VOLUME 26 NO. 32

GRAPELAND, TEXAS, SEPT. 28, 1922

PRICE \$1.50 PER YEAR

## Leediker-Thompson Contest; Leediker Declared Nominee

This is to certify that the above named contest was heard by the Democratic Executive Committee of Houston County on the 18th and 19th days of September, A. D. 1922, and as a result thereof it was shown that there was at "tie" between the Contestant, Leediker, and the Contestee, Thompson, and the Committee being required to make the nomination "by lot," which was done, and the Contestant, Karl Leediker, was declared the nominee for the office of County Commissioner of Precinct No. Three of Houston County of the democratic party of said county.

In testimony whereof, witness our hands at Crockett, Texas, this the 20th day of September, A. D. 1922.

J. W. Madden,  
County Chairman,  
G. Q. King,  
Secretary.

## Notice Telephone Subscribers

We will begin connecting over to our new exchange Thursday, September 26, and hope to complete the work of transferring by Monday. We would be glad to have all rural lines that have not made arrangements for service to do so by Saturday.

J. S. Cook.

The people that sold their eggs to Darsey & Co. last Saturday did not only get 30 cents a dozen, but each one received absolutely free a package of Reefers More Egg Tonic. This free offer will continue through this week. Take your eggs to Darsey's and get a package free this week.

J. G. Gregory of Palestine, assistant manager of the I. & G. N. was in Grapeland Monday looking over the railroad property.

## Imperial Potentate

James McCandless, Imperial Potentate of the Ancient Arabic Order, Nobles of the Mystic Shrine, was greeted by fifty thousand nobles from all parts of the U. S. when he appeared at the annual conclave at Atlantic City.

## Masonic Notice

There will be a regular meeting of Grapeland Lodge No. 473, A. F. & A. M. next Saturday night, September 30th. A full attendance is urged. Visiting brethren welcome.

M. E. Darsey W. M.  
Harry Richards, Sec'y.

Darsey & Co. will sure save you money on stoves and furniture.

## Lapwa Fair at Augusta Promises to be Success

As the time draws near for the big Lapwa Fair that is to be held at Augusta on the 19th and 20th of October and as the various committees get their arrangements near completion there can remain no doubt in the mind of any one that the Lapwa will be one of the biggest fairs held in the county this year. The people of Group A Vocational Agriculture Schools are all working together on this fair with a fine spirit of optimism and co-operation. In this way they can have the best fair in Houston county and they are leading the way.

Superintendents of the various divisions follow: Farm Crops, Frank Newman; Augusta; Live Stock, Bert Lively, Waneta; Poultry, Elmer Sullivan, Percilla; Ladies Department (both sewing and cooking,) Mrs. McLean, Augusta; Trap Shooting, Jim McLean, Augusta; Dog Show, H. Scarborough, Augusta, and Ed Bullar, Percilla; Entertainment, Claude Cliburn, Waneta; Baby Show, Mrs. Lucile Newman, Augusta; Prizes, Harry Long, Grapeland. Any one desiring information about any entry in any of the above divisions should address the superintendent of that division.

Those desiring to enter the shooting contest, or a horse in any of the races, 200 yards and 300 yards; or a baby in the baby show please note the following remarks. Not later than 17 of October you should have notified the person in charge of that division, either in person or by letter. If you want to enter the races send, or bring with you on the day of the races, one dollar and a half for each horse and each race that you expect to run. If you want to enter the shooting contest it will cost you one dollar each event. If you have a baby it will cost you one dollar for each baby. This money will be used to make up the prizes for the various contests. All the money paid in will go out as prizes.

Mr. A. L. Ward of the A. & M. College will be with us to judge the live stock. Mr. Ward is one of the best in the state and it will be truly worth while to have him to judge our stock. If you have any good stuff bring it and have Mr. Ward look it over.

The ladies are making a great effort to make their department of the fair the best. The list of things that they will give prizes for will be found in this issue of the Messenger.

Mr. J. B. Young announces that he will give a five dollar prize for the best spring mule colt sired by his jack, and will give two and one half dollars for the second best colt by the same sire.

W. P. Bishop announces that he will give a five dollar gold piece for the best baby under six months of age, a set of silver spoons in the ladies department and a sack of stock feed in the live stock division.

Harry Long and A. C. Casey announce that they will each give a Poland China pig in the boys contests.

## Six Hours In The Kitchen

Your wife will spend probably six hours a day or half of her time in the Kitchen. Then why not get her a Bucks stove or range and help to lighten her work as much as possible. Ask the woman that uses a Bucks stove or range. Geo. E. Darsey & Co.

## FIRST BROWN CHAMP

Pancho Villa is our first brown-skinned ring champion, the little Filipino flyweight winning the title by knocking out Champ Johnnie Buff at Brooklyn. Villa is not content with the 105 pound title. He now wants to fight Champ Joe Lynch for the bantam-weight crown at 118 pounds.

Elmo Murdok and family of Rusk spent last week end here visiting relatives. Elmo and Milburn Ellis are in the market and grocery business at Rusk and stated they are doing a nice business.

Miss Zeld Herod, graduate of Grapeland High last year, left Monday for Huntsville to attend the Sam Houston Normal College.

WANTED—1000 boys, ages 16 to 100 years old, to wear tailor-made suits. Clewis.

Renew your subscription.

## Telephone Systems May Consolidate This Week

Mr. John S. Cook of Crockett, who some time ago purchased the Farmers Union Telephone system in this city, plans to consolidate the two system this week, giving Grapeland only one telephone system.

Since purchasing the Union system, Mr. Cook has practically rebuilt his lines, put in a new, up-to-date switchboard and made other improvements. Cable lines have been built through the business district and out into some of the residence districts. This will practically eliminate the nuisance of crossed lines.

Mr. Cook promises his patrons better service than ever before and the system he has installed is one of the best to be found anywhere.

## Our Honor Roll

Our subscribers are coming forward right along renewing their subscriptions. Cotton is moving fast at a fair price and everybody seems to be in good humor. The following have our thanks:

THURSDAY, SEPT. 28, 1922.

Cotton receipts have passed the four thousand mark and the fleecy staple continues to roll in. Some body will pay their "old debts" this fall.

A writer in fashions says there is no good reason why girls should continue to wear short skirts. Lots of the girls, however, seem to feel that they have two very good reasons.

That there is not a great deal in a name is shown by the fact that the aviator who flew from the Atlantic to the Pacific in twenty four hours was Lieut. Doolittle.

We are as much interested in the success of the Lapwa fair at Augusta as we are our own. Liberty Hill, Augusta, Percilla and Waneta belong to Grapeland—we are all one and the same.

For the longest flight in a motorless airplane a Berlin newspaper has offered a prize of 100,000 marks. That would be just about enough to enable the winner to buy a postal card to write home announcing the victory.

"Kill the 1923 boll weevils in 1922" is the subject of an article this week by County Agent Morrison. It is timely and we believe if all the farmers would co-operate and carry out the plan the ravages of the weevil could be reduced to almost nothing. Read the article.

What is your opinion about the proposition confronting Houston county with reference to roads? It is a problem that we must face and it is time to give it serious thought. Within a short time Houston county will be isolated—the counties all around us are building hard-surfaced, permanent roads, and are being ably assisted by the state and federal government.

"I am a white democrat and pledge myself to support the nominees of this primary," so read the pledge on the ballots in the July and August primaries. It is a solemn, binding pledge. The average voter is honest, and so will regard his pledge. Those who violate the pledge should be tagged so they will be known two years hence and forever barred from participating in democratic primaries.

The Messenger will have a booth and job printing exhibit at both the Lapwa and Grapeland fairs and you are extended

a cordial invitation to visit us. You will find the latch string hanging out and ready to be pulled during fair time and you will be met with a cordial welcome. If we don't know you personally this will be a mighty good opportunity to get acquainted. If you are an old acquaintance you'll have the advantage of not feeling like company. Look up our exhibit.

**Kill the 1923 Boll Weevil in 1922**

Mr. Reppert, Entomologist of the Extension Service of the A. & M. College, advises that the conditions this fall are ideal for the destruction of the boll weevil that will otherwise go into winter quarters, and from which great numbers will develop next Spring to attack the 1923 cotton crop. All the cotton has put on a second growth, thereby affording plenty food and breeding places for large number of boll weevils until frost.

If their food and breeding place is removed well before frost this fall, most of this year's crop of weevils will starve before they go into winter quarters. The cotton in many sections has already been picked and in most other sections picking will soon be completed. It is advised then that the cotton growth be destroyed by October 1st, if possible, by plowing out with a plow set shallow, or by some other equally effective means.

Do not burn the crop refuse. It is enough to kill the plant completely. Clipping or running a stalk cutter over the rows will not accomplish the purpose, as new growth will immediately spring from the roots that will make ideal late food for weevils and thus keep them alive till they get into winter quarters.

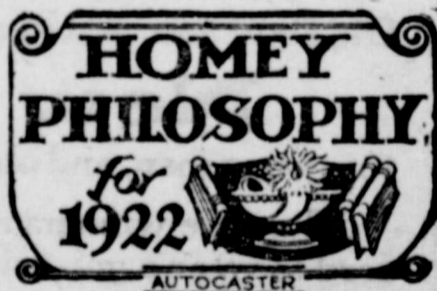

Kill the plant early and keep it killed. The best results will follow where cooperation is practiced and where "everybody is doing it" so **KILL THE 1923 BOLL WEEVIL IN 1922.**

 County Agent.

**A Musical Treat**

Mr. J. H. Kolb and nine of his singers from the Oak Grove and Union communities sang at the Methodist church Sunday night after preaching service much to the delight of a large audience. The class gave evidence of having been well trained and all of them are good singers. They will be welcome to come again.

AND it is written that the miners shall go back to work and that the miners shall strike again, and that the miners shall go to work again, and that they shall continue these backward and forward movements until they shall come to see the folly of it all and understand that that which has a beginning must have an end, and that the sooner man shall avoid the beginning, when the beginning spells disaster and trouble, the better for mankind, the miners included.

And it is written that the capitalists shall pursue pretty much the same course of blind approach to the industrial problem; that they shall not seek a solution, but depend on temporary expedients until they recognize the great fundamental, that God will not allow the crushing of humanity, but has destined that man shall improve, himself included.

**FAIR NOTES**  
 VALUE OF FAIR TO OUR PEOPLE

Agriculture an Industrial Show for Both Town and Country Folk

The fair is an educational clearing house. It is an agricultural and industrial institute for residents of both town and country. It is a short course in better farming and better living. It is a physical demonstration of why the man who farms with his head instead of with his hands must inevitably succeed.

It is a comprehensive exhibition of what the ambitious boy or girl may achieve in agriculture, live-stock raising, dairying, horticulture, home gardening, domestic science or household economy.

The chief educational value of our fair lies in the fact that it is demonstrative in character. The eye is a more convincing instructor than the ear. We are slow to accept and believe in any new method until we have had optical proof of its superiority over the old.

Often it is difficult to secure the attention of the busy man or woman long enough to give such a demonstration. Not infrequently it happens that farmers who would be most benefited by better methods of farming are not sufficiently interested to be present at any special meeting called for the purpose of discussing the subject.

But the fair appeals to that trait of mankind which demands entertainment and amusement and becomes a common forum for the discussion of all matters having to do with agriculture, industry, the home and the school.

In this clearing house of education the farmers learn what the manufacturer, the merchant and the banker are and have been doing to make his labor less arduous and his farm more profitable and the town resident learns what rapid progress is being made in agriculture. A bond of common interest is created which means much to both town and country.

All are furnished a vivid picture of the agricultural resources of the community. We learn about the fertility of the soil in the vicinity; of what is being done to increase the farm yield; to improve the quality of the stock, and to multiply the total dairy product.

Every man and woman, whether town or country resident is brought into closer touch with the home life of others. All imbibe that broader education which means co-operation—that ideal education which is service to self and all humanity.

Lapwa fair at Augusta October 19-20, and Grapeland fair one week later, October 27-28.

All committees are now down to work and the fair will be put over in true Grapeland style. October 27-28.

Have you any old curios around your home, such as spinning wheel, old army musket, sword, or anything of that kind? Is so, lend it to the fair committee in charge of the old curiosity shop. This will be one of the interesting exhibits.

One hundred and thirty-six thousand four hundred and forty one boys and girls in the U. S. were enrolled in agricultural extension clubs in 1921 for training in various phases of live-stock work. These junior farmers owned, last year, 76,148 head of farm animals and 554,286 fowls, representing a total value of \$3,605, 176.

**ANTRIM ITEMS**

Antrim, Sept. 25.—This is quite a busy time of year, as everything is to do at once: Corn gathering, cotton picking, peanut harvesting and other things to do before school starts.

We don't know exactly when school starts, but we know it isn't long off.

Mrs. J. F. Martin and children spent Saturday night and Sunday with R. E. Martin and family and Mrs. S. J. Martin.

Mr. and Mrs. A. B. Keen and children spent Saturday and Sunday with Mr. and Mrs. Charlie Morris and child.

Mrs. G. T. Harrington was real sick Sunday and they rushed her to Palestine to a doctor but they returned with her last night and at the last report she was very much better and we hope she will continue to improve.

J. F. Martin and daughter, Katie, spent Sunday with Mr. and Mrs. Arch McQueen.

Misses Bertha and Agnes Anderson and brothers, Monroe, Brooker and Edward, visited their sister, Mrs. Arch McQueen, Saturday night and Sunday.

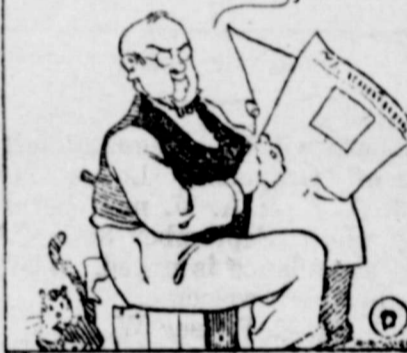

Mrs. Allie Little is spending this week with her mother, Mrs. A. N. Edens.

Allie Little left Monday for the oil fields at Daisetta where he intends to get him a job.

Mr. and Mrs. Dick Wynne and children left last Monday for their home in El Paso. They went in the car and of course it

**Enemies of America**

Success always produces enemies. We are not discussing the external enemies of America, because her danger is not from without; it is from within. Her menace is being generated in her own bosom.

Let us discuss some of them. First—The bad citizenship of good citizens.

The banker, lawyer, doctor, merchant, minister, teacher, or other professional and business men who spend their entire time looking after their own interests to the neglect of the public's interest, welfare, and success are bad citizens, undesirable citizens.

When men become so selfish, self-centered, and interested in their own affairs that they will not give some of their time, energy, interest and talents for the general public's good, they are an enemy to the country. Selfishness creates the bad citizenship of good citizens.

Second—Disregard for law. There is a growing disregard for law. Men are trying to circum-

vent law; they are devising every scheme possible to escape the operations of law; they are spending every energy they possess to defeat the judgements of law. This tendency is putting our government in jeopardy.

Third—Ignorance. Ignorance is a deadly enemy to society. The amount of ignorance in this country is alarming. We discovered it when we drafted the boys for the late war. A large percentage could not pass the examinations.

The time has come for us to demand that the common school education of this land shall become universal and compulsory. Every child should be forced to graduate from the public schools. The Smith-Towner Bill now before Congress ought to be passed, and the Federal government ought to be made to aid the public school system of this country.

The little red school house should dot every hill and fill every valley in America; and every child in America, regardless of race, color, or condition should be forced to remain in the public schools until graduated from the ninth grade.

Grapeland is fortunate in escaping the dengue fever. So far as we have been able to learn, we have had only two cases. It has been raging in many sections of the state.

**THE MESSENGER'S AMERICANIZATION SERIES**

**GOOD CITIZENSHIP**

Assuming that good citizenship necessarily implies service of some sort to the state, the country, or the public, it must be understood, of course, that such service may vary widely in amount or in degree. The man and woman who have a family of children, educate them, bring them up honorably and well, teaching them to love their country, are good citizens, and deserving well of the republic. The man, who, in order to care for his family and give his children a fair start in life, labors honestly and diligently at his trade, profession, or business, and who casts his vote conscientiously at all elections, adds to the strength as well as to the material prosperity of the country, and thus fulfills some of the primary and most important duties of good citizenship.

No man can hope to be a useful citizen in the broadest sense, in the United States, unless he takes a continuous and intelligent interest in politics and a full share, not only in the elections, but also in the primary operations which determine the choice of candidates. For this everyone has time enough, and, if he says that he has not, it is because he is indifferent when he ought to be intensely and constantly interested. If he follows public affairs from day to day, and thus informed, acts with his friends and those who think as he does at the caucus and the polls, he will make his influence fully felt and will meet completely the test of good citizenship.

It is not essential to take office. But it would be well if every man could have, for a short period, some experience in the actual work of government in his city, state, or nation, even if he has no intention of following a political career. Such an experience does more to broaden a man's knowledge of the difficulties of public administration than anything else. It helps him to understand how he can practically attain that which he thinks is best for the state, and, most important of all, it enables him to act with other men, and judge justly those who are doing the work of public life.

It is essential that every man who desires to be a useful citizen should not only take part in moulding public sentiment, in selecting candidates, and in winning elections for the party or the cause in which he believes,

but he should also be familiar with the character, abilities, and records of the men who must be the instruments by which the policies are to be carried out and the government administered. There are many ways, therefore, in which men may benefit and aid their fellowmen, and serve the state in which they live, but it is open to all men alike to help to govern the country and direct its course along the passing years. In the performance of this duty, any man can attain good citizenship of the highest usefulness. It is not too much to say that our success as a nation depends upon the useful citizens who act intelligently and effectively in politics.—Henry Cabot Lodge.

**UNION DOTS**

Union, Sept. 25.—Everybody is about done gathering their cotton and corn crops and now the program is getting ready for school, which will start Monday, October 2nd.

The young people were entertained with a party at Hiram Gaines' last Friday night. Ice cream was served and every one reports a nice time.

Cecil Herod and family left Saturday night for West Texas where they will reside in the future. We hope them success on the plains but we expect they will soon decide that East Texas is a mighty good place to live in after all.

We understand that Mr. C. T. Smith is very sick at the present time. We hope he will recover soon.

Earl Smith spent Friday night with his brother, Bunk Smith.

Archie Bradshaw visited Edwin Caskey Sunday.

Mrs. S. W. Duitch and son Ellis, have returned from Dallas where they have been visiting her daughter, Mrs. Adela Matteson.

Mrs. Ernest Smith is visiting her parents, Mr. and Mrs. Bob Herod.

Miss Inez Caskey spent Saturday night with Miss Ruby Weisinger.

Fields Beeson has accepted a position as fireman on an I. & G. N. engine.

Earl Herod is spending the week in Rusk County visiting his brother-in-law, Earnest Smith.

**High School Gossip**

The Parent-Teachers Association gave a reception at the school auditorium Friday afternoon welcoming the teachers. After the new teachers were admitted to the association, an advisory board was named and the coming fair discussed, there followed a social hour during which tea and sandwiches were served.

Girls who are interested in basket-ball are meeting with Miss Henderson and Miss Darsey on Monday afternoon. Miss Henderson has charge of the Senior girls while Miss Darsey has the Junior. Two winning teams are expected from our group of girls this year.

Last Friday afternoon the editorial staff of the High School Gossip was chosen. Each class was represented by two members. They are as follows: Freshman: Lena Clewis, Willie Gray Darsey; Sophomore: Wilma Lively, C. W. Kennedy; Junior: Lucile Howard, Preston Caskey; Senior: Edith Richards, Wingfield Lively. We will endeavor to have the gossip of the High School published in our column of the Grapeland Messenger.

Miss Mary Tenney, our former English teacher, visited the High School Thursday. We were glad to see her again.

Chas. Dailey was absent from school Monday.

The Senior Boys have gotten their basket ball and are now picking their team for this season. They are going to try to win the championship of Houston County this year, as they lost only two games last year.

Luna Frank Lively and Virgie Belle Beazley have dropped out of the Caesar class.

Pete Murchison put in extra time at school Monday afternoon. He smiled at the pretty girls.

Miss Agnes Murray has returned home from an extended visit with friends at Port Arhur.

**Growing**

In our business shows that still more people are opening accounts with us. We are daily adding new names to our already long list of depositors. There is a good reason for this. It is this:

They have found that the road to wealth is by way of the bank account; and that we, by our uniformly conservative methods, our courteous treatment of our customers, our sturdy increase in strength, have proven that this is the place to open that account.

**New Prospect Sunday School Report**

Services were well attended here Sunday. Bro. Goodman delivered a good sermon for us. We were glad to have Mrs. Goodman and children with us in Sunday school last Sunday. All the teachers and forty scholars were present.

There has been a few changes since the last report. Mrs. Weisinger, who has been teacher of the young people's class, has resigned on account of not being able to attend. Mrs. Ethel Waddell was appointed teacher of that class.

We think everybody is well pleased with Mr. Webb Finch for our Superintendent.

Prayer meeting was well attended Sunday night. Mr. Walter Caskey being leader. Mr. Rose was appointed for leader next Sunday night.

Bro. Anderson filled his regular appointment here the third Sunday afternoon. Mr and Mrs. Payne and children, Misses Fannie and Alice Bridges of Elkhart were visitors at Sunday school the third Sunday. Edith Bridges, Harold Finch and Clarence Bridges received the little presents for being present for three months every Sunday in class No. 4.

The young people's Union rendered an interesting program the third Sunday night.

**Do You Know ?**

That several hundred dollars go away from the Grapeland territory every day of the week to Mail Order Houses?

That of this money, not one cent is spent for the upbuilding of the Grapeland Country?

That a certain percent of every dime you spend with your home merchants goes back to you in roads, schools, churches, and the like?

That you can buy Standard brands of goods right here in Grapeland for less money than you pay the Mail Order Houses?

We guarantee to meet Mail Order Prices—Value for value—and will fill your bill at Mail Order House Prices and terms.

**COAT SUITS  
COATS  
DRESSES**

A visit to our ready-to-wear department is like stepping into one of the shops on Broadway, New York, as far as styles are concerned. New shipments the last few days included the newest fashions and materials in coat suits, coats and dresses, right out of the style center of America. Lack of time and space prohibits a complete description of the garments on display. A visit to this store will amply repay you and reveal to you more than we can tell.

**It's the snappiest, smartest and most reasonably priced line we've had—and that's saying lots.**

**WE SHOW THE NEW THINGS FIRST**

**The New Wool and silk Dress Goods**

**SOME SMILES**

**When is a Cow?**

One night an engineer on the N. Y. Central ran into a bunch of cattle at Mud Flat, a small station on that line. Feeling sure that he had killed one of the animals he promptly reported the matter to the Division Superintendent at the end of his run. The Division Supt. immediately wired the Irish Section Boss as follows:-

Syracuse, N. Y. Nov. 20, 1921. To Section Foreman, N. Y. Central Ry. Mud Flat, N. Y.

Wire at once full particulars of killing of cow by No. 4. last night.

John Smith, Division Supt. This reply was received. Mud Flat, N. Y. Nov. 20, 1921. To Jno. Smith, Div. Supt. Syracuse, N. Y.

The cow which was killed last night by No 4. was a Steer and it is not dead yet.

Mike O'Donoho Section Foreman.

**"S. O. S."**

"Once I was the idol of the town and made a raft of friends in the social sea," said Fuzzer.

"Well, how come?"  
"I got in over my head—and the raft wouldn't keep me afloat."

**Reason Enough—**

"Get me a new mama, will ya, daddy?" said little Ethel.

"What's the matter with mother?" asked Dad.

"She don't know anything about raising children. She makes me go to bed when I'm wide awake and wake up when I'm sleepy."

Seth Biliken says Sunday baseball isn't sinful—and he has Biblical proof. Here it is:

Eve stole first.  
Adam stole second.  
Rebecca went to the well with a pitcher.

Ruth in the field won fame.  
Cain made a base hit on Abel.  
The Prodigal Son made a home run.

Noah gave out rain checks.

Science Now Proves How Complexion Is Quickly Beautified Through the Blood

There is nothing in the world today which is producing such a sensation as this simple discovery! Pick out anyone who has healthy rosy cheeks and a ravishingly beautiful complexion, and you have picked out an individual whose blood

"Ironized Yeast Has Cleared My Skin Quickly and Gloriously!"

is rich with vitamins-and-iron. This recipe of Nature, "Ironized Yeast," is now being used by thousands of men and women with startling, yet perfectly natural, results. It gives you yeast-vitamines-ironized, containing iron in the form in which it exists in the human body. It is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all by itself. Muddiness, that great beauty robber, gives way to a lily-purity which nothing else on earth can produce. Pimples, blackheads, spots, eruptions? They become practically an impossibility! Rosy cheeks, firmer and younger looking skin, rose-petal purity, velvety softness,—all natural! Imagine such a skin further beautified by your favorite cream and powder. To think of it is lovely. To have it, a modern miracle! Begin taking Ironized Yeast today. There is only one Ironized Yeast in the world, sold by all druggists at \$1.00 a package. Each package contains 60 tablets, each tablet is sealed. They never lose their power. Mfd. only by Ironized Yeast Co., Atlanta, Ga. Get ready to be supremely happy.

Sold by all good drug stores, such as **SMITH & RYAN**

**Poem**  
by **UNCLE JOHN**

You've made yer mind up, Jenny, so there's nothin' left to say, that I reckon would impress ye to do some other way. . . . You never was a stubborn child, or one that don't behave,—but you're mighty sot, I've noticed, on the little things you crave. . . . So, you're goin' to the City—where there's heaps of fine "careers" and worlds of "opportunities" around ye everywhere—I wouldn't want to tie ye to yer mother's apron strings, for life, they say, is measured by the happiness it brings. . . . When I think about them "type-machines" or clerkin' in a store, where the boss ain't never satisfied, but—allers wantin' more—where there's slim respects for purity, and everything's fer show,—it overcomes me, Jenny, and—I—hate—to—see—ye—go! There's often hidden torments in the prospecks that allures, and a million tons of riff-raff in the City's social sewers. . . . And the hell of human passion, in the high as well as low,—I may be wrong about it, but,—I—hate—to—see—ye—go! Yer mother'll recollect ye, when she says the evenin' prayers. Some people think a mother is the only one that cares. . . . But we'll watch the papers closer than we used to do, ye know—and we'll wonder—wonder—wonder, Child—I—hate—to—see—ye—go!

PERCILLA NEWS

Percilla, Sept. 25.—Our town has just gone through with another week's protracted meeting. Ye scribe was unable to attend, but from all accounts this was one of the sweetest meetings our town has ever had, as we are told that one small boy alone returned to the preacher, at the last service, more than 600 empty candy boxes. It is said that everybody bought candy and eat candy till all the old maids and widows and bachelors have become as sweet as "sweet sixteens." And then, too this, was one of those union meetings, in which every religious shade and stripe, both hard and soft shell, broad and narrow gauge, standpatter and progressive, know-nothing and care less, and every political creed from the present newly-born Anti-Ku Klux-Republico-Democrat to the old fashioned mug-wump, could all eat candy together. Everybody seems to have enjoyed the meeting just fine. We look for the preacher, or some of his brethren, back in the near future, but the next time we hope he will bring along a few pea-nuts and not quite so much candy. We have thought that our community was in hard shape, but when a screen and candy show can come along and make a "clean up" of several hundred dollars it is evidence that our citizens are not as hard pressed as we would have anticipated. Nothingwithstanding we were cooped up for the greater part of the year on account of smallpox, yet we believe we have caught up with most all other communities in every way with probably the exception of a ku klux demonstration and the dengue fever. We would be willing to allow both of these to pass unmolested, but since we "catch" almost every thing that comes along we are in constant dread of these two maladies.

On account of their presence at the candy show the past week, we shall have to reduce our sick list to where it is not big enough to report. Uncle Taylor Lively "slipped" back Friday and succeeded in escaping to Volga with the remainder of his belongings where, with his new house-keeper he plans to embark in the merchantile business.

Ormie and Sherman Lively of Elkhart, were in our town Sunday and visited their brother, A. K. Lively.

Miss Nannie Sullivan departed Friday to visit her newly married sister, Mrs. Artie Harris at Gallatin, Cherokee County. We understand also that Miss Nannie had planned to stop off at Palestine with another one of her sisters and see a "dear friend" there.

The past week has been fine cotton picking weather and one more of the same kind will just about wind up the crop in our community; that is if our school girls continue to hold out. If it were not for our school girls we don't know what we would do for cotton pickers. They can't be beaten.

ROCK HILL NEWS

Rock Hill, Sept. 25.—We have had a splendid rain since our last writing and we all feel better about watering our stock now.

Some of the farmers are about through picking cotton, while others are only beginning.

Mrs. Martha Hudnell is quite feeble at present. Grandmother Weisinger's condition is also said to be more unfavorable.

We had a nice crowd at Sunday school Sunday. Our officers were re-elected as follows: Willie Willis, Supt., J. L. Nichols, asst. Supt; Elbert Streetman, Sec'y; Teacher of class No. 1, Mrs. A. H. Streetman; No. 2, Mrs. H. M. Streetman; No. 3, Mrs. Bessie Weisinger, and No. 4, Miss Ethel Kiser. We feel that each officer has a determination to make the Sunday school the best ever and we all join them in their prayers.

Next Saturday night and Sunday will be our regular meeting day by our pastor, Rev. Funderburk. We urge each one who can to be present, and especially members of the church.

Mr. and Mrs. Newton Streetman and family visited his parents, Mr. and Mrs. C. M. Streetman Sunday.

James J Cook, who for the past five years has worked in Dallas, visited his sisters Mrs. J. L. Nichols, Mrs. C. M. Streetman and Mrs. J. W. Taylor, the latter part of the week.

Miss Ola Willis of Dallas and Rev. Jesse L. Willis of Big Sandy recently visited their mother, Mrs. Lucy Willis.

Mrs. Clara Teel recently returned to Terrell to take up her school work again.

W. F. Melton and family and Mrs. Melton's mother, Mrs. Wells, have visited relatives in this community since our last letter.

We have the report of a girl born to Mr. and Mrs. George Langham recently.

Miss Mamie Weisinger entertained with a birthday cream supper at her home Friday night.

LIVELYVILLE LOCALS

Livelyville, Sept. 25.—Most folks are getting through with cotton picking as they are working hard trying to get through gathering while it is dry weather.

We are enthusiastic about the Grapeland fair. Of course it will be a success, as we know how well Grapeland has done on all public affairs in the past, and Augusta will have to do some rustling to be able to have a fair like Grapeland is sure to have.

We hope all out out of town readers will be able to come home and make October 27-28 a day of rejoicing.

Lots of young people from here at-
