CISCO—Pop. 13,500; 1,614 feet above sea; 5 lakes water; 5 rail exits; 5 paved highway exits; 127 blocks of paved streets; A-1 public schools and Randolph college; no mosquitoes; no malaria or typhoid of local origin.

VOLUME VIII.

CISCO, TEXAS, SUNDAY, FEBRUARY 12, 1928.

FIRST SECTION—TEN PAGES

NUMBER 258

TEXAS

By WILL H. MAYES, Austin.

"THE MODEST STATE OF TEXAS"—Loring A. Schuler, at that time editor of the Country Gentleman, reached the conclusion when he was in Texas in December that the State of Texas is entirely too modest for its own good, and a page or two of that publication undertakes to show why it is too modest. He closes with the statement: "Well, some day Texas will tell you about all those things for herself—when she gets over being quite so modest."

He struck the keynote of the situation in the opening paragraph, when he quoted a group of Texas farmers and business men as saying: "Why we aren't modest. We know we've got a great state. We admit that we are growing fast. We're willing to tell the world that we've got a wonderful future ahead of us. What more do you want?"

Texas are too well satisfied with themselves. If pressed to do so, they "are willing to tell the world" that they have a "wonderful future ahead" of them. Texans live too much in the future, failing to see that they have a wonderful state right now, not in the future, and waiting for the world to come along and ask about it.

KNOW THE WHOLE STATE—Editor Schuler saw more in the few days he was in Texas than most Texans ever see or learn about the state. He was not satisfied to find out what is in East Texas or some other section, what is in Dallas or Hickville, and still call Texas, but he was keen to know all Texas. Too many Texans feel that their county or their town is Texas, and are too little concerned to learn about the real Texas, the "Great" state in which they live. Texans, more than any people I know, need to "know Texas." When they come to know their state, they will come into an appreciation of it that will make them anxious to get out and show the world the Texas of the present instead of talking about the Texas of some distant future.

TEXAS BALMY WEATHER—I saw a letter from a Floridian to a Texan a few days ago, in which the Floridian man said rather boastfully that he was enjoying fine weather with the thermometer at 70. At the time he was writing, the weather bureau was reporting the Austin weather at 48 the coldest part of the night and 76 the warmest part of the day. In writing to your friends from Florida to make sure and let a line stating that the thermometer is hanging around 70. "Texas is entirely too modest for its own good."

VERNON SCHOOL BUILDINGS—Vernon does not propose to be caught, like San Antonio, without enough school buildings for its school children, so it will vote on a \$250,000 bond issue for school building purposes. Most of the growing young cities of Texas are finding it necessary to issue bonds for school purposes and they are also finding that money spent for schools saves spending money for courts and jails.

GOLF COURSES PAY—Golf is the popular sport for the man of leisure and wealth. Most well-to-do tourists take their golf clothes and golf clubs with them wherever they go. When they reach a place the first inquiry is as to the golf course. If it is not satisfactory they move on until they can find one that is. If it pleases them and they find a companionable group of golf enthusiasts, they are likely to stay indefinitely and spend their money liberally.

TEXAS GOLF TOURNAMENT—Crowds of from 2,000 to 3,000 attended the Texas golf championship tournament at San Antonio, and it is expected that this number will increase ten-fold in the next few years, thus showing the interest in the sport throughout the state. A few years ago such an event would scarcely have drawn a dozen persons from out of the city.

FARM DEMONSTRATIONS DRAW—There is no better evidence of the increased interest in farming in Texas than the large numbers that met the farm demonstration trains and listened patiently to the lecturers, who a few years ago were merely referred to as "book farmers." In some places from 2,000 to 3,000 interested people crowded through the trains and stood patiently in the open air listening eagerly to what the speakers say, the crowds

40 BOYS JUDGE LIVESTOCK

Sinclair Used \$75,000 in Bonds for Republicans

PAID DEBT TO TRUST CO. SO OFFICER SAYS

WASHINGTON, Feb. 11.—Harry F. Sinclair, lessor of Teapot Dome, used \$75,000 of the Continental Trading Company's Liberty bonds to pay debts of the Republican National committee in 1921, Senator Nye, Republican, of North Dakota, chairman of the Teapot Dome committee, announced this afternoon. These bonds were used by the Republican National committee to pay a debt to the Empire Trust Company of New York, and were handled by T. Coleman Dupont of Delaware, who was then chairman of the board of directors of the bank.

MANY ATTEND FUNERAL OF OLD CITIZEN

The funeral of the late William T. Hittson, held at the First Baptist church Friday afternoon, was attended by a large concourse of friends and acquaintances, for few in this section were more widely known than the deceased. The casket, as it reposed in front of the altar, was literally covered with flowers, floral tributes of their esteem. The services were in charge of Rev. I. W. Lawrence, pastor of the East Side Baptist church, of which Mr. Hittson was one of the leading members. Mr. Lawrence was assisted by Rev. Acker C. Miller, pastor of the First church, while the funeral sermon was preached by Rev. George W. Parks, of Roscoe, an old friend of the deceased.

The services concluded, a large procession followed the remains to the grave where loving friends tenderly consigned the body to the earth. The pall bearers, selected from many of Mr. Hittson's staunch friends, and friends of the family were as follows: Active—Guy Dabney, B. W. Patterson, W. L. Stephen, J. O. Hall, E. B. Gude and D. A. Pfeiffer. Honorary—John F. Patterson, Dr. W. E. Mancill, J. C. Harris, D. D. Lewis, J. M. Howard, G. H. Kinsey, Connie Davis, R. L. Poe, R. A. St. John, Frank Reed, R. F. Weddington, R. Q. Lee, D. L. Rogers, C. H. Fee and S. L. Yeager.

\$3,400 SCHOOL BONDS ORDERED PURCHASED

AUSTIN, Feb. 11.—The state board of education Friday ordered purchase of small bond issues of three common school districts totaling \$3,400 from the state school funds. The largest was \$1,600 from Cass county district No. 1. The others were Panola county district No. 9, \$600, and Titus county No. 22, \$800.

FUNERAL HELD FOR HIGHWAY VICTIM FRIDAY

The funeral service of the late Karl Schaefer was held at the First Baptist church of Cisco at 10 o'clock Saturday morning, conducted by Rev. Acker C. Miller, pastor, when a large number of friends came to pay their last tribute to a departed friend and esteemed citizen. The numerous and beautiful floral offerings that covered the casket were mute but perfumed tributes of the donors, testifying the esteem in which the deceased was held. All Cisco was grieved by the tragic and untimely death of Mr. Schaefer, who was run down on Bankhead highway Thursday last afternoon, by a passing automobile, and the bereavement was partially expressed in the floral offerings seen as the casket reposed before the altar.

LEGION AFFAIR PROMISES BIG TIME TUESDAY

American Legion Commander B. C. Boney has returned from a conference with Past State Commander Mark McGee of Fort Worth, relative to the installation of the local American Legion officers for 1928 at the community banquet Tuesday evening. Mr. Boney reports that Col. Alvin Owsley, who is to be the keynote speaker for the evening, and Hon. Mark McGee will arrive in Cisco on the Sunshine Special Tuesday afternoon, and will be met by a citizens' committee and shown by the principal places of interest around Cisco before the banquet. Tickets to the banquet are going rapidly, according to the committee on arrangements.

STEWART TO BE INDICTED ON CONTEMPT

WASHINGTON, Feb. 11.—special session of the grand jury in the district supreme court today charged the return of a presentment charging Robert W. Stewart, president of the Standard Oil company of Indiana, with contempt of the senate.

RUTH ELDER'S PARTY OF 4 AT DEARBORN MOTOR COMPANY

DEARBORN, Mich., Feb. 11.—Ruth Elder, with a party of four, landed safely here this morning, after spending the night in Hartford, Ind., where they were forced down by fog. Eddie Stinson piloted the plane.

WHITE HOUSE GUESTS TALK ABOUT FLOOD

WASHINGTON, Feb. 11.—A general discussion of the flood control problem featured the White House breakfast this morning. Secretary of War Davis, Herbert Hoover, General J. Edgar Hoover and Senators Randall, Harrison and Robinson attended.

FLENNIKIN TO START MODERN CHICKEN FARM

Mr. and Mrs. W. E. Flennikin, accompanied by Mr. Flennikin's brother, S. L. Flennikin, reached Cisco Saturday afternoon from Silverport, driving through by automobile. Mr. Flennikin stated that he had shipped his household effects by rail, and upon their arrival would be at home just as soon as he could prepare a place in which to live. He stated that he would start work at once to prepare temporary quarters, and begin improvement of a ten-acre tract of land recently purchased from W. P. Pulley, just this side of the Green Lantern tea rooms, on the Lake Cisco road.

TYLER MEN ON COMMITTEE TO COTTON MEET

TYLER, Feb. 11.—Gus F. Taylor, banker, and Col. Carl Estel, newspaper man, were notified today of their appointment by Governor Moody as members of the Texas delegation to the South-west cotton conference at Jackson, Miss., February 20. Both will accept, it was announced.

SMASH STOPS RECORD TRIAL; OTHERS FINISH

ROOSEVELT FIELD, Feb. 11.—Charles A. Levine, trans-Atlantic flier, and Lieutenant Wilbur Stultz, commercial aviator, were today forced to postpone their attempt to regain the world's endurance record for American when their monoplane, Columbia, smashed in a tail skid in takeoff. None were injured.

Mrs. Lambert Very Ill At Daughter's Home

Mrs. Dr. Lambert, mother of Mrs. J. V. Heyser, is reported seriously ill at the Heyser home, 1006 N. Avenue, where she has been making her home for the past year or more, since leaving her home in Owensboro, Ky., with the exception of a short while spent with her son at Amarillo. She was born in Kentucky, where most of her life was spent. She is now 82 years of age and a cultured and highly educated lady. Her husband, Dr. S. Lambert, was for many years a leading physician and citizen of Owensboro, being that city's mayor at one time.

40 MINERS IN MINE FILLED WITH GASSES

IMMINS, Ontario, Feb. 11.—At least six are dead and the populace is already anxiously awaiting the arrival of rescue trains being rushed with special apparatus in a last desperate effort to save the lives of 40 others trapped in the fireswept Hollinger mine. The only hope, experienced miners say, that remains for the trapped men is that they might have been warned of the approaching poisonous gas wave and have broken the compressed air hose, thereby getting fresh air.

BADGER STATE BOOSTERS ARE TOURING STATE

FORT WORTH, Feb. 11.—A party of 150 Wisconsin business men arrived in Fort Worth this morning, boosting the Badger state's opportunities. They were entertained at breakfast at the Texas Hotel, and otherwise feted and shown many courtesies while in the city.

Dabbs Funeral Friday Afternoon

Saturday afternoon at 3 o'clock Rev. W. L. Connell, pastor of the Twelfth Street Methodist church, conducted the funeral services of the late Charles G. Dabbs at his late residence, 605 Railroad avenue, when the house was filled with friends of the family who came to pay their last tribute to the dead and console the bereaved. Mr. Dabbs was stricken with paralysis late Wednesday afternoon, and passed away about 10:30 o'clock Friday morning. A large number of floral offerings covered the casket while the minister spoke words to assuage the grief of the widow and orphaned children. Following the funeral at the home the body was conveyed to Oakwood cemetery where the services were concluded. The pall bearers were L. B. Norvell, W. S. DeRossett, J. H. McDonald, Leon Maner, T. A. Wooten and Leon Teagle.

Ranger-Eastland To Be Guests of Cisco

The Cisco Rotary club announces an inter-city meeting on March 15, when the local club will be host to the clubs from Eastland and Ranger. These meetings always result in a closer bond between towns, and this gathering is looked forward to with a great deal of pleasant anticipation by Cisco Rotarians. Full details of the meeting will be announced later.

STARR SELLS PORK TO HUNGRY CISCO

THE WEATHER—East and West Texas—Sunday, generally fair with local showers in South Texas.

MANY DEAD IN OIL FIRE AND BLAST FRIDAY

EVERETT, Mass., Feb. 11.—Thirteen are now dead as the result of an explosion and fire at the Beaton Oil company plant here late Friday. Ten bodies were found within the ruined plant this morning.

JUDGE DELAYS SENTENCE FOR W. E. HICKMAN

LOS ANGELES, Feb. 11.—The passing of sentence of William Edward Hickman, confessed slayer of the little Parker girl, and who was found sane by a jury here Friday, has been postponed until Tuesday by Superior Judge J. J. Traubacco, at which time arguments will be heard on the motion for another trial, motion for which was filed by defense attorneys Saturday.

PROSECUTOR NOT WORRIED ABOUT OUSTER

AMARILLO, Feb. 11.—Curtis Douglas, district attorney of the Barger oil belt district who faces quo warranto ouster proceedings, according to advices from Austin, tonight was on record here with a challenge to Governor Moody to go ahead and file his suit.

FLIERS READY FOR TRIAL AT LONG FLIGHT

FORT WORTH, Feb. 11.—It seems assured tonight that the attempt of Al Henley and Joe Hart, Oklahoma aviators, to break the world's sustained flight record, now held by Germany, would get under way at dawn Sunday.

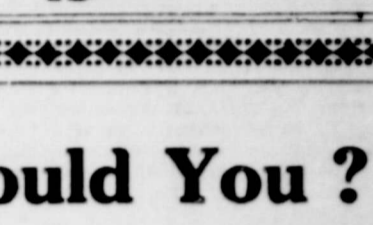

PARIS TO NEW YORK FLIGHT CONTEMPLATED

MITCHELL FIELD, Feb. 11.—Lebriz and Cortes completed their Paris to New York flight, via Africa and South America, at 10:22 this morning.

LOCAL ARTISTS ON VESPER PROGRAMME
Among the soloists who will appear on the vesper program at the First Baptist church this afternoon at 5 o'clock are the following, all well known in Cisco: Mrs. E. L. Graham, wife of Dr. Graham; Miss Eunice Cooles, popular High school glee club accompanist; Miss Ella Andros, charming teacher of Spanish in the High school; Miss Ora Howell, talented daughter of Dr. and Mrs. J. W. Howell; George Boyd, well

known tenor; Jeff Duncan, business man of Cisco; Miss Hazel Orr of Putnam, a graduate of C. I. A.; and Mrs. Donald Kinnard of Eastland. See program in another column.

cleans and soothes the throat!

Pertussin

Now Would You ?
Would you treat your pet dog to just any kind of food? Would you treat anything that belonged to you just like you do your car that serves you so well? It serves you faithfully for both business and pleasure and yet you throw just any kind of gasoline and oil into it and expect it to perform perfectly. Stop such treatment.
Use only Quality food that will bring best results — such as Magnolia Gasoline and Magnolia Products.
MAGNOLIA FILLING STATION

Premier Duplex

An entertainment feature was then offered in the person of S. L. Reece, of Corsicana. Mr. Reece is an artist in mimicry, also with a harmonica and guitar, which he played for the boys and their friends. He also told an interesting story into which he introduced perfect imitations of the noises made by dogs, pigs, cows, and other farm animals. He "brought down the house," and it was with reluctance that the boys allowed him to stop. But it was a case of business before pleasure. Other speakers at the dinner were Col. R. Q. Lee, R. L. Poe and Suppl. J. J. Youngblood. Every speaker had a word of encouragement for the students, and it is certain that their talks were helpful and will be long remembered.

Immediately after dinner and speeches, automobiles carried the boys to the Lee Diversified Farm, near the city, where they spent the afternoon in giving reasons to the judges for their placing of the various specimens they had judged during the forenoon. The poultry judging was done in the afternoon. Much time was spent on the Lee farm. Mr. Lee personally conducting the boys about the place and carefully explained what he was doing and what he has planned to do. Mr. Varnell says that the youngsters got many lessons there that it would have been impossible for them to have gotten elsewhere, and that the visit to that farm was one of the most profitable parts of the entire meet. En route to the Lee farm the boys were driven over Cisco, through Humboldt and the various places of interest shown to them.

The men who gave of their time and talent to make this day the success it was were Superintendent J. J. Youngblood, of the Cisco High school; Col. R. Q. Lee, J. E. T. Peters, secretary of the Cisco chamber of commerce; Mayor J. M. Williamson, R. L. Poe, all of Cisco. Teachers of vocational agriculture in attendance were: R. B. Cleveland of Dublin; W. R. Heizer of Comyn; and D. M. Russell of De Leon. Charlie Taylor, of Dublin, while yet a very young man, was along in the capacity of adviser and enthusiast, he having long since passed the stage of these students.

Mr. Varnell and Mr. Peters, two

an investigation with a government agent acting for the committee. Manley said that the funds were used in payment of debt of the committee, through Senator Coleman Dupont of Delaware. Senator Walsh immediately announced that Will Hays, former chairman of the Republican National committee, would be called in to explain the transaction.

OIL HEAD REGRETS STEWART'S ACTIONS
WASHINGTON, Feb. 11.—John D. Rockefeller, Jr., went before the senate public lands committee this morning to lend whatever aid he could in exploring the mysteries of the Continental Trading company's three million dollar Liberty bond "shush" fund. Prior to taking the stand Rockefeller spent an hour in conference with Senator Walsh, of Montana, prosecutor of the oil probe.

Rockefeller declared himself to be "bitterly disappointed" that Robert W. Stewart, chairman of the board of the Standard Oil company of Indiana, had risked a jail sentence to withhold testimony before the committee, but at the same time he expressed the utmost confidence in Stewart's integrity.

"I totally disagree with the position he has taken," Rockefeller said of Stewart, but he informed the committee that in conferences with the chairman of the Indiana board he had not discussed the matter, except to neither himself nor his company had profited from the Continental deal.

Stewart was among those who guaranteed the contract of the Continental when that company bought oil for \$1.50 a barrel and resold it to Stewart's and other companies for \$1.75.

It is the government's contention that \$23,000 of the profits of the Continental went to Albert B. Fall after the lease of Teapot Dome to Harry F. Sinclair.

DALLAS MAN ENTERS RACE FOR TREASURER
DALLAS, Feb. 11.—Grover Cleveland Harris, Dallas broker, who ran for the Democratic nomination for state treasurer two years ago, announces Friday he would run again on the platform of "a business administration of the people's business."

cases that judges and citizens and the unjustly treated litigants are aroused, and are seeking a remedy. The most obvious remedy is to get a better grade of jurors. That is what is needed all over the country. But it is a difficult matter while jury service is regarded as an unpleasant burden rather than a civic duty.

Lindbergh and Will Rogers are two good jokes on literature. One couldn't pass his college English and the other couldn't pass an elementary grammar test, and they're both best sellers.

A TAX FOR FLUNKERS

A high school teacher suggests that every girl or boy who fails to pass a course, and has to repeat it, be taxed. In this way, money would be raised to pay the extra expense of carrying such pupils along until they finally pass or leave school.

WATCH ON THE RHINE

The German's idea of "watch on the Rhine" is that it should be German, not French. They have been trying, through Foreign Minister Strassmann, to get rid of the French army of occupation in the Rhineland.

DO YOU REMEMBER?

American and Roundup, February, 1910.

EXPENSIVE SCHOOLS

The department of commerce finds that the cost of public schools in American cities of 30,000 population or more has increased 207 per cent in the ten years ended with 1926.

KING TUT'S BOATS

It develops that the American excavators found a fleet of 18 boats in the third chamber of King Tut-Ankh-Amen's tomb, along with other treasures of the usual kinds.

CHEAP JURIES COSTLY

In a community that pays its jurors \$3 a day, the system has been receiving much scrutiny of late. Juries have rendered foolish decisions in so many

NUMBER 258

GOV. MOODY APPOINTS LEE TO IMPORTANT POST

Cisco Man Will Represent Texas at Conference of Governors in Memphis, Tenn., on February 20

KOKOMO GAVE LOBOES HARD FIGHT FRIDAY

The Cisco Lobos flashed the most brilliant goal shooting they have shown this season to defeat Kokomo in the first of a three-game series for the county championship Friday night, the score being 46 to 27.

The Kokomo aggregation has a good team and for the greater part of the game kept the score close, threatening at times to take the lead. Their goal shooting was also remarkable. B. Pippen was "right," and rung up 23 points for the Lobos, making some brilliant shots from all parts of the floor. He made 11 field goals and one free pitch to make this big score.

R. Q. Lee, of Cisco, candidate for congress from the 17th congressional district, has just been appointed by Governor Dan Moody as Texas representative to the conference of governors of the Southern states at the cotton acreage reduction meeting called to convene in Memphis, Tenn., February 20.

The telegram announcing Mr. Lee's appointment was received here Saturday morning, in which Governor Moody expressed the wish that Mr. Lee would accept the appointment and contribute to the success of the conference. Mr. Lee has wired his acceptance and expects to attend the conference.

QUEENS SCORE VICTORY OVER RANGER GIRLS

The Lobo Queens defeated the Ranger high school girls by the score of 29 to 20 in the Cisco high school gym Friday night after the boys' game with Kokomo.

Vesper Service Program By Local Artists of Talent and Training

The vesper program scheduled for this afternoon at 5 o'clock, in the auditorium of the First Baptist church, promises to be one of the outstanding musical events of the season.

PROGRAM

Women in Congress Demand Peace Through Preparedness; Lining Up With Veterans to Protect Nation

CLUB WOMEN WORKING HARD ON BIENNIAL

SAN ANTONIO, Feb. 11.—Intensive work continues throughout the state looking towards the collection of the \$25,000 fund to finance the Biennial of the General Federation of Women's Clubs which convenes in San Antonio May 28 to June 7, inclusive.

The finance committee, including Mrs. W. R. Potter, of Bowie, state president of the Texas Federation of Women's Clubs; Mrs. Homer D. Wade, of Stamford, biennial treasurer, and Mrs. R. Q. Lee, of Cisco, biennial finance chairman, left San Antonio the last of the week to continue its work of raising the fund before the last of February.

This committee was named by Mrs. John D. Sherman, president of the General Federation of Women's Clubs, when the office of state chairman for the biennial was abolished. Contrary to all precedent in biennial arrangement, the state biennial chairman has been created in addition to the chairmanship in the hostess city.

WASHINGTON, Feb. 11.—Are women pacifists? The "Feminine Bloc" answered the question in congress by serving notice on the country that women demand preparedness for war.

Rejecting every overture of the "little army" forces of the house, the four women in congress took their stand with veterans of the World War in demanding that the nation be ready to meet every foe.

Members of the "Feminine Bloc" demonstrated their emphatic belief in the cause of preparedness by deserting administration leaders to support appropriations to expand the Civilian Reserve Corps of the Army.

All of them—Mrs. Kahn (R) of California, Mrs. Rogers (R) of Massachusetts, Mrs. North (D) of New Jersey, and Mrs. Langley (D) of Kentucky—hold that world peace is still far away.

"We are not militarists," said Mrs. Langley in explaining her stand. "Nor are we pacifists. We believe in reasonable preparedness is peace insurance."

"We will welcome the day of universal peace and will work to bring it about. And one of the best means of preserving peace in our own country is to let every other nation know that we are ready to defend our honor."

Mrs. Kahn declared that the American youth ought to be "taught to shoot and shoot straight."

LOCAL ARTISTS ON VESPER PROGRAM
Among the soloists who will appear on the vesper program at the First Baptist church this afternoon at 5 o'clock are the following, all well known in Cisco: Mrs. E. L. Graham, wife of Dr. Graham; Miss Eunice Cooles, popular high school glee club accompanist; Miss Ella Andres, charming teacher of Spanish in the high school; Miss Ora Howell, talented daughter of Dr. and Mrs. J. W. Howell; George Boyd, well-

known tenor; Jeff Duncan, business man of Cisco; Miss Hazel Orr of Putnam, a graduate of C. I. A.; and Mrs. Donald Kinnaird of Eastland. See program in another column.

clears and soothes the throat! PERTUSSIN

Now Would You?

Would you treat your pet dog to just any kind of food? Would you treat anything that belonged to you just like you do your car that serves you so well? It serves you faithfully for both business and pleasure and yet you throw just any kind of gasoline and oil into it and expect it to perform perfectly. Stop such treatment.

Use only Quality food that will bring best results—such as Magnolia Gasoline and Magnolia Products.

Rising Star Rallying To Support of Lee

The Rising Star Record says that the candidacy of R. Q. Lee will be strongly supported in that part of the county. In speaking of Mr. Lee the Record says:

R. Q. Lee, of Cisco, this week places his name in our announcement column as a candidate for congress from the 17th district, the place now held by Thos. L. Blanton, who is making the race for the U. S. Senate. Mr. Lee's candidacy was treated in an article published in the Record the past week in which something of his life and achievements were mentioned and his fitness for the office which he seeks.

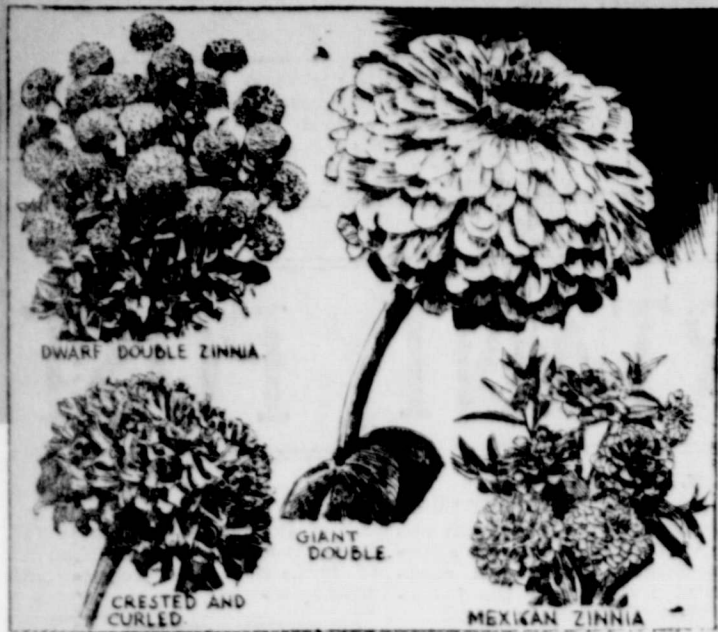

It goes without saying that Mr. Lee will meet with the ready and active support of his many Rising Star friends.

STAR PARASITE REMOVER

Original Wild Mexican Flower, Zinnia Now Popular Everywhere

One of the romances of plant breeding which has a Cinderella motif, is the story of the zinnia which in these modern days is a giant flower of brilliant color...

The queenly modern type has been transformed from an humble original which grew wild in Mexico. The first zinnia was a single flower of a dull blue color about as large as a quarter...

Early in the eighteenth century, botanists in Europe became much interested in exploring the world for new plant material. They sent men to explore the woods and plains of the American continent...

Our American grandmothers knew the zinnia as a double flower of medium size, especially rich in bright red and orange colors...

The first dahlia-flowered zinnia was a mutation or "sport," which

suddenly appeared in a field of giant zinnias in California. It had the dahlia form of petal and a concave or cup center instead of the flat center typical of the giant type...

The seed grower recognized it as a distinct type and isolated the plant so that he might save the seed and fix its novel characteristics by the breeding. The first dahlia-flowered zinnia was red and its descendants, even while reproducing correctly its form, showed a variety of colors...

The type of zinnias which are now well established are the giant type. Colossal, three to five feet tall, with double flowers four to six inches across, the dahlia-flowered type, not quite so tall but bearing large flowers; a bedding type, growing low with smaller flowers, and the dwarf type, sometimes called Lilliput, which is used for edging and borders...

The future development of the zinnia cannot be foretold.

VACCINATION OF THOUSANDS IN JERUSALEM

JERUSALEM, Feb. 11.—Thirty thousand persons in Jerusalem were vaccinated following a small-pox panic when an Italian coming from Damascus was found suffering from the disease contracted in that city.

The scars were heightened by the fact that the patient, who subsequently died, was a pickpocket and that for a number of days he plied his "trade" in different parts of Jerusalem, establishing no one knew how many "contacts."

Health authorities estimated that the pickpocket had mingled with thousands of people in the poorer quarters, as well as in those where traffic is heaviest. Special government vaccination centers were established in those quarters.

People of Jerusalem of all classes thronged these centers and crowded around private hospitals and doctors. When the panic was at its height it was no uncommon sight to see in the big Russian square in the heart of the city a line of several hundreds, among whom were a great many peasant women in their colorful dresses holding up the arms of their infants to the doctor's needle. In many cases this was the first time Arab women resorted to a doctor or to vaccination.

HENRY HELMS WILL ASK FOR CHANGE, TOO

Henry Helms, one of the bandits who held up the First National bank of Cisco on December 23, is to face trial before Judge George I. Davenport on the Ninety-first district court at Eastland on Monday, February 20, on a charge of robbery with firearms in connection with the hold-up.

Helms, it is understood, will plead not guilty. Judge J. Lee Cearley of Cisco, who was one of the defense attorneys in the Marshall Rathiffe case, will represent Helms. A motion for a change of venue similar to that filed by the defense in the Rathiffe case will be filed in the Helms case, according to Judge Cearley. A hearing on this motion will be held on Friday, Feb. 17, according to J. Frank Sparks, district attorney. A special venire of 250 men from which to select a jury to try Helms has been summoned. The case will be tried in the city hall auditorium, which has a seating capacity of about 800 people. The state will be represented in the Helms case by District Attorney J. Frank Sparks, First Assistant District Attorney Sterling C. Holway, and Judge W. W. Hair of Abilene, special prosecutor appointed by Governor Moody. In addition to the case he is to be tried on, Helms is under indictment in the county on another charge of robbery with firearms and on two charges of murder, all in connection with the Cisco bank case.

TEXAS PRICES FOOD IS SAME AS ELSEWHERE

DALLAS, Feb. 11.—Although there has been a big increase in the price of retail food since 1913, it is found that Texas cities pay no more on the average, and on many articles, less than other cities in the country. An average marks that Texas buys its necessary foodstuff at a lower price, it is found in statistics from the bureau of labor statistics of the United States department of labor.

The cities of Atlanta, Ga., Dallas, Houston, Little Rock, Memphis and New Orleans are compared as to the cost of what practically every Mrs. Smith and Mrs. Jones will buy for dinner any night. Mrs. Smith of Memphis will pay 43.5 cents tonight for a pound of sirloin steak, which cost her when she was first married in 1913, 24.2 cents. In Dallas, Mrs. Smith saved some money. That same pound of sirloin cost her 37.8 cents, although in 1913 she could have bought it for 23.6 cents. Prices in Houston were 35 cents, still cheaper; 37.1 cents in Little Rock; 38.9 cents in Atlanta, 36.3 cents in New Orleans.

On Sunday for her hens for the visitors, Mrs. Smith of Atlanta spends 36.1 cents for a pound out of Mr. Smith's Saturday night check. Hens in Dallas are cheaper, costing 32.1 cents a pound. Hens are 32.5 cents in Houston, 29.8 cents in Little Rock; 32.5 cents in Memphis, and 35 cents in New Orleans.

Although Mrs. Smith paid 10 cents a quart in 1913 for fresh milk for John, Jr. in Atlanta, she now has to pay 13 cents a quart for Bessie Jane. Dallas pays 13 cents a quart for its milk; Houston, 15.6 cents; Little Rock, 15 cents; Memphis, 15 cents, and New Orleans, 14 cents.

Butter in Atlanta is 56.7 cents a pound. In Dallas it is 56.7 cents; Houston, 53.7 cents; Little Rock, 54.8 cents; Memphis, 55.6 cents, and New Orleans, 56.4 cents. In Atlanta eggs are 57 cents a dozen, this morning strictly fresh. Storage eggs run cheaper. In Dallas 48.8 cents will buy a dozen fresh eggs; Houston, 42.9 cents a dozen; Little Rock, 43.4 cents; Memphis, 48.8 cents and New Orleans, 46.6 cents a dozen.

DISTRICT PTA MEET CLOSE AT BRECKENRIDGE

BRECKENRIDGE, Feb. 11.—The school of instruction in P. T. A. work conducted by Mrs. S. M. M. Marris closed with a round table discussion at the city hall auditorium Wednesday afternoon. Four sessions were held during Mrs. Marris' visit here, and the leaders of the parent-teachers groups here are confident that much good will come from the instruction and inspiration received.

Both Mrs. Marris and Mrs. L. E. Ledbetter of Austin made short talks at the closing session. Mrs. Marris brought out a number of leading points in P. T. A. work and gave valuable suggestions for conducting the groups to the best advantage and for keeping out of ruts. A number of those present were surprised at the scope of the P. T. A. work, the fact being brought out that there are about 1700 groups in Texas affiliated with the state organization and 1,500,000 members in the national organization. Mrs. Marris also stressed the importance of a "summer roundup" of children of pre-school age with the aim of having every child 100 per cent in health at the time he begins his school career. Mrs. Ledbetter discussed the problems of health education work. The women present evinced much interest in these discussions, a number of questions being asked. Immediately following the afternoon session Mrs. Marris and Mrs. Ledbetter left for their home at Austin.

METHODIST MINISTER DIES LULING, Feb. 11.—His last address an impassioned appeal at San Marcos Thursday to ministers and lay members of the Austin District conference to boost the Texas Christian Advocate among Methodists. Rev. Thomas B. Gregory died suddenly at Lockhart Friday. He was a native of England and a graduate of Oxford. He also was a member of the Publication Board of the Texas Christian Advocate.

FRUIT TREES: Apples, pears, peaches, plums, apricots, grapes and berry plants, 20 cents to 50 cents each. Clyde Nursery, Clyde, Texas, 2511f.

BOOK HEARING CONTINUED AUSTIN, Feb. 11.—The state textbook commission held the second day of its hearing of book agents Friday. The book arguments are being presented to the commission behind closed doors.

AUTOMOBILE LOANS Mortgage loan on your automobile for any purpose. M. D. Paschall & Sons, 763 Main street, Cisco, Texas. 2521f

AUSTIN CAPITOL DOME GETS ANOTHER CLEANING AUSTIN, Feb. 11.—The capitol rotunda was roped off Friday to keep people from possible injury in event Babe White "human fly," who is cleaning the rotunda, should fall. The rotunda has one death to its credit. Ed Wheeler, painter, fell while painting the rotunda walls in 1923 and was killed.

APRONS FROM FLOUR BAGS

Utility is the first duty of an apron, unless you are talking about those little beruffled affairs of voile or dimity that are sometimes worn for serving tea or when doing daily sewing. But for honest-to-goodness housework in and out of the kitchen, something sturdier is needed, something that can stand being washed or even boiled every week. Half a dozen extremely practical aprons may be made out of as many empty flour bags which almost any baker has on hand and is glad to sell for a few cents. Unripped, the goods measure about 36x42 inches, large enough to take your favorite apron pattern unless you require them to be shirred or extremely voluminous. To remove the stamping, cover the laked spots with lard or soak them in kerosene overnight. Then wash the bag out in lukewarm water. The edges may be hemmed, button-holed or bound with bias tape. Patch pockets are bound with the same color

tape. String ties are no longer used much on aprons as they take too much material and ironing. Slip-over straps or a straight band across the back and snap fasteners answer the purpose as well.

When making these aprons for Christmas gifts, bridal showers or for bazaars, they can be quickly and effectively decorated with conventional designs worked in outline, running or cross-stitch or with the popular applique motifs.

Another type of apron that can, with a little more labor, be made from flour bags, is the smock. These are particularly useful for general wear about the house or garden in the mornings as they take the place of a dress. They give a delightfully youthful appearance. Three bags are needed to make a smock. The collar, cuffs and patch pockets can be of green, beige or delft blue linen or cotton.

\$200,000 SUIT CONTINUED DALLAS, Feb. 11.—Suit of Fred W. Wilson, Dallas, for \$200,000 damages from John H. Kirby of Houston, wealthy lumberman, was continued until February 16, when called for trial Friday.

Hedge plants in the larger sizes at 15c each or \$10 per hundred. Clyde Nursery, Clyde, Texas, 2511f

Moody Talked For President In East

Jack Johnson, well known Cisco oil man, has returned from Pennsylvania, where he was called about two weeks ago by the serious illness of his father. He stated his parent was somewhat improved, though still quite feeble.

Naturally Mr. Johnson talked oil and politics while away. He stated that he stopped over in Lewisville on his return home and found quite a bit of oil field material being moved into the Owensboro section, where there is considerable oil excitement. He stated that there is also still considerable activity in the oil fields of Pennsylvania. "Politics" was discussed with many people in Pennsylvania and Kentucky, and in both states I found many who expressed themselves in favor of Dan Moody for president," Mr. Johnson said.

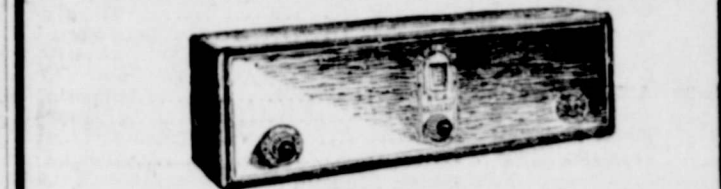

For shade trees, buy them from the Clyde Nursery. 2517f Use the Daily News Want ads.

Timken Axles, Piston Rings, Pistons, Pins, Bearings, Gears, Universals and Other Replacements.

DEPENDABLE ROAD SERVICE

RCA-Radiola 17

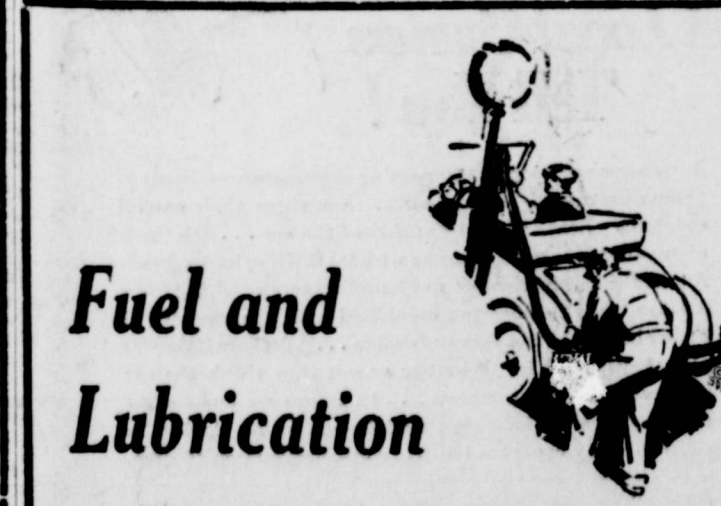

Require Neither Batteries Nor Battery Eliminators

It operates directly from the lighting socket by means of the new "AC" Radiotrons. That is one of the reasons why Radiola 17 is the year's outstanding achievement in radio. Simplicity of operation, sturdy construction and excellent tone quality are outstanding features of this new receiver. Tuning is accomplished entirely by one knob. In addition there is only a volume control to regulate the output and a switch to turn the current on and off.

In Radiola 17, the owner finds all of the refinements that recent developments have contributed to the radio art. Its compact cabinet, beautifully finished in mahogany, contains all the mechanism necessary for operation. Over the tuning control, there is a small electric light which not only illuminates the station selector but also serves as an indicator that the current is on or off.

Fuel and Lubrication Make It Go!

Yes Sir, the fuel and lubrication are the things that make the car go. If you have gasoline that renders you the maximum amount of fuel for the quantity used, and that's always ready to start your motor when the ignition is turned on, there is no need for worry on that account. Proper lubrication will keep it going.

We have these things and then we offer you a quality of service second to none. Our service is free. Try us.

CARROLL AUTO SUPPLIES

WOMAN'S ESTATE OF \$500 GOES TO FRIENDS FORT WORTH, Feb. 10.—All the earthly belongings of a woman who died here last month will be distributed to her friends piece by piece, under terms of a will filed Thursday with Probate Court Clerk Roddy. Value of the estate is estimated at \$500. In her will the woman gave to a Fort Worth church \$100 or any fraction thereof she might have in the bank at the time of her death. To a woman friend she bequeathed a feather bed. To another she gave a trunk and all her wearing apparel. The executor of the estate gets the remainder.

Reliable Service--

SPARE "ROD" SAVE CHILD NEWEST CODE

DENVER, Feb. 11.— Spare the rod to save the child is the admonishment of Robert W. Steele, judge of the Denver Juvenile court, in a code of ethics which he recently broadcast for the express benefit of parents.

Judge Steele succeeded Ben Lindsey on the juvenile bench.

The judge's code is strictly modern and embraces the latest teachings of scientific education and places a vigorous and more enlightened responsibility upon parenthood.

Judge Steele advises fathers and mothers particularly in respect to proper food, clothing and education for their children and sums up with the suggestion that they spend less time on punishment and more time in inspiring confidence in their offspring and becoming their pals.

Not Right Now

What was right a generation ago is not necessarily so now, Judge Steele said. Each child is a particular problem and should be dealt with individually. Food for one may be poison to another. Perfunctorily supplying children with food, shelter and clothing is not enough. Parents should try to understand their children and keep themselves abreast of the modern educational tendencies.

"Remember," Judge Steele said, "a good child is an obedient child. Don't use the rod. That never gets the proper results. A child gets the idea under such practice to expect no more than whipping. Punish a child by depriving him of something which he especially wants."

As to food, Judge Steele advises every parent to understand the latest scientific principles of diet, and forget the idea that just any food is all right for children.

Clothing Needs

As to proper clothing, Judge Steele tells the parents to study the physical needs of their children, keeping in mind that the requirements of one child may differ radically from those of another.

Don't just send your children to school, Judge Steele said. Understand them, get acquainted with what they are learning. Perhaps they should have a preschool education or need coaching or supplemental teaching at home. Up-to-date mothers, he said, teach children the alphabet and elementary arithmetic before they are ready for school.

And finally, he suggests that parents make pals of themselves with children and thus inspire a cooperation that makes for the best results.

STYLE HINTS

By ALICE LANGELEIER
International News Service Staff Correspondent

PARIS, Feb. 11.—Spring jewelry, it is predicted, will appear in the soft pasted shades to be seen in nature at that season of the year.

Pink and yellow topazes, pale amethysts and sapphires will take the place of the much-worn rhinestones and crystals. They will be set in white metal and used for bracelets, necklaces, brooches and hatpins. These white colored stones will also be used on the new frocks, more than diamonds and white sapphires.

Onyx jewelry like the kind grandmother used to use is returning to favor and the shops are showing many novelties in this highly-polished semi-precious stone, either used alone or combined with seed-pearls, rhinestones or rock crystal. Bar pins of onyx set in fine design of tiny rhinestones are very effective on a black gown. Lognettes of onyx are combined with rhinestones and bracelets come with rock crystal.

Fiat metal pins are the latest fancy for sport hats. They come in modern designs, sometimes in the form of birds or beasts of shiny nickel with touches of red or green enamel.

A new sport bracelet seen in the form of two small silver and gold stirrups are laid side by side with a short leather strap fastening them together on the inside of the wrist. Bracelets of colored stones are as finely worked as those made of diamonds. Imitation jewels are cleverly set in white and gilt metal or silver.

A hoop of diamonds or colored stones is the fashionable carrying of the day. Shoulder brooches are elaborate; hip drapery clasps are monumental.

Watches are very ornamental. They hang as pendants, are fitted into bags or umbrellas and even finger rings. A very convenient little traveling watch which is in a nickel or leather case about two and one-half inches long and two inches wide, parts in the middle disclosing a silver or nickel timepiece with radium fingers.

WOMEN'S CLUBS GUEST RISING STAR TUESDAY

RISING STAR, Feb. 11.— The women's clubs of Rising Star were hostess to the members of the Peak and Okra clubs Wednesday afternoon. A representative of each club gave a report on the work done by each organization since it was formed. After the regular program, amusing contests were held.

Miss Viola McKinzie, demonstration agent of Stephens county, of Breckenridge, spoke on parliamentary law. Miss Ruth Ramey, demonstration agent of Eastland county, also spoke.

Present were: Peak members—Mrs. H. A. Bowers, Mrs. L. E. Hodnett, Mrs. W. O. Melton, Mrs. J. W. Tune.

Okra members — Mesdames E. A. Varnes, N. J. Lewis, C. W. Bell, J. E. Smith, Opal Hill, Edna Claiborn, W. R. Laird, John Eanes, Bill Arter, Lillie Gunnels, Luther Ables, Graton Adams, Misses Hallie Hill, Eula Hill, Mozelle Hill, Maurine Eanes, Theima Max.

Rising Star members — Mesdames George Barnes, J. W. Beale, J. E. Bolding, Lee Burt, head, J. F. Coursey, H. P. Falls, C. B. Harris, R. O. Jackson, W. H. Lewis, J. R. Morrow, E. R. Wagner, Jess Carter. Officers were elected at the meeting Tuesday of the home demonstration club of Okra as follows: Mrs. Della Adams, president; Mrs. B. D. Carter, vice president; Mrs. Buena Hagood, secretary-treasurer; Mrs. Laura Ables, vice secretary-treasurer; Mrs. John Smith, parliamentarian; Miss Vesta Hilton, reporter. The county council will meet Saturday at Rising Star. Miss Ramey announces. There was a meeting of the Scranton club Thursday afternoon and the Peak club will meet Friday afternoon. The Okra boys and girls club

will be organized next week. J. C. Patterson, county farm agent, and Miss Ramey, the home demonstration agent, having already visited the school.

Mid-Texas Teachers To Meet in March

The Mid-Texas District Teachers' association has announced an elaborate program for its meeting to be held in Coleman on March 16 and 17. This association is composed of teachers in twenty West Texas counties, of which Eastland is one. H. V. Nigro, principal of the Cisco high school, is a member of the executive committee.

The program for the 1928 spring meeting is an interesting one from the viewpoint of teacher and patron, and will surely result in the dissemination of much knowledge and enthusiasm by the members. H. C. Lyon of Ballinger, president of the association, urges school boards of both city and independent districts grant a holiday for Friday, March 16, in order that every teacher who cares to may attend.

FORMER DE LEON MAN INHERITS A FORTUNE

L. B. Dossett, for many years a citizen of De Leon, who now resides with his daughter, Mrs. Joe Blackwell at San Angelo, is reported to have recently learned of an immense fortune willed to him by an old aunt who died in Kentucky 39 years ago. Mr. Dossett's address was unknown to the administrator of the estate and the money was placed in trust and has multiplied meanwhile. It is reported that the amount of the legacy will approximate \$80,000.

The woman is reported to have made the will 53 years ago, by the terms thereof Mr. Dossett was to receive the inheritance in 50 years. That time elapsed three years ago. Other parties several years ago filed an injunction in connection with the legacy and the court proceedings it is said will be cleared up in the coming May, at which time Mr. Dossett may come into possession of the legacy.

Mr. Dossett was recently called before the court of Pueblo, Ky., his boyhood home, in connection with the case.—De Leon Free Press.

HICKMAN WELL IN BLAKE POOL MAKES 500 BBL.

RISING STAR, Feb. 11.— The bringing in of the Gilman & McMurray well on the Bunk Hickman tract the past week for 500 barrels has already stimulated developments in the Blake pool that resemble the hectic days when that pool was first brought to the public eye.

The first to start will be an offset southeast by D. Breeding, W. E. Tyler, Will Kilgore and others and will be drilled by Mr. Breeding who is moving in on the lease. Gilman & McMurray are preparing to drill another offset directly east of the new well S. T. White has signed a contract with Sowell Bros., of Dallas, for a 1500 foot test on his

farm about five miles northwest of town and just north of the Gardner old place on the Pioneer road. Drilling is to begin at once. The Amerada company has signed up for a 1600 foot test on the T. B. Landreth place, about ten miles southeast of town and in the Imola community. Drilling on this well is also to begin at once. Other contracts are reported as in the making and may be announced soon.

GORMAN AWAITING PUMP FOR SOFT WATER SUPPLY

GORMAN, Feb. 11.—The water well drilled for soft water by the city water works department a short time ago is not yet being operated due to the fact that the pump for the well had to be made in Los Angeles and some parts are not yet complete. They are hoping to have it ready for installing by the first of March when it will be given a real test. It is thought probable that this one well at its depth would supply water for the town except in emergencies. Most of the local folks are anxious for the turning in of softer water.

Why buy a 1927 Tire in 1928?

More people ride on Goodyear Tires than on any other kind

Don't be old-fashioned in tire buying! The Goodyear Balloon with the new-type All-Weather Tread specially-designed for balloon tire performance is the popular choice for 1928.

This tire—"The Greatest Tire in the World"—will revise all your ideas about balloon tires. Its tread insures slow, even wear—no more cupping, "pot-holing" and such troubles. It gives positive, gripping traction. It is a real non-skid tread.

You won't be satisfied with an out-of-date tire, when you see this one! Come in and see it—NOW!

Old Home Town

"You are waiting to do some great thing—you are all waiting to pull down some great evil. Perform the small things that are unseemly, and they will bring other and greater things for you to perform. You would bleed and die for your country? Citizenship does not demand any such act of heroism. Do the small things, and the first one will immediately come."—John Bright.

Now that the movement for Arbor Day is started, let's all join in to make that day and the days to follow just what they should be. Let's turn every stone to make Cisco, the most beautiful city in West Texas, and streets with trees lining them, and yards and lawns well shaded will do a lot to put Cisco in the forefront. Remember Arbor Day, as proposed by the ladies of the city, and plant not only one tree, but dozens of them. Nothing will pay greater dividends and make for more beauty and comfort in the years to come. One advantage Cisco has over many cities of Texas is an abundance of water in every way suitable for watering trees and lawns. Water from deep wells is often charged with salts and sodas that is injurious to plants. Cisco water is pure—water that fell from the heavens and has been impounded for the use of the citizens of the best little city in Texas.

The Clarendon News has issued a nation-wide challenge to other publications of the country for the greatest compliment ever given a newspaper. Sam Braswell, editor, claims first honors because Mayor Henry W. Taylor of Clarendon, recently said this of the local paper: "I'll tell you, I just can't get along without the News." "I'd just as soon do without my B. V. D.'s as the home paper." Now will some reader come for-

ward with a compliment for the Daily News that will lay the Clarendon mayor's opinion of that little of Clarendon News in the shade? Who'll be first?

In "West Texas Today," a monthly publication by the West Texas chamber of commerce, the following paragraph appears among others with reference to West Texas boosters: "J. E. T. Peters of Cisco. Did you ever hear of Cisco? Ever hear of Peters? It would be hard to say which is the greater of the two. Like the rock of Gibraltar, he can not be shaken from his steady course of systematic city building. Even a band of bank robbers can not faze him."

CENTRAL TEXAS OIL
CORSIKANA, Feb. 11.—Showing more than twice the usual decline in January over the preceding month, oil production of the East-Central Texas area amounted to 746,000 barrels of pipe line oil, according to figures announced today. The daily average for January was 24,093 barrels.

11TH COURT OF CIVIL APPEALS MAKES RULINGS

EASTLAND, Feb. 11.—The following proceedings were before the court of civil appeals for the eleventh supreme judicial district for the week ending February 10. Cases submitted—Oliver Burleson et al vs. J. G. Moffett, from Dallas county. American Law Book Co. vs. Jas. B. Dykes et al, from Erath county. Jay Warren et al vs. W. J. Curtis et al, from Eastland county. Motions submitted—J. C. Curry vs. the Texas Co. et al, appellee's (the Texas Co.) motion for rehearing. J. C. Curry vs. the Texas Co. et al, appellee's (Bateman & York), motion for rehearing. W. F. Hall and J. H. Chorn vs. First State Bank of Hawley, appellant's motion for rehearing and application to certify to supreme court. Cases affirmed—Union Trust Estate vs. Eva May Orr et vir., from Haskell county. J. B. Fry vs. W. J. Barron, from Dawson county. For submission, February 17—Higginbotham, Bailey, Logan & Co. vs. T. H. Hancock et ux, from Haskell county. F. W. Stone et al vs. J. H. Broadway et al, from Eastland county. J. M. Radford Grocery Co. vs. M. A. Garner et al, from Taylor county. M. L. Wilson vs. Mrs. B. V. Auer et al, from Stephens county.

GORDON MOVES NEARER C. M. ROOT NO. 2 THORP

EASTLAND, Feb. 11.—Col. Robert D. Gordon has changed the location of his No. 1 Reagan and will drill 300 feet closer to the No. 2 Thorp of C. M. Root. The Root well came in three days ago for almost 1,500 barrels with the sand penetrated only two feet. Deepening very likely would materially increase the flow of this gusher. Gordon, who discovered the pool, will start at once on his No. 1 Reagan and plans to continue steadily on until the well is completed.

HUMBLE PIPE LINE MAN GRADE CROSSING VICTIM

RANGER, Feb. 11.—Glenn Bowden, 21, Brownwood, is in the City-County hospital, Ranger, suffering with a wound in the head and minor cuts and bruises as a result of a grade crossing accident about three miles from Ranger Thursday afternoon. Bowden, who is employed by the Humble Pipe Line company at its Colony Creek station, was riding in a Ford coupe when struck by a westbound Texas & Pacific passenger train. He was rushed to the hospital by the Killingsworth-Cox ambulance but injuries received are slight. The car was demolished in the crash.

EVERTS PRISON MANAGER

HOUSTON, Feb. 11.—B. A. Everts, Houston, has been named acting manager of the Texas prison system pending selection of a permanent head to succeed H. W. Sayle, Breckenridge, resigned. Col. R. H. Baker, chairman of the state penitentiary board, said Friday, Everts already has assumed duties. The board's next regular meeting is scheduled for February 27 in Austin.

Here is an artist's conception of what the campus of the University of Texas in the future will look like. Drawn in are the three University Union Buildings for which T. W. Gregory, of Houston is now conducting a campaign. They are: A. Union buildings proper; B. auditorium-gymnasium to seat 8,000 to 10,000 persons; C. Women's activities and gymnasium building.

Coleman County Pool Producing 425 Bbbls.

COLEMAN, Feb. 11.—The Morris pool recently opened 6 miles northeast of Coleman has a settled production from three wells of more than 425 barrels, reports reveal. The discovery well, Eastland Oil Company-Chestnut & Smith No. 2 Morris is pumping approximately 170 barrels daily. The east offset to the discovery, the Eastland Oil Company-Chestnut & Smith No. 1 — B Morris, which came in last week, is flowing approximately 213 barrels in 24 hour periods. Definite reports concerning the production from the Gwinnup and Bradstreet No. 1 Morris, which

extended the Morris pool, three-quarters of a mile northeast, are lacking, but it is understood that the well is pumping approximately 40 barrels daily.

MID-WEST TEACHERS TO MEET AT COLEMAN

The Mid-Texas district state teachers meeting will convene at Coleman, Texas, on March 16 and 17. All teachers should note the day and try to attend this important meeting. A very interesting program has been arranged. The district is composed of twenty counties as follows: Brown, Callahan, Coke, Concho, Comanche, San Saba, Coleman, Erath, Lampasas, Mills, Nolan, Sterling, Tom Green, McCulloch, Eastland, Hamilton, Mason, Menard, Runnels and Taylor.

BRECKENRIDGE CLUB DENIED BILLIARDS

BRECKENRIDGE, Feb. 11.—Yesterday afternoon at 2:30 the plea of the Breckenridge Athletic club to have the temporary injunction restraining them from operating billiard tables dissolved was heard by Judge C. O. Hamlin in the 90th district court. The motion was denied and a permanent injunction issued by the court to take the place of the temporary injunction.

MORAN'S NEW BAPTIST PASTOR IS INSTALLED

MORAN, Feb. 11.—Dr. W. R. Earp, of Dallas, Texas, has accepted the pastorate of the First Baptist church at Moran and is on the field. His family will be here next week and will be at home at the pastorium near the Baptist church. Chinese elms, lombardy poplars, honey locust, sycamore, 50 cents to \$1 each at the Clyde Nursery, 2514

HOWELL HEADS LIONS GROUP OF DISTRICT

RANGER, Feb. 11.—E. J. Howell, Stephenville, registrar of the Jobb Tarleton college, was elected chairman and Harold Durham, Ranger, was elected secretary of the group organization of Lions clubs at the initial meeting held Thursday afternoon at the Gholson hotel, Ranger. Representatives from Weatherford, Fort Worth, Eastland, Ranger, Cisco, Stephenville, Cleburne and Breckenridge met in a business session immediately after the luncheon extended them by the Ranger club and formulated plans for the organization. Breckenridge asked that the next meeting be held there and representatives from the club were awarded the next meeting, which will be March 1. Judge N. N. Rosenquest, district governor of Texas, is forming the group organizations of ten clubs or less, all over Texas and was present at the meeting Thursday. George A. Anderson, assistant secretary of the Lions International, was also present and assisted Rosenquest in the organization. Howell, chairman, will automatically become a member of the governing board of Texas Lions as long as he remains in that official capacity. Representatives from Dublin and Santa Anna and Comanche were not present at the meeting but will be included in the group organization.

INTERIOR DECORATION
Home, but hundreds pass judgment on the exterior. The cost of beautifying home grounds is small as compared with decorating the interior... probably not more than the price of a rug or a piece of furniture. Twelve and One Bridge Club Entertained by Mrs. Orn. The members and substitutes of the Twelve and One Bridge club were entertained at the home of Mrs. C. L. Orn Friday afternoon. A

variety of pot plants were placed artistically in the rooms. In the games Mrs. R. A. Williams won the high score prize and Mrs. Lloyd Winston the consolation. Refreshments were served to the following guests: Mesdames R. H. Reese, M. D. Paschall, Jr., Yancy McCrear, Marshall McCrear, W. T. Graham, A. C. Green, Jack Anderson, Cecil McCord, Jacobs, Walter Leach, Jack Cabaness, Lloyd Winston, R. A. Williams, Lee Heltzel, Walter Goldston, H. B. Allen and the hostess.

Trey Bridge Club Met With Mrs. Lee.

Mrs. Fielding Lee entertained the members and substitutes of the Trey Bridge club at her home, 1206 West Ninth street, Thursday afternoon. A variety of cut flowers were used for decorating purposes. The favors in the game went to Mrs. Jack Cabaness, high, and Mrs. Rex Moore, the consolation. The hostess, assisted by Mrs. W. P. Lee, served a dainty salad plate to the following guests: Mesdames Jack Cabaness, H. B. Allen, George Atkins, Rex Moore, Aaron Robinson, Yancy McCrear, M. D. Paschall, Jr., Lloyd Winston, Crigger Paschall, J. D. Lauderdale, W. P. Lee and Miss Mayme Davis.

Blue Bonnet Bridge Club Met With Mrs. Johnston.

The home of Mrs. Cleve Johnson was artistically decorated with valentine colors Wednesday afternoon, when Mrs. Johnson was hostess to the Blue Bonnet Bridge club. The high score prize was won by Mrs. A. E. Willig. The hostess served a salad plate to the following guests: Mesdames Henry Benhom, J. H. Moyer, W. T. Graham, O. T. Maxwell, Dewey Neal, James Love and A. E. Willig.

Wednesday Bridge Club Met With Mrs. Maner

Mrs. Leon Maner was hostess to the members and guests of the Wednesday Bridge club Wednesday afternoon at her home on West Sixth street. Mrs. E. P. Crawford won the cut prize. Dainty refreshments were served to the following members and guests: Mesdames J. H. Brice, Afton Burke, Don Sivalls, L. A. Harrison, Frank Harrell, Alex Spears, Forrest Wright, Oscar

Chiett, E. L. Graham, E. P. Crawford, Charles Brown, Charles Trammell and the hostess.

Mrs. Grant Mason Entertains With Bridge.

A very attractive bridge party was the one given by Mrs. Grant Mason Thursday afternoon at the Green Lantern tea room. The rooms were decorated with large valentine hearts and the shaded lights gave a very pleasing atmosphere. Mrs. Charles Trammell greeted the guests at the door, and they were then presented to the receiving line, who were Mesdames Grant Mason, Robert LaNeve, Claud Riggs, H. F. Crawford, J. G. Brown, Jr., Miss Lura Bess Berdwell of Mineral Wells, Mrs. D. J. Moss and Mrs. Guy Dabney were also in the house party. Mrs. A. E. Willig won the high score prize, and Miss Mabel Daniels the next high prize. Mrs. Don Sivalls won the cut prize. A delicious two course salad plate was served with a valentine as favors to the following guests: Mesdames J. H. Moyer, T. J. Dean, G. B. Kelly, Gus Ward, J. J. Butts, A. J. Bearman, Walter Goldston, G. G. Mortimer, W. W. Wallace, W. J. Armstrong, Afton Burke, Don Sivalls, J. H. West, J. F. West, Marshall McCrear, L. H. McCrear, G. C. Merril, Charles Robert, Charles Trammell, E. L. Graham, A. E. Willig, J. H. Brice, A. C. Green, E. P. Crawford, B. S. Huey, Oscar Chiett, Alex Spears, Guy Dabney, Jack Kelly, R. H. Reese, H. N. Barnhart, D. J. Moss, C. A. Whitfield, Frank Britton, Will St. John, E. J. Anderson, Belle Stamps, Gene Bell, C. H. Fleming, J. E. Spencer, Ben Reed, Robert LaNeve, Claud Riggs, H. F. Crawford, J. G. Brown, Jr., J. E. T. Peters, L. D. Parks, H. N. Pardee, Misses Helen Williamson, Mabel Daniels and the hostess.

Mohley-McCarson Marriage at Lubbock.

Miss Ruth McCarson, daughter of Mr. and Mrs. J. T. McCarson, 1317 Fourteenth street, and Henry L. Mohley, Jr., of Cisco, were married at 10 o'clock this morning at the home of the bride's parents with the Rev. Walter P. Jennings, pastor of the First Christian church, reading the ceremony. Only members of the bride's family and a few friends witnessed the nuptials. Miss Novelle Hemphill, daughter of Mr. and Mrs. J. S. Hemphill, 2009 Broadway, attended the bride and James T. Moore, of Cisco, was best man. Mr. and Mrs. Mohley left for a

short honeymoon this morning and are returning to make their home on Avenue N. The bride was gowning in beige georgette for the ceremony with corsage of rosebuds. Her chic hat was in harmony with her gown, as were other accessories. She is a former student of Technological college and a graduate in dancing and expression under Mrs. Gizen-domer of Houston. She has classes in expression and dancing here and in addition, is a member of Las Chaparritis, social club of the Technological college. Mr. Mohley is to receive a bachelor's degree in geology from the Tech this spring. He is a local representative of an electric refrigerating company in Lubbock and a son of Mr. and Mrs. Henry L. Mohley of Cisco.—Lubbock Journal.

Wichita Falls Sponsors Opera

J. Malcolm Harrison, traveling representative of the Wichita Falls grand opera club, was in Cisco Friday in behalf of the Chicago grand opera which the Wichita Falls chamber of commerce is fostering. He was here to interest Cisco people in this attraction that will appear in that city February 29 and March 1. Mr. Harrison said the committee bringing the grand opera to Wichita Falls has secured the services of Lois Parker to present by lectures and selections from the operas "Aida" and "Resurrection." Fostered by Mrs. H. I. Stock, president of the Cisco Music Study club, a number of ladies will meet next Thursday at the Green Lantern Tea rooms to meet Mrs. Parker, who will talk on the musical value of operas.

TWO AUTOS COLLIDE STRANGER PAYS FINE

When the automobile of George Kingham, of Detroit, Mich., collided with another car Friday night in front of the chamber of commerce, the car of Robert Hall, colored, was more or less damaged. Kingham paid a fine for violating the city traffic laws of the city, and paid for the damage done to Hall's car.

CLUB WOMEN HEAR SPEAKER ABOUT FIELDS

There was a very small, though intensely interested, group of Cisco club women at the High school building to greet Mrs. Day Mills, yesterday morning at 10 o'clock, when she spoke to them regarding the displacement of Mrs. J. U. Fields of Haskell, as local Biennial chairman.

The speaker was introduced by Mayor J. M. Williamson in one of his nicest speeches.

Mrs. Mills is a director of the State Federation of Women's clubs, and also a member of the executive committee of the national organization. Her home is in Muskogee. In her talk Saturday morning, Mrs. Mills recited in considerable detail the incidents of the meeting of the executive committee in Washington, D. C., when the place occupied by Mrs. Fields was declared vacant and her successor named, in the person of Mrs. Henry Drought of San Antonio. Mrs. Drought was the local chairman for San Antonio, in which city the Biennial will be held.

It seems that club women are somewhat divided in their opinion regarding whether or not an injustice has been done Mrs. Fields by the alleged summary unseating by the executive committee. The meeting Saturday was for the purpose of hearing from one who attended the Washington meeting, just how the matter was brought about. Many clubs over the state, both men and women, have protested against doing the Haskell woman an injustice, and have asked for a complete hearing of her side of the controversy. Among those hearing Mrs. Mills speak were a few ladies from adjoining cities.

Dairy Men Definitely Contract For Six Bulls at Meeting Here Friday Night; 17 Cows Bought

At the dairy meeting Friday night at the Cisco chamber of commerce, contracts were definitely signed up for the purchase of six bulls to be placed in the circles recently formed, and a possible seventh bull will be purchased, though the contract for it was not signed for at the meeting. Four of these bulls will be placed in the circles in the country near Cisco, and in the event another bull is purchased it will also remain in the Cisco circles. In addition to the bulls contracted for those attending the meeting signed up for 17 Jersey cows to be added to the dairy herds of the county.

At the meeting Friday night two were named as the purchasing committee to buy these bulls and cows, in the persons of B. T. Leverage, of Scranton, and H. R. Gilbert, of Carbon. These gentlemen will be accompanied on the

purchasing trip by D. T. Simons, secretary of the Texas Jersey club; C. M. Evans, agricultural agent of the Texas & Pacific railroad, and J. C. Pasterson, county farm agent of Eastland county. Naturally the committee will largely rely upon the judgment of Messrs. Simons and Evans in the selection of these dairy cattle. While a less number of bulls were contracted for than expected, yet the number contracted for will form a nucleus around which to build up the dairying interests of Eastland county, and once started the herds will naturally be enlarged, till ere long Eastland county will be classed as one of the prosperous dairy counties of the state, it is believed by those fostering the movement.

Lincoln and His Lessons in Living

A long while ago—when copper toed boots and petticoats and crinolines were in style—a gawky country boy grew to manhood in a log cabin in Indiana. All around him were other boys who grumbled over the "lack of opportunity nowadays" and while they were talking about it Lincoln obtained an education, managed a nation during war days and still found time to be wonderfully human withal.

Probably when Our Founder started his first store in Wyoming, there were plenty of men to show him how impossible it was to succeed. Human nature hasn't changed very much since the '60's, nor since the beginning of time for that matter. The world still keeps its greatest rewards for those who travel the dusty road of individual effort, whether their work be managing a nation or a retail store.

This week let us honor not Lincoln alone, but the great lessons in living he has left behind.

FOR SALE

I have for sale in Cisco all of Block 88, just east of ball grounds. OIL LEASES on Section 468, within 300 yards of a good gas well, for \$25 per acre. Some leases in no better location have leased for \$50 within the last month, and I do not see why mine is not worth half that amount, and \$25 is what it will take to get it. My abstracts are OK and if I have not leased within 30 days I will begin drilling myself; as I understand that in the Nelly League Well some oil was found at 300 foot sand, and another showing of oil at about 600 feet. I can reach these two sand vein in a short time, so if any one wants any of this land to drill on, must act quickly, as I might change my mind any time. Any one who has a post hole digger, come and tell me what you will put a hole 1000 feet for, per foot; we may make a deal. I also have other oil leases in good territory at a reasonable price. If you want to sell or buy, see me, as I just got in touch with some of the best oil operators in Tulsa.

CISCO, TEXAS

W. B. COLLIE CANDIDATE CO. COURT AT LAW

W. B. Collie, popular and capable incumbent of the office of district clerk, has the following to say in announcing his candidacy for the office of judge of the county court at law:

To the Public:
In announcing my candidacy for the office of judge of the county court-at-law, I desire to express my gratitude for the loyal support given me by the people of Eastland county in my first campaign for district clerk and in electing me to a second term to that position. The confidence shown in me is deeply appreciated and it has been my fervent, sincere endeavor to repay this confidence by fulfilling the trust you have reposed in me to the very best of my ability. I am now asking promotion at your hands.

During my administration of the district clerk's office, it has been my constant purpose to conduct it in a business like manner for the benefit of Eastland county, and at the close of each year I have turned over to the county treasurer a

WILBOURNE B. COLLIE

surplus of several thousand dollars above all expenses of the office. This has been accomplished because I have employed an absolute minimum of deputies at salaries as low as competent employees could be secured, and for the further reason that the fees of the office have been diligently collected.

While in the service of the public I have observed the trials of hundreds of cases in the county and district courts. This opportunity for observing the processes and procedure of our courts is, I think, of great value in qualifying me for the position of judge of the county court-at-law. Furthermore, the office of district clerk is a position that requires considerable study of law and knowledge of technical

questions. In addition, I might state that I have used much of my spare time in studying all the branches of law. If I am your choice for the position of judge of the county court-at-law, it will be my conscientious desire to try with fairness all cases and to maintain impartially the rights and privileges of all persons appearing before the court. The county court should try all cases over which it has jurisdiction and thereby relieve the congestion in the district courts.

As district clerk, I have tried to discharge fully every duty. I am now asking advancement. If through your ballots you allow me to realize this ambition I assure you, with a heart filled with loyalty to my fellowman and devotion to duty, that you will never have occasion for regret.

WILBOURNE B. COLLIE

ELSER SPOKE BETTER THAN HE REALIZED

Max Elser's prophecy made two years ago "that it was easier to get run over in Cisco than it was in New York City" was verified February 1, when he was struck and injured by a car on D avenue. While visiting his son in New York in February of 1926, in a letter to the Daily News he added the postscript: "If you want to be run over by an automobile please do not come to New York. You can have it done with greater expedition right in Cisco. They are too careful on Broadway."

A letter addressed to Mrs. Pete Hoffman also contained the same postscript, and the irony of fate was brought home to him most forcefully when Mrs. Hoffman handed him the letter a few days ago in his room at the Gude hotel, where he is slowly convalescing from his injuries.

"Another fact worthy of note," Mr. Elser said, "I was run down by this car on the sixth anniversary of my residence at the Gude hotel. There is no foundation for the prophecy I read a few days ago by a 'wise guy' who predicted that Texas would soon be overpopulated. Texas automobiles will take care of the over-production," he stated.

"But I'm feeling much better," he said, "and will soon be able to be up and greet my friends again. I have been in bed now for days, but the end of my confinement is near."
It will be pleasing to his many friends to meet Max Elser on the streets again, as he always has a word of cheer that makes a fellow feel better after one of his cheerful greetings. He is one of the oldest old men in West Texas, having been the first to lease oil lands in Callahan county, and that was seven years before the McClellan, the discovery well, was drilled in the Ranger field.

TO LIGHTEN LONG HOURS

Cloth scrap books for disabled soldiers and crippled children are a happy inspiration for the church organization, girls' club or neighborhood group that would like to do something for these unfortunate ones not only at Christmas time but throughout the year, yet does not have much money to do anything with. These books cost practically nothing to make and their small cost can often be borne by a few who do not have time to give and are glad to make their contributions this way. Such books are ideal for hospital patients, being lightweight and pliable, and able to stand a lot of handling. The books are made out of flour bags, unripped and washed, which can be had from almost any baker for a few cents. To remove the stamping, cover the inked spots with lard or soak them in kerosene overnight. Then wash the bag out in lukewarm water. One such bag will fold into a 24-page book, size 10 by 12. The edges are left raw or may be pinked. The book is stitched down the middle when open, or tied with colored cord like a Christmas card. A good grade of glue should be used, not too thick. On the front page, paste some attractive colored picture from a magazine cover. For the contents, collect a lot of magazines—fiction, history and children's publications, especially those with plenty of good illustrations and large type. From these clip the cream, remembering whom they are intended for and keep them from being too depressing on the one hand and too preachy or Pollyanna-ish on the other. Some of the very best fiction and non-fiction published every year appears first in serial form and all the installments of one such work, pasted together in a single book make excellent reading. A book sold with jokes is apt to be a bore. Combined with light verse, interesting illustrations, crossword and other puzzles, it is many times more absorbing. Be sure to paste the answers to puzzles at the back of the book. For the children's books get in as much color as possible and include not only magazine clippings but pretty valentines, pictures to be colored, and simple "hidden object" puzzles.

Cisco Churches

LUTHERAN.

This morning the pastor will speak on baptism, answering the old asked question: "Is Baptism Essential to Salvation." If you wish to know the scripture's answer to this question, come to the Lutheran church at 11 o'clock. At 7:30 o'clock this evening the sermon will be a continuation of Life and Time of Noah, and the nations that sprang from Noah's sons. Is the rainbow a natural phenomenon, or is it a sign of the covenant? Is the negro a descendant of Ham? Is his color the result of the curse? Will he be white in heaven? These and other co-related questions will be answered from the scriptures. Sunday school at 10 o'clock.—H. P. PEIMAN, Pastor.

FIRST PRESBYTERIAN.

Sixth Street at H. Beginning with Sunday school at 9:45 this morning an interesting program has been arranged for the entire

day. A special Boy Scout program is planned for 7:15 this evening. Call to the colors, a cornet solo, and taps will be given by the bugler of troop No. 1, John Peter Huey. Scouts in uniform will usher, give the scout oath and otherwise show what scout-hood has done for them and can do for every boy who is privileged to be a Scout. Be early and hear the organ program by Miss Irene White. The message "The Fruit of the Tree," will be delivered by the minister, Rev. B. C. Boney. The morning hour is 11 o'clock. You'll find a welcome.—B. C. BONEY, Minister.

FIRST BAPTIST.

Corner E avenue and Ninth street. Sunday school at 9:45. Attendance last Sunday 374. Morning service at 11 o'clock; "Heaven" will be the pastor's subject. Young people meet at 6:30 in departmental B. Y. P. U's. In the young people's parlor a general assembly of all young people will be held at 6:30 at which a special program will be given. Among the numbers prepared will be a reading by Elsie Glenn, and solo by Joe Carrothers. In the evening at 7:30 a patriotic tone will be given the service in keeping with Lincoln's birthday. Mr. Collums will have his hand there for a group of patriotic numbers; the young people will have charge of the service, and the pastor will use as his subject, "The Religious Life of Lincoln." At this service an illustrated reading will be given by Louise Karkalits and Letha Maud Eager assisted by a trio and choir. Every stranger and friend is invited to any and all of our services.—ACKER C. MILLER, Pastor.

CHURCH OF GOD.

Corner F avenue and Eleventh street. Sunday school 9:45; morning service 11, subject, "The Gift of the Holy Ghost. Young people's service 6:30, evening service 7:30, subject, "The Reward of the Wicked. Everybody welcome.—J. W. BATTORP, Pastor.

FIRST CHRISTIAN.

Thos. Lenox, Minister. Rev. Lenox will speak at 11 o'clock today at the First Christian church on the subject of "Service," in the theme of stewardship. The anthem for the morning will be, "Come, All Ye People," and a duet, "It Pays to Serve Jesus." The opening number for the evening hour will be by Mr. Wiley and Miss Walters; solo by Miss Glenn; chorus by the choir, and other numbers, with old time congregational singing. Sermon, "Christ Crucified—A Stumbling Block or Foolishness; Why?" Boy Scouts will be in attendance and will act as ushers. Christian Endeavor will meet at 6:30. Good program. Bible school at 9:45 a. m. Bring a friend with you; a welcome for all.—THOS. LENOX, Minister.

FIRST METHODIST.

P. T. Stanford, Pastor. The largest crowds in years are attending services both morning and evening at the First Methodist church. We expect an unusual crowd today for all services. Every boy, girl, man and woman not in Sunday school is invited to a place in a class and department in our school. The school meets at 9:45. J. T. Elliott, superintendent. 11:00 a. m. the pastor will preach; Van Roberts, solo; done by Misses Hope and Andre. 2:30 p. m. Epworth Junior Society.

Misses Eileen Wilson and Bertha Helen Triplett, superintendents. 6:30 p. m. Senior League, Byron Lovelady, president. 7:30 p. m. "Bringin' Up Bill" is the subject for the evening hour, to be delivered by Reverend C. O. Shagart. The Scouts will have a part on the program. Professor Thomas Reid will sing "The Old Rugged Cross" and "For You I Am Praying." This will be one of the most impressive services of the entire year. All alike are welcome to this church; the rich and poor, those high in the social scale and those who are "down and out." The pastor and the church will consider it an honor to serve humanity regardless of social standing or place in the world.—P. T. STANFORD, Pastor.

Gray Co. Royalty Sold for Million

AMARILLO, Feb. 11.—Joe Bowers, Gray county rancher for more than 20 years, has just sold one-half interest in the royalty on his 3,200 acres for \$1,000,000, to seven Oklahoma City capitalists, who will organize the Sunrise Oil company of Oklahoma City. The Bowers area in Gray county is the most active in the Panhandle at this time.

en. of non-professional parents. Following the completion of her education in the Stockholm public schools she attended the Royal Dramatic academy where she learned the profession of acting. Chosen from among the lesser players of the stage she was cast in one of the leading feminine roles of "Gosta Berling's Saga," a film in which Lars Hanson had the leading male role. With the release of that film she became famous throughout Europe and attracted the attention of Louis B. Mayer, head of the Metro-Goldwyn-Mayer studio, who was abroad at that time. Mayer placed her under contract and brought her to America, putting her exclusively in M-G-M productions.

Quick Action Stops Boll Worm Spread

AUSTIN, Feb. 11.—L. A. Cook, state pink boll worm inspector, located at Presidio in the Big Bend section, recently discovered that four Mexican cotton pickers had gone from there east by an "indirect route which would not pass of any quarantine station. It was related here by George B. Terrell, commissioner of agriculture. Cook thought the Mexicans

might have some good cotton in cotton sacks that they had with them and so set out in pursuit. Four days later he overtook them at San Angelo. The sacks had a quantity of cotton seed in them containing pink boll worms. "The chase was less spectacular than catching bank robbers but probably prevented infestation in some part of the cotton belt," Terrell commented.

MIGHTY GOOD TIMBER

Col. Dick McCarty in Albany News) In this issue of the Albany News we are authorized to announce the name of R. Q. Lee of Cisco for congress to succeed Congressman Tom Blanton. He has entered the race through the strong solicitation of his many friends. For the past twenty-five or thirty years, R. Q. Lee has been a big figure in the development of the West—farmer, dirt farmer, country merchant, banker, railroad man, served one term as president of the West Texas chamber of commerce, without money and without price, preaching the gospel of industrialism to his constituency just for the love of it—a practical farmer, a successful merchant, a shrewd financier in the banking world, a railroad builder, putting his money and

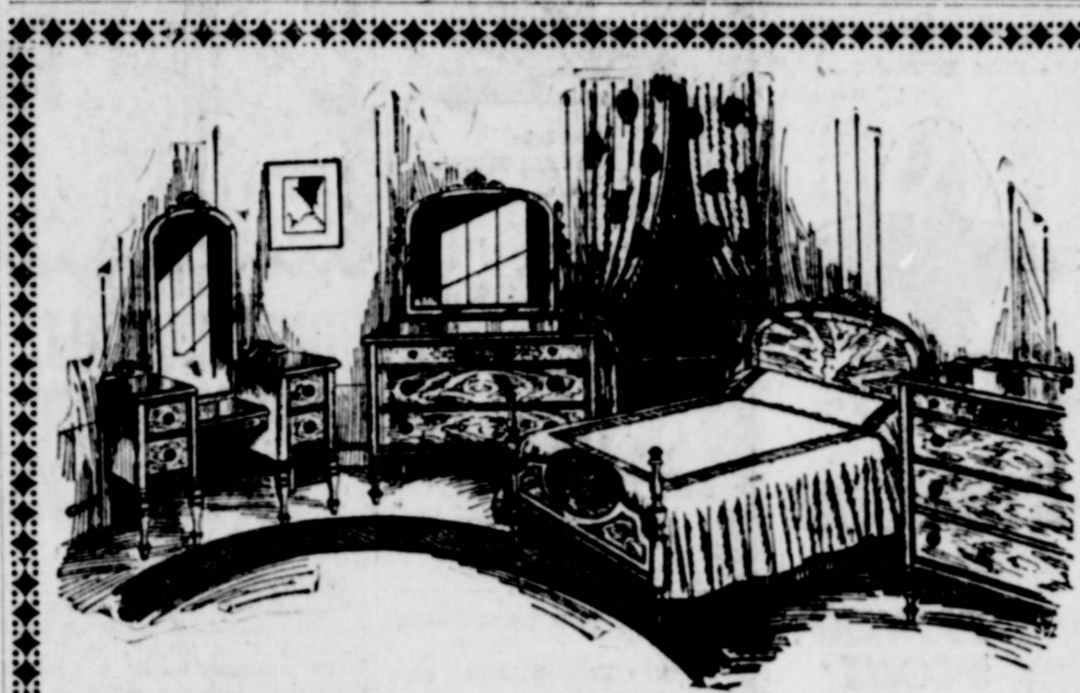

brains behind the project, and thus, Cisco and Breckenridge said hello to each other over steel rails—Making a passageway for the exchange of commerce—A BUILDER. Now the scene shifts, a change has come over the spirit of his dreams, wants to lay down the plow and the hoe for a season, get out from behind the counter, away from the counting room and enter a larger realm, the realm of politics. Yes, with this accumulated experience and seasoned knowledge, he feels that he is equipped to render his district and state a large service along the lines of legislation. Yes, great problems confront the nation at this hour, and big men are needed to solve the problems of state, men endowed with rare wisdom, grave men, courageous and unafraid, honest men, broad minded men, practical minded men, possessed of a good stock of common horse sense and got the gumption to look straight ahead and climb the hill in spite of opposition to attain his goal—That's the kind of stuff out of which R. Q. Lee is made—Yes, mighty good timber for a big job. He's a democrat of the old school, safe, sound, conservative and if elected, he will do his stuff without fear or favor. Of course his election will be subject to the action of the democratic primary. Consider his claims, in other words look him over and give his claims due consideration.

An Extra Measure of Service

The value of banking service is determined, in the final analysis, by the measure of care and courtesy extended over and above the routine attention which each customer has a right to expect as a matter of course.

The slogan of this bank is "not how little service we can give, but how much."

HOUSTON HALL FOR BIG MEET ON 2 BLOCKS

HOUSTON, Feb. 11.—Plans for the democratic national convention here in June took a step forward Saturday when Mayor Oscar Holcombe announced that a fraction more than two city blocks in the proposed civic area had been set apart for the convention auditorium. The site, now occupied with small dwellings, which have been razed, is within four blocks of the business section. Bids for the auditorium, which is to be constructed of wood and to cost not more than \$100,000, will be received until February 20 with May 15 as the time limit for completion.

Less Than Minimum Water Being Taken

The Texas & Pacific railroad has now been taking water from Lake Cisco for about eight days, but as yet the company has not been taking the minimum contracted for. "This is due to the shortage of tank cars," said R. E. Scott, superintendent of the Cisco water system. "During the first eight days only about 500,000 gallons of water has been taken by the railroad to distribute on its western or Rio Grande division, but just as soon as the tank cars can be put in the water service it is expected the takings will nearly approximate the maximum amount of one million gallons per day as called for in the water contract. The contract specified that the minimum takings would be 300,000 to 400,000 gallons per day," Mr. Scott stated.

SHOOTS WIFE AND HIMSELF IN BACK YARD

HOUSTON, Feb. 11.—Mr. and Mrs. P. D. Martin are dead here tonight, the result of a shooting affray in the back yard of their home this afternoon. Martin was dead from gunshot wounds when the ambulance reached the scene, and Mrs. Martin died on the way to the Baptist hospital. Ambulance attendants told at the hospital that Martin shot his wife then committed suicide. It was said that a son of the couple has been released on bond in connection with the affair.

Biggest January in Studebaker history

58% increase in actual retail deliveries over same month last year

See these four great Studebaker lines of fine cars and you will understand why

ACTUAL retail deliveries of Studebaker dealers for January, 1928, exceeded those of January, 1927, by 58 per cent. They were the largest in the history of the Corporation for that month, which so often sounds the sales keynote for the year.

The reason back of this sales record is the championship performance of Studebaker motor cars—demonstrated by a succession of spectacular feats of endurance and speed—culminating in Studebaker's unique position of holding all the highest endurance and speed records for fully equipped stock cars, regardless of power or price.

See the four great lines of Studebaker cars which are sweeping the country today. But do more than simply see them—ride in them and drive them! Then you will know that they embody the most advanced engineering of 1928 combined with Studebaker's 76-year-old traditions of quality.

Values in Four Price Fields

The New President Straight Eight—100-horsepower, 80-mile-an-hour, 131-inch wheelbase—imposing beauty and luxury—\$1985 to \$2450.

The New Dictator—champion of its price class, with a record of mile-a-minute speed sustained for 24 hours. \$1195 to \$1295—a genuine, One-Price value.

The Commander—the World Champion car which holds all the highest speed and endurance records for fully equipped stock cars, regardless of power or price. 25,000 miles in less than 23,000 minutes. \$1495 to \$1695.

The New American Edition of the Crispine Six—larger and more powerful—yet lower in price—\$795 to \$965—a car of genuinely high quality—40-mile-an-hour the day you buy it, 62-mile speed later.

All prices f. o. b. factory—Shock absorbers standard equipment on all models.

ATWATER KENT RADIO

The new AC set that started all the talk is HERE

Model 37

The astonishing price of the new, six-tube, FULL-VISION Dial, self-contained A. C. set includes everything except tubes and a speaker. No power accessories required—no batteries, no charges. For use only with 110-115 volt, 60-cycle, Alternating Current. Uses six A. C. tubes, and one rectifying tube.

without tubes

FOR years, Atwater Kent engineers had worked to get the greatest amount of radio into the least possible space, and to produce it at the lowest possible price. Now we are proud to offer the result. You'll agree that this new self-contained all-electric set is Value with a capital V.

Come in—everybody's welcome—see and hear this new radio. It's smaller than many battery sets, but it's powerful and includes many features found in no other sets. See how quickly the FULL-VISION Dial picks up any station—and how sharply. You read the whole dial at a glance, like a watch. And the tone—well, you've got to hear it to realize how true it is. It's a radio you'll be proud to own, at a price that makes it easy, and on our convenient terms that make it even easier.

Come in today—there's no obligation—see the set and listen to it yourself!

Model E Radio Speaker \$24

Radio's truest voice. All parts protected against moisture. Comes in a variety of beautiful color combinations.
