The Gay Philosopher

By J. W. S.

IT WAS President Anton White's 6th banquet and/or luncheon of the week, but it was just about the nicest affair we've attended in a good many months. That's what we thought of the annual banquet of the Cisco Chamber of Commerce last Saturday night, and that was the opinion of everybody we talked to this week.

Mr. White did a fine job as the master of ceremonies, and he is doing a good job as president of the Chamber of Commerce.

YOU WON'T hear any better music on the radio or television than was provided for the CofC dinner by a trio — Mrs. W. O. Wylie at the electric organ, Mr. Glenn Rockey of Baird at the piano, and Mr. Ken Russ with his combone.

All three of the musicians are masters of the art. They played over an hour while folks were gathering and eating, and not once did they use a piece of music. The organ was moved down from the stage to the piano for the plant occasion.

Mr. Rockey is one of the best piano players we ever heard.

THE MADRIGAL Singers of Cisco Junior College, directed by Mr. Jack Chambliss, won the applause of one and all. They presented a 15-minute program that was the musical part of the program.

BECAUSE they didn't mention and because we feel that everybody ought to know what their Chamber of Commerce is doing, we're going to devote the rest of our column today to the annual report of the CofC. It was printed in the program, briefly as follows:

THE PAST YEAR . . . Activities of your Chamber of Commerce during the past year have included work on projects of considerable value to our city and area. The highway committee played a leading role in obtaining the Highway 80 widening project now underway just east of town and for farm road extensions to the southwest.

Our committees cooperated with the Boss Manufacturing Company in its program to double the production capacity of their Cisco plant. Construction work is underway on the necessary building addition to enable the Boss company to accomplish this program. We assisted this company with its celebration of ten years in our city.

We have had the privilege of helping the County Farm agent hold the first annual pecan show and in giving the area live stock raisers assistance with their first annual creep-feed calf show. We helped with the college tax election program. Our workers have been on the job at local conventions. We have sponsored the Christmas season program and have been busy in industrial activities. Not all of the past year's accomplishments can be enumerated at this time.

Our offices, facilities and committees have been on the job during the year every time there was a job to do — always alert for opportunities that might contribute to our mutual benefit.

THE COMING YEAR . . . In recent weeks, our Program of Work Committee has sponsored meetings of all standing committees. These groups were requested to offer suggestions for the 1955 Work Program of your Chamber of Commerce. These various committee suggestions were presented to the Program of Work Committee for study and guidance in outlining our goals for the coming year.

The committee's report, as approved by the board of directors, provides as major projects during the coming year: (1) Development of the Battle Creek Water Project; (2) Promotion of Better Relations and Trade between Cisco and communities in the surrounding area; and, (3) Assist Cisco Junior College with the opening of its new building and

Rev. James Will Speak Thursday At P-TA Class

The Rev. H. Grady James, pastor of the First Presbyterian Church, will lead the discussion in the third of a series of parental education classes being sponsored by the West Ward Parent-Teacher Association. The child guidance class will meet Thursday from 9 to 11 a. m. in the community room at the First National Bank.

The classes are free and anyone interested in the course was invited to take advantage of the opportunity to hear Rev. James. The discussion will not be taken from the opinion of the speakers, officials said, but will come from a careful research into various workshops and books dealing with parent-child problems.

Pecan Growers To Plan Annual Show

Cisco area pecan growers have been invited to attend a meeting at 7:30 p. m. Tuesday (tonight) at the Chamber of Commerce to discuss plans for the annual Eastland County Pecan Show, County Agent J. M. Cooper has announced. The show will be held here in December.

Mr. and Mrs. J. H. Glasscock visited Mr. and Mrs. Rubin Vanderford in Lueders Sunday.

JUNIOR HIGH BAND WILL PLAY AT MIDGET GRID GAME TONIGHT

The Cisco Junior High School band will make its first public appearance of the year at the Midget-Gorman game at Chesley Field tonight. Members have been working hard since school began getting ready for the first appearance.

Along with the band will be the drum major, the head majorette and three twirlers. Drum major is Joan Lisenbee and head majorette is Joyce Ann Redwine. Twirlers are Mary Laird, Rose Starr and Rhonda Coulter.

The six cheer leaders will be on hand to lead the cheering section for the Midgets. They are Peggy Hailey, Judy Sitton, Kay Cheshire, Sandra Riley, Molly Ingram and Joan Lisenbee.

The game tonight will close the 1954 season for the Midgets who have a season record of four wins, a tie and a loss. A win tonight will give them second place in the Junior Oilbelt Conference. Breckenridge, with a clean slate, is as-

Community Choir Holds Rehearsal

The Cisco Community Choir had a good rehearsal at the First Baptist Church Monday night, it was reported by members. The choir is working on its annual Christmas presentation.

Director Jack Chambliss said Tuesday that next Monday would be the final day that new members could be accepted. They urged everyone who desired to sing with the group to be at the next meeting, which will be at 7:30 p. m. Monday at the First Baptist Church.

Director Chambliss stressed the importance of each member being present at all future rehearsals so that the program would be ready for presentation early in December.

Norvell's Diamond Hunt To Continue

C. E. Taylor, who lives on the old Abilene highway, became the fourth winner in the "Hunt the Diamond" contest being sponsored by Norvell and Miller Grocery and Hooker's Jewelry. The stone Taylor selected from the bowl at Norvell's was appraised as a diamond and is being mounted free by Hooker's.

Chester Norvell of Norvell and Miller Grocery said that the hunt would continue through this week. A bowl containing hundreds of imitation diamonds and several real diamonds is located at Norvell's, and every one over 15 years of age can select a stone from the bowl. If the stone is found to be a real diamond when it is examined at Hooker's it will be mounted without charges.

Funeral services for Miss Lucynthia Parks, 76, who had lived in the Cisco area most of her life, were held at 2 p. m. Sunday at Thomas Funeral Chapel. Miss Parks died at 8 a. m. Saturday at her residence on Rt. 4.

The services were conducted by the Rev. W. R. Ivie, retired Baptist minister, and the Rev. L. A. Subblett. Burial was in the Seranton Cemetery under the direction of Thomas Funeral Home.

Miss Parks was born at Newcom, Tenn., on November 11, 1878, but came to the Cisco area soon after that and had lived near Seranton since that time.

Survivors are a brother, L. A. Parks of Rt. 4, Cisco, and a sister, Mrs. H. H. Stubblefield of Cisco.

Pallbearers were Gerald Parks, Alfred Parks, Oren Speegle, Roy Speegle, Spurgeon Parks and Guy Abbott.

George Harrison, 79 year old Cisco negro laborer, died at 8 a. m. Tuesday in a Ranger hospital following a lengthy illness.

Funeral services will be held at St. Mark's Baptist Church at 3 p. m. Thursday. Burial will be in Oakwood cemetery under the direction of Thomas Funeral Home.

Harrison had been a resident of Cisco since 1939.

Duane Pelfrey Is Injured In Auto Accident Friday

Duane Pelfrey, 20 year old Cisco youth, was in a critical condition in a Memphis, Tenn., hospital as the result of injuries received in an automobile accident near there Friday night, relatives here have been advised.

Young Pelfrey received severe back injuries, it was reported, when his car plunged over a 30 foot embankment. He was in Memphis attending a Naval school. He had been in the Navy for a year.

He is a native of Cisco and a graduate of Cisco High School and Cisco Junior College. He is the son of the Rev. and Mrs. J. C. Pelfrey of Sheffield, formerly of Cisco where he was pastor of the Calvary Baptist Church until he accepted the Sheffield pulpit last October.

According to reports, young Pelfrey's identity was not discovered until Saturday, at which time his parents were notified. Mr. and Mrs. Pelfrey and daughter, Kay, stopped in Cisco Saturday night en route to the injured youth's bedside.

Initial reports from physicians indicated that the back injuries were severe and that he would probably be in the hospital five or six months. His address is Carol Duane Pelfrey, Naval Hospital Ward Six, Memphis, Tenn.

Miss Parks Laid To Rest In Rites Sunday Afternoon

Funeral services for Miss Lucynthia Parks, 76, who had lived in the Cisco area most of her life, were held at 2 p. m. Sunday at Thomas Funeral Chapel. Miss Parks died at 8 a. m. Saturday at her residence on Rt. 4.

The services were conducted by the Rev. W. R. Ivie, retired Baptist minister, and the Rev. L. A. Subblett. Burial was in the Seranton Cemetery under the direction of Thomas Funeral Home.

Protect Our Heritage, Urges Annual C of C Dinner Speaker

QUARTER OF MILLION HUNTERS ARE READY FOR VENISON DERBY

AUSTIN, Nov. 8. — Reports to the Game and Fish Commission headquarters indicate that an army of about a quarter of a million deer hunters is ready for the annual fall venison derby.

The Executive Secretary of the Commission said indications point to "a very good season considering the ravages of the long drought," and estimated the combined bag will be "about 40,000 bucks."

The statewide season in the areas covered by the General State Law ranges from November 16 through December 31. The twenty-eight county regulatory Panhandle area has a ten-day season beginning November 14. The West of the Pecos regulatory area, comprising nine counties, shoots from November 20 through November 25 inclusive. A nine-county Possum Kingdom group hunts from November 16 through November 30, inclusive.

There are so many other local county seasons that the Executive Secretary advised hunters to study a Game Law Digest, available through license dealers, or contact their local Game Wardens, or both.

Two buck deer may be taken under the General State Law but the other periods provide for only one male deer per person per season. A legal buck deer is described as one "with a pronged horn."

Hunters were cautioned to know their horns since late reports from the Hill Country, which comprises the main deer area, show an unusual population of spike bucks, or one year olds, running to as high as 40 per cent of the entire deer herds in most areas.

A feature of this year's overall deer harvest will be the taking of more than 2,000 antlerless deer in Mason, Gillespie and Llano counties in a move to reduce overpopulation and reduce the herd dieoff caused by shortage of food from the drought. Dates for this hunt are December 1 to 15, inclusive. Special permits are required. Interested hunters should write the Chamber of Commerce at Fredericksburg, Mason or Llano.

Another innovation will be the harvest of fifty surplus buck deer on the Kerr Wildlife Management Area near Kerrville. A drawing was held to determine eligible hunters for this free shoot from November 16 through November 20.

The Executive Secretary said landowners and ranchers reported "a normal interest" in deer leases. He urged hunters to observe the law requiring tags attached to their licenses to be affixed to their bucks.

Coinciding with the deer shoot, is the wild turkey season under the General State Law and under assorted County laws. The General State Law limit is three gobblers. The limit varies under regional and county laws. Deep South Texas reported the best turkey population.

Over 200 Attend Chamber Banquet

More than 200 Ciscons and guests were urged to help "protect our American heritage, the most precious heritage of any political tradition," by State Senator Frank P. Johnson of Kewanee, Ill., in an address Saturday night at the annual banquet of the Chamber of Commerce at the Junior High School gym.

Mr. Johnson appeared here at the invitation of President Anton White of the Cisco Chamber of Commerce, who grew up in Kewanee and lived there until the Boss Manufacturing Company sent him to Cisco nearly 10 years ago to be manager of the plant here. Mr. Johnson is a newspaper editor, farmer and business man as well as a member of the state senate of Illinois.

"It is a good land, this land of ours," he said, "I have seen America — every state and every corner of every state — and I never cease to thrill to the grandeur, the beauty and the majesty of this our native land — a land won for us by the vision, the courage and the sacrifice of the men and the women of the past. It's a heritage we dare not lose."

Mr. Johnson pointed out that "we, as a people, try to take too many short cuts." He said that the nation has many trails, laid out 175 years ago by the nation's founders — guide posts along the trail that read: "Constitutional Government."

He warned that two contradictory and conflicting ideas are struggling for supremacy in the world — the idea of free competitive enterprise that has been identified as the American Way of Life, offering the greatest good to the greatest number; and, on the other hand, the philosophy of Karl Marx as embodied in the government of Soviet Russia and her satellite nations, a philosophy that can lead only to dictatorship and to the immense concentration of power in the hands of the privileged few.

"The fact that millions of our fellow Americans seem confused and bewildered and unable to find their way or make up their minds about these conflicting ideas constitutes one of the most dangerous conditions in our world," Mr. Johnson said. "The western world looks to us for leadership. We cannot expect others to follow us when we are running in circles ourselves."

The one great hope for peace and freedom in the world today rests on the strength of the American economy, the speaker said. He quoted the great American statesman, Grover Cleveland, "It is not the duty of the government to support the people. It is the duty of the people to support the government."

Mr. Johnson suggested that "before we can truly appreciate what we have in America, we should turn the pages of history." He told the story of Rome, where a great civilization fell into ruin as the result of "a people who wanted everything without working for it." He noted that the day came when one third of the population of Rome was supported in idleness on the public payroll. Exorbitant taxes were necessary to support such extravagance in government — taxes that sapped the life blood of Roman industry.

"Don't let it happen here," urged the speaker. Let's return to those old American virtues of self-discipline and hard work and to a realization of the economic truth that prosperity and security, desirable as they may be, cannot be legislated; they must be earned.

To recapture some of the old spirit and the old faith that built America, we must regain our faith in our great spiritual heritage," he concluded.

Mr. Johnson was introduced by President White. Directors of the organization presided at the various tables and introduced guests from Gorman, Fort Worth, Eastland, Rising Star, Moran, Lubbock, Abilene, Pampa, Breckenridge, Albany and Ranger. Fred Husbands, manager of the West Texas Chamber of Commerce, was among the guests.

Mrs. Frank Jacobs visited last weeks in Shreveport, La., with friends and relatives.

BEEF WEEK IN TEXAS

Independence has always been a favorite word in Texas. It is virtually the cornerstone of our history, our attitudes, our heritage and our pride.

The Texas cattleman has long been a symbol of independence and self-reliance. The history of Texas is the history of the cowboy. The state's true greatness began when pioneer cowmen linked drought, depredation and disease to build Texas grazing herds beyond local needs and made the great trail drives to northern markets.

Today Texas is still the beef capital of America. With a cattle population of 8,587,000 this year, it leads the nation. Texas cowmen feel that Texas should lead in beef consumption,

We Like to Talk About Abstracts -

... Because making abstracts has been our job for many years. Every day people come to us with their title problems. Some cases are tragic. Take the example of the couple who have put their life's savings into a home to find out later they have no title. But most title problems are simple and the abstract helps to make them simple. So before buying real estate better talk to us about the title.

YOUR CREDIT, USE IT - BUT DON'T ABUSE IT!

Some people have a misunderstanding about what constitutes satisfactory payment of an account.

Some are of the opinion they have to leave a balance owing in order to keep their accounts open for future charges. While others believe it is all right to miss this month's installment payment if they make it up on next month. Nothing could be further from the truth.

All firms selling on 30-day open account basis expect payment in full by the 10th of each month unless special terms have been arranged prior to the sale.

Another misconception about charge accounts is the belief that stores won't worry about the money due them as long as you keep buying regularly. It would be well to have a definite understanding about terms at the time the account is opened. Then if you meet those terms faithfully your record will be A-1 and no one can in any way alter those facts.

Those who grant credit like to see people use it but not abuse it, for the sound use of credit stimulates business, creates employment, contributes to lower commodity prices and brings more of the good things of life within reach of more people.

A GOOD CREDIT RECORD IS WORTH MORE THAN GOLD.

Christmas Pilgrimage Plans Are Discussed At Delphian Meeting

The Cisco Delphian Club met in regular session Friday afternoon at the clubhouse with the president, Mrs. George Davis, in charge and Mrs. A. R. Day serving as hostess for the day. The meeting was opened with prayer by Mrs. J. M. Flournoy and Mrs. Davis led the group in unison reading of the club collect. Mrs. John Kleiner gave the financial statement and Mrs. Guy Brogdon, corresponding secretary, gave her report.

SOCIETY AND CLUBS AND NEWS OF INTEREST TO WOMEN

A report of the membership committee was given and Mrs. Harold Thomas was unanimously elected to membership. Plans for the Christmas Pilgrimage were discussed and committees were appointed.

Committees appointed were as follows: decorating, Mrs. John Leveridge and Mrs. Charles Kleiner; homes, Mrs. B. S. Huey, Mrs. J. V. Heyser, Mrs. W. L. Hussey; refreshments, Mrs. Grady James and Mrs. Eugene Lankford; and, nominating, Mrs. Huey, Mrs. Lankford and Mrs. Frank Jacobs.

A discussion was held on the mental health program to be held Monday, Nov. 15, and the program for the day on India was presented. Mrs. James spoke on the Indian Village at Livingston, Texas, and Mrs. John Kleiner spoke on Indian Music. Mrs. J. V. Heyser spoke on Indian Art and was assisted by her grand daughter, Sherry Heyser, who was dressed in Indian clothing. Mrs. Heyser showed an interesting collection of Indian arrows and cutting knives.

Those attending the meeting were Mesdames Brogdon, Davis, H. L. Ferguson, Joe Gallagher, Heyser, Hussey, Jacobs, John Kleiner, A. J. Olson, A. W. Snider, Flournoy and Sherry Heyser.

Mr. and Mrs. G. L. Bailey left today for a week's visit in Slaton and Pampa, visiting their children.

Girl Scout Troop Has Meeting On Nov. 2nd

Troop Two of the Girl Scouts met Tuesday, Nov. 2, at the Cisco Locker Plant for their regular meeting.

Kathy Rodden called the roll and read the minutes of the previous meeting. Games were played and nibbles served. The meeting was adjourned.

Mrs. Don Choate is leader of the troop.

Missionary To Talk For WSCS Meeting

The district meeting of the WSCS will be held in Cisco at the First Methodist Church on Wednesday, Nov. 10, beginning at 9:45 a. m. A sack lunch will be spread at noon.

Miss Mary Searey, missionary to Japan, will be the guest speaker. All members were urged to attend.

a program to increase its usefulness to the entire area.

In addition to these major projects, the Chamber of Commerce will work with diligence to secure new industries, cooperate in improvement of Lake Cisco and other recreational facilities, work for better farm roads and highways, seek better markets for farm products, and cooperate with the city in cleanup and beautification work. We will sponsor the annual pecan show, assist the county farm agents with their programs, help with all local conventions, and serve the community in every way that a Chamber of Commerce can serve.

Reddy's Quiz

Do YOU Know the Answers?

Out of every dollar you pay for electricity, how much does your electric company pay to government in taxes?

- Five cents.
- Ten cents.
- Twenty to twenty-five cents.

Here's the Answer:

Twenty to twenty-five cents. Every year since 1951, the nation's electric companies have paid over one billion dollars in federal, state and local taxes. In 1953, WTU Co. paid 21¢ for taxes out of each dollar of electric revenue.

Completely new gasoline gives extra mileage in your everyday driving

Now—Gulf refines out the "dirty-burning tail-end" of gasoline—the No. 1 troublemaker in high-compression engines. Then Gulf specially blends new Super-Refined No-Nox for top economy in the kind of driving motorists do most.

The "gunk" that takes the "go" out of your engine! That tar-like, gummy residue is what's left after evaporating a single gallon of the "dirty-burning tail-end" of gasoline... the part that Gulf refines out in making new Super-Refined

NO-NOX. There's at least that much "dirty-burning tail-end" in a tankful of ordinary gasoline! This material, when deposited in your engine, is harmful to engine parts, impairs their performance, leads to costly overhauls.

This lamp is burning the "DIRTY-BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the cleaner-burning super-fuel

See the difference Gulf super-refining makes: Instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place, removes the cause—the "dirty-burning tail-end"—at the refinery. Just look at the plates in the unretouched photo at left and see what a difference Gulf super-refining makes!

What's more, besides giving your engine more complete protection, new Super-Refined Gulf NO-NOX gives you extra gas mileage in the short-trip, stop-and-go driving motorists do most... no knock, no pre-ignition... stall-proof smoothness... plus instant starts and fast, fuel-saving warm-up.

Government Jobs Will Be Filled By Civil Service

Examinations have been announced by the Civil Service Commission for Geologist for filling positions paying \$3,410 and \$4,205 a year in Washington, D. C., throughout the United States, and in the territories and possessions of the United States; and for Sys-

tems Accountant in the options of General, Cost, and Property, for filling positions paying from \$7,040 to \$10,800 a year in various agencies in Washington, D. C., and vicinity. Systems Accountants are required to travel occasionally to field establishments located throughout the United States and abroad. Applicants for geologist positions must pass a written test and must have had appropriate education or a combination of education and experience. The maximum age limit for positions paying \$3,410 a year is 35 years (waived for persons entitled to veteran preference). There is no maximum age limit for positions paying \$4,205 a year. Applications must be filed not later than December 28, 1954, with the Board of Civil Service Examiners, Geological Survey, Department of the Interior, Washington, D. C. No written test will be given for the systems accountant positions. To qualify, applicants must show that they have had appropriate experience. There is no maximum age limit. Applications will be accepted until further notice and must be filed with the Board of Civil Service Examiners, Department of Defense, Pentagon, Washington 25, D. C. Further information and application forms may be obtained from the Cisco Post Office.

ATTENTION PEANUT PRODUCERS . . .

Reference TOPPER BRAND PEANUT SEED

THIS IS TO CERTIFY that Durham Peanut Company will guarantee Southwest Spanish Peanut Seed of good germination and at a reasonable price to producers for 1955 planting season as follows:

1. To the producer who sells his peanut crop to this company, we positively guarantee as stated above, sufficient seed to plant his 1955 quota acres. This guarantee is to expire May 1, 1955.

2. To the producer who, due to crop failure, has no peanuts to market or the producer who has peanuts to market but does not sell us his crop, we guarantee, as stated above, sufficient seed to plant his 1955 quota acres, PROVIDED he comes to our office by December 15, 1954, and makes special arrangements necessary for us to offer him this protection. This guarantee will hold good only until our supply is exhausted.

As you know, Durham Peanut Company has specialized in TOPPER BRAND PEANUT SEED for many years and we are very grateful for the splendid public acceptance of this fine product. We are again making every effort to accumulate sufficient high quality, high germination peanut seed to assure all our customers throughout our entire trade territory of adequate good quality seed to plant their 1955 quota acreage. This company feels it has a very definite responsibility to see that our entire planting area is supplied with good quality seed and we are entering the season with a full realization of this responsibility at the same time asking the wholehearted cooperation of every producer to the end that there will be ample seed for himself and his neighbors.

To the producer who does not care to avail himself of the protection afforded him under the above outlined plan, please rest assured that this company will make every effort to furnish your 1955 seed requirements; however, we must depend upon our buying for our seed stock and hope that you will cooperate with us in our all-out effort to acquire sufficient tonnage from which to select your seed, by selling your peanuts to this company.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set. Limited space prohibits telling you more here but if you will write me, I will reply at once and tell you how I received this wonderful relief.
