NUMBER 49

## The Gay Philosopher

By J. W. S.

WHAT WAS IT like in Cisco in 1889? There probably aren't very many people around to remember. But a speaker at the Cisco Club yesterday recalled a day in 1889 in Cisco that he has never forgotten. The speaker was the Rev. W. F. Osborn, pastor of St. Paul's Methodist Church, Breckenridge. He was guest speaker for the day.

Back in that year before the dawn of the century, the Osborn family lived in Bosque County. A doctor suggested that the family would be healthier if they moved out west in Texas. So they hooked up two yokes of oxen and went to Jones County. On the days they made eight to ten miles across the country.

The trip took the family with a ox-drawn wagon down the main street of Cisco. And something frightened one of the rangy steers and there was a runaway, right down the main street of Cisco. Rev. Osborn recalls that nobody, standing on the street, had uttered "Hurrah for Texas." He has never forgotten the incident.

It was probably Mr. Bob Man-who did the hollering.

ACCORDING TO an article by Hammett in The Lion Tale, a special publication of the club, George Washington, the father of the country, started something when he threw a silver dollar across the Patomac River. "He originated the time-honored American custom of passing the buck," wrote Hammett.

THE COMMONEST name in the United States is Smith, according to a clipping that somebody mailed us. The next two are Johnson and Brown. Jones is the Williams and Miller rank below Jones, a surprising fact. Next is Davis, another surprise. Then comes Anderson, Wilson, Taylor, to complete the first ten. The next ten are difficult to guess. Thomas, Moore, White, Martin lead off. Then come Johnson, Jackson, Harris and Allen is 19th.

Few people could guess number 20. It is Nelson. Among the 20, names end in the syllable son. The same reader inclosed another clipping, which we quote follows:

Barbers love a customer who takes in the chair and orders the works. Such extravagance used cost only a couple of bucks in the old days. To learn the charge today, a New York reporter tried a barber shop in a big hotel. The works cost exactly \$5 without any tips. The works included hot towels, cold towels, shave, lotions, cocoa butter, sun-lamp, haircut, shampoo, unguents, powders, hair tonics, manure, massage and shoe shine. The barber used eleven towels."

WHAT QUALITIES in a man are most important in helping him succeed? A group of men who were presidents of big companies at 39 years of age compiled this list:

1. Ability to get along with people.
2. Talent for analyzing, organizing and delegating work.
3. Enthusiasm, honesty, sincerity.
4. Ability to influence people.
5. Give credit to others when it is due.

THEY'RE HAVING a family get-together and game party out at the Cisco Country Club this night at 7 o'clock, we're told to remind all members. A covered dish of food and you like, some guests, the members were told. Hostesses for this month at the club are Mesdames Hogue, I. J. Henson, John Hinson and Charles Kleiner.

The club's golf course is attracting more players as the weather warms up. Mr. Norman Huston reports that last Sunday afternoon was a fine time for golf. All things considered, the golf course is in good shape, too.

Dates for the annual Cisco In-ation Golf Tournament are April 29 and 30 and May 1, the committee has decided. The committee is composed of Ralph Hogue, J. A. Robinson and Charles Hinson. Dates for the annual golf tournament will be figured very soon. A group of Cisco golf fans has gone to San Antonio for the annual Texas Open.

Washington bid farewell to the officers of his army at France's Tavern in New York City.

**BIG GALS**—Flourishes from a trumpet heralded the selection of the fattest lady at the opening of a beer festival in Berlin. The hefty blonde at left, who strained the scales at 270 pounds, squeezed out the portly matron in center for the prize at this gay affair.

## Look Out, Boys!

### CHS GIRLS ARE READY TO RUN ANNUAL SADIE HAWKINS RACE

By PAT MAYER

Several posters announcing Sadie Hawkins Day at CHS have recently been put up in the halls. Sadie Hawkins Day will be Friday, February 18.

During this week the boys wishing to run in the race will sign their names and the girls will check the name of the boy they want to chase. The big race will take place Friday afternoon at the football field. After the girls have caught a boy, they are obligated to take him out and pay all expenses.

On Sadie Hawkins Day students of CHS and teachers are required to dress and act as

### Minister Speaks At Luncheon Of Cisco Lions Club

"Our country needs men of conviction — like Lincoln and Washington," the Rev. W. F. Osborn, pastor of St. Paul's Methodist Church at Breckenridge, told the Cisco Lions Club in a talk Wednesday at the weekly luncheon at the Victor Hotel.

Lion C. E. Hailey was in charge of the program. The speaker was introduced by the Rev. Leslie W. Seymour, district superintendent of area Methodist churches.

Rev. Osborn described Lincoln and Washington as "men who gave everything rather than to surrender their convictions." He cited examples in the lives of the two great Americans where they made sacrifices to maintain their principles.

"When this nation was being born, George Washington frequently asked for divine guidance on his knees in prayer," Rev. Osborn said. "The accomplishments of Washington contributed to the American heritage. The name and character and accomplishments of Abraham Lincoln add much to the rich heritage that belongs to every American."

Rev. Osborn noted that "the linden season is nearly here and many things will remind us of the Savior's last days on earth. Let us hope that each of us will be impressed with the vital need for men of conviction."

In a short business session, the club voted not to hold the regular luncheon next Wednesday due to the fact that annual Ladies Night is being held Monday night at 7 o'clock at the banquet named by President C. M. Cleveland as follows: program, Gene Abbott, decorations, Mr. and Mrs. Ralph Glenn and tickets, E. G. Jack Anderson; Rev. Sidney Spain and Sutton Crofts; and, menu, Austin Flint.

Luncheon guests included J. F. Karkalitis of Washington, D. C.

### STUDENT COUNCIL TRIP

A district meeting of the Oil Belt Student Council Association will be held in Coleman Saturday. Student Council members from Cisco and other schools in this area will go and take part in the activities. Lunch will be served to all attending, since it will be an all day meeting.

Fay Redwine, secretary of the Cisco Student Council, and Bill Smith will present a part of the program in Coleman as representatives of CHS.

Others planning to attend the meeting from Cisco are Jim Branton, Lee Cheves, Barbara Bassett, Joe Farrow, Arzelle Hale, Catherine James, Jacque Cunningham, Bill Webb, Janice Justice, and John Carlile.

### What's Buzzin' At CHS

David Ward can't even talk himself into buying a ticket. . . Diana Waters sings to herself in the halls. . . Hear that Robert Fletcher and four others are going to organize a club called "The Dirty Five." . . Dot Crofts was terribly disturbed about something. . . Sylvia Cearley is finally getting the dress she is making put together. . . Buck Whitehead said he got his English all by himself, once. . . The juniors have ordered their senior rings. . . What is Mary Rendall interested in at the skating rink? . . . George Callerman is the hardest person in the world to get a picture of. . . Janice Justice is always running into people in the hall. . . What was Lee Swindle saying on the way to the track field? . . . "Catfish" Thames is running a taxi service to the field house. . . Wonder who posed for the poster Frances Carr drew? . . . Gene Agnew is a privileged character. He doesn't have to get his report in English III. . . Sheila Garverick is always in the middle of a big conversation. . . Charles Lavery and Rex Swindle are the two professional tennis players of CHS. If you don't believe it, ask Rex. . . Who suggested that the colors for the coronation be Tropical Rose and Sandstone White?

Saw V. C. Overall's name among those running in the race. Wonder if he has seen it? . . . It is reported that Harold Pippen ran into a TV antenna and injured his head. . . Mrs. Hazelwood seemed to appreciate the suggestion of putting a banana on her desk drawer to keep it from squeaking. . . Had a casualty in physics class this week. Marcos Gallegos cut his finger on a thermometer and had to have five stitches taken in it.

### Morrison Speaks On Bond Project At P-TA Meeting

D. N. Morrison, member of the City Commission, was the guest speaker at the regular meeting of the West Ward P-TA held Wednesday afternoon at the school. He spoke to the group on the re-financing bond issue and told what could be done concerning the city's water rights.

Mrs. D. N. Morrison, president of the association, conducted a short business meeting. A letter concerning certain bills to be voted upon by the legislature in Austin, was read and voted upon by the group. Bills listed in the letter concerned the type of comic books, a tubercular hospital for children authorizing state aid, a suit against parents who fail to provide support for children under 18, and a certification of teachers and other professional services to the schools.

It was also voted by the group to give \$225 to the school board to help pay for the new steel fence around the school yard. Other routine matters were discussed and the meeting was adjourned.

Approximately 40 members were present.

### Wranglers Leave For Decatur To Conclude Season

The Wranglers of Cisco Junior College were to leave Thursday afternoon for Decatur where they will play their final conference game of the 1955 season with the Decatur Baptist College Indians.

The game tonight will probably decide the second place winner in the conference.

Friday night the Wranglers return to community gym for the final game on their regular schedule. They meet the Howard Payne "B" team at 8 p. m.

If they win over Decatur tonight they have a chance to go to the state junior college tournament in Bryan early in March. First and second place winners in each zone meet in the Bryan tournament to decide the state junior college champion. Monday the Wranglers go to Amarillo to enter the regional tourney where eight of the top teams of the region play for a chance to enter the National tourney.

### 'No U-Turn' Signs To Be Put Up On Streets

Workmen will install new "No U-Turn" signs at the intersection of 5th, 6th and 7th Streets with Avenue D this week, according to John Rodden, superintendent of public works. The signs were ordered for the streets recently by the City Commission.

After the signs are in place, city police will enforce the regulation that prohibits U-Turns on Avenue D from 5th Street through 8th Street, Mr. Rodden added.

### Moran News . . .

#### Basketball Games Benefit March Of Dimes Campaign

By MRS. C. C. CADY

A good crowd attended the three basketball games at the high school gym Tuesday night in a program that benefitted the March of Dimes campaign.

The biggest laugh of the program was provided by the Puppies, coached by Britt Pippen, who played with gloves on.

Supt. Brandt was master of ceremonies. The evening's contributions amounted to \$28.24, to bring Moran's donations up to \$210. The school gave \$10 at the beginning of the drive, making their total \$38.24 in all.

The Moran school will be host to all school teachers of Shackelford County's Teachers Association, including those from Albany and Moran, on Monday, Feb. 21, at 7:30 o'clock. A program will be presented and refreshments will be served in the homemaking department.

Fifteen women met with Mrs. Burroughs at the homemaking department last Tuesday. She is offering her services without charges for a textile painting course for adults. She showed textile work on linens, bath towels and dresses.

Mr. and Mrs. Chester Allen had as guests last weekend their children and her mother. Those present were: Mr. and Mrs. Jarrell Allen and family of Austin, Mr. and Mrs. Bill Allen and baby of Lubbock, Mr. and Mrs. Miles Benda and girls of Moran, and Mrs. G. W. Jeter of Moran.

Mr. and Mrs. Floyd C. Pool enjoyed a visit of their son and family, Mr. and Mrs. Glen L. Pool and new daughter, Jean Ann, last weekend. The Glen Pools live at Jal, New Mexico.

The Moran Luncheon Club enjoyed a steak dinner last week with Mrs. Townsend and her group in charge. Forty-five persons were in attendance.

Toastmaster J. B. Fowler introduced the visitors for the hour. They were Mr. and Mrs. Fabian Bearden of Baird.

Relatives and friends attending the funeral of Ross Elliott in Breckenridge last Sunday were Mr. and Mrs. J. M. Townsend, Mr. and Mrs. Olen Elliott, and Mr. and Mrs. Garland Shelton and family, Mr. and Mrs. E. W. Morris, Mr. and Mrs. B. A. Elliott, Mr. and Mrs. Oscar Wise, Mr. and Mrs. Will Townsend, Mrs. Will English, Mrs. Roy C. McCoy, Mr. and Mrs. Henry Compton, Mr. and Mrs. Glen Cottle, Mr. and Mrs. Paul Harper, Mr. and Mrs. H. D. Connally, Danny Conally, Mr. and Mrs. Virgil Morris, Mrs. Carroll Loudder and Mr. and Mrs. Hardy McKelvain.

Mr. and Mrs. Clint Anderson and children of Center, Mr. and Mrs. Max Anderson and children of Ranger, Mrs. Edna Trees and son of Dallas, Mrs. Oma Moyers of Dallas and Mr. and Mrs. Louis Todd of Sweetwater spent last Sunday with their parents and grand parents, Mr. and Mrs. D. C. Anderson. Mr. Anderson is doing nicely after his recent illness, it was reported.

Mr. and Mrs. C. C. Cady spent last Sunday in Abilene as guests of Mr. and Mrs. Floyd Humphreys.

Mr. and Mrs. J. C. Johnson of El Dorado and Mr. and Mrs. R. L. Brown and family of Snyder are visiting Mrs. Tropol Brooks this week.

Floyd Parrish and his father, George Parrish, left Tuesday for Alamogordo, N. M., for a visit with relatives.

The Moran City Council has called an election for April 5 for the purpose of electing a mayor and two councilmen for two year terms of office. A councilman to fill a vacancy caused by the resignation of R. E. Blalock will be elected for one year.

Mrs. W. O. Hunt and Mrs. Harry Hadlock and Nancy of Kermit visited Mr. and Mrs. George McCharge last week.

Mr. and Mrs. A. J. Booth of Crane were business visitors in Moran on Tuesday.

Mr. and Mrs. Hardy Cole of Hereford were visitors with their parents, Rev. and Mrs. Cole, at the parsonage recently.

## Play Begins Here Tonight In Annual Junior Cage Tourney

TENNESSEE BAPTIST CHURCH

### JOE TOM POE TO LEAD SPRING REVIVAL FOR FIRST BAPTISTS

The Rev. Joe T. Poe, pastor of the First Baptist Church at Alamo, Tennessee, will conduct the annual spring revival meeting of the First Baptist Church in Cisco, according to an announcement this week by Dr. H. M. Ward, pastor. The revival will be held March 27 through April 3.

The local church voted unanimously at a business meeting recently to invite Rev. Poe, who grew up in Cisco, to return home for the revival. He is the son of Mr. and Mrs. Paul Poe of Cisco. Details of the revival plans will be completed at a later date, Dr. Ward added.

Joe Tom Poe was born Dec. 30, 1928, in Eastland. He attended the public schools of Cisco, graduating from high school here in 1946. He was valedictorian of his graduating class, editor of the high school annual for 1946, and was selected by the faculty that year as "most valuable boy of the senior class."

Rev. Poe entered Baylor University in the fall of 1946 to study for the ministry. He was graduated from Baylor in 1949. After a year of graduate study at Baylor, he received a master's degree in economics. To complete work on the degree, he wrote a thesis on "The Role of the Church in South American Economic Development." He holds also a Bachelor of Divinity degree from Southwestern Baptist Theological Seminary at Fort Worth.

It was at the age of eight years that Rev. Poe joined the church — the First Baptist Church — in Cisco during the pastorate of Dr. E. S. James. He was ordained to preach by the Cisco church in April, 1947. He served briefly as music director of the First Baptist Church at Wortham in the spring and summer of 1947.

From October, 1947, to April, 1948, Rev. Poe was assistant pastor of Calvary Baptist Church at Corsicana. In April, 1948, he became pastor of the Corsicana church and remained there for five and a half years. He accepted the pastorate of the Tennessee church in October, 1953, and has been there since that time.

### Mary Scott To Be In TSCW Stunts

DENTON, Feb. 17. — Participating in Class Stunts at Texas State College for Women Feb. 18 and 19 is Miss Mary Elizabeth Scott, daughter of Mr. and Mrs. Fred D. Scott, 1403 West 13th, Cisco.

An elementary education major, Miss Scott is working on costume construction for the sophomore stunt.

TSCW Class Stunt began 41 years ago and are presented each year by the four classes in competition for a silver loving cup, the most coveted of all college awards.

Each class presents a 20-minute skit two nights. The cup is awarded on the final night. Stunts have become well known over the state for their color, originality, fresh talent and professional presentation.

The Texas cotton crop is the most valuable crop grown in a single political subdivision in the world.

See DON FIERBON Olds-Cadillac Before You Trade!

REV. JOE T. POE

Rev. Poe was married Aug. 23, 1952, to Eleanor Ostwal, graduate of Mar's Hill Baptist College, North Carolina, and the North Carolina Baptist Hospital School of Nursing at Winston-Salem. She formerly attended Baylor University and the Seminary.

"Rev. Poe's coming to us will be of special interest to our community and church," Dr. Ward said, "and we are looking forward to a great revival."

### Now Is Time To Apply Spray In Tree Eradication

COLLEGE STATION, Feb. 16 — Undesirable hardwoods grow on a lot of potentially productive Texas soil. And, in many cases these trees are draining moisture and plant minerals needed for the production of forage for livestock.

A. H. Walker, extension range management specialist, says winter is an ideal time to treat unwanted hardwoods and recommends either 2, 4, 5-T or ammate for their control.

Two, 4, 5-T dissolved in diesel oil or kerosene usually gives the cheapest and most effective result. These chemicals are applied with a hand or back type sprayer to the tree stump, trunk or in frills.

The strength of solution depends, says Walker, upon the kind of trees and the method of treatment. In central and east Texas, one pound of 2, 4, 5-T in nine gallons diesel oil applied in frills has given economical high percentage kills. Trunk and stump treatment also give good results if the solution is properly mixed and applied.

Walker says recent studies have shown that frill treatment gives the best and cheapest result any time of year if the treatment is thorough. The overlapping axe cuts should completely encircle the tree. Trees treated in the fall do not show as high percentage as those treated during the winter.

Winter, late spring and summer are the best seasons for individual tree treatment.

Walker suggests that interested farmers obtain from their county agricultural agent copies of circular C-330, "More Grass From Controlling Hardwoods," or L-127, "Chemical Control of Mesquite."

See DON FIERBON Olds-Cadillac Before You Trade!

### 16 Area Schools Will Participate

The annual Cisco Junior High School Basketball Tournament will get under way tonight with the Rising Star girls and the Cross Plains girls playing the first game at 6 p. m. at the Junior High Gym.

Eight boys teams and eight girls teams are entered in the tournament which will end with the finals in all divisions Saturday night.

Boys teams are entered from Rising Star, Cross Plains, Moran, Albany, Olden, Woodson and Cisco. Both the Cisco "A" and the Cisco "B" team are entered. Girls teams entered are from Cross Plains, Rising Star, Moran, Albany, Olden, Baird and Cisco.

Games tonight, in addition to the one above, are as follows: 7 p. m., Cross Plains and Rising Star boys; 8 p. m., Moran girls and Cisco girls and 9 p. m., Moran boys and the Cisco "A" team.

The second round will begin at 6 p. m. Friday when the other four boys teams and four girls teams will play their initial matches. The Friday night schedule is as follows: 6 p. m., Olden and Albany girls; 7 p. m., Olden and Albany boys; 8 p. m., Baird and Woodson girls and 9 p. m., Cisco "B" team and Woodson boys.

Saturday play will begin at 8 a. m. The semi-finals and the finals in championship and consolation brackets will be played Saturday. The finals Saturday night will begin at 6 p. m. with the girls consolation. The boys consolation will be played at 7 p. m. At 8 p. m. the girls championship game will be played, and at 9 p. m. the two boys finalists will meet for the championship.

The six trophies will be awarded Saturday night immediately following the boys championship game. Trophies will be awarded to the winners and runners up in both boys and girls divisions and the two consolation winners.

### NIMROD NEWS -

Mr. and Mrs. Garland Williams of Cisco were Sunday guests of her mother, Mrs. Josephine Brawley.

Rev. Ted Bailey was the dinner guest of Mr. and Mrs. B. B. Spink Sunday. Other visitors in the Spink home were Miss Gloria Page of Cisco and Miss Tommie Estes.

Mrs. George Horne of Fort Worth was a weekend guest of her father, Jessie Brashears.

Robert and Ronnie Bostick were visitors in Houston over the week end where they attended the annual calf scramble. The boys are 4-H boys and were accompanied to Houston by assistant county agent, Rufus Higgins.

Mrs. R. L. Ricks, who has been ill for several days, is a patient at Graham Hospital in Cisco.

Visitors attending church in Nimrod Sunday were Mr. and Mrs. Garland Williams of Cisco and Mr. and Mrs. Ed Townsend.

Mr. and Mrs. Dan Nix and sons of Blanket were Sunday guests of Mr. and Mrs. W. B. Stuart.

Miss Vicki Ingram, small daughter of Mr. and Mrs. A. S. Ingram, was admitted to Graham Hospital in Cisco Saturday morning. She was able to return home Monday.

Joey Ingram and his sister, Judy, were the guests of Miss Dona Prickett in Cisco Sunday.

Mr. and Mrs. Joel O. Baker of Rising Star were the guests of her parents, Mr. and Mrs. B. A. Ingram, Tuesday.

Charles Stanley Kilborn, son of Mr. and Mrs. Charles E. Kilborn of Breckenridge and grandson of Mrs. Zed Kilborn of Cisco, is a patient in the Stephens Memorial Hospital in Breckenridge where he is recovering from pneumonia. He is in room 101.

Saint David is the patron saint of Wales.

THE CISCO DAILY PRESS

Consolidated with Cisco Daily News and Cisco American and Round-Up, November, 1937

Entered as Second Class Matter December 11, 1934, at the post office at Cisco, Texas, under Act of March 8, 1879.

J. W. SITTON and TED READ Publishers Published Daily except Saturday and Monday at Cisco, Eastland County, Texas, by Free Press Publishing Corporation, incorporated under the laws of Texas. Editorial and publication offices at 304-306 D. Avenue, Cisco, Texas.

SUBSCRIPTION RATES \$3.00 per year by mail (outside Cisco) in Eastland, Stephens and Callahan Counties, Texas. In other Texas Counties, \$5.00. Per year in advance (Cisco, by mail) \$5.50 Per week (by carrier) 15c

Washington

WASHINGTON, D. C. — According to post office officials, it requires eighteen separate operations and the work of nineteen

postal employees to assure the delivery of an ordinary three-cent letter.

The first twelve employees are responsible for collecting the mail, transporting it to main post offices, unloading and handling, arranging letters according to size for the next operation; then sorting and finally after more handling of mail bags, delivery to a railroad mail car, airplane, or motor truck for further transportation.

Since 1932 the cost of all the equipment and operation has doubled. In some cases it has increased even more. The revenue

received has remained approximately the same.

The question of changing the cotton allotment law, so as to allow the family-size farmer a better opportunity to earn a living, is receiving serious consideration in Congress.

There is also the strongest possible effort being made to correct some of the inequalities brought about by the administration of the law for this year.

Diplomats are looking more closely at Austria as a spot where Russia may cause real trouble to take the heat off China. A series of arrests and kidnappings have tightened the tension in Austria after a considerable period of fairly good behavior on the part of the Russians.

As Chairman of the House Administration Committee, which grants funds for the operation of other Committees in Congress, including investigations, we are tightening the purse-strings in an effort to cut out so much "wild goose chasing."

The effort to weaken the Field Services of Soil Conservation continues. Proposals have been made whereby this Service would be broken down on a State level. No definite decision has been made, but it is the opinion of those of us who have interested ourselves in Soil Conservation work for many years that a weakening

of Field Services will have a tendency to destroy its real purpose.

All veterans who may want copies of their discharges or other service documents will be interested to know that beginning the first of February there is a charge for furnishing these documents.

The cost will be determined by the time it takes people in the Records Section to spend in searching for the documents.

My colleague, Congressman Frank Icard, from the Wichita Falls District, has now introduced a bill to make certain that the Natural Gas Act is administered in the manner intended at the time it was passed by the Congress.

"Natural gas is a commodity that is produced, owned, and sold just like anything else. Its movement must be free of unwarranted restraint, and it is unconscionable for the Government, either by legislation, Executive Order, or judicial decision, to treat it in any other manner."

These are the words of Congressman Icard, who has studied this matter most carefully, and those of us from the gas-producing areas are joining our efforts to bring a bill to the floor of the Congress to correct a decision of the Supreme Court which gives the Federal Power Commission the right to regulate prices at the well-head.

Carlos Castillo Armas, President of Guatemala, led the revolution which threw the Communists out of power and freed his country. In making his decision to lead the revolution, he said, "I decided that it would be better to live a short time on my feet than a long time on my knees."

Probably it would be well for all of us to remember his words.

FOR SALE

5-room bungalow, close-in, near schools. \$500.00 down.

3 bed-room bungalow on pavement, near H.S. 812 W. 8th St.

## Methodist Circle Has Meeting Tuesday

Mrs. J. P. McCanlies was hostess in her home Tuesday when members of the LaDoris Morgan Circle of the W.S.C.S. of the First Methodist Church met for their monthly meeting.

The meeting was opened with prayer by Mrs. W. Z. Latch. Mrs. Robert Snoddy was in charge of the program which was opened with the group singing, "Help Somebody Today." Mrs. W. Z. Latch gave the devotional, and Mrs. R. W. Merrett led in prayer.

Mrs. Leita Mendenhall gave an article, "Women's Work in England," and Mrs. Jasper Wright told of her short term course at Scarrett College.

Mrs. Roy Westfall, president, conducted a short business session. Mrs. Leo Clinton, secretary, read a letter from LaDoris Morgan, missionary in Hyderabad, India. The circle made plans to be hostess to the Wednesday evening fellowship dinner and cards were sent to sick members.

The hostess served a refreshment plate following the meeting to Mesdames T. J. Dean, S. H. McCanlies, J. W. Slaughter, W. W. Moore, Clint Jones, Leita Mendenhall, B. E. Morehart, Robert Snoddy, Ed Callarman, W. Z. Latch, Phillip Pettit, Jasper Wright, Joe Lovelady, Roy Westfall, R. W. Merrett, Leo Clinton and Ed Aycock.

## Baptist Circle Two Has Meeting Tuesday

Circle Two of the First Baptist Church met Tuesday, February 15, for their regular meeting at the home of Mrs. F. D. Wright. The meeting was opened with

## Law Proposed To Conserve Supply Of Natural Gas

One of the most important conservation measures in Texas history is the Economic Waste Bill now pending before both houses of the Texas Legislature, Jack Woodward of Dallas, president of the Texas Independent Producers and Royalties Owners Association, has pointed out.

"This legislation, which is House Bill 7 and Senate Bill 49, would prevent the economic waste of Texas' second greatest natural resource, its natural gas," Woodward declared.

"Huge quantities of such gas, bought at depressed prices from small producers, farmers and royalty owners, are daily shipped North. After being piped 1,500 miles, the gas is dumped at prices cheaper than Texas homeowners can buy it locally."

Pipeline monopolies can do this by offering the small gas producer a "take it or leave it" price. However, Texas natural gas will not last forever, Woodward warned, and steps must be taken to conserve it and use it wisely for the economic good of the state.

"The Economic Waste Bill would place the regulation and conservation of our natural gas under the Texas Railroad Commission which has done such an outstanding job with Texas' flourishing oil industry," Woodward said. "This would prevent price fixing by selfish interests, would conserve this valuable and irreplaceable resource and would halt further attempts by the Federal government to take over control of the Texas gas industry."

Texas citizens, concerned over the depletion of the state's natural gas, were urged by Woodward to call or write their State Senators and Representatives and urge them to support passage of the Economic Waste Bill.

prayer by Mrs. W. D. Hazel and a short business session followed. Mrs. A. R. Day brought the devotional and Mrs. E. J. Poe taught the lesson from the mission book. The meeting was dismissed with prayer.

A social hour followed and refreshments were served to Mesdames Frank Walker, Homer Shahan, D. L. Kisner, Effie Mayhew, W. D. Hazel, A. R. Day, E. J. Poe, W. J. Poe, Leon Maner, Fred Grist, and the hostess.

## SUPPORT THE ECONOMIC WASTE BILL

The ECONOMIC WASTE BILL now before the Texas Legislature merits the support of every citizen who has the welfare of Texas at heart.

### THE ECONOMIC WASTE BILL WILL:

- ★ Conserve Texas Natural Gas
- ★ Put The Texas Railroad Commission in Charge Of Gas Production
- ★ Oppose Federal Control Of The Gas Industry
- ★ Give Small Texas Producers, Farmers And Royalty Owners A Square Deal
- ★ Stop Shipping Texas Gas At Depressed Prices To Northern Industry
- ★ Stop Price Fixing By Selfish Interests

Texas homeowners should not be required to pay higher gas prices since almost all of them are already paying more than many out-of-state consumers of Texas gas.

Your active support is urgently needed on behalf of this important conservation measure. Our natural resources will not last forever.

Write, wire or call your State Senator and Representatives,

ASK THEM TO SUPPORT

THE ECONOMIC WASTE BILL, House Bill 7 (H.B. 7) and Senate Bill 49 (S.B. 49).

### Check Pressure Of Blood Yearly, Dr. Holle Says

AUSTIN, Feb. 17. — Blood pressure — what does it mean? Nothing more, says State Health Officer Henry A. Holle during this annual observance of heart disease control, than a measure of pressure against artery walls as blood courses through the body. Everyone's blood pressure, according to the explanation, is highest when the heart pumps a fresh load of blood into elastic-

walled arteries, and lowest when the heart pauses between beats for refilling. The high level is systolic, the lowest is diastolic pressure. Physicians measure blood pressure by wrapping an inflatable rubber cuff around the patient's arm. When air is pumped into the cuff a column of mercury is forced into a glass tube. The height to which it climbs indicates the pressure inside the cuff and the compression brought against blood vessels in the arm. Then, using a stethoscope, the physician determines systolic pressure by listening to the sound produced by blood flowing through the artery when the pres-

sure in it is just above that in the cuff. The characteristic change of sound at the diastolic level is easily recognized by the physician. No clear-cut line can be drawn between "normal" and "abnormal" blood pressure, the health official emphasizes. "But it is generally agreed that a systolic pressure exceeding 140 or a diastolic pressure above 90 deserves further checking. Although age does not bring an automatic increase in blood pressure, high pressure — called hypertension — is most common in middle or advanced years. Like temperature, high blood pressure is only an indication of certain diseases, rather than a disease itself. Only a physician, after careful study, can determine what it means. Blood pressures vary greatly in the same person — during illness, and emotional stress, and with rest and sedative medicines. High blood pressure is often due to hardening of the arteries, kidney infections, brain or gland tumors, or to heart defects. Symptoms of all types of high blood pressure are similar, although in many cases there are no symptoms. Headache is common, usually a pounding at the back of the head. Other signs include dizziness, fatigue, irritability, loss of memory, or heart

### Billion Bushels Of Wheat On Hand Before New Crop

COLLEGE STATION, Feb. 16. — Wheat growers will heap their 1955 production on an estimated national carryover of some 1,000,000,000 bushels. And, as a result, the government's support program is expected to hold up the price. Based on current prospects, carryover stocks probably will be reduced during the 1954-55 marketing year with further cuts due the following year.

John G. McHoney, extension farm economist, says total wheat supplies for the current marketing year will approach 1,334,000,000 bushels, the largest in history. The economist expects wheat exports to rise above last year. He says domestic consumption and exports are expected to top the 350,000,000 bushel crop in prospect for 55, making possible the reduction in carryover stocks. Under the present farm program, wheat grown must be supported by parity between 82.5 and 90 percent. The national support level for the 1955 crop was \$2.24 a bushel. The support this year cannot go below \$2.06 a bushel.
