The Gay Philosopher

By J. W. S.

WE'LL HAVE A good fruit crop this year. That's what we heard one of the state's top farm experts say the other day. He based his opinion on the fact that January and February (so far) have been cold for the trees to start putting on buds to be nipped by late frost and freezing weather. If you remember, little or no fruit was made in the county last year due to warm January weather and a late freeze.

They tell us that if the temperature will stay below freezing for 72 continuous hours it will destroy all insect eggs and assure a good fruit and nut crop, all other conditions being normal. Farm area residents report the moisture situation is better by far than it was at this time last year. Certainly, the winter cover crops look a lot better.

MEMBERS OF THE Ti Emanuoy Club, an organization for teenagers, would like very much to have some items of furniture for their club quarters over the A-G Motor Company. Club members Dot Crofts, Ward Tullos and Robert Fletcher appeared at luncheon club meetings this week to make known their needs. If you would like to donate a divan or a chair or a table or some item of furniture for the club room, call one of the three members above.

SORRY TO HEAR that Mr. and Mrs. Gid Bowers are moving to Colorado City. The Halliburton Company, for which Gid has worked a good many years, has transferred him to CC and, we understand, given him a promotion. And you can't blame a man for moving under circumstances like that, even though he had just finished a redecorating job at his home.

Mr. and Mrs. Bowers have been good citizens of Cisco and you'll want to join us in wishing them well.

CHANGING TIMES, the Kiplinger magazine, recently released some statistics which compete favorably with many of today's headlines. For instance:

1. There are 162,922,000 Americans who are not members of the Communist Party.
2. Some 37,011,460 couples will marry more or less happily during the year.
3. Some 162,717,890 persons will not die of cancer in 1955.
4. And 162,380,580 persons will be safe from fatal heart attacks.
5. Most of the time, 15,720,000 organized workers are not strike.
6. The internal Revenue Service will find that 43,846,154 income tax returns are filed correctly in 1955.
7. On the average, there are 63-60 people working to bring home the bacon.
8. Last year, the scheduled airlines safely carried passengers 18,002,134,841 miles in the U. S. and possessions; railroads safely carried passengers 31,674,931,200 miles.
9. And, finally, there are 83 countries in the world that have not discovered the secret of the hydrogen bomb.

All of which is refreshing to consider, huh?

SATURDAY IS Abe Lincoln's birthday, and a story about this great American is always timely on his birthday. We like the yarn about the time Abe was walking along a street in his home town of Springfield, Ill., with his two small sons, both of whom were trying lustily.

A neighbor stopped and inquired, "What is the matter with the boys?"

"Just the same as what's the matter with the whole world!" replied Lincoln. "I've got three walnuts and each one of the boys wants two."

ABRAHAM LINCOLN insisted on facts when a case was being presented to him. One day a committee waited on him, setting forth a matter of public concern. Their case was built up largely on "supposings."

Mr. Lincoln asked them, "How many legs would a sheep have if you called its tail a leg?" Five, was the prompt answer.

"That is what I thought you would say," declared Lincoln, "but that isn't true; the sheep would have only four legs. Calling a tail a leg does not make it one."

IF LINCOLN were alive today he would probably agree with a ruling of a judge at Columbus, Ohio. In a divorce case the jurist ruled that the television set should go to the parent who gets custody of the children.

U. S. TRAINED—Members of the Japanese Air Self-Defense Force, under the supervision of the U. S. Air Force 20th Weather Squadron personnel, are shown at work. They're checking their measurements before releasing pilot balloons during maneuvers at Yokota Air Base. The first class of Japanese officers and airmen graduated recently. Some will train over here.

Cisco Soldier Is With Combat Team

Feb. 11. — Camp Rucker, Ala. Army PFC Earnest L. Moore, son of Mr. and Mrs. Furman D. Moore, Route 2, Cisco Tex., is a member of the 511th Airborne Regimental Combat Team which will serve as an aggressor force in "Exercise Follow Me," a simulated atomic warfare maneuver in Alabama.

Regularly stationed at Fort Campbell, Ky., the 511th has headquarters at Camp Rucker, Ala., for the exercise. The combat team will "attack" elements of the "friendly" 3rd Infantry Division forces.

Moore, a squad leader in Company D, entered the Army in July 1953.

Credit Week Will Be Observed Here

Retail Credit week will be observed in Cisco next month as a means of pointing out the importance of a good credit standing, it was decided Tuesday at a luncheon meeting of the Merchants Credit Association at the Victor Hotel.

A committee composed of Bob Hammett, Bob Elliott and A. Z. Myrick was appointed to make plans for the observance.

Mrs. Lucile Huffmyer, secretary, reported on the work of the association. President James P. McCracken was in charge. Some 50 members and guests attended the luncheon.

Soil Conservation

75 % Of County's Cultivated Land Has Green Cover Crops

"Fall rains have been good and landowners have made plantings of cover crops on at least 75 percent of cultivated land," W. J. Fritts, chairman of the Upper Leon Soil Conservation District, which includes Eastland County, said in his annual report released Thursday.

The report was made available by the Eastland Soil Conservation work unit.

The report said, "Promotion of cover crops by groups, business and watershed associations and individuals caused an increase in acreage of cover crops planted. Interest in conservation is growing among both landowners and urban people. Drought, no doubt, has slowed application, but people are still working hard at the job. High seed prices along with very short supply is holding up seedling to native grasses.

Twenty-five to 40 percent of the landowners are having to work off their farms to make money for essential expenses this year because of short crops."

A total of 247 plans were prepared in 1954, the report stated, involving 73,221 acres. Ninety-seven basic plans were made involving 27,198 acres.

Total conservation plans to date are 2,683, involving 655,142 acres. Basic plans to date are 1,416, involving 316,798 acres. One thousand and seven-hundred and thirty-one cooperators were services during the year. Soil surveys were made on 49,565 acres and total soil surveys have been made on 770,277 acres.

A breakdown of the conservation practices shows that 8,466 acres on land was applied to contour farming in 1954, 22,071 acres to cover cropping, 884 acres to rotation hay-pasture, 18,787 acres to stubble mulching, 8,323 acres to strip cropping, 26,912 to pro-

MIDGET TEAMS TRIUMPH OVER TWO COMANCHE QUINTETS HERE

The conference championship will be decided Tuesday night when the Midgets meet the Eastland Dogies at the junior high gym in the final game on the regular schedule. The Midgets and Eastland are tied with five conference wins and two losses each. Eastland has lost to Cisco and Comanche while Cisco lost to De Leon and Breckenridge.

Both the girls and boys will see action on the Tuesday night program. The girls game starts at 7 p. m. and the boys at 8 p. m.

CHINESE MINISTER TO APPEAR IN WESLEY CHURCH SERVICES

The Rev. Joshua Tien, native of China, will deliver three talks on his native country in services Saturday night and Sunday at Wesley Methodist Church in Cisco, it was announced today by the Rev. Lawrence Bryan, pastor.

Rev. Tien will show color slides of his country and discuss the pictures in a service at 7:30 p. m. Saturday at the church. He will occupy the pulpit for both the morning and evening worship services on Sunday. The public has been invited to attend all of the services.

Rev. Tien, born and educated in China, is the direct fruits of missionary efforts in that country. Rev. Bryan said. Having felt a call to the Christian ministry among his own people while in college, Rev. Tien sought to come to the United States for further training.

Since 1948, Rev. Tien has studied at both Southern Methodist University at Dallas and Asbury Theological Seminary at Wilmore, Kentucky, from which he holds Bachelor of Divinity and Master of Theological degrees.

"He brings in his evangelistic campaigns the experience gained and many years of Christian service and personal evangelism in his native China where he served as pastor in the cities of Nanking and Chungking, field evangelist throughout China, and the presidency of Chungking Bible Institute for 14 years," Rev. Bryan said.

Dental Cavities Increasing Among Nation's Children

AUSTIN, Feb. 11. — There are some 300 million dental cavities in United States children, and the backlog is increasing at the rate of about 40 million a year. The toll of dental disease is a particular tragedy because the knowledge to reduce the high incidence of tooth decay is at hand, according to Dr. Henry A. Holle, State Health Officer.

One of the chief reasons for the decay toll is the heavy consumption of sweets, he said. Sweets are readily fermentable and offer a good nutrient for bacteria to manufacture enamel-destroying acid.

Dr. Holle urged that parents offer fruit or popcorn or cheese to children instead of jams and pastries for between-meal snacks.

The ritual of toothbrushing still one of the most effective methods of preventing decay, Dr. Holle said. However, he added, the brushing should be done immediately after eating rather than on arising in the morning and on retiring at night.

"In addition to the toothbrush, fluoridation of water promises to help reduce substantially throughout a lifetime the dental crippling that now plagues the adult generation," Dr. Holle said.

"As part of the preventive program, children should be taken to the dentist as soon as their first teeth are in," said Dr. Holle.

The dentist and the young patient can thus become acquainted under favorable circumstances, free of discomfort. This type of introduction is much better, happier and more productive than one in which the child is suffering from a toothache caused by dental neglect, he added.

LEGION POST COMPLETES GOAL IN MEMBER DRIVE THIS WEEK

The membership committee of the John William Butts Post 123 of the American Legion sent State Commander E. L. Jackson off to Austin today with enough new and renewal members to enable him to report his home post as "100% for 1955."

Results of this week's member recruiting campaign were canvassed Thursday night at the Post held a regular semi-monthly meeting at the Legion Hall. The committee turned in 41 members to bring the Post strength to 146 — the 1955 quota.

"We especially wanted to make our quota this year since the state commander is a member of our Post," Commander J. B. Sitton said. He expressed appreciation to Chairman Gene Abbott and his workers for the successful drive.

The 41 memberships were presented to Commander Jackson,

Rev. Tien is now waiting until he can return to his native China, which now is dominated by the Communists.

Musical Program Is Presented At Lions Luncheon

Bobby Henshaw of Fort Worth, a vaudeville performer in the big time before the beginning of 'talking pictures, was presented as the feature of a musical program Wednesday at the weekly luncheon meeting of the Cisco Lions Club at the Victor Hotel.

Henshaw and ukelele were widely known on both coasts and the old RKO vaudeville circuit. He sang and played several novelty numbers and joined a trio composed of Ray Judia at the piano, Ken Russ with his trombone and Travis Parmer with the bass fiddle to complete the program. Lion Ralph Glenn presented the program.

Lion President C. M. Cleveland announced that plans were nearing completion for the Ladies Night banquet to be held Monday night, Feb. 21. Committees will be announced at next week's meeting. Luncheon guests included Richard Cox of Eastland, Dulen Clegg, Cisco Junior College instructor, was introduced as a new member of the club.

Plans Announced For Presbyterians

There will be no evening service at the First Presbyterian Church Sunday because the Rev. Grady James, pastor, will be out of town, according to an announcement today. Rev. James will speak on "One in Christ" at the Sunday morning worship service.

Rev. James is moderator of the Mid-Texas Presbytery and he will preside in the installation service of the Rev. Albert Burke as pastor of the St. Andrew church in San Angelo at 8 p. m. Sunday.

The pastor reported that a leadership course on "Ways of Teaching" is being given in the local church each Wednesday evening. Teachers of other churches were invited to attend the classes.

Mr. and Mrs. Dick Lauderdale left today for Norman, Oklahoma, for a weekend visit with their son and wife, Mr. and Mrs. Jack Lauderdale, and children.

Cabaness Speaks On Fire Insurance At Rotary Meet

A fire insurance policy is a contract between a company and an individual, calling for certain payments by the company to reimburse loss by the individual, Rotarians were told at their meeting at the Hotel Victor Thursday.

Rotarian Haywood Cabaness talked to the club at the invitation of Rotarian R. J. Stephenson.

Cabaness told of the low cost of fire and extended coverage protection and pointed out that a majority of the people of Cisco were under-insured.

He told of the value of purchasing the right kind of insurance and of the value of purchasing sufficient coverage, stressing the fact that insurance was one of the few items that had decreased in cost during the last 10 years. He said that the cost of insurance had decreased some 47 per cent in the past decade.

Cabaness told of the various phases of insurance and stressed the importance of keeping an up to date inventory on household goods.

Visitors at the meeting were Rotarians Henry Thomason of Wichita Falls; Harry Storks; Bob Gilchrist and Tommy Connerly of Abilene; Bob Kuhnmeier, J. R. Venable, Raymond Pipkin, Jack Frost and I. C. Inzer of Eastland. Other visitors were Conrad Loe-hoefer of Wichita Falls, Mrs. Brown of Abilene, Frank Teagarden of Dallas, Ralph Triplett of North Carolina and G. C. McGown, Jr. of Cisco.

Assembly Of God Youth Revival Is Making Progress

The Rev. T. J. Howard, pastor of the First Assembly of God Church, West 7th at Ave. G, reported Friday that the youth revival now in progress at the church would continue for another week. The revival, now entering the third week, is being conducted by the Rev. Ken George.

Youth Evangelist George is well known among the church people as a youth worker and evangelist who has traveled throughout the western part of the nation. Crowds at the revival were reported as good each night.

"Saturday Night On Skidrow" will be the topic of one of the sermons used by the evangelist before the meeting closes. He obtained material for the sermon by spending a recent Saturday night on the famed skidrow, it was reported.

He invited the young people of the area to attend the services and to hear the special talk, as well as his vocal and trombone solos.

Leon McCrary With NTSC Concert Band

DENTON, Feb. 11. — Leon McCrary of Cisco is a member of the North Texas State College Concert Band which will be presented in cities and towns in six states, March 3-10.

ASK THE TEEN-AGERS

If you want to know what's wrong with your town, ask the teen-agers, suggests the Chamber of Commerce of the United States. They'll pinpoint your faults for you in a way that will make you squirm. But you'll probably find their criticisms sound.

Further, says the Chamber, their complaints will give you clues about what to do with teen-agers themselves. Juvenile delinquency undoubtedly could be cut by putting the teen-agers' suggestions into effect.

These conclusions are based on a unique survey conducted by the Independence (Iowa) Chamber of Commerce in the town's two high schools. The Chamber asked 160 juniors and seniors for frank answers to 24 questions about the community. The students were asked for their opinions on how to improve recreational and social facilities in Independence, what they thought of retail stores and whether they intended to remain in their home town, making it their home.

The students made it clear they needed better recreational and social facilities. They called for more selection and variety in stores, new lighting and color

scenes, new store fronts and few-er "pouncing" clerks. About 50 per cent asked for a store specializing in teen-ager's clothes.

The most revealing answers dealt with their plans after graduation. Seventy-three said they expected to leave Independence, 13 expected to stay and 11 were undecided. As in other small towns, the chief reason for the plans to leave was lack of job opportunities.

The Independence Chamber reports that it has taken to heart the teen-agers' views. It is formulating plans for the development of present business and industry and to obtain new industry. Other improvements are in the works, too.

The National Chamber suggests that other towns might get similar results from consultation with their high school youngsters.

NEEDED - BETTER LABOR LAWS

Not long ago, the Taft-Hartley Act was being called a "slave labor" law. Today, that charge is seldom heard. Most people have come to realize that the Taft-Hartley Act, far from enslaving labor, actually protects many vital rights of employees. Among these are the right to organize, the right to bargain collectively on wages, hours and working conditions, the right to strike and the right to engage in peaceful picketing in support of a strike.

There remain, however, a number of employee rights still unprotected by legislation. These include:

The right to work without being forced to join a union. Where a union shop is in effect, employees lack this right.

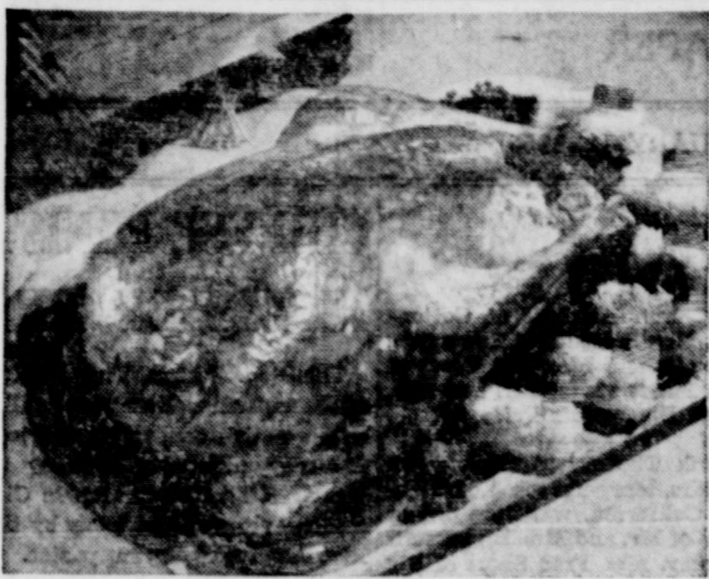

The right to call a secret strike vote. This is necessary if employees are to cast a vote without coercion or undue pressure against a strike urged by union officials.

The right to work without interference from secondary boycotts. Unions still are able to engage in many types of secondary boycotts directed against firms which the union has no immediate dispute.

The right to protection against abuses of welfare funds. Despite the protections of the Taft-Hartley Act, many types of abuses exist in the administration of these funds, curtailing benefits to employees.

Thus, Congress and the State legislatures have a continuing opportunity to improve labor legislation in the interests of employees and the public.

"Tirkee" for Lincoln's Birthday

The turkey industry of the United States suggests that it will be "altogether fitting and proper" to serve turkey spelled t-i-r-k-e-e on Lincoln's birthday, February 12.

The industry approves this misspelling for one day because of historical evidence that Abraham Lincoln, as a boy, had difficulty spelling turkey correctly. Often as not he wrote *tirkee*, historians say.

No matter how it is spelled, turkey makes an appropriate Lincoln's birthday meal for the family. It is easy to cook, available in various sizes to meet family needs, tender, delicate in flavor, and one of the most plentiful and reasonably priced meats on the market.

Roasting a turkey has become so simple that homemakers of Lincoln's day would have delighted in its convenience for any occasion. No basting, no peeking into the oven, no covered roasting pan to wash. Just follow this easy method. If desired, stuff the turkey — always just before roasting. Shape the wings "akimbo" and tie legs to the tail. Place bird, breast up, on a rack in an open shallow pan. Grease skin thoroughly with cooking fat. Cover the bird loosely with a tent of foil. Roast in a slow oven (325 degrees F) 5 to 6 hours for a 12 to 16-pound bird; 6 to 7 hours for a 16 to 20-pound bird; or 7 1/2 to 9 hours for a 20 to 24-pound bird.

Spade or Plow Garden To Prepare for Planting

One hour's easy work for 8 days will turn over 1,500 square feet.

Spading or plowing in the spring is the best way to prepare soil for planting. This is the conclusion of researchers, after considering all the objections to these time tried practices.

Since plowing is impractical in small areas, the home gardener is advised to use the spade, but with judgement. Do not try to turn over the whole garden in one day, unless your muscles are hardened to this kind of work.

One hour a day for eight days will turn over to spade depth 1,500 square feet, and leave its owner without even sore muscles. It is important that you do not skimp on the depth of spading. Drive the spade straight down, never at an angle, so that you get full benefit of its 12-inch blade. Limit the area that you spade each day rather than the depth to which the soil is turned.

To organize the spading operation, mark out the day's stint — one hour's work. At one end of the area open a trench, piling the soil removed to one side. Then dig an adjoining trench, with the spade at right angles

to the first, throwing the soil removed into the first trench to fill it. Continue this until the last trench completes the day's quota of toil, filling the last trench with the pile of soil removed from the first.

Spading loosens the soil, lets air into it, and leaves it in the best condition for both water and air to enter. Spading also can be used to mix with the soil coarse materials which will improve its condition.

Depth of spading has long been a subject for debate. English gardeners, with the experience of centuries behind them, are strong for "trenching" which means turning over the soil two spade lengths, or two feet deep.

For roses, perennials, and some annual crops, private gardeners in this country often practice trenching. It is a good way to prepare a perennial bed, where the plants are to grow for several years without disturbance.

But for vegetables, and annual flowers, trenching seems not necessary.

U.S. NAVY - 46 YEARS A MAJOR SEA POWER

FEBRUARY 22, 1909: Twenty-seven warships of the U.S. "Great White Fleet" steamed into Hampton Roads, Virginia, to end an epic 43-day round-the-world cruise that took them across five oceans to some fifteen foreign countries. Logging more than 42,000 miles without a mishap — an unprecedented achievement — ships and men, under the command of Rear Admiral "Fighting Bob" Evans (and later Rear Admiral Charles S. Sperry), won universal acclaim. The voyage, beginning December 16, 1907, marked the emergence of the United States as a major sea power. (PHTC)

Many Women Provide Program For Monthly Meeting Of Garden Club

Program on "Color" was by Mrs. Richard Dyess, for- Governor of District Eight, Mrs. P. T. Sears of Albany Monday afternoon at the monthly meeting of the Cisco Garden Club which was held at Federated Clubhouse.

Mrs. Dyess, displaying a color of the Spectrum, described colors of the rainbow as "all of full intensity, undiluted either black or white." Un- Concepts of Color, she ex- and visual guides used in color harmonies.

Spectrum color can be used in limited amounts, and other in unequal amounts," she "since the eye will focus the most intense value and values have more visual than lighter ones."

stressed the importance using color in the home, in, or in arrangements, to in unequal quantities for greatest interest and effect. colors point up and cool recede and give an illusion of distance.

equal blooming flowers were presented before the group to illustrate application of the var- color harmonies in creating arrangements.

Goodwill Rebekahs Meet On Thursday

The Goodwill Rebekah Lodge met Thursday evening at the lodge hall for their weely meeting with Mrs. Winnie Linebarger, Noble Grand, in charge.

A short business session was held. Routine business matters were transacted and four visitors were welcomed.

Following the meeting, refreshments of cookies and coffee were served to Mesdames Pebble Howell, Dee Clements, Winnie Linebarger, Leah Bates, Laura Jensen, Ethel Moore, Katie Cooper, Pauline Taylor, Juell Browning, Lyria Krauskopf, Meda Strawn, and the four visitors, Mrs. Dovie Johnson, Mrs. Dorothy Johnson, both of Healtion, Oklahoma; and Mr. and Mrs. Floyd Porter of Gorman.

Mrs. Shepard Gives Party For SS Class

Mrs. F. E. Shepard entertained the Seven Year Old Girls Sunday School Class of the First Baptist Church with a valentine party held Tuesday evening, February 8, in her home.

Games were played and the group cut out valentines. Refreshments of sandwiches, cookies, orange drinks, with favors of valentine candy and valentines, were served from the dining table which was laid with a lace cloth and centered with a bowl of colorful fruit.

Those attending were Cindy Gafford, Roberta Booth, Sherry Heysler, Patsy Tate, Jenny Parks, Sandra Lane, Barbara Jean Darnon, and two visitors, Ellen Crain and Johnny Hammett, and the hostess, Mrs. Shepard.

Girl Scout Troop Two Has Weekly Meeting

Girl Scout Troop Two met Tuesday afternoon at the Locker Plant for their weekly meeting.

Patrol Three surprised the group by serving candy hearts. The troop made valentine gifts for their mothers and refreshments were served.

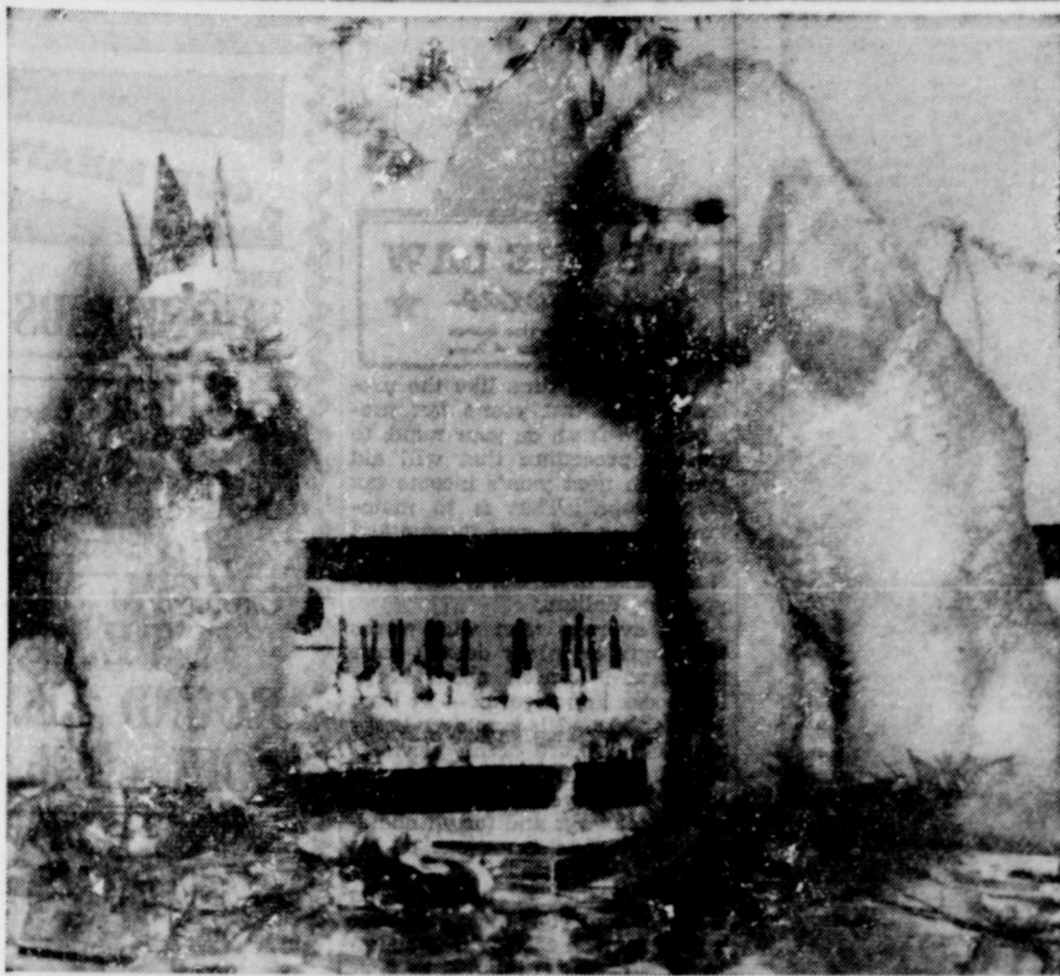

Those present were Cathy Rodden, Marguerite Leard, Carolyn Baird, Melba Hamilton, Linda Latham, Dona Byrd, Judy Reynolds, Pricilla Mahaney, Carolyn Neely, Billy Jean Moates, Roberta Mitchell, Sharon Rawson, Ann Choate, Janie Sue Yardley, Mary Starr, their leader, Mrs. Don Choate, and three visitors, Betty Warren, Necia Burnam, and Sue Lewis.

Woodman Circle Has Supper And Program

Members of the Woodman Circle and their families met Friday night at the lodge hall for a supper and program.

Fried chicken and all the trimmings were served and a musical program was presented by Mr. and Mrs. Stanley Webb, Alice Ann Webb, Jolene Ebeling, and Carole and Brenda Mayhew. Games were played by the group under the direction of Mrs. W. C. Clements and Elgie Ball.

Approximately thirty five at- tended.

THAT'S A MOUTHFUL—Tiny Maximilian Tarrywood Silver Sprig-Emperor, left, has a bit too much name for his larger girl friend, Alice, to bark, so she just calls him Max in London. He's wearing a custom-made crown as he and his girl friend wait for guests on Max's third birthday. He certainly got the full treatment, with candles, cake and what goes with them.

East Cisco Junior GAs Meet On Monday

The weekly meeting of the Junior G.A.'s of the East Cisco Baptist Church was held Monday afternoon, February 7, at the church.

The watch word and allegiance were repeated and Janice Holder led in prayer. Rosetta Ingram then led the group in singing a song and scripture verses were read from Psalm 67. The mission study followed on Cuba.

Those attending were Janet Pruitt, Wanda Nance, Ann Kilgore, Betty Nance, Shirley Bernier, Barbara Hooker, Janice Holder, Carolyn Neely, Ruby White, Rosetta Ingram, and the leader, Mrs. Carlton Holder.

Presbyterian Women Hold Meeting Tuesday

The Women of the Presbyterian Church met Tuesday afternoon, February 8, at the church for their monthly business meeting with the president Mrs. W. W. Wallace, in charge.

The meeting was opened with prayer and Mrs. Wallace offered the petition. The president announced that Circle Two would serve the plate for the study class on February 9 and that Circle Three would serve the class on February 16. It was voted that the circles entertain the B. Lewis

Workshop on April 12.

The District Chairman, Mrs. John Kleiner, urged the ladies to attend the district conference to be held in Comanche February 18. The offering was then taken after which Mrs. Rudolph Kamon showed pictures of India street scenes showing the various means of transportation and the display and marketing of produce. She also showed views of various magnificent buildings which are prevalent in the Indian cities.

Following the pictures, a study of the mission work in Congo, Brazil, Japan, Ecuador, Mexico, and Portugal brought the program to a close. A silent prayer offered for the workers in foreign lands and for those of the circle who were ill and in distress, was offered. Mrs. James closed the prayer.

Seventeen members and one visitor attended.

Officers Are Named By Baptist RA's

The Intermediate R.A.'s of the First Baptist Church met Wednesday afternoon at the church for their regular meeting with Pat Hussey, president, in charge.

Officers for the coming year were elected as follows: Ambassador in chief, Pat Hussey; first assistant, David Ward; secretary and treasurer, Norris Crownover; and Herald custodian, Franklin Farnsworth.

During the brief business session the group discussed the basketball game and a new member, Norris Crownover, was welcomed.

Those present were Pat Hussey, David Ward, Jack Estes, Norris Crownover, the counselors, V. C. Estes and S. E. Carter, and a visitor, Ronnie Reed.

The meeting was dismissed with prayer by David Ward.

AUSTIN — Austin is full of "and-again" investigations.
Attorney General John Sheppard blew the lid off veterans' and aides to start the movement and the lid is still coming.

Both houses of the legislature have their own investigating committees. Also peering into the "and-again" scandals are grand juries in Travis and De Witt counties.

Recalled by the Senate investigating committee, headed by Sen. Dorsey B. Hardeman, was Attorney General Sheppard, for testimony under oath. This at the request of Sen. Jimmy Phillips.

Because of Phillips' line of questioning, Rep. Larry Sulzberger charged that the senator was preparing to run for attorney general and using the investigation for "personal publicity."

Sheppard testified that minutes of the Veterans Land Board showing him present and voting for individual applications were erroneous. He said that the board didn't pass on the applications. This it was an administrative matter turned over to the chairman, former Land Commissioner Bascom Giles.

IN A HUDDLE—Perhaps the cold weather drove Angela Hartford and Bebe, a guest into this cozy position at the Children's Zoo in London. Miss Hartford, a hostess there, seems to be passing the time with a book, while Bebe appears content just to snuggle and stay warm near that cat heater.

He further stated that a legislative committee moved slowly on a mass of other bills awaiting their action.

Several labor bills were heard. One by Sen. George Parkhouse, dealing with "The Port Arthur situation," was favorable action. It would permit picketing only by employees representing a majority of the workers of a struck plant.

Another bill by Parkhouse would prevent pickets from interfering with common carriers by setting up a strike plant and would fine or jail common carrier employees for refusing to cross a picket line.

Two committees studied water legislation. Sen. Harold Parish's constitutional amendment for a \$200 million bond issue and a 1-cent property tax, was reviewed by the constitutional amendments committee and held over for action.

Sen. Dorsey B. Hardeman's constitutional amendment for a \$100 million bond issue and a 3-cent tax is awaiting committee action. Another House committee heard arguments on a bill for setting up a water commission. In the Senate, two rival plans by Senator Hardeman, who was chairman of the water resources study committee, and Sen. Crawford Martin, call for a water commission. One appointive, the other elective. All three would abolish the present Board of Water Engineers.

Attorney General Sheppard convened his fifth annual law enforcement conference in Austin with David Brian, "Mr. District Attorney" of TV, as a featured speaker.

A new drive for more stringent prohibition laws, including capital and surplus for new legal reserve life companies, all in constitutional amendment form. One requires examinations of legal reserve life agents. Both laws, is taken. Conference here were attacked as nonproductive — by the Texas Council of Churches for the big companies and were sent to sub-committee.

RE-OPENING—Because of the demand to see Greta Garbo again on the screen, "Camille," one of her greatest successes, had a gala re-opening in New York. Actress Loretta Ulrich, one of the stars in the film, was on hand to be presented with a samella by theater manager George Kirk.

IT'S THE LAW
in Texas
A public opinion poll of the State Bar of Texas.

There is no time like the present, while last year's tax problems are fresh on your mind, to start a procedure that will aid you with next year's income tax calculations. That is to maintain a record of your income and outgo. Such a record can be simple and brief but it may save you tax dollars.

The average man who works for wages or salary doesn't have to concern himself about keeping books and records — at least he doesn't. His employer keeps a reliable record of his earnings and Uncle Sam looks primarily to the employer for information on his earnings and for withholding of various taxes out of his wages.

But whether or not you run a business of your own, you have a partner who each year is claiming a substantial interest in your personal income. And the law requires that you keep books for him in case he ever asks for an accounting.

Perhaps you own your home and are paying it out in installments. It's likely that some day you may get that house. When you do you'll want to be able to prove whether you realize a gain or a loss on that sale. If a gain in capital resulted, it probably will add to your income tax. If a loss was suffered, it probably will reduce your income tax.

You may have made certain capital improvements on the house while you lived in it, but unless you can show what the out-of-pocket expense you incurred while making them, you may not get credit for them on your cost basis so as to prove that you had no capital gain on that you had a loss.

If perhaps you received that little summer cottage on the lake as a gift from your father. If you ever sell it, you should be able to show Uncle Sam not only the cost of improvements you made on it while you owned it, but also what its fair market value was at the time Dad gave it to you.

It may be that you are receiving an annuity on an insurance policy. How much that policy costs you and how much of that cost you have recovered tax-free to date? There are many kinds of transactions you may enter into that may some day affect the computation of your personal income tax. The best proof of the cost of anything you've purchased is a receipted bill or canceled check. If one of these pieces of evidence relates to any transaction that may affect your income in later years, it's a good idea to keep it. Your "partner" may some day ask to see it.

Soil Conservation — From Page One
estimate of organization under date of March 22, 1944.

Since its organization, the district has been enlarged by 325,709 acres in 12 annexations. The District now comprises 1,235,754 acres of agricultural land, of which approximately 37 percent is cultivated and 43 percent is pasture, Mr. Fritts said.

Legislators are studying an A&M College report that Texas farm population has slumped 47.9 per cent since 1949 — as compared with a 23.3 per cent decline for the rest of the nation.

In 1954 the farm population was an estimated 1,122,000. That's 281,000 less than in 1950 and 1,297,000 under the record year of 1949.

Farms have increased in size to 317 acres average, or twice that of 1930.
