VOLUME XXXIV

CISCO, TEXAS, WEDNESDAY, NOVEMBER 3, 1954

NUMBER 236

The Gay Philosopher

By J. W. S.

SOMETHING LIKE 1,000 West Central Texas oil men and members of their oil and gas association will gather over at Abilene for their annual membership meeting Thursday. There's a full program of technical meetings, luncheons and the like. The day ends with a banquet at H-SU's Rose Field House.

Cisco will have a number of representatives there. And it might interest you to know that the programs for the meeting and banquet have a 4-color cover from a painting by Cisco's Randy Steffen. What is more, the programs were printed in Cisco by The Press. Our printing department has been busy on the job for about a week.

Had to burn a little night oil this week to get the job out as it took longer than expected to get the plates for use in printing the cover. The plates were made by a new process out on the west coast. The finished product looks very natural, thanks to the blend of four colors of ink.

Mr. E. A. Boone, our pressman, was hampered in the work somewhat. He got one of his fingers tangled up in a metal saw the other day and the finger has been in bandages since then. The job was finished and sent over to Abilene early this afternoon.

WE WANTED to drop by the workshop of the Girl Scout adult leaders over at the First Christian Church basement Tuesday because the list of items the ladies were told to bring puzzled us. But we had too much work to do. In case you missed it in last Sunday's paper, the list of materials the ladies had to take included:

A nose bag lunch, 50 cents for craft fees, a pound coffee can, two large cigar boxes, a tuna can, a six inch paper plate, 15 tender soaps, two twigs, a fancy edged handkerchief, sewing equipment and an old felt hat.

Wouldn't you like to have seen what in the world they did with all that stuff?

ENJOYED WATCHING the television about the election last evening. It's incredible how they can bring into your living room the national Republican headquarters, the Democratic headquarters, senators, governors, presidents and the various cities over the country. It's very educational and the young folks today are fortunate.

The TV sets here have been worth the money since the Abilene station got on the air. You can depend on it for good reception all of the time. You still get 25% reception from Fort Worth, Dallas and Wichita Falls.

See by the Baird paper that Dub Bowlus, a popular TV announcer on the Abilene station until he resigned recently, is a native of Baird. He left the station, according to an item in the paper, to seek bigger and better opportunities elsewhere.

YOU'D BETTER hurry up and get your tickets for the annual banquet of the Cisco Chamber of Commerce. It takes place this Saturday night and there's a fine program with an outstanding speaker. Let's all show our interest in the progress and future of our town by attending the dinner.

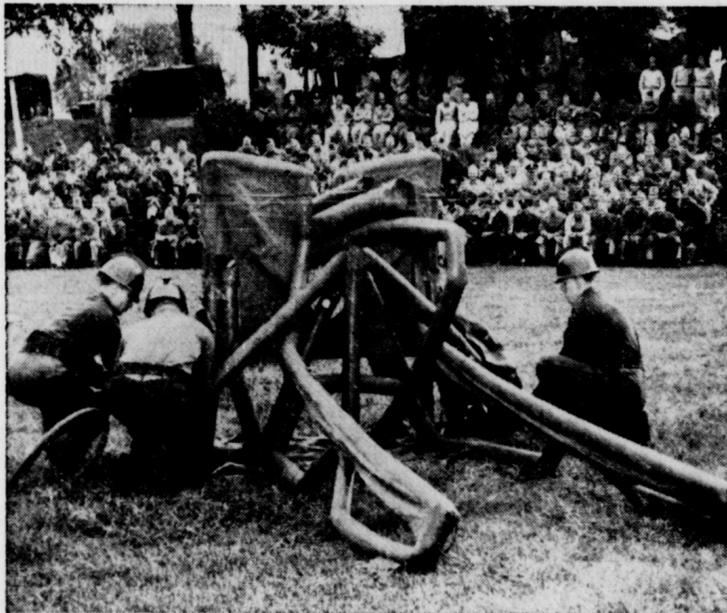

President Anton White of the CoC is a director of the Texas Manufacturers Association, and he is supposed to attend the annual meeting of the organization this week in Dallas. He'll be back in a day or so before the banquet.

The CoC banquet will be the 3rd for Mr. E. L. Jackson, immediate past president. He attends the West Texas oil dinner in Abilene Thursday night, a dinner for the National Legion Commander in Brownwood on Friday night and ceremonies there Saturday morning and then back to Cisco for the CoC dinner. Mr. J's Sunday program calls for a meeting in Jacksonville.

A LAZY BOY is asked to divide one-half of a certain number by 3 and the other half by 10 and then add the quotients. To save work he divided the whole number by 9 and his result was too small by one. What was the number?

See DON PIERSON Olds-Cadillac Before You Trade!

NEW AUTO BANK LOAN RATE 10% per \$100 per installment Month

SIGN OF "INFLATION"—Sprawling rubber tubes are inflated by three members of the Army's "Aggressor" force at Fort Leavenworth, Kans. An automatic compressor unit filled the tubes to give their full form of a 105-millimeter howitzer. Some 600 Army officer-students watched the display of special training equipment, including simulated gun bursts.

Community Chest Official Pleased With Drive Here

"It really gave me a thrill!" That was the reaction of the Rev. Sidney Spain to the headline in Sunday's Press regarding the completion of the Cisco Community Chest drive for 1954. Rev. Spain is president of the Chest this year.

"I would certainly like to express publicly my praise and appreciation to the directors of the drive," Rev. Spain said. "Bob Hammett and Rev. Leslie Seymour have done a fine job as the co-chairmen. It was through their thorough planning, hard time-consuming work, and persistent follow-up that the victory was achieved."

Rev. Spain also paid tribute to the efforts of D. N. Morrison, chairman of the business area solicitation, and Mrs. Don Choate, chairman of the residential districts. He said he believed that the canvass was conducted more thoroughly this year than ever before.

Rev. Spain called upon those who have not yet made a gift to be sure and do so, in order that the minor overhead expenses of the drive may be met, and a little reserve be accumulated, as well as paying the participating agencies in full.

Baylor Band Has New Uniforms This Week

WACO, Nov. 3. — Baylor University's Golden Wave Band, 115 members strong, will be dressed in new uniforms when they march for a coast-to-coast television audience between halves of the Baylor-University of Texas football game Saturday afternoon, Nov. 6.

Donald I. Moore, director of the musical unit, said that newly green uniforms trimmed with white have arrived just in time for the game which will be carried over the NBC-TV network.

Membership of the band was selected in highly competitive eliminations from all applicants at the beginning of the school term. Members include: Jane R. Flint, Cisco.

CoC DIRECTORS STUDY PLANS FOR ANNUAL DINNER AT MEET

Plans for the annual Chamber of Commerce banquet to be held at the junior high school gym Saturday at 7:30 p. m. were completed at a luncheon meeting of the board of directors at noon Tuesday at the Victor Hotel.

Committees reported at the meeting that everything was in readiness for the banquet meeting and that advance ticket sales indicate some 300 would attend.

Frank P. Johnson of Kewanee, Ill., state legislator and famed as an after dinner speaker, has been secured as the banquet speaker. Jack Chambliss, head of the music department at Cisco Junior College, has arranged the musical program which will feature the madrigal singers of

JUNIOR HIGH MIDGETS TRIUMPH OVER EASTLAND TUESDAY NIGHT

The Cisco Junior High School Midgets were forced to come from behind twice in Eastland Tuesday night, but went ahead to win their Junior Oilbelt Conference contest from the Eastland Junior High School Dogies 32-19.

The classy Dogies, who had lost only to Breckenridge in previous conference games, took an early lead when they took the opening kick and in two plays had scored. Cisco came back to knot the count, but were trailing again at the end of the first period. At the beginning of the second quarter

Albany Will Play Lobo Eleven Here Thursday Night

The Cisco High School Lobo "B" team will play their final home game for the 1954 season at Chesley Field Thursday night with the Albany High School "B" team.

The Lobos will be seeking revenge for a licking administered by the Albany team on October 21.

Coach Lynn Glass said his probable starters would be Bobby Laird and Lee Swindle at ends; James Donham and Johnny Carson at tackles; Harold Donica and Charles Lavery at guards; Bobby Cluck at center; Tuffy Carlile or Ronnie Edwards at quarter; Larry McCanlies, Clyde Butler or Ronnie Edwards at halves and Rodney Callaway at full.

Callaway will probably alternate at full on offense and tackle on defense. Roger Lisenbeck will play at center on defense, and Dalton Shirley and Wayne Pence will see some action.

The "B" team winds up its season on November 11 in a game at Eastland.

FAMILY NIGHT PARTY

Members of the Cisco Country Club will meet Thursday evening at 7 o'clock at the Club House for their regular family night meeting. All members were urged to attend and may bring guests.

the school. They will sing before and after the banquet.

Guests were expected from several area cities, and many of the chamber of commerce leaders from area towns will be on hand for the affair.

The menu will feature barbecued chicken prepared and served by J. D. Yardley of the Spot Cafe. Tickets for the dinner have been on sale since Saturday at \$2 each, and are available at the Chamber of Commerce office or from any member of the ticket committee which is headed by Bob Hammett of the First National Bank.

FIRE AND THEFT PROTECTION 1c Per Day For Safety Deposit Box

World Community Observance Will Be Held In Cisco

World Community Day will be observed by the Cisco Council of United Church Women at 10 a. m. Friday, November 5, at Wesley Methodist Church.

The project for the year is: "Parcels For Peace," and women from each church group were asked to bring parcels of clothing for children, men and women, remnants, feed sacks for making clothing, household linens, blankets or any other items for helping refugees and homeless people.

The council will assemble the clothing and send the bundles to the needy through the Church World Service.

In addition to material gifts the women were asked to bring a special offering for relief. A part of the offering will be used for a United Church Women's observer at the United Nations, and for the continuance of the Christian Woman's Action Program for Peace.

The Community Day committee, with Mrs. James Flournoy as chairman, has planned a varied program for the Friday meeting. Every church woman in Cisco was urged to attend.

Scout Activities Night Program Is Set For Thursday

The regular monthly activities night for Cisco Girl Scouts and Brownies to be held Thursday night at the junior high gym will honor Juliet Low, the founder of the Girl Scout movement in the United States; whose birthday was October 31.

The program will be devoted to the memory of the founder of the scout program, Paula Sharpe, who recently returned to Cisco after a long stay in Germany, will play the part of Juliet Low in a skit prepared for the Thursday night program. She visited the Girl Scout chalet in Sweden while in Europe.

Thursday night the girls and leaders will each contribute five cents to the Juliet Low fund, a fund devoted to advancing the scout movement throughout the world.

Girl Scouts throughout the United States are presenting programs in honor of Juliet Low. Mrs. Low formed the first Girl Scout troop in the United States at Savannah, Georgia, in 1912. The troop was started in the home of her parents and the birthplace of Mrs. Low. In 1953 the Girl Scouts of the United States purchased the home in memory of the founder and the beginning of the movement here.

The activities night program Thursday by the local scouts will be built around the life of Mrs. Low.

Accident Damages Sunset Truck On Road Near Cisco

A Sunset Motor Lines tractor was demolished and the trailer it was pulling was damaged considerably early today in an accident on Highway 80 near the Joy Drive-In Theater east of Cisco. Emory Heflin, Dallas, the driver, was not injured.

The Sunset diesel tractor and trailer turned over in the area between the two strips of pavement when it swerved to miss a cattle truck. The driver reported that the cattle truck was pulling onto the pavement, after being parked beside the road, as the Sunset truck came over a hill from the east. There was no collision.

Manager W. E. Dean of the Sunset Lines here reported that the trailer load of cargo was damaged considerably. The load of freight included TV sets, radios, and other general merchandise consigned to business firms in Cisco and Abilene.

Thirty-three cartons of dynamite caps were loaded on the back part of the truck. They were undamaged. "We handled the cartons of dynamite with great care," Mr. Dean reported in describing the work of recovering the damaged freight.

The mishap occurred shortly before 4 a. m.

Horse racing is at least 3,000 years old.

Large Crowd Is Expected For West Texas Ranchers Meeting

ONLY 2,500 CAST BALLOTS FOR GENERAL ELECTION IN COUNTY

Approximately 2,500 Eastland County voters went to the polls Tuesday to take part in the general election. Democratic candidates received overwhelming majorities in the city and county as well as throughout the state. Nationally, the Democrats had won control of the House of Representatives and the battle for the Senate had not been settled as ballot counting continued.

In Cisco, a total of 613 voters went to the polls — 114 in East Cisco and 499 in West Cisco. Governor Shivers received 102 votes in East Cisco to 6 for the Republican's Tod Adams. In West Cisco, it was 448 to 40. In the county, 2,309 votes went in the Shivers column, 195 for the Republican and Ralph Yarbrough got five "write-in" votes.

Senator Lyndon Johnson had more opposition than any other candidate. He got 2,240 county votes to 287 for his opponent.

W. W. Wallace was in charge of the East Cisco box at the Cisco Gas Corp. Assisting him were Mrs. Wallace, Mr. and Mrs. W. R. Huestis, Kent Word, Mrs. C. P. Chick and Clell Reed.

E. R. Bibby directed the election at the City Hall. His assistants included O. J. Russell, J. A. Reagan, Mrs. B. F. Thomas, Mrs. James Jones, Mrs. J. D. Lauderdale, Mrs. Lee Heltzel, Miss Louise Karkalits, Mrs. Jim Flournoy, Mrs. Sidney Shaw, Mrs. J. S. Mobley, Miss Emma Lee Wendt, J. V. Heyser, Sr., and Mrs. H. L. Thompson.

County Clerk Johnson Smith reported that the returns of the county election, which appear below, were complete except for 10 votes in the Pleasant Hill vote. Vote for the amendments in the two Cisco boxes and the county as a whole was as follows:

Amendment	Cisco 1	Cisco 2	County
	F	A	F A F A
No. 1 — Aged pension change	244	207	64 40 1355 929
No. 2 — Teacher Retirement	175	263	46 59 992 1232
No. 3 — Social Security	212	204	48 54 1022 1080
No. 4 — State Office Bldg.	307	125	66 34 1460 758
No. 5 — Legislature salaries	223	208	46 58 922 1305
No. 6 — Toll Road plan	214	210	41 58 941 1201
No. 7 — Women on juries	222	208	45 55 922 1300
No. 8 — 4-year office terms	213	222	37 59 889 1244
No. 9 — Hospital districts	222	197	42 56 1062 1208
No. 10 — Service men voting	303	152	62 40 1347 866
No. 11 — Tax Assessors	239	120	49 34 1051 760

Mr. and Mrs. Jess Westbrook and son, Bill, and Mr. and Mrs. George Gray, all of Fort Worth, were guests in the Paul Brashear home Sunday. Mr. and Mrs. Grey visited the Victor Yates on Sunday afternoon. Mr. Westbrook is a 20-year employee of Swift and Company, and his wife is a fur designer in Fort Worth. Mr. Gray has been with Gulf Oil Corp. for 25 years.

Mr. and Mrs. C. E. Whitmire are spending their vacation visiting relatives in East Texas and Louisiana.

Mr. and Mrs. A. E. Stroebel and sons of Pampa are visiting relatives in Cisco this week.

CJC Cage Games Are Listed On Schedule

ABILENE, Nov. 3. — The Hardin-Simmons University freshman basketball team will play 22 games this season, E. W. (Bill) Ledbetter, H-SU Athletic Director, has announced.

Nine of the games will be played in Abilene. Harold Barrett serves as coach for the Buttons.

The schedule includes: Dec. 18 — Cisco Jr. College, Cisco, and Jan. 4 — Cisco Jr. College, Abilene.

NAVY BAND IN ABILENE

Commander Brendler will be in Abilene Nov. 11, with the world famous All Navy Band. This is his annual tour approved by the President. Two performances will be held at McMurry auditorium, the first at 4:15 p. m. and again at 8 p. m.

No man is an island

The really important moments of a lifetime are moments shared with your family. They linger longest in the memory of your children.

One of the greatest gifts you can give a child is your belief in God. The natural way to do it is by worshipping with your family each week. As they find God, so will your own faith grow. You will find a link with the future... a point upon which you and your family can build a better world.

He restoreth your soul... Worship together this week

NEW SIGN OF LIFE

A new "sign of life" will appear on many of the highways of Texas this month. It's a new highway traffic sign and, like most of the others which are familiar roadside markers to motorists, it is designed to prevent costly motor vehicle accidents and save human lives.

These new signs will read "SPEED LIMITS RADAR ENFORCED" and the Texas Highway Department has slated their early construction in order that they will be in place by mid-November when the Texas Department of Public Safety is expected to begin the operation of Radar equipped patrol cars on the principal traffic arteries throughout the State.

Texas will thus join 31 other states and 50 cities which are currently employing Radar as a device for lowering the traffic accident rate due to excessive speed.

During the past several months the Texas Department of Public Safety has conducted an educational demonstration program of the Radar units in each of the 16 Texas Highway Patrol Districts within the State.

Colonel Homer Garrison, Jr., Director of the DPS, says that these demonstrations have been staged for the benefit of members of the press, radio and TV as well as for public officials, including judges and prosecutors, in order to acquaint them with the operation and the accuracy of the devices.

"We know of no instance," said Garrison, "in which those who have witnessed these demonstrations have failed to acknowledge the accuracy and the fairness of this method of coping with fast drivers."

The Public Safety Director also pointed out that speed continues to be the principal contributing factor in the State's fatal traffic accident picture. He emphasized

RUSHING THE SEASON—Although Washington, D. C., was in the midst of a warm spell, Santa Claus made an early appearance on a downtown street. Here, Helen Downham waits with Santa to follow a green pedestrian signal. Santa in this case was James Helmbold, dressed to advertise a new movie.

that Radar is no "cure-all" for the traffic problem and, in no way, replaces manpower in the enforcement of the speed laws. "Rather," Garrison added, "we consider it only as another tool to be utilized in protecting the public against the consequences of the acts of the thoughtless, the careless and the indifferent drivers who constitute a menace to the public safety by driving too fast for conditions." According to Garrison the

Vets Questions And Answers

Q — I am a Korean veteran studying dentistry under the Korean GI Bill. Would it be possible for me to take my internship in dentistry, also under the Korean GI Bill?

A — I would be possible, provided the internship does not exceed one year, and provided it is an integral part of an approved course fulfilling the educational requirements for certification by a Dental Specialty Board.

Q — I have been granted a waiver of premiums on my term National Service Life Insurance policy because of total disability. Could I convert my term insurance to a permanent plan while the waiver is in effect?

A — Yes. However, you would not be permitted to convert to an endowment plan while you are totally disabled.

Q — I am a Korean veteran with a service-connected disability rated at zero percent. Am I eligible for the permanent GI insurance available to disabled Korean veterans? Or must I have a disability rated at 10 percent or more?

A — You may be eligible for the permanent Korean GI insurance, even though your service-connected disability is rated at zero percent.

Q — I am planning to go to school under the Korean GI Bill, and I want to list my mother and father as dependents for GI allowance purposes. Their only income is a disability compensation check my father, a World War I veteran, receives each month. Other than that, I have been supporting them. Would those compensation payments bar me from declaring them as dependents?

A — No. VA compensation payments may be disregarded in determining dependency of your mother and father. So long as they do not have any other income sufficient to provide reasonable maintenance, you would be permitted to count them as your dependents.

Buy Your THANKSGIVING TURKEY from the producer and save money. Family-size Beltsville White Turkeys, which we offer, were developed especially for small families by the U. S. Department of Agriculture research farm at Beltsville, Md. They are a quick-maturing, broad-breasted, blocky-type bird. They are fat, flavorful, nutritious, delicious, juicy, tender. They are so tender that the shadow of a fork falling across one will ALMOST cut it! (Slightly exaggerated!)

These birds have been full-fed in restricted quarters for developing the most flavorful and tender meat possible to produce. They have been fed a more scientific diet than most humans ever had. Live or dressed. Book your order now.

In its first year, millions of motorists have proved the benefits of Conoco Super Gasoline with TCP

The Greatest Gasoline Development in 31 Years

Here are the facts proved by millions:

- 1. TCP boosts your car's power as much as 15% (because it neutralizes power-robbing lead deposits).
2. TCP gives you extra gas mileage (motorists report up to 3 miles more per gallon).
3. TCP is just like an engine tune-up (because it lets you enjoy all your car's built-in power).
4. TCP increases spark-plug life up to 150% (because it actually fireproofs your spark plugs).
5. TCP makes it possible for you to enjoy all the extra performance of Conoco Super's higher-octane rating.

"I remember when tetraethyl lead was first put into gasoline 31 years ago. Now comes Conoco Super with TCP! It's lived up to my '51 Mercury—and now I get 3 more miles to the gallon."

Mr. John T. Knudsen, Traffic Officer 3089 South Fourth East, Salt Lake City, Utah

"Conoco Super with TCP is doing everything it's promised in giving our '53 Cadillac extra mileage, power, and performance. We won't take any other gasoline, because TCP has no substitute."

Mr. S. E. Brooks, Retired RR Engineer 107 North Third, Belen, New Mexico

"I maintain four cars and three trucks. In all of them, it's Conoco Super with TCP. I'm getting new-car performance! Starting on cold mornings is 50% better. I'm sold on Conoco Super!"

Mr. Ray B. Crowley, Wholesale Florist Littleton, Colorado

"Conoco Super Gasoline with TCP does the job as no other gasoline has done before. My 1950 Chevrolet runs quietly, doesn't make knocking noises, starts right up and goes farther to the gallon."

Mrs. S. J. Crosby, Housewife 415 West 6th Street, Anasconda, Montana

"Conoco Super with TCP is a vitamin tonic for my '48 DeSoto. The engine starts promptly. And the mileage savings are like getting up to a gallon and a half of free gas to every tankful."

Mr. William Grabowski, Electrical Contractor 482 North Wirth Ave., Elgin, Illinois

YOUR GUARANTEE

The trademark, TCP, is your guarantee that you are getting the full benefits of "the greatest gasoline development in 31 years." Only Shell Oil Company and its licensee, Continental Oil Company, have TCP.

After one full year, there's still no substitute for

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Texas Garden Clubs Hold District Meeting In Sweetwater On Monday

The district meeting of Texas Garden Clubs, Inc., was held Monday, November 1, in Sweetwater with the Sweetwater Garden Club and the Highland Garden Club serving as hostesses. The theme for the meeting, which

was held at the First Methodist Church in Sweetwater, was "Gateway To The West."

During the morning session Mrs. Wilma Lucas presided over a short business session and introduced delegates from four new clubs and a council in Del Rio. She also introduced delegates from a new club recently organized in Medina.

Mrs. Lucas told the group that the pattern of our lives is changing and this of a necessity, influences the work being done in our garden clubs. "Change, is not in itself to be regretted; it often releases us from things that have served their purpose and opens to us new and better ways," she said.

The three new divisions of Garden Clubs, Regular, Standard, and Advanced, were explained to the group by Mrs. Lucas so that the individual clubs could apply for proper rating. She stated that the individual parts of the Garden Organization are the National Council of State Garden Clubs, Regions, States, Districts, City Council, and Individual Clubs.

All clubs were asked to contribute to the Permanent Home Fund. Site of the new headquarters for the National Council of Garden Clubs, Inc., will be in the famous Shaw Gardens of St. Louis, Missouri. The Texas Clubs are planning to build a "Texas Wing" to the building.

Mrs. J. D. Dillard, State Chairman of Junior Garden Clubs, Midland, Texas, gave a talk on Junior Garden Club work.

During the luncheon, members were entertained with a fashion show sponsored by several Sweetwater firms.

For the afternoon program, Mrs. Charles Griggs, chairman of district meetings, introduced the principal speaker, Mrs. Steve Barrett of Dallas, National judge and famous lecturer.

Mrs. Barrett stressed the principal points to consider in table settings. On display were several table settings suitable for bridge, buffet, holiday, and special occasions set by Mrs. Barrett. Also on display in an adjoining room were Niche arrangements carrying the theme "Gateway to the West" arranged by individual clubs.

Those attending the meeting from Cisco were the two delegates, Mrs. Shy Osborn and Mrs. Ray Chapman, and Mrs. Alex Spears, Mrs. Rudolph Kamon, Miss Alice Bacon, Mrs. Edward Keough, and Mrs. J. V. Heyser, and Mrs. R. L. Clinton of Putnam.

Mrs. Ballew Hostess For CWF Group Four

Mrs. Charles Ballew was hostess in her home Tuesday when Group Four of the Christian Womens Fellowship of the First Christian Church met for their weekly meeting.

Mrs. Sidney Spain opened the meeting with prayer and Mrs. H. H. Davis gave the lesson from the "Christian Evangelist." A short business session followed. Members brought clothing for an orphan girl at the Juliet Fowler Home and the meeting was dismissed with all praying the missionary benediction.

Refreshments were served to Mesdames Sidney Spain, Bill Berry, C. H. Ballew, H. H. Davis, Roy Fonville, J. C. Fletcher, Rex Moore, V. C. Overall, L. M. Surlles, and W. R. Winston.

Presbyterian Circle Three Holds Meeting

Circle Three of the First Presbyterian Church met Tuesday afternoon at the church for their semi-monthly meeting with Mrs. J. A. Pressley, chairman, in charge.

Mrs. Pressley opened the meeting with prayer. She announced that the Presbyterian meeting will be held in Brownwood on November 17 and urged all members to attend. It was also announced that the World Day of Prayer would be held November 5 at the Wesley Methodist Church.

Mrs. C. R. Baugh taught the lesson from Acts and the meeting was dismissed with prayer.

CWF Group One Has Meeting On Tuesday

The weekly meeting of Group One of the C.W.F. of the First Christian Church was held Tuesday afternoon at the home of the chairman, Mrs. W. J. Armstrong.

Mrs. Armstrong presided over the short business session. Mrs. George Estill gave the devotional on Faith and the meeting closed with the missionary benediction.

Refreshments were served at the close of the meeting to Mrs. I. A. Brunkenhoefer, Mrs. J. S. Stockard, Mrs. George Estill, Mrs. A. L. Clark, Mrs. L. A. Warren, Ann Brunkenhoefer, and Mrs. Armstrong.

Mrs. John Hielscher Honored On Birthday

Mrs. John Hielscher celebrated her 83rd birthday Thursday, October 28, with a party at her home.

Those attending the celebration were Rev. and Mrs. M. J. Scaer, Mr. and Mrs. Ben Weise and Bud, Mr. and Mrs. A. P. Wende, Marilyn, Melvin, and Donald, Mr. and Mrs. Joe Weise, Frank and Larry, Erich Hielscher, Mr. and Mrs. Rudolph Reich, Mr. and Mrs. Theodore Eifert, Mr. and Mrs. Theodore Reich, and the honoree, Mrs. John Hielscher.

Janet Ray G.A.'s Enjoy Hallowe'en

The Janet Ray G.A.'s of the East Cisco Baptist Church met Saturday evening at the home of Miss Glenda Hughes for a Hallowe'en party.

Several games were played and refreshments were served to the following members and their guests: Jessie Warren, Benny Edwards, Shirley Fowler, Blair Paul, Treva Wood, Lavonne Harrelson, Glenda Hughes, Bobby Woolsey, Annette Thomas, Monty Ingram, Janice White, John Adams, Frances McKean, and Lavere Adams.

Miss Tabor Weds In Houston Ceremonies

Miss Kay Tabor, daughter of Mr. and Mrs. M. M. Tabor of Houston, formerly of Cisco, became the bride of Robert Martin Flagg, III, of Houston, in ceremonies performed October 29 at the South Main Baptist Church in Houston.

Midgets

(From page one) passed to Hollis for the point after to bring the score to 32-19.

The win put the Midgets in good position to take second place in the conference with a loss and a tie to their credit. Breckenridge is the probable winner with a perfect record. The Midgets wind up their season next week when they meet Gorman at Chesley Field Tuesday night.

In the statistic department Tuesday night the Midgets piled up 16 first downs to eight for the Dogies.

Playing for Cisco were Billy Hammer, Johnny Choate, Billy Swindle, Joe Tom Johnson, Johnny Richardson, John Adams, Dickie Bennie, Benton Porter, Robert Bostick, Ronnie Bostick, Wayne Brown, Jerry Slaughter, Franklin Farnsworth, Charles Lipsey, Rudy Archer, Delbert Schaefer and Duane Hale.

Rev. and Mrs. Leslie Seymour and Mr. and Mrs. J. J. Porter have returned from a visit in Virginia Beach, Virginia; Washington, D. C., and other points.

"Thanks for your wonderful gift - a Savings Bond!"

Do you know a young couple about to be married? Give them the most appreciated gift of all—a U. S. Savings Bond. So simple for you: no worry about duplications, because duplications of this gift are always welcome! So wonderful for them: because an interest-earning Savings Bond increases in value with time.

Millions have discovered this safe, sure way to save "rainy day" money...

Have you a little extra money you're saving for emergencies? Then do as 43 million Americans are doing—put it where it's safe, and where it will work for you—in U. S. Savings Bonds! Bonds pay good interest—an average of 3% compounded semi-annually, when held to maturity. They can go on earning interest for as long as 19 years 8 months if you wish, giving you back 80% more than you put in!

You'll find, too, that you aren't so tempted to spend the money when it's invested in Bonds. Yet, should an emergency arise, your money is readily available.

Best of all, your money is safe. Cash destroyed is gone forever. But if your Savings Bonds are lost or destroyed, your Government will replace them free of charge.

Get into the habit of putting that "rainy day" money into Bonds. And—if you have a particular savings goal, find out about the Payroll Savings Plan where you work, or the Bond-A-Month Plan where you bank.

Give the Gift of Security—with U. S. Savings Bonds!

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

State Capitol NEWS

By VERN SANFORD
Texas Press Association
AUSTIN, Nov. 3. — Taxes — how much and where from? State legislators and employees asked that question this week as the problem of meeting increased state expenses became a topic that might well dominate the 1937 legislative picture.

The Texas Research League, at request of Governor Shivers, started a survey to determine how much is needed, checking state income, spending, and sources of additional revenue.

Considered as eliminated from the prospect list are only a general sales tax and a state income tax, both opposed by Shivers. However, legislators going back to jobs in January are expecting plenty of taxation recommendations to fly. Major taxation may be held until the League makes its report.

Governor Addresses League
 Speaking before the annual meeting of the Research League, Shivers stressed that Texas is entering an era of greatly increased spending. Advance planning is needed to get the most of each

dollar spent and to prevent hurried spending in which the full dollar value is not obtained, he said, complimenting the research group for its report on the hospital system.

Shivers also commented that Texas has fewer jobless than other states, plus a State Treasury surplus of \$39,000,000 and a very low debt, in contrast with deficits in many states.

The Research League now is conducting studies of public school financing, the state hospital system and the University of Texas System. Two new studies have been added to their work list. One will be on operation of the Department of Public Safety and the other on tax-supported library services of Texas.

Asking For More
 Already hammering for a boost in budgets are state hospitals, Highway Patrol, water conservation agencies, and the prison system. Definite receivers of additional money are state teachers and schools.

No definite figures as to what is needed have been set although State Comptroller Robert S. Calvert reported that government costs increased \$108 million in the year ending August 31.

One tax proposal, boosting gasoline taxes from four to five cents, has been made. It would provide \$33 million for roads and schools but general state spending wouldn't benefit.

Calvert said preliminary estimates show that the state will spend about \$30 million more on schools this year because of increased teachers' salaries and enrollment. School expenses in 1933-34 amounted to more than \$205 million, he said.

SPRUNG—BUT FAST!—While frisking a prisoner at the Cleveland City Jail, detective Frank Opalecki got a big surprise. When he put his hand into a prisoner's pocket, Leo, a foot-long alligator, popped out. The prisoner-owner said he had bought Leo at a pet shop and instructed detectives to feed his pet some fish or ground meat at 3 p.m. each day. Leo was sent to the Animal Protection League.

NO DUCK SOUP—Donald, the duck, seems to be putting the bug in this collie pup's ear, but actually he's putting the bite on it. Sighting Donald on a street in Albany, N. Y., the dog came over to chew the fat, but got chewed instead. His opinion of those birds has been considerably lowered.

NEWEST MODELS—Elaborate entries in a Paris radio-controlled model contest included a tugboat, subchaser and floating drydock, top photo. All are controlled by the transmitter held by the electrical engineer shown with them. The dock rises and sinks on signal from the transmitter. Below, three French lads are enthralled at sight of a scale model of the battle cruiser Richelieu. The miniature entrants vied for prizes in this contest.

First Baptist WMU Has All-Day Meeting

The W.M.U. of the First Baptist Church met Tuesday, November 2, at the church for an all-day meeting.

Mrs. D. L. Kisner, program chairman, presided over the morning session and opened the meeting with prayer by Mrs. H. C. Robason. Mrs. Kisner presented the Rev. Paul C. Bell, missionary to Guatemala, who gave an interesting and enlightening talk concerning his work on the mission field.

A covered dish luncheon was served at noon. Rev. Bell gave the invocation.

Mrs. W. L. Hussey, chairman, presided over a business session following the luncheon. Following prayer, the group joined in singing "When I Survey the Wondrous Cross," with Mrs. D. N. Morrison leading and Mrs. H. M. Ward at the piano.

Routine business matters were transacted and the various reports given. Mrs. Kisner announced that Mrs. Tex Culp would be the guest speaker for the missionary meeting in December.

An announcement was also made by Mrs. Bobby Zellers, young people's director, of the banquet to be held November 15 for the R. A. organization.

Mrs. H. M. Ward discussed the pageant to be presented at the District 17 W.M.U. Convention on November 16. Circles Two and Five tied for the attendance pin. Mrs. Charles Williams, Mrs. W. J. Tate, Mrs. Flournoy Cleveland, and Mrs. L. B. Mayhew were welcomed as new members.

The meeting was adjourned with prayer by Mrs. H. M. Ward. Approximately 65 members and guests attended.

How Gulf's new super-refined gasoline delivers thousands of extra miles of full engine power

Now—Gulf refines out the "dirty-burning tail-end" of gasoline—the No. 1 troublemaker in high-compression engines. Result: more power-with-protection than you've ever known!

Here's proof: This spark plug is from one of the many sets of original equipment plugs used in Gulf test fleet cars. Though spark plugs normally need cleaning or replacement after 5,000 to 10,000 miles, this plug and its mate not need cleaning or replacement in over 15,000 miles of city and country driving with Super-Refined NO-NOX Gasoline.

Here's proof: Instead of trying to fight harmful deposits with so-called "miracle additives" in your engine—Gulf believes in preventing them from forming in the first place, removes the cause of "dirty-burning tail-end"—at the refinery. Just look at the plates in the unretouched photo at left. What a difference Gulf super-refining makes!

What's more, besides giving your engine complete protection, new Super-Refined NO-NOX gives you extra gas mileage in the stop-and-go driving motorists do most... no pre-ignition... stall-proof smoothness... instant starts and fast, fuel-saving warm-up.

COMPLETELY NEW! SUPER-REFINED
New Gulf No-Nox
 THE HIGH-EFFICIENCY GASOLINE
