Without fear of much contradiction Tracks figured that it would be in order to say a few words about the weather up here the past few days. Although this is sorta risky business when you figure this column is written a couple days in advance of the paper being printed, and all sorts of things could and probably will happen before this gets into print.

But anyhow, being a Texan we've always heard that only "fools and newcomers predict Texas weather" and that "if you don't like our weather just sit down and rest a spell."

We were under the impression that these sayings came from down in the Piney Woods, but believe me we have different ideas on that now.

We even thought there was such a thing as a blue norther in East Texas, but if they have blue ones down there these things up here must be purple or maybe even black.

Why just the other day we came back to work and the sky was clear and had all the makings of a beautiful day, but two hours later the wind was blowing, dust flying, and in just a little while the snow was coming down like nobody's business.

Well, enuff o' that, it'll probably change half a dozen times between now and Thursday anyhow.

Who said too many cooks spoil the broth?
Up at the Friona Methodist Church Thursday morning there were 12 "cooks" really getting with it for a men's breakfast and we didn't hear a single complaint, except maybe one or two that didn't get all the biscuits they wanted.

The preachers sitting at the head table were treated with a special mix of eggs. Seems that as one pan of eggs was being emptied and another getting ready, someone mistook a cup of coffee for a cup of grease and poured it into the skillet.

Guess it was OK though, no gripes came forth.

One day last week a middle-aged fellow, seemingly down on his luck judging by his attire, trudged down the highway in front of Clack's Humble Station.

He was carrying a tossack over his shoulder and stopped to rest on the curb.

Looking around he noticed the usual crowd "resting" in the station and began a tirade on the Republicans.

"Look what the %@#—Republicans have done to me," he began. "Ten years ago I was well fixed, then came an election and just look at me now."

The flow of words kept up for some time and when last seen the old fellow was struggling along toward Bovina still cursing the administration.

Hating to brag before the last basket is shot, but as an ardent Aggie it is hard to ignore some of the goings-on hereabouts just recently.

The morning after the last Aggie-Tech game Johnny Wilson and Eric Rushing were talking about the game and wondering who had won this crucial bout.

While going out the door Eric looked across the street and saw Andy Hurst, an ardent former student from Texas A&M.

"I bet he knows how the game came out," Rushing told Wilson and hailed Hurst.

Now unknown to Rushing or Wilson, Andy didn't have the least idea of the outcome but when Eric called to him and asked what the score was Andy assumed the Aggies had lost and Eric was preparing a good harassment.

So—Andy stepped into his car and sped down the street. Wilson and Rushing looked at each other, laughed and assumed by Andy's actions that the Aggies had lost and came around the block to harrange this scribe.

As the pair approached, we figured their intentions and didn't know the score and figured Tech had won and the coffee would be on us.

But, imagine the looks on their faces as we entered the drug store and saw the sports pages. . . . A&M had won Tech by 13 points. . . . y'know that's just the way rumors get started!

New Mechanic At Friona Motor Co.

R. B. Chappell, of Muleshoe and Littlefield, has been employed as a mechanic in the Friona Motor Co. according to an announcement by Oscar Baxter, owner, this week.

Chappell, who has owned an independent garage in Littlefield and later worked for the Muleshoe Motor Co., is married and the father of two daughters.

A member of the Church of Christ, Chappell and his family have moved into Fred Carson's house across from the hospital in Friona.

Robbers Sack 5 Businesses

Three Dimmitt young men were arrested Saturday night after a 16-hour investigation by Friona police and Parmer County officers for entering five Friona businesses early Saturday morning.

Alert work on the part of officers brought the early capture of Raymond Malena, 21, Warren Miller, 20, and Gary Marks, 19, all of Dimmitt.

Malena and Miller were indicted by the grand jury Monday while Marks was recommended for probation as he claimed he was "along only for the ride and asleep at the time of the robberies."

The boys will face trial on Thursday morning in Judge E. A. Bills' District Court in Farwell.

Four service stations and Friona Motor Company were broken into about 2 a. m. Saturday.

Brookfield Texaco, Strickland's Shamrock, Clack's Humble and Lakeside 66 stations and Friona Motor Co. were broken into by way of knocking the glass out of the front doors, and the inside of each, except Strickland's, ransacked.

One theft was discovered about 5:30 a. m. by J. B. Williams who was throwing his paper route and discovered the broken glass at the Humble station.

Upon investigation the other "victims" were discovered. Strickland alone avoided any damage other than a broken glass door after the boys found a large English bulldog on guard inside the station.

Friona Motor lost about \$200 in tools and the pop box money was taken; Lakeside 66 lost a new tire, cigarettes, and the cash register was wrecked; Clack's Humble lost \$12 from courtesy cards; Strickland lost a pair of cowboy boots from the rear seat of a car parked near the station and Brookfield reported theft of an antique pocket watch which was kept in the cash register.

All the loot was recovered with the exception of the new tire.

Police Chief Ben Moorman, Sheriff Charles Lovelace of Parmer County and Castro Sheriff Jack Cartwright apprehended Miller in Dimmitt Saturday night as he walked out of a movie with his girl.

Chief Moorman said the officers learned of a strange car running on a rim entering Friona early Saturday morning and upon getting a good description of the car, began a search for the auto.

The auto, a white '41 Chevy, was traced to Dimmitt where Miller had parked it while taking his girl to the movie.

Inside the car was found a courtesy card taken from the Humble station and on the car was a spare tire and rim taken from a pickup near the Humble station.

Chamber Banquet Coming

Wagoner Carr of Lubbock, speaker of the house of representatives in the Texas legislature, will be the featured guest at the annual Friona Chamber of Commerce and Agriculture banquet next Wednesday night.

The banquet, slated for 8 p. m., will be held in the school cafeteria and tickets are on sale at Friona businesses for \$2 each.

"We hope people will buy their tickets early," says J. C. Claborn, president of the chamber. "We printed only 300 tickets and don't want to leave anyone without one."

A highlight of the banquet will be the naming of the chamber officers for the next year.

Three new directors for the chamber board were elected recently and included Joe Ferrell, Hollis Horton and Bill Nichols.

Holdover directors of the chamber include Ralph Wilson, Pudge Kendrick, W. H. Graham Jr. and J. C. Claborn.

Rep. Carr is currently serving his fourth consecutive term as a member of the Texas legislature and is 39 years old.

He has been honored with being elected speaker of the house during the 1957 session of the legislature and his activities have been varied.

He is a member of the Methodist Church in Lubbock, where he is a lay leader and a Sunday school teacher. He serves as a Boy Scout executive, member of the Masonic lodge, Knights of Pythias, Lions Club, American Legion and the State Bar of Texas.

Carr is a graduate of Lubbock High school and Texas Tech. He served in the Army during World War II.

After questioning, Miller admitted the theft and told officers his companions.

The boys were returning home from Grady, New Mexico, and had a flat tire.

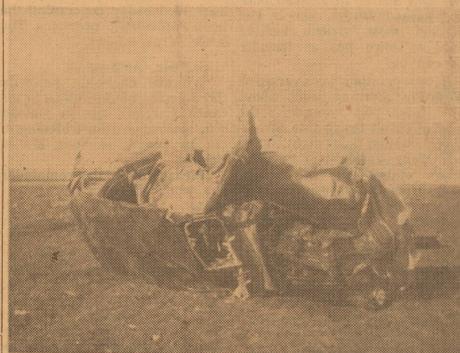

They went on to say that when they got to Friona they looked around for a tire, then after the first break-in (at the Humble station) they began a search for money which led them to the other stations and the Friona Motor Co.

Oscar Baxter Buys Friona Motor Co.

Oscar Baxter announced the purchase of the half-interest originally owned by Jim Baxter in Friona Motor Co. this week.

Friona Motor Co., dealer for Ford tractors and implements and Dempster listers, planters and cultivators, was originally owned jointly by the two brothers, Oscar and Jim Baxter.

"We will continue to keep the same policies and business location and hope to be able to serve the people of Friona and Parmer County as before," Baxter says.

AND SHE WALKED AWAY—Frances Brown, Friona resident, is "progressing satisfactorily" in Parmer Community Hospital after rolling her 1946 Chevrolet north of Friona Thursday morning about 2. The car left the highway and flipped a number of times, coming to rest in a wheat field. She suffered deep cuts and two broken toes.

Fifteen Indictments By Grand Jury

Fifteen indictments were returned by the Parmer County grand jury, called to session by District Judge E. A. Bills Monday at the courthouse in Farwell.

The grand jury came in at an appropriate time to pave the way for "housecleaning" at the county jail, which was holding 10 prisoners awaiting legal action.

In each instance of indictment, a plea of guilty is anticipated, hopes Sheriff Chas. Lovelace, and non-jury criminal trials are scheduled in Judge Bills' court Thursday of this week.

Frank Sena, 21, and Billy Beeson, 27, of Clovis were indicted for armed robbery of Roberson's Shamrock Service Station in Farwell on December 18. They also were indicted for burglary of the Loren Thompson residence in Lariat on December 16.

Beeson was picked up in Clovis and Sena in Vaughn. Tono Guana, 21, Vaughn, and Sena and Beeson were indicted for armed robbery of the Gaines & Smith Texaco Station in Friona the night of December 19.

Then, Beeson and Delfino Lopez, 26, Clovis, were indicted for holding up Bob Bolton at the Bagley No. 2 station in Farwell on October 9. All of the preceding men had been lodged in jail before this week.

Guadalupe Pearce, 20, San Antonio, was indicted on a count of car theft. He is charged with stealing the car of Buddy Lloyd in Friona on January 18. He was picked up in Tucumcari.

Then, to round out the indictments on service stations the grand jurors formally charged Raymond Malena, 20, and Warren Miller, 21, both of Dimmitt, with burglary of four stations in Friona and also an implement house Friday night of last week.

This amounted to swift justice for the Latin Americans, who are accused of robbing Clack's Humble Station, Strickland's Truck Stop, Brookfield Texaco, Kendrick's Phillips 66, and Friona Motor Company.

These men were arrested Saturday night in Dimmitt and returned here about 2 a. m. Sunday morning. They lined up for grand jury the next day, and will probably be tried today.

The grand jury complimented officers on speedy apprehension of the defendants they indicted.

Hale-Aiken Committee To Study County Problems

School patrons and officials took a step forward Monday night when the 24-member Hale-Aiken committee met to organize and plan a comprehensive study of Parmer County's school problems.

The committee will submit reports to state leaders in four areas: school program (study of the curriculum), teacher supply, school construction, and school financing. Directors have been appointed to head each of the four divisions, with five to 10 volunteer workers under the direction of each director.

Mrs. Bunk Phillips' committee to study school problems will hold its first meeting Monday night at 7:30 in Farwell high school.

Persons interested in the area under surveillance should attend the public meeting.

Mrs. Bunk Phillips will direct the study and report on school programs, and will be assisted by 10 helpers. All surveys and studies will be on a county-wide basis.

Rev. Irving Looney heads the teacher-supply study; C. C. Christian directs the school construction survey, and Bob Anderson is in charge of investigating school finance.

The committee will complete the survey and report by May 1. Their findings along with recommendations will be submitted to state authorities at that time.

Workers are strictly volunteer. They were contacted by letter, and Mrs. Phillips says that she received very good response to the call to serve.

The meetings, study groups, and surveys are not secret; in fact the committee will welcome every suggestion, idea, or complaint.

They are faced with the task not only of finding out the concrete problems facing the schools, but also learning how the general public feels about the issue. The group cannot contact everyone in the county, so they want all those with any information or opinion about the matter to contact any member of the directors.

Separate meetings will be scheduled during the two-month period by each of the separate committees. The public is urged to attend and take part in the construction of recommendations.

Any parent who has a complaint about school transportation, school lunches, the subjects taught or left out, or any matter concerning the schools and their children should attend the proper meeting and make himself heard, or at least contact the director involved.

Check your local paper for time and place of the meetings.

Squaws Capture Bi-District Crown

Friona's hustling Squaws thrilled a packed gymnasium of fans with a "squeaky" 2-point victory over Hale Center's Owlettes Tuesday night to gain the bi-district girls basketball title.

The victory will pit the Squaws against White Deer Saturday in the regional playoffs at Lubbock. Game time is 8:30 a. m. in the Chapman Gym.

Charlotte Bock kept the Squaws in the game throughout the first half with her terrific job of rebounding and sharpshooting and went on to take high point honors for the Squaws as she dropped 23

points through the basket.

A sharpshooting Owlette named Berry kept Friona fans chewing their Stetsons as she made shots from all over the court and scored a total of 33 points to take home high point honors for the game.

The Squaws' original six starters played the entire game with the exception of a few seconds in the last quarter when L. Fleming spelled Robbie Boggess for a few instructions from Coach Baker Duggins.

A tight game from the first, the Squaws dumped in four points off the bat but the Owlettes fought back and matched everything the Friona girls

could do throughout the game.

Hale Center trailed 16-14 at the end of the first quarter but with Berry tallying eight times, the Owlettes were ahead 30-29 at the half.

Robbie Boggess found the distance of the hoop during the third stanza and scored 10 of her 16 points during that eight minutes, and going into that last quarter the Squaws led by two points.

Jonnie Hand finally shook loose and scored nine points in the last quarter, with Charlotte Bock adding six more to her scoring as the Squaws heard the final buzzer the scoreboard read 59-57 in their favor.

All the Friona girls turned in an outstanding job, and in spite of being "cold" under the basket, their rebounding and hustle kept them in the game and put extreme pressure on the Owlettes.

Squaws who started, and finished, the game included Jonnie Hand, Robbie Boggess and Charlotte Bock, forwards; Paula Neel, Lavanna Houlette and Lavon Fleming, guards.

Scoring results—Bock 23, Hand 20, Boggess 16 (Friona). Berry (40) 33, Chapman (48) 15, and Townsen (49) 9 for Hale Center.

Five-Man Council To Be Voted On

Six Men File For Places On Commission

Six men have filed their names as candidates for places on Friona's city commission.

The six include R. L. Fleming, Eddie Meil, and Glenn Reeve, and the present city officials: Mayor A. W. Anthony Sr., Granville McFarland and Oscar Baxter.

Fleming and Anthony will run for the office of Mayor while Meil, Reeve, McFarland and Baxter will vie for positions as commissioners.

Open House In Friona Schools

Friona schools will observe an Open House for parents Thursday (tonight) beginning at 7 p. m. until 9 p. m. in all the schools in the Friona system.

All teachers will be in their home rooms and on hand to meet with parents who are expected to visit the schools during Reception Schools Week.

Receptionists will be on duty at the main entrances of all the buildings to guide interested parents to their respective rooms and the public is invited to attend.

Reception has been very good, according to Superintendent Dillie Kelley, and Tuesday 89 parents ate dinner in the school cafeteria.

Due to overcrowded conditions in the cafeteria, Kelley has asked parents to visit the schools according to a schedule which has parents of children of grades 7-9 to visit the schools Thursday (today) and grades 10-12 to visit Friday.

The elementary schools' visitation was popular Monday and found several football players serving as babysitters in the nursery which was sponsored by the PTA for visiting mothers.

Friona School Board To Accept Bids On Cafeteria

March 17 has been set as a special meeting of the Friona school board for the purpose of opening sealed bids for the construction of an addition to the present school cafeteria.

In a regular meeting Monday night members of the board discussed the new addition at length and the impending election of new board members.

Prior to the meeting, members of the board, along with Superintendent Dillie Kelley, and principals of the schools in the Friona system were feted at a steak supper by Jack King, supervisor of construction for the new buildings now under construction for the Friona schools.

Fronans Attend Funeral Wednesday

Mr. and Mrs. Charles D. Russell and Mrs. Lem Miller left Tuesday afternoon for Hamlin where they attended funeral services for Alton Dean of that city. The services were conducted from the First Baptist Church there at 2 p. m. Wednesday.

Dean was the brother of Mrs. George Miller who is a former resident of Friona. They expect to return later this week.

Friona's city commissioners Monday night voted to place a petition calling for the addition of two commissioners to the present city government before the people for their choice in an election which is to be held in April.

This election, which will be held on the same day as the election for new mayor and commissioners and school board members, will place the choice of a five-man commission and, if passed, call for the reorganization of the present city government.

This government functions basically the same as the type under which Friona is now governed but has a five-member "council" instead of the present three-member commission.

One of the councilmen is elected mayor, the same as one man is now elected mayor, with the others serving as commissioners.

The council will direct policy-making and other decisions which affect the city and this is in turn passed on to a city manager for action.

If citizens vote to go in favor of the five-man system, or council-manager type of government, another election may be held to select the other two councilmen, or the elected officials may appoint men to the two vacancies.

In addition to five men, another change will be rotating terms whereby the entire council will not be up for election at the same time.

This matter has been a subject for discussion in Friona for some time.

In addition to accepting the petition and ordering it prepared for election, the commission opened the bids for a new police car.

After a short discussion, members voted to table the bids until it can be learned what amount of "trade-in" can be allowed for the present vehicle.

Ross Terry appeared before the commission with a piece of asbestos siding with which he proposes to build a public garage.

Terry's garage has been a matter of concern for commission members for some time, and the members, after examining the piece of material, gave their go-ahead, if the state board of fire examiners turn in an acceptable report on the material.

All the commissioners said they felt the material would pass the test and were sure Terry could begin construction in the near future if he so desired.

Delinquent taxes came under fire and it was voted for the city to file for the collection of delinquent taxes beginning with the oldest on the rolls and work toward the most recent.

Members voted to pass a motion raising water bills \$1 for the purpose of building a fund to pay for a new well and ground storage facilities for the city's water supply.

THE STAR'S EDITORIAL COMMENT

Friona Must Choose — Stagnation or Progress

Monday night members of the Friona city commission discussed a petition which asks for a commission of five men to be the governing body of our city.

As our present form of government does not have any choice in the number of commissioners, the city must have a new form of government.

The form which most nearly fits the five-man commission, or council, is the council-manager form of government.

During the first week in April citizens will be voting on whether or not this form of government will be adopted in Friona.

The very evidence of this petition being signed by 168 citizens shows that the people of Friona want progress, for without change, progress will be difficult.

This form of city government has been very popular in hundreds of cities,

large and small, in our state and nation.

Next month we can choose whether or not our city will be represented among the forward-looking communities in our state.

We ask that you think about this choice. The council-manager government is a good form of city government and will lead Friona on to polishing the "gem of the High Plains."

WITH JUNE

Getting up early has always been one of the hardest things we have to do. Saturday morning was no exception, but the call of duty demanded that we do so. After getting up about six, scraping ice off the windshield, and driving the five miles into town, all traces of being sleepy were gone.

Seeing so many pretty girls making preparation to go to Amarillo to the FHA convention was really an inspiration. We hardly ever have an opportunity to see so many girls dressed up. Everyone of them was dressed in suits or dresses with matching or contrasting bags, gloves, hats, and shoes.

Needless to say, they hardly looked like the same bunch of girls we saw going up the walk to school Friday morning. It is remarkable what a difference there is in "dress up" clothes and jeans, sloppy joe shirts, loafers and bobby socks.

The next time a large number of young ladies dress up and go somewhere, we plan to be on hand to watch their departure whether it is necessary or not. Getting up early really paid off this time.

The following is another of those anonymous things that we run across now and then. Hope you enjoy this one as much as we did.

Mayor A. W. Anthony Sr. received a letter from the district engineer's office in Lubbock Wednesday concerning the Loop widening project. The letter is as follows:

"Dear Mr. Anthony,
"We are enclosing herewith three copies of resolution forms which you may use in making a formal request for widening of the pavement on Spur 270 in Friona.

"Please fill in the remainder and when the city council has passed the resolution return two copies to us for further handling.

"Due to the uncertainty of development along the north side of US 60 west of State Highway 214, and the fact that some filling stations are yet to be adjusted on the section of US 60 recently widened, we believe it is best to postpone widening of US 60 at this time.

"If further information is needed please advise us."

Mrs. Malinda Schlenker, Cordie Potts family, and Sara Dean and girls attended a Schlenker-Reeve reunion in Friona Sunday. The group visited with Mr. and Mrs. Oscar Schlenker from California.

On the sick list are the Garber children who have the chickenpox, the Jareckies with the mumps, Kenny Sifford and Peggy Sifford with the measles.

Some more parking lot improvement has been done in Friona. A new lot has been constructed at the Pioneer Natural Gas building at the corner of Seventh and Euclid streets, and Piggly Wiggly has been doing some improvement on their lot in front of the store.

This sounds like a mailman's holiday joke, but it really happened. Friday afternoon it was necessary for us to make a trip to Farwell. Before we got to Bovina, we passed a Ford sitting beside the highway. Noticing that it had a Parmer County license plate, we observed, "That is a local car. Wonder if the man walking is someone we know?"

When we overtook the man, who seemed to be in a rush, sure enough we did know him. He was Ray Strickland. Since Ray operates a service station, we were somewhat surprised. Of course, Ray had an alibi. He said, "This car belongs to my wife and she should keep gas in it."

For a number of years we have heard of an uncle of the other half of our family compliment the Lockney Beacon and the Floyd County Hesperian. In an Amarillo paper recently an account was given regarding the naming of the Floyd County Hesperian and it was most interesting. Maybe it would be interesting to know how weekly papers acquired their names.

Does anyone know the origin of the name of the Friona Star? We don't.

Another thing on which we would like some definite information is the ghost towns of Parmer County. The Amarillo News is planning a series of articles about ghost towns of the Golden Spread area, and we surely should be able to produce

NEWS FROM LAZBUDDIE

By MRS. CLYDE MONK

Future Homemakers To Area Meeting

Ten girls from the Lazbuddie FHA chapter were among the approximately 3000 girls from

38 Panhandle and South Plains counties who heard speeches, sang songs and installed officers in Amarillo, Saturday, at the Area I FHA meeting.

Main speaker was Rev. Taft Holloway, pastor of the Line

Avenue Baptist Church who delivered an analogy from "The Three Little Pigs" to make the point in his speech, "Houses and Homes."

First the house of straw represents the home with no cultural, religious or financial background. Second, the house of sticks is the home with the material advantages but no spiritual foundation. Third, the house of bricks represents the solid home, the home where spiritual, cultural and economic values all play their part toward

happiness.

Girls attending from here were Donna Redwine, Beverly Smith, Corretta Watkins, Karen Smallwood, Rosemary Agee, Freda White, Wanda Steinbock, Carolyn Scott, Katherine Smith, and Carolyn Hinkson.

They were accompanied by their teacher, Mrs. Dianne Reed. Beverly Smith was the voting delegate from here and sat in the house of delegates. At noon they enjoyed a steak dinner at the Palo Duro cafeteria. While the girls attended the meeting, Mr. and Mrs. Purl Tippie visited their son and wife, Mr. and Mrs. Bill Tippie in Amarillo. Tippie is the bus driver.

MRS. BRIGGS IN CLINIC

Mrs. H. H. Briggs entered Scott and White Clinic in Temple last week for major surgery on Monday. She is reported to be recuperating nicely. Mr. Briggs is in Temple with her. Her sister, Mrs. Jarrett Pinckley, was with her the first part of the week. Mrs. Joe Briggs was to go down later in the week.

Mrs. Clark Honored

A surprise birthday supper was given Mrs. Ed Clark in the home of a son and daughter-in-law, Mr. and Mrs. Albert Clark, Monday evening. Others present were Mr. and Mrs. Calvin Clark and Janis, Mr. and Mrs. Wayne Clark and boys, Mr. and Mrs. Andy Brown and daughter, Mr. and Mrs. Ben Foster and Ed Clark.

Mrs. Oliver Feted With Bridal Shower

The WMU of the Baptist Church were hostesses recently for a bridal shower honoring Mrs. Pete Oliver, the former Louise Ham. The reception hall in the church was decorated in the Valentine motif, carrying out the bride's chosen colors of red and white. The guest book was a lovely red satin heart edged in white lace. A miniature bride and groom stood before an altar with a background of dainty flowers on the guest table, while the gift table was laid with a white cloth bordered with red roses and hearts.

The refreshment table was laid with a lace cloth over red and centered with red rosebuds flanked by crystal candelabra. Refreshments of white cake squares decorated with red candy hearts and frosted pink punch were served. Plate favors were two red hearts held together with an arrow and the words, "Pete and Louise" written on the hearts in white.

Those attending were Mesdames L. B. Hambright, J. D. Hargrove, Jimmie Ivy, Edgar Vanlandingham, Ted Treider, David White, R. G. Treider, Ruby Morton, Sam Brownlee, J. E. Williams, J. H. Clay, Eugene Redwine, Buster Morgan, Ira Wimberley, John Agee, Bill Curry, Raymond Houston, J. T. Mayfield, and Dan Cargile; Also Mesdames George Washington, Perry Barnes, Carrie Withrow, Wesley Barnes, W. S. Menefee, Jack Black, Barney Floyd, Junior Stout, Bert Gordon, Juel Treider, Claude Heath, Ralph Cox, Earl Peterson, F. W. Greene, Joe Cox, Larry Treider, E. E. Mason, and Luther Ham; Also Misses Alice Gordon and Rosemary Agee.

Mr. and Mrs. Delter Wenner accompanied by Mrs. F. L. Wenner from Muleshoe visited friends in Tulsa Sunday.

Mr. and Mrs. M. H. Laney and Tommy spent the weekend in Bennington, Okla., visiting and attending to business.

LUNCH MENU MARCH 10

Monday, sliced pressed ham, English peas, browned potatoes, lettuce salad, milk, bread, apple pie.

Tuesday, chicken and dressing, giblet gravy, cranberry sauce, green beans, corn bread, butter, milk, apricots.

Wednesday, lima beans with bacon, buttered carrots, broccoli, grapefruit sections, hot rolls, butter, milk, rice pudding. Thursday, roast beef, gravy, potato salad, spinach, hominy, milk, bread, pineapple cake.

School will be dismissed Friday, March 14, in order that the teachers may attend the district teachers meeting in Amarillo.

The John Aduddell family visited Sunday in Bula with Mr. and Mrs. DeWitt and family.

Mrs. Lizzie Scruggs from Shamrock and her daughter, Mrs. John Bond and boys, visited Wednesday in Odessa with another daughter and sister.

The Gene Phillips family visited Sunday in Clovis with Mr. and Mrs. H. S. Robbins.

Mr. and Mrs. J. R. Harris Jr. and family visited Sunday in Lubbock with her brother-in-law and sister, the Coy Hamiltons, and also with friends, Mr. and Mrs. Ernest Lancaster.

YOUNGSTER INJURED

Terry Parham suffered a badly crushed foot last week when he caught it under the see-saw at school. Fortunately no bones were broken.

Mrs. John Gammon and Marianna are in Lubbock this weekend visiting her sister, Mrs. Pat Henry, from Fort Worth. Marianna was also to have a post-operative check.

T. O. Lesly and Freeman Davis returned Sunday night from a 10-day bus trip to Washington D. C. as delegates for the Farmer's Union.

Mr. and Mrs. Jack Smith and family visited Sunday in Clovis with his brother, the Gerald Smith family.

Weekend visitors in the F. L. Oliver home were Mr. and Mrs. J. S. Siddell, Mr. and Mrs. Miller Williams and Mrs. Lou Crosier from Cleburne. They also visited with Mr. and Mrs. Mart Oliver in Muleshoe.

Carolyn Scott spent the weekend in Amarillo with her brother-in-law and sister, Mr. and Mrs. Charles Stafford. They brought her home Sunday and visited with relatives.

Morris Bruns from Texas Tech spent the weekend at home with his parents.

Mr. and Mrs. Charlie Glover and Jerry Don moved Saturday to the Gene White place where they will make their home.

Visiting in the Charlie Glover home on Monday were Mr. and Mrs. W. L. Crabtree and Mr. and Mrs. Odell Ralls from Tulsa.

Mr. and Mrs. Jack Bruton and three children moved recently to Dimmitt where he has been employed by a gin. They formerly worked for the Nickels gin here.

Mr. and Mrs. Jack Smith and Jack Finley were in Abilene last Wednesday on business.

Mr. and Mrs. Frank Edwards from Oklahoma Lane visited Sunday in the C. B. Watkins home.

Mr. and Mrs. John Agee visited in Frederick, Okla., the last of the week with her father, Arthur Henderson.

Mr. and Mrs. Linley Hugg and family from Amarillo visited Saturday in the home of his brother, Mr. and Mrs. Tice Hugg.

Mrs. Burt McGee and children formerly of the Hub community, spent several days last week in the home of her parents, Mr. and Mrs. Juel Treider. The McGees have recently moved to Grants, N. M.

Mr. and Mrs. John L. Seaton and girls visited Sunday in Canyon with his mother, Mrs. A. M. Seaton.

THE BULWARK OF A COMMUNITY IS ITS CHURCHES

"FRUITS OF THE SPIRIT"

"The fruit of the Spirit is love, joy, peace, longsuffering, gentleness, goodness, faith, meekness, temperance: against such there is no law." Gal. 5:22-23.

A spiritual person doesn't need to call out that he is spiritual any more than an apple tree needs a sign on it to tell that it is an apple tree. IT'S fruit tells what kind it is. So the Christian fruit is love, joy, peace, longsuffering, gentleness, goodness, faith, meekness and temperance. Each of us may know his own standing before God as he checks his daily life by the fruits of the Spirit. Pray that God shall fill you with His Spirit that you may bear these fruits.

LENT - IS IT SCRIPTURAL?

"Lent, from the old English word lenten, meaning, spring is the season of fasting which begins with Ash Wednesday, forty days before Easter, and ends with Easter Sunday. It is observed somewhat strictly by the Roman Catholic, the Eastern and Anglican churches, but the evangelical Protestant churches are more and more recognizing Lent as a season of special observance, and are giving expression to this idea by holding religious meetings."

—World Book Encyclopedia

The Fast of Lent was adopted by the Roman Catholic Church and came into protestantism as a hang-over from Catholicism. To observe it is to follow the commandments of men. It is no place authorized in the Bible. To follow the doctrines of men is "vain worship" (Mark 7:7).

MRS. DICK ROCKEY

Attend Funeral Of Relative

Mr. and Mrs. F. W. Barnett, R. E. Barnett, and Mr. and Mrs. Glenn Roberson returned Wednesday after attending funeral services at Ravenna, Tex., for Henry Barnett, a former resident of this community.

Henry Barnett was the brother of R. E. Barnett and the father of Mrs. Vernon Christian of Center, Colo. The Christians lived in our community a number of years before moving away about two years ago.

Mrs. Glenn Roberson returned home Saturday from Amarillo where she underwent minor surgery. Her condition is satisfactory. Dwight Whitaker has been ill several days.

WEATHER

This has been another week of inclement weather. So far we have had rain, snow, and fog. It has been nice on the wheat, but has worked a hardship on the farmers who are trying to get their deep plowing done.

Fangman Returns

Teddy Fangman returned home Sunday from Tacoma, Wash., where he had spent a few days visiting his brother, Arnold, who is stationed at Fort Lewis. Arnold had been home on leave and Teddy drove back with him then flew home. Teddy and Arnold are sons of Mrs. Helen Fangman.

MRS. STONE IMPROVES

Latest reports from Mrs. Travis Stone indicate that she is making satisfactory progress at the Deaf Smith County Hospital in Hereford where she is a surgical patient.

RELATIVE DIES

Mrs. Clyde Hays received word Monday that one of her aunts, Mrs. Cora Burnett of Bonham, had died. Funeral services were conducted there Wednesday at 2 p. m.

ROBERSON HOSPITALIZED

O. B. Roberson was taken to the Deaf Smith County Hospital at Hereford Sunday following a heart attack. His condition is reported to be satisfactory at this time.

Mr. and Mrs. Roden Smart spent the weekend visiting relatives in Wellington.

Mrs. Bruce Parr spent Friday shopping in Lubbock.

Bystanders are those who can do the job better.

CUB SCOUTING HIGHEST AWARDS—Two Friona Cub Scouts and their mothers were pretty proud Friday night at the Friona Cub Scouts' annual Blue and Gold Banquet, when they received their Webelo awards, the highest in Cub Scouting. The boys above and their mothers, left to right, are Robert Stewart and his mother, Mrs. Allen Stewart, and Ronnie Reed and his mother, Mrs. Leo Reed. Both the mothers are Den mothers in Friona.

Next Week Is Girl Scout Week

The week of March 9-15 is Girl Scout Week all over the United States. The 46th anniversary of the beginning of Girl Scouting will be observed March 12.

A council-wide birthday party has been planned for Friday, March 14 at 7:30 p. m. at the Lubbock Coliseum.

There are eleven program fields in Girl Scouting. Each of these fields will be represented at the birthday party. They are arts and crafts, literature and dramatics, music and dancing, community life, international friendship, nature, out of doors, sports and games, agriculture, health and safety, and homemaking.

"All parents and friends of all Girl Scouts are cordially invited to attend this party," says Mrs. Russel O'Brian, Friona neighborhood chairman, who also adds, "We would love to see a large number of Frionans at the meeting."

At the present time 120 girls are registered in eight troops in Friona. There are also eight leaders, ten assistant leaders, twenty-four committee mothers, and three adults who serve on the Caprock Council in Lubbock. These three are Mesdames H. K. Kendrick, J. G. McFarland, and Frank Spring.

Kress, Tex., Man Reports—
"2,000-lb.-Per-Acre Increase From Irrigated Maize."

Melvin F. Walter, who farms 1,100 acres near Kress, Tex., says: "I put down 100 pounds of Phillips 66 Agricultural Ammonia on irrigated maize and got a 2,000-pound increase in grain per acre. I also made 50 bushels of wheat per acre using 100 pounds of Phillips 66 ammonia."

Other Southwestern farmers have discovered that the 82% nitrogen in top quality Phillips 66 Agricultural Ammonia helps them get more profit per acre through higher yields. They get more cotton that classes higher at the gin... yields of grain sorghum and ensilage are increased... more marketable vegetables are harvested... and profits on wheat are increased through better forage and higher yields of grain.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

During the business meeting, the president, Mrs. Kinsley, gave a report concerning a

box of clothing the club members donated to the Salvation Army. The minutes of the last meeting were read and approved.

After a quiz, the meeting closed with the Mizpah. The next meeting will be in the home of Mrs. Pearl Kinsley April 4. Refreshments of sandwiches, pickles, pie and coffee were served to the following: Mrs. Pearl Kinsley, Fay Southward, Mrs. Leonard Coffey, Mrs. Charles D. Russell, and Mrs. Harry Ratliff.

Young People Go Skating

The Christ Ambassadors, the young people's organization of the Assembly of God Church, met at the Clovis skating rink Thursday for a skating party. The rink had been rented for this church-sponsored event. After a skating session, everyone went to drive-ins for refreshments.

Each member of the organization invited a guest. Adult sponsors were Rev. and Mrs. M. Alvin Askins, Mr. and Mrs. Noah T. Young, Mr. and Mrs. J. L. Stowers, Mrs. Jess Chesher, and Mrs. Clark K. Carter.

Others attending were Ernest and Arlene Beavers, Troy and Gladys Young, Ron and Melba Smiley, H. G. and Maldean Houston, C. H. and Joyce Veazey, Monroe Young and Luann Hardesty, Owen Houston and Linda Gee, Jimmy Chesher, Joy Carter, Delmer Dement, Tuffy Dement, Jerry Houston, Larry Loflin, Janet Buckley, Linda Crow, Loyd Chesher, and Albert Chesher.

Training Union Study Planned

Plans have been completed for a training union course of study to be conducted March 9-13 at the First Baptist Church. Classes will begin at 7:30 each evening. Mrs. J. H. Dean, a state training union worker, will be here for this course.

Teachers for the different departments will be Mrs. C. W. Tannahill, nursery; Mrs. Dillie M. Kelley, beginners; Mrs. L. A. Sartain, primary; Mrs. Jewell Woodward, junior; Rev. L. A. Sartain, intermediate; Mrs. H. T. Magness, young people; and Mrs. J. H. Dean, adults.

From Lubbock

Shirley Hogue of Lubbock was a weekend guest in the homes of Mr. and Mrs. Russel O'Brien and daughters, Linda and Karen, and Mrs. Melba Miller. Shirley was an employee of the Friona State Bank before accepting a position with a bank in Lubbock.

Hear Chanters

Mr. and Mrs. Bill Stewart, Mrs. Dan Ethridge, Mr. and Mrs. Dick Rocky, and Lois Norwood went to the Methodist Church in Hereford Monday evening to hear a program presented by the McMurry Chanters of McMurry College at Abilene.

Hub Box Supper Well Attended

About 150 persons attended the community-wide box supper at the Hub Community center Thursday evening. Melba Burleson, treasurer of the community organization, reports that proceeds from the sale totaled \$1,103. This money will be used for the building fund.

John Renner bought the "surprise box" for \$52.50. He did not reveal the contents. Kitty Black's box sold for the highest price. Hats were presented to Hugh Moseley, Bill Flippin, Jack Howell, Dean Sanders, Dick Doshier, Bill Woodley, Jerrell Doshier.

Some of the out-of-town guests were Mr. and Mrs. Howard Fleming of Lubbock, Mr. and Mrs. K. M. Fleming of Silverton, Mr. and Mrs. Ed Harbage of Farwell, and Hugh Moseley also of Farwell.

Enchilada Supper Set

Saturday, March 8, has been chosen as the date for an enchilada supper at the club house, sponsored by women of the Women's Missionary Council of the Assembly of God Church. On the menu will be enchiladas, salads, pie, tea, and coffee. Charges will be \$1 for adults and 50 cents for children. Mrs. Clark Carter, president, invites everyone to attend. All proceeds will be used for the building fund of the church.

To Plainview

Mr. and Mrs. Claude Edelman and children, Billy and Judy, were Sunday visitors in the home of Mrs. W. B. Rogers. Mrs. Rogers is Mrs. Edelman's mother.

Mr. and Mrs. Harlan O'Rear, Joyce and Jean of Amarillo and Mary Reeve of Pampa were Sunday guests in the home of Mr. and Mrs. F. W. Reeve. Mr. O'Rear and Mary are daughters of the Reeves.

MRS. RITCHEY RETURNS

Mrs. H. A. Ritchey moved from Dalhart to her house on Washington Street which was formerly occupied by her son, Floyd Brookfield, and his family. The Brookfields have moved into their new house on Pierce Street.

CARD OF THANKS

Words are inadequate to express the appreciation we feel for all the deeds of kindness shown us following the death of our mother, Mrs. N. W. Wyatt.

We are grateful to all our friends and neighbors for every expression of sympathy.

Study Club Has Health Program

The program for the Tuesday evening meeting of the Progressive Study Club at the club house was "How To Keep Your Husband Alive." A question and answer session on health problems was conducted by Dr. Paul Spring.

The thought for the day was given by Juanda Jarrell. During the business meeting, which was presided over by Betty Jarboe, Winifred Hurst was elected delegate to the district convention which will be held at Childress. Lunell Horton was elected alternate.

Decorations were in the George Washington birthday theme. Refreshments of cherry pie, whipped cream, coffee, and tea were served by the hostesses, Reba Buske and Iona Cook. Guests were Dr. and Mrs. Paul Spring, Mrs. Marty Martinez, Mrs. Ansel Renner, and Mrs. Ansel McDowell. Twenty-two members were present.

From Amarillo

Mr. and Mrs. C. C. Yancey and daughters, Laree and Janice of Amarillo were Sunday guests in the home of Dr. and Mrs. Lloyd Shackelford and children.

Return From Kansas

Mrs. T. A. O'Brian, Mrs. E. L. Fairchild, Mrs. Kenneth O'Brian, and Mrs. Tom O'Brian returned Sunday evening from Lyons, Kan., where they had visited relatives and were snow-bound for several days.

To Fort Worth

Mrs. O. F. Lange spent the weekend visiting in the home of Mrs. Carolyn Lynn and son, Johnny, at Fort Worth. Mrs. Lynn is Mrs. Lange's daughter.

From Perryton

Mr. and Mrs. R. L. Truax of Perryton were weekend visitors in Friona. The Truaxes recently moved from Friona to Perryton, where they have farming interests.

CARD OF THANKS

We wish to express our sincere appreciation to all our friends and neighbors for the cards, letters, flowers, and other expressions of sympathy which we received during the illness and following the death of our mother.

Dickie Will Speak At Farmer's Union Meeting in Farwell

Alex Dickie, state president of the Farmer's Union, will be the featured speaker at an area Union meeting Tuesday evening, March 11, in the Farwell School cafeteria.

The Farmer's Union, sponsor for the meeting, is inviting area locals from the area to attend, plus the general public. Locals expected to be on hand include those from Lazbuddie, Friona, and Bovina, the latter community which is now in the process of organization.

Dickie, a farmer-stockman from Denton in North Texas, has been president of Texas Farmer's Union for several

years, and is well acquainted with Union policies and goals. He has appeared before Parmer County audiences several times but this will be his first trip here this year.

The meeting is to begin at 8. Frank Seale, Farwell FU president, emphasizes that the meeting will not only be public but will be a "family affair," and wives and children are invited to attend.

Charlie Phillips and his "Sugartimers" will furnish entertainment for the meeting. Reports will be heard from Guy Austin and Elmer Hargrove, who have just returned from a Union-sponsored bus trip to Washington.

Senior 4-H Members Have Party At Hub

About 30 senior 4-H members from all over the county met at the Hub Community Center Saturday night for a party. The event was a part of their observance of National 4-H Week.

County recreation leaders directed games. They were Virginia Rea, Barbara Rea, and James Stevens of Bovina,

Judy Billingsley of Farwell, and Pat Chitwood, Dick Chitwood, and Cooper Young of Lazbuddie.

The same group of leaders will direct the recreation for a county-wide party for junior 4-H members at the Hub.

Refreshments were served to the members and about 20 adults, including county extension agents, Miss Jimmie Lou Wainscott and Joe Jones.

Workers Form Ag Association

Parmer County Agricultural Workers Association was organized last week in Bovina with nine members. Roy M. Crawford, vocational agriculture instructor at Bovina, was elected chairman.

Other officers are Jay Sanders of SCS, Friona, vice-president; and secretary, Prentice Mills of the Parmer County ASC office.

Others attending the meeting were Robert Zetsche of SCS of Friona; Bill Bolling of FHA of Farwell; Jack Black of Lazbuddie, vo-ag instructor; Robert Morton of Farwell, vo-ag instructor; and Robert M. Crozier of Friona, SCS.

Another meeting of the association is planned for Thursday, March 20, in the Bovina agriculture building.

Research, supported by the Texas Heart Fund, has made new tools available that assist in earlier diagnosis and more prompt treatment of the heart diseases. Help Your Heart Fund Help Your Heart.

Sorghum Producers Get Prizes, Plaques

Prizes of checks, plaques and premiums were awarded to 4-H and FFA members who were winners of the 1957 grain sorghum contest in Parmer County Monday night at the Hub community building.

A meeting of the Parmer County Grain Sorghum Producers Association was the occasion at which county officers for the next year were elected.

The winners of the 4-H division are Johnny Mabry, first, 9027 pounds; Danny Murphy, second, 8793 pounds; Joe Bob Johnson, third, 8244 pounds; Mike Ellis, fourth, 7429 pounds; Cooper Young, fifth, 7376 pounds; Dickie Clayton, sixth, 7341 pounds; Steve Young, seventh, 7218 pounds; Gerald Foster, eighth, 6435 pounds; Carrol Redwine, ninth, 6091 pounds, and Harrol Redwine, tenth, 6091 pounds.

Other contestants, in the order they placed, were Loyd Bradshaw, Gary Foster, Odie Bradshaw, Floyd Reeve, Richard Chitwood, Gary Beauchamp, Randy Price, Jerry Cass, Johnny Miller, Tommy Tatum, Julian Berry, Jerald Gober, and Dale Gober.

FFA contestants and winners are Leon Wilson, first, 7899.4 pounds; Leon Massey, second, 7192 pounds; Roy Dodson, third, 6424 pounds and Dickie Steelman, fourth and fifth, 5500 and 5192 pounds.

Others in the order which their places followed are Gerald McGehee, Clyde Redwine, and Bomar Stay.

Mabry and Wilson were awarded plaques for first place and a \$50 check each. Other winners were presented ribbons and checks from the Grain Sorghum Producers in decreasing amounts for the various places.

The presentation of the ribbons climaxed a program during which the contestants described the operations which they carried out to produce their crop.

Wilson — "Shredded stalks from previous crop, disced, deep broke, knifed, and planted in double rows on 40-inch

centered beds. Applied 100 pounds of anhydrous ammonia per acre and sidedressed with phosphate in bands, located under the roots. Watered three times."

Mabry—"Cut stalks, listed and pre-watered with six inches, planted on 10-inch row spacing at a rate of 12 pounds per acre, drilled with grain drill on May 15 and watered four times."

Bill Nelson, marketing specialist of the Plains Grain Sorghum Producers Association, spoke on the research and development which the Association is sponsoring, and the need for additional activity in these fields.

He displayed several products that have been developed through research, including cooking oil, syrup, starch, dog food, and clothing care products.

"We need to promote grain sorghum and the use of the products and by-products of our crop. Other commodity groups are doing this, and we must support and aid research to get wider usage of our product."

"There is also need for agronomic research to develop specific varieties of grain sorghum. Companies have indicated that they would use grain sorghum for oil, for example, if the content of oil were about one and one-half percent greater."

"There is a possibility that different areas will one day devote their acreage to production of a specific milo crop for use for its oil content," the marketing specialist said.

Nelson, who joined GSPA last summer, was a staff member of Oklahoma A&M College as agricultural economist.

Explanation of the Association's legislative program was made by W. L. Edelman of Friona, who represented the group at commodity meetings held earlier this year.

The program that the commodity groups are favoring, and one which is in the form of a bill before the legislature, is a staggered price support for farmers who would choose

to defray part of their acres for conservation practices.

The price support for a farmer who plants 90 percent of his total allotment would be 60 percent of parity, for 80 percent planting—70 percent of parity, for 70 percent planting—80 percent of parity, and for 60 percent of planting—90 percent of parity.

Along with this program would be a plan through which a calculated amount of surplus crop would be issued for sale or feeding.

"This plan would decrease our surplus two ways," Edelman explained. "Surplus crops would dwindle away, and acres diverted would not be producing more surpluses. Prices, too, would increase to the level of supply and demand."

"This program would not cost the USDA a fraction of the money that is being applied to the present program," Edelman said.

During an election that followed Edelman's speech, W. L. Long was elected new president. Long is a farmer of the Hub community, and has served the past year as vice-president of the County group.

Long succeeds Arlin Hartzog, who presided at the meeting.

Others elected were two directors, Fern Barnett of the Black community, and Jack Smith of Lazbuddie.

The new directors replace Pete Braxton of Black and John Gammon of Lazbuddie.

The list of directors now includes Hartzog, John Renner, Truman Kent, Bob Wilson, and Long, besides Barnett and Smith.

Prune Trees Carefully

Prune trees for a purpose, says Miss Sadie Hatfield, extension homestead improvement specialist. Plan carefully and prune moderately. Severe pruning or "de-horning" can permanently deform and injure trees.

Prune trees to make the place more comfortable, convenient, safe and attractive. Often trees can be shaped to improve their appearance. Low hanging limbs can be pruned off so that the lawn will be open and look more spacious. The health of the tree can be improved by removing dead, diseased, or injured limbs.

Use good tools to do the job. A pruning saw and pruning shears are needed to remove diseased or injured limbs or to nip back high branches to make a tree form a dense shade.

Watch your pruning technique! Make clean cuts, flat or flush with the main limb or trunk. Stubs left by improper cutting may cause rotting of the heart wood. You may need to treat cuts on large limbs by painting with a pruning compound, such as orange shellac, to hasten healing. Most trees make oils to cover small cuts. Generally, horticulturists advise putting nothing at all on a cut 2 inches or less in diameter.

If pruning is done now, spring growth will soon hide the cuts.

Freshrunk Fabrics

When possible, buy fabrics for home sewing that have been thoroughly shrunk by the manufacturer. This saves time and insures continued fit and satisfaction. Cottons, linens and washable fabrics should carry a guarantee on the label of

shrinkage not to exceed one percent.

When there is any doubt in your mind as to the shrinking quality of fabric, preshrink the material at home before cutting, advise extension clothing specialists.

To preshrink washable cottons and linens, follow these directions: Fold the fabric very carefully into several thicknesses so there are no wrinkles anywhere in the yardage. Place the folded material in a large pan or basin of warm water and then into cold, being certain the water penetrates into every thread.

Press the water out of the folded fabric; do not wring. Then hang the material over a rod to dry. Do not hang on a clothesline with the fabric pinned along the selvage, since this might cause it to pull out of shape. Press when almost dry, being careful to keep lengthwise and crosswise threads straight.

Foolish men work all their lives in order to be able to rest without understanding that they can rest almost any time.

SOIL CONSERVATION DISTRICT NEWS

The Parmer County Soil Conservation supervisors held their regular business meeting Monday, February 24. Those present were A. L. Black, chairman; Carl Schlenker, vice-chairman; Bruce Parr and George Crain, members.

Black presented the highlights of the state convention of soil conservation districts which he and Parr attended. The convention was held last month in Corpus Christi.

Only one change was made in the election of officers. Parr was elected secretary of the board.

Plans have been made to send after the rest of the dirt moving equipment which has been obtained by the district. This will be done in the near future and the supervisors are also making plans for the handling of the equipment.

The time of the year is approaching when a good cover on the land is very important. Crop residue management is one of the most important soil and water conservation practices today. Organic litter on or

near the surface of the soil serves as a protective coat during extreme weather conditions.

It cuts down the rate of evaporation and keeps the soil open for free movement of air and water which is vital to the living organisms in the soil. This will in turn make increased yields for those who utilize their residues. The use of soil conservation practices, such as crop residue utilization management, means good farming.

THE FARMER FARMER

by W. H. Graham Jr.

Both the Farm Bureau and the Farmer's Union are driving hard for memberships in Parmer County this month. Both are reporting success in their efforts.

Monday night, Farm Bureau oversubscribed its goal of 650 members and is hoping for even more. Last month a local in Farwell was organized for Farmer's Union, and now they are talking about a chapter in Bovina, too. Lazbuddie and Friona had previously been the organized locals in the county.

The fact that both of these organizations compete in the same field for the same things is at times curious. It is even more curious to see that both appear to be picking up steam, so far as membership and interest in general is concerned.

Farm Bureau and Farmer's Union both have the same ultimate goal: improvement of agriculture. Often, however, they are poles apart in econ-

omic ideologies, which, in practice, boil down simply as means of attaining this common goal. Outsiders and even farmers themselves shake their heads in wonder at the diversity of thought that organized farmers sometimes come up with. These differences are more easily understood, however, when viewed under the light of comparison with other areas of human endeavor.

The Christian religion, for example, is broken up into the Roman Catholic faith, the Eastern Orthodox faith, and Protestantism. Within Protestant peoples themselves are found hundreds of denominations, including many of the major ones such as Baptists, Methodists, and so forth.

When dealing with the human element on such a large scale, it always develops that there are schools or sections or segments that find common feelings among themselves and break off from the parent body. The wonder is, then, that there are but three major farm organizations in the United States today, the third (not mentioned in this column already) being the National Grange.

It is more or less natural that when competing groups such as Farm Bureau and Farmer's Union are active in a common area, frictions will develop. There have been some ruffled feathers and hot words exchanged from time to time on the county scene, but on the whole, we believe that most observers will have to agree that things have been fairly well constrained, considering the differences involved.

While some may decry the fact that there are any differences at all, and say that now is the time for farmers to be united instead of divided, we would remind that such idealism is seldom attained in a democracy, where freedom of thought and expression are

supposed to be encouraged instead of conformity.

We also would like to point out that farmers are beginning to take stock of their affairs and the condition of the world around them, and try to make an alignment with existing circumstances instead of "fighting the tide" or doing nothing more than complaining.

Farmers of today are considerably better educated to the socio-economic problems that have brought about and are continuing our farm difficulties than they have been in years past.

Simply their interest in and affiliation with these farm organizations (no matter to what political faction they cling) fosters a broadened understanding of agricultural difficulties and opportunities, and points

the way toward an enlightened solution of many of the worries that plague the modern farmer.

Legislation now pending in congress could change this, especially because this is an election year, but the word has leaked out, "unofficially," that grain sorghum prices set by the USDA for 1958 are averaging three cents lower than corresponding prices for 1957.

Farmers now making plans for 1958 should keep this in mind. Prospects are uncertain that prices stand any chance of improvement. However, it appears fairly certain that they will be no less than three cents lower than 1957 supports, and possibly be raised, depending on the outcome of bills now under study in Washington.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Reports of workers on the membership drive at the directors meeting last Thursday night indicate that the total will be well over 600, perhaps 650, the goal set for the year. Jack Patterson, membership chairman and Gilbert Kaltwasser, president, join the other officers, directors and workers in requesting that, if you were not contacted during the drive, you bring or mail your dues in to the office in Friona.

You will soon be reading of 1958 activities of the Farm Bureau Weed Committee. We believe this will be the fourth year of its operation. New organized cooperations in this work are members of the Certified Seed Growers in Parmer County. Their participation will be appreciated and helpful.

Harry Hamilton, legislative chairman, has contacted senators and congressmen of Texas in an effort to get labor laws relaxed regarding Mexican Nationals available for the Plains area. It seems that there is a shortage of these workers that will become acute before the regular period of increased availability. This situation was discussed in the directors meeting last Thursday night, and President Kaltwasser told Hamilton it was within his authority to take any needed action on such matters without further board action.

We kind of wonder if this personal idea of the writer is not in accord with the people of this area: That it is a little disgusting that our political people are going right over from the sputnik matter in looking to the Russian regime for inspiration to the water development subject. Because we believe that it is better for us to look, as our fine forefathers, politicians and leaders did, to God, and His people of faith and leadership for our direction of development in morals and material improvement.

Consider this: He that tilleth his land shall have plenty of bread; but he that followeth after vain persons shall have poverty enough. Proverbs 28:19

CONTRACTORS' INQUIRIES INVITED

Bureau Breaks 650; Hears Rogers Talk

Workers' reports are not all complete, but Parmer County Farm Bureau is already over its 1958 quota for new members and renewals.

M. T. Glasscock of Farwell signed up 30 farmers for himself to lead the drive. J. D. White of Lazbuddie convinced 19 to sign, and Bureau Vice-President Jack Patterson brought in 17 new members or renewals.

Right now, the Rhea community is 90 percent Farm Bureau and they plan to be 100 percent by summer.

The membership drive, which officially ended last night, increased county Farm Bureau from 597 to 655. When results are complete, the Bureau should have 700 members, officials say.

CONG. ANDY ROGERS

Speaker for the evening Andy Rogers, state senator, has a history of friendly association with Farm Bureau both in a political and agricultural sense.

"Today not all people have common interests," said Rogers. "One of the best purposes of an organization of this kind can serve is to bring about understanding in other economic and social groups. We should bring our problems and our story before the rest of the U. S."

"Though we are growing stronger politically, our aim should not be to pull our way through by power, but to get others to understand our needs and our problems."

Rogers said that in this complex world, the only way in which men can be governed

correctly calls for an organization to democratically represent the wishes of the majority of every group.

"This is simple, sound government," said Senator Rogers.

Speaking of states' rights, he said that it was seldom the federal government stepped in to take over an area in which the local or state government was doing its job.

"However," he said, "the local governing body must keep on its toes, for there is constant change in the needs of the public. What were problems yesterday will be assets tomorrow."

Rogers said there was no better way to serve as an American citizen than to belong to an organization with the opportunity and means to bring desires of local citizens before their governing body.

On the water question, Rogers said that there still is a need to organize locally if citizens want local control of underground water.

In 1952, Rogers sponsored the first local underground water control bill, but now the state wishes to control the distribution of water in areas where there are no independent water control districts.

"The worst threat to F-M roads since 1951 will come up this fall," said Rogers. "The program to get the farmer out of the mud' faces another drain on its building and repair resources."

"REA has been hammered and harassed," said the state

senator, "By interests who want the business. 'Free enterprise' is a phrase oft used by these interests, while they themselves have guaranteed markets and guaranteed profits on their investment."

On the matter of school financing, Rogers frankly stated that he did not know the answer to the problem. He said that when a solution came up, he would give it prime consideration.

Farm Bureau will want a three-year average at 90 percent parity for cotton products. They would require the government surplus to sell for 110 percent, thus keeping the price level above parity and forcing cotton products manufacturers to keep a reserve of cotton in storage rather than in government warehouses.

By 1959, Farm Bureau wants the prices of grain sorghum and corn tied to one another, but with no allotment restrictions on either. The Secretary of Agriculture would define over-production on all commodities and those who want parity prices would voluntarily leave a certain portion (not over 15 percent) of their land fallow with no reimbursement.

If there are youngsters in your family who are interested in cooking hot breads, they will enjoy using the mix very much.

The next time you need a speedy oven dish, try this recipe for mashed potatoes with frankfurters.

8 frankfurters
2 cups hot or cold seasoned mashed potatoes
1/2 to 3/4 cup grated cheese paprika

Slit frankfurters lengthwise almost through, spread open, and place cut side up on a greased baking sheet. Heap mashed potatoes on the frankfurters, using 1/4 cup for each one. Sprinkle with grated cheese and paprika. Heat in a hot oven for about 15 minutes.

When your rose blossoms fall off, the little hard core that remains on the bush is known as a rose hip. Let these get ripe. They turn a persimmon orange when ripe. Gather enough for approximately four cups. Add water to cover and cook until mushy, adding more water if necessary.

Sieve and reserve juice. Make apple puree the same way, using 2 or 3 medium apples. Sieve apple mixture. Combine apple juice and rose hip juice in jelly bag. You should have about 2 1/2 cups of juice. Add 1/2 package of powdered pectin. Stir in and bring to full boil. Add all at once, 3 to 3 1/2 cups of sugar. Bring to full rolling boil for one minute. Remove from fire, skim, and pour into jelly jars. Seal with paraffin.

When do you do your mending? Most homemakers check for needed mending while ironing then do the mending later. One home economist recommends that all rips, tears, and snags be mended before the laundering is done.

Not only will this eliminate the possibility of having them become larger during the laundering process, but as the ironing is done the repaired spot will be made much less conspicuous by being pressed.

2 teaspoons cream of tartar
1/4 cup sugar
2 cups shortening which does not require refrigeration
Stir baking powder, salt, cream of tartar, and sugar into flour. Sift together three times into a large mixing bowl. Cut in shortening, with a pastry blender, until the mix is the consistency of cornmeal. Store in covered containers at room temperature. To measure the master mix, pile it lightly into cup and level off with a spatula.

To make biscuits from this master mix, add 2/3 to 1 cup milk to 3 cups master mix and mix all at once stirring 25 strokes. Knead 15 to 18 times on lightly floured board. Roll 1/2 inch thick. Cut. Bake on baking sheet in hot oven. Makes 18 two-inch biscuits.

For muffins add 2 tablespoons sugar to 3 cups master mix. Combine 1 cup milk and 1 beaten egg. Add to the sugar and mix. Stir until flour is just moistened—about 15 strokes. Bake in greased muffin tins in hot oven for about 20 minutes. Makes 12 medium sized muffins.

To make cornbread, stir 3/4 cup meal into 1 1/2 cups mix to which 1/2 teaspoon salt and 2 tablespoons sugar have been added. Combine 3/4 cup sweet milk and beaten egg and add to the dry mixture. Stir until well blended. Bake in greased pan in a hot oven about 30 minutes.

If there are youngsters in your family who are interested in cooking hot breads, they will enjoy using the mix very much.

Watch Fertilizers, Suggests Agent

Wet weather has been holding up farm work over the area, but every day suitable finds farmers hard at work making preparation for the coming year's crops.

Some wheat is being top dressed at this time, and believes Joe Jones, county agent, "It is high time farmers get their nitrogen top dressing on their wheat."

He suggests that farmers not top dress with phosphate as it will not dissolve and go into the ground. "Phosphate must be placed in the ground," he says. "Any nitrogen form of fertilizer is good, but the nitrate form of nitrogen will give you the quickest response due to the nitrogen being immediately available."

In regard to plans for this year's cotton crop, the agent warns, "Don't forget that too much nitrogen can delay maturity and get you in trouble. Where nitrogen is applied on land to be planted to cotton, phosphate should also be included in most every instance."

Jones says it is good to produce all possible from cotton acreage, but "heavy fertilizers and excessive water can sure get you in trouble." He points out, "Remember, you won't have control of the weather."

Phosphate should be applied in bands prior to or at seeding time on all row crops, either directly below the seed about three inches, or from two to three inches to the side and two to three inches below the seed depth.

"Phosphate applied on top of the land and listed in will not give the results that banded phosphate will," he says. "If phosphate is not needed it is a waste of money to apply it."

He suggests a soil test to show the plant nutrients needed. This test should be properly taken, properly run, and correctly interpreted, he adds.

Every generation, if wise, learns from those who follow as well as those who went ahead.

Four Area Men Attend FU Meeting

Elmer Hargrove and Guy Austin of Farwell and T. O. Lesly and Freeman Davis of Lazbuddie represented area Farmer's Union locals last week as they attended a bus trip to Washington sponsored by the national organization. They returned Sunday night.

While in the nation's capital they discussed farm legislation with congressmen from Texas, and visited other government offices. The four sat in on hearings on farm proposals before congressional committees.

At the time, Farmer's Union was pushing for wheat supports of \$2 a bushel this year instead of the \$1.78 already announced. Also while there, they saw President Eisenhower defend Agriculture Secretary Ezra Benson against congressional criticism.

Of interest to this area, Union members met with congressmen to urge action on the feed grain and livestock problem. They asked that the handling of it be within the framework of a comprehensive program to "obtain full parity income from all enterprises" for farmers, however.

The four trippers report their visit to Washington "impressed us of the value of strong organizations to keep congress and administrative officials advised of farmers' difficulties."

They add that "most of the people" in Washington "showed keen interest in viewpoints brought direct from the country by such means as the Farmer's Union trips."
