

## The Gay Philosopher

By J. W. S.

TOMORROW'S the day that all go to the polls to express their opinions in the city election. The voters of our town will decide whether they want the City Charter re-written and, if so, they want to do it. And a separate election the parking meter situation will be up for consideration again.

IN OUR OPINION, the City Charter should be re-written and we expect to vote "yes." The present charter was splendid when a committee re-wrote it in 1919. Things were a lot different in those days. For instance, the city had no street department. The present City Charter provides that each man shall spend one day annually working on the streets to keep them in good condition.

Our town didn't have many of the modern conveniences that everybody appreciates today. And, in many years, the present City Charter is out-of-date — just as in the case of the street parking business.

YOU CAN SAY that how the City Charter election goes at the polls will be an indication of the people think of the City Charter form of government. The whole business started when real citizens began thinking that city manager form of government would be desirable for Cisco. And, in order to adopt this system, provision will have to be made for it in the City Charter. While they're at it, the plan calls for the whole City Charter to be re-written and modernized.

OVER AT Breckenridge, they went through all of this election business and have now installed their city manager form of government. It's too early for the folks to say, but everybody is speaking with interest. A week or so ago, the people at Greenwood voted three to one to re-write their City Charter and include therein a provision for City Manager government if they want it. . . . Stephenville has called an election to see if the people want their City Charter re-written. It will be held next month.

THE MAIN difference in City Manager government and the government like we now have is the fact that you employ a man — a trained expert in city business — to run your town. He has much of the power that your commissioners now have. He is responsible to the commission only. It's reasonable to us that such a man should be able to give us good government without increased costs.

It's our considered opinion that we ought to modernize our City Charter. By re-writing the charter, we can take advantage of all the laws and regulations and modern ideas adopted and proved during the past 35 years.

WE FEEL THAT the parking meters are serving a worthwhile purpose and that they should be retained. Like a lot of folks, we get a little outdone occasionally when we park and don't have change and have to go to a meter. And we get as many tickets as the next man.

The city's attitude is pretty fair on red tickets. If you live out of town, they don't make you pay fine. If you give the folks at the city hall an opportunity to be fair, they'll be fair, in our experience. So we're going to vote to keep the parking meters.

IN NEARLY 20 years as a newspaper reporter and editor, we've helped folks find a lot of different things they've lost. And we've found a lot of owners of lost things. We even found the owner of a lost crutch that was picked up on the street.

But we've never before tried to find the owner of a set of false teeth up the street yesterday. They're now in a box on my desk. They're handsome as false teeth go. If you've lost your teeth, drop by and check this pair.

WE'RE ASKED to remind all members that the Order of Eastern Star is honoring Masons at an Ice Cream Supper at the Levee Hall Saturday night. They're expecting a big crowd.

TEMPORARY GLOOM—Of course, getting a haircut isn't as bad as having to wash one's face, or brush one's teeth, but when actress Barbara Rush took her son, Christopher, to a movie studio barber shop in Universal City, Calif., the lad felt pretty bad. As Frank Krupp applied the scissors, Chris sort of gritted his teeth and hoped for a quick finish.

## BIG DELEGATION OF FANS WILL ACCOMPANY LOBOES TO ROTAN

A large delegation of Lobo football fans was preparing Friday to follow the Loboes to Rotan where they will meet the Yellowhammers on the Rotan Field Friday night.

The team and the coaches left for the Fisher County town at 2 p. m., and the band and a bus load of students were to leave at 4:15 p. m. Most of the fans will leave around 5 p. m.

## Atomic Energy Law Is Explained In Rotary Speech

The effect of the new Atomic Energy Law, signed on September 6 by the president, on the general public was explained to Rotarians at their meeting at the Hotel Victor Thursday by R. E. (Bob) Kennedy, advertising director of the West Texas Utilities Company in Abilene.

Kennedy was introduced to the club by Rotarian O. J. Russell, program chairman for the meeting. He said that the law placed a new concept on atomic energy in that it took it out of the "for military use only" category and placed it in a position to benefit humanity. He said that tests proved that the energy could be used in the powering of machines and in the manufacture of electrical power for use of everyone.

He told of the safeguards being used under the new plan to protect the secrets from unscrupulous people, and said that now some of the secrets of atomic energy were being told to the public.

Following the talk, a film, "Atom," was shown to Rotarians and guests. The film, a release by General Electric, told of the history of the atom and the first successful splitting of it. The theme of the film was built around the use of the atom in science, medicine, power and as a weapon for peace.

The Rev. Sidney Spain, pastor of the First Christian Church, was at the projector.

Visitors at the meeting were Rotarians Robert White of Electric, A. G. Harker and Dr. Elwin Skiles of Abilene and M. A. Kunheim of Eastland. Other visitors included Leon Savage of San Angelo, Fred Brandon of Brownwood, Jerry Fehoff of Abilene, C. B. Chenoweth of Dallas and Bill Kendall and Paul Brashear of Cisco.

Mr. and Mrs. Edwin J. Meyer, Jr., and Esther Meyer of Brenham were recent visitors in the home of Mr. and Mrs. Sam King.

## Terrell School Singers To Put On Program Here

A special group of singers from Southwestern Christian College of Terrell, Texas, will present a special program at the Cisco Church of Christ on Sunday, Sept. 26, at 3 p. m.

This group has been selected from the larger a capella chorus of the Negro school and consists of quartets, sextets, and other special arrangements. The chorus has attracted favorable attention in Texas, Oklahoma, Arkansas, Kansas, Colorado, New Mexico and Louisiana.

Founded in 1950, the Terrell school is directed by a board of trustees composed of both white and Negro members. Primarily it seeks to train young people for active church service, while at the same time providing a standard junior college education.

Singing is emphasized in all of the activities of the college, and over half of the students of the past year were in the college chorus.

S.W.C.C. has a faculty staff of some twelve persons, and has matriculated over 300 students in its short history. Many of the graduates of the junior college are now enrolled in standard colleges and universities, and others are receiving a terminal third year of work at Southwestern.

OPENING NIGHT—As London's Old Vic Company prepared to open their production of Shakespeare's "Midsummer Night's Dream" at the Metropolitan Opera House in New York, the stage sets were moved into place. Some 26,000 pounds of sets, props and costumes were flown from England to enhance the production featuring Moira Shearer and Robert Helpmann.

## RANGER TEAM READY TO PLAY WRANGLERS IN SATURDAY GAME

RANGER, Sept. 24. — Coach Dick Henderson and his assistants, Sam Ails and Pat Thomas, were working their Ranger Junior College Rangers hard this week in preparation for their game here Saturday night against the so far impotent Cisco Junior College Wranglers.

Despite the fact that the Rangers have two victories in as many starts, and Cisco has been on the small end of the score in both their games this season, the Ranger coaches are not letting up in any department.

"We are throwing the dope bucket away," Coach Henderson said, "we are not taking any chances because you can never tell what will happen when the Rangers and the Wranglers get together."

The Rangers moved closer to the center of the spotlight in junior college football last week when they downed Allen Academy by an 18-7 score. The previous week they had downed the strong Wharton Junior College team.

In the Allen Academy game the Rangers made 14 first downs and gained 360 yards as compared to four firsts and 144 yards for the Academy.

Henderson listed five injuries to members of his squad. Herold Merrifield, fleetfooted back who has been the principal ground gainer for the Rangers this season, is suffering from an injury received at Bryan Saturday and possibly will not see action against the Wranglers.

Others on the injured list include Seldon Woods, end; Wayne Hargroves, guard; and Calvin Tucker and Roger Dunlap, tackles.

Coach Red Lewis and Assistant Coach Joe Stephenson of the Wranglers also have a number of boys on the injured list who will probably be out of action a Saturday night.

End Bud Miller is still suffering from boils on a knee, and L. R. Taylor, breakaway back, is afflicted with the same malady. He also has a back injury. Others on the injured list are Fullback Conners, Halfback Bob Lay, End Jimmy Hicks and Guards Richard Baack, Burl Shetter, Gene Burke and Carl Metkar.

In working their team hard this week Coach Henderson and assistants were remembering the game last year when a superior Ranger team fell to the Wranglers in Cisco. They will be out to avenge that defeat Saturday night.

The Wranglers will be out to get in the win column, and to knock the high flying Rangers off their perch.

## Two Issues To Be Decided By Voters In City Election

Approximately 600 residents are expected to vote Saturday in a City Election on the propositions of re-writing the City Charter and on removal of the parking meters. Balloting will be at the City Hall from 8 a. m. until 7 p. m.

George Davis has been designated as the presiding judge of the election. Clerks will include Mrs. W. F. Watson, Mrs. Austin Flint, Mrs. R. L. Justice, Mrs. B. S. Huey, E. R. Bibby, S. H. McCannies, Odie Kean, G. B. Langston and Alpha Elder.

Voters — all citizens who have poll tax receipts or who are from this requirement — will be given two ballots. On one, they will vote on the City Charter matter and, on the other, on whether or not they want the parking meters removed.

The charter election was ordered by the City Commission upon receipt of a petition signed by voters who desire the City Charter, which was last rewritten and modernized in 1919, to be turned over to a group of 15 men for study and recommendations.

If the majority of voters approve, a Charter Commission will also be named on the same ballot. A list of 15 men is included on the ballot, as follows: Dr. E. E. Addy, Jr., Jack Anderson, W. B. Cates, Joe Clements, R. E. Grantham, W. P. Guinn, C. E. Higginbotham, E. L. Jackson, Sam Kimmell, James P. McCracken, S. H. Nance, R. L. Ponsler, J. B. Pratt, A. G. Sander, and W. B. Wright. Space is provided for names to be written in by anyone who does not wish to vote for all of the above-named men.

It has been pointed out that "it won't cost anything to vote to put this commission to work re-writing the charter, because any changes would have to be approved by the people in another election." In other words, this election is to either give the group permission to go ahead and study and suggest charter changes or to deny them the assignment.

If the people vote in favor of having the charter rewritten, it probably would be several months before the work of the committee could be completed and submitted in another election for approval or rejection.

The parking meter poll will be the second since the meters were installed five years ago. Area residents favored keeping the meters by a vote of about two to one in the other election and observers believed that results Saturday would be same. It was believed by many that "the larger the vote the larger will be the majority in favor of the meters."

The parking meters, which cost over \$20,000, are now completely paid for. Half of the gross receipts from the meters has gone to the manufacturer in payment for them. At this time, the parking meters are bringing in about \$600 per month — funds the city uses in paying for permanent improvements.

## Local Youth At Fort Bliss Base

FORT BLISS, Sept. 24. — Pvt. Joe Wheatley, 20, son of Mr. and Mrs. Willie R. Wheatley of Cisco, recently began eight weeks of Army basic training in the Anti-aircraft Artillery Replacement Training Center at Fort Bliss, Texas.

He will spend his first eight weeks of basic military training on fundamental subjects such as rifle, machine gun, bazooka marksmanship and familiarization with Army technical subjects. This first phase of training is climaxed with a one week maneuver in the field.

Fort Bliss, established as a frontier outpost more than a century ago, is located in West Texas on the Mexican border, adjacent to El Paso.

The meeting was dismissed with prayer.

Those attending were Father and Mrs. Hartwell, Mrs. R. H. Cutting, Mrs. Peggy Gallagher, Mrs. C. E. Paul, Mrs. Don Choate and Mrs. D. Ball.

**Baptist Sunday Schools To Hold Promotion Event**

DALLAS, Sept. 24. — While public schools are just getting started on another year's term, Baptist Sunday Schools and Training Unions are already planning their annual promotion day.

The big day for Baptist youngsters — and their parents — will be observed in 3,519 Baptist general convention of Texas churches on Sunday, September 26.

Just like the closing day of public schools in May, Baptist pupils Sunday will say good-bye to their teachers and sponsors. But unlike public schools, there will be no long holiday. Pupils will meet their new Sunday School teachers and Training Union sponsors on the same day they leave their old ones.

In many Baptist churches, special programs mark promotion day. Graduating pupils are presented with certificates of promotion and honored in assembly or church programs. Some churches present Bibles to pupils who are being promoted from the Primary to the Junior Departments. And some churches present special awards to pupils who have a perfect attendance record for 52 Sundays.

Andrew Q. Allen, Sunday School secretary for the BGCT, estimates that at least 200,000 of the near million Sunday School pupils will be promoted. And T. C. Gardner, BGCT Training Union director, believes that 100,000 of the 400,000 Training Union members will go to another union.

Sunday School and Training Union in Baptist churches are organized by departments on an age basis. Departments and their age groups include Nursery, for children through 3 years of age; Beginner, 4-5 year-olds; Primary, 6-8; Junior, 9-12; Intermediate, 13-16; Young People, 17-24, and Adult, 25-up.

**WHY CHANGE CHARTER?**

Evidently I have not met the Master Mind who is behind the movement to change our City Charter, because no one has explained to me just what is wrong with our present charter, and what changes will be made in the new one.

Some one said the purpose of the change is to have a City Manager to manage our city affairs better than they have been managed by our present city officials. A One Man administration of our city affairs.

Is there ONE MAN in Cisco who is wiser than the several men whom we have elected to administer our city government? Some say no, but that we will import an expert who is wise enough to do it by himself.

When I was first elected Judge of the Circuit, or District Court, I wondered why lawyers and clients wanted a bunch of men who knew very little about the law to decide their legal controversies instead of leaving it to a judge who is supposed to know the law.

But the longer I served as Judge of the Court, the more respect I had for a jury's verdict in a law suit.

These new charter folks say the old City Commission form of government is out of date. That we should be in style, up-to-date, a la mode.

At least 300 of the 464 Texans who died in Texas fires in 1953 were trapped inside their homes by the blaze, Norris W. Parker, manager of the Texas Insurance Advisory Association, said today. More than 125 of the victims were children who either could not escape because proper exits were not available, or else had been left alone and were unable to escape without adult aid.

Clothing becoming ignited from too close contact with open fires was listed as the second major cause of fire deaths by the insurance trade association. Many of these deaths also involved small children whose clothing was ignited by open gas heaters and other heating devices.

Improper use of gasoline was third on the list, and the improper use of kerosene was fourth. Improper installation and maintenance of gas heaters, stoves and appliances was the fifth major cause of fire deaths.

Mr. Parker urged a careful inspection of homes by Texas householders as a part of National Fire Prevention Week, October 3-9. To help reduce Texas' fire death toll, he said that at least two means of exit should be available to every bedroom, the house should be ventilated properly both day and night and children and old people never left in the home alone.

He also urged that all open heaters be protected by screen guards, that gasoline never be used for any purpose except as a fuel and that kerosene be stored outside the house in approved containers. Only approved heating devices should be used, and these should be properly installed and vented. As a further precaution, he urged an annual inspection of gas lines and appliances by an expert.

Mr. and Mrs. Russell Johnson of Pecos were recent visitors in the home of his parents, Mr. and Mrs. Edgar Johnson.

Roy Johnson of Weatherford, Buddy Johnson of Fort Worth, Perry Johnson of Lubbock, and Mr. and Mrs. D. C. Hargroves of Cross Plains are visiting in Cisco with their mother, Mrs. Fred Johnson, who is a patient at Graham Hospital.

### Five Outstanding Young Texans To Be Named In Poll

GRAND PRAIRIE, Sept. 24. — The search for Texas' five outstanding young men was begun today, according to B. F. Shepherd, executive vice president of the Texas Junior Chamber of Commerce. Shepherd said that he had sent nomination blanks from Texas Jaycee headquarters in Grand Prairie to all Jaycee clubs in the state, all daily and some weekly newspapers and to many civic, fraternal, religious, labor, educational and professional groups throughout Texas. Nomination blanks may be obtained from the Texas Jaycee office, Box 428, Grand Prairie, by any interested individual or organization.

Each year prominent business, professional and civic leaders act as judges and select five outstanding young men from Texas between the ages of 21 and 35

from nominations presented. The purpose of this program is to present to the world concrete evidence that success in our free enterprise system is still available to those individuals who strive to achieve. All Communists, or those known to have Communist leanings, are excluded from any consideration.

Any young man between 21 through 35 years of age, who

... why so many other people get along better than I. Ever have that feeling? If so, it's time for us to do a little soul-searching together. If we are day-dreaming or drifting along aimlessly without thought or reason, let's stop and about face. Let's begin to do things wisely. Let's guard against buying property with faulty titles. Investing in good titles is a sure way to get along better financially — better than those who don't. I will if you will!

has not reached his 36th birthday any time during 1954, and who has been of service and is an outstanding example of the above precept and personal development, is eligible to be nominated as a candidate for recognition as one of Texas' Five Outstanding Young Men of 1954, according to Shepherd.

Deadline for making nominations has been set as December 8. Everyone is invited and urged to submit nominations of the young men, who, in their opinion, has been outstanding during the current year.

The attention of all Texas will be focused upon these five outstanding young men in Midland, Texas, where an awards ceremony and banquet will be held on January 15, 1955, in their honor.
