## The Gay Philosopher

By J. W. S.

MR. E. L. JACKSON, the state legion commander, invited us to make a trip with him Sunday and we accepted. His job for the day was to be the main speaker at two district conventions — Bowie and Mineral Wells. The state legion organization furnishes him an auto and pays his expenses, and Mr. ELJ contributes his time. The Legion folks pay the Cisco a fine tribute everywhere he goes. They're highly pleased with the splendid job he is doing. They honor him with frequent gifts. He has a new white "Texas" felt hat as a present from Legionnaires at Odessa, a handsome tie chain from another post, and luggage and other items that have come as gifts. Mr. Jackson's duties as the state commander are many. He was in Austin Monday for business. One item was to visit and be photographed with Governor Shivers. He attends meetings in Houston and Beaumont before returning home. And he is scheduled to speak at two district conventions (Clifton and Hearn) next weekend.

UP AT BOWIE, during the Sunday morning program, we heard a fine sermon by Mrs. Wilma Morse, the district chaplain. Mrs. Morse is a member of the Legion Post of Graham, having served in World War II. She is a licensed Methodist minister and serves in small rural churches as pastor. She receives frequent invitations to speak over her section of the state.

THE MAIL BRINGS us a composition written by a six-year old girl on the subject of "People." The item follows: "People are made up of girls and boys, also men and women. Boys are no good at all until they grow up and get married. Men who don't get married are no good either. Boys are an awful bother. They want everything they see except soap. My ma is a woman and my pa is a man. A woman is a grown-up girl with children. My pa is such a nice man that I think he must have been a girl when he was a boy." Little girls are very nice people, huh?

A GOODLY NUMBER of folks have called or stopped us to say "let's run it." They're all for running a special train to Weatherford for the football game on November 12. We believe that enough people would go to guarantee the train. Mrs. Reba Gorman, the Avon agent, won a nest of silverware recently in a sales contest. Her award was presented when she went over to Brownwood last week for a meeting of Avon salesladies. She was accompanied by Mrs. Malloy Johnson of Cisco. Mrs. Bethel Gallagher was a weekend visitor in Wichita Falls with her son and family. She reports that Hurricane Hazel's center hit within a few miles of the Marine Base at Cherry Point, S. C., where Lt. Donald Kent and wife (Mrs. G's daughter) live. Mrs. G. tried to call them but the lines were down Monday.

WAS INVITED out to see a big operation Saturday. At the Stewart Slatton place four and a half miles southwest of town, three bulldozers were in action. They were building an earthen bank. According to publicity from East Texas State Teachers College, Cisco's John Slaughter is doing nicely there. He has just been made a member of the caucus, an organization of singers. Cisco school officials expected to attend a district meeting in Snyder on Wednesday are Jack Verrett, C. B. Midkiff, Doyle Holmes and C. S. Harris.

COMES A NOTE from Mrs. Larve Woodriddle of Cisco, as follows: "I read in your column of the old oak tree in Dick Bollinger's yard. The Benny James who used to hang beef in the tree was an uncle of Harve Woodriddle. Uncle Ben and Aunt Kate James lived through the cyclone of 1893. Mr. James died in 1910, and Aunt Kate is living at Rising Star. She is 87 years old. Harve, who came to Cisco in 1899, learned the butcher's trade from his uncle Ben." Mrs. R. J. Stevenson, wife of the T&P Railway agent, called to tell us that we should talk with Mr. John Dye, 85, about the old oak on the Breckenridge highway. He played in the tree as a boy and still lives near it in Stephens county. He and his wife, 79, are still healthy and active.

BARS AND STRIPES—This newly born zebra in a zoo in Rome, Italy, is taking a bit of nourishment as his mother shakes her mane at the intruding photographer. No name had yet been chosen for the little "striper," which had been born in captivity.

## Midgets To Meet De Leon Eleven In Game Tonight

The Cisco Junior High School Midgets will go to De Leon tonight for a Junior Oilbelt Conference game with the De Leon Junior High School grid team. Game time has been set at 7:30 p. m. and the team will leave shortly after 5 p. m. Monday the team worked out in light equipment for the contest. The time was spent in kicking and in running through their defensive plays and handling the ball on offensive formations. Coaches Bobby Zellers and Bill Tate will probably start Wayne Brown and Billy Hammer at ends, Joe Tom Johnson and Frank Farnsworth at tackles, Johnny Richardson and John Adams at guards, Dickie Bennie at center, Johnny Choate at quarter, Benton Porter at full and Ronnie and Robert Bostick at halves.

## Area President To Attend West Ward P-TA Meet

Members of the West Ward Parent-Teacher Association will hold a regular meeting at 3 p. m. Wednesday, Oct. 20, in Rooms 2 and 4 at the school, it was announced today. Mrs. H. J. Rudloff of Fort Worth, district president, will be in charge of the program. Mrs. Rudloff and members of the executive committee will be honored with a luncheon by Mrs. Don Choate at her home at 1 p. m. Wednesday.

The annual P-TA membership drive is now in progress and anyone interested in being a member has been invited to join. Annual dues amount to \$1. All members were urged to attend the regular meeting.

## FINAL ARRANGEMENTS WILL BE MADE FOR ANNUAL C-C DINNER

The various committees will hold meetings this week to complete arrangements and plans for the annual banquet of the Cisco Chamber of Commerce, according to an announcement by Manager Paul Brashear. The annual dinner will be held on Saturday night, Nov. 6, at the Junior High School. Chairman W. O. Wylie of the Plan of Work Committee presided at a meeting of the chairmen of the various standing committees at the Chamber of Commerce Monday afternoon. The group was asked to offer suggestions for Mr. Wylie's committee to consider in recommending the 1955 Modern service for your Convenience Bank at the Drive-In Window. 1ST. NAT'L BANK—Member F. D. I. C.

## CAUSES OF WIND EROSION ARE OUTLINED IN ARTICLE BY SCS

A paper on "Causes of Wind Erosion" was released today by the Upper Leon Soil Conservation Service. The article follows: Use of unsuitable lands for cultivation ranks at the top of the list of things that cause wind erosion. It is easier to control soil blowing on the better croplands. Soils low in fertility deteriorate more rapidly and get in a condition to blow while better lands with the same treatment are still safe from blowing. Thin or very sandy soils that receive from 17 to 25 inches of rainfall can usually be prevented from blowing by an intensive use of the best conservation measures. On these lands, however, that receive less than 17 inches of rainfall, wind erosion is almost impossible to control when a long drought causes two or three successive crop failures. Most of the severe dust storms come from the thin or very sandy soils that are better suited to growing grass.

Use of the Land Other things over which man has control that cause soil to get in condition to blow are: (1) mismanagement of crop residue; (2) improper tillage methods or tillage at the wrong time; (3) planting the wrong kinds of crops on certain lands; and (4) loss of water that falls as rain or snow, where the practice of burning small grain straw and stubble or overgrazing stock fields is followed, the land will get in condition to blow any time drought prevents normal plant growth. Heavy grazing of small grain and trampling by livestock not only removes much of the plant material but also tends to pulverize the surface soil. Where crop residues are regularly plowed under to such a depth that they give the land no surface protection, the soil is likely to get in condition to blow. Any method of tillage that turns all crop residues may lead to soil blowing. A crop planted during a drought year is likely to fail, but soil blowing is not likely to occur if the ground surface is protected by residue of previous crops. Sandy soils blow more readily

than most other soils unless they have good surface protection in form of cover and litter. The use of crops which furnish little surface protection on these soils during the windy months of the year often leads to soil blowing. Loss of water that falls as rain may lead to conditions that will cause wind erosion. Unless water conserving practices are used, much runoff may occur. The loss of water through runoff often is the difference between a crop and a crop failure. A crop failure always tends to make the soil more susceptible to blowing. Drought, in itself, does not necessarily cause wind erosion. Drought simply helps cause conditions that may lead to soil blowing on land that is mismanaged. Soil that has adequate protection from the wind will not blow regardless of how dry it gets, and severe dust storms may start on bare fields only a few hours after heavy rains. The dust bowl of 1934 to 1940 was not caused by the drought but by loose, bare soil exposed to the wind. The dust bowl area had dry years long before the country was settled.

Serious soil blowing did not start until the land was plowed and the vegetation was removed. Farmers living on the land who survived the dust bowl have learned to control serious soil blowing, but less than half of the land is still being farmed by those who lived on it and survived the last dust bowl.

## Robert B. Wood To Be Buried In Wednesday Rites

Robert B. Wood, 65, who had lived in Cisco for a short time, died at 3:15 a. m. Tuesday in a Ranger hospital after a long illness. Mr. Wood came to Cisco a few weeks ago from Wichita, Kansas, to make his home with a sister, Mrs. Buck Myrick. He was born on August 7, 1889, in Gorman. Funeral services will be held at 2 p. m. Wednesday at Wylie Funeral Chapel with C. H. Johnson of Rising Star, retired Church of God minister, officiating. Burial will be in Oakwood cemetery under the direction of Wylie Funeral Home. Survivors are two sisters, Mrs. Myrick of Cisco and Mrs. B. F. Hodges of Lubbock; three brothers, W. B. Wood of Marvel, Colo., A. M. Wood of Randlett, Okla., and James Wood of San Antonio; a half-brother, D. D. Wood, of California; a half-sister, Mrs. Clyde Johnson, of Dallas, and his wife and four children of Wichita, Kansas. Mrs. W. W. Wallace and Mrs. R. B. Carswell were business visitors in Fort Worth Monday.

## Courthouse Records

- Property Transfers
- Oil & Gas Leases
- Court Proceedings
- Marriage License

The following instruments were filed for record in the County Clerk's office last week: L. M. Abel to Anderson Bros., warranty deed. John B. Alego to Hall Walker, revocation of power of attorney. Roy M. Brickman to Rose E. Day, oil and gas lease. J. B. Barnes to Jennie B. Wallace, assignment of oil and gas lease. Charlotte Brickman to J. B. Menefee, oil and gas lease. Paul T. Bullock to R. L. Bratton, warranty deed. R. L. Bratton to First Federal S & L Assn., deed of trust. Dozy L. Bowman to J. S. Hulin, warranty deed. Rowena Mae Bowman to The Public, proof of heirship. E. P. Crawford to F. M. Underwood, release of vendor's lien. City Drug Company to The Public, assumed name. J. E. Connally to Jim W. Crofford, assignment of ORR. Jim W. Crofford to J. E. Connally, assignment of ORR. E. E. Callaway to Lela Ann Taylor, deed of trust. Clark P. Chandler to J. B. Barnes, assignment of oil and gas lease. Aubrey Carver to Veterans Administration of United States, warranty deed. Lee Culwell to Mrs. Addie Culwell, warranty deed. Iva Lovett Camp to Chester R. Shaw, warranty deed. City of Ranger to The Public, restrictive covenants. J. E. Connally to Jim W. Crofford, assignment of oil and gas lease. Ernestine Callahan to B. Frank Bridges, assignment of oil and gas lease. City of Ranger to Pearl Guinn, quit claim deed. Earle H. Clark to Fort Worth National Bank, deed of trust. A. B. Cornelius to A. W. Hennessie, release of lease contract. Clark P. Chandler to Cen-Tex Supply Company, MML. Bettie Moody Wall Cross to The Public, affidavit. J. R. Dill to The Public, affidavit. Mary Darnon to Clovis C. Stovall, warranty deed. C. H. Everett to C. J. Langlitz, warranty deed. H. E. Edwards to W. E. Hallenbeck, MML. O. M. Evans to Cecil C. Carr, assignment of oil and gas lease. E. H. Ellington to Mrs. Cleo Red, quit claim deed. O. M. Evans to W. Fred Cox, assignment of oil and gas lease. First State Bank, Abilene, to Jay Loy Turner, release of deed of trust. Federal Land Bank of Houston to M. D. Speagle, release of deed of trust. Federal Land Bank of Houston to O. C. Holcomb, sub. of lien. Mary L. Fuller to Calvary Baptist Church, Cisco, warranty deed. First Federal S & L Assn. to H. W. Phillips, release of deed of trust. First Federal S & L Assn. to D. H. Spencer, release of lien. Fannie Lee Freeman to Jess L. Flippen, warranty deed. Fannie Lee Freeman, guardian to Jess L. Flippen, guardian's deed. Nelson H. Geist to Mildred B. Geist, revocation of power of attorney. Nelson H. Geist to Mildred B. Geist, power of attorney. Mrs. Reba Gorman to First Federal S & L Assn., deed of trust. H. R. Garrett to First Federal S & L Assn., deed of trust. Irving Greenspan to Victor Cornelius, assignment of oil and gas lease. Albert G. Gage to Wesley E. Gage, warranty deed. Ray McGee to John L. Pope, assignment of oil and gas lease. Louise McCoy to Standard Oil Company of Texas, oil and gas lease. C. M. McCain to Stephenville Prod. Credit Assn., deed of trust. North American Car Corp. to Tom B. Stark, release of oil and gas lease. George E. Norwood to O. E. Mitchell, MD. Occidental Life Insurance Company of California to J. E. Foster & Son, Inc., general warranty deed. M. H. Offield to Bankers Life Company, deed of trust. M. A. Oliver to E. C. McClelland, deed of trust. J. L. Pevey to W. L. Pevey, quit claim deed. T. E. Pope to Robert H. Purdon, cor. warranty deed. Robert H. Purdon to C. M. McCain, warranty deed. C. L. Pittman to James H. Boggus, release of lien. Clyde Persful to E. D. Spears, assignment of oil and gas lease. Mrs. Cleo Red to First Federal S & L Assn., deed of trust. C. C. Rutherford to Lee Culwell, warranty deed. Mrs. W. T. Rutherford to E. C. De Montel, oil and gas lease. A. R. Raber to H. T. Wilson, assignment of oil and gas lease. James T. Rush to W. D. Smith, quit claim deed. M. E. Shell to First National Bank, Gorman, deed of trust. Louella Smith to Durham Peanut Company, warranty deed. Peggy Louise Sharp to The Public, report of birth. Amanda Stafford to T. L. Parkes, warranty deed. R. M. Harrison

## TICKETS PLACED ON SALE FOR SEASON'S CONFERENCE OPENER

Tickets for the Cisco Lobo-Ranger Bulldog football game here Friday night, which will open the 1954 conference race for both teams, were placed on sale at all drug stores here Monday.

One of the largest crowds of the season is expected for the game, which will see a renewal of one of the oldest rivalries in West Texas. Ranger is expected to bring along hundreds of fans, and most all fans in Cisco are expected to be at the field for the kickoff. Both the Lobos and the Bulldogs have won three and lost two in their pre-conference play. Ranger has lost to Colorado City and to Brownwood, and has victories over Brewer of Fort Worth, De Leon and Eastland. Cisco has lost to Brady and Colorado City, and has wins over Eastland, Roton and Coleman.

The Bulldogs played in 1-A competition last year and went on to win the state championship in that division. In 1952 the Bulldogs were not in the district with the Lobos and were not on the Cisco schedule. The game Friday night will be the first meeting of the teams since the 1951 season. The Bulldogs are coached this year by Boone Yarbrough, who is assisted by Stubby Warden. Last year, Warden was head coach and Yarbrough was the assistant.

Local fans were urged to purchase their tickets before Friday in order to relieve congestion at the ticket windows on game night. Three gates will be open for the contest. The gate at the main entrance and gates on the east and west ends of the Cisco side of the field will be manned by ticket sellers and ticket takers. Fans were urged to take advantage of the west gate on the Cisco side.

The Lobos began work in earnest Monday in preparation for the game. The coaches put them through the paces following a week of light drills. Both the Lobos and the Bulldogs had an open date last week.

## Boosters Club Will Hold Meeting Tonight

The Cisco Boosters Club will meet at 7 o'clock tonight at the high school building to make plans for the Ranger game Friday night. President Bob Latson urged all members of the club to attend the meeting to have a part in the planning. He said that films of some of the local games would probably be shown at the meeting.

## 'B' Team Coach

Pictured above is Lynn Glass, who handles the "B" team coaching chores, and does most of the scouting for the Lobo team. Coach Glass is in his first year at Cisco. He is a native of San Angelo where he lettered in both football and basketball. He is a graduate of McMurry College. Coach Glass spent a year at Rochelle where he coached football and basketball. He is a Navy veteran with four years service.

## Reynolds Leads Lobos In Yards Gained Rushing

Tommy Reynolds, Lobo quarterback, was leading the pack in the running department for the first five games of the 1954 season, statistics revealed this week. Reynolds had carried the ball 55 times for a total of 579 yards on the ground for an average per try of 10.5 yards.

Reynolds was also leading in the scoring department with 53 points in the five games. His average prior to the Colorado City game was 14 yards per try.

The statistics on ground plays for the Lobo backs follow:

Player	t.c.b	yards	avg.
Reynolds	55	579	10.5
Pippen	34	253	7.4
Lipsey	24	168	7
Gallegos	44	303	6.9
Whitehead	9	63	7
Gilmore	22	88	4
Carlile	5	40	8
Ewell	5	65	13
Ford	2	0	0
Hayes	5	20	4
Total	205	1579	7.72

NOT REALLY—A huge scale model of the French aircraft carrier Georges Clemenceau draws surprised glances from viewers in Paris, particularly because the "vessel" is anchored in the comparatively shallow Seine River. The model was on display at the Salon Nautique, and it was only a preview of a warship that has yet to be constructed. But it was enough to give onlookers an idea of what's to come.

## Legion Post Will Sponsor Veterans Day Program Here

October 20 through November 11 has been designated by President Eisenhower, Governor Allan Shivers and many Texas cities as "American Legion Days" and the local John William Butts Post of the American Legion is planning to dedicate that period to acquainting Texas citizens with the program of the organization, according to Post Commander J. B. Sitten.

According to the commander, October 20 is the beginning of the new fiscal year of the American Legion and since World War I, November 11 has been known as "Armistice Day."

"American Legion Days" will be concluded locally with a full scale observance of November 11 which has now become known as "Veterans Day."

Commander Sitten explained that Armistice Day, VJ Day, VE Day and other dates were all of great importance but it was decided to name one day in the year when all veterans will be honored.

The Texas Legislature and the United States Congress have designated November 11 as "Veterans Day" and the American Legion plans to make its first observance a banner one in Cisco. Fitting observance and memorial services are planned for November 11. Full co-operation from business houses, schools and other organizations has been assured.

During the "American Legion Days" observance, Legionnaires will make a special effort to inform veterans of World War I and II and the Korean conflict with the aims and purposes of the American Legion, Commander Sitten stated.

## New Boyce House Book Will Have Eastland Premier

A Hollywood-like "premier day" in Eastland on Tuesday, Nov. 9, will launch the publication of Boyce House's newest book, "Oil Field Fury," true story of Eastland County's fight to regenerate itself after the oil boom of the early 1920's.

Author, holder of the all-time best-selling Texas books, including "I Give You Texas," was editor of the Eastland Daily Oil Belt News then and found himself an actor in, as well as chronicler of, the stirring events.

He will make three personal appearances in Eastland on the premiere day of "Oil Field Fury." At noon he will address a joint meeting of the Lions and Rotary clubs at the First Methodist Church, with the Lions Club as hosts.

Later in the afternoon he will speak at a special assembly of Eastland High School in the auditorium, to which the public is invited.

He also will autograph copies of "Oil Field Fury" during the day at the Eastland Drug Store, Lamar and Main streets. House will be accompanied to Eastland by Joe Naylor, president of the Naylor Company, San Antonio, publishers of "Oil Field Fury."

"Oil Field Fury" is filled with action, humor and colorful individuals and is a real item of Texana," Naylor said. While the events described took place in the early 1920's, the book also flashes back to portray the frenzy of the world's biggest boom at Ranger, and even goes back to the dramatic Cisco cyclone and to the semi-comical first bank robbery in Cisco before the turn of the century.

"Oil Field Fury" will go on sale for the first time anywhere in Eastland on Nov. 9, and will be \$2.75 per copy.

Mrs. Jack Rawson underwent major surgery in St. Ann's Hospital in Abilene last Thursday. She is reported to be doing nicely. Rev. and Mrs. H. K. Neely, Jr., and baby of Waco spent the week end in Cisco with their parents, Mr. and Mrs. H. K. Neely, Sr., and Mr. and Mrs. Harry Schaefer. Mr. and Mrs. Don Taylor and son, Maury, of Abilene visited her aunt and uncle, Mr. and Mrs. Alex Zander, Saturday night.

# THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

J. W. SITTON and TED READ Publishers

Published Daily except Saturday and Monday at Cisco, Eastland County, Texas, by Free Press Publishing Corporation, incorporated under the laws of Texas. Editorial and publication offices at 304-306 D. Avenue, Cisco, Texas.

**SUBSCRIPTION RATES**  
\$3.00 per year by mail (outside Cisco) in Eastland, Stephens and Callahan Counties, Texas. In other Texas Counties, \$5.00.  
Per year in advance (Cisco, by mail) \$5.50  
Per week (by carrier) 15c

## SLOW DOWN AT NIGHT

"Cut your speed after dark," Col. E. B. Tilley of Houston, President of the Texas Safety Association, told the motorists of Texas today. Col. Tilley said that this bit of advice, which is the safety slogan of the October night traffic hazards program being sponsored by the Texas Safety Association, the Texas Department of Public Safety, and the National Safety Council, can do a lot to reduce the terrible death toll of night traffic accidents.

"Last year night-time traffic accidents took 21,000 lives," he said. "Many of these accidents undoubtedly were due to motorists trying to drive as fast after dark as they do in daylight. But vision is reduced considerably at night, and safe practice calls for a comparable reduction in speed, plus increased caution."

He listed nine safety rules for night driving:

1. Slow down. Don't regulate your speed by posted limits alone. Remember, speed must be governed by conditions, and darkness is a condition that calls for caution.

2. Have your car checked frequently.

In darkness, immediate response of the vehicle is a must. Doublecheck all lights.

3. Be alert. Keep a constant look-out for pedestrians and for vehicles with dim lights or no lights at all.

4. Don't wear tinted glasses at night. The advantage they offer in cutting glare is more than offset by the disadvantage in reduced vision.

5. Use headlights properly. Use upper beam only on rural highways when no approaching car is within 1,000 feet. Use lower beam when oncoming cars approach, when you are overtaking another car, and when driving in cities and residential areas.

6. Dim your lights even though an oncoming driver fails to dim his. Trying to get even by blinding him is risking your neck. Maintain control of your car by looking at the right shoulder of the highway.

7. Be sure all lights on your car are turned on before you pull onto a thoroughfare at night.

8. Never stop on the travel portion of the highway at night. If you must stop at night, pull completely off road leaving parking and dome lights on. Carry flares for use in emergencies.

9. Drive by the Golden Rule. Give the other fellow the benefit of any doubt in traffic. Make courtesy your code of the road.

### FOR QUALITY WORK

when shoes need repairing, customers want the best. We have it. We specialize in re-dyeing, re-finishing, and re-sueding shoes and purses by modern factory methods.

PHONE 166 — CISCO — 9th AT AVE F.

**COWBOY IN MANHATTAN**—Little Vincent E. Knapp wears real cowboy boots and hat as he watches some Westerners on horseback march into the grounds around Bellevue Hospital for an annual show. Patients in the children's ward were treated to a rodeo, which is very pleasant and effective medicine for the shut-ins.

**SPOTTY MUSIC**—All set to play in many spots is Patience Miller, 19, a drummer in the British Women's Royal Air Force Band in Uxbridge. Wearing a leopard skin robe, she's performing in 12 English towns while on tour with the band. Admiring her fancy costume is Barbara Mace.

**COOLING OFF**—San Francisco's normally pleasant weather went out of kilter as the mercury hit an all-time high of 90 degrees. Shown beating the heat, keeper Billy Willis shares an ice cream cone with "Little Joe," of the performing troupe of chimps at Fleischhaker's Zoo.

## Five Ciscoans Are Students At H-SU

ABILENE, Oct. 19. — Five students from Cisco are enrolled at Hardin-Simmons University for the 63rd session of the University. Hardin-Simmons, a co-educational, liberal arts school, was founded in Abilene in 1891 by the Sweetwater Baptist Association.

From a modest beginning with \$5,000 capital and 16 acres of land, the University has grown into one of the top Southern Baptist colleges and now boasts one of the most modern educational plants in the Southwest with more than \$5,000,000 resources.

Cisco students attending H-SU are: Jane Huestis, Dorothy Steffey, Sherman Ervin, Max Cawley, and Norma Crownover.

Mr. and Mrs. Elbert Pierce visited in Cross Plains Sunday with relatives and friends.

Mr. and Mrs. Marshall Jones and daughter, Lynn, visited the State Fair in Dallas Sunday.

## FOR SALE

To settle the Dr. Oldham estate, we are offering 6-room residence at 812 W. 8th St.

Also, 7-room residence with 3 lots at 408 W. 19th St.

2 City Blocks and other vacant property between E. 10th. and E. 12th. St. and Beech and Humble Avenues, and a corner lot at W. 13th. St. and Ave. J. Priced to sell. Houses shown by appointment. Sell any or all these properties.

6-room home with several acres of ground, barn, city water, and tank. Ideal for poultry farm and hog raising.

Beautiful 3 bed-room residence with large corner lot. On pavement. Lots of shade trees.

Lovely home with 20 acres of land. All conveniences.

2½ acres ground and 5-room residence, outbuildings.

Several acres of land, double garage with living quarters above. Chicken-house.

5-room bungalow on W. 11th. St. A Buy.

# SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

## Lutheran Missionary League Has Meeting

The October business meeting of the L.W.M.L. of Grace Lutheran Church was held Sunday morning at the home of Mrs. Betty Prange.

## High School Girls Meet

The first meeting of the 4-H girls of Cisco High School was held Thursday evening, October 14, at the home of Miss Evelyn Berry.

## First Baptist TEL Class Has Meeting

The T.E.L. Class of the First Baptist Church met Thursday afternoon at the church for their monthly meeting.

## Miss Billingsly Is HD Meeting Speaker

Mrs. W. Z. Latch was hostess in her home Monday, October 18, for the semi-monthly meeting of the Lake Cisco Home Demonstration Club.

## Cheryl Linda Bisbee Has Birthday Party

Cheryl Linda Bisbee celebrated her eighth birthday Saturday, October 16, with a party at her home, 1402 Bullard.

## Sunday School Class Enjoys Social Event

The Seven Year Old Girls Sunday School Class of the East Cisco Baptist Church met Sunday afternoon at the home of their teacher, Mrs. H. H. Curtis, for a social.

## Gal's Eye View

This tourist in Paris took advantage of a lamplight repairman's ladder to snap a good view of the famous Obelisk in the Place de la Concorde.

Rev. Elser stated that first the gospel overcomes man's greatest evil, the evil of sin, and that it is the only cure and secondly that it overcomes social evil. A discussion on welfare work was held.

Mrs. Carl Stroebel, president, conducted a short business session. Mrs. E. J. Wende was welcomed as a new member. Plans were made for a rummage sale to be held November 5 and 6 and the meeting was dismissed with all praying the Lord's Prayer in unison.

Refreshments were served to the pastor, several children and the following members: Mesdames Winona Lanham, J. G. Elser, A. O. Lenz, Max Witt, Johnnie Gerhardt, Ed Wende, Ernest Reich, W. J. Prange, Carl Stroebel, R. H. Dunning, Alex Zander, Paul Weiser, Fred Stroebel, Fred Wende, Joe Weisse, E. J. Wende, Marie Fricke, O. J. Weiser, and Mrs. Prange.

Mrs. I. J. Davis opened the meeting with prayer and Mrs. Arch Birt gave the devotional. The teacher, Mrs. A. R. Day, conducted a clinic on the duties of class officers and the meeting was dismissed with prayer.

Refreshments were served at the close of the meeting to Mesdames O. B. Bond, Arch Birt, E. C. Duncan, Fred Grist, Frank Walker, Merlin Kinsey, O. L. Mason, W. J. Parsons, Eula Grantz, G. B. Langston, W. J. Poe, W. H. LaRoque, I. J. Davis, W. P. Caldwell, C. S. Karkalits, and C. P. Cole.

Hostesses for the meeting were Mrs. E. C. Duncan, Mrs. Fred Grist, and Mrs. Eula Grantz.

The next meeting of the class will be held November 4 at three o'clock at the church.

Mrs. W. D. Hazel called the club to order and routine business matters were transacted. Mrs. W. W. Sawyer led the group in playing a game.

Miss Minnie Mae Billingsly, new county Home Demonstration agent, was present and gave a lesson on "Covering the Floors." The meeting was dismissed in regular form.

Refreshments were served to three visitors, Mrs. A. Y. Ball, Mrs. Ed Wende, and Miss Billingsly, and the following members: Mesdames A. T. Gorr, W. D. Hazel, W. W. Sawyer, V. C. Estes, W. V. Gardenhire, C. A. Ditmore, Ray Judia, and the hostess, Mrs. Latch.

Those attending the party were Kathy Abbott, Charles Cleveland, Jolene Burnam, Patty Sue Morrison, Jenny Merle Parks, Patricia Elms, Mary Webb, Joan Parkinson, Jane Jessup, Billy Westfall, Ethel Starr, Connie Comingore, Robert Lamb, Mrs. S. A. Lamb, Mr. and Mrs. S. C. Bisbee, Mrs. Troy Lamb, Mrs. Jo Jessup, Mike Bisbee, and the honoree, Cheryl Linda Bisbee.

Brother Smith of Brownwood brought the devotional and the girls joined in singing several songs. Special numbers were sung by Sue Ann Neely. Games were then played and refreshments of cake, candy, punch and coffee were served.

Those attending were Sue Ann Neely, Glenda Gooch, Nancy Lenz, Dixie Lee Bittick, Jean Donham, Donna Worfould, Sandra Worfould, Carolina Lenz, Karla Curtis, Mr. and Mrs. H. H. Curtis, and a visitor, Mrs. McCall.

Mrs. George P. Fee has returned from a week's visit in Bellaire with her daughter and husband, Mr. and Mrs. R. E. Fairchild.

**CROWN OF CATHOLICISM**—The very top of St. Peter's famed cupola in Rome is shown in this unusual photo made with an extra long lens. Vatican tourists are seen crowding the observation platform for a view of Rome, 435 feet below. The huge brass rail atop the dome, which usually appears as a tiny dot in photographs, is large enough to hold 12 people.

**BEAUTIES FACE-TO-FACE**—American actresses Jane Russell, left, and Jeanne Crain make a perfect pair in Paris, the very site of Christian Dior's flat-fronted fashions. The two well-equipped ladies are filming "Gentlemen Marry Brunettes" on location in Paris, London and Monte Carlo, before they return to the movie factories of Hollywood.

**GAL'S EYE VIEW**—This tourist in Paris took advantage of a lamplight repairman's ladder to snap a good view of the famous Obelisk in the Place de la Concorde. Of course, while she was occupied with her camera, someone else obviously came along and got this photo of her. It's a very good view of some exceedingly straight stocking seams.

# Now! Gulf takes out the cupful of trouble in every gallon

... to bring you the new Super-Refined No-Nox Gasoline that gives more power-with-protection than you've ever known.

**1** Gulf takes out the cupful of trouble. Ordinary gasoline (left) contains a "dirty-burning tail-end" that forms trouble-making deposits. Gulf takes out this carbon forming "dirty-burning tail-end"—more than a cupful (center) from every gallon—to bring you a super-refined gasoline (right) that offers more power-with-protection than you've ever known.

**2** Lamp demonstration: Instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place; removes the cause—the "dirty-burning tail-end"—at the refinery. Just look at the plates in the unretouched photo above and see what a difference Gulf super-refining makes!  
What's more, besides giving your engine more complete protection, new Super-Refined Gulf NO-NOX gives you extra gas mileage in the short-trip, stop-and-go driving motorists do most... no knock, no pre-ignition... instant starts and fast, fuel-saving warm-up.

COMPLETELY NEW! SUPER-REFINED  
**New Gulf No-Nox**  
THE HIGH-EFFICIENCY GASOLINE

### Questionnaires In Hunters' Survey Being Mailed Out

AUSTIN, Oct. 19. — The first questionnaires in a state-wide hunters' survey are being sent out by the Game and Fish Commission in an effort to determine effectiveness of present regulations governing the wildlife harvest.

The Executive Secretary said that, if the selected list of Texans cooperate, far-reaching changes may be effected, probably toward liberalizing harvest rules, such as increased bag limits and hunting periods.

The Commission made a random choice of 7,500 names from game license records, without relation to residence locations and areas hunted.

These 7,500 persons now are receiving the first of two questionnaires. Both are printed on ordinary postcards and are self-addressed and stamped to facilitate the return.

The first card, now being distributed, lists seven major species and bears printed instructions requesting that the recipients indicate which species they plan to hunt this season.

Later, a second card will be sent out, asking for information on the hunters' luck, what they bagged and, equally important, if they bagged nothing.

The Executive Secretary pointed out that the questionnaires should not be signed. Names are not necessary, and thus persons squeamish about stating their own luck publicly will be accommodated. In any event, the cards should be returned promptly.

"Almost every Texan has a secret desire to have something to say about hunting regulations," said the Executive Secretary. "Well, for the 7,500 whose names have been selected, here is their chance. They certainly will be more than a mere statistic. We apparently are having a die-off from overpopulation among some species. If true, this slack should be taken up by the hunter."

This is the first time the Com-

**MAKING A U.S. BID**—A saucy swimming ensemble by Schiaparelli is modeled by Denise Mercier at a showing in Miami Beach, Fla. The three-piece outfit, including an oversize handbag, is of elasticized orlon covered in black sequins. Formerly unavailable in North America, the Schiaparelli suits are now being made in New York from original Paris designs. So, ladies, just step up and make your purchase.

mission has undertaken a statewide survey. Success of such studies on a regional basis prompted the present undertaking.

Calculations made from replies from the select list will be used to determine figures on the amount of game taken. Technicians explain that there have been apparent major discrepancies in the inventories of available game compared to the amounts taken and that confirmation of this report could lead to liberalized hunting regulations.

The Texas survey, in the case of waterfowl, will parallel that in the other states in the Central flyway. Technicians believe that duck hunters would be the first to benefit from a successful survey.

### Book Published By Former Area College Teacher

NEW YORK, N. Y.—Wanda Liles Kellett has told the true story of a man who came back from hell. The man is her husband, Jay D. Kellett, a survivor of the fall of Manila, the Bataan death march, and Corregidor.

Mrs. Kellett's gripping account of the torture inflicted upon her husband by a merciless enemy is entitled **WINGS AS EAGLES** (\$2.75), and has just been released by Vantage Press, New York book publishers.

**WINGS AS EAGLES** depicts as the average American serviceman — "the little guy who fights the big war" — finds it. In biting terms, Mrs. Kellett shows us the animal horror of man's brutality to man.

Though cast into a pit of blackest despair, Jay Kellett managed to sustain faith and courage until his ultimate release by American forces. The almost-unbelievable story of his imprisonment — with the beatings, the torture, the starvation that literally drove men mad — is something that no

reader will soon forget.

Mrs. Kellett, now living in Tyler with her husband and three children, was at one time an actress with the Pasadena (Calif.) Playhouse. She studied at North Texas State College, remaining there for a year as assistant speech professor. Later she taught in Ranger (Texas) Junior College.

Of her new book, the author declared recently, "I have endeavored to prove that man can survive anything if he puts his life in God's loving hands."

## Gas savings! Repair savings! Longer life!

**90 acres less "piston rub"**

... than "the other" leading truck, in every 10,000 miles of truck travel

New Ford 6 1/2-ft. F-100 Pickup, GVW 4,800 lbs.

New Ford LOW-FRICTION V-8 develops up to 16% more power... has 21% shorter piston stroke and 21% slower piston speed!

In every truck engine, there's the rub, rub of piston rings against cylinder walls as pistons stroke up and down. "Piston Rub" means friction. Friction is wasteful. It helps to wear out your engine. And friction reduces usable power inside the engine before it can get to the wheels.

Ford reduces "Piston Rub" by shorten-

ing piston stroke. In the 130-h.p. Power King V-8, for instance, the piston stroke is 21% shorter than that of the other leading make. And, in 10,000 miles of truck travel, the Ford V-8 has the equivalent of only 313 acres of "piston rub" per cylinder—90 acres less than the other-make's 403 acres.

It stands to reason that Ford's reduction of "piston rub" and friction will mean gas savings, repair savings, and longer engine life.

Only Ford Trucks give you modern high-compression, LOW-FRICTION, overhead-valve, deep-block engines in any size truck you choose.

And, for the power they develop, Ford's new line of V-8's and Six have less cubic inch displacement than any other truck engine line. Less displacement usually means less gas. For complete details, see your Ford Dealer now!
