Grapeland Public School Commenced Last Monday

The Grapeland public school begun its 1921-22 term last Monday morning with a full corps of teachers and an enrollment of 282 pupils. The initial enrollment in the high school was 92, being 40 more than last year's initial enrollment.

The opening exercises were held in the auditorium with a program befitting the occasion. Rev. B. C. Anderson delivered the opening address, being followed by Hon. W. F. Murchison, Rev. Fred J. Newland, Rev. G. H. Farmer and M. E. Darsey. W. D. Granberry, President of the school board, and Mrs. H. A. Tyer, president of the Parent-Teachers Association, also made talks. All members of the faculty were then called upon, each responding in a short talk, pledging their best efforts to make this term of school a successful one.

Work was assigned the teachers as follows:

F. M. Boone, superintendent; science and mathematics.

Miss Olive Kenly of Groveton, principal; history.

Miss Mary Tenney of Lufkin; English.

Mrs. Jessie Eaves, Latin.

Miss Leona Thomas of Crockett; 6th grade.

Miss Edna Fetters of Palestine; 4th and 5th grades.

Mrs. Jack Murchison 2nd and 3rd grades.

W. R. Durnell Defends the Ku Klux Klan as American

Editor Messenger:

I wish through the columns of the Messenger to express my hearty appreciation of Rev. Newland's arraignment of the forces that are at the present time assailing the Ku Klux Klan as an unpatriotic, unAmerican institution.

We wish to express ourself as positively against mob violence and we find that they are against the same. They are no doubt charged with things committed by others. Their enemies will make capital of this.

No true American can object to the principles set forth by the Klan, viz: White supremacy, one hundred per cent Americanism, and anti-negro affiliation. Nothing brought forth the wrath of God upon the people of old like the mixing of blood. The same will destroy our nation and our humor. Such was then punishable by death. Now nothing is done about it but a few remarks. How many real Africans can you see in the town of Grapeland on Saturday? They are getting scarcer and the blame rests with low down, pusillanimous, unAmerican, white men who have no more honor than to crucify their own race and sink their own souls in hell.

The Klan stands four-square against the practice and has the backbone to say so.

When it comes to unAmerican institution, nothing that we know of will compare with the Roman Catholic hierarchy. They are Catholics first and Americans second. They stand against the reading of the Bible and have

Government Claim Clean Up Squad Visits Grapeland

Dr. Stevenson of Dallas and Dr. Wm. G. Doonan of Columbus, Ohio, were in Grapeland Sunday as special representatives of the U. S. Veteran's Bureau, working in the interest of ex-service men and making examinations for compensation and vocational training. They came to Grapeland at the special request of the Local Post of the American Legion and held examinations in the clubrooms of the Boy Scouts and Dr. Pelt's offices. The work began at eight A. M. and continued until two P. M. when the medical examinations were closed, due to the fact that Dr. Stevenson had to catch the Sunshine Special for Tyler. Dr. Doonan remained over later and handled all claims that could not be handled before noon. About fifty ex-service men were either examined or received valuable information on pushing their claims that had been filed previously. Quite a number of men came from Anderson and Trinity Counties as well as from Crockett, Lovelady, Weldon, Belokt, and other points in Houston County. The members of the "Clean Up Squad" were assisted by Drs. Hill and Kennedy, Clarence McCarty and George E. Darsey Jr., of the Local American Legion Post; Miss Rena Ross Richards; County Judge Nat Patton and Mrs. W. A. Norris of Crockett, Chairman of the Houston County Chapter A. R. C. Jas. O. Ritchey Post 215 American Legion is very grateful to the press of Anderson, Houston and Trinity Counties for their assistance in giving publicity to the event and to Grapeland Troop No. 1 Boy Scouts of America for the use of their clubrooms, and to Dr. J. J. Pelt, who very liberally turned his offices over for examination rooms.

tried repeatedly to destroy it. They oppose our public schools, the very foundation upon which true Americanism is based. They desire to supplant them with parochial schools instead, where they can teach their papish religion at the expense of the government. They are against separation of church and state. They would unite the two, make their institution the state church, run it with the government money and suppress protestantism.

I heard a lecturer say last winter, a man who was a Catholic until grown, raised and educated for the priesthood, that this government had been virtually controlled by them ever since Taft's first administration. We personally hold nothing against any man for his religious beliefs, whether they be Jew, gentile, protestant or Catholic. All people should worship God as they desire, but we do object to an unAmerican institution predjudicing the minds of people against institutions that stand four-square for real American principles.

Respectfully,
W. R. Durnell.

Home Town Paper Week

It is very rare that the average newspaper boosts its own business, but gives quantities of space in boosting the affairs of others.

Somebody suggested that it was time for the newspapers of the country to adopt a week in which their own business should be given precedent, and the Messenger thoroughly indorses the idea.

The date set is the second week in November, from the 7th to the 12th, including that great world event, Armistice Day.

The official title for the week will be "Subscribe for Your Home Town Paper Week."

Thousands of papers will join in this event, and our readers will hear more about it as time goes on.

Ever ready to help in any cause that is in the interests of a better community, better living conditions, and better government, we now ask the readers and advertisers of the Messenger to turn in and lend a hand during "Subscribe for Your Home Town Paper Week," and boost for us.

Boy Scout News

The future welfare of our nation depends upon how we train our boys and girls today. If we neglect to teach our children right from wrong and let them grow up in idleness and indulge in the little things that will eventually lead them to crime, what else can you expect of them when they get grown but to be criminals?

If you loose the apron string from a boy when he is four years you couldn't tie him with a lariat rope when he is 14.

When was the last time you had a heart to heart talk with your boy and asked him about the language he is using, the company he is keeping, and if he is living right or wrong? Have you warned him about the little things that could easily cause his downfall in the future, or are you leaving it all for him to dig out himself?

Is your boy a Boy Scout? If he is and is living up to the scout oath he has taken he is a trustworthy, loyal and obedient boy and in the future will be a reliable man to look after the welfare of our country and make it a "safe place to live."

The first day of October, 1921 our Boy Scout Troop will observe its first anniversary. All of the Scouts will be awarded a green stripe for one year's service.

Our scout troop consists of 35 boys: 5 tenderfeet, 27 second class and 3 firstclass Scouts, who are C. W. Kennedy Jr. Robert Marshall and Malcomb Kennedy.

All of our scouts report a good time this summer, and all of us have enjoyed camping out at our club house and have past the summer without the least accident.

Our entire troop entered

school this week and have settled down for a term of hard study with a determination to make good grades and be promoted next year.

We extend to the high school our best wishes and hope this term will be a pleasant and profitable one.

All of the parents who want their boys to be scouts for another year are requested to register them with our troop by October 1, 1921. The registration fees are 50 c a year and 25c for reserve fund.

Remember the Boy Scout organization keeps good boys good and makes bad boys better.

J. M. Gilbert,
Scout Master.

CHEERFUL HOUSE FROCKS

House dresses are as important certainly as any others, and they have cheerful charms of their own—more lasting ones than their costlier rivals. They are usually bought ready-made, come in pleasing colors, are cut on graceful lines and are inexpensive. More than all, they return from their tubbings fresh and crisp. Here is one made of gingham and trimmed with chambray and braid. It is one of many pretty and practical models.

ROCK HILL NEWS

Rock Hill, Sept. 19.—Everybody is taking advantage of this pretty weather to pick cotton. It is opening very fast now because it is bear of leaves, the army worms havig destroyed all of them.

We had a larger crowd at prayer meeting Sunday night and we all enjoyed the services. Some of the older people came out to help and we surely do entreat them to come every time. Among the visitors present were Otis Herod, Miss Effie Estell and Quincy Chandler.

Mr. and Mrs. Earl Musinger are the proud parents of a baby girl.

Lee Martin of Antrim and Miss Eva Mae Nichols were married Sunday, rather unexpectedly to the entire community. Miss Eva Mae is one of the most popular girls in this community. She made herself so by being exceedingly industrious, both in her daily work and in the community activities. She has lived in this community a long time and has been a great help. We hate to have her leave, but we congratulate both her and Lee.

Willie Willis has two children that have been very sick the past week. We understand they are imprving now.

H. M. Streetman has a very sick child at this writing.

Melvin Denson has been having severe trouble with his teeth te past week, but he seems to be able to chew again.

We understand that school will start here unusually early this term because of the early and rapid cotton picking. We do not know the exact date, however.

We wish to encourage the discussion of the K. K. K. through the papers. Let's hear from both sides.

LIVELYVILLE NEWS

Duck!! Here Comes the Forty-Eight

To The Wayward

We can see our mistakes after it is too late to correct the injury they have done. It is a wise man who avoids them, and blessed is he. During the fat times few of us escaped the awful debauch of extravagance. Here is an example which actually occurred, and there are thousands like it. A young man accumulated from the sale of his cotton sufficient money to purchase a farm. His friends begged him to take advantage of his good luck and invest his cash in a home. He took the money contrary to this advice, went to Dallas, bought a fine automobile, and for a while kept the road between that place and Shreveport hot, at forty miles an hour. Finally he wrecked it, and by that time he had spent what he had over the price of the car. So the wreck left him carless and penniless. He is now out of employment, and as poor as a church mouse. The history of the extravagance

that ran riot here for a few years would contain thousands of cases as foolish as the one above related. It was useless and high-priced clothes, useless and high-priced everything that was offered for sale. Men actually hauled logs arrayed in \$12 silk shirts, \$15 hats, \$20 shoes and other articles proportionately high. It was constant buying of useless things that caused many persons to fall into total and irretrievable bankruptcy. It is now too late to help the unfortunate spendthrifts, but their examples should be an abiding warning to all young people to steer clear of the extravagance, regardless of the times, and the plentifulness of money because it is foolish to spend lavishly and those who do it will sooner or later come to want, and often disgrace. "As you sow so shall you reap." If there is anything truer than that, it is not in books.—Col. R. T. Milner in Rusk County News.

Refuses To Salute Flag

A Catholic Priest in Houston recently refused to salute the American flag carried in a funeral procession of a deceased soldier, because the flag had been presented to the War Mothers by the Ku Klu Klan. The reverend gentleman appears to have made a very serious mistake, and the patriotic people of Houston will probably not let him forget it.

"Any American flag is worthy of a salute anywhere and at any time," writes one good lady in referring to the incident, and we think that her view is the correct one.—Jacksonville Daily Progress.

Why We Yell "Hard Times"

So live that when reverses come you have in brine a decent sum. There is no more absurd mistake than that of blowing all we make. 'Twas but a little while ago that every gent had lots of dough; the worker drew a princely hire, and I wore out a costly lyre beseeching him to save the mon while it was coming by the ton. Some wise boys listened to my rede and salted down their chicken feed; but nine gay fellows out of ten just threw away the iron men; and when the boom went up in smoke the morning found them broke. To blow the useful money in is our great besetting sin; and so the wolves of famine yell where peace and comfort ought to dwell.—Walt Mason.

The time to be cheerful and happy is now. This is the future to which you have been looking forward.

State Will Fight Order to Abandon Eastern Texas Ry.

Austin, Sept., 16.—There will come up for trial before the United States court at Texarkana on September 21, the case of the State of Texas against the United States which involves the constitutionality of the federal transportation act.

The case will be heard by three judges, one of whom shall be a circuit judge and is for a temporary injunction to restrain the interstate commerce commission from carrying out an order directing the abandonment of the Eastern Texas Railway which runs from Lufkin to Kennard, a distance of 30 miles.

The State of Texas will also ask for an order setting aside an order by the interstate commissioner granting permission to the Eastern Texas Railway to tear up its tracks and abandon the road.

The state will be represented by Assistant Attorney General Tom L. Beachamp and Wallace Hawkins. In another case involving the same question, the supreme court of the United States has granted a stay of judgement which prevents the carrying out of the order of the interstate commerce commission until the litigation has been finally adjudicated.

Doctors Disapprove High Heels

French high heeled shoes were severely condemned by the convention of chiropractic doctors held recently in Pittsburgh. "If woman would wear low-heeled shoes their backbones would not be thrown out of alignment" said one delegate. "Shoes with high heels tend to draw the anterior curves of the spinal column forward and cause serious injury to various organs." The so-called "slouch walk" which some girls affect was called unwomanly.

The Democracy of Death

In the democracy of the dead, all men at last are equal. There is neither rank nor station, nor prerogative, in the republic of the grave. At this fatal threshold the philosopher ceases to be wise, and the song of the poet is silent. Dives relinquishes his millions, and Lazarus his rags. The poor man is as rich as the richest, and the rich man is as poor as the pauper. The creditor loses his usury, and the debtor is acquitted of his obligation. There the proud man surrenders his dignities, the politician his honors, the worldling his pleasures, the invalid needs no physician and the laborer rests from unrequited toil.

Here at last is nature's final decree in equity. The wrongs of time are redressed; injustice is expiated; the irony of fate is refuted; the unequal distribution of wealth, honor, capacity, pleasure and opportunity, which make life so cruel and inexplicable, ceases in the realm of death. The strongest there issttshraoo The strongest there has no supremacy, and the weakest needs no defense. The mightiest captain succumbs to that invincible adversary, who disarms alike the victor and the vanquished.—John J. Ingalls.

THREE GREAT EVENTS

The principal events in a man's or woman's life are but three—and in some cases only two. The first is birth, the second is marriage and the third is death. These are the great adventures of life.

These events are all chronicled in the home town paper—in the birth notices, the marriage notices and the death notices.

In between these notices, are the thousand little items of everyday life of the people you know—your own people and friends.

Not the happenings of persons so-called "famous," but our own people—the news items of the home town paper.

No place else can these news items be obtained and every town and city dweller should have the home town paper.

"Subscribe for Your Home Town Paper Week," gives you the opportunity to do this, or if already a subscriber, to renew your subscription.

This is a national event and will be observed by all papers November, 7 to 12.

The world needs more workers and less efficiency experts.

An Illinois official asked for a reduction in his salary. He must be located.

National prohibition has brought sun shine to some and moon shine to others.

Beer drinking in Germany is said to have fallen of something like 750,000,000 gallons last year. It seems to have diminished in this country about that much also.

In redistricting the state, the legislature left out Swisher county. Oh, well, people of Swisher county will probably get along just as well without representation at Austin.

We would feel more like contributing to feed the starving children in Russia if there was some way to keep the lazy, lousy, bewhiskered bolsheviks from gobbling it, which there ought to be. They ought to work for what they get.

It is hard to distinguish the difference between democratic and republican "hard times."

The agony and suspense is now over. Babe Ruth knocked his 55th home run, breaking his high record of 44 home runs last season.

The pastures are fine and there is enough mast to get the wrinkles out of our hogs, but listen Mr. Neighbor, please do not turn your hogs out until the middle of October. We do not want to kill them, but it is a lot easier to kill than to run after them and put them up.

Mr. and Mrs. J. L. Chiles entertained some of their friends at dinner Thursday in honor of Mr. Chiles' and Doug. Beazley's birthdays, their birthdays falling on the same day of the month. Mr. Chiles and Mr. Beazley both received a good many nice presents, and Mr. Chiles received a beautiful bouquet of flowers sent by Miss Etta Pridgen. He said he appreciated them very much because he did not have to die to get them. His prayer is that he may live in some degree worthy of the honor and respect.

Mr. and Mrs. West went to Crockett Saturday to put their little boy in school there.

Europe a Possible Market For Our Sweet Potatoes

That Europe may ultimately offer a practicable market for sweet potatoes was shown by the successful transportation to Liverpool of an experimental shipment made last March.

This shipment consisting of 600 lbs. of Porto Rico yams grown in Southern Georgia, was made under the direction of the United States Bureau of Markets and Crop Estimates. The sweet potatoes were packed in 60-lb. crates and shipped under ventilation. They were inspected at destination by the bureau's London representative and found to be in good condition. The receiver gave the shipment particular attention, and sales were

made in spite of the fact that the sweet potato is practically unknown in European countries. Recipes for the preparation of sweet potatoes were sent with the shipment and distributed to each person buying a supply.

The Bureau of Markets and Crop Estimates has planned further experimental studies of the transatlantic shipment of this commodity.—The Market Reporter.

At Barlett, Texas, the farmers are turning corn into bacon—that is a good idea. Bacon does not make a man want to perforate his neighbor with buck shot. Bacon sticks to the ribs, and makes the world grow brighter.—Tyler Tribune.

When we realize that we are all brothers together, that is, that if one suffers, all suffer, then we can eliminate these periods of depression. We have a period of depression if nature is allowed to take its course, if the sick man is allowed to take care of himself and lie there until he gets well or dies. But if we recognize the cause of these troubles; if we endeavor to fireproof our industries and business as we do our buildings; if we help the man in financial distress, as we help the man in physical distress, then we can to a large extent eliminate these periods of depression.—Rodger W. Babson.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c. F. J. CHENEY & CO., Toledo, O.

THE MESSENGER'S AMERICANIZATION SERIES

The Oldest Free Assemblies

The House of Representatives and the British House of Commons are the greatest and oldest of the free assemblies now governing great nations in the world. The history of the two is very different. The beginnings of the British House of Commons go back to a dim historic past and its full rights and status have only been conquered and permanently secured after centuries of political struggle.

Your fate has been a happier one. You were called into existence at a much later stage of social development. You came into being complete and perfected, and all your powers determined and your place in the constitution secured beyond chance of revolution; but, though the history of these two assemblies is different each of them represents the great democratic principles to which we look forward as the security for the future peace of the world.

All of the free assemblies now

to be found governing the great nations of the earth have been modeled either upon your practice or upon ours or upon both combined.

We all, I think, feel instinctively that this is one of the great moments in the history of the world, and that what is happening on both sides of the Atlantic represents the drawing together of great and free peoples for mutual protection against the aggression of military despotism.

I am not one of those who are such bad democrats as to say that democracies make no mistakes. All free assemblies have made blunders; sometimes they have committed crimes. And yet, may we not look forward with confidence to the spirit of free institutions as one of the greatest guarantees of the future peace of the world?—Arthur James Balfour. From a speech in the United States House of Representatives, 1917.

(Editor's Note—The articles appearing in the above space from week to week are taken from "Americanization" by Elwood Griscom, Jr. This excellent volume, which is a collection of articles upon the general theme of patriotism and good citizenship, is presented to the schools of Texas by the Bodies of Scottish Rite Masonry in Texas.)

Texas Confederate Urges Full Re-Union Attendance

McKinney, Tex., Sept. 17.—E. W. Kirkpatrick, commander of the Texas Division of the United Confederate Veterans, has issued an appeal for attendance at the national reunion to be held in Chattanooga, Tenn., Oct. 25-26.

His appeal follows:

"Application to the railroads for the usual 1c rate has been made and will be announced through the public press so soon as obtained.

"It is the special desire of the commanding general that each Confederate camp in Texas appoint delegates who can attend and each camp is requested to send dues to A. B. Booth, adjutant general, New Orleans, La.

"All confederates veterans' wives, sons and daughters who are able to attend this reunion can, with efficiency, serve the best interests of our country by their presence at this reunion.

"Southern people exhibited the highest type of soldiers in time of war and of citizens in time of peace.

"The women of the South, through the Daughters of the Confederacy and their extensive club work generally, are destined to establish a higher order of civilization than has ever gone before.

"It is opportune, expedient and desirable that we oftentimes meet in amiable salutations and tokens of love of a common cause and of each other. In this way we may show our love and appreciation of the work of our glorious women.

"The great city of Chattanooga is centrally located and is famous for railway facilities, for its natural scenery, for its famous Lookout Mountains overlooking the city nestling by the great Tennessee River, and for

its proximity to several great battlefields of the war between the states.

"A crowning inducement is the gracious generosity of its noble people.

"At each recurring meeting many friends meet and part to meet no more face to face in this life."

County and State Rate \$1.47

The Times made an error in publishing the total state and county tax rate for this year in its last week's issue. The total rate is \$1.47, instead of \$1.07, as published last week. The total state rate is 62 cents, divided as follows: State ad valorem 22 cents, school 35 cents, and pension 5 cents, making a total of 62 cents, the same as last year. The total county rate is 85 cents, the same as published last week, with the exception that where we stated "road and bridge scrip 10 cents and commissioner precinct No. 4, 5 cents" it should have read road and bridge 15 cents. This error was due to the way the tax levy was entered on the commissioners minutes, which was rather misleading. — Houston County Times.

The lady barber of Dallas has obtained a divorce from her barber husband. There were no little shavers, and we suppose shop talk got on her nerves.—Houston Post.

SOME SMILES

"When you refused him my hand, papa, did he go down on his knees?"

"Well, I didn't notice just where he lit."

"Why do you sit there tooting the automobile horn?" asked a passing friend.

"My husband told me to, so that I wouldn't hear his remarks while he is fixing the machine." — Boston Transcript.

"Remember Job—he was the most patient man who ever lived."

"Yes, but don't forget one thing."

"What is that?"

"He never had to ride 10 miles on a flat tire with a quarrelsome wife." — Florida Times-Union.

Professor Garner reports that the female ape says "Moo-hoo," and the male ape replies "Wah-hoo." Evolution doesn't seem to have carried us very far. At a dance last night we heard a chap address a girl, "Whose is oo?" And the girl replied, "I's oo's"—Wayside Tales.

"Did the traffic cop arrest you?"

"Twice," replied Mr. Chuggins. "When I couldn't stop he arrested me for speeding, and when I finally stopped and couldn't start he arrested me for blocking traffic." — Washington Star.

"How are your incubators getting along?" asked a friend of his neighbor, who had recently bought some.

"Why, all right, I suppose; but, although I have had them for two weeks now, not one of the four has laid an egg yet." — Ladies' Home Journal.

Would Force Peace

Senator Lenroot says we could compel European nations; especially Great Britain, to agree to disarmament if they prove unwilling to do so voluntarily. This the Senator thinks could be done by demanding payment of the huge sums those countries owe to the United States. He asks why we should allow other nations to use our money to build armaments.

REVEALING NEW IDEAS

Many new ideas appear in this formal tailored frock for the coming fall and winter in which the vogue for embroidery and that for fringes have been so artfully and beautifully united. It takes the place of a formal tailored suit and is perhaps even more adaptable to many occasions than its forerunner. The picture tells its story; but note the shape of the neck and sleeves, the narrow lace vestee and strap belt, the ingenious placing of embroidery—they are all important.

Copies of New Laws Will Soon Be Available

Austin, Texas, Sept. 16.—Printed copies of the new laws passed at the first and second called sessions of the Thirty Seventh Legislature will be ready for distribution in the secretary of state's department within the next two or three weeks, it was stated. There are 61 general and 65 special laws passed at the two sessions.

Virtually all of these laws were enacted at the first called session, the second session being almost entirely given to the consideration of the appropriation bills.

YEAST FILLS OUT HOLLOWS IN SUNKEN CHEEKS

Science finds that people become thin, weak and sickly because their food lacks one vitally necessary element called vitamins.

Yeast contains billions of vitamins and is great for building good solid flesh and muscle. People formally ate yeast cakes but the best and the easiest way to take vitamins into the system is to take Ironized Yeast which contains highly concentrated brewer's yeast (very effective) in tablet form. It also contains iron, the great blood builder, making the work of the vitamins doubly effective. Many say that with Ironized Yeast it is easy to gain as much as a pound a day. Quickly rids the skin of pimples, blackheads, etc.

The fact that such a reliable drug store as Smith & Ryan's highly recommends Ironized Yeast indicates that it is well worth trying. Special directions for children in each package.
