COURT RULES AGAINST SACCO

Hunt Missing Flyers Beyond Hawaii

OLD HOME TOWN

The choir of the First Christian church will meet tonight at the church to prepare for the musical part of the program to be given at the Christian encampment on Sunday. The First Christian church of Cisco will have charge of the services for the opening Sunday. Dr. T. T. Roberts, president of Randolph college, will deliver the morning address, and Rev. Thomas Lenox, pastor of the First Christian church, will preach in the evening.

Dr. G. M. Stephenson, who has been "under the weather" for several days following his recent vacation trip to Junction, is now able to be back at his office.

At last ministers and other workers become better known and are used to greater advantage; broadened the vision of the church, to the extent that it may see in groups, and at the field, needs and greater opportunities offered; and feel a quickened religious conscience and stimulate effort to meet the pressing demands now being made upon the church in every part of the land.

EASTLAND CO. MAN ARRESTED AT HOUSTON

HOUSTON, Aug. 19.—A. H. Steeley, salesman for the Mission Sales company, was placed under arrest here today at his firm's office by a deputy sheriff following receipt of information from the sheriff of Eastland county that Steeley was under an indictment charging embezzlement of \$1300.

METHODISTS FINISH WORK UPON CHURCH

"The Lost Christ" is the theme for Sunday evening by Rev. P. T. Stanford, pastor of the First Methodist church. The music will consist of a duet by Misses Edith Turner and Laura Faye Wilson, and George Boyd will sing. A large delegation is expected from the Macedonia community where Rev. Stanford closed a revival last Sunday. At the morning hour "The Glory of the Church" will be the subject. Miss Edith Turner will sing "My Father Watches Over Me," by Martin.

STEVE BRODIE, Jr.

Ray Woods, 21, of St. Louis, will attempt to emulate the late Steve Brodie by diving from the Brooklyn Bridge into the East River, New York. Woods' record jump so far was from a height of 135 feet. He'll wear special costume for this attempt next month.

SUBMARINES DESPATCHED AFTER RUMOR

WASHINGTON, Aug. 19.—Hunt for the missing Dole flight planes was taken to a point beyond the Hawaiian islands, according to report from Ridley McLean, commanding the submarine section of the Pacific fleet. He said he was despatching two submarines to the western end of the island group. "They will investigate reports of objects seen in water," the report said.

WASHINGTON, Aug. 19.—Admiral R. H. Jackson, directing the navy's search from a destroyer in mid-Pacific advised the navy department he would continue combing the Pacific until Tuesday, August 23, adding that if the missing flyers are not found by that time he thought it would be of little use to continue.

HONOLULU, Aug. 19.—Although the most thorough sea hunt in the history of the Pacific has been made during the last 36 hours, Mildred Doran and her four Dole flight comrades were still missing today. More than 100 Japanese fishing sampans manned by crews who know intimately the wind and tides near the island, today augmented the 30 naval vessels searching off the Hawaiian group. The hunting veered today to the far side of the island in the fear the flyers may have overshot their mark. An unverified report from Keane, Island of Maui, yesterday told of the sighting off shore of a floating object thought to be the airplane of Miss Doran. It was found, however, a fishing sampan had been mistaken for the plane.

Reward of \$40,000 has been offered for rescue of the airman, James M. Dole, donor of the prize, offered \$10,000 for discovery of each plane. William F. Malloska of Flint, Mich., added \$10,000 for the finding "dead or alive" of the three passengers in his plane, the Miss Doran. The San Francisco Examiner offered \$5,000 for the rescue of each crew.

Meanwhile, reception of Art Goebel and Martin Jensen, winners of the flight, was indefinitely postponed. Both awaited navy orders sending them into the search with the planes they used in the Pacific flight.

Malloska refused to give up hope for the Miss Doran. He pointed out his plane was designed for loading, including aluminum gasoline tanks which could be drained and used as floats.

SAN ANTONIO, Aug. 19.—No request has been received for despatch of airplanes to Glendale, Arizona, to aid in the search for A. Z. Menard, shell shocked World War veteran, who has been missing in the Arizona desert since last Tuesday, according to Captain W. N. Randolph, adjutant of the flying field today.

BOMB WRECKS TRAIN; ASYLUM PUT IN PANIC

PITTSBURG, Pa., Aug. 19.—Hundreds of inmates of the Mayview insane hospital near here were thrown into panic today when a Pennsylvania railroad coal train passed over a nitro-glycerine bomb placed on a bridge over Chartiers creek. No one was injured, but scores of windows in the hospital were broken.

ST. LOUIS, Aug. 19.—A man believed to be Arch McNeil of Braley, Calif., and another man yet unidentified, were killed and several other passengers injured when local train No. 10, Burlington to Hannibal, Mo., was derailed at Gregory Landing, Mo., near Keokuk, Iowa.

39 Filipinos Drown at Sea

MANILA, P. I., Aug. 19.—Thirty-nine laborers are believed drowned as the result of sinking of a large ship in Manila Bay today. Sixty passengers were saved, 29 of whom were taken to hospital. Communication is broken. Great damage by the wind is thought to have been suffered at Aparri, 300 miles north of here. An unknown American was the hero of the disaster. Three times he swam from the shore to the mass of humanity struggling in the water. Each time he returned with a passenger.

OIL DRILLING

Hoffman and McKibben, T. J. Ledbetter, well No. 1, section 23, block 4, T. & P. lands, Stephens county, intention to drill, 200 feet south of line and 1 mile east of line, depth not given. Cranfill and Reynolds, Ada Bell, C. Short, well No. 2, Counsel Jackson survey, Brown county, well record of gas producer, now producing 7-12 million feet, 1200 feet south of line, and 900 feet east of line, drilling completed. Magnolia Petroleum corporation, J. P. Morris, well No. 18, section 11, survey, block 1, Coleman county, intention to plug. Roxana Petroleum corporation, M. L. Smith, well No. 8, section 1, block 1, S. A. & M. G. R. R. survey, Brown county, intention to drill 1360 feet, at once. Well No. 8 located 161 feet from east line and 150 feet from the south line of Roxana 60 acre, M. L. Smith lease, in section 1, S. A. & M. G. R. R. survey, Brown county. M. L. Smith well No. 9, section No. 1, S. A. & M. G. R. R. survey, Brown county, intention to drill at once 1360 feet, from the well No. 9, located 150 feet from the North line and 150 feet from the west line of the Roxana 60 acre, M. L. Smith lease in section 1, S. A. & M. G. R. R. survey, Brown county.

KoKomo Company Will Drill New Test

GORMAN, Aug. 19.—The KoKomo Petroleum company, one of the successful operators of the local field will drill another well as an offset of their well on the Collins tract as soon as work can be begun. The rig materials are now being assembled on the ground and the work of construction of the rig will begin shortly. It will be drilled on the farm known as the Moates place. The well on the Collins is holding up nicely and they are hopeful of more production in their new well. The well of the Hoffer company on the Rasco place south of town is now down close to a thousand feet. They have not been making much hole on account of difficulties encountered in the work but are hopeful of pushing it along faster in the future. Other locations tentatively made are marking time with work being put off until the price of oil shows some improvement. There will be several other wells drilled soon through.

PLEADS FOR DOOMED BROTHER

Luiga Vanzetti, sister of Bartolomeo Vanzetti, journeys from Italy to America to plead for her brother's life and, failing, to comfort him in his last hours. Picture shows her on her way from Italy to Boston, where Vanzetti and Sacco await their fate.

Electrical Appliances Discussed By Women's Committee of West Texas Utilities Company Thursday Night

LOCOMOTIVE EXPLOSION FATAL TO 3

SHREVEPORT, La., Aug. 19.—Three members of the crew were instantly killed when a Texas & Pacific freight train locomotive exploded three miles from here. The dead: C. B. Mills, engineer, Texarkana, Ark.; W. C. Hughes, fireman, Bonham, Texas; C. Burns, brakeman, Texarkana, Ark. The cause of the explosion is not known.

CISCO SONG ENTERED FOR STATE PRIZE

no. 36. Breckenridge Road Throckmorton Open

BRECKENRIDGE, Aug. 19.—The entire Breckenridge-Throckmorton road, 16.8 miles long, built at a cost of \$589,000, was thrown open to traffic shortly after six o'clock yesterday afternoon, according to L. W. Pelphrey, contractor for construction of the road.

The final loads of hot-topping were turned out late yesterday afternoon and the men were held a little overtime to complete the work, Pelphrey said. Though the highway is open to traffic along its entire distance, some work is yet to be done on the shoulders and on the drainage systems. There are also some side railings to be built along the road. To complete the rest of the work will take about three weeks, it was declared, at which time engineers from the state highway department will inspect the road before it is accepted by the state.

REVOLTS IN UKRAINE

LONDON, Aug. 19.—The Daily Mail printed today reports of "revolt against the soviet" from its Riga correspondent who reported serious revolts are in progress in the Ukraine.

BATTLE CREEK BRIDGE GIVEN CHRISTENING

A good sized crowd attended the opening of the Dyer bridge over Battle Creek Thursday when a program commemorating the event was held. Among the speakers of the day were Guy Dabney, president of the Cisco chamber of commerce, who expressed congratulations on behalf of the citizenship of Cisco to the community by this piece of permanent construction for the community.

Included in the crowd were all members of the county commissioners court who built the steel span bridge, which will connect Pueblo with State Highway 23. The road leading to Pueblo is now in excellent condition, including approaches to the bridge. Several other county officials were present, including Ott Hearn, county tax collector, and County Clerk Jones.

DR. ROBERTS TO ADDRESS BRECKENRIDGE

Dr. T. T. Roberts, president of Randolph college, Friday received an invitation to deliver an address to a union meeting of all churches at Breckenridge on the evening of Sunday, August 28. Dr. Roberts announced he would accept the invitation. The address will be delivered in the open air, and the college president will tell of his recent tour of Europe and his impressions received on the trip.

GORDON POOL GASSER TURNS INTO OIL WELL

Higginbotham No. 2 of the Texas Pacific Coal & Oil company, in the Gordon pool, is showing some of the early marks of a frank well. Several weeks ago it came in as a 10,000,000-cubic foot gasser and was completed as a gas well. Lately the gas began to drop down in volume and the well started to make oil. The last test taken shows that it is now making 12 barrels an hour and is being connected with flow tanks.

Fire Disturbs 400 in Hotel

ASBURY PARK, N. J., Aug. 19.—Mayor Victor Miller of St. Louis, his wife and nearly 400 guests at the exclusive hotel Monterey here were driven to the street today when fire damaged the grill room. No one was injured.

Old Glory Delays Hop Off Again

MINEOLA, N. Y., Aug. 19.—Old Glory, the Pokker monoplane in which Lloyd W. Bertand and James D. Hill expect to fly from New York to Rome will not undertake the flight today. Captain Eric Densham, motor mechanic, made an inspection of the Roosevelt field runway and pronounced it too soggy for use.

Former Policemen Slain by Officers

WILLIAMSON, West Va., Aug. 19.—R. W. Deerfield and Harvey McGintie, former members of the police force, were shot and killed here today by Julius Lawson and James Kirkpatrick, policemen, during a gun battle in a downtown section. Lawson and Kirkpatrick surrendered after the shooting and are held in the county jail, charged with murder.

Radicals Shriek When Told They Must Die; Desperate Effort To Be Made Before U. S. High Court

STATE PRISON, BOSTON, Aug. 19.—Both Sacco and Vanzetti wailed in despair when told the Massachusetts supreme court had ruled against them. "Mobilize a million men," shrieked Vanzetti. Sacco shouted for his 14-year-old son. The cries resounded in the corridors beyond the great granite walls as Assistant Defense Attorney E. M. Musmanno of Pittsburgh broke the news of the adverse decision by the full bench of the state supreme court. "I am not an alienist, but I believe both my friends are on the verge of mental collapse," said Musmanno after the harrowing interview. Chief Defense Attorney Arthur D. Hill had hurried to Pittsburgh, seeking a stay of execution from Chief Justice Walter Purley Hall of the state supreme court. Musmanno was prepared to hurry to Washington to file with the supreme court petition for a writ of certiorari. Meanwhile, the two were being moved to the death house, accompanied by their fellow prisoner, Celestino Madeiro, who had admitted the bank cashier murder for which Sacco and Vanzetti are doomed to die August 22.

Water Board Head in Cisco Says He Will Try to Work Out Plan For Irrigation and Power Development

Belief that some satisfactory means can be worked out whereby waters of Texas rivers can be used for irrigation, municipal and power purposes was expressed here Friday by John A. Norris, chairman of the state board of water engineers, while the conference held in Abilene Thursday under auspices of the West Texas chamber of commerce. The problem will be difficult as regards the Colorado river where some 650 filings for water rights have been made. Mr. Norris said, but this is being kept in mind while considering applications for water rights on the Brazos river and other streams which have not yet been filed to great extent, he added. Beyond this statement, he gave no indication as to what the board's action will be in regard to application filed by Brownwood for permit to dam the Pecan Bayou and Jim Ned creek as a water supply for Brownwood.

KING ENJOINS PAYMENT FOR TAX SURVEY

AUSTIN, Aug. 19.—Rep. A. H. King of Throckmorton county filed suit in the 53rd district court to enjoin Comptroller S. H. Terrell against further payments to the 15 members of the tax commission created by the last legislature on the ground that such payments is a direct violation of the state constitution. King claimed the committee is not composed entirely of legislators, and therefore not entitled to pay out of the contingent fund. King also claimed that as legislators, members of the committee were not entitled to pay as committeemen and legislators as provided in the constitution. Date of the hearing will be set later.

HIGHWAYMEN IN TEXAS GET \$3500 CASH

AUSTIN, Aug. 19.—Two men last night held up and robbed R. Winters, Shreveport, La., business man, and his nephew with a pistol ten miles south of here in the San Antonio road. Winters was robbed of \$520 and his nephew was relieved of a diamond ring valued at \$125. The Louisianans were returning from a business trip to the Rio Grande valley.

GARY SUCCESSOR

Mr. Jackson expressed considerable interest in the model farm of Mr. Lee, and said he believed it would help a great deal in encouraging diversified farming in this area.

Cut Debt First, Watson Advises

WASHINGTON, Aug. 19.—Urging retirement of the public debt as the best way of reducing tax rates, Watson today suggested \$300,000,000 limit to tax reduction legislation. "The best way to ease taxes," said Watson, "is to ease our debt. The American people must realize this. We can get rid of that debt by paying it, and that is the only way we can get rid of it, as we have about reached rock bottom in our efforts to economize."

CISCO WELCOMES ENCAMPMENT

Cisco will be most glad to welcome the campers to the Christian church encampment beginning here Saturday. This city is always hospitable to its visitors, but there is probably no delegation that could be more welcome here than the fine group of Christian men and women and their families who are expected to spend two weeks in our midst.

"SICK OF HIS JOB"

It was an unusual thing, and possibly a true thing, that Thomas A. Edison said of President Coolidge when he heard of the latter's announcement that he did not choose to run for the presidency again. "I think," said Mr. Edison, "that a return to nature in the wild country of the Black Hills of South Dakota started him thinking that the job he now has is not a very happy existence. He is getting sick of his job."

A TELEPATHIC EXPLORER

Something new in exploration has been revealed by Nina Fawcett, wife of the noted British explorer who has been absent for two and a half years, in unknown regions of western Brazil. The lack of communication from him has given rise to the fear that he and his party have perished in that wild, inhospitable land.

One of these times there will be a great international convention composed of delegates representing the "Women Who Have Danced With the Prince of Wales." And, we suppose, it will be at Charleston, South Carolina.

TEMPTING THE KIDS

"We have had only one ring of money-making auto thieves this year," says a police department detective in a big city. "They are in the pen. Kids steal all the cars." Of 456 auto thieves arrested in that city this year, 232 were under 18 years old, and most of the rest under 25. These youngsters steal the cars "for fun."

The Playboy of the British Empire is no longer playing, however, he goes through the motions. Recent pictures of him, on his Canadian tour, show a weary, grown-up man.

Human Interest Editorials

By WICKES WAMBOLDT

WHO KNOWS WHAT?

A man sitting half asleep in the front row at a scientific lecture (some scientific lectures are enough to put anybody to sleep) suddenly roused with a start. "What did you say?" he asked the speaker. "I said," replied the speaker, "that the light of the sun will go out in five billion years."

A speculative grasshopper sitting by the side of a road watching a flyover go by, might say to other grasshoppers, "Now that thing is run by an explosive liquid fuel to its motor from a tank holding fifteen gallons; as soon as that tank is empty, that thing has got to stop for all time to come."

The heavenly bodies floating in space did not merely happen. They are not here merely to look at. They are part of a magnificent plan of a stupendous intelligence as far above the understanding of the most sagacious scientist as the flyover is beyond the comprehension of the smartest grasshopper.

EIGHT PAGES—SECOND SECTION

NUMBER 133

1000 Campers Expected at Christian Encampment

Lake Cisco to Be Scene of Great Meeting; Leaders of Church From All Parts of Texas to Take Part

With an attendance expected to exceed the 1,000 mark, the first annual encampment of the Disciples of Christ for the second district of Texas, embracing 43 West Texas counties, will begin Saturday, August 20, at Lake Cisco near Cisco, Texas, and present indications point to an unqualified success for the initial encampment. The city of Cisco has co-operated in making arrangements for the encampment by seeing that water, lights, tents and sanitary features are afforded as well as arranging for delivery of groceries and other necessities to the encampment grounds. Able leaders of the church from all parts of Texas have been secured to address the gathering or groups at various times during the encampment which will be located on the shores of Lake Cisco, far enough away from the pleasure resort to be private, and yet near enough to afford all the pleasures of boating, fishing, bathing and the like.

The following statement regarding the encampment has been prepared by the central committee, comprised of Judge J. M. Rieger of Breckenridge, C. R. West of Cisco and B. H. Ezell of Albany:

The encampment of the Christian church of the Second District of Texas will be held at Lake Cisco, August 20 to September 5.

The encampment grew out of a desire of many brethren to have the Christian churches and membership joined together in a stronger tie of brotherhood; that they may know each other better; appreciate their enterprises and institutions better; let their ministers and other workers become better known and be used to greater advantage; broaden the vision of the church, to the end that it may see in groups, and see the field, needs and greater opportunities offered; and feel a quickened religious conscience and stimulate effort to meet the pressing demands now being made upon the church in every field of labor and by every constituted agency of activity.

At Haskell district convention a resolution was passed recommending that plans for an encampment be worked out by a committee then appointed. It was also suggested by persons present that an encampment for this year might be worked out at Cisco. The committee got busy, with the result that we have an encampment in reality—close at hand, with every necessary thing provided.

Cisco
You know, or should know, or soon will know Cisco. One of the liveliest of our smaller cities—and not so small either. She generally does what she tries; and she is always trying. Cisco has many natural and as many acquired advantages. The city is well located in every way; easily accessible, having five rail exits; and five hard-surfaced roads leading out. Lake Cisco is a most beautiful body of water; impounded by the greatest hollow concrete dam in the world. The water is 75 feet deep and extends more than seven miles, with shore line of 35 miles; and not yet half full.

Randolph College
One enterprise in which every citizen of Cisco is interested and for which all boast is Randolph College; the college is great for Cisco and Cisco is both father and mother to the college. No junior college in Texas at this time has a brighter future than does Randolph. We want you to learn of Randolph college first hand. The encampment idea is not new, though it has within late years been developed to become far more useful than ever before. Great gatherings, feasts and celebrations have been used by people of all ages—political, religious, fraternal, civic. Since the coming of the automobile and good roads we are just beginning to catch a dim vision of their real usefulness and possibilities. We have but to mention a few notable examples.

The West Texas Chamber of Commerce is one of the youngest and greatest institutions we have. It was born in the minds of some dreamer—a dream of what could and should be done by the united forces in West Texas. The dream did not remain a dream; it became

Noted Abilene Speaker

Rev. Huppertz of Abilene, widely known in the Christian church, who will appear on the encampment program.

Directs C. E. Work

E. F. (Jack) HUPPERTZ

General Secretary of the Texas Christian Endeavor Union. He will organize and direct the Endeavor work at the encampment.

a living, growing, doing reality. All civic organizations have their get together meetings. The lodges have had them always. Every college or university has its home coming and other frequent meetings to get the benefit of concentrated vision and effort. Without such any college will languish and die. Our sister churches and our own have found the religious encampment to be one of the greatest get together and get acquainted opportunities offered. Scan the daily papers and see the reports of other encampments of from 5,000 to 10,000 in attendance on big days. People who do great things and are planning to do things really worthwhile know the advantages of such institutions. Can we be satisfied with less for our brotherhood than other churches are giving theirs? Their great men meet and inspire their interested workers from all over the state; this spurs them all on to higher aims and greater exertion.

To us as a people, the opportunity is even more timely as the needs are more urgent. We have great men; few of us ever hear many of them. We have no system by which we can come together. We find specialists among our own people. Such as equal any to be found in or out of Texas. We must introduce these to our people in large numbers. They need the acquaintance—we need the enthusiasm and information they can give.

Our Helpers
We were instructed to use such farces as would be used among our preachers and other workers of the district and without the district. We are pleased to announce that we have a list of workers who agree to come numbering more than 50; we expect some others, whose responses have not been definite so far on account of other arrangements. We hope to contradict the often repeated thrust, that church workers work for money alone. We expect visitors from more than 50 churches. If you have not decided to come, do so at once. See some of your membership and arrange a party; stay all the time if you can; if not, spend at least a few days with us.

We prefer that you select one period—one or more—and let us know your decision.

Periods
In order that we may distribute our workers and also regulate our attendance, so that too many may not come at one time and too few at another, thus overtaxing our accommodations at one time, and perhaps running short at another. We have divided the week days into four periods, as follows:

No. 1—Monday, Tuesday and Wednesday, August 22, 23 and 24.
No. 2—Thursday, Friday and Saturday, August 25, 26 and 27.
No. 3—Monday Tuesday and Wednesday, August 29, 30 and 31.
No. 4—Thursday, Friday and Saturday, August 1, 2 and 3.

Program
Definite daily programs cannot

CISCO CHURCH IN CHARGE ON FIRST SUNDAY

The program for the encampment, August 20, will be one of much interest and furnished by members of the First Christian church of Cisco. Dr. T. T. Roberts of Randolph college will deliver the address at 11 o'clock and Rev. Thomas Lenox of the First Christian church, Cisco will speak at 8 o'clock in the evening. A thirty minute program of music will be given in the evening by the Interchurch orchestra, of Eastland. Mrs. H. V. House of Cisco will sing. Mrs. House is one of the greatest soloists in Texas and she will be heard a number of times during the encampment. The choir of the First Christian church will be in charge of the music for the first day.

be given for each day; as many have left the time of their coming in doubt. We can promise a most excellent program all the way through. Our trouble will be to use all material, rather than to have sufficient material to use.

The following is an outline of daily program:

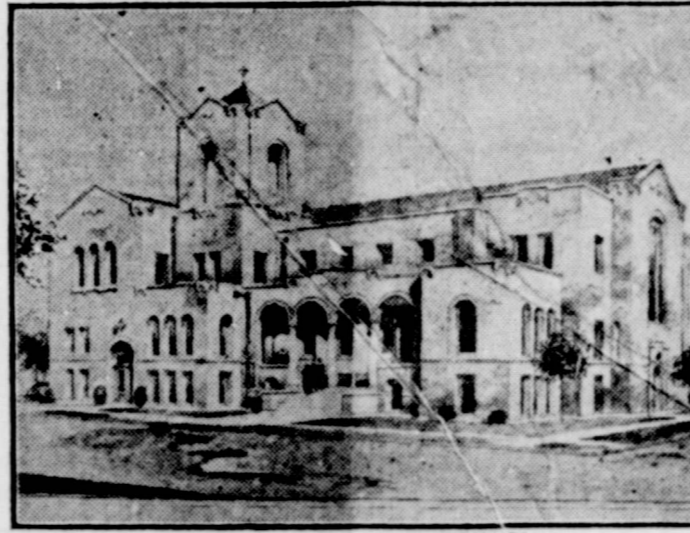

Daily Program At Encampment

Cisco Encampment of Christian Church; also key to numbers.

Morning Period

Assigned to young people.
6:30 to 7:30—Swimming.
7:30 to 8:00—Breakfast.
8:00 to 10:00—Assembly, devotional and class periods, to be worked out by leaders.
8:00 to 8:20—Devotional.
8:20 to 8:40—Morning tonic—talk by some expert.
8:45 to 10:00—Classes, conferences, etc.
10:00 to 10:20—Junior congregation—A. L. Haley.
10:20 to 11:40—Morning service for all.
10:30 to 10:50—Music.
10:50 to 11:05—Announcements.
11:05 to 11:40—Sermon.
11:40 to 3:00—Dinner, rest recreation, visiting.
3:00 to 5:00—Devoted to conferences, lectures, specials, concerts, etc.
4:30 to 8:00—Visiting other towns.
7:30 to 9:10—Night services for all.
7:30 to 8:10—Song service.
8:10 to 8:20—Announcements.
8:20 to 8:40—First period.
8:20 or 40 to 9:10—Sermon.
10:00—Quiet.

Breckenridge Church Among Greatest

one of the most beautiful and complete churches in all West Texas is the Christian church at Breckenridge, built at great expense to care for church and Sunday school departments.

Special Days

Welcome by Cisco, Saturday night, August 20.
Add-Ran Day, Wednesday, August 24.
T. C. U. Day, Thursday, August 25.
Women's Day, Friday, August 26.
Men's Day and Business Day, Friday, September 2.
Others to be announced later.
Tuesday night, August 23, H. E. Luck will give his great lecture on "Crime Among Our Boys; the Cause; Responsibility and Remedy." Mr. Luck is now and has been for fifteen years chaplain of the state juvenile training school at Gatesville.
Wednesday, August 24, will be a day to be remembered by all old Add-Ranites and their families. An excellent program has been prepared and many have said they were coming.
Thursday, August 25, will be Texas Christian University Day. Following Add-Ran Day, many will attend both days. Dean Colby D. Hall has charge of the arrangement for the day.
Friday, August 26, will be Women's Day. The women will have charge of the exercises and supply the numbers for the day.
Friday, September 2, will be Men's Day and Business Day. On that day we hope to decide upon the permanency of the encampment; if it is perpetuated, then decide as to location and organization for future encampments.
Special Features
A. L. Haley of Abilene will each morning from 10 to 10:30 use and demonstrate the junior congregation idea. He will actually have services for and with the children of from 7 years of age to all ages of adults.
Mr. Haley has done this work to the delight and profit of the church in Abilene and other places. He uses three methods—stories, il-

as Mr. Huppertz comes full of interest and enthusiasm.

Mr. B. Harris of Stamford will have the direction of the standard course to be taken in the Bible school work. He comes highly recommended.

Mrs. J. L. Keovil of Wichita Falls will give several lectures pertaining to social service. She has that line of work in charge in the great First Church of Wichita Falls. You cannot afford to miss a word she has to say.

J. W. Bradley of Wichita Falls Highland Heights, church will for a few days have charge of a Council for Church and Bible School Workers. His years of service qualify him for this important work. See that your Bible school superintendent and teachers are with us for these conferences.

N. A. Hightower will give a series of short talks on pictures illustrating Bible characters, especially in the life of Christ and his associates.

Graham Church Makes Splendid Progress

MONTGOMERY PROVES GOOD CHURCH HEAD

The following statement was prepared by a member of the First Christian church of Graham:

There are a great number of very influential churches throughout our brotherhood and we congratulate them all on their great and good work. We are glad to know that we have a part in the wonderful program with the Disciples of Christ.

For years we struggled in this section of the country and many times discouragement would have turned us back, but thinking of the courage of the heralds of the Cross that had paid a price for our church freedom, we were inspired to labor on.

Our laboring has not been in vain, for today we feel that the Lord has blessed us in many ways. We have one of the most beautiful churches to be found anywhere and a magnificent personage. The writer also feels that you will find one of the very finest groups of Christian people in the Graham church than can be found anywhere.

The Graham church feels that it has been greatly blessed in the selection of its new leaders, Bro. J. Erwin Montgomery and his wife. Since their coming, there have been added to the church 75 new members. Our ladies have been doing a wonderful work under the leadership of Mrs. Montgomery and the women's council.

Our Junior and Senior Christian Endeavor, the Young Men's and Women's Bible Study, the Young Men's and Women's Prayer Circle and the Young People's Society are all very much alive and we are proud of their record and interest. The Sunday school under the leadership of A. C. Anderson has shown about one-third increase and is holding out in a fine way during the summer. We are proud of our Sunday school superintendent.

The Graham church doors to all who knock opens its arms to you. You are welcome. You are welcome. You are welcome. You are welcome.

Services in the church: Bible Study, Sunday School, Morning Prayer, Church Services, Christian Endeavor, Women's Council, Monday, 2 p. m.; Workers' Conference, second Monday, 8:15 p. m.; Busy Bee Circle, Wednesday, 2 p. m.; Prayer Meeting, Wednesday, 8:15 p. m.; Choir practice, Friday, 8:15 p. m.; Board meeting, second Friday, 8:30 p. m.

Officers are: A. V. Anderson, Sunday school superintendent; Mrs. J. E. Montgomery, president Women's council; Dr. W. A. Morris, chairman of board; H. L. Tidwell, secretary of board; "Bill" Johnson, treasurer and choir leader; Miss Eugenia Carlton, pianist.

STOPWATCHES ASKED TO TIME BEAR AND FISH. SAN FRANCISCO, Aug. 19.—Pacific coast sportsmen have lately been using their stopwatches on fish, fowl and beast.

A grizzly bear, urged through a narrow canyon highway by an automobile, lumbered up at a speed of 45 miles an hour, the car's speedometer showed. Racing whippets have been timed in remarkably fast sprints both at San Francisco and at Tijuana, across the Mexican border from San Diego.

A number of animals have been clocked by Cecil Mohawk of Santa Barbara, who has compiled and printed his findings. The savage harlequins, Mohawk discovered, can swim at fast as 70 miles an hour. Mohawk used his stop watch principally on timing fish and animals in the water.

The will of Jarvis Hillborn who died recently in Minot, Maine, sets aside \$30 a year for 25 years to defray the expense of an annual dance for the young people of the community.

In the native quarters of China the streets are made crooked on purpose to confuse the Evil One, who is always supposed to travel in a straight line.

Directs Children. A. L. Haley of Abilene, specialist in children's work, who will direct the Junior congregation at the encampment in services each morning from 10 to 10:30 o'clock.

J. ERWIN MONTGOMERY Graduate of T. C. U. and Pastor of Christian church at Graham.

W. D. Darnell of Sweetwater, one of the boosters for the encampment, who will address the gathering one day during the encampment.

EX-PUPILS OF OLD ADD-RAN TO HAVE DAY

Former students of Old Add-Ran school, the forerunner of the present Texas Christian university of Fort Worth, will hold a reunion on Wednesday, August 24, at the Christian encampment in Cisco. Pupils of the famous old college will be present to renew acquaintances and talk over the days of long ago. Dr. Randolph Clark, head of the college, will be present to see his old students and to take part in the program.

The committee in charge of Add-Ran day includes J. C. Combs, John Hiler, A. G. Dabney, Jean Andrews, Mrs. George Anderson and J. D. Shaw.

Following is the program: 10 to 10:25—Music; 10:25 to 10:45—Devotional, Mr. Randolph Clark; 10:45 to 11:15—Address, Hon. W. D. Darnell; 11:15 to 11:45—Address, F. O. McKinsey; 11:45 to 2:30—Intermission; 2:30 to 3:30—Organizing "Add-Ranites" for future work, R. F. Holloway, leader; 3:30 to 5:30—"Auld Lang Syne," boys and girls of Add-Ran; 6:30—Banquet; 8 to 8:30—Music; 8:30 to 8:50—Talk, F. G. Jones; 8:50 to 9:10—Talk, Lee Clark.

The magnificent gold plate used by the kind and queen of Great Britain at state banquets consists of a dinner service for one hundred guests, complete with turquoise, meat dishes, entree dishes and covers, a fruit service, and a coffee service. Golden candelabra, from three to four feet high and branching in all directions, are used as table decorations.

DRY ENFORCEMENT AT SERIOUS PROBLEM

DETROIT, Aug. 16.—Prohibition enforcement in Detroit is a "pretty serious proposition" in the opinion of Dr. James M. Doran, new prohibition director, who made this city a visit recently.

Dr. Doran, however, said he regarded local effort to halt the liquor traffic as "succeeding very well in spite of Detroit's peculiar geographic position."

New Dormitory to Aid Randolph

Noted Football Coach Will Also Add Much to Enrollment for Term Beginning September 13, is Belief

In an effort to complete the building in time for use when the college opens in September, workmen are rushing construction of a new \$50,000 fireproof dormitory at Randolph college here. The dormitory, made possible by a gift from Mrs. Lee Bivins of Amarillo, wife of a pioneer ranchman of that section, will serve 80 boys, and is expected to result in a greatly increased enrollment at the Cisco junior college for the coming session. Last year the college enrolled 150 boys and girls, and the coming session is expected to see the registration reach 250.

Randolph college is situated on a high hill known as "College Hill" to the north and overlooking the city of Cisco. Its present plant consists of a large brick administration and class room building and a comfortable dormitory for girls. Addition of the boys' dormitory will add greatly to the physical plant of the institution. The hill has long been the site of a college, formerly being known as "Britton College." Three years ago the college was taken over by the Christian denomination in Texas, and its name changed to "Randolph College" in honor of Dr. Randolph Clark, veteran West Texas minister and educator, who still lives at Ranger. While the college is denominational in that it is supported by the Christian denomination, in Cisco no religious lines are drawn in this regard, and both financial support and students come from many persons of other religious belief. In fact, several members of the official board are members of other churches. The college receives the hearty support of all Cisconians, who have contributed liberally in the past to its support in both money and their efforts.

A splendid faculty, headed by Dr. T. T. Roberts, president, has been obtained for the college. Dr. Roberts is one of the outstanding men of the Christian denomination and came to Cisco from Enid, Oklahoma, where he held a responsible position with Phillips University, an institution of first class and considerable size. He is highly

educated, having degrees from some of the outstanding educational institutions of the country, and has set as his aim the development of not the largest, educational institution in West Texas, but one where a student can get the closest personal attention from his instructors. In fact, Dr. Roberts has laid out a program to make Randolph useful as a preparatory college where the first two years of college and university study can be obtained in an institution where personal contact with the instructors of high calibre is possible. Freshmen and sophomore classes in the larger colleges are becoming too large and the instruction therefore too impersonal. Dr. Roberts maintains, and hence the necessity of a junior college of the type of Randolph to care for the student in his stage of transition from high school to college. The Junior college gets the young man or young woman at the age when he or she is most likely to be tempted away from study and the refinement of home, Dr. Roberts asserts, and unless the protective wing of an institution like Randolph can be thrown about them, then they may be expected to succumb to the "jazz age," he asserts.

However, the students who attend Randolph college are not "mamma's boys" or wall flowers. The college athletic teams participate in all sports, and this last year made an enviable record, especially in football. The eleven defeated every junior college team it met—and all of those in West Texas who would schedule a game with the Badgers were accommodated—and the team made such a good showing against Trinity university that a return game was offered for the forthcoming season. The Badgers led Phillips university for the first half and lost the game to the heavier, more experienced Indians by a close margin, and met the noted Bellefonte, Pa., academy team, national champions in their class, in a Christmas day battle. An even more enviable record is expected this fall when Monroe Sweeney, former national baseball league umpire, will take over the coaching job. Sweeney is now umpiring in the Pacific Coast league, and expects to return to Cisco about September 1 to begin training his men. Sweeney has a number of excellent prospects lined up for the eleven this fall, and fans expect him to put out a championship team. Sweeney is a man of high character, being a graduate of Bethany, one of the

Christian denomination schools, and has coached football at Paul's Valley, Okla., where he won the state championship. He is the most popular athletic official that has officiated in games in this section in years.

The college has recently come through an endowment campaign of statewide magnitude, and as a result about a quarter of a million dollars was pledged to its endowment. In the past, in spite of lack of funds, the college has always made every effort possible to care for students applying for admission, and it was announced recently that out of the enrollment last year, only four paid their entire year, the remainder receiving all or part of their expenses from the college for work performed. Jobs for students are found in the business houses of Cisco or other employment is arranged, with the re-

tional baseball league umpire, will take over the coaching job. Sweeney is now umpiring in the Pacific Coast league, and expects to return to Cisco about September 1 to begin training his men. Sweeney has a number of excellent prospects lined up for the eleven this fall, and fans expect him to put out a championship team. Sweeney is a man of high character, being a graduate of Bethany, one of the

sult that no student has ever been turned away from Randolph because of lack of funds. With the construction of the new dormitory, the addition of the new football coach, strengthening of the faculty, and better financial condition, Randolph college expects to begin its most successful year when the doors of the administration building swing open in September.

Albany Church Has Progressed Much

OIL TO BRING CONGREGATION TO NEW POINT

The First Christian church at Albany was organized the first Sunday in December, 1896, by J. V. Pinkerton, with the charter members, several of whom are living. They held their meeting in the court house until the spring of 1898 when they built their first church building, which was dedicated April 7, 1899, by J. H. Rosecrans and A. J. Bush.

The dedication was followed by a protracted meeting with a goodly number of additions to the membership. The present building was erected under the leadership of S. J. Shuttlesworth, who came to Albany in 1919 and started a membership drive right from the start, and erected a beautiful building with basement, kitchen, and seven Sunday school rooms below and four above, with all modern improvements. The building was finished and dedicated in 1921 with some thirty additions. Since that time, the membership has grown threefold. As Albany develops from all activity, it is expected that the church will go forward at a corresponding rate.

Built Albany Church

S. J. Shuttlesworth, who, as pastor of the First Christian church at Albany, was the leader who put over construction of the present modern church building.

A New York dealer in autographs and a Philadelphia bookseller have purchased jointly the only known autograph manuscript of Edgar Allan Poe's 'Raven' from the family of Mrs. Edith D. Whitaker of Philadelphia.

RENTAL TENTS AVAILABLE AT ENCAMPMENT

Plenty of tents, cots and camp furnishings will be available for those who attend the Christian encampment at Lake Cisco. An army store representative from Abilene has arranged to be present throughout the encampment to rent accommodations to those attending. A special reduced schedule of prices has been arranged as follows:

Tents 16 feet by 20 feet, \$10 for duration of encampment; 12x14 feet, \$6.75; 10x12 feet, \$6.00; 8x10 feet, \$4.00; cots, \$1.00.

Camp stoves, tables, stools, etc., will be available for rent. A furnished tent can be rented at 75 cents a night, while a cot will be available at 50 cents a night.

Arrangements have been made so that a fishing permit for the entire time of the camp can be obtained for \$1.00, whereas the ordinary price is 50 cents a day. Swimming will be available to the

campers at half price or 12 1/2 cents a swim. Soda water will be sold at the camp at city prices, and ice, bread, and cooked food will be available at a cafeteria where meals can be had at \$1.00 per day. Water, lights and other conveniences have been provided.

1000 Expected At Encampment

Continued from page 1

our big laymen will appear from time to time.

We hope there may not be a dull number on the entire program; nor a part that is not well worth the while given to it.

Any of our people from the least to the greatest can get something beneficial, uplifting and enjoyable each day.

GREATEST OF ALL

Read this of you pass all else we have said!

If you want to get and give the most prepare at once for the following special services—these constitute the school of the encampment—the real points of contact.

Young People

Have your young people present on Monday morning, August 22, at 8 o'clock, sharp. We want all above 13 years of age. They will be given training in various lines of church work. Classes in standard courses will be organized and completed; and certificates issued. Recreation and social needs will be more than met.

Bible School Workers

If your superintendent and teachers have anything to give, or if they are willing to receive, have them meet on Monday morning, the 22nd, to organize a course of study and counsel leading to the betterment of the Bible schools. You can give and get much by these councils and studies. Your superintendent or teacher may get a vision that will revolutionize your school. Our great schools and classes are built by some person who had a dream and by faith put it "over."

Church Workers

There will be organized or conducted a series of conferences by our ministers and others touching the practical things of the church; the door of evangelism is before us; cooperation in personal effort, and many other timely topics. No worker who yearns for advancement of the cause can afford to miss these conferences. The hour for meeting will be worked out to suit the convenience of the greatest number.

Visiting

We shall have from six to fifteen

preachers on hand at all the time. We must work out a system of visiting to nearby places by which a part of singers and a preacher may visit these places daily. We can in that way get our people before others, who otherwise would never know us. We can invite them to the encampment. We can open the way for evangelistic meetings.

We plead for the careful, prayerful cooperation of all in these working features.

AUSTIN LEAVES BANKING POST SEPTEMBER 1

AUSTIN, Aug. 19.—Charles Austin, retiring state bank commissioner, plans a rest after leaving office September 1. He feels he has earned it.

Besides looking after bank supervision, Austin has been general manager of the state bank building.

Assets of failed state banks are turned over to the department for liquidation. These have included everything a banker may take as security for a loan.

There was the herd of goats. There is still a boat down on the golf coast. There have been many things.

Since abolition of the state bank guaranty fund, the work of the department will be lessened. There still remains the liquidation of many banks under that plan.

This liquidation can continue indefinitely. Some assets still are being received from banks that have been out of business six years. As a parting recommendation, Austin suggests that the legislature fix some definite time to wind up the affairs of a closed state bank.

He Awaits Fifth Return of Booze

HOUSTON, Aug. 19.—For a fifth time, John Luizza, who owns an evitable stock of pre-Prohibition liquors, is waiting for federal prohibition agents to return the stock to him.

Four times federal agents have seized Luizza's stock of liquor and four times the stock has been returned to him by court order, the prohibition laws prohibiting seizure of liquors purchased before enactment of prohibition laws. The liquors were seized again the other day and Luizza is confidently waiting for a court order to return them to him.

WORK ON NEW MAY ROAD IS PROGRESSING NICELY

Och. Jacobs, with his precinct grading crew, began the work Monday morning of putting up the grade on the new Rising Star-May road and has been making good progress during the week. It is estimated that about 20 days will be required to complete the work.

Texas Bird Expert Attains Great Fame

AUSTIN, Aug. 19.—George Finlay Simmons, Texas' bird specialist, has returned home after achieving national fame. He is visiting his brother, D. A. Simmons, assistant attorney general, in Austin.

Simmons was formerly instructor in zoology at the University of Texas. He later became bird specialist for the state game department. As a result of his investigations of bird life on the gulf coast he was picked to head the expedition of the Cleveland Natural History Museum, Cleveland, Ohio.

As head of this expedition he made a 22 months cruise to Africa and South America. Many specimens not before known were brought back. There were others, too, not found since Darwin's investigations. The trip was made by sailing vessel, a boat smaller than Columbus' Santa Maria.

Bowie.—The Oak Grove Hatchery has opened for business in this city. The hatchery will do a regular commercial hatching business. A number of electric incubators having a capacity of 6,000 eggs have been installed already, and larger units and incubators are to be added later.

We sell diamonds on easy payment plan—wear while you pay. Dean Drug Co. 6-134

Journalism Course For Preachers

WAXAHACHIE, Aug. 19.—A course in journalism for preachers, directors of religious education and other church workers will be given at Trinity university this fall.

The purpose of the course, according to President John H. Burns, will be to teach church workers what constitutes news acceptable to newspapers. Various mediums of publicity, including newspapers, radio, magazines, moving pictures, outdoor and newspaper advertising will be analyzed.

Sweetwater.—Sweetwater's \$200,000 municipal auditorium has been formally opened. The Sweetwater Gold Medal band, official musicians for the West Texas chamber of commerce this year, played at the opening program and has been given an official headquarters in the building where it will hold practice hours Wednesday nights of every week.

Humble Tells How To Treat Snakebites

AMARILLO, Aug. 19.—Because many oil men have been bitten by snakes while working in the oil fields of west Texas, the Humble Oil and Refining company has sent out instructions to its employees telling them how to care for themselves if bitten. All employees have been advised that an anti-venom serum will be kept in all of the 11 west Texas and panhandle camps of the company.

MORAN COUPLE ARE SECRETLY MARRIED

MORAN, Aug. 19.—Miss Inez Thomas and George Eberle were united in the holy bonds of matrimony Sunday morning, August 7, at Eastland, Rev. W. J. Nelson, pastor of the First Baptist church of that city officiated. They returned to Moran and their marriage was kept a secret until Sunday, when they announced their marriage and left for Houston and Galveston for their honeymoon.

Amusements

"RESURRECTION" NOT A BIBLICAL STORY

Widely read as Leo Tolstoy's classic novel, "Resurrection," has been in the past thirty years, Edwin Carewe, director and co-producer with Inspiration Pictures of the picture which opens at the Palace theater Sunday and Monday, discovered innumerable film fans in rural districts and even in bigger cities of America who believed any film or novel entitled "Resurrection" must be a tale of the Christ. Carewe wrote more than three thousand letters in reply to filmgoers who queried him while he was directing Rod La Rocque and Dolores Del Rio in the film, made in California. To each he explained that "Resurrection" is not a religious story, not a biblical tale—and that Leo Tolstoy's flesh-and-blood drama makes splendid reading in any language.

Carewe said that "Resurrection" is simply a very human study of tormented souls under the lash of selfish passions, and of great sacrifices

to which a higher, cleaner love of man for woman and woman for man lifted prince and peasant. He told his unenlightened correspondents that the title "Resurrection" referred to the spiritual and moral rebirth of the souls of Prince Dmitri and Katusha Maslova, doomed in sin. The American director declared that he had faithfully preserved the spirit and letter of Tolstoy's great novel and that the ending of the picture is the logical ending of the novel, with the moral to be found in the story itself.

Moran Farmer Sells Two First Bales

MORAN, Aug. 19.—Henry Midkiff brought in the first bale of 1927 cotton Tuesday. This is the second bale of cotton Mr. Midkiff has marketed this year, having taken the first bale to Breckenridge, where he received a handsome premium and a good price for the cotton, it being the first bale in that city. The cotton brought 20.25 cents per pound and was purchased by

Oscar Wise. The bale weighed 450 pounds. Mr. Midkiff lives on the W. D. Kinnison place east of town and has prospects for a good cotton crop this year. The merchants of Moran made up a premium of nearly \$50 for Mr. Midkiff.

Slaton.—The sixth monthly luncheon of the Slaton chamber of commerce was staged this week, and proved to be one of the most enthusiastic held this year. The program was in charge of the industrial committee of the organization and brought to light many phases of industrial development in this section.

What Doctors Say About Smoking and Throat Protection

An advertisement based on the opinion of 9651* physicians

Mary Lewis, Famous Metropolitan Star, writes:

"Because they never irritate the throat and because of their finer flavor, Lucky Strikes are my favorite and of all whose voices are precious."

Mary Lewis

"Can I really smoke without irritating my throat, even if my throat is unusually sensitive, and even if I smoke as much as I please?"

A number of physicians, many of them leading physicians, in various parts of the United States, were recently asked these two questions:

Q1—In your judgment is the heat treatment or toasting process applied to tobaccos previously aged and cured, likely to free the cigarette from irritation to the throat?

9651 doctors answered this question "YES".

Q2—Do you think from your experience with LUCKY STRIKE cigarettes that they are less irritating to sensitive or tender throats than other cigarettes, whatever the reason?

11,105 doctors answered this question "YES".

You have noticed in the newspapers and magazines the opinions of many whose voices must be maintained unimpaired—opera singers, actors and actresses, men prominent in public life, radio announcers. These opinions are confirmed by the opinions of those whose business it is to know.

"It's toasted"

No Throat Irritation - No Cough.

*WE HEREBY CERTIFY that we have examined signed cards answered Questions One and Two and that there are 9651 affirmative answers to Question One and 11,105 affirmative answers to Question Two. LYSLAND, ROSS BROS. & MONTGOMERY Accountants and Auditors New York, July 21, 1927

Legion to Hold Cross Plains Meet

CROSS PLAINS, Aug. 19.—The Seventeenth District convention of the American Legion will be held in this city on September 10 and 11, and elaborate preparations are being formulated for the entertainment of the several hundred legionnaires who will be here. This district comprises several counties and many prominent men will be here for the occasion, probably including Governor Dan Moody and other notables. The officials of the Cross Plains post are already making preparations and committees for various duties have been appointed. A patient in an Australian hospital, after listening to a radio talk on wrestling, surprised the surgeons when, under an anesthetic, he gave a demonstration of wrestling skill, finally springing off the operating table to compete with an imaginary opponent. India once possessed the knowledge of infusing steel blades with gold without impairing the strength or spoiling the temper.

More than 10,000,000 meteors strike the earth's atmosphere daily, says Dr. Harlow Shapley, director of the Harvard observatory. Although a meteor weighing 21,000 pounds was discovered at Willamette, Oregon, most of them are so small that they add to the earth a total weight of only 36,500 tons a year.
