FRANCO-GERMAN RECIPROCITY

A remarkable agreement was signed recently between Germany and France, and will go into effect September 6. It is a commercial treaty which modifies the tariffs of the two countries on a "most favored nation" basis, with a large amount of reciprocity.

GRANDMA'S ANKLES

The summer colonies of the Penobscot Bay region in Maine, had the surprise of their life when they held a beauty contest restricted to ankles. More than one hundred women and girls entered the competition.

only \$50 for one milligram. That is a speck about as big as a grain of salt just visible to the naked eye. If you think that's dear, just consider that a whole gram, which is 1,000 times that much, about a thimbleful, requires for its manufacture the treatment of 500 tons of ore with powerful machinery and costly chemicals.

Who says smoking doesn't pay? It paid Uncle Sam \$370,000,000 in tobacco taxes last year.

SILLY DUCKS.

A woman set a hen on some duck eggs and when the little ducks were hatched, she put the hen and brood into a coop with perpendicular slats nailed across the front so the ducklings could waddle in and out at their pleasure.

She found the old hen alone and the ducklings lined up behind the coop cold and miserable. They had gotten around back of their little house, and hearing the old hen clucking had tried to go straight to her.

The folks who get along the best are the most enterprising folks. They are the folks who, when their progress is stopped by something which cannot be dug under or climbed over or gone around will set to work and cut through the obstruction.

DINNER STORIES.

For two days they had a Swedish clerk in one of the shoe stores on Hollywood boulevard. He isn't there now, but he might have been had not the boss detected him in the act of throwing a brand new pair of shoes into the wastebasket.

GIRL WITH THE CURL COMING BACK TO PARIS

By Alice Lancellet

PARIS, Aug. 31.—"There was a little girl.

"Who had a little curl. "Right in the middle of her forehead * * *

This little old-fashioned girl is coming back again this winter, according to the chic Parisian coiffeurs. Garconne cuts and the very boyish bob are completely "out."

"Short hair is still very much in," says Monsieur Lechapt, who has been one of Paris' most fashionable barbers for twenty years and who is now president of the Coiffeurs Academy.

"Short hair will have to be worn as long as the great corporation of hat-makers continue to make women's headgear like a polka's helmet.

The distance between points near Charleston, South Carolina, and San Diego, California, 2,150 miles, is the shortest from the Atlantic to the Pacific.

CLEVELAND TO MAKE EARLY BID TO GET G. O. P. CONVENTION

CLEVELAND, Aug. 31.—When the Republican National Committee names its sub-group to select the 1928 presidential convention city, Cleveland will be among the first cities to enter bids to entertain the gathering.

A sufficient amount of money to finance and entertain the Republican National Convention here in 1928 has already been raised, according to Col. Carmel A. Thompson, who heads the Cleveland group seeking the meeting.

This amount is based on the expenditures of the 1924 National Republican Convention which met here in the Public Auditorium.

The sub-committee to select the 1928 meeting place will be appointed sometime in September, according to Col. Thompson. Immediately after the group is named a Cleveland delegation headed by Thompson will seek it out in Washington and urge that Cleveland be selected as the 1928 convention city.

It is also understood here that influential groups are seeking to bring the National Democratic Convention to Cleveland, although no definite announcements have been forthcoming.

Under our present calendar, no century can commence on Wednesday, Friday or Saturday. October begins always on the same day of the week as January; February, March and November commence on the same day of the week, while May, June and August commence on the same day of the week as it began.

ITCHING ECZEMA GOES QUICK WITH USE OF THIS

People who have endured tortures from itching eczema will be happy to learn that a means of relief has been perfected and is already enjoying unheard of popularity on account of the quick way it gets rid of the awful disease of the skin which nobody seemed able to figure out before. It is called Black and White Ointment.

Most all dealers have Black and White Ointment, and Skin Soap, on account of the tremendous demand which has already reached the rate of more than two million packages a year in its sales, because it relieves so quickly.

They are economical, too. The big 50c packages of Ointment contains three times as much as the liberal 25c size.

CARBON BLACK PLANT PLANS WITHDRAWN
BRECKENRIDGE, June 30.—Application of the Roxana Petroleum company for a permit to construct a half million dollar carbon black plant at South Bend to take care of gas which is declared to be going to waste in that field at the rate of 60,000,000 feet daily, has been withdrawn, according to officials of the company.
The report that the Lone Star

CLEVELAND TO MAKE EARLY BID TO GET G. O. P. CONVENTION
CLEVELAND, Aug. 31.—When the Republican National Committee names its sub-group to select the 1928 presidential convention city, Cleveland will be among the first cities to enter bids to entertain the gathering.
A sufficient amount of money to finance and entertain the Republican National Convention here in 1928 has already been raised, according to Col. Carmel A. Thompson, who heads the Cleveland group seeking the meeting. It is anticipated that \$150,000 will see the convention through and that amount has been raised at this date, the Colonel's secretary states.
This amount is based on the expenditures of the 1924 National Republican Convention which met here in the Public Auditorium. The city's municipal gathering place is being enlarged and will be even a greater attraction than the four years ago.
The sub-committee to select the meeting place will be appointed sometime in September, according to Col. Thompson. Immediately after the group is named and delegation headed by Thompson will seek it out in Cleveland and urge that Cleveland be selected as the 1928 convention city.
W. P. Henry of the Cisco company is expected home today from a business trip to Dallas. Miss Emma Miller visited with friends in Eastland Wednesday evening.
Mrs. Eugene Linkford and sons, Charles, Early and Eugene, Jr., left this week for a two months visit in Virginia, where they once lived. Mrs. J. E. McDermott and daughter, Miss Gail, will return to their home in the Spring tomorrow, after a visit with friends and relatives here.

GIRL WITH THE CURL COMING BACK TO PARIS

By Alice Lanchester
PARIS, Aug. 31.—"There was a girl,"
Presenting a girl who returned to Paris four years ago.
Circle 1 of the Presbyterian auxiliary met Wednesday at the home of Mrs. H. C. Henderson, with Mrs. J. B. Hart as co-hostess. Devotional was led by Mrs. F. D. Pierce. After a short business session, an interesting study of the first twelve chapters of II Samuel was held with Mrs. W. P. Lee as teacher. During the social, refreshments were served to eighteen members and eight visitors. The next meeting will be held the second Tuesday in September, as the circle disbands during the months of July and August.

Personal Mention

Mrs. C. E. Rountree has returned to Oklahoma City, after spending a week with her mother, Mrs. J. W. Wilson. Mrs. Rountree has been teaching in Hill's Business college for several years.
Mesdames W. A. Cox, J. D. Collins, George Winston and Philip Pettit spent Wednesday in Scraper with the Methodist Missionary society in an all day meeting of Bible and missionary study. Cisco Cleaners Add to Plant

Extensive additions and repairs have been made to the plant of the Cisco Cleaners, successors to the Modern Cleaners, in the Hartman building on Main street. Roy L. Ratliff, former Randolph college student, has taken over the plant, and has installed a large amount of new equipment for dry cleaning and pressing, including the continuous flow system which is said to be the most modern in use. The building has also been remodeled.
Mr. Ratliff came here last fall from Haskell, where his father and brother compose the firm of Ratliff and Ratliff, railroad lawyers. He was reared at Decatur. Mr. Ratliff attended Randolph college during the last year, and was recently married to Miss Sylvia Jones of Morris, Okla., another Randolph student.
Associated with Mr. Ratliff is E. E. Stevens, known locally as "Steve," who was with the Powell cleaning plant for the last year. He will be in charge of the ladies' wear finishing department, in which work he has become well known for his skill.

BRECKENRIDGE HAS BIG AUTO RACE SUNDAY

BRECKENRIDGE, June 30.—Four speeding stars of the east will be seen in action on the Oil account Fair race track here next Sunday afternoon when the annual Independence Day classic opens a year before what is expected to be one of the largest crowds that has ever gathered here. All four of the drivers are from Kansas and have participated with marked success in the big classics of the east and middle west and to one of them goes the distinction of having defeated George Souders, hero of the last Indianapolis race in the 100-mile event at Kalamazoo, Michigan, last Saturday.
The four men are Fred Frame, who defeated Souders, Ted Simpson, Harry Milburn and Jack Peterson. All but Milburn drive Miller Specials, Milburn driving a new Duesenberg.
The Fronty Sales company of Detroit, Michigan, has requested to be placed on the list of those to be notified of racing events here and has indicated that it may enter a new Miller, declared to be the fastest ever built and embodying the latest in race car improvements including front wheel drive and a cylinder displacement of 91 cubic inches as well as copper plated body done in cinnamon red and an H chassis.
The Texas & Pacific railroad has announced a round trip rate equal

An Adjustable Steering Column to Suit Your Convenience

Buick for 1928 is extremely thoughtful of feminine comfort. One indication of this consideration is Buick's new steering column, which may be adjusted to the most comfortable position for women, as well as men.

And in addition, Buick for 1928 has a new steering wheel—slender to fit feminine fingers—yet deep and solid to provide the firm grip men demand.

Buick for 1928 pleases women because it is easier to drive—because it is more comfortable to ride in—and because it is the acknowledged style-leader among motor cars. That's why you see so many Buicks at fashionable gatherings and on the smartest boulevards.

"EAGLE BEAK" ON FLYERS IS AVIATION TRADE MARK

OAKLAND, Cal., Aug. 31.—The great assemblage of flyers at the municipal airport here for the Pacific flights resulted in the quaint discovery that an "eagle beak" is as distinctive a characteristic of birdmen as helmets and goggles.

Some physiologists contend that flying develops eagle-like features. Others maintain that the hawk-like nose indicates daring and that only daring men become crack pilots.

Among the Dole entrants the following had the sharp, rapacious type of face: Livingston Irvine, Norman Goddard, Jack Frost, Angus Pedler, C. E. Parkhurst, Martin Jensen, Art Goebel, pilots; and Al Hender, Paul Schluter, Kenneth Hawkins, Ralph C. Lewis, A. V. Knope, navigators, and Capt. E. M. Lagron, relief navigator.

A telephone which works on the principle of a phonograph and will take the message on a sensitive roller when the caller is out has been invented in Sweden.

VANGUARD ARRIVES IN FRANCE

Despite minor anti-American disturbances in France, the American Legion, thousands strong, is doing what the Germans failed to: occupying France. Top picture shows the arrival of the first contingent of conventionaires at Cherbourg. Bottom picture was taken a few minutes later.

OKLAHOMA BAD BOY WILL FACE TRIAL OCT. 17

OKMULGEE, Okla., Aug. 31.—Matthew Kimes, one of the last of Oklahoma's real "bad men" will face his second trial for murder Oct. 17 at the Okmulgee county court house.

The 21-year-old youth, the state's most colorful bandit since the days of Henry Starr and since Al Jennings joined the purity league, faces a specific charge of Okfuskee county bank and with Okla., police chief last May.

McAnnally was shot down during the robbery of two Beggs banks by a gang of eight men, in which Kimes was alleged to have been recognized.

The youthful gunman also faces several counts of robbery by fire-punishable by death in Oklahoma.

Kimes in connection with the following holdups: Robbery of state bank at Sapulpa in which \$40,000 was taken; Pampa State Bank of Texas, \$32,000; First State of Bristow, Okla., \$20,000; State Bank of McCune, Kan., \$20,000; Cashings, Davenport and Keyston, Oklahoma.

At most of these places he already has been indicted on charges of robbery with firearms.

Kimes began life as a playman on his father's farm near Van Buren, Ark. When 16 years old he went to the nearby Oklahoma oil fields to work. There he was implicated in the robbery of an Okfuskee county bank and with his older brother, George, served two years in the state penitentiary at McAlester.

Killed Deputy
In the late summer of 1925 he and his brother robbed the State Bank of Dewey, for which they were convicted, and killed Perry Chaulcote, Salisaw deputy sheriff in making their escape. They tried and convicted, George being sentenced to serve 25 years and Matt drawing a life term.

The day following Matt's sentence, his pals stormed the jail and freed him and for a period of more than eight months bankers of the state were terrorized. Robbery followed robbery. The peak was reached when four banks were "knocked off" in one week.

Kimes was captured late in June as he was escaping toward the west coast.

A "whim" to see the Grand Canyon caused his downfall. Forest rangers recognized him and Kimes was taken after the exchange of a few shots. He had only \$300 in his possession.

"I had a foolish idea I could play jack," he told officers. Kimes has declared he "would not mind the pen for life."

"I am afraid they are going to put me on the 'hot seat' (electric chair) this time."

TIPS FOR LEGION TOURISTS TO PARIS

PARIS, Aug. 31.—Don't forget to take a numbered ticket from the automatic distributors at the principal tram-car and autobus stops, is the advice given American Legionnaires going to the Paris convention to be held here Sept. 19 to 23.

Since war days tickets are used to donate the place in the line in getting on cars.

This system settles the disputes as to the order of getting on. A few of the bus and tram lines of Paris use another system to keep order and stop crowding. People advance in a line between chains just wide enough for one at a time. All of the trams and busses will be brilliantly decorated for the American Legionnaires.

A new berry, known as the Union Dewberry, has been developed in Chino Valley, California. A cross between the Loganberry and dewberry, the new vine is said to be very hardy, bearing readily and requiring little care.
