

Cisco—Pop. 11,000; 1,800 feet above sea; 5 lakes water; 5 rail exits; 6 paved highway exits; 127 blocks paved st.; A-1 public school; and Lindolph college; no mosquito; no malaria or typhoid of local origin.

CISCO DAILY NEWS

Eastland County—Area 928 square miles; population 70,000; cotton, fruit, poultry, natural gas and oil; Cisco is headquarters for operators of the greatest shallow oil field in the world.

VOLUME VIII

CISCO, TEXAS, FRIDAY, JUNE 10, 1927.

NUMBER 83

100 PLANES GREET LINDBERGH

OLD HOME TOWN

"I have three farms already and may buy a fourth," declared L. W. Hilgenberg who returned this week from a trip to the winter garden irrigated section below San Antonio. "I have one farm about five miles east of Cisco on the Eastland highway, another south of town, and a third near San Antonio. On my farm near Cisco I have 1,000 chickens, 11 hogs and five horses, and am now in the market for some good dairy cows. That's my idea of farming in this section—chickens, hogs and cows."

"I was just talking with a man from San Angelo yesterday," declared E. H. Whitehead, publicity director of the West Texas chamber of commerce, while in Cisco Thursday afternoon. "He told me that if San Angelo had the wooded hills that Cisco has, everybody would be rich. He said the hills would be stocked with goats, which are grown with little expense and high returns. As it is, San Angelo is the largest primary wool and mohair market of the world."

road building program planned for Cisco.

BROWNSVILLE.—Southern Pacific and Missouri Pacific railroads authorized to make important extensions in this area.

CHRONIC AND NERVOUS DISEASES
Skin Blemishes and Foreign Growth. Removed.
No X Rays; radium, electric or plaster used. PILES and CONSTIPATION successfully treated. No surgery; no pain; no hospital fees; or detention from business. DISEASES OF MEN. Investigation invited. Write for my free booklet on Foreign Growth and Skin Diseases.
FRANK M. FLORE.

Rising Star will come to Cisco en masse for the opening of the Lake Cisco bathing beach, according to M. S. (Doc) Sellers, editor of the Rising Star Record. Rising Star is glad that Cisco has provided a recreation spot for the residents of all West Texas and will be quick to take advantage of it, he added. Using the well known editorial "we," the Rising Star editor writes: "Noting your story of the pretty young life guard, Miss Eulalia Gavit, to be at the beach this summer, wish to say that she is an old neighbor of ours at Brady. We have known her ever since she was a little tot. She is a splendid young woman, and you didn't miss it as to looks, either." All of which, Hometown er thinks, forecasts an epidemic of near-drowning among the male population at Lake Cisco Bathing beach this year.

"I wish you would announce that Troop B of the Cisco Boy Scouts will meet at the usual meeting place tonight at 8:30 before leaving for Ranger to attend the watermelon feast for Boy Scouts of the county," said Scoutmaster J. T. Maddux Friday. The scouts are due to assemble in the city hall at Ranger at 7:30 o'clock for a parade, demonstrations, games, stunts, etc., before the watermelon feast at which they will be guests of W. W. Housewright of Ranger.

The boys and girls who have been attending the Bible school at the First Methodist church this week will be given a picnic tomorrow morning at the West Texas Utilities park. All will meet at the church at 9 o'clock and return to the church not later than 11 o'clock. Sixty-four were present yesterday for the program.

Baptist Pastors and Workers Will Meet
The next meeting of the pastors and workers' conference of the Cisco Baptist association will be held with the Baptist church of Olden Tuesday, June 14. It is announced by R. L. English, county missionary. The program will be on evangelism, and all pastors and workers of the denomination are invited to attend.

NEW MEXICAN CANDIDATE
MEXICO CITY, June 10.—Gen. Arnulfo Gomez has tendered his resignation from the Mexican army in order to accept nomination from a party being organized against second term presidents.

Favorite Son

James D. Phelan, former United States Senator, is California's favorite son in the race for the Democratic nomination for the Presidency, says Isidore Dockweiler, Democratic National Committee man from that State. (International Newsweek)

STATE SENATOR SHOT TO DEATH IN COLORADO

DENVER, June 10.—State Senator Bogden of Denver was killed here today, the victim of a shooting in the apartment of Mrs. Helen F. Minter. Mrs. Minter, in the department at the time of the shooting, is being held for investigation. When questioned by police, Mrs. Minter said she and Bogden were in the apartment when some one knocked on the door. She ran to the bath room to dress, and when she returned Bogden was dead on the floor and her husband was holding a smoking pistol.

Children to Bathe Free at Lake Cisco Sunday When Kiddies' Pool Will Be Opened Up for First Time

Swimming will be free for the kiddies at the Lake Cisco bathing beach Sunday. It was announced Friday by President Frank Harrell of the Lake Cisco Amusement company. While it had been planned to open the first 400 feet of the big pool this Sunday, it was found impractical to do so, and the opening was delayed another week. However, the kiddies' pool will be ready for use, and every child of Cisco and surrounding territory has been invited to enter the pool free of charge, at guests of the Lake Cisco Amusement company. Any grown ups who wish to get in the small pool will also have the privilege free of charge, it was said. The only restriction is that the bathers furnish their own bathing suits.

Entertainment of the many visitors expected at the beach Sunday will be provided. A band concert is to be given by the Cisco high school band during the afternoon. The roller skating rink will be opened for use, and cold drink stands will flourish. Motor boating and fishing will be available for the crowds, while many will spend the day inspecting the various projects just completed or in process of completion, including the fish hatchery, bridge over the dam, Country club, and Highway 23.

A large amount of advertising of the opening of the bathing beach had been sent out early in the week before it became apparent that the beach could not be opened this Sunday. It was found impossible to withdraw all this advertising matter, and so it is expected that many from outlying sections will be here for the day.

Gives \$30,000,000

Distribution of Kansas' \$30,000,000 bonus to ex-service men is being completed by Mrs. Clara Eberhardt, chief of the Soldiers' Compensation Bureau. (I-F-R Exclusive)

Los Angeles Dirigible and Scores of War Vessels Also Will Receive Young American Air Hero Saturday

NORFOLK, Va., June 10.—The greatest welcoming armada in history left Hampton Roads today to greet America's hero, Col. Charles A. Lindbergh. Sixty airplanes in battle formation and a fleet of 30 war vessels sailed out to greet the cruiser Memphis 50 miles at sea. The naval craft will form a convoy to escort the Memphis to Virginia Capes where late this afternoon Lindbergh will sight his native shores for the first time since making his epochal flight to Europe. The aircraft will return to Norfolk late today to prepare for a new display tomorrow in which 100 army, naval and air mail planes will escort Lindbergh to the capital.

MOTHER OF LINDBERGH STAYS IN SECLUSION.
BALTIMORE, June 10.—Mrs. Evangeline Lindbergh, mother of the "Lone Eagle," was in seclusion this morning at the Hotel Belvedere.

Mrs. Lindbergh left a Washington bound train just outside Baltimore and motored to the hotel. Thus eluding newspaper men. She plans to go to Washington late this afternoon where she will be the guest of President and Mrs. Coolidge along with her son at the temporary white house.

NEW YORK TO HOLD DAY OF CELEBRATION.
NEW YORK, June 10.—Mayor Jimmy H. Dore today proclaimed Monday, the date of arrival here of Colonel Lindbergh, a day of public celebration and requested every building to display the American flag.

GREATEST RECEPTION IN HISTORY PLANNED FOR BOY.
WASHINGTON, June 10.—While the cruiser Memphis was speeding in a smooth sea with the youthful New York-to-Paris flyer, Charles A. Lindbergh, the giant dirigible, Los Angeles, a dozen airplanes and six destroyers set out to meet her off the Virginia Capes, and escort her to Washington navy yards where the official reception by President Coolidge in behalf of the nation takes place Saturday.

From the Los Angeles, the epic and span uniform of the new colonel of the Missouri National Guard will be dropped overboard to him. Well within her schedule, the Memphis will proceed up the Potomac river tonight and deliver Lindbergh at 11 o'clock tomorrow morning.

FIRST OF DESTROYERS ARRIVE TO ESCORT SHIP.
ABOARD THE U. S. CRUISER MEMPHIS, June 10.—America's aerial hero was steaming home this afternoon under escort of destroyers. At 2:10 eastern daylight time, a squadron of four destroyers came cutting across the waves, whirling into position, ran up their colors in salute, and took escorting positions on either side of the ship. Col. Charles A. Lindbergh stood aboard and watched the cruisers approach, responding to the salute. As the Memphis, surrounded by the destroyers steamed toward Cape Henry, 39 miles away, it seemed to dawn on the youth that he was coming home to receive a great welcome, and the ease which had marked this week seemed to give way to his usual shyness.

CALLAHAN CO. VOTES ON NEW COURT HOUSE

BAIRD, June 10.—Saturday, June 11, the voters of Callahan county shall decide whether or not they shall have a new court house. A bond issue of \$175,000 has been asked for that purpose, and the question will be decided at the ballot box Saturday.

COACH JONES OF ABILENE HIGH QUITS

ABILENE, June 10.—Lee Jones, who resigned Wednesday as head coach of athletics at Abilene high school, with his wife left at noon Thursday in their car for Dallas, where Mr. Jones is to become manager of a wholesale sporting goods business.

From Wednesday afternoon, when Jones' resignation and its acceptance by the city school board was made public, until the coach had left the city there was a continual stream of visitors at the Jones' home, most of them Abilene high school athletes and other students, who said goodbye with regret.

Mr. Jones' resignation was accepted by the school board with reluctance. Without exception the boys who have played under him on the Engle teams of the past three years expressed deep regret at his going.

No action has been taken toward appointment of Jones' successor, although several applications from successful high school coaches are on file.

REVIVAL WILL BEGIN HERE THIS SUNDAY

An open air revival meeting will begin at the Church of Christ at the corner of Eighth street and H avenue Sunday. It is announced by the pastor, L. L. Hanks, who will do the preaching. Services will begin each evening at 8:15 o'clock.

Some of the subjects to be discussed are:

"The Church From the Beginning to A. D. 54." The Church Through the Dark Ages to Cisco, Texas, A. D. 1927. "Are We Saved in the Church or Out of It?" "The Change of Heart." "What Names Should God's Children Wear?" "Can We All See Alike?" "Why We Sing and Don't Play." "Sin and Sanctification." "Divine Healing and Holy Ghost Baptism."

Byrd Plans Round Trip Flight to Paris in Effort to Outdo Both Lindbergh and Chamberlin

NEW YORK, June 10.—Richard E. Byrd, the only aviator who ever flew an airplane over the north pole plane to outdo even Lindbergh. Byrd intends to fly to Paris in his great tri-motor Fokker monoplane, and then immediately fly back again. At the most, his stay in the French capital will be no more than 12 hours, just enough to have the commander and his companions to get a brief rest and have their plane refueled. Byrd's great Fokker plane has responded to a load of more than 14,500 pounds. So spectacular was this showing that Byrd decided to add 600 gallons of gasoline, weighing 900 pounds, this making his plane weigh over 15,000 pounds at the top off.

Lindbergh flew off in a plane weighing 5,150 pounds gross. The Chamberlain and Levine plane weighed 5,400 pounds gross.

BERLIN TAKES U. S. FLIERS IN AS CITIZENS

BERLIN, June 10.—Clarence Chamberlain and Charles Levine today rode in state with United States Ambassador Schurman to the city hall where the two fliers were made honorary citizens of Berlin. Mayor Boess received the fliers at the city hall and offered them an official welcome. He paid high tribute for their feat in establishing a new long distance flight record, and then presented them medals from the city of Berlin in recognition. Both were then called upon to sign their names to the Golden Book, where are many names that rank high in history.

Mayor Boess announced that the street leading to Tempelhof field would be named Columbia Strasse in honor of the fliers. The mayor also sent a telegram to Mayor Walker of New York congratulating him on the flight.

Ambassador Schurman responded to the mayor's address in behalf of the two fliers. "Like Lindbergh, Chamberlain has shown the world with his bravery that crossing the ocean is possible for men of courage and skill," he declared. "Establishment of air service between America and Europe is the goal to which we must now bend our efforts. The time will come when we shall have huge airplanes capable of flying in any sort of weather. The field is open to all nations. Rivalry is certain to be keen. Let the meritorious win the prize."

Chamberlain and Levine today visited the Roarbock metal airplane company. They studied the works there and expressed great interest in it. "It is a glimpse into the future. They are ahead of us," said Chamberlain. "Our types are lighter, because with any metal construction is too expensive."

Cash Registers Ring as Retail Selling Grows Rapidly Over U. S.; Business Conditions Reported Good

NEW YORK, June 10.—Cash registers are ringing up retail sales throughout the country with astounding regularity today. This is in sharp contrast with parts of the first three months of the year and reflects more encouraging business conditions. For it is not until the ultimate consumer pays for the goods and has them delivered that merchants, distributors and producers of materials can actually feel safe in counting profits.

Sales of chain stores are running 25 per cent ahead of those of June 1926. Department stores sales are running 8 to 12 per cent better in most localities. Usually there is a slump in prospect at this season, but the weather has been so cold and the season so delayed that sales are likely to keep at a high rate well into August.

Doing Good Business.
Gains in the agricultural prospects in many sections has sidled this tendency in retail buying. Even the flooded sections of the south are doing an amount of business not to be despised. Corn is high and this is having its effect on livestock prices, to the delight of many agriculturists. Packing houses are getting better meat prices and profit margins in that industry seem safer than a month ago.

Negotiations leading to a merger of independent sheet steel producers again have been resumed in the middle west and if these are successful benefits are expected to accrue to all concerned. President Kulas of Otis Steel believes the seasonal lull now expected each year during the summer in the steel industry will be of less importance than usual.

Ford Orders Help.
Ohio steel mills have been benefited materially in the last week from orders for sheets and strips from the Ford Motor company for its new car, which will be on the market shortly. Automobile build-

ers in general and makers of accessories report big business. Prices on motor cars have been stable, but some authorities anticipate price cutting when Ford really gets into production.

While original equipment sales of tires have fallen off slightly, replacement demand is still very heavy. However, some factors in the trade have recently announced price cuts.

The radio industry is an uneasy condition. Sales have dropped sharply and now are 15 to 20 per cent under those of June, 1926. Prices have been reduced until profit margins have become minute with some companies. Phonograph business is reviving and has gained at least 10 per cent as compared with last year.

Labor Costs High.
No improvement has made itself felt in the reduction of petroleum production, but the soft coal output from non-union mines has discounted disadvantageous effects of the mine strike on industry and business. The amount of money spent on building so far this year is ahead of that for the five months of 1926, but costs are as high or higher than a year ago and new building projects are slowly growing fewer.

Cisco Business Women to Feast

Members of the Cisco Business and Professional Women's club will hold a banquet Saturday night at 9 o'clock at the Rotary club room. It was announced Friday by officers of the club. The president and several members of the Fort Worth Business and Professional Women's club will be here as honor guests, and will tell how the Fort Worth club has become one of the strongest organizations of its kind in the world.

Cross Plains Boy Stabbed Near Heart

CROSS PLAINS, June 10.—Weldon Anderson and Glen Baum, 14, and 10 year old boys of this city, were playing with a knife Tuesday afternoon, while making preparations for a fishing trip, and the Baum boy was accidentally stabbed above the heart just barely missing that vital organ. At this time he is said to be doing nicely.

Grain Makes Good Cross Plains Yield

CROSS PLAINS, June 10.—Grain threshing has been progressing here for several days, and the yield is better than expected. The best oats are making as high as 50 bushels and wheat 20 per bushels per acre, it is stated. However, the average is considerable less. Some fields will make twice as much as others, but generally speaking the grain is much better than was estimated.

Hard Surfacing for Cross Plains Road

CROSS PLAINS, June 10.—Many trucks are busy hauling gravel for hard surfacing of the highway just east of town, extending to Eastland county line. While the highway is being improved traffic will be detoured around by Charlie Barr's and Liberty. The work will be pushed to early completion.

WEATHER FORECAST
Tonight and Saturday: Partly cloudy.

HEAT WAVE TAKES FOUR IN CHICAGO

CHICAGO, June 10.—Four were dead by drowning today following the first hot spell of the season, during which thousands crowded all beaches. Death of Caroline Smith might have been suicide, members of a bathing party said.

TWO CISCOANS PLACED UPON WTCC BOARD

Two Ciscoans have been placed on the standing committees of the West Texas chamber of commerce for the next year, according to an announcement received here Friday. R. Q. Lee, former president of the organization, was made chairman of the committee on agriculture and livestock in order that he might continue to carry out his program of diversification started during his tenure of office as president. J. M. Williamson was named on the committee on highways and transportation in recognition of his continued efforts to encourage construction of a connected road system for Texas. J. W. Lewis of Eastland was named as a member of the committee on public utilities, and Joe Weaver of Eastland was placed on the oil and gas committee. Representative M. H. Hagaman of Ranger is on the legislative committee and Walter Murray on the publicity committee. B. L. Russell of Baird was named to the industrial committee. J. E. Thompson of Breckenridge is a member of the oil and gas committee.

ATHEISM IN CISCO, TALK BY MINISTER

"Shall Cisco Turn Atheistic?" is a question to be asked in the Sunday evening sermon of Rev. Thomas Lenox at the First Christian church Sunday. This sermon, based on reports that atheistic societies are being formed throughout the country in universities and colleges, was to have been delivered last Sunday evening but was postponed because of the rain. Considerable interest has been manifested in the sermon.

Rev. Lenox will deliver another of his series of sermons on the official court records of the trials of Jesus Christ when he speaks before the Men's Bible class Sunday morning on "Gamelle's Interview With Mary and Joseph Concerning the Birth of Jesus Christ." Thomas Reid, choir director, has several special anthems to be sung by the choir.

'Blood Hounds of Sin,' Stanford's Subject

"The Blood Hounds of Sin" is the subject announced for a special message Sunday night at the First Methodist church. "Be Sure Your Sins Will Find You Out" is the text. Some illustrations well known to the community will be used, the pastor, Rev. P. T. Stanford, said.

Coolidge to Meet Editors on Vacation

LINCOLN, Neb., June 10.—One of the largest delegations to meet President Coolidge on his vacation in the Dakota Black Hills will be the National Editorial association which will hold its annual convention in Omaha next week. After that it will tour the Black Hills. It is understood the president will receive the newspaper men June 17.

Moody Will Head Texas Boosters

AUSTIN, June 10.—Governor Moody announced today he will head the delegation of 142 business and professional men on the All-Texas Special train which leaves June 19 to tour the eastern and northern sections of the country. During his absence, Lieut. Gov. Barry Miller will act as governor.

PINEDO OFF TO ITALY.

HORTA, Azores, June 10.—Commander de Pinedo left Horta today on continuation of his flight home to Italy.

FRANK KELL BUYS RANGER LINE, REPORT

RANGER, June 10.—It was reported here today that Frank Kell of Wichita Falls has purchased the Hansen-Kell line, Wichita Falls, Fort Worth and Ranger line. Kell is said to have been planning the deal for several months, and a law was passed by the legislature permitting the transfer. It is said orders have been made for officials of the line to file reports with Kell instead of with the City National bank of New York as heretofore.

FLOOD CONTROL PROGRAM PUT BEFORE CAL

WASHINGTON, June 10.—The flood control program adopted at the flood control conference in Chicago was presented to President Coolidge today by Mayor William Hale Thompson of Chicago. It recommended that President Coolidge call a committee of experts to draft a flood control plan.

Three Men Held in Texas Robberies

BORGER, June 10.—Three men are being held today as suspects in the Groom and Friona bank robberies recently. They were arrested late yesterday by Deputy Sheriffs Bollard and McCormick. Police said they found tools similar to those used by burglars in the automobile owned by the pair.

Baptist Pastors and Workers Will Meet

The next meeting of the pastors and workers' conference of the Cisco Baptist association will be held with the Baptist church of Olden Tuesday, June 14. It is announced by R. L. English, county missionary. The program will be on evangelism, and all pastors and workers of the denomination are invited to attend.

Cisco Business Women to Feast

Members of the Cisco Business and Professional Women's club will hold a banquet Saturday night at 9 o'clock at the Rotary club room. It was announced Friday by officers of the club. CHAMBERLIN FOLLOWS

The flight of Chamberlin and Levine in no way detracts from the achievement of Lindbergh. In fact, had Lindbergh accomplished the feat, and had several others followed him and been unsuccessful, the feeling would have been that Lindbergh's after all, was largely a piece of luck. But with the Belianca plane making its accomplishment so swiftly after the Spirit of St. Louis, Lindbergh is seen not merely as a lucky and plucky gambler with fate, but as a pioneer, as the true leader of a procession, never at any time hereafter to stop moving. Pinedo, too, should be remembered in the roster of transoceanic flyers of this sky-shearing June. Had the first Yankee clipper ship been the only one, it would have remained in history a freak. As it was, it started a swifter movement of goods around the world than had ever been known in recorded history. The more aerial travelers who follow this lead, the greater glory for all of them—and the surer proof that this is not a stunt but the beginning of a different method.

FIFTY DOLLAR BABIES

Everybody interested in babies, whether from the personal, statistical or viewing-with-alarm point of view, has been getting worried about the high cost of producing them. Getting "out of the everywhere into the here" has been making undue inroads on the family pocketbooks of those whose babies would naturally be considered most valuable to the nation's welfare. But it remained for Chicago to do something smart about it. Chicago has a new lunch room called "The Stork," conducted by women from fashionable and charitable circles for the benefit of the Chicago Lying-In Hospital. Its walls have amusing decorations appropriate to the subject. One is of the hospital itself, ambulances crowding up to the entrance, a procession of mothers wheeling baby buggies away from an opposite exit, the center of the stage held by a dairy wagon. One deals with the time-worn subject of the father presented with twins. One is of a row of cribs, the center one held most attractively by a diminutive ace of spades. All are clean, clever and laugh-provoking. Several thousand dollars have been made for the hospital in the first few weeks, exclusive of the week when the funds were turned over to the flood sufferers. How long this particular fad will last is problematical. But while it lasts it not only helps in a practical way but serves to turn the attention of thousands of people daily to the need for cutting down the \$500 to the \$50 baby.

HOMICIDE RATES

The insurance journal, Spectator, has just published the 1926 homicide record of 119 American cities. A few of the cities studied show a striking contrast and one that should make the whole country think. For every 100,000 population, the 1926 homicide rate was 1.0 in Fort Wayne, 16.7 in Chicago, 25.3 in Detroit and 75.9 in Jacksonville, with rates for other cities ranging all the way between 1.0 and the 75.9. For all the cities studied, the hopeful fact is recorded that there was a slight decrease in the homicide rate in 1926. A few cities showed a decided drop. The cities with the highest rates might well study those with the low. There must be reasons for the wide variation in rate. Surely these reasons can be found and remedies applied, not only in wise punishment or correction but in wise prevention of homicide causes.

DISH-WASHING

Machine dish washing is far cleaner from the medical and sanitary point of view than hand washing. The chief reason for this is that hotter water can be used. The human hand cannot stand water hot enough to be very effective as a germ killer. But soap helps, and the general conclusion of the bacteriologist is that if the family dish washer is willing to use enough hot water and enough soap, and enough boiling rinse water, she can wash her dishes safely clean. It's the stingy worker who uses tepid water and will not change it often enough who is dangerous to the family and public health.

The department of the interior continues its investigations into the possibilities of water storage and power development in Idaho, Washington and elsewhere. Now if Mr. Hoover could just figure out some way of spreading some of that Mississippi flood water over the arid lands!

SPECIAL

For limited time only—5-room modern bungalow; in good condition; lot 75 foot front; price \$2250.

Can make buyer substantial loan at low rate of interest of this property. Don't pass this by if you ever expect to own a home.

GOOD LOOKS LOOK OUT

Good looks need a steel backbone. The ornamental man or woman requires more strength of character to keep straight than does the man or woman who is homely. A handsome countenance has sent many a man to the devil, and a beautiful face has been many a woman's undoing.

The pretty girl is besieged from every side by evil forces. She has a thousand temptations where the plain girl has one. She is the target for countless deadly arrows. She walks in a world of poisonous reptiles and raving beasts. Unless she is strong or is protected by those who are strong, she is as good as torn to pieces before she starts. There is no more profitable wreck than an unprotected beautiful woman with a weak character.

The handsome man is little less menaced than the beautiful woman. There may not be as many women wanting to lead him astray as there are men trying to lead her astray, but there are enough to undo and pull down all good looking men who can be undone and pulled down. The attractive man has a fight to fight, and no easy one, for man seems to be more readily swayed by woman than is woman by man. Women who do not belong in the category of nice but themselves at the handsome man, and he needs character and plenty of it if he is going to hold his feet to the straight and narrow.

The parents of beautiful children have the largest responsibilities. Good looks are supposed to be a blessing but they are apt to be a curse. They are certain to be a curse if the possessor is not fortified against the wiles and machinations of mankind.

"My face is my fortune, sir, she said." Her face will be her misfortune if she doesn't watch out. Though beautiful women and handsome men have more to meet and more from which to turn away than do other women and men, they also have more privileges, more op-

portunities. The world is theirs if they but have the necessary understanding wisdom and stamina to make the most of their advantages.

BAD PAINS IN SIDE

Spells of Nervousness Also Troubled This Lady Who Gives Cardui Credit for Helping Her Get Well.

Depew, Okla.—"For six years," says Mrs. Edd Burton, of this place, "I suffered as bad as a woman can suffer and still keep going." "I was good for nothing, was lifeless and pale, unable to eat anything. Nothing agreed with me. At times I had such bad pains in my sides and back I would have to go to bed. I had cramping spells and would faint if I stood on my feet any length of time. My nerves would become upset at the least little thing and I would have spells of crying that were so exhausting they left me prostrate." "Several of my friends suggested that I take Cardui. They told me of their experiences with it, how much they have been helped. At last I decided to try it." "In a few weeks, I could see that I was improving, so I kept on. I did not expect the troubles of years to disappear in a few days, nor did they, but in time I was much better. I kept up the Cardui treatment for several months and thanks to it I am a well woman now."

At all drug stores. NC-180

For the Lot and Home

This young married man is wise for his years. He has one of our building and loan shares for the lot and another for the home. He figured this all out some time ago when he first came to us for the certificates. Now he and his wife are happy in the knowledge that they have the means to buy the lot and build the home. How about you?

TIME not WORDS proves a tire's value

EVERY NEW TIRE LOOKS GOOD.

Dunlops not only look good, but they make good—over rocks and gravel, and ruts and sand.

Thirty-nine years of experience has shown Dunlop how to design a tread that gives maximum traction and slow, smooth wear.

This Dunlop tread is the toughest development of rubber known. And this same tough tread-rubber is carried clear around the sidewall to give maximum protection against rut wear.

You get the full benefit of all this extra tread-mileage because each Dunlop is built with the famous trouble-free cable-twist Dunlop carcass, to provide the high-strength and elasticity so vital to long tire life.

We recommend you put Dunlops on your car

Boy Scouts Feast at Ranger Tonight	
RANGER, June 10.—All boy scouts of Ranger, Cisco and Eastland are expected to meet on Friday night at the city hall, Ranger, for in parade and march to Main Street, where in a roped off section games will be played for an hour. Then with appetites whetted just properly for an onslaught on dozens of ice cold watermelons, the scouts with their troop masters will march up Main Street through Hodges Oak park to a place on the side of the hill, where the watermelon slicing will take place. Games will follow this festivity.	
Great plans are being made for the watermelon feast and all the boy scouts in the three towns are urged to be present.	
Wm. Penn—5 cents—A Good Cigar. You will get 60 laughs a minute tonight at the high school auditorium; see the "Girl in Red."

MOODY SLATED AS OPPONENT OF MAYFIELD

RANGER, June 10.—"Moody is slated to run for United States senator against Eric B. Mayfield," M. H. Hagaman said today on his return to Ranger from the special 30-day session of the Texas legislature. "If Moody does run against Mayfield, then the governor's race will be open to everybody. However, in spite of the talk, news-shut-mouth or subject."

When asked what he thought about the legislature being recalled immediately for another session, Representative Hagaman said that if the constitutional amendments carry in August there might be a session called in September but possibly not before October. "We spent all the money and came home," Representative Hagaman said, "and passed all of the appropriations in a satisfactory manner. All seemed well satisfied."

"Moody came before the house and said that he realized all the administration measures had been defeated but he felt they were good measures and he was going to carry them to the people with the expectation of getting a new hearing on them. Personally I think the reason they were not passed was the want for a better organized understanding among the leaders of the administration."

Win. Penn.—5 cents—A Good Cigar.

Laugh, Laugh, Laugh. See the "Girl in Red" high school auditorium tonight. 48-83

BEST IN THE LONG RUN

Were you to talk to Lowell Sherman about the favorite cigarette for throat protection, he'd say to you:

"It is a wonderful thing to realize that an actor can indulge in smoking and at the same time retain the quality of his voice necessary to a good performance. I am happy to say that I have found this to be true with Lucky Strikes. So much so that I smoke them both while on and off the stage."

Lowell Sherman

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process—"It's toasted"—no harshness, not a bit of bite.

"It's toasted"

Epworth League

A large group of young people from the First Methodist church will go to the County Epworth League union tonight. All who can go are asked to be at the church at 7:15 o'clock.

Mothers' Club

The retiring officers, Mesdames A. C. Miller, Eugene Lankford, W. W. Wallace and J. V. Heysler, were hostesses to the membership of the Cisco Mothers' club at the home of Mrs. A. C. Miller Thursday afternoon at 3 o'clock. The house was decorated with cut flowers and ferns. Upon entering each guest was given some part of an advertisement. They were to find the other pieces of the advertisement which were scattered about with other members. Each party of four then entertained themselves for a few minutes. Mrs. G. M. Stephenson gave a vocal solo and little Genevieve Whisen hunt a violin solo. A burlesque letter supposedly from Dr. Berle was read by Mrs. Heysler. A joke was then read on each member, a few examples of which follow:
C. H. Van Eman professes to be very fond of children, but he became very angry when he found

a little footprint in the new concrete swimming pool. Mrs. Van Eman rebuked him by saying: "Why, Charles, I thought you were fond of children?" Mr. Van Eman replied, "I am in the 'abstract,' but not in the 'concrete.'"
Mrs. G. M. Stephenson was real pleased when a road foreman working in front of her house asked if she had been singing this morning. "Yes," she said smiling. "Why do you ask?" "Well," he replied, "My men have knocked off twice already this morning thinking they heard the dinner whistle and I just wanted to ask that you please not hold so long on that high note."

Bill Hiltson says: "A good way to break your back is to come in after dark and sit down where the dayreport was yesterday."

Mr. and Mrs. C. O. Pass were arrested for speeding the other night. "You were running 75 miles per hour," said the policeman reproachfully. "I am no deliberate law breaker," said Mr. Pass, "but I am kind of proud of the old Chevy."

About 32 members were present, and after the new officers were installed the hostess served angel food cake and sherbet.
E. Stacey, who was a teacher in grammar school the past term, is taking a summer course in Canyon teachers' college.
Don Payne of Frankell, Stephens county, who holds a responsible position with a gasoline company at that place, was a business visitor in Cisco yesterday.
Mr. and Mrs. L. A. Carter spent yesterday in Fort Worth on business.
Mr. and Mrs. J. M. Hooks of Abilene visited relatives here this week.
Mrs. A. J. Phippen of Dothan is shopping in Cisco today.
Charles Northcutt of Dallas was a business visitor in Cisco this week end.
Coe McLeroy was a business visitor in Fort Worth Tuesday.
Mrs. D. K. Scott is spending some time in Galveston for her health.
Frank Turner is leaving today

for Dallas where he will attend a meeting of his alma mater, S. M. U. Felix Lewis will go to Abilene Saturday for Miss Susie Dabney, who is coming to spend the summer with her brother, A. G. Dabney.

Mrs. W. R. Daniel, who has been on a vacation at San Angelo, will return Saturday.

Hyph Davis will visit her aunt, Mrs. B. W. Patterson.

Fannie Kate Price from Fort Worth is here to visit her mother. Her tonsils were removed yesterday, and she is reported as doing nicely this morning.

Mrs. Charles Curry spent yesterday in Dallas.

CROSS PLAINS COUPLE WED AT BROWNWOOD

CROSS PLAINS, June 10.—J. D. Conlee and Miss Mina Montgomery of this city were married at the Coggin Avenue Baptist church, Brownwood, Sunday evening as they left immediately for Corpus Christi. They will make their home here, where Mr. Conlee is assistant cashier of the First State bank. The bride is a daughter of Mr. and Mrs. Davis Montgomery, who reside three miles north of town. She, too, has been associated with the First State bank, and it was there that Mr. Conlee met her in the daily performance of their respective duties.

Ranger Boy Badly Cut by Bicycle

RANGER, June 10.—Glenn Cox, twelve year old son of Mr. and Mrs. J. W. A. Cox of Ranger had his right foot badly hurt in a bicycle accident last night near his home. The youth with another boy was riding double on his bicycle when it overturned and the Cox boy's right foot was caught in the spokes, badly cutting four of his toes, including the great toe.
