Washington

As It Looks From Here

WASHINGTON, D. C. — For twenty-one of the last twenty-four years the Federal Government has spent more than it took in. No family, and no government, can go on indefinitely spending more than it takes in.

In fact, it is the best guarantee that no war will occur. We have now reached the point that there will be no time to prepare as we had in World War I and II. Nevertheless, it seems the day is here when some limitation by definite law should restrict the Government's power to spend.

WEDNESDAY 1:45—Test Pattern 2:00—Matinee Movietime 3:15—Appointment with Liz 3:30—Daily Devotions 3:45—Brighter Day 4:00—Homemakers Fiesta 4:30—On Your Account 5:00—Kavlin Koewee 5:25—Crusader Rabbit 5:30—Junior Science 5:45—Tim McCoy 6:00—The Music Mart 6:20—Bule Pacific Quiz 6:30—Evening Report 6:45—Industry on Parade 7:00—Arthur Godfrey 7:30—I Love Lucy 8:00—I Married Joan 8:30—Slim Willet Show 9:00—Life Is Worth Living 9:30—Men In Pots 10:00—News, Sports, Weather 10:15—Wrestling from Chicago 11:15—Vespers & Sign Off

Our enthusiasm for all these things should cool somewhat by reminding ourselves that the Supreme Court of the United States has ruled that the Government has a right to control anything to which it contributes. We will never have smaller Government in Washington, nor will the cost of it be reduced, until we all realize it is our own tax money which is being spent.

ATOMIC ENERGY — The Atomic Energy Commission reports that the nation's atomic energy program has cost 13.2 billion dollars since it began in World War II.

It also reports that the heavy increase in the mining of uranium has reached the stage that ore is being mined faster than it can be processed. General Nathan F. Twining, Air Force Chief of Staff, says that although many difficult engineering problems remain unsolved, he believes that the advance made to date gives us the basic knowledge from which we can build an atomic-powered intercontinental bombing fleet.

Secretary of the Air Force Harold E. Talbott says it is "imperative" for this country to beat Russia in the race to develop intercontinental guided missiles with hydrogen warheads. Russia took over the entire German V-2 rocket installations, including many scientists, at Peenemunde, Germany, in 1945.

It has been said that ulcers are caused more from what is eating us than from what we eat.

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

Mission Program Is Presented For W.S.C.S.

W.S.C.S. of the First Methodist Church met Tuesday, Feb. 22, at the church for their mission program. The program opened with the singing "O Jesus I Have Loved," with Mrs. William leading. Mrs. R. W. Mergave the scripture reading, Psalms 21, Ephesians 6, and John 28.

Joyner. During a short business session, the group voted to extend an invitation to the City Council of Church Women to meet at the Methodist Church for their fellowship luncheon to be held in May. The meeting was dismissed with prayer for missions by Mrs. George Davis. Eighteen members attended the meeting.

Former Ciscoan Weds In Lubbock Ceremony

In a double ring ceremony performed Saturday afternoon, February 12, in the Forrest Heights Methodist Church of Lubbock, Miss Betty Faye Witt of Lubbock became the bride of E. S. Townsend, formerly of Cisco. The Rev. H. Dewitt Seago, pastor of the church, officiated.

The bride wore an aqua linen dress trimmed in seed pearls with accessories of navy blue and a corsage of pink rose buds. The couple were attended by Mr. and Mrs. Herb Teal of Lubbock, sister and brother-in-law, of the bride.

Following a short wedding trip the couple are at home at 2810 Ave. T, in Lubbock where the groom is employed as engineer by Cities Service Oil Company.

Lutheran Missionary League Has Meeting

The monthly meeting of the L.W.M.L. of Grace Lutheran Church was held Sunday afternoon at the home of Mrs. Johnny Gerhardt with the president, Mrs. J. G. Elser, in charge of the meeting.

The meeting was opened with prayer and scripture reading by Mrs. Max Witt. Following the scripture reading, Mrs. Elser led a Bible Quiz.

During the business session, Mrs. Elser read a letter of thanks sent from Hong Kong thanking the group for a gift of blankets sent by them for the TB sufferers. Plans were made for the ladies of the church to provide food and a place to stay for the 28 choirs coming from Austin Friday to give a concert at the church at 8 p. m. Mrs. Christian Jacobs was welcomed as a new member and the meeting was dismissed with prayer.

Refreshments were served following the meeting to Mesdames Winona Lanham, A. O. Lenz, R. H. Dunning, Ed Wendt, Paul Weiser, O. J. Weiser, C. Jacobs, Carl Stroebel, E. J. Wendt, Max Witt, Dorothy Prange, Fred Stroebel, Marie Fricke, Joe Weise, and the hostess, Mrs. Gerhardt.

CWF Holds Monthly Meeting On Tuesday

The C. W. F. of the First Christian Church met Tuesday afternoon at the church for their monthly meeting with Mrs. I. A. Brunkenhoefer, president, in charge.

Mrs. Sidney Spain played the call to worship music and Mrs. J. E. Elkins led in prayer. A short business session followed. Reports of the various groups were given and Mrs. W. J. Armstrong gave the dedication prayer for the offering.

Group Four was in charge of the program on India. Miss Marie Winston gave the devotional after which Mrs. H. H. Davis introduced a film on India. The meeting was dismissed with

Amity Community — From page one

neatness, built of tile and concrete and arranged for easy handling, feeding and cleaning. The cows are milked with electric milkers, the milk stored in a pin-neat milk room with refrigeration equipment that keeps it always at the proper temperature, and boiling water for cleaning the milkers and other equipment. The barn is inspected at unannounced times by the Abilene city health department. A card hanging on the milk room door gives the results of this inspection. The inspector gave the dairy a perfect score on his January visit.

No Boarders

One secret of the Bramlett success is the close check they keep on the production of their cows. They allow no "boarders." They have their own feed formula and have the feed mixed to their recipe.

Besides buying and paying for their farm, barn, cows, milking equipment and farm machinery, the Bramletts have remodelled their farm home into a modern residence equipped with all the conveniences found in city homes. The work was done by themselves. Mrs. Bramlett selected the color schemes and the paper. They have butane gas, electricity, running hot and cold water, modern bathroom and kitchen plumbing, television and other conveniences which make their home attractive and livable.

For recreation they enjoy horseback riding. Neither would give up their home and way of life for any city job. Still young they have the means and the opportunity to enjoy life to the fullest and to find satisfaction in rewarding work at a job they love to do.

What they have done other young couples, and older ones, too, can also accomplish if they will only look at the opportunities at hand with fresh eyes, imaginative vision and a willingness to work. — Rising Star Record.

the missionary benediction. Refreshments were served following the meeting to approximately 25 members.

HOMEMAKING CHATTER

A column of news devoted to the work of Eastland County Home Demonstration Clubs by Minnie Mae Billingsley and Julia LaFaye Mason, agents.

With springtime comes the beautiful new spring colors. These bright new colors can lift the entire family right out of the winter doldrums. Perhaps you would like to add a new touch to a room. Have you thought of papering one wall and having the other three painted with a color derived from the paper . . . of giving the ceiling distinction with an unusual hue . . . of having the trim of the room match the wall.

One of the new trends is to use the same three or four harmonious colors throughout the whole house varying the intensity and depth in different rooms. In order to show continuity in our color scheme it is a nice idea to have a touch of the same color in every room.

Now that mid-term tests are over the question of grades has come up in many homes. Good grades may come easily to some children but these same children may make little progress in other ways. If your child's grades aren't at the top, instead of scold-

ing, why not stop to check her character growth. You might ask these questions:

1. Does she take criticisms and disappointments without getting angry?
2. Does she keep on trying after she fails?

All parents are proud when their child makes high marks, but they may also be proud of high character traits.

To keep your meringue from falling flat, beat the egg whites with a dash of salt until they look stiff and puffy but still cling to the sides of the bowl. Sprinkle sugar (two tablespoons per egg) very gradually over the surface of the beaten whites and after each sprinkling beat the eggs thoroughly. Continue beating the mixture until the meringue is smooth and glossy. Stop when the points stand up without tipping over. Pile the meringue on a cooled pie, making sure that it touches the pastry all the way around. Bake in a 325 degree-F. oven until it is golden brown.

State Capitol NEWS

By VERN SANFORD
Texas Press Association

AUSTIN — Veterans land sale scandals overshadowed lawmaking in both branches of the Legislature for another week.

Investigations spread still wider. Involved were three departments of the state, both chambers of the Legislature, grand juries of Travis, Bexar and DeWitt counties, and probably others.

More of the approximately 20 "block deals" were brought before investigators.

Mike Rowan, a former executive secretary of the Veterans Land Board, testified that several legislators had exerted "unusual influence" to push veterans' applications through.

He named Senators Doyle Willis of Fort Worth and Warren McDonald of Tyler and Representative

Douglas Bergman of Dallas. Rowan said it was "unfair" but he couldn't remember names of the others.

Dennis Wallace, longtime chief clerk of the Land Office, reported that his name had been "signed" by someone else, to minutes of the Veterans' Land Board.

So far Atty. Gen. Sheppard has filed nine suits for forfeiture of block sales and recovery of a total of \$1,539,505 to the state.

With land sales taking legislative precedence, taxes, the Legislature's big problem, have taken a back seat.

Rep. Jerry Sadler sharply reamed the House revenue and taxation committee that the session was one-third over and no revenue bills had been reviewed or acted upon. He demanded an "immediate" hearing on his bill for a \$3.30 per barrel hike on beer tax.

Rep. Charles J. Kirkham of Cleburne offered a new tax plan — a "road use" tax, as a substitute for the administration's two cent gasoline tax hike proposal. So far the gas tax hasn't been heard by committee.

Kirkham's plan would levy a \$5 fee on commercial motor vehicles, plus a graduated tax scale based on gross weight, ranging from six mills to 22 mills, all estimated revenue to go to highway purposes.

Final passage of the first major bill to "clean up the insurance mess" was voted by the House. Control of the stock and securities of insurance companies, under the bill, will go to the Board

of Insurance Commissioners. This bill is in for a fight in the Senate where a counter measure would give insurance stock supervision to the securities division of the Secretary of State's office. The Senate bill has been heard and parked in sub-committee.

Favorable report has been given by a Senate committee to the administration's \$100 million state bond issue plan for aid to water districts. Rival measures for the same amount of bonds have been put in House sub-committee.

Passed by the Senate were two of the water bills, regulating pollution from oil wells, and requiring reports to the state by water districts.

Representative Vernon E. Smith of Fort Worth introduced a bill specifically prohibiting the Board of Examiners in Optometry from making any regulations restricting optometrists' advertising.

Attorney General Sheppard had previously ruled void, such an order made by the board but rescinded.

Rep. E. "Kika" de la Garza of Mission introduced a bill to prohibit any court, grand jury or legislative committee from attempting to compel a newspaper or press service employee from revealing the source of his information.

Newly appointed Land Commissioner J. Earl Rudder received honors this week. He has been promoted from colonel to brigadier general in the U. S. Army Reserves.

He also received appointment to a commission to revisit the Normandy Invasion Beachhead, where he made part of his outstanding military record in the Invasion.

"In the red" for the first time in 13 years is the State Treasury's general revenue fund. Treasurer Jesse James announced that banks have agreed to cash warrants without discount.

Treasury calls were set for the 5th and 20th of each month, and James said the time lag would not exceed 20 days. The general fund is to get back on a cash basis around May 1.

Authorized car dealers won the first round of a bitter fight with the "independents" or used car dealers. A Senate committee voted a favorable report on Sen. Gus Strauss' bill to license all dealers. The bill also would prohibit sale of new cars by dealers not having agreements with manufacturers or distributors.

Expunged from Senate records was a resolution by Sen. Kilmer Corbin calling for the retirement of Maurice Acres, chief executive aide to Gov. Allan Shivers. Only Corbin voted for it . . . Rep. J. O. Gillham's bill to double college fees was parked in sub-committee, after much discussion in which a large representation of students from the University of Texas took part . . . Sen. George Parkhouse's labor bill, to prohibit payment of unemployment benefits to workers in an integrated industry was favorably reported by the Senate state affairs committee. The bill is based principally on a case in which

YOUR NEW SOCIAL SECURITY

Most farm operators will be affected by social security in two ways, beginning January 1, 1965. We have discussed how he will determine and report his own income for social security in previous articles. Today, we will endeavor to explain his responsibility concerning his hired farm laborers under the social security laws.

The law provides that any farm worker, whether it be outside the farm home or inside, who is paid as much as \$100 in Cash wages in a calendar year is covered by social security and such wages must be reported by the farm operator. There is no other test except the receipt of \$100 or more in cash wages. These wages are taxable, 2% to be collected by the farmer from the worker when he is paid and another 2% to be paid by the farm operator when the wages are reported to the Bureau of Internal Revenue.

This means that Farmer A must deduct two cents from each dollar of cash wages earned by his hired help; must obtain each worker's social security number and full name from the worker's social security card; and, must report these numbers, names and amount of wages paid each worker to the Government through the Bureau of Internal Revenue, periodically. Along with the reports, Farmer "A" will send the tax collected from the worker.

Texas Fort Motor Co. employees were idled because of a strike in the East . . . Officers of the federal district attorney for West Texas are being moved from Austin to San Antonio. San Antonio Russell Wine has succeeded Charles F. Herring of Austin as US district attorney.

together with a merchandise amount for himself. Only cash wages are to be reported and taxed.

Should Farmer "A" have a hand and be uncertain whether or not the hand will receive as much as \$100 cash wages, he is permitted to deduct the tax from the hand's wages anyhow, and, if less than \$100 is paid, give the tax back to the worker when he leaves Farmer A's employment.

This coverage of farm labor is compulsory on both the farmer and the farm worker. Forms on which the report are to be made will be furnished by the Bureau of Internal Revenue, along with instructions on how to complete the forms. Your social security office will also assist you, if requested.

Mr. and Mrs. Clay Emde of Overton visited in the R. H. Cutting home and with Mrs. C. C. Cutting in Brown Sanitarium on Monday.

Donkeys are the only mode of transportation in Clovelly (Devon, England) high street.
