MR. JOE CLEMENTS of the
Lingo Company was busy
putting nails or whatever folks
run lumber yards do yester-
afternoon at 3 p. m. The
rang. Mr. Dick Lauderdale
of the First National Bank
asked him to come over, for some-
thing was wrong with his account.
Joe headed out for the
bank. The door was locked and
he had to knock. "Closed - Joe
Clements' Birthday." (He had
just turned 21.) The bankers recently about
had been dead a hundred
two years.
Mr. Lauderdale opened the door
and Mr. Clements started to leave.
The bank folks sang "happy
birthday" to the veteran lumber-
jack. Then, they cut a cake with
"Happy Birthday, Joe" sign on
it and served same with coffee.
It was a fine surprise and it made
Joe feel mighty good as he
praised his nail counting or
whatever folks who run lumber
yards do.
EVERY ONCE IN awhile we
hear somebody say, "people are
coming town in droves." We
know, of course, that this is not
true, but we decided to do a little
looking. The population of our
schools is a pretty good barometer
for the community. And
here are some comparative figures
of the schools:
Sept. Sept.
1953 1954 Now
High School 293 306 289
Ward 121 136 156
Corsiicana 288 292 296
Navarro 364 383 381
Totals 1,078 1,133 1,135
You will note from the above
that the school system has two
more students now than at the
beginning of the current year and
more than the previous year.
A check of the utility meters
shows that the number in service
remained about the same.
Disconnects and disconnects average
pretty well. In other words,
we hear about some of your
leaving. But you don't
know about somebody coming to
town, for those who come in are
usually strangers. Let's all try to
make these newcomers and bid
them welcome.
COACH RED LEWIS and his
assistants will tell you that the
best dealer down at Hillsboro is
a very accommodating gentleman,
and Tuesday afternoon, the
basketball team was en route
to Corsicana to play Navarro
Junior College in a con-
ference game. Near the Whitney
road, some 25 miles from Hills-
boro, a timing gear in the school
bus went haywire and Coach
Lewis and his athletes seemed
to be in a jam.
Red hitched a ride into Hills-
boro and went to the Ford house.
He introduced himself and ex-
plained the situation. The Ford
went out to see a wrecker out to
pull the bus, and he loaned Lewis
two cars to transport the
team to Corsicana for the game.
A crew of mechanics worked
all night to have the bus ready
for the game. Red and his boys got
back to Hillsboro after the game.
The only charge made for use
of the two cars and for gas and
oil was a \$2.50 wash job. The
company charged \$10 for the 50-
mile trip with the wrecker to
pull the bus, and the charge for
pulling the timing gear was very
minimal.
There are a lot of good folks
in this country.
SOME OF THE fellows were
told Dr. H. M. Ward, the Bap-
tist pastor, how come he was
wearing a pull-over sweater un-
der his coat at Lions Club yes-
terday. He explained "if you
buy a pull-over sweater, you would wear a pull-
over sweater, too." It was hand-
some and warm looking. . . Mr.
W. Wilcox, who will be the
manager of the Piggly Wiggly
store when it opens here, has al-
ready started to work for the
grocery concern. He has been
given special assignments at sev-
eral of their stores. . . Plastic
surgeons nowadays can do any-
thing with the human nose except
take it out of other people's busi-
ness, says a note in Editor Sid
Palmore's The Lion Tale. . . Hear
that you would have thought it
was Christmas over at the A. R.
rental house yesterday. It was
the ARW's birthday and gifts
came from all directions.

FORT WORTH RODEO "TOPS" IN THRILLS

"Action!" is the keynote of the rodeo at the Southwestern Exposition and Fat Stock Show, opening Friday night with two performances daily thereafter through Sunday, Feb. 6. The wild horse stampede (upper left)

calls for cowboys, on foot, to try to grab a mane and clamber aboard. Other pictures are: Budd Heaton and his comedy bucking horse, (upper right); a wild Brahma bull tosses a barrel - and Jimmy Schumacher, clown

- high in the air; and (lower right) Bill Linderman, great bronc rider, roper and steer wrestler, former all-round world's champion cowboy who will be one of the 400 contestants.

Turkey Growers Plan To Decrease Flocks This Year

AUSTIN, Jan. 27. - Texas Turkey growers plan to decrease turkey numbers by seven per cent this year, according to the Agricultural Service of the U. S. Department of Agriculture. If the growers carry out their intentions, the number of heavy breed turkeys raised will be 2,501,000 and light breeds will be 541,000 as compared with 2,682,000 and 589,000 last year. Nationally, turkey flocks are due to be decreased four per cent this year to 58,896,000 heavy turkeys and 61,045,000 light turkeys. All parts of the country plan decreases except the north central states. Growers intend to raise 42-820,000 bronze and other heavy breed turkeys this year, about the same as last year. They plan to raise 16,076,000 Beltsville White and other light breed birds - 11 per cent less than in 1954. About 27 percent of all the turkeys to be raised this year are expected to be Beltsville White and other light breed birds, compared with 30 percent in 1954. A record crop of turkeys in 1954 with considerably lower turkey prices and a less favorable turkey-feed price relationship than a year ago are the reasons given by turkey growers for the expected decrease in production this year. The number of turkeys actually raised may vary somewhat from January 1 intentions, the difference depending on prices of feed, supply and prices of hatching eggs, and the sale of turkeys remaining in growers' hands. Prices received by growers during the last half of 1954 averaged 15 percent lower than during the last half of 1953, while feed prices averaged about 2 percent higher, resulting in a less favorable turkey-feed price relationship. The number of turkeys raised in 1954 was 2 percent larger than January 1 intentions, because turkey and feed prices remained close to the profitable level of a year earlier throughout the main hatching season. The turkey crop in 1953 was the same as intended January 1 because turkey and feed prices remained fairly steady throughout the hatching season. Number of turkeys raised in 1952 was about 2 percent larger than intended January 1, despite declining prices during the 1952 hatching season. Growers increased their 1953 turkey production because there was an abundance of cheaper poultry throughout a fairly long hatching season and credit was not a limiting factor.

'MILE OF DIMES' IS PLANNED SATURDAY TO AID POLIO FUND

A "mile of dimes" program to aid in the Cisco March of Dimes campaign has been planned in downtown Cisco Saturday, it was announced by W. E. Dean, chairman. The "mile of dimes" program will be held in the 600 block of Avenue D, it was announced. Plans call for having a novelty program going all day Saturday to help boost the interest. All amateur entertainers in the area were invited to have a part in the program, full details of which will be announced in the Friday issue of The Press. Entertainers who desire to aid with the affair were asked to register at Lucile's Dress Shop, 613 Avenue D, Friday morning, if possible, so a list can be carried in the story Friday. Entertainers of all ages are wanted for the program Chairman Dean said. Fiddlers, singers, dancers, whistlers, musicians, magicians or any other entertainers were asked to register.

Carolyn Bint, the band president, welcomed the guests and introduced the program, which was a splendid trumpet trio from Abilene. Johnny Turner, vice-president, introduced ex-band members in attendance. Gifts were presented to Mr. Thomas, the band director, and Jacque Douglas, the band captain and to Carolyn Bint. Medals received from the twirling contest were presented to all the majorettes - Judy Graham, Barbara Bassett, JoAnn Edwards and Sue McDonlad and to the drum major, Faye Redwine. 8 Local Boxers To Fight Tonight In Abilene Bouts

Eight members of the Cisco boxing team will go to Abilene tonight where they are entered in the Abilene regional Golden Gloves boxing tournament. The fighters will be accompanied to Abilene by Coaches Louis Goodwin and Carl Warren. No pairings have been made, so it was not known when the boys would enter the ring. The tournament will be held Thursday, Friday, Saturday and Monday nights. Fighters entering the tourney will be Max Brown, 121; Billy Joe Whaley, 130; Robert Bell, 139; Howard Hamilton, 148; Billy Joe Hawk, 148; George Gilgo, 174, Bruce Stovall, 206 and Randy Reynolds, 176. Reynolds will fight in the novice division and Hawk, Gilgo and Stovall will fight in the novice division. The others will either fight in the high school or novice divisions. Robert Bell is a member of the Scranton boxing team, but is fighting with Cisco in the regional tourney. Coach Goodwin plans to enter a team in the Brownwood regional tournament next week. Goodwin and Warren have been working their fighters hard this week in preparation for the fights. Goodwin, a veteran of more than 100 fights, has been working with the group for several weeks. Recently Goodwin was joined by Carl Warren in training the fighters. Warren has been in more than 50 amateur bouts, and while he was with the Marine Corps in 1943-44 was the light heavy champ of the Pacific fleet. Before going into the Marines he was the middleweight Golden Gloves champion of Oklahoma.

Poll Tax Outlook Is Dim As Only 204 Are Paid Here

Business is going to have to be brisk at the Chamber of Commerce office if anything like the usual number of Ciscoans pay their poll taxes this year, Mrs. Peggy Gallagher, deputy tax collector, reported today. Only 204 poll tax receipts had been issued by Mrs. Gallagher and the deadline for paying the tax is January 31. Cisco usually has 1,500 or more eligible voters, and it was believed that at least 1,000 would have to be paid in the next three days if the local voting strength is to remain normal. Monday is the last day to pay poll taxes. Mrs. Gallagher said the Chamber of Commerce office would remain open Saturday afternoon for the convenience of taxpayers, and she plans to keep the office open as late as necessary Monday to accommodate late comers. Although this is an "off year" for election, a number will be held here, including city and school elections. And the City of Cisco is expected to hold an election during the first half of the year on refunding its bonded indebtedness and voting revenue bonds to add to the Lake Cisco water supply. Poll taxes cost \$1.75 each.

Do You Know YOUR FLAG?

Q. When were the Stars and Stripes first flown in battle on land? P.N.D., Lima.
A. At the Battle of Bennington, Aug. 16, 1777. That Fort Stanwix flag was not a "Stars and Stripes," but a Continental flag.
Q. What is the proper salute when giving the Pledge of Allegiance? T.M.A., Akron.
A. Citizens remove hats and place right hand over the heart. Men in uniform, and on duty, are not allowed to remove headgear, so they touch the visor of their caps with their finger tips. As women never remove their hats, whether or not in uniform they place their ungloved right hand over the heart.
(This Flag series was made available to The Press by the Charles Crawford Chapter of the Daughters of the American Revolution, Cisco.)

Voice Of America Program Is Good, Dr. Ward Reports

The Voice of America radio program, which the U. S. State Department broadcasts to foreign countries, commands much respect in Jamaica, Dr. H. M. Ward, pastor of the First Baptist Church, told members of the Cisco Lions Club in a talk Wednesday at the weekly luncheon meeting. Dr. Ward, who appeared as guest speaker at the invitation of Lion Alpha Elder, recently spent some ten days in Jamaica as one of 55 Baptist ministers on a special preaching mission. Most Jamaican homes have radios that are turned on throughout the day, Dr. Ward said. The people told him that they always listen to the Voice of America because they consider the news reports it sends out to be accurate and reliable. Dr. Ward added that he saw and heard enough to convince him that the broadcasts should be continued. The Island of Jamaica has much beauty in its natural resources, he said. The population is made up largely of colored people who are very religious. The people are interested in America and they asked him many questions about the United States. Three new members - E. A. Cox, G. W. Wilcox and W. W. Wright - were initiated into the club. Pins were presented them by Lion E. L. Jackson, who spoke briefly on Lionism. Lion Austin Flint will be in charge of next week's program, it was announced. The club took up a March of Dimes collection and raised \$28 to be turned in to the campaign.

WHAT'S BUZZING AT CHS

What was Paul Ford high jumping in, someone would like to know. . . Tommy Reynolds shouldn't give all the reasons why he doesn't like a job and then maybe they wouldn't give it to him. . . Frank Ditmore has been seen coming to school in his own car, a '38 Ford. Some people have decided that he has made it at home. . . David Ewell still has on the suspenders that were so graciously loaned him in assembly Wednesday. Ronnie Edwards can pick the oddest places to drive a car. He's nearly as bad as some others we know. . . Dot said that she absolutely couldn't speak. Maybe her hoarseness is with her 364 days out of every year. . . Carlene Holder and Jean White looked very pretty in their white dresses. . . Jan Latson finally got the courage to wear the dress she made in homemaking. . . Didn't know Jerry Weiser was such a talented pianist. . . Joe Gilmore looked like he was enjoying the money collecting. . . These boys and their \$10 slide rules! . . . Wonder what Charlie Cross will do with Mr. Overall's paddle now that he is the owner of it?

Vital Statistics On Poison Deaths Given By Agency

AUSTIN, Jan. 27. — For the first time the National Office of Vital Statistics has issued tabulations of fatal accidental poisonings by age, sex, and kind of poison, said Dr. Henry A. Hollie, State Health Officer. A total of 1,497 such accidental deaths oc-

urred in one year. Petroleum products (including kerosene) and aspirin and salicylates were involved in 40 per cent of the deaths in infants through 4 years of age, 165 such deaths. Dr. Hollie declared this indicated that parents are not as aware of the dangers of these substances as they are of such substances as lye, iodine, phenol or strychnine. It should also be pointed out that three out of four fatal child poisonings occur at ages 1 to 2. This indicates that prevention of these accidents in-

volves keeping poisons away from children rather than teaching them about poisons. Any item that can be poisonous should be kept out of reach of children. This includes medicines, kerosene, insecticides, cleaning fluid and many other items. Adults should never attempt to take medicine in the dark. Always read the label to make sure the medicine you wanted is not something poisonous. In the 25-44 and 45-64 age groups, there are sizable differences between male and female accidental poisoning deaths. There were considerably more barbiturate deaths of women in the 25-44, while in both groups most of the alcohol poisonings occurred among men. These two agents accounted for 58 per cent of the accidental poisoning fatalities for persons 25 years of age or older.
