The Gay Philosopher

By J. W. S.

HERE'S GOOD reason for celebration Friday, Oct. 1, out at the home of Mr. and Mrs. W. Z. Latch on the Abilene highway. They'll be observing wedding anniversary. The Latches have raised 17 grand children and have 17 granddaughters and seven great grand children.

YOU GET A chance to see them, don't miss the picture slides Dr. D. Ball had made from the trip he took during a recent visit to Europe. He showed them to members of the Cisco Lions Club at their luncheon Wednesday.

Ball took off about August 15 from Amos Carter Field in Fort Worth and flew to Germany to visit with his son, Norman Ball, a service employee of the U. S. Army in Germany. Dr. Ball was just about a month in Europe, flying home on Labor Day.

He took several hundred pictures during the trip and four of them are shown in the picture slides. His shots included many native flowers, shrubs and trees, pictures of animals, people and places. The pictures are very interesting. Dr. Ball, who took up photography as a hobby, turns out pictures that would do credit to a professional.

Dr. Ball had several pictures of Dr. D. Ball, who is several years old. He said that Bill Ball speaks three languages — English, German and French — fluently. The trip was very interesting and enjoyable, Dr. Ball said.

ANOTHER AMATEUR photographer who makes good pictures is Mr. Truly Carline. He has taken several pictures of the fine fish he took during a summer trip through the Texas Big Game country.

His picture taking is a good way to enjoy your vacation trips and over again.

EDITOR SIDNEY Spain of The Cisco Daily, weekly newspaper of Cisco, is turning out a pretty much of an expert in the business of guessing football scores. In two weeks, he has made a record of 12 hits in 14 games. Spain picks for this week: Baylor over Miami by 14; Georgia over A&M by 17; Texas over Washington State by four TD's, SMU over Texas Tech, Rice over Cornell, Arkansas over Arkansas, Henderson over CAC, and Coleman over CHS. Spain is a pretty good guesser.

He had a little lamb. He drank some gasoline. He wandered near a fire since he has not benzine.

WOMAN A LETTER from Mrs. Kim, the Hardin-Simmons University student from South Texas, who spoke at the First Methodist Church here last Sunday in a program with another woman of her country, Miss Chin Paik.

Thank you very much for announcing our attendance at the church on the newspaper September 26," he writes. "Myself and Miss Paik, both appreciated very much indeed. However, we both sincerely would like to have many copies of the paper so we can send them to our home country.

I wonder if you can reprint 20 copies of it and send it to me so that I can send 10 copies to Miss Paik. Our family, pastor, and teachers are very anxious to know what we are doing. I would like to know, if you would print for us and I would send money to you for charge of reprinting. If necessary, I will do it in advance.

Please furnish me information regarding this. We would like to get about 20 copies. Sincerely yours,

We've heard a lot of complaints about the appearance of the Paik and Mr. Kim in our paper. They will get their 20 copies of The Press, as we had 20 extras left over.

RESPONSE to an inquiry, we are glad to report that the city's traffic toward parking regulations follows:

SURVIVAL OF THE FITTEST—Experimental U. S. Army clothing gets rough treatment on the combat course at the Quartermaster Corps' test center at Fort Lee, Va. Private Theodore Williamson, left, of Union City, Pa., and Private Franklin B. Moyer of Luray, Va., crawl over simulated railroad.

Seymour Attends Planning Agency Meet In Dallas

DALLAS, Sept. 30. — Members of the Texas Methodist Planning Commission will meet at the Methodist Home in Waco on Wednesday, Nov. 3, according to a report from the commission's executive committee which met in the Cokesbury building here Tuesday with Rev. Leslie Seymour of Cisco in attendance.

Purpose of the commission, say leaders, is to solidify the interests of the Methodist churches in Texas and to help unify their programs. Meeting annually at Waco in November, the commission makes recommendations concerning state-wide programs and interests to the six Texas Methodist annual conferences which meet in May and June.

Membership of the commission is composed of all district superintendents, heads of Texas Methodist institutions and a representative each from the North Texas, Northwest Texas, Central Texas, Southwest Texas, Texas and Rio Grande conferences.

Rev. E. D. Landreth of Abilene is chairman. Rev. Alfredo Nanez of San Antonio is secretary. According to agenda items considered by the executive committee, the Waco meeting will hear reports from a 14-member committee which is studying Spanish speaking work in Texas; and the Texas Methodist commission on world service funds. Other business will include the current program on the stewardship of possessions and a more adequate ministry for the smaller churches.

Bishop A. Frank Smith of Houston and William C. Martin of Dallas, who are the presiding officers for the six conferences, are expected to address the all day session of the commission. Members of the executive committee present were: Seymour, Landreth, Nanez, Rev. Abel Gomez and Rev. Donald E. Redmond of San Antonio; Rev. D. L. Landrum of Palestine; Hubert Johnson of Waco; Rev. W. B. Slack of Greenville; Rev. Earl Hamlett of Amarillo; Rev. R. K. Heseock of Austin; Rev. W. Harrison Baker of Dallas; and Bishop Smith.

GIRL SCOUT COUNCIL TO HOLD ANNUAL MEETING ON OCTOBER 7

The Heart of Texas Girl Scout Council, Inc., will have its annual meeting on October 7 at Tarleton State College, Stephenville. The Council jurisdiction includes the following counties: Brown, Callahan, Coleman, Comanche, Eastland, Erath, Jack, Mancho, Palo Pinto, Parmer, Runnels, Shackelford, Stephens, Throckmorton, and Young.

Every registered Girl Scout adult within the Council has been urged to attend. The business meeting will begin at 4 p. m. and matters of the importance to all Council members will be discussed. Progress reports from each community association within the Council will be presented and final plans for the financing the construction of the Council's new established camp site will be made. The camp site is located in the 36th Division State Park, Lake Brownwood, Brown Park, Lake Brownwood, Brown Park, Lake Brownwood, Brown Park, and the Council Camp County, and the Council Camp Development Committee hopes to have the camp in operation by next summer.

Dinner will be served at 6:30 p. m. in the College Dining Hall. Immediately following the dinner, Girl Scout Troop 9 of Stephenville will present a skit honoring Mrs. Juliette Low, founder of Girl Scouting in the United States of America.

1.4 Inches Of Rain Falls Late Wednesday

A local thunderstorm spilled from one to two inches of rain in the Cisco area Wednesday afternoon, according to rain gauges. The city hall registered 1.4 inches and one inch fell at Lake Cisco. Scrampton reported more than an inch, and Rising Star got a quarter of an inch.

Water Superintendent John Rodden reported that Lake Bernice caught about a foot of new water and some three inches poured into Lake Cisco. The area weather forecast called for continued clouds with probable rain showers.

High winds did minor damages to barns and small buildings southwest of town, according to reports. No serious loss was reported. A rain shower shortly after noon today measured four tenths of an inch at the city hall.

Community Chest Plans Discussed At Lions Meeting

The coming Community Chest budget drive can be regarded as the year's most important activity, Co-Chairman R. A. (Bob) Hammett of the campaign committee told members of the Cisco Lions Club in a short talk at the weekly luncheon meeting Wednesday.

Mr. Hammett and the Rev. Leslie Seymour were introduced as co-chairmen of the drive, which begins October 11. This year's leadership for the campaign is being furnished by the Lions Club. Details of plans for the fund-raising drive, in which some \$8,700 will be sought to provide working budgets for 11 agencies, were outlined by Mr. Hammett.

Lion W. B. Cates was in charge of the program. He introduced Dr. D. Ball, who showed picture slides and gave an account of a recent tour of Europe. Guests included Miss Carlene Holder, acting club sweetheart, and Sam Kimmell, Jr.

Mrs. O. C. Lomax, Mrs. Jerome McCarthy, and Gary Kimbrock are visiting relatives in Lubbock over the weekend.

Crop Harvest Is Well Underway In Good Weather

For the fifth consecutive week harvest of mature crops moved along uninterrupted with drouthy conditions steadily intensifying over practically the entire state. "Dusting in" wheat on the high plains has nearly stopped as farmers in that area temporarily hesitate to risk additional seed until moisture for germination is received. Wheat that got up with moisture from August showers was still holding on but has a dull color and rain is urgently needed to get roots established.

In the low rolling plains some wheat acreage was drilled in the dust but the bulk of the intended acreage remained to be planted. Over much of that area volunteer wheat has not germinated. Oats planting moved along very slowly in powder dry soil in central and eastern counties. Most farmers were hopefully waiting for rain before risking seed.

Cotton harvest was active in all areas except south Texas and the irrigated areas of the north-west. This operation was practically complete in south Texas and pulling was getting under way in the irrigated districts of the high plains. As harvest was completed in southern counties, stalks were destroyed. Labor was adequate to handle the light crop in central and eastern counties.

More pullers could be used advantageously in some northwestern counties, particularly in the low rolling plains where bolls popped open in continued dry weather. Harvest has moved along at a faster-than-usual rate in most dryland areas. According to the Bureau of the Census, ginnings during the first half of September totaled 283,634 bales.

Harvest of dryland sorghums was active on the high plains, either for a light grain crop or for bundle feed. Combining of irrigated sorghums was well under way in the southern high plains and harvest of a low yielding crop was nearly complete in the low rolling plains.

Alfalfa baling was still under way in irrigated areas of the northwest and trans-Pecos. In remaining areas, however, harvest of feed crops was nearing completion. Rice harvest was favored by open weather and is about three-fourths complete. Peanut harvest was started in northern commercial areas and digging continued in south central counties. Scattered diggings of sweet potatoes produced light yields.

Dry range and pasture feed reserves were getting progressively shorter as drouthy conditions continued. Scattered showers in a few central counties were welcome, but were light and generally ineffective. Stalk fields were being grazed in increasing numbers on the high plains. Eastward from the low rolling plains many fields were already eaten out. Supplemental feeding of hay and concentrates was necessarily increasing. Marketing of cattle, calves and sheep continued heavy.

TURKEY DINNER PLANNED
The AME Methodist Church will sponsor a turkey dinner Saturday, October 2, at the old school building on Tourist Street. Plates will sell for \$1.

Program Ready For Meeting Of School Trustees

AUSTIN, Sept. 29. — Dr. L. D. Haskew, University of Texas education dean and newly-appointed vice-president for developmental services, will address the Texas Association of School Boards at a luncheon October 7. "The School Board Association Movement" will be Dr. Haskew's topic. His address will be a highlight of the TASB annual meeting, scheduled October 7-8 at the Driskill and Austin Hotels.

Jesse G. Stratton, president of the National and Oklahoma School Boards Associations, will speak at the annual banquet October 7. His address will be on "The Place of the School Board in the American Public Education System." The meeting will open with a general session at 9 a. m. October 7. M. W. Glosserman of Lockhart, first vice-president, will preside, and James A. Redmond of Beaumont, president, will give the annual report and keynote address.

System-size sessions will be held at 10:30 a. m. for three groups: those from school systems with fewer than 2,000 scholars, 2,000-7,000, and more than 7,000. Topic group sessions, scheduled for 2 p. m., will be devoted to "School Board and the Public," "Implications of the Supreme Court Ruling on Segregation," "School Finance, State and Local," "Teacher Contracts, Tenure and Personnel Policies" and "School Board Evaluation of the Schools."

The annual business meeting will be held October 7 at 4 p. m. The October 8 program will continue topic group meetings at 9 a. m. An 11:30 a. m. tour of McCallum High School will be followed by a luncheon. A closing question-and-answer session will be held at 2 p. m.

School board members have been invited to remain in Austin for an October 10-11 annual meeting of the Texas Association of School Administrators. Many administrators will attend the school board meetings, also. TASB has headquarters at the University of Texas, with Dr. Roy M. Hall as executive director and Donald G. Nugent as field director.

Texas Ranked 7th In Tax Payments To U. S. Treasury

DALLAS, Sept. 30. — Texas ranked seventh among state of the union in its grand total for the fiscal year 1954 of Federal taxes collected by the Internal Revenue Service, Regional Commissioner B. Frank White said today. The Texas tax total was \$2,193,724,847, and represented the combined collection activities of both the Dallas and Austin district offices.

The Texas tax total was part of the \$69,900,000,000 collected nationally during the fiscal year, Commissioner White reported. The first six states, in the order of their collection standing, were: New York, Michigan, Illinois, California, Pennsylvania, and Ohio. Other high ranking states following Texas were: Massachusetts, New Jersey, North Carolina, Wisconsin, Indiana, Minnesota, Kentucky and Delaware.

The regional total recorded for the five states comprising the Dallas region was \$3,633,033,278. In round figures the Texas corporation and income and profits tax total was 620 million dollars. Withheld income taxes and old age insurance accounted for 760 million dollars. The state recorded a high 588 million dollars in the individual income tax not withheld category.

Both Oklahoma and Louisiana recorded fiscal year collections of over one-half billion dollars, with Arkansas and New Mexico, the other two regional states, making up the balance of the region's grand total.

GOES TO INDIANAPOLIS
E. L. Jackson of Cisco, state commander of the American Legion, left early today for Fort Worth to fly to Indianapolis, Indiana, for national Legion conferences Friday and Saturday. He was expected to return home Sunday night. Mr. Jackson completed a South Texas tour with a speech in Coleman Wednesday night.

Mr. and Mrs. Harold Farquhar of Big Spring visited his parents, Mr. and Mrs. C. A. Farquhar, Saturday.

Loboes Ready To Play Strong Coleman Team Friday Night

Scranton News . . .

DISTRICT 'B' SCHOOLS MEET TO PLAN CONFERENCE SEASON

By WILLOWDENNE SAWYER

School officials and coaches of the area District "B" basketball teams met Monday night at the Olden School to make a schedule and discuss plans for the coming conference season. The district is composed of teams at Strawn, Scrampton, Desdemona, Olden, Gorman and Carbon. The first conference games will be played on January 7, 1955. Trophies will be awarded to the winner and runnerup in both boys and girls divisions. The coaches will select an all-district team of five boys and six girls at the end of the season. Players on the team will receive medals.

Students of the Scrampton School enjoyed a "mix-up" basketball tournament last Friday night. In this tourney, players drew numbers to determine which team they played on.

In the girls game, a team composed of Laura Redden, Rosetta Parks, Letha Luster, Blanche Douglas, Judy Ingram, Effie Jo Carroll and Lynda Ledbetter won a 12-to-7 victory over a team composed of Joyce Simmons, Barbara Simmons, Sue Notgrass, Betty James, Sally Speegle, Deborah Redden and Lavada Luster.

A boys team composed of David Stuart, James Reese, Travis Starr, Billy Ray Parks, Wesley Kinser and Mr. Elms won a 20-to-17 victory over a team composed of Buster James, Buddy Johnson, Jack Speegle, Gene Parks, Tom Speegle and Robert Douglas.

A game of tug-of-war was enjoyed by small boys at the game. The evening's program was concluded with the serving of refreshments.

The Junior Class of Scrampton High School planned to have a party Thursday night. The evening will consist of a trip to Lake Cisco where they will have supper and play miniature golf. After this they will attend a movie. Members of the class are Adair Elam, Billy Wheatly, Buster James, Willowdenne Sawyer, and Billy Ingram. Among the visitors will be Sandra Auld and Laura Redden.

The Junior class has been discussing their class play with their sponsor, Mrs. Elizabeth Morris. They have decided on the play, "Desperate Ambrose." No date has been set for the giving of the play.

Bluecats Favored In Contest There

A hard rain Wednesday afternoon cancelled the final drill for the Loboes this week as they were preparing to meet a classy Coleman Bluecat Eleven in Coleman Friday night. The rain forced a cancellation of defensive drills the coaches had prepared to combat the fast Bluecat backs. Thursday afternoon the Loboes were to have a light drill, spending most of the time limbering up.

Several hundred local fans were expected to follow the underdog Loboes to Coleman for the contest. Three school buses will leave for Coleman at 5:30 p. m. Friday to transport the band and several members of the student body. The remainder of the fans will follow by car. Fans can either go by Baird or by Rising Star and Cross Plains. Both routes are about the same in distance.

Coaches Jay Williams and Charles Williams will leave with their traveling squad at 3 p. m., and eat a light supper in Coleman. The team will be in good condition for the contest Friday night. Quarterback Tommy Reynolds has missed some practice this week because of poison ivy, but was expected to play. End Bill Smith was improved this week and will probably start. Other players are in top form.

Probable starters include Bill Smith and Johnny Trig at ends; Ed Bernie and Arzell Hale at tackles; Joe Farrow and Tommy Collier at guards; Ronnie Qualls at center; Tommy Reynolds at quarter; Harold Pippet and Marcus Gallegos at halves and Joe Gilmore at full. Jerry Weiser, Jim Branton, Levere Adams, Carroll Thames, Kenneth Penn, Frank Walton, Don Meier and Robert Fletcher will probably see a lot of action in the line, and Backs Benji Lipsey, Buck Whitehead, David Ewell, Fred Hawel, John Carlile and Paul Ford will be ready to go into the game.

The Bluecats are rated to defeat the Loboes. They will have the advantage of playing at home and a slight weight advantage in the middle of the line. They will be seeking their first win of the season Friday night, after losing to Anson, Stamford and Hamilton on successive weekends. Despite their losses to the three powerful opponents the Bluecats running attack has been outstanding. They have scored three touchdowns per game against the strong competition.

Charles Jetton is head coach of the blue and white clad Coleman team. His offense is built around Bill Davis who handles the ball at the quarterback slot in the T formation. The Bluecat 11 is built around five returning lettermen from last years team which won six and lost four.

Pre-season injuries have sidelined some of the linemen who were expected to help the team this year, but Coach Jetton has done a good job in finding replacements to fill the gaps. The Bluecats open their conference play on October 8 when they meet Coach Al Langford's De Leon Bluecats.

Former Resident Dies Early Today

Mrs. Mamie Westerman, former Cisco resident, died unexpectedly at her home in San Angelo at 5 a. m. Thursday, it was learned here today. Mrs. Westerman lived in Cisco and the Cisco area until she moved to San Angelo some four years ago. Funeral arrangements were pending Thursday, but it was reported that services would be held here and burial would be in the Nimrod Cemetery.

Mrs. Westerman was the sister of Herman, Ernest, Oliver and Floyd Harrelson, all of Cisco, and Grady Harrelson of Arizona.

TWO-IN-ONE—Fire whistles instead of school bells are calling first graders to class in Thornwood, N. Y. The little red schoolhouse is so overcrowded that the little red firehouse has been pressed into emergency service. CHS BOYS ENTERTAIN STUDENTS WITH PROGRAM ON WEDNESDAY

By PAT MAYER

A very fine assembly program was presented Wednesday by a group of CHS boys.

First on the program were Roy Thackerson and Gene Suggs who played four numbers on their guitars. The boys played like professionals. Besides being very good at playing, Roy composed the last number they played, which was very good.

Next were two vocal solos, and we do mean solos because there was no accompaniment, sung by Tommy Stevenson. Tommy sang "Chataooga Shoe Shine Boy" and "Chataooga Choo Choo." Tommy has one of the prettiest voices and one of the best stage personalities ever.

Last but not least was Bill (Liberace) Smith who played two selections on the piano. Nearly all of Bill's school mates were surprised to find out he could play the piano. Bill said that he took it up for a hobby while he was recovering from his operation this spring. Bill's playing was enjoyed by all, especially since he even smiled and said "Thank you, ladies and gentlemen," at the conclusion of each song.

Class Officers Selected The freshmen and sophomore class officers were elected last Thursday. They are as follows: Sophomore president, Benji Lipsey; vice president, Frank DeWitt; secretary, David Edrill; Freshmen president, "Tuffy" Carlie; vice president, Wayne Pence; and secretary, Janice Justice.

The sophomore sponsors are Mrs. Page, Miss Winston and Mrs. Cutting.

The Freshmen sponsors are

Two Months of Flowers in Spring, All from Bulbs

Hyacinths, early single and double tulips and daffodils flower at the same time.

For two months in the spring, fall planted bulbs supply most of the color in garden borders, with the least care of any flowers, because they blossom before weeds grow or insects prey, or drought injures garden plants.

A flowering bulb is a package deal. It contains, like seed, an embryo plant, plus food enough to nourish it until it produces a flower. The first flower will bloom with very little help from the soil it grows in, though feeding gives a larger flower. After blooming it requires extra food to develop a vigorous new bulb for the next year's flower. If the soil is well drained and fertile, or plant food is supplied to make it so, tulips and daffodils will live for many years, giving a harvest of spring beauty every year.

The way the flowers are arranged, and the careful selection of varieties which give a succession of bloom over two months, are more important to a good display than planting large numbers of bulbs. In the early spring a small number of snowdrops, scillas, and crocuses will make a big impression upon your family and friends, because they bloom when there are no other flowers to compete for admiration. Two dozen bulbs of each planted in groups will produce more conversation than many times that quantity of summer flowers. Snowdrops bloom as soon as the ground thaws out, and scillas, bluer than violets, then the blue and yellow crocuses, follow in succession.

Daffodils are the first major flowers of the spring. They are also the longest-lived in the average garden. In well drained locations bulbs will usually multiply, and need not be lifted until they crowd.

All the spring bulbs look much better when planted in informal groups rather than in rows, blocks, or masses. Five bulbs of one variety of tulips, or daffodils is the equivalent of a herbaceous perennial plant. Such groups may be planted in the border, in company with other flowers, or grown alone at accent points with other flowers as background. The earliest tulips to bloom come before the daffodils have finished. The variety Red Emperor is earliest. This is a species, or botanical tulip, which means that it is a wild form, not a hybrid.

The most highly bred class of tulips blooms next. These are the early single and double tulips which were bred to grow in "carpet" beds, formerly popular in this country and still grown in Europe. The early tulips have bright, primary colors, and grow uniformly on short upright stems, tailor-made to use as pigments in a pattern of colors. They bloom almost two weeks earlier than the tall, late flowering Darwins, and groups of them properly placed will help keep the display of garden color continuous.

The original tulips to be grown in European gardens were tall, late flowering varieties of the group now known as Breeders, or Mother bulbs. From these all other garden varieties are believed to have been bred, including the Darwins, and the Cottage class. Breeder, Cottage and Darwin tulips are catalogued separately in the catalogues, but confused in the popular mind, all being termed Darwins as a rule. There is no reason to separate them in the garden, since all bloom together and their colors can be grouped in attractive harmonies.

Althean Class Holds Election Of Officers

A called meeting of the Althean Class of the First Baptist Church was held Tuesday at the church for the purpose of electing officers and teachers for the new year beginning October 1.

Mrs. L. J. Leach, president, called the meeting to order and Mrs. W. W. Fewell led in prayer. The nominating committee submitted the following names for teacher and officers:

Teacher, Mrs. W. W. Sawyers; president, Mrs. J. A. Hyatt; first vice president, Mrs. L. J. Leach; second vice president, Mrs. Ray Judia; third vice president, Mrs. W. W. Fewell; secretary, Mrs. J. A. Warren; and treasurer, Mrs. C. A. Lassiter.

The meeting was dismissed with prayer by Mrs. L. J. Leach. Those attending were Mesdames Jay Warren, C. A. Lassiter, Lewis Lee, L. J. Leach, Ray Judia, W. W. Fewell, C. B. Bush, Don McEachern, and D. A. Caldwell.

Mr. and Mrs. J. P. McCullum attended an O-K Rubber meeting in Abilene Wednesday evening.

ARTHRITIS RHEUMATISM SUFFERERS Find New Cure For Pain

Users Rejoice - Supply Rushed Here Victims of crippling arthritis, rheumatism and neuritis pain can take joyous new hope from announcement of dramatic success with a new formula which combines 4 drugs into one tablet capable of relieving agonizing pain in joints and muscles. According to clinical reports, this new compound, called VERTASOL, acts internally to curb torturous arthritis, rheumatism, neuritis pain in back, hands, arms, legs and shoulders yet is safe to take, requires no prescription. With tears of joy in their eyes, men and women who formerly suffered dread stabbing torture of arthritis and rheumatism, claim swollen joints and muscles now tell of blessed relief after using it.

VERTASOL costs \$2.00 but considering results is not expensive, is only pennies per dose. Bold with money back guarantee by

MEET A SUCCESSFUL CATTLE RAISER!

"Last winter I fed 300 head of cattle on hay and about 2 pounds of Texo Life-Guard per head per day, and that's a life-saver when you figure up the cost. But the real pay-off was in the results. My cows calved easily, cleaned up well and settled quickly. You can count me in as a regular Life-Guard feeder," says Red Pope, your TEXO neighbor in Bonham, Texas.

Yes, folks, it's no wonder cattlemen everywhere are turning to TEXO Life-Guard Range Cubes, because they're the lowest-priced range cubes ever developed with a guaranteed analysis of 20% protein, 10,000 units of Vitamin A and all the essential minerals.

It's not a bit too early to be making plans for this winter's feeding, so why not stop in next time you're in town and ask about TEXO Life-Guard Range Cubes.

SEE US FOR BEST PRICES ON ALL TEXO FEEDS.

CISCO MILLS (Cisco Peanut Co.) 103 E. 7th St. - PHONE 189

FEED TEXO "You'll be way ahead when they're TEXO fed!"
