CISCO, TEXAS, SUNDAY, FEBRUARY 26, 1928.

FIRST SECTION—TEN PAGES

NUMBER 8

TEXAS

By WILL H. MAYES, Austin.

"PASSED THE BUCK"—The Southern States Cotton conference, at Jackson, Miss., this week did about all that could be done when it "passed the buck" to the bankers and merchants and urged them to make farm diversification a condition of credit to farmers. The 10 per cent reduction recommendation will have weight or not, depending on whether the cotton growers throughout the country try to live up to and enforce the regulation. The legislative license control was abandoned as impractical and impossible. Bankers, merchants and farmers, with quick and thorough cooperation all over the south, can remedy the situation and they alone can do it.

ACTION IN TEXAS—The Texas prison farms will reduce cotton acreage from 27,000 to 23,000 and are setting a good example to smaller farmers. Reports from over the state indicate that a few counties have taken action on reducing the crop, but in most sections little appears to have been done. Doubtless most farmers and business men are awaiting the action of this conference, and will at once fall in line with its recommendations.

IMPROVING DAIRY HERDS—A party of dairymen in the Cisco section, along with others interested in improved dairy cattle have been at the Tati ranch with a view to buying several Jersey bulls and a number of cows with which to improve the standards of their present herds.

That little item, which is merely a sample of what might be written about the activities of Cisco poultrymen, Cisco farmers generally, and Cisco business men, shows why Cisco is improving and growing so rapidly and there are indications of prosperity all through the country round about. Cisco people are studying to have the best in everything and are sparing no pains or expense to that end. What is being done around Cisco is being done at many other Texas points and can be well done anywhere in the state.

HELPING BUILD CITY—John Schartbauer is a veteran and prosperous ranchman of Midland county. He is not satisfied to watch things grow, but likes to help them grow. For the last ten months he has averaged building one business house a month in Midland and has let contract for another. Plans are being drawn for the twelfth, but he says there must be some city cleaning up before he builds that. A builder who makes a cleaner city or cleaner street a condition of his building is a public benefactor.

COULDN'T SEE IT ALL—When Loring A. Schuler came down from Philadelphia to see Texas for the Country Gentleman, he tried to cover the whole of "The Modest State of Texas," but soon found the immensity and the impossibility of the task. He touched it in high places and tried to sum up his findings. Here is how he did it:

"Beef cattle, sheep, goats, dairy cows, wheat, grain, sorghum, sugarcane, oranges, grapefruit, cotton—yes, these are a few of Texas' agricultural products. But I haven't mentioned her figs or pecans, her olives, dates and avocados, her delicious fruits, or the multiplicity of other crops."

"Perhaps he intended to include all the rest in that word 'multiplicity.' When Texans themselves come to see as they should the 'multiplicity' of opportunities Texas affords and not until then will Texas come fully into its own."

CITY BEAUTIFICATION—There will be a national conference on city planning, which might better be called city beautification, at Dallas in May. Texas cities, both large and small, will be well represented at that meeting. There is not a place in Texas that has not been brought, as it has grown, to a realization of its mistakes in failing to work to some definite plan. Many of these mistakes can never be corrected and where it can be done the expense will now be much heavier than if the right start had been made at city building. Every wide-awake Texas community should be well represented at that Dallas convention.

LUFKIN'S AMBITION—According to W. C. Hall, secretary of the Lufkin chamber of commerce, that city is giving its special attention now to city beautification, having grown in recent years from about 5,000 to about 10,000 people. It is beautifying its streets, parks, and homes, paving, extending water mains and sewers and keeping every part clean and tidy as if visitors were always expected. The small Texas cities are learning that beauty, attractiveness and the things that make for comfortable living are worth far more than large population.

HENRY HELMS' JURY STILL OUT

Loboes Win District Championship Arguments Completed and Case Given to Jury at 4:20 Saturday Afternoon; No Report at 10:45

STEPHENVILLE EASY PICKING; ABILENE NEXT

The Cisco Loboes are champions of this district in basketball, having swamped the Stephenville Yellow Jackets last night in the final game at Breckenridge. The score was 34 to 19 in favor of the local high school quintet.

With the winning of this game and the district championship goes a silver loving cup offered by the Breckenridge chamber of commerce, and a silver chamber. The team and local fans were in high spirits last night over the success of the Loboes, who have been winning consistently all through the season. The locals had piled up 11 points before their opponents were able to score, and at the half the score stood 23 to 9 in favor of Coach Gough's Fighting Loboes. Seeing that the game was "saved up," Goughly sent in some of the second string men, just to show that he had more good players than were listed on the first team. The boys gave a good account of themselves. H. Pippen and Smith tied for high points, each securing eight to their credit.

The Loboes now go into the bi-district contest, playing Abilene a series of three games, or until one team wins two. The first of these games will be played Tuesday night, and Coach Goughly intimated that the first one would be played in Cisco. Definite announcement will be made later regarding the place, he stated.

STEPHENVILLE PUTS BRECKENRIDGE OUT

The Loboes won the only game of the second round of the tournament for the district basketball championship Saturday morning when they defeated Tolar by the score of 51 to 13. Stephenville Yellow Jackets, who eliminated Breckenridge in the first round, did not have to play in the second round, because there was no representative from Hood county at the meet. The Loboes and Yellow Jackets are the teams that won the right to go to the finals, with the result as stated above.

Tolar was completely outclassed by the Loboes and the second string played the greater part of the game for Cisco. Ollie Little, playing forward for the Loboes, led in the scoring with 14 points. Kellogg, H. Pippen and B. Pippen each made 10 points, and tied for second in the scoring. Fitzhugh, center for Tolar, was the best man on the Tolar team. The Loboes line-up was: H. Pippen and Keyes, forwards; B. Pippen, center; Smith and Ray, guards; Substitutes, Little, Kellogg, Price and Yeager.

COLD WEATHER DELAYS FLIGHT UNTIL SUNDAY

FORT WORTH, Feb. 25.—Ready for their endurance flight this morning, Pilots Al Henley and Joe Hart discovered that the cold weather had so thickened the oil that it would not flow through the line to the motor. They called the flight off until Sunday morning, pending installation of a new line, which will be completed today.

PRESS HEADS OFF TO TEXAS FOR BIG MEET

KANSAS CITY, Feb. 25.—James D. Preston, superintendent of the senate press gallery in Washington, and J. Fred Essary, Baltimore Sun correspondent, in charge of press arrangements for the National convention this year, are leaving tonight for Houston.

THE WEATHER—East Texas—Sunny, increasing cloudiness; somewhat warmer. West Texas—Sunday, cloudy and warmer.

\$130,000 TAKEN FROM TRAIN BY 6 ROBBERS

EVERGREEN PARK, Ill., Feb. 25.—Six daring shotgun bandits held up a Grand Trunk railroad mail and express train here this morning, blew out one end of the car with dynamite, and escaped with \$130,000 in cash. The robbers overlooked \$200,000 in cash in another car. Local police arrived on the scene just as the last sack of money was being removed from the car, and opened fire and pursued the bandits, who quickly outdistanced them.

CHICAGO, Feb. 25.—With the automobile in which the six bandits escaped already in the hands of the police the men who today held up and robbed the Grand Trunk express and mail train at Evergreen Park, a suburb, were still at large tonight. Police, however, were of the opinion that arrests would be made within a few hours.

NEW MOTOR; NO FUEL? SHOCKS CAR INDUSTRY

DETROIT, Feb. 25.—While the motor industry still rocked from the shock of a fuelless motor, demonstrated to Colonel Charles A. Lindbergh, and which the sponsor says will revolutionize air, land and sea transportation, Lindbergh calmly hopped off from Selfridge Field for Mitchell Field, Long Island, on a new mystery flight.

FUELLESS MOTOR TESTED BY LINDBERGH

DETROIT, Feb. 25.—Prospects of a fuelless motor, based on the principle of electro magnetism as applied to the rotary motion of the earth, is seen today, following the report that Colonel Charles A. Lindbergh tested this type of motor here yesterday. Lindbergh would not consent to an interview and made no report on the test. The invention is being kept a secret. Lester J. Hendershot of Pittsburgh, is the inventor.

LINDBERGH'S MOTHER DELAYS BOSTON TRIP

SELFRIDGE FIELD, Mich., Feb. 25.—Mrs. Evangeline Lindbergh today postponed until tomorrow her flight to Boston, where she will receive a gold medal from the National Educational association.

CISCO'S LAKE DOES HARBOR LIVE 'GATOR

Some time ago the Daily News published a story about P. O. Berry, manager of the Cisco Amusement Co., seeing an alligator at Lake Cisco, on one or two occasions. This statement has been questioned in some quarters, as there are always doubters; even the story of the horned toad being taken alive from the corner store of the Eastland county court house is questioned by some. But Mr. Berry is standing pat on seeing the 'gator, and now comes Virgil Heyser to his rescue, who verifies the 'gator story by stating he and D. E. Waters positively saw the reptile last summer. Mr. Heyser says he was on a rock up Sandy creek, tributary of Lake Cisco, and on their approach the alligator slipped into the water. All three of these gentlemen have the best kind of reputations for truth and veracity, and as the 'gator was first seen before the horned frog made Eastland famous, it cannot be said that the 'gator story is being broadcast to detract any glory from the frog.

Naval Findings in S-4 Case

The court of inquiry into the sinking of the S-4 finds that the commanders of the two vessels were equally to blame, and that Rear Admiral Frank H. Brumby should be relieved of his command for inefficiency in rescue operations. Admiral Brumby, left, and Lt. Commander J. S. Bayliss, right, captain of the Paulding, are shown above.

Big Improvements For Lake Cisco Amusement Park Planned to Start At Once; Giant Coaster is Coming

A contract was signed yesterday by and between the Lake Cisco Amusement company and Walter W. Peltier, in which the Amusement company grants the concession to Peltier for the erection of a huge coaster riding device at Lake Cisco, which will be operated on a percentage basis. President F. E. Harrell, of the Cisco Amusement company, stated Saturday that the Amusement company will continue to control and operate all amusement features at Lake Cisco, and only the concession for the big coaster is alienated in the contract just closed. "Mr. Peltier agrees to commence work on the big ride within 60 days, but stated he would start work in half that time. Just as this work is started the Amusement company will begin the erection of a big board walk at the swimming pool," President Harrell stated, "and once the big ride is erected and installed other concessions will doubtless be booked. This giant coaster, when finished, will be the beginning of the making of a real amusement park at Lake Cisco, instead of simply the largest swimming pool in the world," continued Mr. Harrell. "This shows that concession leaders of the country have their eyes on Cisco, and bigger and better things are coming."

SHERIFF AND LAWYER HERE FOR B. WARREN

Sheriff G. M. Barham and Attorney E. M. Munger, both of Bloomfield, Mo., arrived in Cisco Saturday evening to take back to Missouri Boyd Warren, the 19 year old youth who surrendered to Cisco police Thursday night, stating he was a fugitive from justice. Attorney Munger stated that he was Warren's attorney, and also his bondsman, and an extensive search had been made for the youth. These gentlemen left Bloomfield Friday night, and arrived here on the Sunshine Saturday evening. They intended to leave for home last night, but after hearing of Lake Cisco, Williamson dam and other attractions to be seen in and around Cisco, decided to remain over until this morning, see Cisco and depart on the noon train. Warren seems anxious to get back to Bloomfield and face his trial.

OIL MILL MAN KILLED; PLANS FOR FUNERAL

FORT WORTH, Feb. 25.—Funeral arrangements are being made for C. H. Custer, 50, vice president of the Traders Oil mill here, who died yesterday afternoon from injuries received when he was caught in a steel pulley while making an inspection of the machinery of the mill.

NEAR 1000 POUND HOG AT JUNCTION

SAN ANGELO, Feb. 25.—What is believed to be the world's largest hog is owned by Joe Watson of Junction. The hog weighs 965 pounds and stands waist high to an average man. It is a 5-year-old Poland China. The monster is attracting visitors from over this entire section.

TEXAS' TAX ON GASOLINE O. K. SIMMONS SAYS

AUSTIN, Feb. 25.—Friday's ruling by the Illinois supreme court that the two-cent gasoline tax in any way, Assistant Attorney General Simmons announced today. The Texas tax is still considered occupational, while the Illinois tax was garnered from the consumer.

CECIL McAFEE SAYS NEWS IS BETTER DAILY

The Daily News is in receipt of a letter from Cecil W. McAfee of Chicago, formerly a citizen of this city, which encloses a clipping from the Chicago Tribune. The letter and clipping follows:

"Cisco Daily News: I am enclosing a line from today's edition of the Chicago Tribune. 'A Line of Type or Two' is one of the most popular features of the paper. I thought it might be of interest, since it connects with the story in the Cisco Daily News of last Sunday about the horned frog. Naturally, they would bring in our ex-governor, but, of course, I don't know who you stand on politics. "Wait! Stop! You all in Texas—you must not kill the horned frog. It was in the corner stone for 31 years and that hopped out blithe and gay when the corner stone was opened. Nay, nay, do not kill the little horned toad—it may be P. Ferguson. "I get the Daily News regularly, which means a lot to me, since I was born and reared in Cisco. The paper gets better every day."

CREAM ROUTE LAID OUT TO SERVE MANY

E. H. Varnell attended the meeting of the Scranton Community council at the school house at that place Friday night, where there was a meeting of the farmers of that community interested in the dairying proposition. Mr. Varnell stated the matter of cream routes were discussed and a route was tentatively agreed upon. This route starts four miles this side of Scranton and will go via Dothan, Putnam, Cottonwood, Atwell, Scranton and Nimrod to Cisco. A preliminary canvass the farms developed that there were 78 cows and 14 cream separators on this proposed cream route. These cows are now available for this cream route, which it is hoped to have in operation by spring. Mr. Varnell said. Another route which is being worked out, will take in the German settlement, south of Cisco, and farmers living on the Rising Star highway, and probably extend into Rising Star.

Graf Was Rotary Speaker Thursday

In the story Friday pertaining to the "Overseas Trip" of the Rotary members during their meeting Thursday, the Daily News inadvertently omitted the impressions of E. Graf, capable head of the Cisco Creamery, who carried the hearers on a trip to Germany, his native land, and gave them a very interesting and thrilling account of his impressions upon first landing in America. The omission was one of those things that happen sometimes in the best regulated newspaper offices, for which The News begs pardon.

LEST YOU FORGET MEETINGS TODAY

Services at all churches, morning and evening.

MEETINGS TOMORROW

Old Fellows, 7:30 p. m., at I. O. O. F. hall.

MANY TRAINS INDICATION OF LIVE BUSINESS

There is a rush of traffic through the Cisco yards over the Texas & Pacific railroad these days. To get some idea of the immensity of this traffic Station Agent Cole was asked to give out the number of the trains now passing through this city. He stated that the Texas & Pacific railroad is running an average of 30 trains through Cisco every day, counting passenger and freight trains. In this tonnage is included 1,500,000 gallons of oil every 24 hours, which originates in the oil fields west of Cisco. Each day there are 75 to 100 cars of fruits shipped over the road, and the other tonnage is composed of miscellaneous items and merchandise," according to Mr. Cole.

TEXANS ANGER OFFICIALS AT VILLA ACUNA

DEL RIO, Feb. 25.—Mexican officials at Villa Acuna, across the Rio Grande from here, were indignant today at what they characterized as a hoax played upon them by a party of Texans who crossed the river here Monday and again yesterday, explaining that Governor Dan Moody was to be a member of the party. Special concessions were made by the Mexican officials because of the fact that the governor was connected with the party, and no licenses were required of the hunters.

The party was permitted to carry arms and ammunition across the international boundary, which is against the law. Local officers fear that international complications may arise from the incident, and they expressed their intention of punishing the hunters upon their return from the interior of Mexico. A local professional man stated that Governor Moody wrote to him two months ago inquiring about hunting privileges in Old Mexico. He was given the information requested, and acknowledged its receipt, but stated that he had no intention of joining a hunting expedition in Mexico, but that some of his friends were interested.

NEGRO BRIDE SHOOTS HUSBY SEVEN TIMES

BRYAN, Feb. 25.—Considerable excitement was caused here late today when Willie Hall, 17-year-old negro, was shot seven times and killed by his 14-year-old bride, in the business section of the city. The cause of the shooting could not be learned.

When I Am Dead

When I am dead, And this strange spark of life that in me lies, Is fied to join the great core of life That surely flames beyond eternities.

When I Am Dead

Bury me not, I pray thee, In the dark earth, where comes not any ray Of light or warmth or aught that made life dear.

When I Am Dead

Out of the hum and turmoil of the town, Find me a windswept boulder for a Bier.

When I Am Dead

And on it lay me down, Where far beneath drops sheer the rocky ridge Down to the gloomy valley and the streams.

When I Am Dead

Fall foaming white against black beetling rocks, Where the sun's kindly radiance seldom gleams.

When I Am Dead

Where some tall peak, defiant, steadfast rocks-- The passing gods and all the ways of men forgotten.

When I Am Dead

So may I know Even in that death that comes to everything, The swiftly silent swish of hurrying snow.

When I Am Dead

The lash of rain, the savage howling Of stags, the bitter keen knife-edge embrace Of the rushing wind, and still the tremulous dawn.

When I Am Dead

Will touch the eyelless sockets of my face And I shall see the sunset and anon Shall know the velvet kindness of the night And see the stars.

When I Am Dead

—Hugh Burrie. Pecans and black walnuts make the best shade trees and will also produce nuts. Buy them from the Clyde Nursery. 2511f

When I Am Dead

I can fix that leaky roof for you; reference given. Phone 314. I Lamb 34-1f

When I Am Dead

What nation has? We do it better than most, in this country; yet it is doubtless true here as elsewhere.

NUMBER 8

Exclusive Man's Store Feature of Jno. H. Garner's; Planning Big Department Emporium for Cisco

SISK WANTS TO BE CONSTABLE PRECINCT NO. 6

S. B. Sisk announces his candidacy for the office of constable of justice precinct No. 6, subject to the action of the Democratic primaries. Mr. Sisk has been a resident of Cisco for the past three years, but had made his home in Delta county, Texas, for 20 years previous to his coming to Cisco, where he was a peace officer for several years. After he came to Cisco he was employed by the West Dry Goods Co., but recently has been writing insurance for a local company. As a further introduction to Mr. Sisk, the following letter from Sam D. Stinson, former district attorney of the district in which Delta county is a part, who is now in the attorney general's office at Austin, speaks for itself:

"This is to certify that I have known S. B. Sisk for about 20 years, and during that time we have been associated together in a way that causes me to believe that I thoroughly know his character and his manner of dealing with men. I consider Mr. Sisk honest and a man of unquestionable integrity. He is in every way reliable and can be depended upon to comply with his contracts and agreements. When I was district attorney of the eighth judicial district Mr. Sisk was serving as a peace officer and proved himself worthy of the position he held, and I learned to rely implicitly upon whatever he told me, and I found him to be trustworthy and dependable."

John H. Garner's, Cisco's big department store, has leased the Winston building just north of Garner's, formerly occupied by the Favorite confectionary. Asked the significance of this move, especially when some are complaining of slack business, H. S. Drumwright, local manager of John H. Garner's, said:

"We are of the belief that Cisco is going ahead, and according to our plans now is the time to expand—not wait until the prosperity wave engulfs us, as it will be too late then. But as we view the perspective there are better things coming to Cisco, which is already being indicated in the increased volume of business that is now being done on the approach of the spring trade.

"Then it was deemed that our present business justifies further expansion, as it is planned to make the new stand an exclusive men's store. Men, like women, prefer to patronize an exclusive men's store, and we are simply complying with this demand of trade. There will be no merchandise carried in the new department except men's wearables, while the main store room will be devoted exclusively to piece goods and women's and children's merchandise.

"The John H. Garner store is always abreast of the times, and with the new enterprises coming to Cisco during 1928 I see a most prosperous future for this city, and we want to be ready for that prosperity wave when it arrives. I feel certain the new hotel will be completed this summer, and with other enterprises practically assured, I see no reason for anyone to take a pessimistic view of the future. I think our people were wise in starting the hotel at this time. Some have argued that it was not necessary, but if the matter was postponed till the hotel was actually needed it would be too late to start building.

"We have not yet matured the details of the new department, which are now being worked out, but we expect to have all arrangements complete and the new department in operation by the middle of April. The new department will be connected with the main building by an opening in the partition wall, enabling our patrons to pass from one department to the other, which of itself will be an added convenience.

"We believe the people in the Cisco trade territory will appreciate a first class department store, and when our present plans are perfected Cisco will have the largest and most complete department store of any of the Oil Belt towns," Mr. Drumwright concluded.

Fruit trees: Apples, pears, peaches, plums, apricots, grapes and berry plants, 20 cents to 50 cents each. Clyde Nursery, Clyde, Texas. 2511f.

Moran Field Gets New Shallow Wells

MORAN, Feb. 24.—Stratton & Ferguson brought in a splendid shallow well the first of the week on the Broyles lease, about 6 or 7 miles northwest of town. The well is reported to be making a flush production of 20 barrels of high grade oil from the 540 foot sand. This is the second well brought in on this lease in the past few weeks. These wells are wildcat and open up a new field.

J. D. Meredith brought in an 18 barrel well on the St. John lease north of town last week. The sand was hit at about 540 feet. Mr. Meredith has a number of nice wells on that lease. Meredith is drilling a well on the Collinsworth lease about 2 1/2 miles northeast of town at the present time. He is down to about 300 feet. This is a wildcat territory.

Back in the "GOOD OLD DAYS"

Here is a reminder of the days of old Jim Corbett, right, and John L. Sullivan, left, taken quite a while after their memorable battle. This fight was classed as one of the greatest championship bouts in the world. (International Newsphoto)

You don't really amount to much these days unless you have been summoned as a Teapot Dome witness.—The Dayton Daily News.

Give an opportunist enough rope and he'll have it on the market inside of three days, in a Sumatra wrapper.—Detroit News.

Houstonian Fears Republicans and Horned Frog Joined Forces to Push His City Off First Page

It's hard to tell where the reaction will come in any news feature which takes first place in the minds of the reading public. Postmaster J. W. Triplett is in receipt of the following letter from a friend in Houston, who intimates that there may be collusion between the Republicans of this country and the horned frog to crowd Houston off the first page of the nation's newspapers. The letter is self explanatory:

"There is a great controversy abroad in this fair country of ours, which bids fair to assume, not only significant, but very serious proportions and even threatens the equilibrium of our scientific world. It is indeed of such a serious nature that it threatens to rival, or in fact eclipse the famous evolution case of Tennessee, in which the Great

Commoner was such an untimely casual. It is of such a serious nature that I even hesitate to address you on the subject.

"However, I have such an abiding faith in the veracity of my old friends and neighbors of Eastland county, and feel that they would not, under any circumstances, seek for self interest, or otherwise, to rob this fair city of Houston of her present spot light position, in the eyes of the nation and the world at large, acquired by securing the great Democratic National convention, unless it has unquestioned and unimpeachable proof that its now famous horned toad, did actually remain alive, in the corner stone of the old court house, without food or drink for 31 years.

"Now therefore, I am writing you as a friend, tried and true and ask-

ing you, is that darned horned toad story true? If so, who would want to be a horned toad?

"Now, I do not wish to make veiled insinuations, as indeed I shall not, but I do know that the Republicans are becoming too numerous in Eastland county, and I fear that President Coolidge may have prompted some of you to adopt this method of robbing us down here of our front page position in all the newspapers of the country. Now, I

am not accusing anyone of this you must understand, but merely asking the question."

The earthquake reported in Maine may be only the preliminary stirring for that all-important act, "as goes Maine, so goes the nation."—The Terre Haute Star.

A still has a quiet name, but a prohibition raid of a still is never still.—The Binghamton Press.

FAVORS LEAGUE OF NATIONS IN HER CANDIDACY

AUSTIN, Feb. 25.—Mrs. Minnie Finster Cunningham, senatorial aspirant, in a statement issued here, declared for the entry of the United States into the League of Nations and also the World Court. She expressed her belief that reservations acceptable to the other nations and yet protecting American interests could be made. She announced in favor of the codification of international law and condemned Secretary of the Navy Wilbur's proposal to spend three billion dollars for building battleships. Mrs. Cunningham said she believed the League of Nations to be the most workable piece of machinery yet devised for world cooperation for peace, and that the honorable place of the United States in world affairs was in the League.

WANTED—Shoe repairing. The first thing you do, find an honest shoe cobbler—one who uses all good leather and will give you an honest deal, both in prices and good work. Daddy Evans has run his shop in Cisco nearly all the time for 30 years and has never been accused of using shoddy stuff or practicing fraud on the people. Come and be convinced. Daddy Evans, 905 D avenue. 2-9-10

Victim of Poisoning

Mrs. Curtis Lowry of Alamo, Ill., is dead as a result of having taken capsules which were sent through the mails. Although marked "Cold and Grippe Medicine" analysis showed them to be poison. Ten other citizens of the county received them, and it is believed that poison pills were sent to those who rid the county of "chicken" thieves.

The College Widow At Palace Theater

Dolores Costello, latest of screen stars, in "The College Widow" makes her first venture into the field of light comedy, a venture so successful that it is doubtful whether the public will allow her to remain very far from it in the future. She is cast, as every one who remembers the spectacularly George Ade stage play, will recall, as the daughter of a college president, who, because of his inability to win athletic laurels for the school, is about to be ejected. The young lady sets about winning men for the team, and so successful is she, that each of the eleven fights as fiercely, as ever knights of old, each believing that he himself is Jane's special favorite. She wins the son of a rich man who has promised a legacy to the college, from idleness to industry. She loses the faith of the lot of her knights errant, only to win it back and also all she has fought for and more. "The College Widow" is the most delightful college play ever written and Dolores is the most delightful heroine, and it is at the Palace today and tomorrow.

BRECK CAGERS TASTE DEFEAT; CISCO VICTORS

The dope was badly upset in the first round of the tournament for the basketball championship of this district last night when the Stephenville Yellow Jackets did the unexpected and defeated the Breckridge Buckaroos by a one point margin, the score being 21 to 20. The Yellow Jackets got away to an early lead and at the half were leading 14 to 9. In the third quarter the Buckaroos came back fighting and cut this lead and tied the score in the fourth quarter. The two teams were battling fiercely and the Breckridge fans were wild, thrilled by the rally of their team. With only a few seconds to play, the referee called a foul on a Breck player. The score stood 20 to 20. The Yellow Jackets made the point, and the ball had scarcely gotten to center when the final whistle blew. Harrell and Haggard starred for Breckridge, while Born starred for Stephenville.

LOBOS BEAT STRAWN GREYHOUNDS

In the second game of the district tournament the Cisco Lobos ran time to form and easily defeated the Strawn Greyhounds by the score of 31 to 15. The Lobos got an early lead and the game was never in doubt. In the second half Coach Golightly sent in several second string men, saving his first string players for the two games scheduled for yesterday. Keyes and H. Phippen tied for high point honors, making four field goals each for eight points, for the Lobos. "Red" Stewart of Strawn, was next with seven points. The Lobos could have run up a greater score, but were saving the first string men. Stewart and Visentine were Strawn's best players. The box score follows:

Cisco	P	F	P	P	T
Keyes, forward	4	3	0	1	8
H. Phippen, forward	4	1	0	3	8

Mrs. Duncan Tells of Parks Funeral

Among the friends and relatives from a distance who attended the funeral of the late Dr. A. J. Parks, who died Tuesday evening at his home in Dallas, were Mr. and Mrs. S. B. Parks, of Cisco, (brother of deceased); Mr. and Mrs. Herman Pounds, of Wichita Falls; Mr. and Mrs. Jack Duncan, of Cisco; Mrs. Ben Speegle, a sister, from Scranton. Mrs. Duncan, in speaking of the funeral and Dr. Parks, said:

"Many friends and loved ones gathered at the home to pay their last tribute to Dr. Parks, who had been in failing health for about two years. He was a man of splendid character, who was well known in Cisco, where he was a practicing physician for about six years. Dr. Parks is survived by his widow and five children. The funeral services were held at the home. Besides the numerous floral offerings that covered the casket, many telegrams were sent to the Dallas floral companies for flowers, some coming from friends as far away as California."

We have a good supply of the most beautiful hardy roses, suited to this section of the state. Clyde Nursery, Clyde, Texas. 2511f

11TH APPEALS COURT GET 47 CASES IN FEB.

EASTLAND, Feb. 25.—Forty-seven new cases were filed in the eleventh court of civil appeals during the month of February to July, 1927, inclusive. This is more than were filed in the same period of time since the court was established, according to Dan Childress, clerk of the court.

During the period September, 1927, to January, 1928, inclusive, a total of 72 cases were filed, beating the record of the previous six months, or an increase of 55 per cent. The causes were distributed about as follows: Taylor county, 22; Eastland county, 16; Jones

county, 9; Stephens county, 7; Haskell county, 5.

The following proceedings for the past week of the court is reported: Cases submitted—City of Ranger vs. M. H. Haggaman, Eastland; Stephenville Mutual Life Insurance association vs. Joseph P. Gant, Erath. Motions submitted—Southland Cotton Oil company vs. John Guitart, appellee's motion for rehearing. Oilmen's Reciprocal association vs. Lena Cox, defendant in error's motion to reform judgment and for damages.

Motions overruled—F. H. Buck vs. W. D. DeShazo, motion for affirmance of judgment on certificate. J. M. Reiger vs. S. W. Smith et al, appellant's motion for rehearing.

Decisions—F. G. W. Thomas vs. R. E. Sherrill et al, executors, from Haskell county.

Reversed and remanded with instructions—H. Oliver Burleson et al vs. J. G. Moffett, from Dallas county.

Reversed and remanded—L.

Rothschild Bros. Hat Co. vs. J. A. Lotief, from Eastland county.

For submission March 2—J. L. Chapman, commissioner, vs. W. A. Martin et al, from Eastland county. Sivalis Motor Co. vs. O. F. Chas-tain, from Eastland county. Mrs. Hattie Miller vs. R. J. Estep, et al, from Taylor county. Sullivan & Davis vs. Y. Guana, from Taylor county.

Sensational New Performance Amazing New Low Prices!

Longer, lower, more rugged and powered by an improved valve-in-head engine—the Bigger and Better Chevrolet offers a type of over-all performance so thrilling that it has created wildfire enthusiasm throughout America.

And coupled with this amazing performance is a type of riding comfort almost unbelievable in a low-priced car. A wheelbase of 107 inches—four inches longer than before—has made possible a new method of weight distribution that results in new balance and roadability. Four semi-elliptic shock absorber springs—that set parallel to the frame and are 84% as long as the wheelbase—

smooth out the roughest stretches of highway. And a new ball bearing worm and gear steering mechanism, which even includes ball bearing thrusts at the front axles, provides delightful steering ease. Never before has any car won buyers by the thousands so rapidly. Here, as all over the country, the new Chevrolet is breaking all records for the number of cars in owners' hands following public presentation—because the new Chevrolet comes to the public a proved-car, built in factories unsurpassed for efficient, precision quality manufacture. Come in today for a demonstration!

TALLEY SILENT ON REPORT OF SENATE QUIZ

DALLAS, Feb. 25.—Lynn P. Talley, governor of the federal reserve bank of this district, Friday continued his policy of maintaining silence when he was informed that the United States senate had voted for an investigation of the bank. "I have nothing to say," was his comment.

SENATE COMMITTEE TO INVESTIGATE

WASHINGTON, Feb. 25.—Investigation of the administration of the affairs of the Federal Reserve bank of Dallas, was voted Friday by the senate in the adoption of a resolution offered by Senator Mayfield, Democrat, Texas. The inquiry will be conducted by the senate banking committee and will be directed specially to allegations that there is a lack of cooperation on the part of the governor of the bank with member banks in the rural communities. The committee may sit at "such times and places" as it deems desirable.

WEAVER TO RUN FOR EASTLAND COMMISSIONER

EASTLAND, Feb. 24.—Two city commissioners are to be chosen this year, the election being held early in April. Three commissioners will hold over for another year. They are: Perry Savies, chairman of the commission; Homer Breistford and Earl Bender.

Friends of Joseph M. Weaver, who are interested in the progress of Eastland have induced him to permit submission of his name to the voters for a place on the city commission and he agreed to it, being willing to give of his time and talents to the further development of this city. Mr. Weaver needs no introduction to Eastland people. He has lived here about 10 years, is wide-awake and public spirited and at all times interested in the welfare of Eastland. He has served in the past as a member of the commission and it will be recalled that he gave splendid service in that capacity.

Jack Williamson has insisted that his private business demands all his time and attention and that he cannot serve longer as a city commissioner after the expiration of his term of office.

Luther Bean also wishes to retire from office, but has yielded to the solicitation of his friends and will be a candidate to succeed himself. His name will be on the ticket in April.

It is possible that Mr. Weaver and Mr. Bean will have the field to themselves. There is no salary attached to the office and those who serve do so out of loyalty to the city.

Henley and Hart "All Set" For Endurance Flight

Noted Air Man Will "Clock" Endurance Flight of Henley and Hunt in Record Attempt

(International Illustrated News) 1. Giant Ryan monoplane "Fort Worth" on runway of municipal airport. The man in the overcoat and hat is Fred L. Foster, of Tulsa, official representative of the National Aeronautical association.

2. Left to right—A. Henley and Joe Hart, Oklahoma aviators who are chafing at the delay caused by bad weather.

way, the plane will carry 525 gallons of gasoline. 65 gallons more than ever was taken up by a plane on an endurance flight. Every time the motor turns over the lead will be lessened and in the interest of science, the changes brought about by the lessening of the load will be recorded.

One of the men most vitally interested in the endurance flight of Al Henley and Joe Hart in their Ryan monoplane, the "Fort Worth," and on whom rests the responsibility of timing the flight, is Fred L. Foster, Tulsa, official observer for the National Aeronautical association. He will hold the watch and clock the takeoff and return of the plane.

Foster is a pilot himself and has been associated with aviation since 1913 in a civilian capacity. For the last year and a half Foster has devoted his entire time to fuel and lubrication research work. During that time he has worked in conjunction with the Ford laboratories at Dearborn, the Wright Aeronautical corporation at Elizabeth, N. J.; the Pratt & Whitney corporation at Hartford, Conn., and the Naval Bureau of Aeronautical Laboratories at Washington and Philadelphia.

When Henley, who will be at the stick for the first 24 hours, starts down the specially prepared run-

MORAN SCOUTS ORGANIZE TWO GIRL'S TROOPS

MORAN, Feb. 25.—The Girl Scouts went into permanent organization Tuesday at the high school auditorium when 40 girls met with Mrs. Jack Taylor, captain for the senior and Mrs. Fred Wylie, captain for the juniors. Mr. Duff was general spokesman and organizer.

The first meeting will be held Saturday night at the Christian church at 6:30.

Members of the Junior Troup are Genevieve Chamness, Evelyn Parish, DeLaverne Grace, Kathryn Chamness, Delphine Palm, Dorothy Scott, Ruby Wagley, Frances Terry, Lou Marion Grace, Florence Midkiff, Eula Fern Smart, Bernice Fay Wagley, Margaret Elliott, Glenn Corbell, Clara Overby, Zola Collins, Helen Goodman, Pauline Jackson and Imogene Cox.

The following girls were enrolled in the Senior Troup: Beryl-gene Dawson, Pauline Womack, Juanita Hayward, Mildred Hammond, Dale Townsend, Evelyn Adair, Edna Kane, Laverne Grace, Beatrice Bumpers, Marga Louise Chamness, Sema Bell Forrest, Will-da Kane, Dean Terry, Mary Nell Price, Elaine Townsend, Maxine Sullins, Rosemary Terry, Alta Brooks, Bennie Pool, Idahlia Allen, Ernestene Green.

Two Ciscoans Named on Longhorn Band and Orchestra Personnel; Mr. and Mrs. Moore Coming Back

Final announcement of the personnel of the Longhorn band and orchestra who will be taken on the band's ninth annual tour of West Texas this year has been announced by the advisory board of the band. Approximately 90 band and orchestra members will make the tour this year, according to the chairman of the band. The band proper will consist of about 30 members, the orchestra of approximately 15 members, and in addition, five or six vaudeville entertainers will go on the tour. The personnel of the band and orchestra selected to make the tour was subject to and approved by V. I. Moore, dean of student life at the university.

For the second time in three years, the band will tour West Texas, the band visited the Rio Grande valley last year. The itinerary has been definitely decided upon with the exception of one town, and it is hoped this place will be satisfactorily arranged for. Burnett Pharr, the director, said. Seven days will be spent on the tour, and six towns will be visited. March 19 will mark the date of the band's departure on the concert tour.

The following towns have been selected for the trip: Belton, Corsicana, Denton, Cisco, San Angelo, Midland. The band will arrive back in Austin March 25, and will finish the tour with two appearances at the Austin high school.

Personnel of Longhorn Band and Orchestra

Band and orchestra entertainers selected for the trip and their respective towns are as follows:

Trombones—M. P. Baker, Austin; Clinton Dunaagan, Midland; Howard McDaniel, Gainsville; Clarinets—Joe Sheppard, Kerens; Frank Stafford, Canyon; O. F. Jones, Austin; Darwin Fielder, Lockhart; John P. May, Kennedy; Claunch Brindley, Harlingen. Saxophones—Roy I. Tennat, Jr., Austin; Sol Gilbert, Fort Worth; Weldon Fielder, Lockhart; Drums—Carl Olson, Cisco; Wesley Hodges, San Angelo; Tynpani—R. R. Willman, Seguin; Horns—Emory Camp, Rockdale; James Crawford, Harlingen; Baritone—Jack Walker, Austin; Bass—Ralph Meyers, Mercedes; Oboe—Abe Ginsberg, Fort Worth; Trumpets—Graham Smoot, Comanche; T. J. Dunbar, Memphis; Charlie Jostes, Skidmore; Charlie Kinzbach, Houston; Scottie Johnson, San Angelo; Flute—Wolf Jensen, Austin.

Members of the orchestra are: Violins—Saul Klein, San Antonio; Dorth Van De Venter, Austin; Margaret Burdette, Fort Worth; Albert Trisdale, Austin; Fern Marick, Galveston; Kermit Klopper, New Braunfels; Augustus Shivers, Cost; A. A. Cooper, Boerne. Viola—Carl Edward Beck, Austin. Piano—Josephine Pollard, Harlingen. Cello—Natalie Matthews, Dallas. Entertainers—Bessie Olson, Cisco; Thad Sanders, Elgin; and several others to be selected later.

MR. AND MRS. MOORE COMING BACK TO CISCO.

V. I. Moore, popular dean of student life of the University of Texas, has accepted an invitation from the

Longhorn advisory board to accompany the band on its annual state concert tour this year. Mrs. Moore will also accompany the band. Dean and Mrs. Moore will act as official chaperones of the band and orchestra, but Dean Moore insists he would rather be classed as a member of the organization than be called a chaperone.

Mr. Moore gave as his real reason for accepting the invitation to accompany the band on its tour the fact that he loves the stage. Mr. Moore was formerly a first class chautauqua entertainer before becoming connected with the university. He will not be idle on the tour, officials of the band said. He will boost the university in a four minute speech at the opening of each performance.

Mr. and Mrs. Moore are well known in Cisco, having visited in the home of former Supt. J. J. Godbey and wife. Mrs. Moore and Mrs. Godbey are sisters. As is the custom, wherever the Longhorn band plays, the citizens of Cisco will have the privilege and pleasure of entertaining these fine young men and women in their homes during their short stay here.

DAN HORN

Rev. Roy Shaahan filled his regular appointment here Sunday morning and night. A large crowd attended both services, with several visitors from Cisco.

The B. Y. P. U. is doing nicely. A fine program was rendered Sunday night, all members being present, except three.

Mr. and Mrs. M. I. Yeager are the parents of a new girl, Violet Ruth, born February 18, 1928.

Mrs. B. B. Brummett is on the sick list.

Mr. M. D. Speegle and little daughter, Katie Beth, are here visiting homefolks.

Miss Lillian Spruell was a Dan Horn visitor Sunday.

The primary children rendered a valentine program at school Tuesday afternoon. After the program the valentines were distributed. Hot chocolate and cake were served to the visitors and pupils.

Mrs. C. Yeager and daughter, Mrs. Kenneth Allen, and Mrs. Arch Birt of Dothan, visited Mrs. M. I. Yeager Monday afternoon.

The Parks brothers and sisters were recently called to Dallas to be

at the bedside of their brother, Dr. A. J. Parks, who later died.

Mr. and Mrs. T. T. Horn and daughter, Miss Stella, visited in the T. B. Harris home Sunday afternoon.

Mrs. Ray Sterling and Pat McCulloch of Ira, Texas, recently visited their father here. Their brothers, Paul and Woodward, accompanied them home.

Mahlon Stuteville, Lewis Horn and Floyd Livingston were dinner guests of the Starr brothers Sunday.

Grandma Oliver, mother of Mrs. J. D. Speegle, died February 1. She was 91 years of age and had been bedfast nearly three years.

Jack Starr is home from West Texas.

Vernice Williams and sister, Miss Elgie, attended church here Sunday night.

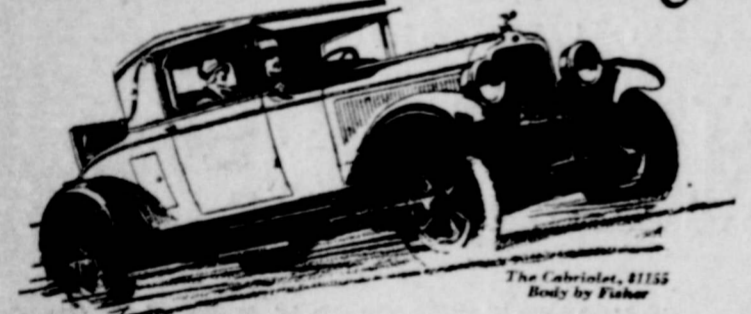

Miss Alda Mae Peery visited Mrs. Erna Lassater at Stanton Sunday afternoon.

Powered by a Brute of an Engine All-American in Design

What a power plant! What a clean, uncluttered example of advanced engineering design! That's what you think when you lift the hood of the All-American Six. That's why this brilliant car is amazing everyone who takes the wheel. . . . A brute of an engine, indeed. With a 79-pound crankshaft. . . . crankcase and cylinder block of "bridge-truss" design. . . . generously large connecting rods and other vital parts. With many other notable advancements. . . . G-M-R cylinder head. . . . fuel pump. . . . full pressure oiling of moving parts. . . . Small wonder it's famous for conquering America's stiffest mountain grades. Small wonder it has never found the road too rough or the pace too trying. . . . Yet for all its wealth of power, it's silent and satin-smooth. And for speed and snap and handling ease. . . . just drive it yourself and see!

PRICES: 2-door Sedan, \$1045; Landau Coupe, \$1045; Sport Roadster, \$1075; 4-door Sedan, \$1145; Cabriolet, \$1155; Landau Sedan, \$1265.

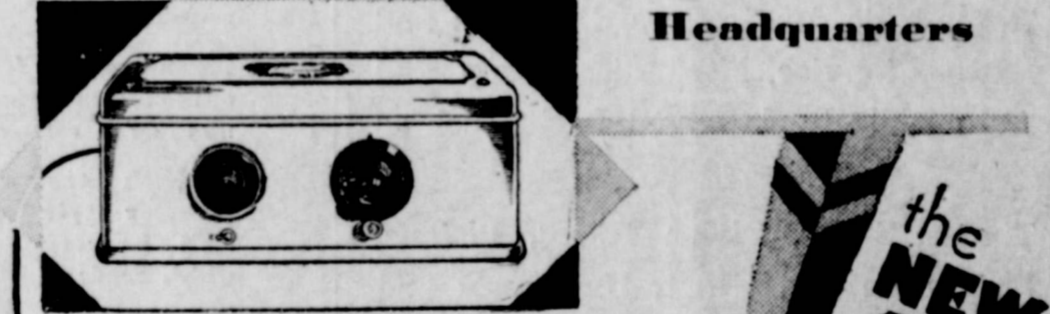

New Series Pontiac Six, \$745 to \$875. All prices at factory. Delivery prices include minimum handling charges. Run to pay on the liberal General Motors Time Payment Plan.

Special Sport Equipment Available on all body types. Special front fenders with tire wells. . . . two special tire locks and \$170 on closed cars. . . . at disc wheels with same equipment, \$75 on open cars. . . . \$85 on closed models.

ATWATER KENT RADIO

Only a limited supply of these new A. C. sets—and a big demand. Come in today!

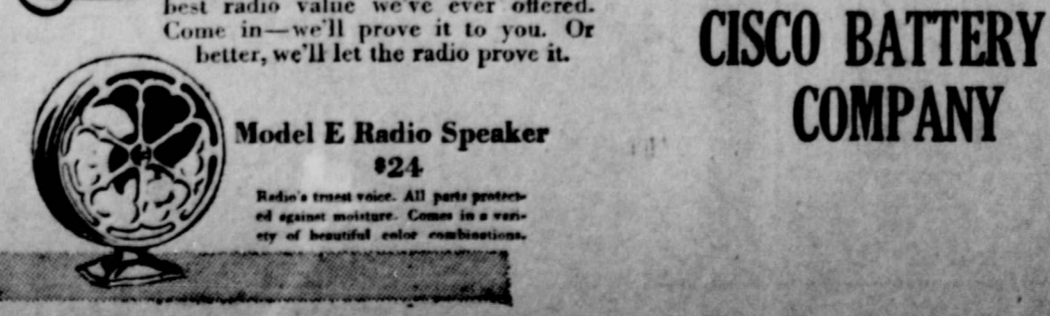

MAN, what a radio! Come in today—see it—listen to it—you'll be as enthusiastic as we are! It's full-powered, true-toned all-electric radio (A. C.) in the least amount of space, and at the lowest possible cost.

It's all self-contained in a beautiful satin-finished brown and gold (or bronze and gold) cabinet that acts as a shield against strong local interference. It's smaller than many a battery set—but what power! Plug in on your house current. No batteries, no fuss, no bother, no trouble. Current costs only a fraction of a cent an hour. You get the stations quickly with the FULL-VISION Dial. And the tone. . . you've got to hear it. We shan't try to describe it.

Atwater Kent Radio has always been known for value. Over a million satisfied owners prove it. This new A. C. set at the amazing low price made possible by modern, big-scale manufacturing, is the best radio value we've ever offered. Come in—we'll prove it to you. Or better, we'll let the radio prove it.

Model E Radio Speaker \$24

Radio's true voice. All parts protected against moisture. Comes in a variety of beautiful color combinations.

CISCO Headquarters

Model 37 The astonishing price of the new, six-tube, FULL-VISION Dial, self-contained A. C. set includes everything except tubes and a speaker. No power accessories required—no batteries, no change. Focus only with 110-115 volt, 60-cycle, alternating current. Use an A. C. tube, and one rectifying tube.

CISCO FURNITURE CO.

"Your Home Should Come First"

Twice the cleaning—Twice the leisure!

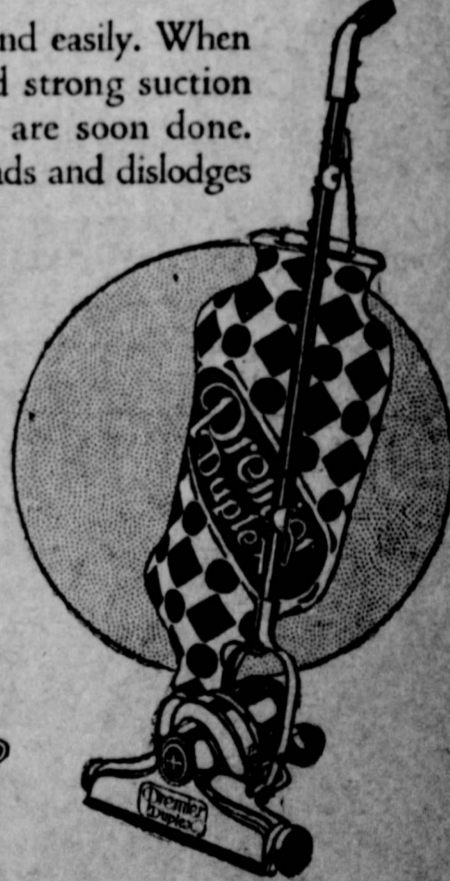

TWICE as many rooms cleaned. Cleaned more easily, with greater thoroughness. Yet twice as much leisure left for you to enjoy. To enjoy more fully, with fresher body.

Clean with double action

—and you clean quickly and easily. When a motor-driven brush and strong suction work together, your tasks are soon done. The brush sweeps up threads and dislodges grit. The suction draws up the dirt. With double action the Premier Duplex captures all the dirt.

And it requires no after-hours care

With ball bearings in brush and motor, it needs no oiling. For years to come the Premier Duplex will do double the work and give you double the leisure.

Premier Duplex

West Texas Utilities Company

Princess Irene Names Lampasas Girl as Maid of Honor; Egypt Will Furnish the Costume Motif

Miss Irene White has been the recipient of many congratulations from her friends since the announcement several days ago of her appointment as princess for the Southwestern Exposition and Stock Show festivities in Fort Worth on March 9, and for several days thereafter. Miss White has named Miss Emily Bailey of Lampasas, as her maid of honor, and that young lady will accompany her to Fort Worth for the affair.

The plan of the pageant director this year is that all the princesses represent the various nations of the earth, and it fell to the lot of Miss White and her maid to represent Egypt. The fashion and native costume of that quaint old country gives plenty of opportunity for novelty in the designing of her costume. Her dress will be of Nile green chiffon, with bodice of pink georgette, a

gorgeous blue headdress lavishly studded with gems, and gilded sandals complete the beautiful costume. The dress will be ankle length, rather close fitting about the body with flares slit from the knee to the ankles, according to Miss White's description. The dress of Miss Bailey will also be of Nile green and blue brocade, following an Egyptian motif in design.

Miss White stated yesterday that she and her maid will leave for Fort Worth on March 8 for a full dress rehearsal that evening. The coronation of the queen in all her glory will be held on the evening of March 9. All during the week will be social functions honoring the queen and her several princesses and maids, which will be attended by Miss White and Miss Bailey, who will be the guests of the Exposition officials during their sojourn in Fort Worth.

B.Y.P.U. Meeting Here on March 4

Announcement has been made of the meeting of the association of B. Y. P. U. on Sunday, March 4, with the First Baptist church of Cisco, beginning at 2:30 o'clock in the afternoon. The song service will be conducted by Claude Lawson, and the Rising Star union

will lead the devotional exercises. Miss Elsie Greer of Caddo, will make an address on "Be A-1 Or Be Ashamed," and Miss Mineola Graham will make an address on importance of "Daily Bible Readings." The Cisco B. Y. P. U. quartet will sing and a reading will be given by the Albany B. Y. P. U.

The Intermediate B. Y. P. U. of Eastland is on the program for a playlet, "The Choosers."

Old Man Stork Surety Had One Hectic Time!

CHICAGO'S first triplets of 1928 were delivered to Mrs. William Gavin, shown in top photo with the trio (left to right), Walter Henry, John Anthony and Mary. The gentlemen waited to let Mary enter and take a peck at the world first. The stork also filled two rush orders in New York by delivering babies to two sisters within an hour of each other. Lower left is seen Mrs. Tessie Feuer with her seven-pound boy. Lower right is her sister, Mrs. Gertrude Bronheim, with her nine-pound girl. Old Man Stork was entitled to a day off after rushing around like that!

OF A SOCIAL NATURE

The Week's Calendar

Monday
Priscilla club meets with Mrs. Philip Pettit, 805 West Seventh street. Please call 73W for reservation.

The Eastern Star Study club will meet with Mrs. Laura Wild, on West Fifth street, at 3 o'clock.
The Garden club will meet at the city hall. Mr. Ely will give a lecture on soil.
Miss Helen Clayton entertain the S. O. S. Bridge club at her home on West Seventh street.

Wednesday
Wednesday Study club meets at the home of Miss Louise Karkalis on West Ninth street.
The Y. H. T. H. Bridge club meets with Mrs. E. J. Anderson.
Mrs. Frank Logan entertains with bridge at the home of her mother, Mrs. J. W. Manell.

Thursday
First Industrial Arts club meets with Mrs. H. A. Bible.
Friday
Twentieth Century club meets at 4 o'clock at city hall.

Evening Bridge Party at Home of Mr. and Mrs. Jacobs.
Mr. and Mrs. Truman Jacobs entertained a number of their friends the past week with a bridge party at their home on West Ninth street. The George Washington motif was carried out in the decorations and tables. In the games the favors were awarded Mrs. Hugh Wagner, high score prize, Mrs. Lewis Starr, the consolation prize. Cecil McCord won the high score prize for the men, and Lewis Starr, the consolation. Individual cherry pies and whipped cream and coffee were served to the following guests: Mr. and Mrs. Lewis Starr, Mr. and Mrs. Cecil McCord, Mr. and Mrs. Lloyd Winston, Mr. and Mrs. Jack Anderson, Mr. and Mrs. Vance Littleton, Mrs. Hugh Wagner, the host and hostess.

Thursday 42 Club Met With Mrs. Dean.
Mrs. T. J. Dean entertained the members of the Thursday 42 club Thursday afternoon at her home, 511 West Fifth street. Pot plants and cut flowers were placed artistically in the rooms. The hostess served a very attractive salad plate to the following members and guests: Mesdames J. T. Anderson, J. B. Cate, J. T. Berry, Connie Davis, George D. Fee, Charles Hale, L. A. Harrison, J. W. Manell, Frank Logan, B. J. Lee, Wm. Beaman, B. W. Patterson, Ben McClinton and G. B. Kelly.

Mothers' Club Met Thursday Afternoon.
Mrs. Fred Moellendick entertained the members of the Mothers' club Thursday at her home in Humboldt. The meeting was called to order by the president, and nine members answered to roll call with a characteristic saying of George Washington. After a brief business session, Mrs. C. H. Van Emans gave a short parliamentary drill. The program was then turned over to the leader, Mrs. Bob Herron, and the following program on George Washington was given: Mrs. George Simpson gave a very interesting account of the love affairs of George Washington. Mrs.

Twelve and One Bridge Club Entertained by Mrs. Paschall.
Mrs. M. D. Paschall, Jr. entertained the members and guests of the Twelve and One Bridge club Friday afternoon at her home, 706 West Fifth street, the George Washington color scheme predominating in the decorations and tables. Mrs. Gene Bell was awarded the high score prize for the guests, and Mrs. W. T. Graham the high score for the club members. Mrs. Jack Anderson won the consolation prize. The hostess served a very attractive salad plate to the following guests: Mesdames W. T. Graham, Marshall McCrea, Truman Jacobs, Cecil McCord, C. L. Orr, Walter Leach, Gene Bell, Jack Cabaness, A. C. Green, Yancey McCrea, R. A. Williams, E. B. Clappitt, Crigler Paschall, R. W. Manell, Lee Heltzel, Jack Anderson, Miss Ester Hale and the hostess.

Mrs. Haven and Mrs. Graham Entertain With Bridge.
Mrs. Walter Hayden and Mrs. E. L. Graham were joint hostesses Wednesday afternoon when they entertained at the recreation hall in Humboldt with a bridge and 42 party. The guests were greeted at the door by the receiving line in which were Mrs. E. L. Graham, Mrs. Walter Hayden, Mrs. Nebis and Mrs. Celeste Murrell. The hall was beautifully decorated with red, white and blue colors. Mrs. W. C. Shelton and Mrs. S. C. Leveaux were seated at the table pouring coffee, which was lovely with a Madria cloth over red, with silver candle stick and red tapers and a centerpiece of red carnations. Lit-

Bob Herron gave the reading by Oliver Holmes, "Washington's Birthday." Mrs. Everett Davis gave a paper on "The Morals of a Free Citizen." "Sentiment in Politics," Mrs. W. W. Wallace. During the social hour the hostess served refreshments to the following members: Mesdames W. W. Wallace, George Simpson, Everett Davis, P. R. Warwick, L. D. Parks, C. H. Van Emans, Homer Slicker and Bob Herron.

Industrial Arts Club Entertain Husband's Thursday Evening.
The ladies of the First Industrial Arts club entertained their husbands Thursday evening at 1012 West Twelfth street, with Mrs. Rosalie Pentecost and Mrs. C. L. Orr as hostesses. The meeting was called to order by the president, Mrs. J. D. Barker, and the ladies answered to roll with "Why I Married My Husband." The husbands were then given a chance to answer to roll call with "Why I Married My Wife." Rev. P. T. Stanford

and Judge Barker gave very elaborate talks on why they were wedded to their wives. Judge Barker read a very appropriate original poem on experiences of married life. Several contasts were held during the evening, and Rev. B. C. Boney and Rev. C. O. Shugart were awarded the prizes for being the most successful. During the social hour Rev. Boney gave a vocal number accompanied at the piano by Mrs. G. M. Stephenson. Mrs. Grace Bettis also gave two very lovely vocal numbers. Dainty refreshments were served to the following guests: Mr. and Mrs. Will Cunningham, Rev. and Mrs. P. T. Stanford, Mr. and Mrs. D. P. Condit, Mr. and Mrs. Paul Connally, Mr. and Mrs. L. D. Parks, Mr. and Mrs. C. L. Orr, Mr. and Mrs. P. R. Warwick, Rev. and Mrs. C. O. Shugart, Mr. and Mrs. J. W. Triplett, Dr. and Mrs. G. M. Stephenson, Mr. and Mrs. Joe Wilson, Mr. and Mrs. J. D. Barker, Rev. and Mrs. B. C. Boney, Mesdames A. J. Olson, B. E. More-

hart, Grace Bettis and the hostesses.

Colonial Descendants Send Out Invitations.
The following invitation has been received by Mrs. J. E. Griffin of this city. Mrs. Hallie M. Dunklin, mother of Mrs. Griffin was the National Regent of this organiza-

tion at the time of her death. "The National Society of Colonial Descendants of America, Mrs. Charles Henri Fischer, regent, requests the pleasure of your company at a Colonial Affair in honor of the regent and presidents of Colonial and Patriotic societies, Saturday evening, February the twenty-fifth, at half past 8 o'clock, 16 East Eleventh street, New York City."

KLEIMAN'S

DICK McCARTY APPRECIATES R. Q. LEE

R. Q. Lee of Cisco, candidate for congress to succeed Tom Blanton, attended our Herford sale and show. You know R. Q. Lee is a great industrialist and when anything is going on in the way of cattle, hens or sows, he just can't stay away. So he came up and took a look at our fine bulls and heifers. He gave us a special invitation to visit his farm and poultry yard over in Eastland county. He is practicing what he preaches, and by the way, is showing the world what can be done in the matter of diversification. Not only is he a chicken man, but he's the whole thing, has hogs, and dairy cows. A diversification in practice, example, etc. R. Q. is making a strenuous campaign in his district, has already covered the entire district, and every newspaper in the district carries his announcement. Yes, a liberal advertiser, believes in printers ink—and say boy, do you know that it makes us country newspaper boys feel mighty good; puts us in a kinder of a persuasive mood, we are inclined to listen to his line of talk—especially when they put the money on the barrel-head. Now, by hell, don't you think we insinuate that we are for sale, but just in an attitude to give audience. No, we took R. Q.'s money, but told him that we were pledged to our old friend Judge Ely, if he ever announces, but in the event that Judge Ely does not run, we are for R. Q. Lee, with our sleeves rolled up. Is that plain enough? — Albany News.

ANOTHER MAN ENTERS RACE FOR CONGRESS

FORT WORTH, Feb. 25.—T. P. Perkins, Mineral Wells, latest candidate for the seat in congress to be vacated by Thomas L. Blanton, Abilene, will make the management of the Federal Reserve bank by Governor Lynn P. Talley an issue in his campaign.

In Fort Worth Friday he said he would support the bill now pending before congress for a limitation of salaries of federal reserve employees, and would press for a congressional investigation of the affairs of the eleventh federal reserve district.

Perkins will begin his campaign immediately. Several other candidates already are in the race. Blanton is vacating the seat to seek the seat in the senate now held by Senator Earle B. Mayfield.

The Mineral Wells man is a native of Titus county, but has lived in West Texas for 18 years, beginning his career as a lawyer in 1910. He is a director of the First National bank of Mineral Wells, vice president of the First National bank of Santo, and was counsel for 300 Texas bankers who protested recently against Talley's administration.

OIL MEN'S GOLF CLUB.
MIDLAND, Feb. 25.—A golf club composed mainly of oil men, has been organized here. Seventy acres of land was obtained from the ranch of John M. Gist, near here. A clubhouse, furnished with showers, lounge rooms and other conveniences, is to be built.

Mrs. M. I. Tarrant and daughter, Miss Marie, are spending the week-end in Dallas.

Charles Rousseau left Thursday for Los Angeles, California, where he will visit for some time.

Experts Gather For Boll Worm Meet

SWEETWATER, Feb. 25.—Governor Dan Moody, Dr. C. L. Marshall, chairman of the federal pink bollworm commission, George B. Terrell, agricultural commissioner, R. E. McDonald, state entomologist and other state and federal officials and President Haynie and Manager Homer D. Wade of the West Texas chamber of commerce, officials representatives from numerous West Texas counties and delegates from many interests, gathered here yesterday morning to outline means of combatting the pink bollworm pest of Texas.

President Haynie called the meeting to order at 10 o'clock in the municipal auditorium, and presided over the all-day session.

PARKER COUNTY HAVE FARM AGENTS

WEATHERFORD, Feb. 25.—The Parker county commissioners' court voted an appropriation Friday to match the state and federal appropriation for a county agent and home demonstration agent for the county this year. The court reserved the right to approve of both agents before the position is filled.

Raymond Gunn is spending today in Dallas.

Chinese elms, lombardy poplars, honey locust, sycamore, 50 cents to \$1 each at the Clyde Nursery, 2514

BROKEN REST Nature's Danger Signal

C. E. Kidney, Ontario, N. Y., says: "Lithiated Buchu has done more for me than all other remedies combined. Some days I had almost a constant desire with a terrible burning sensation. Would be bothered about six times at night. Will tell or write my experience to any one." Don't take astrigents for this. You may get the habit or be forced continually to aid nature. Lithiated buchu, (Keller Formula) acts on the bladder as epsom salts does on the bowels. Drives out foreign matter, decreases excessive acids, thereby relieving irritation.

These tablets cost 2c each at drug stores. Keller Laboratory, Meadville, Ohio. Locally at Dean Drug Co.—Adv.

Fort Worth Paper Proposes Test of Longevity of Horned Frog; He Will Be Sealed Up for One Year

(Fort Worth Press) How long will a horned toad live sealed in an airtight compartment without outside sustenance? Are Eastland county officials spoofing about one retaining life 31 years sealed in the corner stone of the court house there?

To settle these questions which have been causing a nationwide argument, The Fort Worth Press has decided to make a test of Mr. Frog's longevity.

A horned toad, the specimen to be selected by Dr. W. M. Winston, head of the biology department of Texas Christian university, is to be sealed in an airtight concrete block under a heavy plate glass cover.

The frog then will be exhibited

in various business windows of Fort Worth for a period of one year, when he will be taken from his prison, fed and examined by biologists from T. C. U. to determine the effects of the year's confinement. Condition of the frog at that time will determine whether it shall be sealed again for another year or term of years.

Just now horned toads are in hibernation and are very hard to find. For that reason the Press will offer a reward of \$5 for the toad which is selected as the most suitable specimen for the test by Dr. Winston and his staff.

The sealing of the toad will be for public view, and announcement of the place and date will be made as soon as the frog is obtained and examined by Dr. Winston.

Gordon Undersilks

Gordon Underwear meets every requirement of style, dainty appearance and service. Each garment is cut to fit perfectly and conform to the lines of the body. They are strongly reinforced where the wear comes, and made of the very highest grade of materials.

"DARLING DORA" COMING HOME

DORA DUBY, darling of the dance, who has scored sensational successes in London, Paris, Berlin, Madrid, Vienna and other European centers, has finally completed her tour and expects to return home to Broadway. Doby has been hailed on the continent as the cleverest of all jazz-dancing importations, and just one glance at her latest photo should convince almost anyone that Europe's loss is going to be New York's gain!

(International Illustrated News)

Three Wants Henry Stubblefield Com'r.

R. E. Threet thinks Henry Stubblefield should be induced to make the race for county commissioner in the approaching elections. While a business visitor at the Daily News office Saturday Mr. Threet proffered the following interview:

"Although I am a recent citizen of Cisco and Eastland county having only lived here for the past three years, I have been a 'liner' for a long time, having lived just over in Callahan county, near Scranton, for the past 40 years, and claim to be thoroughly identified with the best interests of West Texas.

"I am not in politics and don't expect to be, nor have I any rocks to throw at those now in office or who may become candidates, but I would like to see my old friend, Henry Stubblefield, again one of our county commissioners. Most people in Eastland county are familiar with his official record, and anything I might say would be superfluous. I have known Henry Stubblefield for the past 25 or 30 years, and have yet to hear the first charge against his honesty or integrity. He is economical and conservative. He has made a success of his private affairs and I believe he would make the county one of the best commissioners we could elect." Mr. Threet concluded.

Dr. H. B. Tanner Will Attend Class Meet

EASTLAND, Feb. 25.—Dr. H. B. Tanner is leaving for Indianapolis, Ind., to attend the fiftieth anniversary of his graduation in medicine from the Indiana Medical College of Indianapolis. He expects to have a royal good time, but does not plan to have it stretch over a long period, for he expects to be home again next Thursday. Regarding the anniversary occasion, which occurs on February 28, Dr. Tanner said:

"For several years I have been writing to several places to find out how many of the 29 men who graduated fifty years ago were alive and I have found seven.

"We have agreed to meet and hold a celebration at the Claypool hotel in Indianapolis, February 27th and 28th. A part of the program will be a box party in the opera house in which is the stage where we sat 50 years ago to receive our diplomas.

"Dr. Amos Carter, superintendent of the Indiana state tuberculosis sanatorium, one of the doctors who graduated with us, was married a week before his graduation and he will be present with his wife to celebrate their golden wedding as well." Dr. Tanner said.

Pioneer Stephens County Woman Dead

BRECKENRIDGE, Feb. 25.—Mrs. S. O. Parks died Friday morning at 4:15 at the home of her son, Dr. W. S. Parks, after a long illness. Mrs. Parks was 63 years of age and had lived in this community most of her life. She was born in Texas and came to this section of the state as a young girl. Funeral arrangements have not been announced, pending the arrival of relatives from distant places, but the services will be held at the First Methodist church, followed by interment at the Post Oak cemetery, the time to be announced later. Mrs. Parks had a host of friends not only in Breckenridge, but throughout this section of the state.

Cisco Churches

FIRST BAPTIST
E avenue at West Ninth. Dr. Harlan J. Matthews, pastor First Baptist church of Mineral Wells, will speak this evening at 7:30. At this service, the male quartet is scheduled to give a group of numbers. Mrs. Hiscott at the piano, will offer the following numbers: Prelude, "Sanctus," by Gounod; offertory, "Meditation," by Gottschalk; and as the postlude she will play "Lacrezans," by Ganne. Beginning at 7:15 a vesper program will be given from the organ chamber as the people gather for the evening service. This morning the Sunday school begins promptly at 9:45, all who come at 9:45 are one minute late. We are going right on up toward the 400 mark. Come and find a place in a congenial group and be happy. The morning worship begins promptly at 11 o'clock. The pastor will speak on "The New Birth in the New Age." He will tell what Jesus had to say about the new birth, and not what theologians have made it. It will be a practical message for a practical age. At this service Mrs. Hiscott will offer as her offertory "Spring Song," by Liebling; and for the postlude, "Twilight," by Prind. The young people have their programs at 6:30 and are much in evidence all about the church. We very cordially invite any and all who wish to come to our services. You will find a place and like it.—ACKER C. MILLER, Pastor.

EAST TWELFTH ST. BAPTIST
Let every one be on time at the Sunday school hour—9:45—and bring a friend with you. There were 119 present last Sunday. If you are not attending services elsewhere, you have a cordial invitation to help us make the number 150 for the morning service. Preaching at 11 o'clock, and again at 7:30. The P. Y. F. U. will meet at their regular hours—Juniors at 4, Intermediates at 5, and the Seniors at 6. W. S. Preyer arrives Wednesday at 7:30 p. m. A welcome to all.—I. W. LAWRENCE, Pastor.

FIRST PRESBYTERIAN
Sixth street at H. "Dad and Daughter Gals" the special feature for this evening, will have as its sermon theme "The Apple of Sodom's Eye." It will bring a lesson of a perfectly modern dad and his daughter found 1307 years B. C. It deals with a normal human father and a normal daughter; their ambitions and frailties; and their

CATHOLIC
Twelfth street and F avenue. Mass at 10 a. m. with sermon taken from the Gospel of the First Sunday of Lent. Benediction of the Blessed Sacrament following Mass. REV. M. COLLINS.

FIRST CHRISTIAN
You are cordially invited to attend services today at the First Christian church. Beginning at 9:45 a. m. with the Bible school in a devotional period in the main auditorium. Glasses for all ages with efficient teachers. Preaching at 10:45 by the minister. Subject, "My Master's Cross and Mine." The order of worship will be one to draw you closer to God. The subject for the evening hour will be "The Village Tragedy." Congregational singing under direction of Prof. Reid, will be one of the special features. Other musical numbers of interest will also be given. Christian Endeavor will meet at 6:30, with a great program, and the Juniors at 3 in the afternoon. Bring a friend with you; a welcome for all.

FIRST METHODIST
Our Sunday school had an increase last Sunday. We will move forward again today. If you are not in Sunday school you are invited to join a class today. 11 a. m. Rev. C. O. Shugart will preach. Anthem by choir and quartet. 3 p. m., Junior Epworth society, 6:30 p. m.

WEATHERFORD GIN MAN DIED FRIDAY

WEATHERFORD, Feb. 25.—R. L. Hobbs, 65, cotton gin operator here 40 years, died Friday following one week's illness. He is survived by his wife and eight children as follows: R. L. Hobbs, Jr., and Dalton Hobbs, Paducah; Earl Hobbs, Wellington; Mrs. J. W. Bussey, Veal Station; Mrs. W. C. Hickey, Fort Worth; Mrs. T. J. Slover, Paducah; Mrs. G. W. Shearer, Ranger; and Mrs. Victor Scherer, Weatherford.

GUN WOUNDS FATAL

SAN ANGELO, Feb. 25.—J. N. Smith, 38, of Miles, died at a hospital here Friday from a gunshot wound. He was found wounded in his residence at Miles on Feb. 21.

SPECIALS TODAY Carmel Nut Ice Cream

A FINER SODA

Than was ever set before you awaits you at our fountain

COME in today and treat yourself and your friends to the freshest, frostiest, livest drink foods you ever tasted—at our electrically refrigerated "Liquid Mechanicold" Fountain.

Each ingredient is chilled to its best "mixing point"—in a separate zone of cold, automatically kept at just the right temperature. The result is sodas and sundaes made with scientific accuracy—independent of weather or guess.

No mushy ice cream—no warm, insipid syrups—no flat soda water—as you are apt to get at ordinary fountains.

Stop in today and try your favorite soda or sundae. You'll be surprised at the difference.

SERVICE — QUALITY

JUDGE UPHOLD THE SANCTITY OF THE HOME

NEW ORLEANS, Feb. 25.—Use of search warrants to raid private residences was denied prohibition agents in a written decision handed down by Federal District Judge Louis H. Burns. The ruling was made on arguments heard a month ago by the court on confiscation proceedings entered against the \$10,000 suburban residence of Giuseppe Cangemi where prohibition agents said they found an alcohol distilling outfit last October. Invoking revenue statutes Cangemi forfeited his right to possession of his residence in having the still on the premises. The search warrant on which the raid was conducted was obtained by a prohibition agent who said he detected alcohol fumes emanating from the place.

Cangemi denied knowledge of the presence of the still and through his attorneys petitioned the court to suppress evidence and quash the search warrant.

In granting the request, Judge Burns said that the overzealousness of prohibition agents should not be allowed to extend as far as intrusion of an unwarranted type into private dwellings.

DO YOU NEED GLASSES?
I am the owner of a home and am permanently located in Cisco, being the teacher of mathematics at Brandon college. I have also been in the optical world for twenty years and fit glasses regularly. I guarantee my work to be as good as the best and my charges are very reasonable. If you are in need of a pair of glasses, I can save you from \$2.50 to \$10 on each pair. I can come to your home to do the work. Give me a trial and be convinced. Phone 354W for appointment. J. D. Shaw, 1912 West Fifth street, 8

GULFPORT DELEGATES
AUSTIN, Feb. 25.—J. H. Little, Smithville, and S. J. Ballinger, San Antonio, were appointed Thursday by Governor Moody to represent Texas at the third annual Industrial Conference at Gulfport, Miss., March 12 to 15.

Suspenders Were Once Indecent
This week we wish to invite every Man and Boy in this County to drop in and look over our advance showing of Hats and Caps. It is their week, and we have taken pains to see that our stocks of belts, suspenders, garters and shirts are strictly up to date.

While feminine fashions have a bit the best of it today, we find, as we delve into history, that styles in men's wear have an interesting background of romance and tradition.

Consider the suspender in its drab usefulness, and then consider the immoral influences ascribed to it back in 1760 when a sober-faced delegation of Pennsylvania Quakers called on the Rev. Talbot to remonstrate with him for keeping his breeches in place with tape crossed over his shoulders, instead of by the drawing prescribed by public decency and morals.

This of course is past history, and the problem of "we moderns" is not only to have a clear view of present styles, but to be able to peer just a bit into the future.

Texas and Pacific Using Over 1,750,000 Gallons Cisco Water In February on Line West of Here

Secretary Peters has caused to be made a splendid photograph of the water train of the Texas & Pacific railroad here showing a string of about 15 tank cars just after taking approximately 1,500,000 gallons for distribution over the Rio Grande division of the Texas & Pacific road. Some time ago J. W. Knightlinger, division superintendent, contracted for water to supply the railroad at points west of Cisco where the supply had become practically exhausted. The contract specifies that the takings would be a minimum of two million gallons per month, with a maximum possibility of thirty millions.

"The amount taken is now considerably more than the minimum," Mayor Williamson stated Saturday, "and is being steadily increased. The company has just recently begun taking the minimum amount of water, for the reason that they had experienced some difficulty in securing tank cars to transport the water, but new tank cars are being continually added to the water service, and just as rapidly as new cars can be secured the amount will increase," according to information given the mayor.

"The Texas & Pacific loaded out seven cars of water Friday," said C. P. Cole, local agent of the Texas & Pacific. This makes 174 cars for this month for distribution at points along the Rio Grande division, or something more than 1,750,000 gallons of water, and the month has not closed yet. Each car has a capacity of something over 100,000 gallons. The company has just added 49 tank cars to the service and this water is being distributed between Big Spring and Cisco, Sweetwater and Cisco, and Abilene and Cisco," Mr. Cole concluded.

WHO WAS
"THE KILLER"?

GOOD STORY SPOILED BY PLAIN ERROR

Another good sensational story was spoiled Saturday when what seemed to be another jewelry robbery was cleared up, and shown simply to be an honest mistake in checking two sets of baggage. The first information that reached the Daily News was an inquiry from Fort Worth for particulars regarding a "jewelry truck robbery." The Daily News got in touch with local officials of the Texas & Pacific railroad, and the fact of this alleged mystery were soon solved.

The first information came to the Daily News the incident seemed to bear all the earmarks of a companion case to the jewelry truck robbery occurring in Fort Worth recently when a trunk containing several thousand dollars worth of jewelry disappeared by some one switching the checks on the baggage. For the owner of the jewelry trunk found the number on his check called for a different piece of baggage, and the jewelry trunk was later discovered broken open and the contents gone.

Two jewelry trunks, belonging to a salesman, whose name is Chas. Pass, checked two pieces of baggage out of Abilene Saturday morning for Cisco, as "jewelry trunks," but when he called for his baggage he was given a trunk and hand bag the baggage master stated. When informed of the mistake the local railroad men got in touch with the missing trunks, which had been checked through to Fort Worth, where the baggage containing the valuables were located, and ordered returned to Cisco. Station Agent Cole stated Saturday the jewelry trunks would reach here last night.

Investigation showed that the checks were mixed at the Abilene office, and those for the jewelry trunks destined for Cisco, were placed on the trunk and hand bag, while the checks for trunk and baggage were placed on the jewelry baggage, which was transported to Fort Worth, where it was stopped. But the discovery that it was an honest mistake has spoiled a mighty good story for the readers of the Cisco Daily News.

OPERATORS IN DIS. 8 REPORT COMPLETIONS

Operators in district No. 8 report quite a number of completions—some producers, others dry—with the usual number of new wells in contemplation, the past few days. Following is the field report:

HENRY HELMS JURY IS STILL OUT

(Cont'd from page One)

bank, for which Helms is being tried. The indictment charges that Helms took \$12,200 from A. Spears by force of firearms.

Judge Davenport told the jury that evidence as to the abduction of the two children and of Carl Wylie, who testified he was made to ride around with the fugitives; as to the taking in Cisco of the automobile belonging to Ellis Harris of Rising Star, in which a dying bandit and the loot were abandoned, and as to the wounding of G. E. Bedford and G. W. Carmichael, Cisco police officers, should be considered only as circumstantial to the case. No evidence of the deaths of Bedford and Carmichael was adduced during the trial.

Judge Davenport's charge was similar to that delivered in the case of Marshall Rutledge, accused of the same offense and now serving sentence, except that it did not include charges on circumstantial evidence.

ROSSER P. O. SAFE ROBBED OF \$400 CASH

ENNIS, Feb. 25.—Approximately \$400 in currency was secured at Rosser, 15 miles east of this city on the Texas Midland railroad, early this morning by burglars who blew open the postoffice safe at that place. Entrance to the postoffice was gained through a window, and the safe was blown open after piling sacks of sugar and flour on it to deaden the sound.

DR. BRUCE PREACHING AT CADDO TODAY.

Dr. W. S. Bruce, teacher of Bible and sociology at Randolph college, left yesterday for Caddo, where he preaches on each second and fourth Sunday, having appointments at both the morning and evening hours.

16 Towns Given Lower Key Rates

AUSTIN, Feb. 25.—Sixteen Texas towns received credits ranging from 3 to 15 per cent on their fire insurance rates and six towns were penalized 15 per cent each, because of good and bad fire records, respectively, in a report Friday from the state fire insurance department. Bowie and Rogers received neither credit nor penalty. Fifteen per cent credits were accorded Alice, Beville, Brownwood, Haskell, Higgins, Lyford, Pampa, Panhandle, Pearsall, Spearman, Threlk, West and Rowena. Of the remaining three, Hamlin got 5 per cent credit, Knox City 12, and Wintersboro 3. Penalties were assessed against Bryan, Holland, Malone, Pilot Point, Silverton and University Park of Dallas.

Womanless Wedding Staged at Scranton

The "Womanless Wedding," staged at the school house at Scranton, sponsored by Mrs. J. Andrews Friday night, was largely attended. E. H. Varnell, who was an interested visitor, said yesterday. A crowded house greeted the performers, and the receipts, which will be used for school equipment, were very satisfactory, it is understood. Mr. Varnell stated that it was difficult to determine who was the prettiest "lady" performer, as the honors seemed to be even between "Miss" John Schrader and "Miss" Pious Ray. E. H. Varnell was the only representative from Cisco at this entertainment.

PERSHING IN CHARGE REMARKING GRAVES

NEW YORK, Feb. 25.—Gen John J. Pershing sailed on the Olympic Friday night for France, where as chairman of the American Battle Monument commission, he will take charge of the work of replacing the wooden crosses on the graves of American soldiers with permanent markers.

General Pershing said the work will be begun as soon as possible, and will be done entirely by French firms. He said he would remain in France until the work is completed.

NEW American Edition of **STUDEBAKER'S ERSKINE SIX**

\$795 (L. A. B. factory—excluding shock absorbers)

40 miles per hour—when NEW 62-mile speed later!

DUE to advanced engineering, precision workmanship and fine quality materials, the new American Edition of the Erskine Six may be driven at 40-mile speed the day it is delivered to you—62-miles-an-hour later on.

This means far more to you as an Erskine owner than simply eliminating the tedious driving of a new car at 20-miles-an-hour for the first 500 to 1,000 miles. It means that Erskine engines are carefully seasoned on the dynamometer—that every part is subjected to the most rigid inspections—that your Erskine has been assembled with fine-car precision. Such cars heretofore have been found only in the luxury-price class!

A sensational, low-priced, fine-car value worthy of the 76-year-old Studebaker tradition.

Proof of these qualities of construction is found in the performance of the new American Edition of the Erskine Six at the Atlantic City Speedway. Here a stock Erskine sedan traveled better than 54 miles per hour for 24 consecutive hours, establishing itself as champion of its price class. No stock car priced under \$1,000 has ever equalled this record.

Try out this new Erskine Six for yourself! A bigger, roomier car—doors nearly a yard wide—rear seats 4 feet wide—shock absorbers. A more powerful car—brilliant 6-cylinder performance with thirty gas-and-oil consumption—amplified action 4-wheel brakes.
