

The Gay Philosopher

By J. W. S.

ALL THE COUNTRY editors of Texas got free tickets last Saturday at the State Fair of Texas, and no self-respecting country editor can stay at home with free tickets dangling before him. So, we loaded up the family and took out for Dallas and the State Fair of Texas.

Although the crowd was bigger than usual, we didn't have as much trouble in the traffic. Stayed on some back streets until we arrived at the Fair Grounds, and then we came home via the back streets again. Fort Worth and Dallas are going in for these fast express-ways and traffic seems to move better.

ARRIVED AT THE fair at 10:30 a. m. and picked up our tickets — two for the football game and two for "The King and I," a stage show. There were some passes for the rides and side shows, too.

The football game was a good one, particularly for Oklahoma fanatics. It occurred to us that you could tell who was going to win from the beginning. The way the Oklahoma fans, band, and players came on the field made you feel that it was their day. The game was probably more one-sided than the close score would indicate.

In any event, it was a good game. Just being in a crowd of 6,250 people made us feel that we were getting our money's worth. It's quite a sight to see a crowd that big.

"THE KING AND I" is an outstanding show, according to the lady folks of our family. It's Broadway hit musical with stars of the New York cast, Yul Brynner and Patricia Morrison. . . . They have the Ice Cycles again, this year and the program is highly recommended to one and all. . . . They have a show that kind of amused us. A fellow climbs into a coffin with a couple of dozen sticks of dynamite. They explode the dynamite, blowing the coffin bits, and the man walks away from it all. We couldn't see the point of it all, but there must be a reason for the man is making a career out of the proposition.

THEY'VE GOT A tractor that talks to you. It's a midsize tractor (for one row equipment, he guesses) and there's a huge man's face on the front. The mouth opens as the tractor talks. Our children looked all around and couldn't find the source of the talking. . . . The farm and ranch exhibits are fine. They have many fine cows, horses, sheep, hogs, turkeys, chickens and like on display. . . . There are exhibits of 4-H Club work and home demonstration club work.

OF SPECIAL interest to the women folks an exhibit of the famous diamonds, including the Hope diamond, the Star of India, and a flock of others. They have several guards on duty and this makes the exhibit seem more impressive. . . . An exhibit of old-time automobiles is worth your time, and they have new and pretty cars for comparison. . . . There was a fine show in all respects.

CISCO WAS WELL represented at the fair. Understand the W. J. McDaniels, and the I. J. Hennions and the Bob Hammetts were here, but we didn't see them. . . . Saw the F. B. Clappitts at a distance. . . . Ran into Mr. B. A. Butner of Rising Star about noon. He had become separated from his party of four or five. Saw him again about 4:30, and he still was separated from them. We wondered ever since if they found each other. . . . The Paul Brahears were there, too, and probably a lot of others we haven't heard about.

RAN INTO a fellow who has undertaken a project that appeals to us. He's writing a book entitled "How Not to Do It Myself". . . . Mr. and Mrs. S. O. Barnhill celebrated their wedding anniversary on the 10th of October. . . . Bud Ainsworth, student, has lost his wrist watch somewhere over at the junior high school. He misses it a great deal. Let's all help him find it. . . . Mrs. W. T. Chance, operator of the Victor Hotel Coffee Shop, is doing splendidly after a recent operation. She visited the coffee shop for a few minutes Monday late. . . . President A. Z. Myrick of the Farm Bureau attended a state meeting of that organization in Waco yesterday.

Cash Value Life Ins. Loans. 45 per cent at YOUR BANK. See MARY in Cisco—Mr. F. D. L. G.

TWO-WHEELED TROUBLE—The Tariff Commission hearing room in Washington, D. C., took on the appearance of a bicycle shop when manufacturers began a plea for relief from import competition. They were demanding a 22% increase in tariffs to prevent foreign competitors from dealing their industry a "death blow." These bikes had been brought in as exhibits.

MIDGETS TANGLE WITH JUNIOR BUCKAROOS AT LOCAL STADIUM

The Cisco Junior High School Midgets will meet the Breckenridge Junior High School grid team at Chesley Field tonight at 7:30 o'clock in a Junior Oilbelt Conference contest.

It will be the first time a team from the two schools have met in recent years. Breckenridge came into the conference this year for the first time.

The Cisco team will have a weight advantage over the visiting Breck team. The Midgets will go into the game with a team average of 136 pounds as compared to 125 for the visitors. The Cisco team averages about the same in the line and backfield while the Breckenridge team will average 132 pounds in the line and 112 pounds in the backfield.

Breckenridge boasts a 33-0 win

Final Rites For John E. Rasberry Are Held Today

John E. Rasberry, 75 year old retired farmer, died at 4:15 a. m. Monday at the home of a niece, Mrs. Opal Hawkins, at 500 West 2nd.

A native of Fisher County where he was born on September 25, 1879, Mr. Rasberry had been a resident of Cisco since 1945.

Funeral services were held at 10 a. m. Tuesday at the Pentecostal Church with Mrs. J. E. Blackwell, pastor, officiating. Following the services here the body was to be taken to Merkel for burial in Rosehill Cemetery. Wylie Funeral Home was in charge of the arrangements.

Survivors include a son, Raymond Rasberry of Sweetwater, and his niece, Mrs. Hawkins.

Pallbearers were to be W. C. Ivie, Owen R. Ivie, Thurmon Mosley, Floyd Rice, Paul Price, Jr., and V. S. Johnson. Named as honorary pallbearers were H. A. Courtney, B. O. Blair and A. C. Ivie.

DONATIONS BEING ACCEPTED BY P-TA FOR BUYING AUDIOMETER

West Ward Parent-Teacher Association officers reported Tuesday that contributions for the purchase of an audiometer to be used in the Cisco schools had begun to come in, and that they were confident that the full amount would be received at an early date so that the machine can be purchased soon.

A total of \$26 had been received up to Tuesday, the committee reported. Contributions were \$6 from Lake Cisco Home Demonstration Club and \$20 from the Cisco Boosters Club.

Spokesmen for the P-TA, sponsors of the project, urged everyone to have a part in the purchase and said that those who had not been contacted personally or by mail could mail their contribution

Enumerators To Be Employed For Census Of Farms

Applications for employment as enumerators for the 1954 Census of Agriculture in Eastland County are now being accepted, it was announced today by Field Supervisor Walter F. Jackson.

Persons interested should notify Gordon S. Clark, Route 2, Eastland, Texas, who is serving as crew leader for this area. Application forms can be obtained also from the agriculture census field office at 119 E. Beauregard Ave., San Angelo, Texas.

Applicants for enumerators must be citizens of the United States, have a high school education or furnish evidence for comparable experience, be in good physical health and of excellent character and be between the ages of 18 and 65. They must have sufficient financial resources to sustain themselves for approximately four or five weeks from the date of appointment until they receive their first salary check. Applicants with veteran preference who meet all requirements will be given priority over non-veteran applicants.

Enumerator job applicants must be licensed to operate and must provide a privately owned automobile in good condition. Pay rates will provide for the cost of operating cars on official Census business.

REV. IVIE TO SPEAK

The Rev. W. R. Ivie will bring the message at the mid-week prayer service Wednesday night at the Calvary Baptist Church, it was reported today. Rev. Ivie is well known here, having served as pastor of several area churches.

CLASS PLANS MEETING

The T. E. L. Class of the First Baptist Church will meet Thursday afternoon at three o'clock at the church. All members have been urged to attend this important meeting.

WRANGLERS LOSE TO BLINN BY 24-6 COUNT SATURDAY NIGHT

After dropping a 24-6 decision to Blinn Saturday night, the Cisco Junior College Wranglers have an open date this week and hope to recover from injuries that have plagued them all season so that they will be in good condition for their game on October 23 with the strong Navarro Junior College team.

In the game Saturday night, the Wranglers scored first and held the lead until late in the

second period. The Cisco tally came in the first five minutes of the game when Norbet Van Dinter passed to End Jimmy Hicks from the 10. The try for point failed. Cisco held on to the lead and threatened to score twice more in the initial period. At one time they worked the ball to the four and another time had it on the 10.

Blinn, playing to a homecoming crowd of some 2,000, scored twice late in the second period and once each in the third and fourth. The Wranglers were never able to climax their drives with a tally after the first score.

Monday Coaches L. L. Lewis and Joe Stephenson spent the practice session in limbering up and conditioning exercises. There was no scrimmage. The linemen spent the time in taking laps and the backs and ends practiced on pass completions.

The Navarro team is one of the best in the conference. They took a 13-6 decision over the Ranger Junior College Rangers on October 2.

Coach Lewis said Tuesday that it was doubtful that Guard Gene Burke and Fullback Ronald Conner would be recovered enough to play in the Navarro contest. Burke is suffering from an injured shoulder and Conner has a bad knee. The remainder of the team should be in good condition on October 23.

Sears Pig Show Will Be Held In Eastland Oct. 20

The County Sears Pig Show date has been set for Wednesday morning, Oct. 20 at the County Show Barns at the old airport northeast of Eastland according to R. S. Higgins, Jr., assistant county farm agent.

The county show is for the eight club boys over the county who received a registered Duroc gilt under the Sears Pig Plan last May. The Duroc boar will also be exhibited so that all can see how well he has developed. He was secured from a breeder in Haskell County. The gilts are from club boys over the county who received pigs in the spring of 1953 and who returned a gilt pig this past May.

The first five place gilts will receive a check from the Sears Foundation for various amounts. The money is to be used for wire, lumber, cement, post, or other materials for the futuring their pig projects.

The first place gilt will go to the district Sears Show in Breckenridge on Saturday morning, Oct. 23, where she will compete against the best gilt from Palo Pinto, Stephens, Young, Throckmorton, and Jack Counties. The boar will also be in competition from the boars in those counties.

The gilts will be bred in November. Each boy will turn a pig back to the county agent next spring to be given to another boy. Hundreds of good blooded hogs have been distributed over the county in the past ten years, it was said.

Boys to show gilts include Bobby Koonce and Willie Paul Johnson, Desdemona; Jackie D. O. Simpson, Gorman; Charles Bryant, Carbon; Delwin Caudle, Rising Star; Robert Bostick, Nimrod; Harold Reese, Cisco, and Jimmy Hamilton, Ranger.

The boy who has the boar is Robert Bell of the Nimrod community and a grandson of Ed Townsend of that community.

Judge for the show will be Jack Willingham of Hamlin, Mr. Willingham is a graduate of Texas A. & M. College. While in college he was a member of the livestock judging team. He participated in contests in Fort Worth, Oklahoma City, Kansas City, and Chicago. Chicago is the largest judging contest in the world. At the present time Mr. Willingham is ranching at Hamlin.

Two Grid Films Will Be Shown To Boosters Club

Two films will be shown as the features of the meeting of the Cisco Boosters Club at the high school at 7 o'clock tonight, it was reported by Bob Latson, president.

The film, Highlights of the Southwestern Conference for 1953, furnished by the Humble Company, and the film of the Lobo-Colorado City game played here Friday night will be shown at the meeting.

President Latson said that most of the meeting would be devoted to the showing of the film so that members of the club could go to Chesley Field to see the game between the Midgets and Breckenridge Junior High School.

All members, and anyone desiring to see the films, were invited to the meeting.

Nimrod Youth Is In Training Center

FORT BLISS, Oct. 12. — Pvt. Donald W. Bible, 18, son of Mr. Ernest E. Bible, Nimrod, Texas, recently began eight weeks of Army basic training in the Anti-aircraft Artillery Replacement Training Center at Fort Bliss, Texas.

He will spend his first eight weeks of basic military training on fundamental subjects such as rifle, machine gun, bazooka marksmanship and familiarization with Army technical subjects. This first phase of training is climaxed with a one week maneuver in the field.

Fort Bliss, established as a frontier outpost more than a century ago, is located in West Texas on the Mexican border, adjacent to El Paso.

Mr. and Mrs. Odwin Cage of Houston are visiting in the Bob Mancill home.

Your Bank Wants to Serve You Always Ready to Assist And Advise. 127. NAT'L in Cisco—Mr. F. D. L. G.

Over \$2,500 Raised First Day In Community Chest Campaign

CHOIR TO BEGIN REHEARSAL OF ORATORIO, ELECT NEW LEADERS

Elijah, the Oratorio by Felix Mendelssohn, has been chosen for presentation early in December by the Cisco Community Chorus. Tonight marks the first rehearsal of the group under the direction of Jack Chambliss, Cisco Junior College music department head. Rehearsal will be held at 7:30 o'clock in the First Baptist Church and will include the election of officers for the year.

The work should be of great interest to the public as well as participants. Following the tradition of the group to perform the most challenging works possible, Elijah was selected as a logical choice following the performance in recent years of Handel's "Messiah," Hayden's "Creation," and Saint-Saen's "Christmas Oratorio."

Elijah is divided into two vast sections. The first part relates how the profit Elijah causes a drought in Israel because its people have forsaken the Lord and follow instead, under the rule of King Ahab, the false Baal. He performs the miracle of raising the widows son from the dead and then challenges the prophets of Baal to a contest which shall determine who is the true God. When Elijah is victorious, he puts the evil prophets to death.

The second part of the oratorio is concerned with the efforts of Elijah's enemies to kill him and the protection afforded him by the Lord, and finally his ascension to heaven in a fiery chariot.

This year's performance will include all the first part and familiar excerpts from the second. The Cisco Community Chorus was organized four years ago by Robert Clinton, then head of the Music Department at the college. The membership is made up of all interested singers in the community.

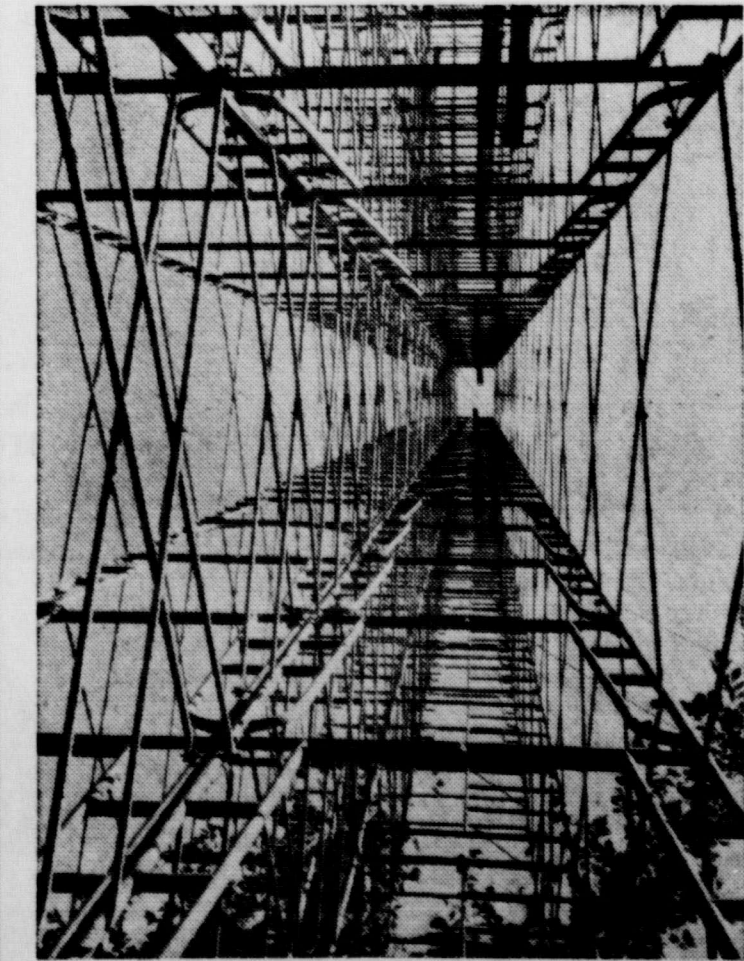

Anyone wishing to participate has been invited to be present this evening. There are no dues or any limitations to membership.

Soloists for the performance will include James Worrell, who has been a member of the Dallas Musicals cast for the past three years and who made his first appearance in Cisco last Easter in the presentation of the Dubois "Seven Last Words." Robert Clinton will be the tenor soloist and alto and soprano soloists are yet to be secured.

Mrs. W. O. Wylie will play the piano for the rehearsals and the performance. The use of the new organ recently installed in

HOME NURSING CLASS

The Home Nursing Class, sponsored by the West Ward P-TA will meet Wednesday morning at the home of Mrs. D. N. Morrison.

A SKY WAY—This is an impressive, straight-up view of the 184-foot-high ski slide at Soldiers' Field in Chicago which shows the "inside" of the structure. The tower, believed to be the largest ever built for exhibition in the Windy City, was set up for a recent ski club tournament.

Workers Urged To Complete Drive

Approximately one-third of the annual budget of the Cisco Community Chest had been subscribed and paid in today and leaders were confident that the full \$8,000 would be raised by the end of the week. A total of \$2,515.75 was turned in at the end of the first day of the drive.

Co-Chairmen Leslie W. Seymour and R. A. (Bob) Hammett of the campaign reported that a total of \$1,903 was paid in by Early-Bird subscribers — those who made their contributions prior to the opening of the drive. This sum plus a little over \$600 was turned in to Treasurer Paul Farrow on Monday, according to a report by Chairman D. N. Morrison of the business district committee.

Two breakfast meetings of campaign workers were held Monday morning to open the campaign. The men who are working in the business district met at 7 a. m. Rev. Seymour was in charge and spoke briefly to urge a speedy drive.

The program featured two skits on how to conduct finance campaigns for the Community Chest. These skits featured Gene Abbott, E. L. Jackson, A. R. Westfall, Austin Flint and Charles S. Sandler.

Mr. Morrison introduced the chairman for the business district drive, including George Davis, Alpha Elder, Carlos Turner and Austin Flint. Some 40 men are working on four teams for the business district canvass for funds.

Mrs. Don Choate and her teams of workers in the residential areas met at 9 a. m. to make their plans. Members of the teams not previously named included Mrs. Christine Nance, Mrs. Roy Marcontel, Mrs. J. T. Richardson, Mrs. E. L. Jackson, Mrs. Waymon Johnson, Mrs. B. S. Huey, Mrs. H. L. Ferguson, Miss Elizabeth Norton and Mrs. W. L. Darr.

In both meetings, the workers were urged to complete their assignments as soon as possible. This year's Community Chest budget provides funds for the following:

Cisco Welfare Ass'n.	\$1,500
ABC Club	1,000
Girl Scouts	1,000
Boy Scouts	1,000
USO	500
Hearth Association	100
Cisco Hobby Club	250
Salvation Army	800
American Red Cross	1,900
Gonzales Warm Springs	150
Total	\$8,000

Rev. Seymour pointed out that "we cannot afford to be without the good work of these organizations, and since we have learned about the advantages of the Community Chest plan we should subscribe the budget fully and speedily." He pointed out that "this is Cisco's one finance drive for the year — our opportunity to give once for all."

This is Community Chest week throughout the nation as cities everywhere work on their budgets.

.3 Rain Falls Here Monday Afternoon

Three-tenths of an inch of rain fell in Cisco late Monday as a squall line of thunderstorms moved through this West Central Texas region. Rainfall was reported heavier in the Lake Cisco area, and the lake gauge showed a 2-inch rise.

Lightning struck an electric transformer near Cisco Junior College and power was off in that area for nearly an hour. Telephone service on College Hill was out for a time.

Heavier rains were reported southwest of town.

MUSIC CLUB TO MEET

The Cisco Music Study Club will hold a regular meeting at 9:30 a. m. Wednesday at the Federated Club House, according to an announcement today. Members were urged to attend.

Leon Henderson of Albuquerque, New Mexico, visited over the weekend with his mother, Mrs. Hattie B. Henderson, and his grandmother, Mrs. S. E. Sisk. Mrs. Henderson returned to Albuquerque with her son for a visit.

Oil Industry Drills 3,657 Wells In North Texas During 12-Month Period

Oil was discovered accidentally in North Texas in 1902 when a farmer near Henrietta was drilling for water. The discovery, however, brought interested oilmen into the area, and North Texas was on its way to becoming an important producing area of Texas.

Because of the relatively shallow production and consequent

smaller drilling costs, North Texas has been considered the small operators' producing area. All of the oil industry, however, has contributed to the thriving oil business of this area, and last year the industry drilled 3,657 wells in North Central Texas, of which 2,060 were oil wells and 23 gas, and 2,790 wells in West Central Texas, of which 1,500 were oil and 23 gas wells, according to the Oil and Gas Journal.

Except for West Texas, more of Texas producing oil and gas wells are located in North Texas than any other major division of the state. As of March, 1954, there were 38,481 wells producing in the area, but a large part of these wells have small production. As a result, the area's production of a little more than 104,497,000 barrels of crude oil for 1953 was exceeded in each case by the Gulf Coast, East, West, and Southwest Texas.

At the end of 1953, there were 58 gas processing plants in North Texas; liquid products from the gas plants averaged more than 56,000 barrels a day during '53.

In this area drilling for 1953 was above that of 1952. Wildcat drilling activity was scattered throughout the area with Archer, Young, and Coleman counties leading the way in a number of wildcats drilled.

These exploration activities combined with the other major phases of the oil business — production, transportation, refining, processing, and marketing, helped to keep the oil industry during the past year a strong economic force in this community that less than 50 years ago had no commercial oil production. Daily average production of

crude oil by counties in North Texas is listed below.

Houston, Texas — Average daily production of crude oil in North Texas counties in 1953 was as follows:

NORTH TEXAS	
County	Barrels Daily
(Railroad Commission District 7 Band 9)	
Archer	25,431
Baylor	2,346
Brown	1,588
Callahan	3,152
Clay	14,211
Coleman	9,951
Comanche	964
Cooke	22,880
Denton	623
Eastland	2,802
Erath	83
Fisher	13,220
Foard	177
Hamilton	3
Hardeman	6
Haskell	8,872
Jack	19,481
Jones	22,285
Knox	3,320
Montague	26,314
Nolan	6,530
Palo Pinto	787
Parker	241
Shackelford	6,106
Stephens	6,135
Stonewall	20,194
Taylor	4,380
Throckmorton	8,450
Wichita	29,030
Wilbarger	9,508
Wise	1,094
Young	16,130
Gas condensate production for Districts 7B and 9 was 433 barrels daily for 1953.	

Bill Allen Grantz of Mertzon is visiting in the home of his grandparents, Mr. and Mrs. C. E. Reynolds.

Motorists here's proof: New super-refined gasoline solves today's No.1 engine problem

Now — Gulf refines out the "dirty-burning tail-end" of gasoline — the No. 1 trouble-maker in high-compression engines. Result: a cleaner-burning super-fuel that gives you thousands of extra miles of full engine power... free from knock or pre-ignition.

Gulf takes out the cupful of trouble. Ordinary gasoline (left) contains a "dirty-burning tail-end" that forms trouble-making deposits. Gulf takes out this carbon forming "dirty-burning tail-end"—more than a cupful (center) from every gallon—to bring you a super-refined gasoline (right) that offers more power-with-protection than you've ever known.

2 Lamp demonstration: Instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place; removes the cause—the "dirty-burning tail-end"—at the refinery. Just look at the plates in the unretouched photo above and see what a difference Gulf super-refining makes!

What's more, besides giving your engine more complete protection, new Super-Refined Gulf NO-NOX gives you extra gas mileage in the short-trip, stop-and-go driving motorists do most... no knock, no pre-ignition... instant starts and fast, fuel-saving warm-up.

COMPLETELY NEW! SUPER-REFINED New Gulf No-Nox THE HIGH-EFFICIENCY GASOLINE

East Cisco Baptist Church Holds Meeting

The W. M. U. of the East Cisco Baptist Church met Monday morning at the church for a royal service program entitled "Make Straight A Highway for God." The meeting opened with the group singing, "When I Survey The Wondrous Cross," with Mrs. J. O. Warren leading and Mrs. A. Coats at the piano. Mrs. V. Bosworth was in charge of the program. Theme for the program was "Prepare Ye The Way of the Lord." Mrs. Bosworth brought the devotionals from the books of Isaiah, Matthew, and Psalm and parts were given on Asia by Mrs. Annie Qualls; Africa, Mrs. Roy Marconell; Europe and the Middle East, Mrs. J. O. Warren; and Latin America, Mrs. A. A. Coats. Following prayer by Mrs. Bosworth, Mrs. Don Rupe conducted a short business session. Benny Edwards was elected as Junior L. A. leader and Mrs. Ennis Qualls community missions chairman, made assignments for the month. Mrs. Maud Lisenbee closed the

meeting with prayer. Those attending were Mesdames L. J. Nelms, M. B. Payne, A. A. Coats, R. O. Fenley, N. J. Tarver, Don Rupe, Ennie Qualls, Woodrow Howell, Bill Sharpe, G. A. Brown, Roy Marconell, Kerby Thetford, Kenneth York, R. E. Greene, J. O. Warren, V. H. Bosworth, Ollie Hughes, B. F. Thomas, and Maud Lisenbee.

City Federation Has Monthly Meeting

The monthly meeting of the City Federation was held Monday afternoon at the Club House with the president, Mrs. Don Choate, presiding. Mrs. Minnie Hill acted as secretary pro-tem in the absence of the secretary. An announcement was made that the City Federation will sponsor a Mental Health program on November 15 for the club women of this area. The program will be an all day meeting with a luncheon served at noon. Mrs. Van Hooks Stubb, immediate past president of the Texas Federation of Women's Clubs, will be in charge of the program, bringing a member of the Hogg Foundation as the guest speaker. Mrs. J. V. Heyser, Sr., was in charge of the program and played a record of the 63rd Annual Convention of the General Federation of Women's Clubs which met in Denver, Colorado, in June. Mrs. Heyser also showed pictures and souvenirs of the convention. Representatives attended from the Garden Club, the Delta Kappa Gamma, and the Delphian Club.

Mrs. J. V. Heyser, Sr., was in charge of the program and played a record of the 63rd Annual Convention of the General Federation of Women's Clubs which met in Denver, Colorado, in June. OES Meeting To Honor Mrs. Stella Lisenbee

A special meeting of the Cisco Chapter of the Order of Eastern Star will be held Tuesday (tonight) at 7:30 p. m. at the Masonic Hall honoring Mrs. Stella Lisenbee, Deputy Grand Matron of the Order of Eastern Star, Grand Chapter of Texas. Special guests have been invited and a special program planned. All members were urged to attend.

OIL IS AT YOUR SERVICE

In oil-producing states, schools are substantially supported by oil industry taxes.

Detergents and a hundred other items of daily use are derived from petroleum hydrocarbons.

Synthetic fabrics are made from petroleum hydrocarbons.

Petroleum fuels the machines of national defense.

Oil and natural gas supply power for industries.

Cars burn gasoline, use tires of synthetic rubber.

Homes are heated by oil- or gas-burning furnaces.

Natural gas is the fuel for millions of kitchen stoves.

Printing inks, paints and plastics are petroleum derivatives.

Oil powers the U. S. transportation system.

The products of the petroleum industry are literally everywhere. Every hour of every day, oil or natural gas serves you and virtually every other American. Oil is indispensable to our way of life; it makes the United States a better, safer country to live in.

The products of the petroleum industry, oil and natural gas, head the list of our most useful resources. A progressive, competitive oil industry, encouraged in the future as in the past, will undertake the further development that will keep them there.

You may wake in the morning in a room warmed by a furnace burning fuel oil or natural gas.

You drive to work, and your car burns gasoline, uses petroleum oils and greases for lubricants, rolls on tires of synthetic rubber which had their beginning in an oil refinery.

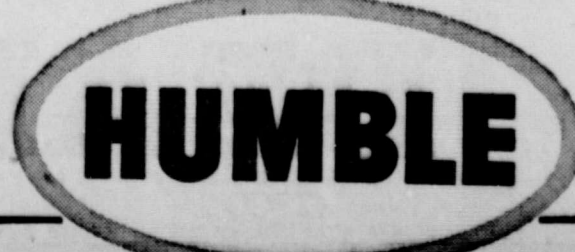

The plant where you work may depend on oil or natural gas as the source of its power. The oil and gas industry supplies 65% of the nation's energy requirements.

Meanwhile, if you live in Texas, your children are attending schools to the support of which the oil industry pays heavy production and ad valorem taxes. And your U. S. Army, Navy and Air Force plan the national defense with confidence that the oil industry has developed the proven reserves that can fuel their machines of war. Oil also supplies munitions—TNT for instance.

Finally, the lady of the house may prepare dinner on a stove fueled with natural gas, and you may go to bed in pajamas laundered with a petroleum detergent, after reading a newspaper printed with ink made from oil, in a room decorated with a paint manufactured from petroleum.

... And that's only a beginning.

It's Still the Thing To Do —

... even though it may be later than you think, to get an abstract to the property you bought recently or years ago without any knowledge of the title. Some folks wait too late to see their doctor or to catch the last train out and more of them commit errors in judgment when they buy real estate without an abstract. And the proper time to get an abstract is before you close the deal.

Exams Announced To Fill Federal Job Vacancies

The United States Civil Service Commission has announced examinations for Junior Agricultural assistant positions in the Department of Agriculture and the Department of the Interior throughout the country, and for Fishery Marketing Specialist positions in the Department of the Interior, both paying \$3,410 a year; and for Student Trainee, \$2,750 to \$3,175 a year, in various activities of the Potomac River Naval Command in Washington, D. C., and surrounding area, and the Engineer Center, U. S. Army, Fort Belvoir, Va.

Applicants for all of these examinations will be required to take a written test. In addition, for Junior Agricultural Assistant and Fishery Marketing Specialist, they must have had appropriate education or experience. The Student Trainee examination covers various fields of science and engineering and is for recruiting college students in these fields for participation in special training programs requiring alternate periods of attendance at college and work in a Federal agency. Further information, including instructions on applying, and application forms may be obtained from the Cisco Post Office or from the U. S. Civil Service Commission, Washington 25, D. C. Applications for the Junior Agricultural Assistant examination must be received, or post-marked, not later than November 9, 1954. The other examinations are open until further notice.

STOP!

It is dangerous to let cough from common cold hang on. Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated. Get Creomulsion quick and use as directed. It soothes raw throat and chest membranes, loosens and helps expel germey phlegm, mildly relaxes systemic tension and aids nature fight the cause of irritation. Creomulsion is guaranteed to please you or druggist refunds money.

HD CLUB TO MEET

The Pleasant Hill Home Demonstration Club will meet Thursday afternoon at two o'clock at the home of Mrs. Murlie Campbell for their regular meeting. Mrs. Bela Tucker will bring the lesson. All members were urged to attend.

Rummage Sale To Open Early Friday

Plans were shaping up Tuesday for the rummage sale planned by the women of the Cisco Country Club, and indications were that it would be the biggest sale ever held by the group. Women of the club who have not brought items for sale at the event were asked to bring them to the Reynolds Building either Wednesday or Thursday.

The sale will open at 9 a. m. Friday and will continue until the items are sold. Friday and Saturday, coffee, sandwiches and homemade cake will be sold, and the public was invited to come by to drink their coffee or to eat lunch. Meat and pimento cheese sandwiches will be sold during the two days. Many valuable items will be on sale, it was reported. There will be new hats, new shoes and many other articles of clothing available. There will also be many household items to be sold. Everyone was invited to visit the sale.

Mr. and Mrs. Bob Thomas and children of Big Spring were the weekend guests of her parents, Mr. and Mrs. C. E. Reynolds, and other relatives over the weekend.

Visitors in the home of Miss Fannie Stephens during the weekend were her sister, Mrs. Walter Hock of Loraine, and her nephew and family, Mr. and Mrs. W. T. Hock and Susan of Colorado City.

Mr. and Mrs. E. G. Pierce visited their daughter, Zelma Forbes, in Fort Worth over the weekend. They and their daughter also visited in Denton.

Mr. and Mrs. J. T. Edwards and children have moved to Hammond, Louisiana, where Mr. Edwards is manager of the Ritz Theatre.

Mrs. Ralph T. Wootton and Ralph, Jr., of Austin spent the weekend in Cisco with Mr. and Mrs. C. S. Karkalits and Louise.

Mr. and Mrs. S. N. Poe have returned from a visit in Hope, Arkansas. Mrs. Poe's aunt, Miss Ida Carlton, of Hope returned with them for a visit.

Mrs. Leo Phagan and children and Mrs. J. O. Rice visited Mr. and Mrs. C. J. Rice and family in Midland over the weekend. They were accompanied home by Marlene Rice for a two week visit.

FOR SALE: Seven 4-room, two 5-room houses and one 9-stall garage, to be moved from property within 60 days, located at Humble Pipe Line Company's May Station, 10 miles West of the town of May, Texas, or 1 mile North of Byrds, Texas. Separate bid to be rendered for each building. Sealed bids will be accepted until November 1, 1954. Rights reserved to reject any or all bids. Inspection Monday through Friday 8:00 a. m. to 4:00 p. m. only. Mail bids to Humble Pipe Line Company, W. C. Hogue, Cisco, Texas.

Pipe of Plenty

Today's oil and gas pipelines are like the mythical horn of plenty. Every drop of oil that powers your car and all the hundreds of oil products that add to your living enjoyment; and every cubic foot of gas that heats your home and serves you efficiently in dozens of ways, flow through a pipeline, at some time, on the long trip from the field to you.

Everyone in the oil industry has a job to do. Ours is to lay the lines for the companies that serve you. We are happy to be part of the great industry — an industry devoted to serving America and Americans.
