green, son of Mr. and Mrs. Green of Cisco, in a double ceremony performed Saturday at seven o'clock in the First Baptist Church in Eastland.

Rev. F. C. Bradley, Jr., of the Eastland Baptist Church, performed the ceremony. The couple stood before an altar of greenery and a white triple arrangement of white gladiolus on an altar stand forming a backdrop. Tall candelabras stood above the background arrangement and candelabras holding white tapers were arranged on either side of the altar flanked by tall baskets of white flowers. The candles were lighted preceding the ceremony by Ann Booth of Merkel and Lon Wesley Young of Weatherford.

Mrs. D. L. Kinnaird, organist, played the wedding marches and accompanied Mrs. Grover Hallmark, soloist, who sang "If I Could Tell You," "Through The Years," and "The Lord's Prayer."

The bride, given in marriage by her father, wore a floor length gown of white tulle and lace fashioned with a fitted strapless bodice with a short lace jacket. The jacket was fashioned with long sleeves and buttoned over the bust revealing the becoming sweetheart neckline which was outlined with tulle ruffling. Her bouffant skirt was made of tulle, paneled with lace, and worn over bluish satin over hoops. Her shoulder length veil of illusion was caught to a cornet of beaded velvet. Her bridal bouquet was of orchids and valley lilies.

She carried out the tradition of something old, something new, and wore a borrowed sixpence in her shoe. She wore a string of pearls, a gift from the bridegroom.

Miss Patsy King of Cisco was maid of honor. Bridesmaids were Misses Patsy Gardenhire, Nell Green, sister of the groom, both of Cisco, Guyrene Robinson and Frances VanGeem, both of Eastland.

They wore identical gowns of cotton blue net over taffeta. The sleeveless bodice was fitted and had a low cut neckline. The full circular skirts were gathered to the waistline and held in place with matching velvet. Their headbands of braided velvet were attached to nose veils and they carried crescent bouquets of orchid tied with cotton blue bows with streamers.

Jimmy Bassett of Cisco was best man and Eldon Callerman, Cisco; Jack Scott, Bob Luckett, and Will Salmon, all of Midland, were ushers.

A reception was held following the ceremony at the Womens Club. The couple were assisted in receiving their guests by their parents and the wedding party. Miss Claudine Lasater presided

MRS. JAMES RALPH GREEN

at the guest book which was musical and played "Here Comes The Bride."

The bride's table was laid with a white organdy cloth over white satin. Garlands of Similax, caught up with gardenias, held the long folds which extended to the floor. The table was centered with a wedding bell outlined with ribbon and lace and was fashioned of orchids, gardenias, and valley lilies. The tiered wedding cake was served from a silver plate outlined with gardenias.

Members of the house party were Mesdames Dwain Jones and Stanley Sharpe, who served the cake and ladeled the punch, Elaine Brumbeau, Doug Moore, Edgar Altom, T. L. Cooper, Frank Beaty, Grover Hallmark, Henry Van Geem, Herman Rushing, and Howard Upchurch, Guy Robinson, Sam King, Van Gardenhire, Kenneth Garrett, and Bill Frost and Misses Gay Poe, Jane Huestis, and Bobby Reynolds.

For traveling the bride chose a champagne colored faille suit accented with brown velvet. She wore brown accessories and an orchid corsage.

The couple will make their home in Midland where Mr. Green is employed by Shell Oil Company and Mrs. Green will teach in the Midland schools.

Mrs. Green is a graduate of Eastland High School, Cisco Junior College, and received her degree from Hardin-Simmons University on August 21. Mr. Green is a graduate of Cisco High School and of Cisco Junior College.

Mrs. Green is the granddaughter of Mr. and Mrs. S. N. Poe of Cisco.

the persons selected by the City Commission and drawing a line through the names of the persons you do not wish to vote for; but do not vote for more than fifteen persons. Those selected by the City Commission to frame a new charter in the event a majority of the voters voting at said election vote in favor of choosing a Commission to frame a new charter, are as follows:

- () E. E. Addy Jr. _____
- () Jack Anderson _____
- () W. B. Cates _____
- () Joe Clements _____
- () R. E. Grantham _____
- () W. P. Guinn _____
- () C. E. Higginbotham _____
- () E. L. Jackson _____
- () Sam Kimmell _____
- () James P. McCracken _____
- () S. H. Nance _____
- () R. L. Ponsler _____
- () J. B. Pratt _____
- () A. G. Sander _____
- () W. B. Wright _____

(d) That should a majority of the qualified voters voting at said election vote in the affirmative on the question "Shall a Commission be chosen to frame a new charter?" then, after the Charter Commission has completed its work and submitted the new charter a second election shall be held at the date designated by the Commission chosen to frame the new charter in conformity with the laws governing such election, to determine whether the new charter shall be adopted.

(e) That notice of this election shall be given by publication of a copy of this ordinance signed by the Mayor and attested by the Secretary of the City of Cisco, Texas in each issue of some daily or weekly paper published in the City of Cisco, Texas, for not less than 20 days immediately preceding the date of such election; and the posting of a copy of said ordinance at the City Hall in Cisco and two other public places in said city for not less than 20 days preceding such election.

(f) That the fact the present charter of said City of Cisco is inadequate and the importance of the proposed ordinance creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read on more than one day and for the immediate taking effect of this ordinance such rules are hereby suspended and it is ordered that this ordinance shall take effect immediately upon its passage and approval.

After said motion was made and seconded the ordinance was read in full and thoroughly discussed by the City Commission. Therefore the Mayor called for a vote upon said motion and Morrison, Cluck, Britain and Hansen Commissioners and Sitton Mayor Protem voted for said motion and 0-0 voted against it. Thereupon the Mayor declared said motion and ordinance adopted.

Passed signed and adopted this the 24th day of August 1954.
/s/ J. W. Sitton
Mayor Protem

T H A N K S

Please accept this expression of my sincere appreciation for the support given my candidacy last Saturday at the polls. My election to the office of Sheriff of Eastland County is an honor that I shall endeavor to repay with good public service.

J. B. WILLIAMS
Sheriff-Elect of Eastland County

Mrs. Holder Given Dinner On Birthday

Mr. and Mrs. Kenneth York entertained in their home Sunday with a buffet dinner honoring Mrs. Calton Holder on her birthday.

The dining table was laid with a yellow lace cloth and held a centerpiece of pink gladiolus, a gift to the honoree from her husband. Following the dinner the honoree opened her gifts and the remainder of the afternoon was spent in visiting.

Those attending the affair were Mr. and Mrs. N. E. Grisham, Bob Ann, of Irving; Mrs. C. L. Gilmore, Joe Gilmore, Carlene Holder, Janice Holder, Steve and Ann York, Mr. and Mrs. Carlton Holder, and Mr. and Mrs. Kenneth York.

Legal Notice

AN ORDINANCE ORDERING AN ELECTION TO DETERMINE WHETHER A COMMISSION SHALL BE CHOSEN TO FRAME A NEW CHARTER, PROVIDING FOR THE ELECTION OF A COMMISSION TO FRAME SUCH CHARTER AND DECLARING AN EMERGENCY.

BE IT ORDAINED by the City Commission of the City of Cisco in Eastland County, Texas, as follows:

(a) That an election be held at the City Hall in the City of Cisco, on the 25th day of September, 1954, to be participated in by the qualified voters of said city, for the purpose of submitting to said qualified voters the question "Shall a Commission be chosen to frame a new charter?", and electing a Commission of fifteen persons to frame such charter, should the majority of the qualified voters voting on said question vote in the affirmative and appointing George Davis judge of said election with authority to appoint such assistants and clerks to assist in holding the same as he may deem necessary.

(b) That said election be held as provided for by the charter of the City of Cisco and the Constitution and laws of the State of Texas.

(c) That the ballot to be used in said election shall be substantially as hereinafter set out:

You may vote for the proposition "Shall a Commission be chosen to frame a new charter?" by writing an X in the box by the word "Yes," or you may vote against the proposition by writing an X in the box by the word "No," as follows:

"SHALL A COMMISSION BE CHOSEN TO FRAME A NEW CHARTER?"
() "Yes"
() "No"

Regardless of whether you have voted for or against the proposition: "Shall a Commission be chosen to frame a new charter?", vote for a Commission to frame such charter in the event a majority of the voters voting at such election vote in favor of choosing a Commission to frame this charter.

The fifteen persons whose names appear below were selected by the City Commission to serve as a Charter Commission. You may vote for those persons by writing an X in the box by their names or you may vote for other persons by writing their names on the lines opposite the names of

Dual Vaccination Urged For Dogs

A dual vaccination program has been recommended by the American Foundation for Animal Health as a defense against two of the most wide-spread dog diseases, distemper and infectious hepatitis.

Recent studies show that both may occur simultaneously in the dog, with only one being detected because of the similarity of symptoms. Dual infections produce a much higher mortality rate than cases where only one of the diseases is present, according to the Foundation.

Vaccination of pups at weaning age was also recommended to prevent encephalitis, or sleeping sickness, which has been reported with increasing frequency as a development of the distemper complex.

The Foundation warned against considering such immunization programs as providing permanent protection. Dogs leading a semi-secluded life need booster inoculations at regular intervals. Those in heavily populated areas with free access to streets usually experience constant exposure to virulent virus which may have the same effect as a booster.

Inoculating brood dogs a few weeks before breeding is good practice, said the Foundation. Immunizing antibodies are passed along in the milk to protect puppies during their critical early days.

Mrs. W. M. Hickey and Joe Tullos left Thursday morning for Bowie to attend the funeral of their brother, James M. Ford, who passed away suddenly due to a heart attack. Mr. Ford had spent several months in Cisco in 1952 recuperating from an illness. He had no immediate family.

THE TIME TO BEAT THE COLD IS WHEN IT'S HOT

Harking to advice on house heating at this time of year sounds like the height of midsummer madness, but cool consideration of the problem now can save real discomfort this winter.

However, summer is the best time of year to go shopping for new heating equipment. Among the reasons is that while you can replace your present heating system with dependable, economical gas equipment without any discomfort at this time of year, it's no fun at all after the first nip of frost!

The first step is to make an analysis. Any qualified heating dealer can determine the correct heating requirements for any home, or any area within the house.

The analysis will determine if the capacity of the heating equipment you are considering is proper for the size of the house. If it is too small, it could mean that you won't be able to maintain the proper indoor temperature on the really severe winter days.

And although moderate excess capacity is advisable, equipment which is larger than needed usually represents unnecessarily higher first cost and creates certain undesirable characteristics in the operation of the equipment.

Above all, you are not buying "heating equipment" so much as "winter comfort," so your prime concern should be with whether it will keep you warm enough, and not with size or a price that seemingly saves you money but may not give proper comfort.

Pedestrian Urged To Observe Signs In Obeying Laws

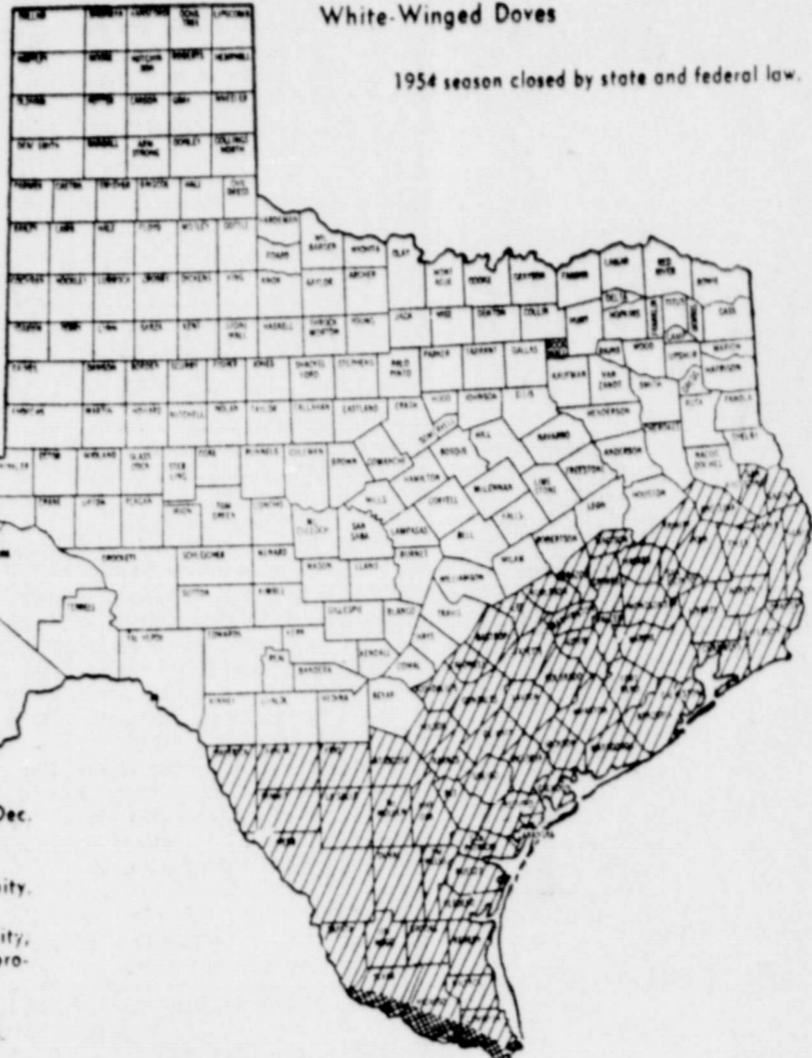

AUSTIN, Aug. 31.—"A pedestrian who disregards signs of life often is breaking the law," Col. E. B. Tilley of Houston, President of the Texas Safety Association, emphasized this point today in speaking in connection with the "Signs of Life" traffic safety program being conducted this month by the Texas Safety Association, the Texas Department of Public Safety, and the National Safety Council.

"Pedestrians killed in traffic," he said, "often have been crossing at intersections against the signal, crossing intersections diagonally, or crossing between intersections."

"All these actions are violations of the law," he pointed out, and usually are covered by signs of

Mountain Lions Raid Black Gap, Doe Deer Killed

AUSTIN, Aug. 31.—The Assistant Director of Wildlife Restoration for the Game and Fish Commission reported that mountain lions are cutting down some of the big game transplanted in the Black Gap Game Management Area in the Dead Horse Mountain country.

Returning from an inspection trip West of the Pecos, he said the big cats have been moving into the Brewster County refuge from nearby Mexico and the Big Bend National Park.

"There seems to be two main reasons for the invasion," the Assistant Director explained. "One is that the deer population in the nearby park seems to be thinning out. The other is that we have been stocking the Black Gap area and have been impounding water which is attractive to both our transplanted deer and antelope and certainly to the lions."

He said "it is the old story of having to take the bad with the good" and then added: "Wherever you have wildlife you have predators. We expected the raiders sooner or later, but frankly they seem to have shown up in surprisingly large numbers."

The Director quoted the Resident Manager of the Area — Fred Moore — as reporting that deer were the main targets of the lions. "The deer prefer the foothills and that is where the cats prowl around most," Moore observed. "The antelope prefer the open plains and are more or less out of range."

Moore has been trapping in an effort to curb the invaders. His last catch was a big female which had been denuded with two kittens. Moore said he believed the young ones either perished or left the area. This lion had killed at least three doe deer, two of them bearing fawn.

The Resident Manager said the grim counter attack routine recently was spiced by his black cocker spaniel, named "Skeeter Bill," which began acting like a lion dog.

That is the dog did until he foolishly leaped off an overhanging rock upon the head of the big cat that had one leg in a trap. Only thing that saved the pooch was that the lion, in swinging furiously at the pup, shook it loose from the ear to which it was clinging. Had the lion's paw struck home that would have been all for "Skeeter Bill."

Accidental Falls Take Many Lives In Nation Yearly

Accidental falls take about 21,000 lives each year in the United States, approximately as many as tuberculosis, it is reported by statisticians of an insurance company. As a cause of accidental death, falls rank second only to motor vehicles.

About two thirds of all fatal falls take place in and about the home. Only about 3 percent occur in workplaces, which is a substantially smaller proportion than 10 years ago, and undoubtedly reflects the success of industrial safety programs.

The death rate from accidental falls is higher among males than among females at ages under 75. Above that age the reverse is true. More than half of all the deaths from falls are concentrated at ages 75 and over.

Below age 15 falls from windows, porches, roofs, swings, trees and fences are the most common types. Diving accidents account for an appreciable part of the fatalities from falls among boys in the late teens. Falls on stairs account for nearly a fourth of the deaths in the 25-44 group, and close to one third in the 45-74 age range. Among older people, a considerable proportion of the fatal falls occur while they are merely walking about the house.

"The heavy loss of life from accidental falls can be reduced materially," the statisticians con-

cluded. "Safety education programs have the important task of calling attention to the environmental hazards and the human factor responsible for these fatalities and indicating how they may be overcome. Simple safety measures, such as having handrails on stairs, providing adequate illumination in and about the house, anchoring rugs, and keeping stairs clear, can prevent many falls."

JANET LYNN MATTHEWS
A daughter, Janet Lynn, was born to Mr. and Mrs. Lester Matthews of Urbana, Illinois, on August 2. The infant weighed four pounds and 13 ounces at birth. Mr. and Mrs. Matthews formerly lived in Cisco where Mr. Matthews taught in the Science Department at Cisco Junior College.

Fred David and Lonnie Gene Shockley of San Antonio are visiting in the home of their grandparents, Mr. and Mrs. F. E. Shockley.

Mr. and Mrs. N. E. Grisham, Bob and Ann, of Irving spent the weekend in Cisco with Mr. and Mrs. Carlton Holder and other relatives.
