## The Gay Philosopher

By J. W. S.

HOW MANY PEOPLE would you guess were killed in accidents last year? How many do you think were injured? The National Safety Council has just released the figures. Accidents in the United States last year took a staggering toll, killing 91,000 persons and injuring 9,200,000. The estimated economic loss was about ten billion dollars.

Traffic accidents caused most of the losses of lives and property. A total of 36,300 people died in auto mishaps, 1,250,000 more were injured and the cost was four billion and a half dollars.

Accidents in the homes claimed 28,000 lives, public travel mishaps killed 16,000, falls cost 19,800 lives and 6,500 died from burns, 6,600 from drowning and 300 from gun accidents.

FARMING AND Ranching, a news letter mailed out each month by the Texas and Pacific Railway, contains a paragraph about Cisco and Eastland County this month, as follows:

"This fall, the second Eastland County Pecan Show was held at Cisco, Texas. So far, this is the only 'Nut Show' held in Texas which is some distinction in itself. J. M. Cooper, long-time county agent there, tells us they stage the event to focus attention on pecan growing as a minor agriculture crop for the county and to promote more pecan growing in that area.

"Eastland County now has some 1,300 acres planted to improved pecans and many times that number of acres of pecan trees in the creeks and bottom lands of the county have been budded to improved varieties."

OUR BIRTHDAY calendar contains a number of names for the coming week and we extend "happy birthday" to them, as follows:

Feb. 6 - Patsy Read.  
Feb. 7 - Mrs. F. M. Hooks, Mrs. Albert Snider, Mrs. C. A. Williams and M. W. Cotton.

Feb. 9 - D. R. Harper, Peggy Carrothers, Judith Ann Sittion, John Rodden, Laurant Pingree, Mike Sittion, Rupert Hugh Brown, and Allen Farley. Wedding anniversaries: Mr. and Mrs. H. R. Garrett and Mr. and Mrs. W. E. Solomon.

Feb. 10 - Velda Weathers, Melvin Travis, Nancy Ann Shingle and Mrs. R. B. Carswell.

Feb. 11 - Mrs. Roy Fonville, Sr.

Feb. 12 - Mrs. Wood Broyles, Linden Thompson and C. A. Morris.

A YOUNG GENT who is enjoying the winter in Cisco is Mr. John Waller. He is the son of the president of the Boss Manufacturing Company, and he came here last December to spend a few months working for the Boss company, learning the business from the ground up.

Mrs. Waller and baby are with John in Cisco. The past few days, the temperatures in their native Kewanee, Ill., have stayed from 10 to 18 degrees below zero. And the thermometer hasn't gone below 30 degrees here. The Wallers will be here another two months or so.

THE COLUMN we wrote the other day about stopping smoking cigarettes brought us more comment than anything we've written lately. A number of folks told us about their experiences in quitting tobacco. All of them agreed that if you could get by the first two weeks or so you had it made.

Several people wanted to know if we thought cigarettes caused lung cancer. Any answer we could give would just be an opinion. Our only comment in that connection is to quote the old Chinaman who allowed that "you will usually find a little fire where there's a lot of smoke."

MET UP WITH Mr. Dick Thackeron, the former A-G Motor Company mechanic, at the barber shop the other afternoon. He was visiting in town. Dick is a Chevrolet factory mechanic now and goes over the southwest holding special schools for dealers. A goodly crowd of Country Club members enjoyed a family night supper Friday evening at the club. Among the food items that attracted comment were a carrot casserole prepared by Mrs. Charles Kleiner and a salmon dish fixed by Mrs. Gene Abbott. Ladies of the club will hold (Turn To Page Four)

Save 20 per cent on Appliance Loan Before You Trade

ARCH IN THE EAST—A new single-span steel arch bridge now links Nagasaki with Sasebo, on Kyushu Island, and marks the completion of the third largest bridge of its kind in the world. It was built at a cost of about \$1,500,000, is 712 feet high at the center and 1042 feet long, a thing of beauty and one of Japan's prides.

## Local Scouts To Observe Special Event This Week

All local Boy Scouts and Cub Scouts will join next week in the observance of Boy Scout week, held in conjunction with the 45th anniversary of the movement.

Complete plans were not announced for all troops, but the boys will begin the week Sunday by stressing church attendance. The boys were all urged to attend their own churches Sunday.

The remainder of the week will be spent in observance of all rules of scouting, and in planning events that will benefit others.

Cub Scouts and possibly some members of the Boy Scout organization will have a display of their crafts in the window of Glenn's Furniture Company. The public was invited to go by and see the work being done by the boys.

The annual Blue and Gold Cub Scout banquet will be held at the First Christian Church on February 24. While the banquet is not being held during Boy Scout Week, the theme will be carried out.

Individual troop leaders are planning special meetings and events for the week of February 6-12.

## CJC Will Meet Navarro Quintet In Contest Here

The Cisco Junior College Wranglers will meet the strong Navarro County Junior College quintet at the community gym at 8 p. m. Monday.

The game is important in that it will have a bearing on second place in T.J.C.C. standings which gives the winner a chance to enter the state tournament in Bryan.

Cisco is in a tie with three other schools, including Navarro, for second place, and both teams will be fighting Monday night to hold on to their place. Coach Red Lewis said that his team should be in good condition for the contest. Burnell Stevens was expected to be recovered from a neck injury, and will see action.

## GRAND JURY RETURNS CHARGES AGAINST MAN IN THEFT CASES

A 91st District Court grand jury returned two indictments against B. D. Daniels of Cisco after being in session all day Friday at the courthouse in Eastland, County Attorney Joe Nuessle reported. Daniels was still in the county jail Saturday.

The indictments charged Daniels with robbery by assault and with cattle theft on complaints of Mrs. O. G. Phillips, 86, of Long Branch. District Judge Turner M. Collier set bonds at \$1,500 on the cattle theft charge and \$3,500 on the robbery count.

Mr. Nuessle said that they hoped to call the Daniels case to

## PLANS ANNOUNCED FOR ANNUAL LIVESTOCK SHOW NEXT MONTH

The date for the Eastland County Livestock Show has been set for March 25 and 26 at the old Airport near that city, according to an announcement issued by Boyd Hilley, Gorman, President of the Livestock Raisers Association, sponsors of the show.

Various committees to develop and complete plans for the show have also been named. Luther Wilson, former county agricultural agent of Fisher County and now in the feed and seed business in Eastland, has been named general superintendent of the show. He replaces C. M. McCain, local rancher who served in that capacity for the past several years.

Hood King, Brandy Humphreys, T. D. Wheat and Bob Perkins were named as members of a catalogue committee for Eastland. Others chosen were Sutton Crofts and Dr. J. H. Denton, Cisco; Morris Newnam, James Ratliff, Leslie Hagaman and R. E. Harrell, Ranger; Boyd Hilley, Gorman; Travis Spence and J. E. McDaniel, Carbon; Archie Campbell, Olden; J. B. Williams, Desdemona; Cecil Shults and George I. Lane, Rising Star. Luther Wilson, C. M. McCain and J. M. Cooper were named on a general catalogue committee.

The county livestock association annually sponsors the county livestock show and have for many years, according to its officials. There is some prospect for a parade to formally open the 1955 show.

Plans call for the group to meet at breakfast Monday morning at the Victor Hotel. The post wants at least 150 members for the year. Eligible to join the organization are veterans of World Wars I and II and the Korean Conflict.

Membership dues are \$4 per year. The Cisco post needs a strong membership in order that its Lake Cisco Park program can be carried on in a bigger way, the post commander said. The post operates the swimming pool and other concessions at the park.

"The American Legion does a tremendous amount of good work in cities and communities across the nation," Commander Sittion said. "It is an organization of home-town men who helped their country win wars and who are back home helping their communities in every way they can. There is a place in the American Legion for every eligible veteran. We invite all veterans of the Cisco area to take part in our program by joining the post."

Winning fighters included Max Brown, Billy Whaley, Tommy Reynolds, Howard Hamilton and George Gilgo. Another fighter, Bruce Stovall, had not fought through Friday night. Brown won his fight in the opening rounds Thursday night. Friday night Billy Whaley, 125, won by TKO over Frank Bilbrey, 122, of Brownwood; Tommy Reynolds, 144, won a decision over Dale Marsh, 144, of Lampasas; Howard Hamilton won by default over Sandon Stuart of Tarleton State College and George Gilgo, 171, won by decision over Kenneth Kimball, 175, of Lampasas. Friday night Buck Whitehead, 123, lost by TKO to James Stuart of Tarleton; Billy Joe Hawk lost on decision to Hendrick Williams of Howard Payne College; Jackie Allen lost by decision to Elliott Hawkins of Tarleton and Don Satton was knocked out by Dan Meier of Fort Hood.

## OES PLANS MEETING

The Cisco Chapter of the Order of Eastern Star will meet Tuesday evening at 7:30 o'clock. All members were urged to attend.

Mr. Nuessle said that several civil cases were due to come up in district court this week.

## Bearman Named Cisco Housing Project Director

The Cisco Housing Authority, which operates the 52 brick apartments built here several years ago in a federal low-income rental program, accepted the resignation of Kenneth York and employed R. A. (Dick) Bearman as director at a meeting last week, it was reported Saturday.

Mr. York had been director of the project for about a year. Mr. Bearman is a long-time resident of Cisco and is well known in the area. The housing authority has offices at the project location in East Cisco.

Members of the authority's governing board are: R. L. Ponsler, chairman; S. H. Nance, Charles S. Sandler, George Davis and E. J. Poe.

## Ti Emanuoy Club Will Hold Dance

Ward Tullos, president of the Ti Emanuoy Club announced Saturday that the teenage organization was planning a dance for high school and college students to be held in the club's quarters over A-G Motor Company Saturday, February 12.

All high school and college students were invited to attend the dance.

He also issued a plea for furniture with which the club wants to furnish their club rooms. They need chairs, divans, tables, card tables and other items that can be used in furnishing the room comfortably and attractively.

Anyone having used furniture was asked to call Tullos, Dot Crofts, Peggy McCormick or Mr. and Mrs. Mel Sandler. Phone numbers are as follows: Tullos, 125; Miss Crofts, 741-J; Miss McCormick, 397-W and the Sanders, 763. The above can be reached after 4:30 p. m.

## Man Is Burned In Fire At Eastland

The brother of a Cisco woman was painfully burned in a fire in Eastland Friday which destroyed the home of Mr. and Mrs. W. B. Wilson.

In an Eastland hospital with deep burns on the legs was Clinton Cotton of Comanche, brother of Mrs. W. W. Wright of Cisco. He was visiting in Eastland in the Wilson home when he was burned.

The burns resulted when he accidentally broke a jar of naphtha in an attempt to remove things from the burning house. The naphtha splashed on his trousers and they became ignited, inflaming the burns.

W. B. Wilson is also a brother of Mrs. Wright of Cisco. Mr. and Mrs. Wilson lost all their household goods and clothing in the fire, which completely destroyed their home.

Sgt. Gene Schaefer was to leave today for Camp Chaffe, Arkansas.

## Boss Company Moves Into New Building, Output Increasing

### TALL CENTER LEADS VISITORS TO VICTORY OVER LOCAL TEAM

The Mineral Wells Mountaineers, led by six foot eight inch Carl Knight, nosed out the Cisco Loboes in a District 9-AA cage game at community gym Friday night 68-60.

The scrapping Loboes kept the Mountaineers scared all night, but were unable to keep the tall Knight off the boards. The Loboes had the best record in field goals, outscoring the visitors 23 to 21 in that department, but the ability to cash in on more free throw attempts gave the mountaineers the game. Mineral Wells made 26 free throws to 14 for the Loboes.

George Callarman led the Loboes in scoring with 29 points. He tied Knight who had nine field goals and 11 free throws for 29.

Cisco led for the first five minutes of the first quarter, and kept the score close all the way. The game was rough with a lot of body contact under the baskets.

In the "B" team game which preceded the "A" game Mineral Wells downed Cisco 51-44. Cisco's "B" team was crippled by the moving up of several of the players to the "A" squad. Herbie Gallegos led in scoring for Cisco with 16 points. Pruitt of Mineral Wells made 17 to take scoring honors.

Playing for Cisco, and the points they made, follow: Johnny Trigg, 9; Lee Cheves, 8; Gallegos, 16; Lee Swindell, 2; Robert Fletcher, 5; Johnson, 2; Jim Branton, 0; and Freddy Hayes, 0.

The Loboes conclude their 1955 regular schedule Tuesday night with the Ranger Bulldogs coming to community gym for the final game. The "A" team and the "B" team will both play on the schedule. Tuesday night the Queens go to Olden for a game with the Olden High School girls.

The district tournament will begin Thursday in Mineral Wells. Both the boys and girls teams of the district will be entered in the play. The winner of the tournament will play Stephenville to decide who enters bi-district play.

### TO VISIT IN CISCO

Mr. and Mrs. L. J. Leech are in Fort Worth today where they will meet their son, Cpl. Louis J. Leech, Jr., who will accompany them to Cisco where he will spend two weeks leave visiting his parents and Cisco friends. He is due to arrive at Amon Carter Field at 3 p. m. Cpl. Leech is with the United States Marine Corps and is stationed at Quantico, Virginia.

Mr. and Mrs. Lonnie Crosby and daughter of Fort Worth are weekend visitors in the home of her parents, Mr. and Mrs. Albert Hansen.

### Mrs. Benton To Lead Cookie Sale For Girl Scouts

Mrs. R. M. Benton has been named chairman of the Girl Scout cookie sale which will be held in Cisco late in March. She was appointed to fill the post vacated by the resignation of Mrs. D. N. Morrison.

Mrs. Benton will go to Graham on February 10 where she will attend an all-day meeting of cookie sale chairmen. She will receive instructions and material for carrying on the sale.

Mrs. Herschel Barnes was named assistant chairman, and will work with Mrs. Benton and other adult workers in the sale. On February 14 Mrs. Benton and Mrs. Barnes will meet with all Girl Scout leaders and will pass on to them the instructions she receives at Graham, and hand out all materials needed in the sale.

### Final Rites For Mrs. Akers Are Held Saturday

Final rites for Mrs. Minnie Akers of King City, Calif., were held at 2 p. m. Saturday at the Ellisville Methodist Church.

Mrs. Akers, a former resident of Ellisville, died in King City on January 30. She lived in California for approximately 30 years.

The body was to arrive in Cisco early Saturday and lie in state at Wylie Funeral Home in time for the services. Wylie was in charge of the arrangements.

Survivors are her husband, five sons, eight daughters, two brothers and five sisters.

HEART FUNDS FROM THE HEART - Pretty little Lana Goodwin, 7-year-old Waco heart disease victim, empties a year's savings from her treasure chest savings into the hands of Dr. W. R. White, Baylor University president and chairman of the 1955 Texas Heart Fund, to become the state's first contributor to the February-long campaign to raise funds to combat heart disease. Little Lana, daughter of Mrs. Lois Goodwin and youngest child in a widowed family of four girls and two boys, first learned she had rheumatic heart disease when physicians made a health check of her first-grade class in Waco's Sul Ross School. Since then, she regularly receives treatment at Waco's Heart Clinic. The \$2.58 Lana emptied from the treasure chest into Dr. White's hands for the 1955 Heart Fund represented her "special savings" since the close of last year's Heart Fund drive.

### Firm's Workers Due To Exceed 215

The Boss Manufacturing Company has virtually completed moving in equipment and making arrangements to utilize fully the new 70x160 foot addition to their factory building here, Manager Anton White reported Saturday. The building enlargement program will enable the company to double its production of work gloves at their Cisco plant.

The new addition has become the glove sewing room and 160 sewing machines have been installed. This included 118 machines that were moved from the old building and 42 new machines, Mr. White said. It was understood that additional machines were to be added later.

In increasing production, the Boss company has added 21 workers to the factory, bringing the total up to 192 last week. Plans called for at least 25 more employees to be hired in the next three weeks. Mr. White said that the company was giving former employees at the Breckenridge plant, which was closed late in 1954, an opportunity to work here and it was believed that 12 to 20 would accept the employment.

The local factory set a new production record last week, Mr. White reported, by turning out 12,000 dozens pairs of flannel gloves. Production has been over 10,000 dozen per week for several months.

As the new portion of the building becomes the sewing and finishing center, the old building will be used for flannel cutting machinery, shipping work, and storage of both finished products and raw materials, Mr. White said.

The addition was completed last week as work on the overhead sprinkler system, erected to prevent fire damage, was finished. The City of Cisco, owners of the factory building, needed a few more days to complete the installation of a larger water main line from College Hill to the vicinity of the plant. This will provide plenty of pressure for the sprinkler system and for all water customers in that area.

The building cost the city \$40,000 and funds were provided by local citizens in exchange for revenue warrants, which will be retired over the next 15 years with bond money paid the city by the Boss company.

R. F. Albro, vice president in charge of production, was here from the Boss company's home office at Kewanee, Ill., last week to inspect the property. He conferred with city officials and expressed satisfaction with the new building and the Cisco operations in general.

Mr. White said the Boss company would award a contract this week for the installation of air conditioning equipment in the building. Local firms had been invited to bid for a contract on the work, he added.

"We're happy with our new building and with the program in general," Mr. White said.

BIRTH IS REPORTED  
Mr. and Mrs. Vic Kelly of Topeka, Kansas, are the parents of a son, born February 4, in a Topeka hospital. Mrs. Kelly is the former Miss Betty Winston, grand daughter of Mrs. George Winston of Cisco.

### Do You Know YOUR FLAG?

Q. Should an unstaffed flag be draped over a picture frame or piece of furniture? R.J.D., Asbury Park.

A. No. Such usage contaminates the flag.

Q. Is the U. S. Flag ever dipped? G.L.C., Boise.

A. The U. S. Flag is never dipped to a human being, not even the President. When on the high seas a U. S. Ship dips its Ensign to a foreign Naval Ship, this is out of respect for that Nation, not its sovereign or ruler, even though he, or she, be aboard such ship.

(This Flag series was made available to The Press by the Charles Crawford Chapter of the Daughters of the American Revolution, Cisco.)

WE MUST HAVE ROADS

Gov. Allan Shivers in his message to the legislature this year says that Texas must have more money for highways. He urges an increase in motor fuel taxes for this purpose.

A bill immediately was introduced in the legislature by Rep. Charles Murphy of Houston and W. W. Glass of Jacksonville calling for a constitutional amendment which would dedicate all such new revenue to highway work. Later Murphy on his own introduced a bill calling for a 2 cent increase in gasoline and a comparable increase on LPG and diesel fuel.

If a motor fuel tax is imposed by the 54th legislature, it will be the first since 1929.

A PROGNOSIS

Eggs are too cheap, our poultry farmers are not making any money. Many farmers are selling their entire flocks. In fact I think that is the thing to do. The egg market will continue low until about May, then start up. This is just history repeating itself. When farmers do not make a profit, they cut output, making prices climb again the FOLLOWING SEASON.

If you want to make egg profits in '37, start a good flock of pullets in February. Have them laying in July, and you will make money.

Our Leghorns were bred by Dryden of California. He has been breeding chickens for 40 years, and makes improvements every year. You cannot buy better Leghorns at any price. Come see us before you buy.

We are introducing a new cross-bred chicken this year that lays a pure white egg, and plenty of them, the L. G. C. They will lay as many eggs, as large eggs and live better than any of these widely advertised bred-like-corn lines (low-line, middle-line or high-line), and sell for half the price. Do not believe what I say, or what these high pressure radio advertisers claim, but let me send you to customers who have tried both, and then make up your mind.

If we can be of service to you, come see us.

THE ANSWERS SOMETIMES VARY

Seed-borne Pests Take Heavy Toll from Yield

The important debilitating diseases of vetch infect the pods and are carried along with the pods.

Disease organisms carried along with seeds may destroy the growing crop or render it unfit for use. A light infection of bunt, perhaps only a sprinkling of smutted heads, reduces the yield and lowers the sales value of wheat.

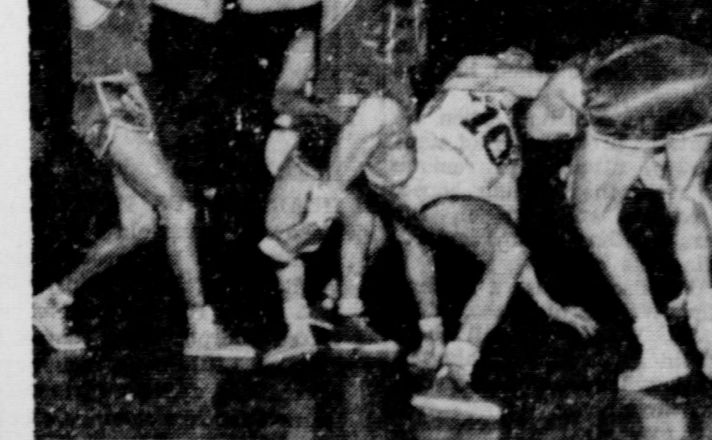

Many other pests, hitch-hiking in company with apparently good seed, are not so conspicuous as the dark, odorous bunt spores, but they also exact a heavy toll from the American farmer.

Willard Crosier, Cornell University Seed Pathologist in CROPS AND SOILS calls attention to the fact that seeds may be responsible for spreading a plant disease from the neighbor's farm to yours, from California to New York, or from Europe into the United States. When safely lodged inside or when clinging to seeds, a disease organism or pest can be carried thousands of miles and survive for many years.

The control of a seed-borne disease quite naturally begins with the seed. It is easier and cheaper to eliminate a fungus from a few bushels of seed than to spray or dust an entire field of growing plants. Many scientists are cooperating with crop improvement agencies and seedsmen to produce disease-free seed.

Groups of plant disease and seed experts in the United States are concentrating their efforts on the seeds that are important to their own States or regions. They recognize that the quality of seed depends on the absence of disease pests as well as upon germination and purity.

Both State and Federal agencies recognize the threat from diseased seed. The seed laboratories, agricultural colleges and certification services are cooperating to stop the movement of diseased and pest-infested seed.

ACTION!—Bob Zawoluk, left, was short with this scoring try in the professional basketball game between the Knicks and the Philadelphia Warriors in New York. Identifiable players are Zawoluk of the Warriors; Ken Murry (4) of Philadelphia; and Jim Baechtold (10) of the Knicks.

Mr. and Mrs. O. G. Lawson were in Brownwood Saturday afternoon where they met their son, Lt. Col. Melvin Lawson, and accompanied him to Cisco for a visit. Mr. Lawson, who is stationed at Fort Monroe, Virginia, has been on maneuvers at Fort Hood and will visit in Cisco before returning home.

AND NEWS OF INTEREST TO WOMEN

## Miss Coise Baird Is Honored With Shower

Miss Coise Baird, bride-elect of Melvin Keith of Eastland, was honored at a miscellaneous bridal shower Friday evening at the home of Mrs. Bill Kendall. Hostesses for the affair were Mesdames Neal Moore, Nona Jean, Bill Kendall, Irene Reynolds, C. C. Pippen, Delmar Johnson, Roy Huffmyer, J. L. Stafford, Leslie Lewis, and Elsworth Laver. Miss Baird was assisted in receiving her guests by her mother, Mrs. Jim Baird; her grandmother, Mrs. Oscar Penn; and by Mrs. W. Keith, mother of the prospective bridegroom. Mrs. C. C. Pippen presided at the guest book. The honoree's chosen colors of pink and white were carried out in the house decorations. The refreshment table was laid with an arduous lace cloth and held a centerpiece of pink flock fern. Table appointments were of crystal. Mrs. J. L. Stafford presided at the punch bowl. Approximately forty guests aided during the evening. Miss Baird and Mr. Keith will be married Friday evening at eight o'clock at the Cisco Church of Christ with a reception to follow at the church.

## Program Enjoyed By 20th Century Club

A program on communications was presented at the regular meeting of the Twentieth Century Club held Friday afternoon at the club house with Mrs. A. D. Anderson as hostess. Miss Marie Winston opened with a paper on the effect of television on home and social life. Mrs. J. E. Crawford led a panel discussion on Civil Defense and Miss Helen Crawford gave a paper, prepared by Mrs. Edward Be, entitled Kinds of Literature in Newstands-Modern Fictionaries. Following the program, Mrs. George P. Fee, club critic, conducted a word drill as taken from the Readers Digest article titled "It Pays To Increase our Word Power." Members attending were Mesdames A. D. Anderson, J. T. Anderson, C. R. Baugh, Bill Errey, T. G. Caudle, J. E. Crawford, T. J. Dean, Sterling Drumright, George P. Fee, E. H. Lightfoot, L. H. McCrea, Phillip Pettit, C. E. Paul, Alex Spears, D. Wright, and Misses Helen Crawford and Marie Winston.

## Word HD Club Holds 21st Birthday Party

Miss Willie Word was hostess in her home Thursday when members of the Word Home Demonstration Club met for an all day meeting in observance of the 21st birthday of the club. The meeting was opened with the club motto, pledge, and prayer in unison. The group then joined in singing "It Is No Secret." Mrs. Sadie Youngblood brought the devotional and a short business session followed. Each member answered roll call with a current event and Mrs. Jay Warren led the recreation which followed. Those attending were Mesdames Ellen Dennington, Dee Clements, Runa Warren, Annie King, Artie Shirley, Prudie Brittain, Ida Schaefer, Werdna Stansell, Sadie Youngblood, Alma Finley, and Misses Willie Word, hostess, and Minnie Billingsley, agent.

## Word HD Club Holds 21st Birthday Party

Mrs. Clara Huntington left Saturday morning for Hollywood, California, for a visit with her son, Harold Dean Huntington.

## Noncom Leaders Are Sought For Air Force Posts

According to Sgt. Grady Hoyle, head of the County USAF Recruiting Station, the Air Force's 1955 re-enlistment program is re-emphasizing the prestige, authority, and leadership of non-commissioned officers.

Sgt. Hoyle said that a recent policy guide was published by Headquarters, USAF, calling for NCO job assignments of increased complexity and responsibility, more commensurate with experience and ability.

The directive calls for fuller utilization of NCO's in the supervisory structure of the Air Force through greater delegation of authority.

As an outgrowth of the new policy, more attention is being given by the Air Force to the basic social and economic needs of airmen, including efforts to provide adequate housing for both single and married airmen. It also calls for continuing support to the individual and his family, emphasizing educational, recreational and social programs and facilities.

"The policy also recognizes the importance of each airman as an individual and can be interpreted as another step being made by the Air Force to carry out Secretary Talbott's desire in achieving a volunteer career Air Force second to none," concluded Hoyle.

Further details on enlistments and re-enlistments are available at the Air Force recruiting station located at Eastland County Courthouse.

## Driver Education Teachers Due To Hold Conference

ABILENE, Feb. 5. — Approximately 50 instructors of driver education from high schools and colleges throughout the state will assemble on the Abilene Christian College campus Feb. 14-17 to participate in a driver education conference.

The four-day clinic will consist of lectures, illustrations and demonstrations designed to increase the knowledge and improve the teaching of driver education.

Main lecturer will be H. O. Carlton, representative of the American Automobile Association. Also on the program will be Lewis Spears, Texas Education Agency, and Capt. J. B. Carlisle of the Department of Public Safety.

Bill McClure, instructor in driver education on the ACC faculty, is handling arrangements, and the conference is sponsored by ACC.

College instructors will meet Feb. 14-15, and high school teachers will meet Feb. 16-17. The meetings will be held from 9 a. m. to 4 p. m. in Room 37 in the Annex.

## Vets Questions And Answers

Q — I am taking on-the-job training under the Korean GI Bill. I also would like to enroll in a correspondence course on the side, to study a subject related to my job training. Will VA pay for the course?

A — The law prohibits VA from paying you an additional amount of money to cover the cost of your correspondence course. It can pay only the required allowance for your on-the-job training.

Q — My National Service Life Insurance term policy has lapsed. I want to reinstate it and, at the same time, convert to a permanent plan. What payment will I have to make to the VA?

A — You will be required to pay one monthly premium at the term rate, and your first regular premium at the permanent plan rate. The latter may be either a monthly, quarterly, semiannual or annual payment.

Q — I am a World War I veteran receiving monthly pension payments from VA. My uncle recently died, leaving me an inheritance of some shares of stock. Are the stock proceeds considered as income, in figuring my annual income ceiling?

A — Proceeds of the stock will not be considered as income until they are converted into cash.

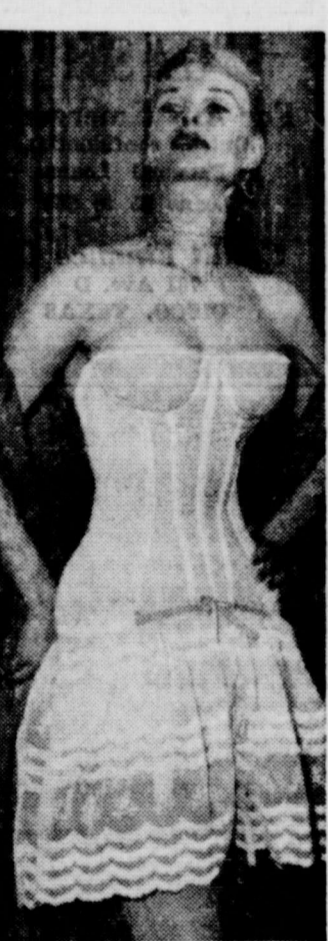

Q — As a result of my service in World War II, I am receiving monthly disability compensation payments. Would it be possible for VA to deduct the amount of my GI insurance premiums from my compensation, so I won't have to bother making out a check every month?

A — Yes. Your compensation payments, however, must be large enough to take care of your premium payments each month.

Pfc. and Mrs. Richard Phillips of Killeen are the weekend guests of her parents, Dr. and Mrs. C. E. Paul.

**SHOWING OFF** — When radio actress Donna Cole returned to New York from her vacation, she posed in some of the native apparel she had purchased. Donna plays roles in the CBS "Suspense" dramas and she's hoping something will come along about the South Seas so she can dress for the part.

**SKIRTING THE ISSUE** — Adding a frilly, bouffant petticoat, permanently attached, to a Dior-silhouette foundation, adds a bright new touch to undergarment fashion. The one-piece garment is done in power net and nylon voile and gently moulds the figure to conform to the Parisian line.

**WELL SUITED**—Looking his dapper best, this young gentleman is all set for Sunday school or an important social function in a nylon-lined Eton suit. The bow tie, Eton hat and handkerchief have stripes to match his shirt. AH combine to make him well dressed.

## Partridges Sent To Childress In Game Experiment

AUSTIN, Feb. 5. — The first consignment of red-legged partridges — a species that thrived in Spain under conditions resembling parts of West Texas — is being kept in holding pens preliminary to release south of Childress.

This announcement was made by W. S. Jennings, Assistant Director of Wildlife Restoration for the Game and Fish Commission, which is trying to find upland game species adaptable to different parts of far-flung Texas for stocking experiments.

Recently, the Commission also took first steps to obtain sage hens, which abound in some Western States, to release in the Big Bend Country.

The red-legged partridges, which will be introduced to the Paducah area south of Childress, were obtained with the aid of the United States Fish and Wildlife Service.

An earlier shipment of the game birds had to be destroyed in quarantine because they had not been inoculated against Newcastle's disease. The latest consignment numbering 70 birds, was properly treated and promptly cleared by custom authorities.

Another shipment is expected. The Assistant Director of Wildlife Restoration said red-legged partridges require little water and can stand extreme temperatures. They feed on weed seed, leaves, grain and insects.

He described the bird as being about twice the size of bobwhite quail and as being distinctively marked. The basic color is a deep rich brown, blended with lighter hues around the neck. The head is marked with a mixture of brown and tan.

## WTCC Panel Will Study Water Bills Of Legislature

ABILENE, Feb. 5. — How legislative proposals of the Texas Water Resources Committee might affect West Texas will be discussed here February 11 by the Water Resources Committee of the West Texas Chamber of Commerce.

Frank Kelley of Colorado City, chairman of the WTCC committee, has called the meeting for 1:45 p. m. in the Windsor Hotel. Two subcommittees will meet during the morning to examine details of the major proposals.

Senator Dorsey B. Hardeman of San Angelo, who heads the State committee, is expected to attend the short meeting.

return from Tennessee in time to address the meeting here. Hardeman is to address a joint session of the Tennessee General Assembly on February 10.

Joe Carter, legal examiner of the State Board of Water Engineers, and Ed Felder, administrator of the State committee, will come from Austin to attend the meeting.

Proposals now before the Legislature which will be reviewed by the WTCC's committee include creation of a six-man water commission to replace the present three-man Board of Water Engineers, a constitutional amendment to provide for State financial assistance in construction of certain water conservation structures, and six other acts.

## Garden Club To Hold Meeting On Monday

The Cisco Garden Club will meet Monday afternoon at 2:30 o'clock at the Federated Club house for their monthly meeting. Mrs. Richard Dyess, former Governor of District 8, and Mrs. P. T. Sears of Albany will present the program on color harmonies.

Members were urged to attend and to turn in their preference for classes in horticulture for the forthcoming spring flower show.

## Hospital News

Patients at Graham Hospital Saturday included Mrs. Eugene Wilson, Billy Jackson, Mrs. Paul Wende, Sr., Mrs. Charlie Kimbrough, Mrs. E. N. Strickland and Mrs. Grady Laws, all of Cisco.

Dismissed recently were W. H. Kornegay, Mrs. Chester Melton and infant son, H. A. Coats and Mrs. G. W. Troxwell, all of Cisco.

## OYSTER SUPPER SET

The annual oyster supper for members of the W.O.W. Camp No. 500 will be held Tuesday evening at seven o'clock at the lodge hall. The supper, for all Woodmen, will precede the regular meeting of lodge. Work on candidates will follow the business meeting. All members were urged to attend.

## BOOSTERS TO MEET

Members of the Boosters Club were asked to meet at 7 p. m. Monday at the high school building to discuss business of the club. President J. L. Stafford said that the meeting would be adjourned in time for members to attend the Wrangler-Navarro game at the community gym.

## BAND PARENTS MEETING

Members of the Band Parents Club were reminded of the monthly meeting to be held at the band hall at 7 p. m. Monday. All members were urged to attend the short meeting.

### Voluntary Home Mortgage Credit Program Begins

The Region XIII Committee of the voluntary Home Mortgage Credit Program will begin operations on Monday, February 7, with the opening of its office in Dallas, Texas, Administrator Albert M. Cole of the Housing and Home Finance Agency announced today.

The office, in Room 1009 Santa Fe Bldg., 1114 Commerce St., Dallas, will be manned by Charles J. Hermann, Executive Secretary, Henry S. Miller, Jr., real estate broker and mortgage banker, Dallas, is committee chairman.

Purpose of the Voluntary Home Mortgage Credit Program is to assist prospective home buyers or builders in obtaining FHA-insured or VA-guaranteed mortgage financing by facilitating the flow of mortgage money from areas or regions where it is plentiful to areas where it is scarce. The program is also designed to help members of minority groups obtain housing financing under the same terms as are available to others. Assistance under the program is limited to areas designated by the Regional Committee except that members of minority groups are eligible regardless of where they live.

Region XIII covers the states of Texas and New Mexico.

This is how the program operates:

A person wishing to finance the purchase or construction of a home in a designated area must first seek a loan from at least two lenders in his locality. Similarly, a member of a minority group, regardless of where he lives, must follow the same procedure. If unsuccessful, he may then apply to the Voluntary Home Mortgage Credit Program for assistance.

He will do that by filling out and filing with his regional VHMCP committee an application form. He may obtain this form from the VHMCP regional office, the nearest FHA field office, or VA loan guarantee offices.

The filled-in form will furnish a basis for lending institutions to determine whether they are interested in mailing a loan to the applicant.

The regional VHMCP office will circulate the application to local lenders participating in the program. If none of them wishes to make the loan, the application will then be circulated to other lenders, both in the region and outside the region.

Mr. Hermann, the Executive Secretary for Region XIII, has been with General Services Administration in Dallas since 1950, first as chief of the leasing branch and then as appraisal officer. Prior to that he was employed by the Federal Works Agency, the Home Owners Loan Corporation, and the Office for Emergency Management. Mr. Hermann was born in Dallas in 1913. His present home is at 5612 Ellsworth St., Dallas.

Mr. and Mrs. C. E. Williams and children of Abilene are visiting her parents, Mr. and Mrs. I. D. Dobbins, over the weekend.

### ENTIRE BIBLE IS RETOLD IN PICTURES FOR SUNDAY SCHOOLS

The story of Creation (above) begins the complete story of the Bible in full-color picture strips for use in Sunday schools throughout the country. "Our Bible in Pictures" is a new feature of Sunday Pix, a 12-page picture weekly that is distributed to more than a million Sunday school students of all denominations. It is the first time such a project has ever been undertaken for Sunday schools. Editors estimate it will take three or four years for the entire Bible, from Genesis to Revelations, to be pictorialized in weekly installments. The David C. Cook Publishing Company of Elgin, Ill., which produces Sunday Pix, decided to undertake it because it feels that cartoon strips, which have been used so long and successfully by newspapers to entertain their readers, are a particularly effective educator. "Our Bible in Pictures" is expected to give its young readers a religious background they will never forget.

In concluding this series, Tuley again calls attention to a provision in the amended law which affects survivors of workers who died before September 1, 1950, without having acquired enough covered employment to become insured under the old law. "If you are the surviving aged widow, child, widowed mother with minor children, or aged parent of a worker who died between 1939 and September 1, 1950, and you were not eligible for survivor's benefits before," Tuley said, "the new law may make it possible for you to get payments. If the deceased breadwinner in your family had at least 1 1/2 years of covered work between January 1937 and September 1950, you should come to or write the Abilene, Texas, Social Security Office, 308 Post Office Building, and inquire about your survivor's insurance benefit rights."

"It is especially significant," Tuley said, "that these 1954 amendments to the social security law preserve the contributory and self-sustaining principles of the old age and survivors insurance system, as well as the principle that benefits are related to the level of the worker's earnings."

"All benefit payments and cost of administering the program are paid out of the special Trust Fund into which go the social security taxes paid by employees, employers, and the self-employed.

"The tax rate now scheduled to reach a maximum of 4 percent each for employee and employer in 1975. It remains at the present 2 percent each until 1960, with intermediate steps between 1960 and 1975. Self-employed persons pay at 1 1/2 times the employee rate."

Mr. and Mrs. Andrew Jacobsen and Mr. and Mrs. Arthur Nagele and son, Roy, have returned to their homes in Austin, Minn., after a visit in the home of Mr. and Mrs. Albert Hansen.
