CISCO, TEXAS, THURSDAY, JANUARY 13, 1955

NUMBER 24

The Gay Philosopher

By J. W. S.

AT ABOUT 3:30 p. m. today, a 4-engine airplane was to take off from Carter Field at Fort Worth and point its nose westward aboard the big ship will be Mr. Rudolph Kamon of Cisco. He will be on the first leg of a flight to Australia where the Kamons have cattle, oil and uranium interests.

Plans call for Mr. Kamon to arrive there about Monday. He expects to be in Australia about eight months. The other day, a ship left Houston carrying two trucks (with right hand drivers' steering wheels) and other equipment that will be used in the Kamon mining and oil operations. Important uranium discoveries have been made in the northern territory of Australia where the Kamon oil and cattle interests are located.

Mr. Kamon was enthusiastic about the trip when we talked to him late Wednesday. His son, Robert, has made a couple of trips to Australia in the past couple of years.

UP ON 5th and 6th and 7th streets there are some "Barney Goodfields" driving madly these days, according to a lady who just called. A speeding woman and just run over a puppy and she didn't stop. And the little boy who owned the puppy was heart broken.

Driving in town is something that ought to be done cautiously. You're not supposed to try to set speed records on the city streets.

GLAD TO HEAR that Richard Moore, son of the James Moores of Cisco, has been promoted down to Austin. A student at the University of Texas, Richard was a committee clerk in the House of Representatives during the last legislative session. This session, he is an assistant sergeant-at-arms. He should learn a lot about state government in the job.

MR. J. L. STAFFORD, president of the Cisco Boosters Club, reports that there will be a big time for all out at the Community Gym on Saturday night when a boxing program will be staged. The fighters will be young fellows and there will be 12 to 15 bouts. Boxers from Brownwood and Abilene will be here to help make it an outstanding program.

Tickets will cost only 50 cents for adults and 25 cents for children. And Mr. Stafford guarantees that one and all will have a good time.

ON THE SUBJECT of boxing, today's Abilene paper carried a picture of several Cisco golden gloves fighters. Shown in the picture were Buz Johnson, high school novice middleweight; Gene Burke, college light heavyweight; Coach L. R. Goodwin; Tommy Reynolds, high school welterweight; Tommy Terry, high school novice, and Buddy Waters, high school lightweight.

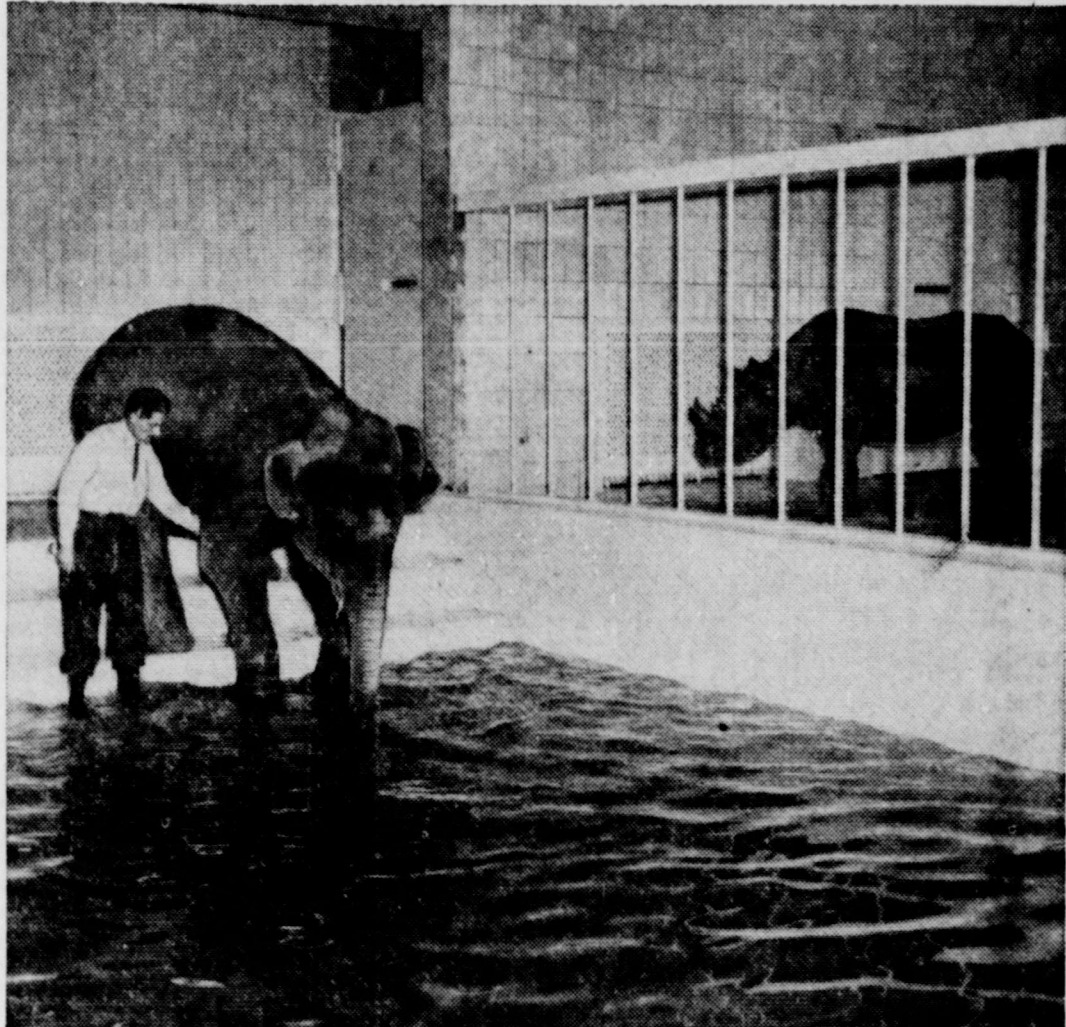

Mr. Goodwin works for the Humble Pipe Line Company and is a veteran of some 114 amateur and professional bouts. Goodwin is well known, too, as a coin collector. He has one of the finest collections in the state.

THEY'LL HAVE a new secretary over at the First Baptist Church beginning next Monday. Miss Bertie Mae Donham, who has been working half-time for the Crawford Insurance Agency and half-time for the Merchants Credit Association, will work full time at the church.

Mrs. Felton Underwood, who has been filling in until they obtained a permanent secretary, tells us that she will retire.

SQUIBS: No one but a blacksmith can turn the job of keeping secrets into a paying business. The theory that it is never late to mend our ways allows many to coddle their bad habits.

Trouble comes to all men, but those who are looking for it will get more than their share of it. People who talk all the time and only waste a lot of words, but fail to make a good impression. Some men are real sure they are right until the time comes to back their opinion with real money. Anyone who expects to live by his wits should first be sure he has his wits in his possession. The lucky man points with pride to his superior judgment. Life goes better for people who take things as they come. Only the man with money can buy all the time he wants. The optimist sees things as they should be - not at they are. Judging a man's future by his past is always a poor policy.

WHAT A LIFE!—Shanti, an elephant in the Zoological Garden in Berlin's British Sector is wading into his private swimming pool as an envious neighbor watches. The next cage houses Arusha, a hippo, who would love to plunge into that water, too. This zoo was almost totally destroyed in World War II, but is now almost completely restocked and rebuilt.

LOCAL BOXING TEAM TO FIGHT IN ABILENE PROGRAM TONIGHT

Several members of the Cisco boxing team will be in Abilene tonight where they will participate in a seven-city boxing program at the Fair Park Arena. The fights are warmups for the Cisco boxers who will be hosts Saturday night as boxers from Abilene and Brownwood come to the community gym here for a program.

The Saturday night bouts will include some 12 to 15 matches featuring top fighters from the three cities. Plans call for the program to begin at 7:30 p. m. and continue for about two hours. Admission prices have been set at 50 cents for adults and 25 cents for students.

Tonight some 12 members of Coach L. R. Goodwin's Cisco boxing team will appear in the Abilene show. They are Gene Burke, C. A. Wheat, Phil Perry, Carl Metker, Billy Hawk, Billy Davis and Don Slatton of Cisco Junior College, and Tommy Reynolds, Tommy Terry, Howard Hamilton, Buz Johnson and Buddy Waters of Cisco High School.

Coach Goodwin has been working with his team for several weeks, and most of his fighters are near peak condition. Most of the fighters will enter the Regional Golden Gloves tournament late in January.

While a majority of the enthusiasts here are Novice and High School entries, Goodwin has one champion and a regional finalist to form the backbone of his team. C. A. Wheat of Cisco Junior College won the Novice heavyweight title in Abilene last year over another Cisco boy, Richard Baack.

Gene Burke, Cisco JC football player, is also back. Burke lost to Gene Tone of Hardin-Simmons last year for the Open light-heavyweight title in another good bout.

Three more of Goodwin's youngsters, Heavyweight Phil Perry, Middleweight Billy Joe Hawk, and Light-heavy Don Slatton also fought in Abilene last year.

Cisco's forces will be divided between the Open, the High School and the Novice classes. Wheat, Burke, Perry and Billy Davis, Cisco JC middleweight, will be in the Open Class. Goodwin will have seven Novice battlers and perhaps one high school fighter. Another Open heavyweight, Randy Reynolds, is tied up with basketball and may not get to enter.

Goodwin fought four of his proteges at Brownwood last Saturday night in the Johnnie Clay Memorial Bouts. Burke lost by a split decision to Leslie Hamilton. High schoolers Tommy Terry and Tommy Reynolds lost by decisions and Howard Hamilton won a split decision over Johnny Greene of Brownwood.

Goodwin's lineup for the regional tournament will have these boys in the Novice Class: Tommy

Olden Teams Win Over Scranton In Tuesday Contests

The Olden High School boys and girls cage teams took two important games from the Scranton High School teams Tuesday night. The wins gave Olden possession of first place in conference play with two wins against no losses.

In the girls game Olden won by a 54-32 score. Thelma Edwards of Olden was high scorer with 33 points.

In the boys game Olden scored an 80-56 victory over Scranton. Jimmy Colburn scored 31 points for Olden to take game honors. J. Speegle scored 14 to lead Scranton.

Friday night Scranton goes to Desdemona for a boys and a girls game. The games will have an important bearing on second place in district standings.

Captains of the Scranton boys team are Lyndel Reese and Jack Speegle. Captains for the girls team are Judy Ingram and Willowdene Sawyer. They were elected at the beginning of the district race.

The Cisco Junior College Wranglers, fresh from their 79-58 victory over Decatur Tuesday night, will go to Weatherford tonight for a conference game with the Weatherford Junior College cage team. Game time is 8 p. m.

Coach Red Lewis will probably start Don Slatton, Burnell Stevens, Byron Welborn, Eddie Bennett and Joe Ed Palmore in the game tonight.

The Wranglers have won two and lost one in three conference games played this season. They have wins over Blinn and Decatur and a loss to Allen Academy.

Saturday night the Wranglers go to Abilene for a game with the Abilene Christian College Wildcats. Their next home game is on February 3 with Henderson County Junior College.

CHS Speech Class Presents Another Play In Assembly

By PAT MAYER

The second of the plays prepared by the speech class was presented Wednesday in CHS assembly. "You Don't Belong To Me!" was the very fitting title of the play.

The cast of characters included Wayne Gordon, a high school senior, Clyde Butler; Ethel Gordon, his mother, Zella Hastings; Shelby Gordon, his father, Robert Fletcher; Patsy Gordon, his younger sister, Carlene Holder; Diana Hughes, Wayne's former girl, Pauline Roe; Jennie Winfield, the big surprise, Bobbie Sublett; and Mr. Mitchell, advertising manager for the Higbee Candy Company, Bernice Mitchell.

The play, a crazy, mixed-up, comedy of one act, was all about Wayne's winning a contest and of the many misunderstandings it caused. The whole play took place in the living room of the Gordon residence on Saturday afternoon in early summer.

What's Buzzin' At CHS

Johnny Carson got hooked into going after the Cokes . . . Some people just never know when to quit throwing snowballs . . . Arlene Bint got to be the first one rolled down the hill in the snow Monday . . . Ronnie Qualls has certainly developed a sudden interest in monkeys . . . Benji Lipsey was seen walking down the hall with a very puzzled look on his face.

Kay Hailey seems to have all the pretty clothes . . . Jeannie McCannies received a very lovely present from a relative that she doesn't even know. Pretty good . . . Winona McKinney has a new engagement ring. Wonder if it came from Del Rio . . . In a discussion recently the statement was made that a certain young lady would get married as soon as the government furnished them with money. Faye Redwine then stated that she would get married as soon as the government would furnish her with a husband.

Dot Crofts was really working hard to get those papers in alphabetical order . . . Jackie Cunningham says that she will be ready for a mental institution by the time she is through with her mid-term exams. That statement goes for all of us . . . The third year English students are trying to learn all the book so they will be able to pass the test.

Hear that Sandra Turknett really gets the applause when she gets up to direct the band . . . Who does Nell McAnally converse with every day at sixth period . . . Joe Wayne Farrow and J. Frank Walton even talk in the Morse code now . . . Diana Waters and Nanear Hill are growing old very rapidly. They are already completely gray . . . Bill Smith has decided to call his car the "little green cab" instead of the "green dragon" . . . Lorelie Lipsey is counting the days until January the 20th.

JoAnn Edwards couldn't even remember the importance of last Sunday, the ninth . . . Tommy Reynolds has gone for boxing in a big way . . . Arzelle Hale was disappointed because Barbara Bassett was looking for Joe Gilmore instead of him . . . Rodney Callaway tires himself out walking to the track field and turning around and walking home . . . Ronnie Reed is going to get his head caught in the door of English class one of these days, if he isn't careful.

Carolyn James studies as much as Catherine . . . Linda Yardley has trouble trying to figure out the code . . . Seems that everyone in CHS has gone in for coin collecting . . . A certain sophomore boy knows how handy carbon paper can be when it comes to taking notes for your final exam . . . Carlene Holder was really good in the nose little sister part. She must have some experience at it at home . . . Hear that Patsy Neely and Sue McDonald really was good targets for snowballs.

The snowballs that came through the doors of CHS proved to be the most interesting . . . You can hear Nina Jo Walton laugh all over the building . . . Mary Jane Rendall has decided just to give up on her exams. She says she studies and fails so she might as well take it easy . . . Sylvia Cearley knows her home-making backwards and forward . . . The students have decided that the only thing worse than mid-term exams are final exams.

Annual March Of Dimes Fund Drive Opens In City, County

WILL SING AT JAMBOREE

Fonda Wallace, pictured above, will be the feature entertainer on the Cisco Jamboree program to be held at the city hall auditorium at 8 p. m. Friday. Fonda, former Munday school girl, now lives in Wichita Falls, where she appears regularly on radio and television shows. She has recently been seen on the Bill Mack television show. Fonda has appeared on the local show previously. In addition to Miss Wallace, the regular entertainers will appear. The jackpot for the Friday show will be \$5.

FARM WORK PICKS UP DURING PAST WEEK IN MOST SECTIONS

AUSTIN, Jan. 13. — Farm work picked up a little during the past week in Texas but remains seasonally slow. The winter vegetable and citrus deals were in full swing, a little early plowing was starting and farmers and ranchers were busy at such jobs as feeding and caring for livestock, repairing fences and buildings, terracing and brush burning.

Land preparation in dryland areas of south Texas was retarded by dry soils. Moderate temperatures prevailed until the weekend when much of the state received some rain, snow or sleet. Rains of one-half inch or more generally covered high plains counties from Amarillo southward and

most of the state from Abilene through Uvalde eastward. Snow covered much of the western cross timbers, low rolling plains, southern high plains and parts of the trans Pecos country as the week ended.

Outlook for small grains improved in most areas except the important wheat country north of Amarillo. It remains dry in that area with some plants dying and condition of wheat very poor. In high plain areas south of Amarillo, light rains helped plants that were up and should sprout additional dry sown wheat.

Over much of the low rolling plains and cross timbers, wheat made good development during the week. A blanket of snow covered much of the low rolling plains and cross timbers wheat over the weekend and will bring on continued improvement. Small grains in north and east Texas made good development. In central and south Texas these crops need moisture badly. Dryland oats around San Antonio and southward have about stopped growing.

Field work was active in most commercial vegetable areas. Although harvest of tender vegetables is practically over in all areas, movement of hardy type crops was increased considerably, and planting of additional spring crops was expanded into some areas outside the lower valley.

Livestock were being maintained in fair condition over much of the state by heavy supplemental feeding. Over the southern high plains, low rolling plains, cross timbers and parts of the trans Pecos, snow temporarily forced stock out of fields and pastures. The welcome moisture in those areas should bring on some small grain pastures, winter weeds and grass when it warms up.

Light weekend rains over the eastern plateau counties should start winter weeds and grass but additional moisture will be needed for growth. In parts of east Texas and along the upper coast, where showers were received earlier, small grains and rescue grass made fair to good growth in generally mild weather that prevailed early in the week. Additional weekend moisture in that area will maintain development.

Mother's March Set For Jan. 24

The March of Dimes drive for 1955 is underway in Cisco and Eastland County and it will continue during the balance of the month in an effort to raise funds for use in the year's polio fight, according to an announcement today.

Chairman W. E. Dean reported that plans for the Cisco phase of the county-wide drive were progressing nicely. He said that the various committees were on the job, organizing details of the drive.

Coin collection containers have been placed in most stores and business firms in the city. Mrs. H. L. Ferguson is chairman of this group. Cards to collect donations from school children are being placed in all of the schools by committees working under the direction of Mrs. Harold Davies.

Meter Dimes To Benefit Drive

All dimes deposited in city parking meters during the balance of the month of January will go into the polio foundation campaign fund, Mayor G. C. Rosenthal reported today. Many cities throughout the state are giving "dimes to fight polio," the mayor said.

Mr. Rosenthal pointed out that a dime will not register on the parking meter, and the city usually gets \$3 to \$5 per week in dimes out of the meters. It was believed that many more dimes would go into the parking meters if motorists knew they would go to the polio fund.

"The polio drive is an important proposition and all Ciscoans will want to have a part in it," Mr. Rosenthal said.

Nominations Are Still Open For Air Force School

With preparations being made for the first class of Air Force Cadets to enter the newly founded United States Air Force Academy, nominations for this historic class are still open. The deadline for Congressional nomination, however, is February 18, 1955.

The academic curriculum of the Academy covers two primary areas of learning: Social Humanities and Scientific studies. The courses listed under the Social Humanities Division are English, History, Geography, Philosophy, Military Law, American and Comparative Governments, Economics and Comparative Systems, International Relations, Military History and a Foreign Language.

Under the Scientific Division the courses are Mathematics, Engineering, Drawing and Navigation, Chemistry, Physics, Mechanics and Materials, Electrical Engineering and Electronics, Aerodynamics, Thermodynamics, and Aircraft Design.

Over 1800 nominations and applications are already on hand. 300 Cadets will be chosen on a competitive basis by an Air Force Academy Admissions Board.

Federation Plans Meeting Jan. 15th

The January meeting of the Eastland County Federation of Women's Clubs will be held Saturday afternoon, Jan. 15, at 2:30 o'clock in the Library and Women's Club building at Rising Star with the Saturday Study Club serving as hostesses. Mrs. Shannon, dramatic teacher in the May schools, will be featured on the program which is being sponsored by the Rising Star club members. It was reported.

The business session will include the election of officers. Mrs. C. W. Maltby of Desdemona, president of the Federation, urged all clubs to send representatives to the meeting.

First Baptist Circle Has Meeting Tuesday

Circle Two of the First Baptist Church met Tuesday afternoon in the home of Mrs. E. J. Poe with Mrs. A. R. Day presiding in the absence of the chair-

man. Mrs. D. L. Kisner opened the meeting with prayer and Mrs. Frank Walker gave the devotional from Psalm 103. Mention was made of the W.M.U. meeting to be held at the church next Tuesday and the concluding chapters of the mission book were brought by Mrs. Poe. The meeting was dismissed with prayer by Mrs. J. E. Burnam.

Members answering roll call were Mesdames J. E. Burnam, Frank Walker, Effie Mayhew, D. L. Kisner, A. R. Day, Floyd Shepard, Fred Grist, and the hostess, Mrs. Poe.

COUNCIL WILL MEET

The Eastland County Council of P-TA will meet Friday morning, Jan. 14, at the home of Mrs. Calvin Harris, 808 Cherry St., in Ranger for their regular meeting. The event will begin at 9:30 a. m. The guest speaker for the meeting will be Mrs. Bryan Hale of Stephenville, district chairman of character and spiritual education.

Chronic Diseases Provide Biggest Health Problems

AUSTIN, Jan. 13. — State Health Officer Henry A. Holle believes chronic diseases represent one of the biggest problems facing health officers today. Recent statistics compiled by the Bureau of Vital Statistics,

Texas State Department of Health show:

1. 23% of all deaths among 15-29 year olds are due to chronic diseases, with malignant neoplasms being the leading chronic disease.
2. "Well over half" the mortality in the 30-44 age group is due to chronic disease, with heart trouble, cancer and vascular lesions being the leaders.
3. "Almost 8 out of 10" deaths in the 45-59 bracket are caused by this disease classification, with

Several Federal Jobs To Be Filled By Civil Service

The United States Civil Service Commission has announced examinations for Student Trainee for positions paying \$2,500 to \$3,175 a year, and for Bacteriologist, Biochemist, and Serologist, \$4,205 to \$8,360 a year.

The positions to be filled from the Student Trainee examination are in the fields of physics, metallurgy, chemistry, cartography, and engineering, and are located in various Federal agencies in Washington, D. C., and vicinity. Persons appointed will participate in training programs consisting of periods of on-the-job training in a Federal establishment alternating with periods of scholastic training at an accredited college or university.

Applicants must have completed an appropriate high school curriculum, or they must have had 1, 2, or 3 years of appropriate college study. (Students who expect to complete the required training by June 30, 1955, may apply.) A written test will be given. The age limits, waived for persons entitled to veteran preference, are 16 to 35 years.

The Bacteriologist, Biochemist, and Serologist positions are in hospitals and regional offices of the Veterans Administration throughout the United States and in Puerto Rico. Appropriate education or a combination of education and experience is required. No written test will be given and there is no maximum age limit.

Further information and application forms may be obtained from the Cisco Post Office or from the U. S. Civil Service Commission, Washington 25, D. C. For the Student Trainee examination, applications will be accepted by the Commission in Washington until May 1, 1955; however, persons who wish to take the first written test to be given must have their applications on file not later than February 15, 1955. For Bacteriologist, Biochemist, and Serologist positions, applications must be filed with the Central Board of U. S. Civil Service Examiners, Veterans Administration, Washington 25, D. C. They will be accepted until further notice.

the proportion rising to 85 per cent for those 60 to 74 years old.

4. For those 75 and over chronic diseases cause 84 per cent of the total mortality. The slight decrease in percentage over age 75 is because of the high susceptibility to accidents, pneumonia, and influenza among the aged.

"When chronic disease is mentioned, all too many people think of the problem as being confined to the middle-aged or older," the health chief said, adding that such an idea was not consistent with the facts.

"The term chronic," Dr. Holle explained, "means the opposite of acute. When applied to a disease, chronic means of long duration. That would mean cancer or tuberculosis is chronic, while smallpox or poliomyelitis is acute."

"The significant thing," Dr. Holle indicated, "is that the chronic disease classification causes 23% of all deaths among young people in the 15-29 age bracket."

"Obviously, that makes the teen ages the first age at which the diseases assume a major mortality role."

In 1692 Judge Samuel Sewall sentenced 10 women to death in witch trials in Salem, Mass.
