By J. W. S.

THE LEGION Post of Cisco is currently enrolling members for 1955 and, to show their appreciation for the fact that the State Commander is a Ciscoan, they want to be the first Post in Texas to send its quota for next year. Mr. Joe Comingore of the Humble Pipe Line Company, who is the first vice commander of the local post, is directing the membership drive.

Veterans of World War I, World War II and the Korean fighting are eligible for membership in the American Legion. The dues amount to \$4 per year. The Legion is a national organization with a big program of work.

In Cisco, the Legion operates the Lake Cisco Park properties and is generally active in civic affairs. We don't hesitate to recommend membership in the Legion to veterans.

A NOTE FROM Lafayette, California, tells us that Mrs. A. J. Olson of Cisco was well and "my vacation is just about over, so I am writing to ask you to stop sending The Press here, but instead have it delivered to my home in Cisco, beginning September 5."

"I have enjoyed keeping up with my home town news, and I especially enjoyed the articles and letters favoring Shivers for Governor. Sincerely hope he wins."

Mrs. Olson must have written the letter before last Saturday's second primary voting.

SPEAKING OF voting, Miss Scrippy Cluck got her first (free) vote last Saturday and her dad couldn't seem to convince her that he was supposed to tell her how to vote. . . Miss Neota Moad, who was named Miss Cisco in the bathing beauty show here July 4th, goes back to TCU for her sophomore year soon. She'll be one of three twirlers with the Horned Frog band again this year. . . Richard Moore, who has been working this summer at the First National Bank, returns to the UofT soon to resume his studies. Says he likes the banking business.

FIVE OF THE prettiest bass we ever saw were brought in early today from out Lake Cisco way by Mr. Roy Camfield and Mr. Bill Bennie. . . Mr. Camfield plans to go to San Angelo tomorrow to attend funeral services for an uncle. . . Mrs. G. W. Wilcox says they have two Border Collie puppies and one yellow kitten that need homes. If you are interested give her a call. . . Mr. Jimmie Lee and Miss Marie Winston were two more Ciscoans who observed birthdays this week. Both of them observe Sept. 1 as their birthday. . . Mr. and Mrs. Price Hooks are to observe a wedding anniversary on Sept. 4.

DEAR EDITOR: As we started on our vacation last August 19, we had car trouble two miles east of Cisco. It was about 7 a. m. when the motor died. Within a few minutes, a man stopped, diagnosed the trouble and drove on to town for a new fuel pump. While he was gone, three other cars stopped to offer aid.

We want to sincerely thank those thoughtful people and to commend Cisco for being a hospitable, friendly city.

Sincerely Yours, Mrs. T. L. Campbell, 4528 Harwen Terrace, Fort Worth 15, Texas.

OUR FORT WORTH architect friend, Mr. Charles T. Freelove, and his two young sons drove out yesterday and we went dove hunting with him. It was their second annual trip and it was our second annual dove hunt via air-conditioned Cadillac.

Went out to the Scranton area. Our Fort Worth friends went home with their limit of doves and highly pleased with the hunt. The boys — Charles, Jr., and John — are 11 and 13 years old and you can well imagine the thrill they got. They're good hunters and both had their limit by the time their dad got his 10th dove.

Heard quite a few dove shooters, and reports indicate that the supply of birds is plentiful. The doves our party got were big and fat — evidence that the dry weather hasn't cut this crop.

## JUNIOR HIGH MIDGETS BEGIN FOOTBALL TRAINING FOR YEAR

The Cisco Junior High School Midgets began drills for the 1954 football season Monday in preparation for the opening game on September 14 in Rising Star.

Coaches Zellers and Tate issued suits to 48 prospective candidates and have begun teaching fundamentals and strategy. The team spent last week in running exercises in preparation for the opening of drills Monday.

The Midgets are entered in the Junior Oilbelt Conference composed of Cisco, Eastland, Comanche, Breckenridge, Dublin, De Leon and Gorman.

Conference rules limit the juniors to eight games, six conference and two non conference.

The 1954 schedule is as follows: September 14, at Rising Star; September 21, Comanche at Cisco; September 28, at Dublin; October 5, open; October 12, Breckenridge at Cisco; October 19, at De Leon; October 26, open; November 2, at Eastland and November 9, Gorman at Cisco. Coach Zellers is attempting to fill one of the open dates with an area team, probably Albany.

All Midget games will be played on Tuesday nights, Zellers said.

Candidates for the 1954 team are as follows: Backs — Johnny

Choate, Bob Dolgener, Charles Lipsey, Benton Porter, Ronnie Bostick, Robert Bostick, Wayne Brown, Rudy Archer, Delbert Schaefer, Tony Johnson, Jim Dolgener, Lynn Hagan, Jerry Massingill, Butch Wilcox, Eddie Cox, David Ingram, Rex Miller, Joe Walton, Duane Hale, and Bill Swindle; Ends — Phillip Surles, Billy Hammer, Thomas Busby, Jerry Smith, Freddy Howell, Ted Evans, Bobby Ingram, Lee Edwards, Dennis Lanham, Robert Shirley, Richard Brown, George Leopold and Allen Posey.

Tackles — Joe Tom Johnson, Frank Farnsworth, Tim Huffaker, Ronnie Prickett, Gerald Darr, Freddy White; Guards — Johnny Richardson, John Adams, Jerry Slaughter, Robert Callaway, Ray Hill, Terry Ford, Charles Askins and Bill Webb and Center Dickie Bennie.

Bennie, Choate, Bob Dolgener, Richardson, Adams and Lipsey are the six returning lettermen.

Best new prospects for the team are Ronnie and Robert Bostick, Benton Porter, Wayne Brown, Joe Tom Johnson, Frank Farnsworth, Delbert Schaefer, Gerald Darr and others. The Bostick twins are transfers from the Scranton school and are playing their first year of ball.

## 43 Wranglers Turn Out For Opening Day Of Grid Work

A rough scrimmage session Wednesday afternoon concluded the first day of football drills for the Cisco Junior College Wranglers as they began work for the 1954 season.

Coaches Red Lewis and Joe Stephenson had 43 candidates at the morning and afternoon sessions Wednesday, and they were expecting additional boys to report by the week end. The 43 candidates bring with them a lot of experience and weight.

The 43 prospects earned a total of 108 letters while in high school for an average of two and a half years playing experience per player. The 43 candidates total 7,633 pounds for an average weight of 178 pounds per man. There is one all state player on the team and one who received honorable mention on the all state team. There are 19 all district players and four who made honorable mention on their district teams.

The players come from 25 schools and two states, scattered from North Carolina to Texas and from Galveston on the coast to Idalou on the plains. The squad is made up of 19 backs and 24 linemen.

The squad members, their position, weight, home town, years lettered and honors are as follows:

Gene Burke, guard, 175, Fort Worth, two letters, all Texas Junior College team; Wayne Adams, tackle, 225, Fort Worth, two letters, two years all district; Phil Perry, tackle, 215, Irving, three letters; Don Blackburn, fullback, 175, Wylie, three letters, second team all district; Carl Metkar, guard, 175, Irving, one letter; Billy Joe Hawk, halfback, 155, Clyde, four letters, second team all district; Bud Miller, end, 190, Joshua, two letters, all district two years and second team All Texas Junior College last year.

Bob Lay, halfback, 155, Joshua, one letter; Burton Owen, end, 160, Waco Tech, one letter; Howard Spivey, halfback, 170 Waco Tech; George Gilgo, end, 170, Pamlco County, North Carolina, three letters, all state team in North Carolina; Edwin Allen, halfback, 170, Meridian, four letters; Fredrick Honkelman, end, 170, Clifton, three letters, second all district team; Truman Commons, guard, 175, Whitharral, all district three years, four letters; C. A. Wheat, tackle, 205, Irving, three letters; James Humphries, guard, 185, Clifton, one letter, second all district team; Morris Outlaw, center, 170, Clifton, three letters; Jackie Allen, fullback, 190, Meridian, four letters; Billy Joe Walker, halfback, 150, Alvarado, three letters, all district.

Alton Thomason, Halfback, 172, Smyer, three letters, all district; Norman Parkey, halfback, 146, Birdville, one letter, second all district team; Kent Mundell, tackle, 230, Killeen, two letters, honorable mention all district; Charles Roden, end, 180, Alvarado, three letters; Manuel Shipman, halfback, 165, Clyde, one letter; Severo Vaquera, quarterback, 150, Hillsboro, one letter, Turn To Page Three

DE LEON — The De Leon Bearcats open their 1954 football season here Friday night when they meet the Gorman Panthers at 8 o'clock.

Last year De Leon edged out Gorman in a 7 to 6 score.

### MORAN SCHOOLS WILL OPEN FOR 1954-55 TERM ON SEPTEMBER 6

Registration for the Moran School term of 1954-55 will be September 6, at 9:00 a. m., Regular class schedule will be September 7.

The school faculty for the school year are: Mrs. Fred Banks, Mrs. Myrtle Woodley, Miss Lola Baughman, Miss Juanita Hagar, Mrs. George Stephens, Mrs. L. B. Pippen, L. B. Pippen, elementary school principal; Mrs. Lillian Battle, E. E. Lackland, high school principal, Mrs. Arvella Burroughs, Kenneth Noles, M. L. Daniels, band director; and R. L. Brandt, Superintendent.

### Rising Star Man Is Appointed To FHA Committee

Oral E. Davis of Rising Star is the newly appointed member of the Eastland County Farmers Home Administration committee, George I. Lane, the agency's county supervisor, announced this week. The appointment became effective August 27. Mr. Davis operates a general farm.

The other two members of the committee are Leslie H. Hagan, manager of Ranger and Ewing Baker Jr., of Eastland.

Each member is named for a three year term, and one appointment expires each year. No member completing a three year term can succeed himself.

Every agricultural county in the country has such a committee to help the Farmers Home Administration county supervisor adapt the agency's loan policies to local conditions, including farm credit needs.

During the past year, the county committee for Eastland county has approved 171 loans out of a total of 258 of applications received. Mr. Lane reported.

The Farmers Home Administration makes loans to family-type farm operators to buy, improve or operate efficient farms, or to construct or repair farm water facilities needed for profitable operation. Special livestock loans are made where temporary credit is needed to enable the operator to remain in operation. The agency also makes emergency loans in counties or states that have been designated by the Secretary of Agriculture as areas where emergency credit is needed.

However, the agency does not make loans of any type to any applicant whose needs can be handled by other credit sources.

Before any money can be borrowed through the agency, an applicant must have the approval of the county committee. In the case of a farm ownership loan, the farm to be purchased, enlarged, or improved must also be approved by the committee, the county supervisor explained.

Mr. and Mrs. Lynn Scott and son, Bob, of Las Vegas, N. Mex. spent their vacation with their parents, Mr. and Mrs. Roe Scott.

Rose Ann Labella of Ft. Worth spent the week with her grandmother, Mrs. Effie Rountree.

Mr. and Mrs. Edgar Bartee, and sons, Larry and Garry, of Glen Cove, spent the week-end with their parents, Mr. and Mrs. Bud Brooks and Mr. and Mrs. Buck Bartee.

Mr. and Mrs. Billy Allen of Lubbock are the proud parents of a foster baby daughter, Kelly Dru. Mrs. W. C. Allen will visit in the home this week and get acquainted with the new granddaughter.

The Moran Luncheon Club was hosted this week, Sept. 1, by Mrs. J. M. Townsend and her group of ladies. They served a fried Chicken dinner with ice cream for dessert.

Everyone looks forward each Wednesday when the Luncheon Club is served. The food, program, business, and fellowship is enjoyed very much.

Next week, Sept. 8, the Deep Creek ladies will serve a fried chicken dinner. Mrs. B. L. Chaney and Mrs. Wylie Williams will be co-hostesses.

Mrs. C. W. McCollum spent the week-end in Strawn visiting her daughter, Mrs. Bruce Willis and family.

Visitors in the L. L. Walker home last Saturday were Mr. and Mrs. Chester May and sons, Warren and Jimmy, from Bay-side, New York. The Walkers spent some time with the Mays while in New York this past summer. The Mays were en route to Riverside, California, where he will be business manager of a new branch of Motorola.

### CHS STUDENTS NOTICE CHANGES AS THEY RETURN FOR CLASSES

By PAT MAYER

Once again the doors of CHS have opened and once again students are entering with that "I wish I didn't have to go back" look on their faces. There are 306 students enrolled this year, which is a considerable increase over last year. Everything is going pretty smoothly, at least as well as can be expected for the first week.

Even the Freshmen are beginning to learn which class is which without asking an upper classman. We have quite a few new students and teachers this year. There are so many, in fact, that it would be impossible to name them all, but we would like to welcome each and every one and say we are very glad to have them and we certainly do hope they will enjoy our school.

**The Band**

The Cisco Lobo Band has been working unceasingly but not unfruitfully for the past two weeks, and it seems that their work is being rewarded. Two weeks ago they were a group that was completely out of step, out of line, and out of tune. Today, however, after two weeks of hard marching and playing, they are one of the sharpest bands we've seen in a long time. We will all be very proud of the band when it makes its first appearance at the Cisco and Eastland football game on September 10.

**What's Buzzin' At CHS**

Looks as if all the boys have gone wild over the new shirts. Nearly every boy in school has a pink and black shirt. Nearly every boy but Frank Dittmore, that is. He chose instead a shirt of red and black. They are all quite pretty. . . Hear Jim Branton is to be impeached from his job as vice-president of the Student Council because he won't put air-conditioners in every room. . . The first year typing classes are struggling to learn the art of typing. The biggest majority of them have just about mastered the home keys. Keep up the good work. . . President Arzell Hale, who is the sophomore girl who seems to be so attractive. . . All the Homecoming girls are busy cleaning up the Homecoming lab. . . Overheard that a certain Sophomore boy has a locker full of "goodies". . .

**Improvements**

There are several improvements which have been made in Cisco High School this year. One of these is that the study hall now has tables and a magazine rack. This should make working conditions a little better.

A second improvement that has been made is the rearrangement of Mr. Overall's office. It will be a change of surroundings for those who spent several nerve racking moments in there last year and will probably be visiting again once or twice this year.

The last improvement that we are going to mention is the decoration of the hall and auditorium with black and gold crepe paper.

### Swimming Pool Is Closed For Year

The 1954 swimming season closed today in Cisco as the big Lake Cisco Pool was drained. Manager W. P. Knight said the water was low and needed changing and that the season was so near over they decided to drain the pool.

Mr. Knight described the season as successful. The Lake Cisco skating rink and other park concessions will continue operating, Mr. Knight said.

### One Well Begins Completion Work

An extension for the Bankline oil pool was in prospect today as the Mogul Drilling Company began completion work on a Lake Sand test — their No. 4 Smith — in the area some six miles north-east of Cisco.

A 25-foot section of Lake sand was topped at 3,290 feet. The test was carried 50 feet into the Ellenberger lime. Although several other oil shows were logged, the operators believed that the Lake sand offered the best possibilities.

The Mogul company is headed by Jack Hailey of Cisco. The test is a quarter mile from Bankline pool production on the Mize lease.

Gilchrist Drilling Company of Abilene has spotted a Bankline project — their No. 1 Aubrey Easter, five miles northeast of Cisco. Location is 1,598 feet from the south and 2,310 feet from the west lines of Section 47, Block 4, H&TC Survey. Permit calls for 3,800 feet with rotary equipment.

A northwest extension effort for the Bankline pool is the object of another test — the G. E. Penn, Longview, No. 1 S. G. Hart. The well is due to go 3,500 feet to test the Lake sand. Location is 330 feet from the south and 2,089 feet from the east lines of Section 66, Block 4, H&TC Survey.

Two area shallow tests have been announced. One is the West-McClung et al No. 1 O. P. Weiser, four miles south of Cisco. They will drill to 1,280 feet with rotary equipment. Location was given as 150 feet from the north and 660 feet from the east lines of a 160-acre lease in Section 64, Block 3, H&TC Survey.

Haas and Wilson of Dallas have spotted their No. 2 W. B. Wright as a 1,500 foot test 601 feet from the south and 1,462 feet from the east lines of Section 28, Block 4, H&TC Survey. The well is some seven miles southeast of Cisco. Haas and Wilson recently drilled a shallow well there and it was completed on pump as a small producer.

### Rev. Seymour Is Directing Youth Camp This Week

GLEN ROSE, Sept. 2. — Rev. Leslie Seymour, Cisco Methodist district superintendent, is at Glen Rose Lake Methodist Encampment here this week where he is directing the annual Central Texas Conference Older Youth Camp. Forty-eight persons from 24 churches are registered at the camp which began Monday, Aug. 30, and will continue through Saturday, Sept. 4.

John Lightfoot, a resident of Cisco now serving in the medical corps at Fort Sill, Okla., is attending the camp and is in charge of the first aid station. John and Leland Davis are representing First Church, Cisco, at the camp. Don and Dan Jobe are the Scranton church representatives.

Program features of the camp include platform speakers and panel discussions. Topics being considered during the week are world peace, race relations, Christian home and family and faith in God.

Speakers include Rev. Richard Smith of Riddlelea church, Fort Worth; Rev. Bob Young of Richmond Hills church, Fort Worth; Dr. Howard Grimes of Southern Methodist University, Dallas; and Rev. Wilson Canafax of Fort Worth, associate pastor at Polytechnic church. Mrs. Howard Grimes is assisting the speakers in the panel discussions.

### Sister Of Ciscoans Is Buried In Dallas

Funeral services for Mrs. A. E. Smith of Dallas, sister of Mrs. B. J. Osborn and F. O. Hilburn of Cisco, were held at 3 p. m. Wednesday in Dallas. Mrs. Smith died suddenly Monday.

Both Mrs. Osborn and Mr. Hilburn and Mr. and Mrs. Shy Osborn of Cisco attended the rites. Mrs. Osborn will remain in Dallas for an indefinite stay.

State Capital NEWS

By VERN SANFORD  
 Texas Press Association  
 AUSTIN—Texas voters, in record-shattering numbers, went to the polls Saturday and re-elected Governor Allan Shivers for an unprecedented third term.  
 Shivers claimed more than 53 per cent of the votes, which totaled higher than 1,460,000.  
 "I want to continue to be the governor of all Texans. I do not only want but I need the cooperation of every Texan who is interested in the future of Texas. We must go forward together and continue the fight for the rights of all the people of our great state."  
 "This is a great victory, not only for Allan Shivers, but for Texas. My family and I stand tonight with deepest humility and hearts overflowing with gratitude. This gives us a renewed determination for the future."  
 "I hope that all Texans will join me in a prayer tomorrow for the welfare of our great state and its wonderful people."  
 In his statement conceding the race to Shivers, Ralph Yarborough commented:  
 "We fought a hard, clean fight and we lost."  
**For Conservatives**  
 Shivers' re-election was a triumph for the conservative Democrats as opposed to the liberal-loyalist faction.  
 Apparently the Shivers group will be in control of the state Democratic party convention, to be held in Mineral Wells September 14.  
 Essentially, although there were many issues, the campaign was a continuation of the long-running fight between the conservatives and the liberals.  
 Liberals vowed to defeat Shivers for his support of President Eisenhower as opposed to Adlai Stevenson.  
**Brewster Re-elected**  
 Associate Justice Few Brewster was returned to the Texas Supreme Court as the result of his run-off race with Alfred M. Scott of Austin.  
 Brewster's vote total was about twice that of Scott's.  
**Drought Aid**  
 Thirty-three additional Texas counties have been named by Agriculture Secretary Ezra Taft Benson as eligible for federal-state cooperative drought aid.  
 Naming of the additional number, bringing the eligibility list now to 75, came shortly after state and federal officials announced that "rough spots" in the aid program had been ironed out in a series of conferences.  
 Counties included in the second eligibility list were okayed after a request by Texas Governor Allan Shivers that they be added.  
 Officials said that regulations of the program would now be enforced in the manner of last year's aid plan with eligibility of farmers not requiring a controversial "pauper's oath or financial statement."  
**Schools**  
 Texas schools will open to face last year's problem — a shortage of teachers and school rooms.  
 Research Director E. L. Galyean of the Texas State Teachers Association said that although the state stands 47th in the number of teachers with degrees, "there is an acute shortage of elementary school teachers."  
 Increases of teachers and classrooms have not been able to keep pace with a rapidly rising state enrollment figure, he said.  
**Farmers**  
 Central Texas farmers this week completed the election of new committeemen to the Agricultural Stabilization and Conservation Committee for Texas.  
 The Committee administrators much of federal programs for farmers. New community elections were part of a revision of ASC community personnel as drawn up by the U. S. Agriculture Department.  
**Draft Call**  
 Texas' draft quota for October will be 1,122, State Selective Service Director Brigadier General Paul L. Wakefield has announced.  
 The induction total is the state share of a national 23,000 draft call for the month.  
 In addition, 2,630 Texans will take first draft steps of physical and mental exams during October.  
**Fliers Back**  
 Bergstrom "Air Force Base's 12th Strategic Fighter Wing, over 1,000 men strong, has returned to the Austin base after a 90-day rotational training period in Japan.  
 One of the two fighter wings stationed at the base, the 12th is commanded by Colonel Howard G. Cook.  
**Tidelands**  
 Texas will lease additional tracts of its oil-rich tidelands September 7. Current oil-drilling activity is centered on four locations.  
 The lease sale will include three tracts totaling 1,440,000 acres between the three and ten-mile lines.  
 Besides present drilling, two other preparations for drilling are now under way.  
**Oil Increase**  
 An increase of 62,415 barrels of oil per day in September from Texas fields has been ordered by the Railroad Commission.  
 The increase, putting at least a temporary halt to state sagging production totals, will mean a permissive flow of 2,787,456 barrels per day.  
 A 15-day producing schedule makes possible the production jump. Daily figures will rise because there is one less day in September than in August.

# This Labor Day let's give death a holiday

The long Labor Day holiday is one of the most enjoyed in the United States. For too many families, it is also one of the most tragic.

Last year, 27 people lost their lives in Texas traffic accidents over the Labor Day weekend; hundreds more were injured, and property damage from traffic accidents was over \$1 1/2 million.

That is an appalling statement.

And the only people who can do anything about it are you and every other Texan who drives a car.

**SAFE DRIVING SAVES LIVES**  
 Efforts of safety organizations to make automobile driving safer are paying rich dividends in lives saved. This chart tells the story:

Year	Deaths per 100 million vehicle miles
1937	14.6
1944	9.8
1948	8.3
1952	7.0
1953	6.4

Here's what you can do:

1. Drive a safe car: good brakes, good lights, good mechanical condition.
2. Observe the speed limit.
3. Heed traffic signs.
4. Don't pass on hills.
5. Stay to the right.
6. Follow other cars at a safe distance.
7. Look well before backing, and before entering or crossing intersections.
8. Give proper hand signals.
9. Rest when you become tired.

Plan a safe Labor Day weekend for you and your family—please drive carefully.

## East Baptist WMU Has Meeting Monday

The W. M. U. of the East Cisco Baptist Church met Monday at the church for an all day meeting and for mission study with Mrs. J. E. Shirley in charge. The group joined in singing "There Is A Fountain," with Mrs. J. O. Warren leading and Mrs.

Lois Hoider at the piano. Mrs. Payne led in opening prayer and Mrs. W. L. Lewis taught a part of the study book, "Witnessing for Christ."

A covered dish luncheon was served at noon. The study was continued following the lunch and the meeting dismissed with prayer.

Those attending were Mesdames N. J. Tarver, Lizzie Williams, J. O. Warren, Maud Lisenbee, B. F. Thomas, H. K. Neely, Ollie Hughes, Carlton Holder, J. E. Shirley, W. L. Lewis, and Mrs. Payne.

Mrs. R. W. Ketelsen and daughter, Kay, of Houston were expected today for a few days visit with her mother, Mrs. George D. Fee.

## Auto Inspection Period Dates Set By State Agency

AUSTIN, Sept. 2.—Homer Garrison, Jr., Director of the Texas Department of Public Safety Commission has officially set the dates for the new inspection period for autos under the provision of the State's Motor Vehicle Inspection Act.

Texas motorists must secure the annual inspection of their cars between September 15th, 1954, and April 15th, 1955, according to the Commission Order.

At the same time George Busby, Chief of the DPS Motor Vehicle Inspection Division, said that the inspectors from his office have filed 106 cases against car owners who failed to have their cars checked during the current inspection period. These, he said, are in addition to those cases filed by members of the Texas Highway Patrol and by various local police departments throughout the State.

Unable to give an estimation of the actual number of violations for which arrests have been made during the 1953-54 period, Busby said that he "believed the figure to be comparatively low" due to the fact that frequent spot checks indicate that Texans have conformed with the law "almost 100 percent."

Pvt. and Mrs. Bobby Travis of El Paso are expected for a week end visit with his parents, Mr. and Mrs. Melvin Travis.

## Nagging Backache Sleepless Nights

Often Due to Kidney Slow-down

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

### Vets Questions And Answers

Q — My National Service Life Insurance has been lapsed for more than three months and I understand I must take a physical examination in order to reinstate it. Will VA give me the examination?

A — Yes. You may receive your physical examination, at no cost, from a VA regional office or hospital clinic.

Q — I intend to go to school

under the Korean GI Bill. I would like to get a part-time job to supplement my GI allowance. Is there any limit on how much money I would be permitted to earn?

A — No. There is no limit on the outside earning of veterans in school under the Korean GI Bill. No matter what you earn, your GI monthly allowances will remain the same.

Q — I am enrolling in college this fall under the Korean GI Bill. When can I expect my first GI allowance check?

A — You will receive your first check about two months after you enroll. Under the law, payments are made after the end of each month of training so that accounts for one month. Then, you and your school must sign a certification that you've been in training all month. VA pays its allowance within 20 days after it receives this certification; so that accounts for almost another month.

Q — Could I receive VA outpatient treatment for a nonservice-connected disability?

A — No. Under law, outpatient care may be received only for the treatment of service-connected disabilities.

AN ORDINANCE ORDERING AN ELECTION TO DETERMINE WHETHER A COMMISSION SHALL BE CHOSEN TO FRAME A NEW CHARTER, PROVIDING FOR THE ELECTION OF A COMMISSION TO FRAME SUCH CHARTER AND DECLARING AN EMERGENCY.

BE IT ORDAINED by the City Commission of the City of Cisco in Eastland County, Texas, as follows:

(a) That an election be held at the City Hall in the City of Cisco, on the 25th day of September, 1954, to be participated in by the qualified voters of said city, for the purpose of submitting to said qualified voters the question "Shall a Commission be chosen to frame a new charter?", and electing a Commission of fifteen persons to frame such charter, should the majority of the qualified voters voting on said question vote in the affirmative and appointing George Davis, judge of said election with authority to appoint such assistants and clerks to assist in holding the same as he may deem necessary.

(b) That said election be held as provided for by the charter of the City of Cisco and the Constitution and laws of the State of Texas.

(c) That the ballot to be used in said election shall be substantially as hereinafter set out:

You may vote for the proposition "Shall a Commission be chosen to frame a new charter?" by writing an X in the box by the word "Yes," or you may vote against the proposition by writing an X in the box by the word "No" as follows:

"SHALL A COMMISSION BE CHOSEN TO FRAME A NEW CHARTER?"  
( ) "Yes"  
( ) "No"

Regardless of whether you have voted for or against the proposition: "Shall a Commission be chosen to frame a new charter?", vote for a Commission to frame such charter in the event a majority of the voters voting at such election vote in favor of choosing a Commission to frame this charter.

The fifteen persons whose names appear below were selected by the City Commission to serve as a Charter Commission. You may vote for those persons by writing an X in the box by their names or you may vote for other persons by writing their names on the lines opposite the names of the persons selected by the City Commission and drawing a line through the names of the persons you do not wish to vote for; but do not vote for more than fifteen persons. Those selected by the City Commission to frame a new charter in the event a majority of the voters voting at said election vote in favor of choosing a Commission to frame a new charter, are as follows:

( ) E. E. Addy Jr.  
( ) Jack Anderson  
( ) W. B. Cates  
( ) Joe Clements  
( ) R. E. Grantham  
( ) W. P. Guinn  
( ) C. E. Higginbotham  
( ) E. L. Jackson  
( ) Sam Kimmell  
( ) James P. McCracken  
( ) S. H. Nance  
( ) R. L. Ponsler  
( ) J. B. Pratt  
( ) A. G. Sander  
( ) W. B. Wright

(d) That should a majority of the qualified voters voting at said election vote in the affirmative on the question "Shall a Commission be chosen to frame a new charter?" then, after the Charter Commission has completed its work and submitted the new charter a

second election shall be held at the date designated by the Commission chosen to frame the new charter in conformity with the laws governing such election, to determine whether the new charter shall be adopted.

(e) That notice of this election shall be given by publication of a copy of this ordinance signed by the Mayor and attested by the Secretary of the City of Cisco, Texas in each issue of some daily or weekly paper published in the City of Cisco, Texas, for not less than 20 days immediately preceding the date of such election; and the posting of a copy of said ordinance at the City Hall in Cisco and two other public places in said city for not less than 20 days preceding such election.

(f) That the fact the present charter of said City of Cisco is inadequate and the importance of the proposed ordinance creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read on more than one day and for the immediate taking effect of this ordinance such rules are hereby suspended and it is ordered that this ordinance shall take effect immediately upon its passage and approval.

After said motion was made and seconded the ordinance was read in full and thoroughly discussed by the City Commission. Therefore the Mayor called for a vote upon said motion and Morrison, Cluck, Britain and Hansen Commissioners and Sitton Mayor Protem voted for said motion and -0- voted against it. Thereupon the Mayor declared said motion and ordinance adopted.

Passed signed and adopted this the 24th day of August 1954.

*Many Happy Returns Of The Day!*

*This is the best anniversary our U. S. Savings Bonds ever had*

BORN in days of trouble, in May 1941, and out of our faith in America, Savings Bonds have become today the greatest nation-wide savings program in history. They did their vital share for defense and for victory and for stabilizing our economy. But they have done another great thing for us.

They have been buying for us, as individuals, things we need for our own security, happiness, and betterment.

- On the roads, new cars bought by Bonds
- On the hills and in the valleys of America, new homes
- On the farms, new equipment for better crops
- In colleges, sons and daughters getting extra education
- And all over America, new independent businessmen, thanks to the start given by Bonds

Today, we still own more U. S. Savings Bonds than ever before—thirty-seven billion dollars worth!

Last year we bought 22% more Bonds than the year before, setting a seven-year sales record! At year's end, three-fourths of all matured B Bonds were still being held at interest by their original owners.

So, this is truly a happy anniversary for America's happiest habit—the Bond-buying habit.

**Let Bonds work for you, too—try the easy Payroll Savings Plan**

You may save any sum you wish—a couple of dollars a payday or as much as you can spare. You never miss the money because it's saved for you—before you even get your check. And when enough has accumulated, it's automatically invested in a U. S. Series E Savings Bond, in your name, and the Bond is turned over to you. Then your savings really go to work—earning you an average 3% interest, compounded semi-annually, when the Bonds are held to maturity! Join the Payroll Savings Plan today!

Misunderstanding of simple driving rules by numerous motorists is one factor which places Texas right at the top in number of traffic deaths. Possibly the most mystifying of all traffic rules to the average driver are those relating to "Right of Way" at an intersection.

In trying to understand the laws regulating intersecting traffic, it is best to start off with the premise that all streets are of equal dignity, legally speaking. Traffic signs and signals may vary this rule somewhat, but when in doubt it is safest to assume that all drivers crossing your path have a claim to the right of way equal to your own.

Obviously, however, in many cases one driver or the other will be legally entitled to the right of way. When it becomes necessary to determine right of way in a particular situation, the driver who reaches the intersection first, or who is going to get there first, is ordinarily favored.

But when two automobiles are an equal distance from the intersection, that one approaching from the other driver's right normally has the right of way.

Some intersections are known as "courtesy corners," having a stop sign or a flashing red signal facing each direction of approach. The first driver reaching the corner and coming to a complete stop will normally have the right of way over other vehicles not already in the intersection. However, don't depend too much on the other fellow's courtesy, and be sure to keep a "proper look-out" and your car under "proper control," as explained in a preceding column.

At intersections involving one through street and another street having a stop sign, a driver approaching the stop sign and coming to a full stop is ordinarily said to have the right of way over vehicles approaching on the through streets but not already in the intersection.

However, this last rule must be qualified by saying that you should not proceed, cross or turn onto the through street until you can do so without interfering with oncoming traffic. In other words, if an approaching car will arrive within the intersection before you are completely clear, wait just a little longer. The same rules apply to entering a highway from a side road containing a stop sign.

Many drivers violate the rules of right of way covering left-hand turns at intersections. When turning left, you should always be on the inside (or center) lane, displaying the proper hand signal. You must allow all cars coming from the opposite direction, already in the intersection, to pass through before completing your turn. Even when the intersection is cleared, do not proceed unless other oncoming traffic is far enough away to be able to see your signal and slow down to allow you to turn with safety to all concerned.

Stay in the inside lane until your left-hand is entirely completed, and only then move gradually over to the right-hand lane if you wish. When turning right, stay in the right-hand lane at all times. Do not swing wide into the center lane, as to do so is unnecessary, unlawful and dangerous.

Many detailed rules and suggestions for safe driving are included in the official "Texas Driving Handbook" which is available to any person requesting same from the Texas Department of Public Safety, Drivers License Division, Austin, Texas.

Joe Harris entered the Ranger General Hospital Wednesday for treatment.

### Fall Harvest Is Underway In Most Areas Of State

Cotton, sorghum, corn, peanut and rice harvest moved along over much of the state in generally hot, open weather, with only slight interruption from light, widely scattered showers during the past week. Heavy showers were received, however, along the coast and in most Panhandle and trans-Pecos counties.

showers delayed planting of the 1955 wheat crop, but destroying of remaining volunteer acreage and drilling will be pushed as soon as farmers in that area can get back into the fields. Germination and good early growth of wheat are assured in that area. In a few central counties where feed is critically short, some oats for pasture was "dusted in," but most farmers in that area will not risk seed until moisture is available.

Cotton harvest neared completion in the lower valley and coastal bend and passed the three-quarter mark in other south Texas counties and along the upper

coast. Harvest of the east Texas crop was active with yields light. Throughout southern and central blacklands, harvest was under way in open weather and was expected to be in full swing in extreme north Texas counties within a week. Recent rains checked deterioration of dryland acreage in favored localities of the northern high plains and in the most northern low rolling plains counties.

Much dryland acreage in the northwest, however, continued to show effects of prolonged dry weather. Time is running out for additional rains to improve yield prospects except for checking premature opening of bolls. Some irrigated areas in the plains report an increased buildup of insects and spraying was stepped up. Yield prospects from irrigated acreage in that part of the state and the trans-Pecos remain very good.

Grain sorghums in most of the northern high plains showed further improvement except for scattered areas receiving little or no rain. Harvest continued in southern high plains and low rolling plains counties with generally light yields from dryland acreage. Some early sorghum planting in the low rolling plains was being salvaged for roughage. The lower valley fall crop is

### Dr. Graham Is Back On Job At Hospital

Dr. and Mrs. E. L. Graham returned to Cisco Tuesday night after an extended stay in Dallas and Galveston where Dr. Graham was recuperating from a serious illness.

He immediately went to work as head of the staff at Graham Hospital.

### BRIEFLY

Mrs. Van Gardenhire accompanied her daughter, Patsy, to Seminole today where she has accepted a teaching position.

Mr. and Mrs. W. D. Gilder of De Leon and Mrs. Ord Diggs of Fort Worth visited Wednesday night in the home of Mr. and Mrs. A. B. Byrd.

Mr. and Mrs. J. P. McCannies plan to leave Friday morning for a visit with her sister, Mrs. W. H. Campbell and family, in Briartown, Oklahoma.

Mr. and Mrs. O. B. Cole and son, Charles, left today for their home in Phoenix, Arizona, after a few days visit in Cisco with Mr. and Mrs. C. P. Cole. They were accompanied home by their son, Charles, who has been visiting in Cisco for the past month.

coming up to a stand. Corn harvest continues in north Texas with some areas nearing completion. Peanuts in the Cross Timbers are showing improvement due to earlier scattered rains. east Texas vine development of this crop is fairly good but rain is badly needed for the production of nuts. Sweetpotatoes in east Texas made little growth. Rice harvest continued with good yields.

Dry range and pasture feed reserves dwindled further as droughty conditions continued over much of the state. Additional showers in the northern high plains and trans-Pecos, however, further improved fall range feed prospects and provided moisture in the plains to get winter wheat pasture off to a good start. Showers along the coast were helpful but additional moisture will be needed to keep grass coming along. Sorghum and corn stalk fields provided the only remaining roughage on many central and eastern farms. Stock water was exhausted on many farms in that critical drought area. Heavy marketing of cattle and shorn goats continued.
