## LAW HAS BUSY WEEK

# Friona Chiefs Clobber Wolves

It was a sight to see---yep, last weekend will rank in our books as really one for the record.

Friona's Chiefs came out on the field with a glint in their eyes which we hadn't seen in a long time.

They just wouldn't stay down. Almost right off the bat Dalhart scored, but Friona refused to accept defeat and came back for more.

The onside kick which opened the second half brought back lots of memories to this football fan.

Although the Chiefs fumbled and lost the ball following the recovery of this particular onside kick they weren't to be denied as they gave the dopesters an idea of what can happen when a team refuses to be beaten.

They turned the tide in a big way.

No doubt about it, Friday night although they only won one conference game, they ended their football season victorious for they played a game.

Sorta reminded us of something we saw a couple of years ago.

While drinking coffee after the Dalhart defeat and chewing the rag with friends, we remarked that the onside kick reminded us of 1955 down at Rice when A & M had been kicked around all afternoon by a bunch of victory-minded Rice-men.

Yet, with only 3 minutes, 49 seconds to play and trailing 12-0 the A's completed a pass for TD, kicked an onside kick, threw another pass for a TD, then to add insult to injury intercepted a Rice pass and Pardee ran it back for a TD and ended up winning 21-12.

And, all in less than four minutes.

It is really amazing what a team, or any individual can do in less than time than four minutes, when he sets his mind to a job.

Congratulations, Chieftains! \*\*\*\* Glancing into some of our "exchange" newspapers we receive each week we note with interest the front page of the West Texas school paper--"The Prairie."

The headline read--"To WT Coeds, The T-Formation Is A Social Event."

Wondering just what in the world this was about we delved into the article which carried such a headline.

Leading off with the statement, "Men have long suspected that women do not, as a rule, go to football games to see the game," the article continued to give the results of a poll which had been taken up at WT as to the reason 25 coeds gave for attending football games.

The results are just what you would expect them to be--as the author stated--"... seems to be that many girls wouldn't go at all if their date hadn't insisted on attending the contest."

But--let's see what the girls had to say about football games. One girl, a senior from Amarillo, stated the reason she went to the games was in hope that she might get to walk a player off the field after a game. (Well, after all, who likes to walk by themselves---?)

Let's see what another said--"I only go to see what other girls are wearing and get new ideas of dress."

Sounds reasonable. One girl gave as her reason--

Henry Castillo, Earth, was convicted of possession of alcoholic beverages with purpose of sale. Trial was in county court Friday. He was fined \$100 and costs by Judge A. D. Smith.

Castillo was arrested in Bovina earlier in the week by Deputies Ben Moorman and Henry Minter.

Santos Torres, Hereford, was convicted on two charges in county court Monday. For possession of alcoholic beverages with purpose of sale, he was fined \$100 and costs. He received the same fine on a driving while intoxicated conviction. Torres had four cases of beer in his possession when he was arrested.

Torres was arrested in Friona early Saturday morning by Deputy Moorman. Raymond Everett, who was with Torres when he was arrested, was fined \$25 and costs for being drunk in a public place. Everett's trial was Monday, also.

Sammy Salas Leija, who was charged with tampering with U. S. Mail at Frionapostoffice, was turned over to a U. S. Marshall Tuesday.

Leija was arrested in Friona Friday by Sheriff Chas. Lovelace and Moorman.

Carroll Hortis was arrested in Farwell Saturday. A warrant for Hortis' arrest had been issued by Bailey County sheriff's department.

Hortis is charged with auto theft and forgery. He was returned to Muleshoe Saturday night.

## Revival Now In Progress

The Rev. and Mrs. Ken George of Fresno, Calif., are currently conducting a series of revival meetings at the Assembly of God Church at 10th & Ashland Streets here; Evangelist and Mrs. George are well known throughout the Assemblies of God and come to Friona after holding successful revival meetings here in West Texas as well as from coast to coast.

"Rev. George is a dynamic evangelist with a message of the gospel of Christ," said Rev. M. Alvin Askins, pastor. "As a team, he and Mrs. George play many different instruments and sing in solos and duets." Services will be held at 7:30 each evening this week.

## "Goose" Ramey Speaker For Lions Ladies Night

"Goose" Ramey, widely known humorist and homespun philosopher, will be guest speaker at the Friona Lions Ladies Night slated for December.

Ramey, father of Mrs. O. J. Beene of Friona, was announced as the speaker by Wesley Foster, program chairman.

Members of the Friona High School Choir entertained the Lions at their regular meeting last Thursday night in the Friona clubhouse.

## Drive Enters Final Week

Going into the final week of a four-week-long drive for the benefit of the Parmer County Community Hospital, workers at a breakfast in Friona Wednesday morning were told the drive still lacks \$30,000 to hit the goal of \$75,000.

To date, with information as close as can be estimated, the drive has brought in \$45,000 in cash, pledges and commodities for the benefit of the hospital.

Hollis Horton Jr., co-chairman of the drive, presiding in the absence of Ralph Roden, told workers that this week "We hope to finish the drive and get enough pledges and see enough people to hit the \$75,000 goal."

During Wednesday and Thursday meetings were held in the American Legion building in Friona for employees of Friona businesses.

The employees were told "The Hospital Story" by Steve Bavousett and Bill Nichols, co-chairmen of the Employee Drive.

At the conclusion of the meetings the folks were asked to donate to the hospital and cards were handed out for this purpose.

At Wednesday morning's breakfast meeting Pete Buske told the 30-odd workers that this drive will not pay off the building as was erroneously explained in last week's Star. (Editor's Note: The Star apologizes for this statement. We ourselves were misinformed and believed this drive would pay off all the indebtedness of the hospital. We were informed Wednesday a note of \$85,000 is

WELCH AUTO'S NEW LOOK--A peek inside the new home of Welch Auto Supply Inc.

## Welch Auto Moves Into New Home

Welch Auto Supply, Inc., of Friona has moved into new quarters in the completely remodeled building formerly occupied by Vestal-Brewer Hardware.

The firm, under the management of John Blackburn, made the move last week and is now doing business in the new location.

"We have almost twice the amount of room we enjoyed formerly," Blackburn points out. "We hope that in this manner we can give twice the service to the folks of this area."

The firm has three other employees: C. H. Veazey, counter salesman; Mrs. Carl Fairchild, stock record clerk, and Mrs. Blackburn, bookkeeper.

No stranger in Friona, Welch Auto Supply has done business in Friona since 1945.

Featuring famous name, high-quality, auto parts, the new home of Welch Auto is as bright and sparkling as one of the new wrenches which are displayed in the front.

"We invite all our friends to drop in and inspect our new quarters," says Blackburn.

Playing the best brand of football they have shown all season, Friona's Chiefs simply wouldn't go home defeated Friday night and ground out an upset victory to end the season in a blaze of glory.

Spotting the Wolves, favored to take the "easy" Chiefs by 20 points, a touchdown early in the first quarter, the Chiefs fought back tooth and nail to carve a niche for themselves in the hearts of the local fans.

J. W. Baxter, playing the finest game of his career, plowed the middle of Dalhart line for big gains, many times carrying three and four would-be tacklers along for a ride.

Chieftain linemen opened big holes, and gave pass protection at crucial times for Quarterback Jim Clements to spot receivers and on defensive stands the linemen were to be compared with the age-old brick-wall.

Gary Dean McLaughlin, Mon-

roe Young and Jon Mack Roden, aided ably by Chauncy Woody, Jim Greeson and Owen Houston, held the middle of the line taut while the ends turned the plays inside out.

Friona's Three B's---Baxter, Gary Brooks and Gary Bradley, played heads up along with Ronnie Castleberry who did some superb "ball-hawking."

Although hampered by first half fumbles and penalties and allowing the Wolves to score early, the Chiefs roared back in the second half and literally "scalped" the unsuspecting Wolves.

Dalhart's scoring drive came late in the first quarter following the recovery of a Chieftain fumble on the Friona 48.

Picking up short but steady yardage the Wolves moved the remaining half of the field in 10 plays plus a Chieftain penalty.

## Junior Play Friday Night

The curtain will rise at 8 p.m. Friday evening in the auditorium for "Curtain Going Up," a three act comedy being presented by members of the junior class of Friona High School. The play, which has ten girls and seven boys in the cast, is concerned with the production of a play and the effect it has on certain stage struck students.

Lorraine Fuller, who is called "Lorry" by her friends, is very much stage struck. She is played by Sue Baxter. James Gee plays the part of Lorry's possessive lover, Andrew Fullbright, who opposes her participation in the play. Carolyn Wines plays the part of a very selfish sort of person who desires all the school honors, Nancy Leveridge. Miss Irene Burgess, the teacher in charge of the play production is played by Adelle Smith.

Charles McKenzie plays the part of Mr. Carter, the journalism teacher, who makes quite a play for Miss Burgess. Phyllis Bainum plays Carolyn Moran, the fussy home economics teacher, who causes quite a bit of rivalry for Mr. Carter.

Others in the play are Gerald Daniel, Jocko Guthrie; Don Clements, Milt Sanders; Jackie Height, Buck O'Hara; Mike Ellis, Mr. Richard Leveridge; Jimmie Bainum, Mr. Tony Peterson; Judy Smith, Miss Henrietta Rivers; Charlotte Bock, Elsie Hunter; Betty Barnett, Sylvia More; LeVada Hand, Janet Young; Geneva Floyd, Joan White; Erma Lou Drake, Kyle Roberts.

Everyone will be interested in learning what happens to Miss Burgess when she is faced with these obstacles: a grouchy janitor with a sharp tongue, the disappearance of the playbooks the first day of rehearsal, a set of high school romances, a campus "actor" with the big head, a banker's daughter driven to dirty tricks by her father's ambitions, and a spectacular ending.

Tickets may be secured from any member of the class during this week or at the door Friday evening. The class sponsors, Miss Tracy Smith, Miss Jo Eddy Scott, and Mr. C. R. Brown, join members of the class in extending an invitation to everyone in this area to attend the play.

# Date Set For Santa

Santa Claus will come to Friona the afternoon of December 16 and distribute candies, fruits and nuts to the smaller children of the surrounding area, announced members of the Friona Post of the American Legion Monday night.

Following the distribution of the "goodies" downtown Santa will travel to the Friona elementary school and pass out the packages to members of the first three grades.

Members are scheduled to "help Santa" Monday night, December 15, by having a dinner and afterward sacking the

candy, fruit and nuts. Janiece Bock and Ted Sanders reported on their trips to Girls and Boys State, respectively, this past summer. This is an annual affair and is sponsored each year by the local post.

O. J. Beene, S. T. Thornton, Hugh Blaylock and Red Moseley were named the winning team during the recent membership drive.

This group brought in 38 memberships with a few still to be reported.

## Contract Let For New SWPS Building

A contract has been signed for the construction of modern, Roman brick and concrete tile building to be built next door to the Friona Star in Friona.

This new building will house the local offices of Southwestern Public Service Company.

J. G. McFarland, owner of the new building says that construction will get underway soon by Elmo Jones, Littlefield contractor, who is currently engaged in the Friona State Bank addition and the First Baptist Church's educational addition.

The new home of SWPS will join the Star building on the east and will be 25 by 40 feet in area.

son that the game was a conversation piece later on and she didn't want to be left out.

Going back to the one about the football game being a fashion parade, reminds me of a sight which I'll never forget.

The game began under what looked like perfect weather. Only one small cloud could be seen—weather clear, sun-shiny and warm.

This cloud we mentioned, later turned out to be a cyclone. Guess Dan True wasn't in that day.

Anyhow, Kyle Field turned into a quagmire and during the second quarter of the game we couldn't see the playing field for the rain.

After the half we were returning to the field after changing clothes and met a middle-aged couple.

Both looked like a couple of drowned rats, or water soaked French Poodles.

The woman was dressed "fit to kill," or had been at least. It was an all-wool suit. You could tell, because already it had begun to shrink and smelled like a wet dog.

A large, shapeless monstrosity sagged over her eyes (we imagined it was a hat of some sort at one time or another) and as she attempted to cross a ditch she lost a shoe.

Her husband bent over to retrieve the lost slipper but she reached back grabbed him by the scruff of the neck and drug him off muttering something about . . . that %\$#@! friend of yours. Only a little cloud . . . and I never did understand football anyway!

They disappeared behind a Cadillac, the man dropped over like an old piece of lettuce and the woman, limping along with one high heel on, one off with the soggy chapeau flopping like a turkey with only one tail feather.

Ain't football grand? You meet such interesting people.

Frank Srping explained the ownership of the hospital for the benefit of workers, several of whom have been asked who owned the hospital.

The hospital is owned by those persons who hold membership certificates.

Each year these members, or stockholders, meet to vote and elect a Board of Directors, who through the hospital manager carry on the business of the hospital.

All profits, if any, go back to the organization and as the hospital is a tax exempt organization can never pay back dividends on this membership, or stock.

During Wednesday morning's meeting Mrs. June Spring, on behalf of the Hospital Auxiliary presented Pete Buske with a check for \$500 for the drive.

Other organizations which have made contributions this week in addition to the Auxiliary include the Friona Volunteer Fire Department and the American Legion of Friona. Both the latter organizations contributed \$100 to the current drive.

This final week, in addition to the drive among the employees in Friona, workers are slated to visit individuals in the Black, Lakeview, Rhea, Hub and north of Friona areas.

A final report of the drive will be given next week.

(The "B" Team schedule will correspond with "A" schedule.)

Basketball returns to the fore Thursday (tonight) in the Friona area as the boys and girls teams vie their skill against the Lazbuddie Longhorns in Friona at 7 p.m.

Friona's Squaws, last year bi-district champs, and the boys will be pitting their skill on the hardwood floors in AA competition for the first time.

Both teams lost by graduation, the boys feeling the "diploma bite" worse than the girls.

Although only one starter for the Squaws was lost via the graduation route, Paula Neel, "the ones who came off the bench always came through when the going was tough," says Coach Baker Duggins.

"This will be our biggest job--replacing the loss of Eva Nell Thomas, Phila Mae Buske, Ruby Grubbs, Betty Agee and, of course, Paula Neel."

Shaping up for this year's contests, these girls will represent Friona on the court and starters will be picked from the following candidates: Jonnie Hand, Jacquelyn Magness, Robbie Boggess, Charlotte Bock, LaVon Fleming, Lavana Houlette, Janiece Bock and Elnora Dodson.

The girls have had several practice games and found Class B Bula a pretty rough team to play.

On the boys' side of the court is found Head Coach Dempsey Watkins with his troubles.

Starters for the Chiefs will be picked from the following aspirants: Ted Sanders, Wayne Rhodes, Gary Goetz, Gary Bradley, Jon Mack Roden and Ronnie Castleberry.

A total of 20 boys are out for the Chieftain team this year and according to Coach Watkins the team to watch in the district will be either Dimmitt or Tulia.

When asked how the district play will go, Coach Watkins, replied, "They'll all be tough competition."

Coach Duggins pointed out that in the last 10 years the state championship girls basketball teams have come from either our district or the bi-district in which Friona will be competing.

The boys' teams are not so very different according to re-

ports. As one spectator remarked at last Friday night's football game--"I've enjoyed football very much, but will be glad to get into a nice warm gymnasium out of this cold wind next week." Game time, 7 p.m. at Friona high school gymnasium.

# Of Interest To THE WOMEN

LOCAL COUPLE WED MORE THAN HALF CENTURY - Although Mr. and Mrs. J. W. Baxter have been married almost sixty years, each of them is still active and able to enjoy taking trips and visiting their children, grandchildren, other relatives, and friends.

## J. W. Baxters Observe 58th Wedding Anniversary Saturday

Mr. and Mrs. J. W. Baxter, who were married November 15, 1900, at Arapaho, Okla., observed their 58th wedding anniversary quietly in their home on Main Street Saturday. Fifty-eight years ago the couple drove from their home town of Weatherford to the county seat of Arapaho in a buggy for the ceremony.

Since Mr. Baxter was only 17 and his bride 16, it was necessary for them to take "consent blanks" from their parents before they could secure the license. Children and grandchildren of the couple occasionally remind them of this when they express an opinion that someone is "too young to get married."

After farming in Western Oklahoma a number of years, Mr. Baxter came to Parmer County and bought land in 1926. For the next 12 years he and his sons farmed the land in wheat or rented it out, but

continued to live in Oklahoma. In 1938 Mr. and Mrs. Baxter moved to the farm, which is about five miles northwest of Friona and now occupied by their son, Louis and his family. They moved to their present home on Main Street in 1945 and have lived there since.

Sunday Mr. and Mrs. Baxter were honored with a dinner and surprise party in the afternoon at the home of Mr. and Mrs. Calvin Martin. Mrs. Martin is the couple's oldest daughter. Those present for dinner were the honored couple, Mr. and Mrs. Charley Baxter and sons, Kenny and Bobby of Clovis; Mr. and Mrs. Bill Baxter, J. W., Sue, and Ann; and Mr. and Mrs. Lou Baxter, Lynn, Tommy, and Steve.

In the afternoon guests at the reception, at which ice

cream and cake were served, were Mr. and Mrs. Billy Dean Baxter, John, Debbie, and Blayne; Mr. and Mrs. Oscar Baxter, Willene and John; and Mr. and Mrs. Larry Martin, Carolyn, Susan, Linda, and Loren;

Also Mr. and Mrs. Clarence Martin, Martha, Larry, Mike, and Greg; Mrs. Richard Baxter and Marla; and Patricia Baxter. Children who were unable to be present were Lonnie Baxter of Clovis, Clarence Baxter of Rye, Colo., and Mrs. Miles Robbins of Blunt, So. Dak.

The Baxters, who have been farmers and livestock raisers, spend quite a lot of their time visiting their children and vacationing at Truth or Consequences, New Mexico. They are active workers in the Church of Christ.

## Nellie Ray Elected Delegate

At the Friday afternoon meeting of the Northside Home Demonstration Club, Nellie Ray was elected council delegate to fill the place vacated by the resignation of Lauretta Brookfield.

Roll call was answered with Thanksgiving suggestions. After the business meeting Olive Massie gave a salad demonstration and a broiler meal demonstration was presented by Gerry Sherrieb and Johnie Stokes.

Johnie Stokes was the hostess and Druscilla Paul received the hostess gift. Plans were made for attending the council-wide Thanksgiving dinner at the Hub Community Center Nov. 20 at 11 a.m.

Those present were Druscilla Paul, Gerry Sherrieb, Johnie Stokes, Waneta Taylor, Jessie Douglas, Nellie Ray, Faye McMahan, Elizabeth Gore, Ruby Robards, Lucy Faye Cavanaugh, and Olive Massie. The meeting was held in the American Legion Hall.

## Auxiliary Pays For Shrubbery

At the Friday afternoon meeting of the Parmer County Community Hospital Auxiliary in the Deon Awtrey home, it was voted to make the final payment on the shrubbery and landscaping of the hospital grounds which was an auxiliary project last year.

It was also voted to donate \$500 to the current hospital drive from proceeds of the auxiliary sponsored rummage sales this fall. The sewing committee reported that 78 hours of sewing had been done for the benefit of the hospital.

The auxiliary president, Mrs. Deon Awtrey, announces that an arrangement has been made with the Friona State Bank to

take care of memorial funds for the benefit of the hospital. Often the family of someone who has died requests that money be donated to a memorial fund rather than for flowers.

Any time this request is made, employees of the Friona State Bank will take deposits and notify family members of the donations made for the particular fund.

Those present in addition to the hostess were Mesdames J. H. Boyle, Dan Ethridge, J. T. Gee, Guy Latta, J. G. McFarland, Charles Allen, Frank Spring, W. M. Stewart, Ross Ayers, Paul Spring, George Anderson, and Manuel Martinez.

The January meeting will be held Friday, January 9, at the home of Mrs. Charles Allen.

## Church Women To Meet Friday

The regularly scheduled fifth Friday meeting of the Interdenominational Church Women of Friona has been slated for Friday of this week instead of the following Friday. The meet-

ing will be held at the First Baptist Church at 3 p.m. with women of the Baptist church serving as hostesses and furnishing the music for the program.

The guest speaker will be Rev. Ken George, evangelist, who is holding a revival at the Assembly of God church here this week.

The committee, which is composed of Mesdames C. W. Dixon, Otho Whitefield, and H. C. Kendrick, cordially invites all women of the town and surrounding area to attend the meeting.

## BAKE SALE

There will be a bake sale sponsored by the United Pentecostal Missionary Society Wednesday, November 26. Call any of the members for special orders.

Mrs. Roma Rury of Clovis was a weekend visitor in the home of Mr. and Mrs. J. C. Stowers and children. Mrs. Rury is the mother of Mrs. Stowers.

## THE BULWARK OF A COMMUNITY IS ITS CHURCHES

### A THOUGHT FOR THE WEEK

#### CONTRARY TO NATURE

"For if thou were cut out of the olive tree which is wild by nature and were grafted contrary to nature into a good olive tree how much more shall these which be the natural branches be grafted into their own olive tree."

We find everything God does in contrary to the natural man. In Romans 8:7 we read, "Because the carnal mind is enmity against God, for it is not subject to the law of God, neither indeed can be." That is the reason we have to be born again.

Paul said in Eph. 2:3 "Among whom also we all had our conversation in times past in the lust of our flesh fulfilling the desires of the flesh and of the mind. We were by nature the children of wrath even as others."

It's contrary to the nature of man to pray, fast, love others better than yourself, forgive others, turn the other cheek, return good for evil.

God's entire plan of salvation is contrary to nature. Men are too proud to obey God's word and forsake the worldly things which is "the lust of the flesh, the pride of life, and the lust of eye." Read Romans 8:13, "For if ye live after the flesh, ye shall die; but if you through the spirit do mortify the deeds of the body ye shall live."

The feature of the program of the Modern Study Club at the clubhouse Tuesday evening was the showing of slides that were made in Europe this summer by Dr. Lee Spring when he attended the World's Fair at Brussels.

A safety program was presented by Cornelia Kelley and Estelle Caffey. Irene McFarland gave the devotional and Susan Carmichael presented two piano selections. Hostesses were Doris Hall and Sarah Ann Miller.

Guests were Mary Kate Zeman, Lois Norwood, Dorothy Bloomer, Ruthie Fite, Ruby Don Nunn, and Susan Carmichael. There were 28 members present.

**Baby Girl for Randol Allens**

Mr. and Mrs. Randol Allen of Friona became parents of a baby girl Tuesday, November 11, at 2:45 p. m. She weighed 4 lbs. 6 1/2 ozs. and was named Kathy Lynn. She is the first child for the couple.

Mrs. Allen was dismissed from the hospital late last week and is at the home of her parents, Mr. and Mrs. Charlie Wise. Kathy will have to stay at the hospital until her weight reaches 5 lbs.

**COOK OF THE WEEK**

**"Ask Gibby to Make the Rolls"**

For the past ten years this statement has been echoed at many many meetings of mothers of the football boys, band members, or other school group. Anyone who has ever attended one of these meetings knows immediately that "Gibby" is Mrs. Tom Gibson and that she will "come through" with whatever size order is necessary.

The Tom Gibsons have been residents of this community about twenty years and their children, Sue, Joyce, Merelene, Thomas, Lee, and Linda Gay have all attended school here. Just about every year since Sue started to school in 1944, the couple has had one or more children taking part in band, football or some other outside activity.

At the present time the family home is in the west part of town, but before moving to town they lived west of town a number of years. At the time the writer first moved to Friona, Mrs. Gibson was her nearest neighbor and was a good neighbor in the truest sense of the meaning of the word.

After moving to town, she continued to be a good neighbor and also was a good neighbor to a number of other persons. In the past few years she has been a "second mother" to a number of children in the absence of their mothers, and that is how she acquired her nickname.

Her given name is Leatrice, but it is doubtful if she would answer to it after having answered to "Mother" or "Gibby" for so long. Tom has been employed at the Parmer County Implement Company for a number of years, and prior to that was employed by the late J. B. McFarland, S. H. Osborn, and J. G. McFarland on their farms.

The late J. B. McFarland paid Mrs. Gibson one of the nicest compliments it has ever been our pleasure to hear. He said, "There never was a better wife and mother than Sister. We've always counted her almost as one of the family. To us she has always been 'Sister'."

Since the children have begun to grow up and go away from home, much of Mrs. Gibson's time is spent writing letters and keeping them in contact with things going on here. Sue, who is now Mrs. Vern Nazworth, lives in Amarillo. She has two children, Charlotte and Curtis, who are the Gibsons' only grandchildren.

Merelene, who is now Mrs. Eugene Starks, lives in Greenville, S. C. Her husband is in the Air Force. Thomas is serving with the United States Armed Services in Germany and doesn't expect to return to the States until late next summer. The other three children are still at home.

Joyce is employed at the Parmer County Community Hospital, and Lee and Linda Gay are still in school.

Mrs. Gibson is very modest about her skill as a cook, but a lot of her friends know that she is "one of the best." The first recipe we are printing is for Rolls. To make them on a large scale, she just increases the ingredients to fit the crowd she is making them for.

**ROLLS**  
1 cup scalded milk  
2/3 cup melted shortening  
1/2 cup sugar  
1 cup cold water in which 1 yeast cake has been dissolved  
2 teaspoons salt  
4 3/4 cups flour.  
Mix ingredients and put in greased bowl to rise. Let rise until double in bulk then knead down and place back in the bowl to rise again. When double in bulk, knead down and make into rolls. Let rise in pans then bake in a 350 degree oven until brown.

Two more of the recipes we can personally vouch for are Doughnuts and Mincemeat Cake. Mrs. Gibson makes Mincemeat Cake at Thanksgiving and Christmas time instead of making fruit cakes. The cake is delicious served fresh or freezes well.

**MINCEMEAT CAKE**  
1 cup lard or butter  
1 cup sugar  
2 eggs  
1 cup mincemeat  
1 teaspoon soda  
1 cup buttermilk  
2 teaspoons vanilla  
1/2 cup nuts  
Flour to make batter desired texture.

Cream shortening and sugar and add cream, eggs, mincemeat, buttermilk and vanilla. Blend well then add soda. Flour the nuts then add enough additional flour to make batter of medium consistency. Bake in greased loaf pan which has been floured about 45 minutes at 350 degrees. Cover with caramel icing.

**DOUGHNUTS**  
1 cup sugar  
1 cup milk  
2 eggs beaten fine as silk  
2 teaspoons baking powder  
Flour enough to make medium consistency  
few grains of salt  
1 teaspoon vanilla or lemon extract

Mix sugar, milk, eggs, baking powder, salt, and extract. (Spices may be used if desired). Then stir in flour. Roll about 1/2 inch thick, cut, and drop with care into pre-heated fat. Turn when brown on one side and cook until just evenly browned. Roll in sugar and serve.

One of Mrs. Gibson's favorite recipes was handed down to her by her mother. It is for:

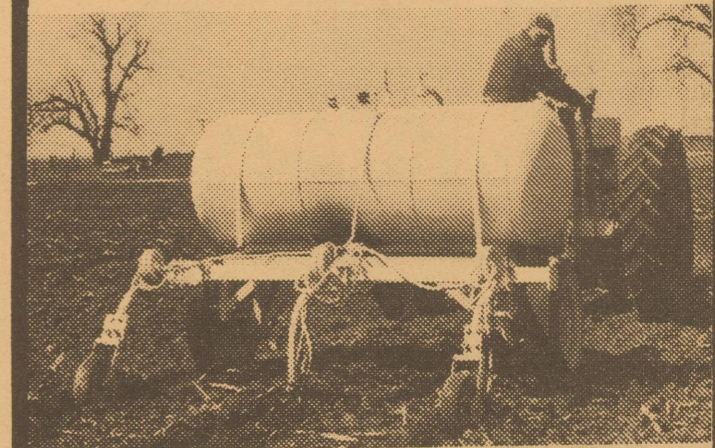

**COFFEE CAKE**  
1 cup sugar  
1/2 cup cocoa  
1/2 cup hot water  
1 teaspoon soda  
1 teaspoon cloves  
1 teaspoon nutmeg  
1 teaspoon cinnamon  
1 teaspoon vanilla  
3 eggs  
1/2 cup cold coffee  
1 1/2 cups flour  
1 cup shortening  
Cream sugar and shortening. Sift flour, cloves, nutmeg, and cinnamon. Make paste of cocoa, soda and hot water. Add to creamed mixture. Then add eggs, cold coffee, vanilla, and flour and spice mixture. Bake in loaf pan in 350 degree oven for 45 minutes.

**RECENT GUESTS**  
Mr. and Mrs. Charles Buske of Amarillo were recent visitors in the home of Mr. and Mrs. J. B. Buske. They were honored with a dinner in the Frank Griffith home on Thursday evening. Others present were the Buskes, Messdames Griffith, Charles Buske, and J. B. Buske spent Tuesday in Clovis.

Mr. and Mrs. Truell W. Hyde in the home of Hyde's parents, and son, Truell Wayne II, of Lubbock were recent visitors of Mr. and Mrs. H. A. Hyde.

HOSPITAL AUXILIARY--Several representatives from the Hospital Auxiliary of the Parmer County Community Hospital were on hand Wednesday morning and gave a check for \$500 to Pete Buske and H. E. Barnett during the current

## County Rodent Control Planned

A program to control the rat and mouse population in Parmer County is underway. Meeting in Bovina Restaurant Tuesday noon, 17 people interested in the problem mapped out the program.

Reason for the initial meeting was that the rat problem in the county is more serious than it has been in years, Joe Jones, county agent, who was in charge of the meeting, says.

Result of the Tuesday meeting was that a coordinated effort by people who have rats and mice in their homes and farms will be made. Rat bait, to be purchased by the group, will be made available to the public at 25 cents a pound.

The bait will be ordered from the state Fish and Wildlife Service. Before the bait is ordered, individuals must specify how much bait they want and pay for it, the county agent says.

At the Tuesday meeting, a chairman from each community in the county was appointed and various businesses in each community were named to accept orders from the bait.

Bill Wooley, Hub, was elected county treasurer for the group and will be responsible for ordering the county's bait.

Deadline for accepting orders will be Friday, December 5. The orders, and funds, will be relayed to Wooley by December 6 and the county's order will be placed. Checks for poison are to be made to "Rat Fund," Jones says.

Bait ordered December 6 is scheduled to be delivered about December 21.

"Everyone is encouraged to purchase at least 10 pounds and most farms will need 50 pounds or more," the agent says. The type of bait which will be ordered is "anti-coagulant" and must be left before rats and mice for a period of at least 30 days to get the desired results. It is a safe bait to use and is of little or no danger to humans, pets, or livestock.

This is the right time of year for a rat eradication program, Jones says, when the rats and mice come out of the fields and into their winter "quarters." A county-wide plan, with everyone cooperating, is the best way to do a complete job of rat and mice eradication, it is believed.

Community chairmen and the businesses in various communities which will accept orders are:

Bovina, Henry Minter, Parmer County Farm Supply, Cicero Smith Lumber Co., Lawlis and Ely Gin, and Joe M. Brown Gin;

## Royce Douglas Involved in Scooter Mishap

Royce Douglas, son of Mr. and Mrs. Joe Douglas of Friona, escaped serious injury Monday night when his scooter struck the side of a slowly moving auto.

The auto, driven by Sam Green, teacher in the Friona schools, was traveling south on Cleveland Street at the time of the incident.

Young Douglas was heading west on 8th Street and missed seeing the car until too late to avoid hitting the side of the auto.

Green says he was traveling slowly, threading his way through the traffic surrounding the junior gymnasium and looked up and saw the scooter. "At first I thought he had

gone under the car," Green says.

"I ran to him and he said he was okay, except for his hand."

Douglas was taken to Parmer County Community Hospital and after treatment and examination was released.

An estimated \$200-\$250 damage was done to side of Green's 1957 Ford. Damage to the scooter was negligible.

## Dinner Honors Robert Beavers

A group of relatives and friends drove to the home of Mr. and Mrs. Robert Beavers in the Lazbuddie community Friday evening and surprised Beavers with a birthday supper.

Those attending were Mr. and Mrs. B. D. Beavers and family, Mr. and Mrs. Gilbert Wenner and children, Mr. and Mrs. Alfred Beavers of Bovina, Mr. and Mrs. Gene Lewis of Muleshoe, Mr. and Mrs. Ernest Beavers, Rev. and Mrs. M. Alvin Askins and Gayla, and Gus Chandler of Tulia.

## Service Station Robbed of \$73 Friday

Brookfield Service Station was robbed of \$73 in bills Friday morning, according to reports from the Friona Police Department.

The robbery occurred when H. W. Brookfield, owner of the station, first opened about 6:45 a.m.

"I went into the station and put the money pouch by the register and went around to the rear of the station for a moment," Brookfield told investigating officers.

"When I came back," says Brookfield, "the bills in the pouch were missing."

Police Chief Ben Moorman says investigation hasn't turned any leads up as the evidence was so slight.

Brookfield says he didn't hear anything while he was in the rear of the station.

Whoever took the money only had a few minutes to do it in, but so far we haven't found anyone who saw, or heard a thing in that area at that time, Moorman said.

## Fords Leave For Nassau

Mr. and Mrs. W. Howard Ford left Tuesday morning for Amarillo, where they joined other J. I. Case dealers and their wives from the Amarillo district. The entire group boarded a plane at Amarillo and flew to Dallas. From there they flew to Nassau in the Bahamas.

Those making the trip will be guests of the J. I. Case Company at the Nassau "world premiere and annual Case dealer conference." At a special awards banquet in Nassau, Ford will be an honored guest by virtue of the sales effort which won him the Case Eagle Award during the past year.

Mr. and Mrs. Ford expect to return about the first of the week. The children, Kenny and Chloe Ann, will be staying with their maternal grandparents, Mr. and Mrs. Will Osborn, while their parents are away.

## H. B. Naylor Dies Recently

Word was received by Mrs. F. M. Welch recently of the death of H. B. Naylor of Odessa Thursday last week. Naylor, who was the father of Novalene Welch of Abilene, who formerly lived here. Other surviving children are Bud Naylor of Lubbock, Mrs. Charles Reece, and Joe Naylor.

## DIXONS TO RETURN

Lt. and Mrs. Jim Dixon are leaving Panama City, Fla., Friday of this week for Friona. Dixon will have a 15-day leave before reporting for further duty. They will be guests in the home of his parents, Mr. and Mrs. C. W. Dixon.

DeWAYNE NEEL, right, of Friona is one of 30 students at West Texas State College selected for the 1958-59 edition of "Who's Who Among Students in American Universities and Colleges." Among others chosen were, left to right, Neil Quattlebaum of Hereford, and Mrs. Janie Suddeth of Bolina.

### Neel Named To Who's Who

DeWayne Neel of Friona is one of 30 juniors and seniors who were named Thursday to represent West Texas State College in the 1958-59 edition of "Who's Who Among Students in American Universities and Colleges."

Neel's wife, the former Melba Williams of Plainview, was also selected for the honor. She is a senior home economics major.

Students picked for the honor have shown outstanding scholastic ability, campus leadership, and balanced participation in campus affairs and activities. They were chosen from several hundred nominations made by WT's organizations and departments of instruction.

Neel, a senior mathematics student, is president of the student body at WT. He formerly was a member of the Student Senate, governing body of the college.

A Distinguished Military Student, Neel was also president of his junior class, and he and Mrs. Neel have been active in the program of the Church of Christ Bible Chair at WT.

He is the son of Mr. and Mrs. Otis Neel of the Hub and is a graduate of Bula High School.

Mr. and Mrs. H. A. Hyde spent Sunday of last week visiting Mr. Hyde's sister and her husband, Mr. and Mrs. T. S. Alair at Earth.

WE MEAN BUSINESS

WE MEAN GOOD BUSINESS! Only a solid newspaper advertising effort can bring about the kind of sales activity and buying traffic that means business is good! The big difference between success and failure in merchandising, proven over and over again, is a consistent program of well-thought-out newspaper advertising!

Every issue of this newspaper reflects the business activities of this community. Sales events... special services... news of new products... opening of new business establishments, etc. BUT - if the community isn't told about these - THEN WHAT THEY DON'T KNOW DOES HURT THEM - AND YOU, TOO!

That's why the best insurance against any financial business reverses for US and the U.S. - IS a planned, consistent program of newspaper advertising that starts the wheels turning toward success. Every prosperous community - however small - can help add up a total of Prosperity for all!

**CHIEFS**  
one-yard line to mark it up 6-0 favor of the Wolves.  
An extra point try failed.  
The Chiefs took the kickoff out to their own 29 and moved steadily up the field and 13 plays later the ball went over on downs on the Wolves' 33. The boys from Dalhart moved toward the Chieftain goal once more and got down to the Chiefs' 26 where they received a 15-yard penalty for offensive holding. The ball went over on a fourth down pass attempt.  
The Chiefs took over and moved from their 39 to the Dalhart 29 where one of their passes fell incomplete on fourth down.  
The half ended following a Dalhart punt six plays later.  
The Chiefs pulled one out of the bag on the half kickoff. Jon Mack Roden kicked an onside kick which was fumbled by Dalhart and recovered by Brooks on the Dalhart 48.  
Baxter and Clements blasted their way to the 36 where tragedy struck in the form of a fumble and Dalhart recovered.  
Dalhart struck back and used 10 plays to move the ball to the Chieftain 49 where their power bogged down.  
Again the Chiefs fumbled and Dalhart recovered.  
Getting a first down on the Friona 27-yard line Dalhart had a touchdown called back on the next play and never got back their balance.  
The Chiefs took over after holding the Wolves on this series of downs and were in possession of the pigskin on their own 25 when the gun sounded ending the third quarter.  
Roaring back like a bunch of Comanches, the Chiefs jammed their way out of their own end of the field and with two good pass plays complete from Clements to Baxter moved down to the Dalhart three-yard line for a first and goal.  
On the next play Baxter blasted across the double strips for the tying touchdown.  
Jon Roden strode calmly up to the hall and booted across the extra point, sending the Chiefs out in front 7-6.  
The Wolves fought back tenaciously and returned the kickoff to the 40. Picking up big yardage they quickly set up shop on the Friona 25 when the pigskin rolled free and was pounced upon by Woody.  
Taking over on the 24 the Chiefs called on Baxter who at this time was playing a game the likes of which is seldom seen in high school.  
Crashing into the line he scattered Wolves in all directions and smashed his way for gains of 9, 6, 10, 15 yards.

Stacy, Clements and Brooks added more and the Chiefs moved from their 24 to the Dalhart 8 in 12 plays.

Clements faked to Stacy, gave the ball to Baxter who then jammed across for the decisive score. The extra point try failed and Friona led 13-6.

Trying another onside kick, which this time failed to click, the Chiefs stopped the kickoff runback on the Dalhart 40.

Determined to get back in the game with 2 minutes, 35 seconds left, Dalhart rolled down the field but fumbled again on the Chieftain 25 and Roden grabbed the ball.

Taking over on their own 23 with one minute, 25 seconds left, the Chiefs moved for three quick first downs and with second and two on the Dalhart 35 the game ended.

Pandemonium reigned in the stands, and on the field, as the Chiefs won their first AA victory and at the same time knocked Dalhart out of a share of the district honors.

In the dressing room following the game Coach Colie Huffman brought tears to players and spectators' eyes alike as he said, with his arms draped around McLaughlin and Roden's shoulders -- "Boys, I've coached a lot of teams, but tonight you were the best football team I've ever had the honor of coaching--you were wonderful--we all thank you from the bottom of our hearts."  
Over in one corner came the yell--"Let's beat Farwell!" (Farwell is the first game on the 1959 Chieftain schedule).

# Commodity Loans In Upward Trend

As is the usual case, this time of year, the county ASC office has been quite busy in recent weeks, making loans on fall crops. "Everything is going pretty smooth, though," says Prentice Mills, ASC office manager.

On October 15, \$3,582,000 had been loaned Parmer County farmers for grain sorghum produced this year. This week the total mounted to around \$9 million, showing the great volume that has been channeled through the program in just a month's time.

Still, Mills believes that a substantial percentage of the crop selling on the regular market. He guesses this amount to be 40 percent of the crop.

Asked what portion of the grain sorghum loans have been made, Mills replies, "I think we've loaned about three-fourths of what we're going to this year."

Other loans made in the USDA price support program for 1958 in Parmer County include \$15,000 to six barley growers (farm-stored);

Oats--\$4,588 to two producers (farm stored); Wheat--\$4,016,000 in 1151 loans for warehouse storage.

Soybeans have sprung from nothing to a mildly active price support crop in the county. Eighty-seven loans have been made so far, averaging about \$1,000 a loan. The rate is now \$2 a bushel, with a four-cent

premium for low moisture content.

The biggest change over a year ago in the preceding figures is noted in wheat. Total loans last year were \$2,800,000.

## SOIL CONSERVATION: DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Two contracts have been signed by ranchers in Parmer County to participate in the Great Plains Conservation Program. D. C. Melugin of Texico and A. J. Jesko, who owns land near Clay's Corner, have entered into a contract and plan to begin on their conservation practices in the near future.

These plans will include such practices as brush control, range seeding, net wire diversions, establishing livestock windbreaks, wells for livestock, etc. These practices are cost-shared by the USDA and are available to any landowner or operator in this county.

The fourth annual Farm-City Week will be observed November 21-27, 1958 throughout the United States and Canada. The U. S. Department of Agriculture is again cooperating with this observance by helping to promote better understanding

between rural and urban people. Here are a few of the many and varied contributions the USDA programs and services make to the farmers urban friends.

USDA scientists work diligently to make research help the American homemaker, the farmer, and the marketer of farm products. They develop new products and new uses for farm products, and develop and test the market demands for such products.

USDA services and research make it possible for many farmers to shift their production to new and changing products consumers now want--in the form in which they want them. This means not only raising improved livestock and crops, but producing them more efficiently, at less cost to the homemaker.

The credit services of the USDA benefit many more people than just the farmer-borrowers. Farmers use these loan funds to purchase necessary goods and services in their home communities. These purchases spur local trade. Farmers also use the loans to improve their farming operations.

Conservation of our soil and water resources is a practical means of insuring our ever increasing population of an abundance of food, fiber, and shelter. Many jobs are created for urban residents through the adopting of advanced farm and forest management methods.

Farm and city alike benefit from the USDA's marketing research to improve the efficiency of agricultural marketing and to expand markets for farm products.

These many services of the USDA help farmers, processors, distributors, and consumers of farm products alike to maintain a steady flow of food and fiber from farm to home in the best possible condition and at the lowest cost per unit.

Hurricane winds and clouds usually extend up 40 to 60 thousand feet, according to the Navy's "Hurricane Hunters."

## THE HIGH PLAINS FARM AND HOME

HE'S THE BEST--Cary Joe Magness, left, Farwell businessman, awards Duane Rea of Bovina a handsome trophy to signify his recognition as being the outstanding Parmer County FFA boy of the year. The presentation was made at a meeting of the Bovina Lions Club last Thursday night.

### Duane Rea Top County FFAer

Duane Rea, Bovina High School senior, is the outstanding Future Farmer of America in Parmer County for 1958.

Rea, son of Mr. and Mrs. Carl Rea, was presented a trophy for the honor at a regular meeting of Bovina Lions Club in Bovina Restaurant Thursday night.

The program to honor the top FFA student in the county was inaugurated this year. A boy from each school in the county was selected as the most out-

standing in his chapter. Then a committee, composed of a member from each of the county's four communities, selected the top boy of the four.

Cary Joe Magness of Graham-Magness Insurance in Farwell presented the trophy to Rea. The insurance agency was donor of the trophy, which will be kept in the trophy case of the school which wins it each year. If one school earns the trophy three years in succession, it may keep it permanently.

Prior to the award, Robert Morton, FFA advisor at Farwell, explained the contest. The idea for it was originated two years ago, he said, and the contest was designed to increase interest in local FFA chapters. The outstanding boys were selected on the number and quality of farm programs they had and on the number of FFA activities in which they participated.

Morton said the contest has "been a definite help to our FFA programs."

Lions Clubs at Farwell, Bovina, and Friona and an organization at Lazbuddie assisted FFA advisors with the program. Morton expressed appreciation to the administrations of the schools, to the Lions Clubs and the organization at Lazbuddie, to Bovina Lions for being hosts to the special program and to Graham-Magness Insurance for awarding the trophy.

### NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Mr. and Mrs. Joe S. Meneff, formerly Parmer County residents and now living in Corpus Christi, proved to be the most congenial people we met in the city last week. Since convention facilities made it necessary for delegates and others attending the Farm Bureau convention to meet in various buildings, there was quite a bit of traveling necessary between hotels and other meeting places.

Joe was on hand to take most of the Parmer County group from place to place the first morning and several times during the three days. Then he and his wife took all of us on a tour of Aransas Pass and other points of interest. The last night they were hosts for a supper at their nice home. Joe is a former director of Parmer County Farm Bureau, and H. P. Hamilton's landlord at present.

The whole city was friendly and helpful, including newspapers and radio and television. Texas Farm Bureau activities and pictures made the front pages every day of the convention. Over 600 voting delegates were registered for the business session, and over 2000 in attendance during the convention.

We believe it was one of the most successful state conventions yet held. J. Walter Hammond was feted in an appreciation ceremony the first night of the meeting, following a vesper service conducted by J. H. West, president. Several personalities from other states were present to participate in the Hammond program. A bronze bust of the former TFB

physician. Guests at the meeting were Gerald Gober, outstanding Farwell FFA member; Dwayne Teague, outstanding Lazbuddie FFA member, their fathers, school officials from Lazbuddie, and school officials and Lions Club members from Farwell.

president was unveiled, and is now standing in the new Farm Bureau headquarters in Waco, commemorating his many years of service to American Agriculture.

Farm Bureau members will receive detailed information regarding action taken in the convention in their next issue of Texas Agriculture. The main theme of most of the resolutions adopted indicates a strong opposition to the trend toward socialism that is prevalent in America. We are convinced that if other organizations of the country would take a similar stand for individual and states rights, our country would be headed toward better days.

Ten Parmer County people attended the convention: The Gilbert Kaltwassers, Roy V. Millers, Harry Hamiltons, Mose Glasscock, Ralph Smith and the Raymond Eulers.

"The Place Where Most People Trade" Friona, Texas Wednesday, November 19, 1958

Mr. and Mrs. Howard Ford left early Tuesday morning for Nassau in the Bahamas. They met other Case dealers in Amarillo and flew by chartered plane to the islands. They will be gone about a week and their children are staying with their grandparents, the Will Osborns. (Hope the IH takes a hint and sends their dealers vacationing soon).

# Referendum to Decide Important Questions

How farmers vote in the cotton marketing quota referendum to be held throughout the nation's cotton-growing area on December 15 will determine whether quota penalties will apply, the kind of allotment program in effect, and also the level of price support for 1959-crop cotton.

The referendum therefore is of vital concern to every cotton grower, says Searcy M. Ferguson, Chairman of the Texas Agricultural Stabilization and Conservation committee.

The marketing quota program will be in operation for next year's crop, the chairman explains, if at least two-thirds of the votes cast in the referendum are in favor of the program.

In that case, farm operators will have an opportunity to elect a choice between (A) complying with their "regular" farm al-

lotments -- with price support available at not less than 80 percent of parity for the 1959 crop of upland cotton, or (B) complying with an increased farm allotment 40 percent larger than the "regular" farm allotment -- with support at a level 15 percent of parity lower than under the first choice; quota penalties will apply to any cotton produced in excess of the chosen allotment.

If more than one-third of the votes are against quotas, there would be no quota penalties, only the "regular" allotments would be available, and the price support level to eligible growers would drop to 50 percent of parity.

All farmers who were engaged in the production of upland cotton in 1958 will be eligible to vote in the referendum.

## THE PARMER FARMER

by W. H. Graham Jr.

We haven't read it, but have heard of a special article being plugged in the current Reader's Digest. The inference of the plugs leads us to believe that somebody has now come up with the idea that the Ice Age is to return.

Well, maybe it is. The way fact finders are today, they seem to be able to find enough evidence to prove just about anything.

What makes us take special note of this development is that two or three years ago we became very engrossed in a book (forgotten the author's name, now) that offered very convincing arguments that the earth was constantly warming. The weather, as a consequence, was getting more torrid, the tropical belt was moving poleward, and all of this was simply one little speck of an infinite plan to heat and shrivel and dry the earth and finally end life as we know it in flames.

Like we say, the arguments at the time were plausible. They made the then-unbroken drought of 1950-57 a little bit more understandable. They helped explain why various physiological changes around us were taking place and were attracting widespread curiosity.

The only joker in this otherwise quite well stacked deck of cards was that the writer recommended that everybody pack up and leave for the Pacific Northwest--which would sooner or later be the only place left with enough water to sustain industry and agriculture.

Swell idea. Only about that time it started to rain in the Southwest again and we had the dampest cold weather you ever heard of. Remember the blizzards in the springs of 1955 and 1956? Well, along about then we tossed the book into the wastebasket and haven't thought of it much until now.

We won't bother to invest a quarter in Reader's Digest, either. It won't be 12 months before some new and more convincing theory will be the rage. The pendulum swings back and forth, apparently. We'll just await its return.

Some day we are going to write a book about the hazards of farm news reporting. And high on the list will be the problem of weather strategy.

Last week is a good one to help us prove our point.

In our cotton harvest story, several paragraphs were given over to how ideal the weather had been for harvesting, and that if such nice weather continued, the strippers would make short work of the job of getting the lint out of the fields.

Those pearls of wisdom, true at the moment, were composed late Tuesday afternoon. That evening, we listened to the Amarillo weather report by radio. A cold snap was forecast, and also some rain. We didn't believe it, but we should have.

You see, here's where the rub comes in. If we took every weather report at face value and geared our stories accordingly, we would very often be considerably off base. We know this from experience. The trouble is that about the time that the weatherman proves himself to be most unreliable, he will come through with a forecast that is accurate to the last detail (including the rain).

Frankly, we're at a loss at what to decide to do. It's a case of being burned if you do and burned if you don't.

## Small Grain Test Results Released

Results of small grain variety tests conducted in 1958 in the High Plains area by the Texas Agricultural Experiment Station and cooperating agencies have been released.

The tests were conducted at Bushland and on the farms of cooperators Roy Hale of Floyd county and Horace Sneed and Eller Brothers of Sherman county. Dr. K. B. Porter, agronomist at the Plains station, supervised the tests.

Under irrigation at Bushland, the wheat variety, Bison, ranked first among the commercial varieties with an average of 45.1 bushels per acre. Early Blackhull, Concho, Ponca, Wichita and Crockett followed in order. At Stratford, Wichita ranked first with 43.9 bushels per acre with Crockett, Cheyenne, Bison, and Early Blackhull following in that order.

The yields at Floydada were much lower. Wichita ranked first with 12.6 bushels per acre followed by Crockett, Concho, Early Blackhull and Ponca.

Under dryland tests at Bushland, Ponca led with 31.9 bushels with Early Blackhull, Bison and Concho following in order. Early Blackhull was first at Stratford with a yield of 18.2 bushels with Wichita, Crockett and Concho following in order.

Recommendations of varieties for the area are based on results of several years of testing plus the quality characteristics of the varieties. The highest yields under irrigation in the Panhandle have been produced by Concho, Crockett, Ponca and Cheyenne. Dryland tests show Concho, Crockett,

Westar, Bison and Comanche to be among the most satisfactory. Early varieties, such as Wichita, Early Blackhull and Triumph, have averaged less than mid-season varieties.

Fall sown oat tests at Bushland and Floydada, for 1958 and also over a period of years, show that Mustang, Bronco and Wintok have produced the best yields and are the most winter hardy. Spring seeded tests show Alamo and Mustang to be the best varieties for spring plantings.

Fall sown barley tests were also conducted at Bushland and Floydada. Cordova ranked first with a yield of 42.3 bushels per acre with Wintok, Dicktoo, Rogers and Kearney following in that order. Kearney was winter hardy and also to have considerable resistance to greenbugs. Spring seeding of barley has not been very successful in the area. Over a period of years,

Cordova and Wintok have made the best yields for spring seeding.

Bits of coconut and tangy lemon team up to give an especially refreshing after-school treat. Lemon Coconut Cookies. Cream 1 cup butter or margarine. Add 1/2 cup sugar and continue creaming until light and fluffy. Add 1 egg and 1/2 teaspoon grated lemon rind. Beat well. Sift together 2 cups sifted enriched flour and 1/4 teaspoon salt. Blend in 1 cup shredded coconut, finely chopped. Drop by teaspoonfuls on ungreased baking sheet. Bake in slow oven (325 F.) until light

brown around edges, about 15 to 20 minutes. Makes about 6 dozen 2-inch cookies.

Apple Dessert Quickie is a good 'n easy idea for busy days. Mix together 1 cup sifted enriched flour, 1 cup brown sugar and 1 teaspoon cinnamon. Cut or rub in 1/2 cup butter or margarine. Place 3 cups sliced apples in greased 8-inch square pan. Sprinkle with flour mixture. Bake in moderate oven (350 F.) about 30 minutes. Serve with plain or whipped cream. Makes 6 servings.

## Cotton Quality Holding Up Well

The third Texas High Plains cotton quality report for the 1958 season continues to show this year's as is one of the best quality cotton crops as well as one of the best yielding crops in many years, George W. Pfeifferberger of the Plains Cotton Growers, says this week.

Ginnings on the High Plains passed the million-bale mark November 11, and the cooperative report of the PCG and the USDA classing office shows that more than 85% of the cotton harvested thus far is white cotton. This quality report covers only about three-quarters of a million bales of cotton harvested as the statistics run about a week behind actual ginnings, Pfeifferberger explains.

White cotton accounted for 85.2% of the crop with 42.9% being middling white and above. Light spotted cotton totaled only 14.4% with 11.6% being middling light spot and above. Full spotted cotton was only 0.2%.

The average staple length was 31.6 thirty-seconds, with 51.9% being one inch and longer. Only 2.9% fell below 15/16 inch. Mic-

ronaire average was 4.3 with 95.7% above the tenderable micronaire limit of 3.5. The majority of the crop, or 71.2% fell between 4.0 and 5.0. Pressley fiber strength averaged 76,000 pounds per square inch, with 51% between 75,000 and 90,000 pounds.

The cotton quality report with correlations between grade, staple, micronaire and Pressley is being mailed every two weeks to textile mill officials and cotton buyers throughout the nation. It is published to give buyers and mill officials up to date information on the kinds and type of cotton produced on the Texas High Plains area.

Visiting in the Bill Lancaster home Sunday and through the weekend were Mr. and Mrs. Bobby Donaldson and son, Billy, from Clovis; Mr. and Mrs. Jimmy Donaldson and family, El Paso; Barbara Gray, Olton; and Mrs. Bill Stigallde, Muleshoe.

Mr. and Mrs. J. B. Wright spent the weekend at Lovington with the Ray Lovejoys and were there when their three-year-old grandson, Barry Lovejoy, had his tonsils removed Saturday at Hobbs.

Jody Brown, Peggy Carroll and Charlotte Seaton spent last Tuesday night with Jonny Steinhock, celebrating Jenny's 11th birthday.

Truman Gleason attended funeral services at Fort Worth Saturday for an uncle, John Choate. His parents from Anson accompanied him from there. Mr. and Mrs. Riley Goodnough also attended the funeral. Mrs. Goodnough was a niece of the deceased.

MIKE LANGFORDS PARENTS OF SON

Mr. and Mrs. Mike Langford became parents of a boy, Sunday morning, November 16, at the Muleshoe hospital. He weighed 6 pounds and 14 ounces but had not been named Monday. The Langfords have two daughters, Mikala, 6 and Marlene, 4. Grandparents are Mr. and Mrs. George Crain and Mr. and Mrs. Paul Langford, Dimmitt.

When on a weight-losing diet, nutrition experts tell us that we must be careful not to cut down on needed nutritional elements when we're cutting down on calories. It is still essential to maintain a balanced diet. The secret is, of course, in selecting versatile foods which are high in nutrients and low in calories. And of all foods, chicken rates about tops by this definition.

Thick barbecue sauces used for basting chicken during cooking, either indoors or out, should be diluted with water to thin, watery consistency. Thick sauces tend to burn or hasten browning before the chicken is done.

**"OLD STOVE ROUND-UP"**

The BEST time to change to... a New **GAS** Range!

Like a long journey in the saddle... cooking "three a day" can get mighty wearisome. One of the best antidotes for "kitchen fatigue" is a sleek-and-chrome, completely automatic Gas Range. Here is beauty with a purpose. The purpose: to cook foods quickly and accurately... to the peak of goodness... with as little watching on your part, as possible. Forget your attachment to that old stove—faithful tho' it may be. See your Gas Appliance Dealer, now, for a new experience in "cooking—with no looking". Remember, your old stove was never worth more than—NOW!
