

EASTLAND CO.—Area 925 square miles; population 125,000; cotton, fruit, poultry, dairying, natural gas and oil; Cisco is headquarters for operators of the greatest shallow oil field in the world.

CISCO DAILY NEWS

CISCO—Pop. 13,300; 1,614 feet above sea; 5 lakes water; 5 rail exits; 5 paved highway exits; 127 blocks of paved streets; A-1 public schools and Randolph college; no mosquitoes; no malaria or typhoid of local origin.

VOLUME IX.

CISCO, TEXAS, MONDAY, FEBRUARY 27, 1928.

NUMBER 9

TEXAS

By WILL H. MAYES, Austin.

TEXAS ROAD CONTRACTS—Road contracts totaling more than two millions were let by the highway commission at its February session, distributed in 13 counties. Fourteen other counties were unofficially promised aid in amounts totaling more than a million and a half dollars. The counties receiving and promised aid were pretty well distributed over the state.

In most of the allotments the commission required the counties to advance all costs for the present, to be reimbursed when the financial condition of the highway fund will permit.

HEARINGS TOO LARGE—Apparently some counties think that the larger the delegation sent to the commission meetings the more likely will be an appropriation. Commissioner Johnson has suggested that a plan be worked out whereby briefs and plans for work should be filed with the commission several days in advance, and those eliminated from further hearing that are not considered meritorious.

At the last session only one spokesman was heard, aided by the engineer when his aid was needed, and this rule will likely be followed in future.

The imminence of the commission's task is shown in the statement that during January and February applications for aid and for designation were received from 120 counties.

WIDENING THE ROADS—Some of the older highways have only 40 and 50 feet rights-of-way, and because of the difficulty of maintaining such roadways the commission is urging the widening of the rights-of-way to at least 80 feet. Counties having such narrow roadways would be serving their own interests by increasing the width of the rights-of-way. New projects less than 80 feet will not be considered, it has been stated.

SETTLING FROG CONTROVERSY—Eastern scientists are still inclined to doubt the veracity of those who are backing the Eastland horned frog story, preachers, judges, women and all. Miners and quarrymen the country over take issue with the scientists and cite many cases of frogs being found entombed and alive in solid rock.

Arthur Brisbane the columnist who seems able to settle almost anything to his own satisfaction, dismisses it all with a skeptical "pooh, pooh." He says, "You are told, 'Science wonders.' That's inaccurate; foolishness wonders. Science knows that it is not the same toad."

Brisbane tells us something else: "Science also knows that when you take grains of wheat from the body of an Egyptian mummy, plant it and it grows, you are not planting the seed that was buried with the mummy. The seed would not grow." So, that's that; call off the witnesses.

TEXAS ART CENTER—Even if Arkansas and California artists did get the big prizes in the Davis contest given for the best paintings of Texas wildflowers, cotton and ranch scenes, Texas will reap a great reward in the attention attracted to it as an art center, and as a state that furnishes many and varied scenes to inspire the best work of the most talented artists of the country. The beauties of Texas have not yet been reproduced as they will be in the coming years. Artists will be able to show us a Texas most of us have not yet seen.

CUERO TURKEY TROT—Cuero, the DeWitt county city that made itself famous a few years ago by initiating a "Turkey Trot" which was abandoned and later taken up by Brady, has decided to "Trot its turkeys" again. Brady huris forth a challenge, "Go to it, but watch us trot our birds." The good natured rivalry between the plucky Texas cities is going to be interesting.

WIFE DESERTION RULING—The Texas Court of Criminal Appeals has ruled that a husband cannot be convicted of wife desertion unless at the time of abandonment the wife was left in dire and necessitous circumstances. Neither must the wife be the cause of the separation. In other words wives can't drive husbands from home and have them fined and jailed for going. This is written here because it may help to harmonize some homes.

SIGNING PETITIONS—The mother-in-law of the finance commissioner of Dallas signed a petition to have him recalled from office, and explained it by stating that she thought she was signing a protest against higher taxes. Few persons really understand the petition they so readily sign.

\$400,000 FOR BOLL WORM FIGHT

Helms To Die in Electric Chair

"THEY POURED IT ON ME," HIS ONLY COMMENT

The Helms verdict of guilty and of punishment by death in the electric chair was brought in by the jury Sunday morning. Helms was tried on the charge of robbery with fire arms, the charge growing out of the robbery of the First National bank here on December 23.

After the verdict was made known a solemn silence pervaded the courtroom, to be broken only by the unrestrained sobbing of the convicted man's wife, who was by his side when Judge George L. Davenport read the findings and asked each juror separately if that was their verdict. They answered in the affirmative.

Helms sat sullenly and unmoved. He made no comment until he had been led handcuffed back to the jail, four blocks away, then he said: "They poured it on me." To inquiries from other jail inmates as to the verdict he told them that "They did it."

When the jury had been discharged, Deputy Sheriff Cy Bradford handcuffed the prisoner. The defendant's father, the Rev. J. C. Helms, of Oklahoma City, said a few hurried words to his son and then as Bradford and Jailer Dug Barton led the prisoner away, the father turned and comforted Helms' wife who was still weeping. The defendant's five children, ranging in ages from 2 to 12 years, were not in the courtroom.

Back in his cell Helms began pacing nervously up and down. Not far away, Robert Hill, who will be the next number of the bandit gang to be tried, began pacing. Hill pleaded guilty when arraigned several weeks ago.

Another of the robbers, Marshall Ratliffe, who was the Santa Claus, is already serving a life sentence for the crime. The fourth member of the band, Louis Davis, was wounded fatally in the battle at the bank and died 36 hours afterward.

Helms will ask for a new trial, his attorney, J. L. Conroy, said. It is expected that Judge George L. Davenport will call up Helms for sentencing in a few days, as was done in the case of Marshall Ratliffe, charged with Helms and Robert Hill with the robbery Dec. 23 of the First National bank of Cisco. Ratliffe is now serving a 90-year sentence for the robbery. Hill is in the Eastland county jail, awaiting trial.

Helms pleaded not guilty to the indictment, but did not testify in his own behalf and only two defense witnesses were introduced by his counsel. Neither witness gave any testimony to disprove the state's contention that Helms was one of the four men who held up the bank.

Ratliffe, Helms and Hill face two charges of murder each, in connection with the deaths of Bedford and Carmichael and each is charged with robbery with fire arms growing out of the seizure of the Harris automobile.

OLD CITIZEN OF CALLAHAN DIED SUNDAY

"Uncle" Joe Clay, 82 years of age and a pioneer citizen of Putnam and Callahan county, died at his farm home south of Putnam Sunday night at 10:45. The funeral is being held this afternoon at 3 o'clock, conducted by Rev. J. E. Black, pastor of the Baptist church of that place, burial to be in the Putnam cemetery immediately after the funeral.

Deceased was well and favorably known by a large number of Eastland and Callahan county people, as he had made that part of West Texas his home for a number of years, having previously conducted a mercantile business in Putnam until about 20 years ago, when he bought the farm home, where he lived until his death. He is survived by his widow and one daughter, Miss Ruby Clay.

JEWELRY TRUNK SENT BACK TO CISCO SUNDAY

Charlie Pass, the Cincinnati jewelry salesman, whose jewelry trunk went astray Saturday after being checked for Cisco at the Abilene baggage office of the Texas & Pacific railroad, has recovered his property, as the trunk was returned here from Fort Worth Sunday, according to information given out at the Cisco station of the Texas & Pacific.

Local railroad station officials stated that only one trunk of jewelry samples went wrong—one was delivered to Pass here Saturday—but one of his checks was on a handbag checked by a young woman at Abilene. The fact that the bag contained only a pillow, minus a case, and an old quilt, caused the station men to suspect that a jewelry theft might have been attempted. Pass told local railroad people that the baggage was heavily insured. The vigilance of the railroad employees in locating the missing trunk doubtless saved the insurance company a heavy loss.

The hand bag, which was said to have been checked by the young woman at Abilene, has been forwarded to Fort Worth, her supposed destination. Officials of the road at Fort Worth held the trunk there until Sunday, with a railroad detective planted near by awaiting for some one to claim the trunk, but up to the time it was returned here no one had called for it or presented a check, the duplicate of that borne by the missing trunk, local railroad men stated.

WOODSON WILL FEATURE R. R. COMING MCH. 1

Mr. R. Q. Lee, builder and former president and manager of the Cisco & Northeastern railroad, will head a large delegation of Cisco folk who will attend the railroad celebration at Woodson, definitely set for March 1. The celebration would hardly be complete without the presence of Mr. Lee, and Walter Ray, for to their ability as builders is largely due the fact that the road was ever constructed.

The event will celebrate the institution of the regular schedules over the extension of the Cisco & Northeastern from Breckenridge, which has been set for March 1, that day having been announced by the Texas & Pacific as the one upon which they will start regular service.

Invitations are already being sent out by the committee from the Woodson chamber of commerce, which is in charge of the celebration, together with the badges which will be worn by invited guests. Delegations from Breckenridge, Cisco, Eastland, Ranger and other cities in the surrounding section as well as from Fort Worth and Dallas are expected. President Lancaster of the Texas & Pacific, other officials of that road, and men prominent in other lines of business and industry in the state are being invited to take part, it is reported here.

Among the events scheduled are a banquet at the First Christian church at noon and a rodeo and polo game in the afternoon. A barbecue to serve several thousands of people is being arranged. The Woodson chamber of commerce has already made a contract to decorate the city appropriately for the event.

RIISING STAR COUPLE WIN DAMAGE SUIT

EASTLAND, Feb. 27.—W. L. Pennington and wife of Rising Star were given a verdict for \$12,500 against West Texas Utilities corporation by a jury in the 88th district court here Saturday for the death of their son, C. E. Pennington, killed six months ago when he came in contact with a high voltage wire. Young Pennington was at work on a house by which the high voltage power line ran, was carrying a piece of corrugated iron which came in contact with the power line, killing him instantly.

THE WEATHER
East Texas—Generally fair with frost to the coast, except in the lower Rio Grande Valley. Fair Tuesday with showers on coast.
West Texas—Tonight and Tuesday, fair.

SCHOOL BOMBING TRIAL UNDER WAY

Showing the scars of her injuries sustained when her school house was bombed, Lola Bradford (left), young teacher, will face her ex-sweetheart, Hiram Reed (right), in an Illinois court, where he is going on trial charged with having placed the explosive in the stove of the school with the intention of killing her.

Rivals of long standing will meet for the bi-district basketball championship in the Cisco Lobos meet the Abilene Eagles, in the high school gym, Thursday night, in the first game of a series for the right to go to the state championship meet. The second game will be played by Abilene Friday night, and if a third is necessary, it will be played Saturday night. The place to be decided later. This series promises to be one of the most interesting played by the Lobos in years. It is the first time that the Abilene and Cisco basketball teams have met in an official game, playing toward the championship, in the history of the interscholastic league. The two schools are in different districts in basketball, and have never before both won district championships in the same year. Last year, the Lobos won their district championship, but Abilene was defeated by Colorado City. This year The Eagles won their district title without any trouble.

Abilene Eagles Come Thursday For First of Series With Cisco For Bi-District Championship

The state meet will be held in Austin March 8 and 9. The winner of the Cisco-Abilene game will represent these two districts at that meet. Last year, the Lobos defeated Colorado City and lost to Athens in the meet held at College Station for the state championship.

Big Army Dirigible Trying For Non-Stop Flight; Was Well on Way and in Excellent Weather

WASHINGTON, Feb. 27.—The dirigible, Los Angeles, is attempting a non-stop flight from Lakehurst, N. J., to Panama. The ship passed over Nassau, Bahamas, at 1:15 this morning the navy department announced, after receiving radios from Commander Rosendahl. The Los Angeles is due in Panama at 4 this afternoon.

MOTHER GETS GOLD MEDAL HONORING SON

BOSTON, Feb. 27.—Mrs. Evangeline Lindbergh is the central figure at the opening of the National Educational association convention here today. Extraordinary precautions are being taken to protect her from the curious. She will be presented with a gold medal in recognition of the aviation achievements of her famous son on March 1.

McDONALD IMPROVING.
Reports from the bedside of Justice J. H. McDonald this morning were very gratifying, as it was stated that he was greatly improved, and gave promise of a speedy recovery. He had rather a restless Saturday, and some uneasiness was felt by his friends.

TRUCK DRIVER DIES.
NOCONA, Tex., Feb. 27.—Wilmer Lyles, truck driver, died today from injuries sustained in an automobile crash which occurred on the highway between Bowie and Montague last night.

LAREDO BANK CLOSES DOORS; CASHIER HELD

LAREDO, Feb. 27.—The First State Bank and Trust company failed to open its doors this morning. An announcement on the bank, signed by the directors, said: "Affairs of this bank are in the hands of the banking commissioner of Texas for liquidation."

It is reported that Rafael Martinez, cashier, is under arrest, charged with embezzlement.

Max Elser Still Appreciates Joke

"Just tell them I am doing fine and that I expect to be out before long," were the parting cheerful remarks of Max Elser, as the Daily News man left him at his hotel apartment at the Gude hotel this morning. Mr. Elser was able to walk about the corridor of the hotel with the aid of crutches a few days ago, but he is taking every precaution to regain his natural faculties. He has been confined to his room and bed—most of the time flat on his back—since he was run down on D avenue by a passing car February 1. He stated that no bones were broken and his injuries were sprained muscles and tendons which will require time to be restored to their normal condition.

But Mr. Elser has never lost his well known geniality, and sees a joke, though he may be the butt, as readily as he did when in the pink of health. He was getting a great kick out of a cartoon of an injured man borne on a stretcher to a waiting ambulance, under which was written "watch your step." He stated he did not know whom to thank for the cartoon, as the only identification was the return address, "P. O. Box No. 10,000, Lem's Switch."

Queens and Mingus Meet Tuesday Eve

The Lobo Queens will meet the Mingus high school girls in Breckenridge Tuesday night at 7:30. The two teams were matched to play last Tuesday night but the game was postponed on account of the weather. The Queens defeated Mingus on the Cisco court by a small margin, and the Mingus team thinks it plays better on a larger court, so it arranged for the game in Breckenridge. Coach Aline Walker also wished the game to be played on a larger court, so the Queens will have advantage of practice on such a court. The A. A. U. high school girls' championship meet will be held on the Dublin high school court, which is of maximum size.

Cisco Oil Firm Opens New Pool

Cranfill & Reynolds, of Cisco, among the largest operators having headquarters in Cisco, are credited with opening of new pool in Brown county, two miles northeast of the Smith-Ellis area, on the Hill lease, where they have recently brought in an 80-barrel well at the 1300 foot level. These operators have had considerable to do with Brown county development getting in the spot light of oil circles for the past several weeks, as they have extensive holdings in that county, and are doing quite a bit of development work.

Around a well recently completed on land owned by Brown county, 11 wells are starting or have already started. The well which caused this activity is holding up at 180 barrels a day. The production was found at 1,100 feet. It is 17 miles north of Brownwood.

CHURCH CAGERS TO MEET TONIGHT

Basketball teams, representing the First Baptist and the First Methodist churches of this city, will play a game at the High school gym tonight, beginning at 7:30 o'clock. No admission will be charged. The boys promise a good game, and invite their friends to witness it.

Coolidge Asks For \$150,000 For Immediate Use in Combatting the Pink Boll Worm Menace in Texas

SHAVER SAYS DEMS TO WIN IN ELECTION

HOUSTON, Feb. 27.—Contract for the hall to house the National Democratic convention here in June will be let today, Mayor Oscar Holcomb announced, following the arrival of Clem Shaver, chairman of the Democratic National committee, Sunday night. The structure is to cost approximately \$45,000.

Shaver predicts victory for the Democratic party in the November election.

HARRY BROOKS FORD'S PILOT IN SEA SUNDAY

MELBOURNE, Fla., Feb. 27.—Wreckage of the ill-fated Liverpool plane in which Harry Brooks, chief test pilot for Fords, apparently lost his life in attempting to fly from Titusville to Miami Sunday, drifted onto the beach here today.

Dr. Graham Has Returned Home

Dr. E. L. Graham, who had been taking lectures in medicine and surgery in the leading hospitals of the cities of America and England for the past year, has returned home, arriving here Saturday evening on the Sunshine from Dallas. He reached Dallas Thursday, but tarried a while there before proceeding on to Cisco. Dr. Graham, since his arrival here, has been resting at home, and his friends are anxiously awaiting to greet this genial gentleman on the streets again after his prolonged absence.

Mrs. Black Visits Cisco in New Auto

Reflecting the pleasure caused by her new possession, Mrs. J. E. Black, of Putnam, wife of the Baptist minister at that place, was in Cisco today driving her new Chevrolet coach, earned by a subscription campaign put on by the Baird Star. Eight contestants were in the campaign, but Mrs. Black earned the automobile, and is now enjoying her splendid car.

ONE DRUNK AND THREE VAGS SUNDAY ROUNDUP

Only one drunk and three vags was the result of the Sunday roundup by Cisco police. The vags paid the usual fines and were released, and the jail was empty this morning. Two of those arrested were found sleeping at the union station, and another who claimed his home was in South Carolina, was arrested at the Southwestern Motor Co. He said he came to Cisco from Dallas.

NEW RAILWAY LINE WILL BE SURVEYED

BROWNFIELD, Feb. 27.—The railway committee of the chamber of commerce is in receipt of a letter from Captain Ed Kennedy, who is promoting a railway line from Roswell to Fort Worth, stating he will have his surveys in the field within the next thirty days for the purpose of locating a permanent line from Caprock, New Mexico to Snyder.

His line from Roswell to Caprock has been graded and is practically ready for laying of steel. It is not yet known what system is backing Kennedy, as he has not seen fit to divulge any information in his possession, but it is believed that his contracts will be turned to the M-K-T. Reports are in circulation that the Katy is contemplating extensions across the South Plains.

WASHINGTON, Feb. 27.—Reports of the spreading of the pink boll worm menace in Texas cotton fields caused President Coolidge today to ask that \$150,000 be provided immediately by congress for the agricultural department's use in a strenuous campaign against the pest. The recommendation calls for a total appropriation of \$400,000 to be available next year.

MANY ARRESTS IN BIG TRAIN ROBBERY CASE

CHICAGO, Feb. 27.—Within 24 hours of Saturday's spectacular hold-up of a Grand Trunk train on the southwestern outskirts of Chicago, the police announced that one arrested suspect had confessed his share of the robbery, implicating seven men, including two railroad workers.

More than \$17,000 of the \$133,000 loot was recovered, and 25 suspects, including five women, were arrested in several raids, the police said. Virtually all were connected with the holdup, the police reported.

Acting on tips, coming ostensibly from Chicago's underworld, city and federal detectives accomplished the roundup.

Currency, totaling \$17,125, together with two small bonds, was seized at the home of Charles Cleavis, one of those arrested.

Several more arrests are anticipated and when all suspects are rounded up, complete solution of the train robbery case, with a dozen other major robberies during the past year is thought possible. Chief of Detectives Michael Grady announced.

BLAFFER OIL TRIAL PLEA TO BE HEARD

AUSTIN, Feb. 27.—The motion for a new trial of the famous Blaffer oil case, involving over 60 defendants, including oil companies, was set for a new trial, March 1. The state of Texas was recently awarded \$1,400,000 and 309 acres of land in the rich Humble field, involved in the case. The motion will be tried in the 53rd court here.

OIL LEASES IN COLEMAN WORTH MUCH

COLEMAN, Feb. 27.—The M. G. Cheney-Continental Oil company discloses well on the W. R. Gardner farm three miles south of this city has caused a wild scramble for tracts of Overall ranch lands in close proximity, and since it came in last week 13 tracts have been sold to local people and other deals are pending.

Records at the office of J. P. McCord, administrator of the Overall estate, show the following sales: H. E. Campbell purchasing block 1, 133 acres, for \$58 per acre; J. W. Roof, R. Bailey and S. H. Gray block 3, 207.5 acres for \$35 per acre; J. J. and Mrs. Lucy J. Shore, block 4, 129 acres, at \$30 per acre; Jack M. Gordon, block 5, 117 acres, \$62.50 per acre; G. K. Redding, blocks 6 and 7, 160 acres, \$64 per acre; P. O. Brown and W. S. Shore, block 8, 108.9 acres, \$47.50 per acre; T. E. Jameson and Chas. C. Pollard, block 9, 63.8 acres, \$70 per acre; Frank Y. Shore, block 10, 96.7 acres, \$73 per acre; P. O. Brown and Neal Shore, block 11, 136 acres, \$66 per acre; L. J. Wilson, block 12, 78 acres, \$55 per acre; J. T. Woodward, block 13, 82.9 acres, \$62 per acre; Dr. J. F. Gaines, block 14, 84.5 acres, \$67.50 per acre; E. D. Campbell, block 15, 96 acres, \$70 per acre.

NEW RUSSIAN UTOPIA

The preparatory disarmament commission scheduled to meet at Geneva on March 15 is going to have plenty of matter for discussion. The most interesting proposal submitted is a 15,000 word document prepared by Litvinoff, assistant Russian commissar of foreign affairs, which explains in detail how to achieve universal peace.

ENGINEERING ROMANCE

Addressing an audience of American engineers the other night, Herbert Hoover undertook to shatter a popular misconception. The engineering profession, he maintains, is not romantic, in spite of appearances. The romance exists in the imagination of other people.

NEWSPAPER CRITICISM

In his column, "The Day in Texas," Will H. Mayes comments upon the tendency of newspaper readers to talk with the editor about features or articles appearing in the paper only when criticism or complaint is to be expressed.

munity it serves. It is a public institution, although privately owned, and its character may be moulded by the readers if they will exert themselves to do so.

CLEAN CITIES SOON

Coal is said to have been known in England in the reign of Edward I, in the fourteenth century, but the king forbade burning the fuel in London because of its smoke and offensive odor.

MUSICAL PROGRESS

Station KDKA at Pittsburg, pioneer broadcasting company, spans a remarkable period of evolution in American musical taste. Five years ago, the conductor says, good music brought only abuse.

Human Interest Editorial

LET HIM REST A woman whose husband had been under the care of a specialist was sent for by the specialist. "I want to talk with you about your husband," said the physician.

Personal Opinions

THOSE TERRIBLE KIDS There is said to be in the Turkish Museum at Constantinople a stone upon which is carved the alarming inscription: "Our earth is degenerating in these latter days. There are signs that the world is coming to an end."

TRY HICKMAN FOR SECOND MURDER

Photo shows William Edward Hickman and Welby Hunt in court at Los Angeles, charged with the slaying of C. Ivy Thoms. Standing, left, is A. Gray Gilmer, Hunt's counsel. At the table, left to right, are Deputy District Attorneys Forrest Murray and Clifford Thomas.

COFFEE ARTIST TO BROADCAST AT FT. WORTH

One of the rarest musical talents of the month of March is promised to radio fans of Cisco Thursday evening, March 1, when the famous operatic and concert basso, Joseph MacPherson will be heard through station WDAF at Fort Worth...

An interesting story is woven around the appearance of this noted young artist on the Maxwell House coffee programs. It was years ago down in Nashville, Tenn., that he first felt the ambition for a musical career...

In the program of March 1, Mr. MacPherson will be supported by another outstanding musical organization, the Lenox String quartet, as well as the Maxwell House Coffee Concert orchestra.

The congregation at the First Methodist church was very appreciative of the numbers rendered by the Cisco High School Glee club last night. The numbers selected were especially appropriate for the occasion...

In his introductory remarks last night the pastor stated that "Society" of Cisco was not composed of the "400" class. Only those who are very wealthy, have influence, and often times a "pull" that can make the grade and travel with the so-called "Elite" of society...

PASTOR SCORES SEVEN SINS IN SUNDAY SERMON

DERAILMENT OF FREIGHT HERE CAUSES DELAY

Seven freight cars on Red Hill freight train No. 604 of 55 cars, on the Texas & Pacific, went into the ditch about noon Sunday just west of Cisco city limits, near Oakwood cemetery.

COLEMAN TO SEEK FIREMAN'S SESSION

COLEMAN, Feb. 27.—Committees from civic organizations, the volunteer fire department and chamber of commerce will be asked to perfect plans and offers to be made to the State Firemen's convention which meets in Denton next June in an effort to bring that body's 1929 convention to this city.

FILM SCENE THAT STARTED BIG ROW

Above is a "still" from the motion picture "Dawn," depicting the death of Edith Cavell, British nurse executed by the Germans in Belgium during the World War. German protests against the showing of the picture on the ground that it would only promote ill-feeling between the once enemy

nations, have been effective and the English Board of Censors has decided against permitting "Dawn" to be exhibited. The "still" that particularly aroused objections shows an officer ready to shoot Nurse Cavell after she had fainted in front of the firing squad.

THE JUNGLE.

They sleep not, yet they sleep. In this tangled maze of the deep. They strike silently, and in fear. We go, softly, when they are near. But go we must, and do. The tangled jungle through. Their sleep and are yet awake; Our lives they careless take. As we go our way, not theirs. Living on dress, they sow tares. But the jungle beasts rise and slay—Slay only for meat, in their jungle way.

We walk with furtive step in the maze; 'Tis here the beast spends his days. Here, the rattler lies on a rock in the sun. When he calls his alarm, we run. Not so evil man; he walks in quiet men—Even in garb of saint he may be seen.

Thus, unsuspecting, we gaily go. With visions of holly and mistletoe. To death, unwarmed, less than would the snake. This is not the jungle, so no war we take. Here no warning roar or rattle is feared—In this open space, where lands are cleared.

Yet, here lairs the most deadly beast of all. Man; untamed by moral law or duty's call. Unprovoked and with death he strikes. Taking as his prey whatever he likes. No judge, nor jury, nor God-made law. Is safe from his rapacious maw. "Man grows weaker and weaker," but how? Too weak to toil, to live by sweat of brow? Too weak to fight down the hell That forever in him shall dwell? Did He who furnished heaven and earth So mark man from his very birth—A weakling, feeding ever on his own kind. Taking, unlicensed, whatever he may find? Nay! He who thundered His wrath from Sinai Will not forget those whom His will defy. He, at least, shall keep His word. "They shall reap as they sow," saith the Lord. —D. E. Renfro, Putnam, Texas

merger of the civil existence of wife and husband has been practically swept away," said the decision. "While the husband is still declared to be the head of the family, he, like the King of England, is 'largely a figurehead.'" Referring to changes in the common law principle which made the wife "a separate and independent unit," so far as her property was concerned, the opinion added: "Since the husband's rights and privileges have been swept away by the statutes in this state, and as his lordship has been practically, if not completely, swept away by various statutes, why should he be held to his old time marital liabilities, which were based upon the former martial rights and privileges. Therefore, it continued, "a husband is no longer liable under our

The Week's Calendar

Tuesday The Baptist W.M.S. will meet in circle as follows: Circle One with Mrs. F. D. Anderson, 204 H. Avenue. Circle Two with Mrs. L. A. White, 964 I Avenue Circle Three with Mrs. Francis Williams, 933 West Seventh street. Circle Four with Mrs. J. E. Spencer, 510 West Broadway. Circle Five with Mrs. A. C. Miller, 1003 West Tenth street. Circle Six at the ladies parlor of the church, Circle Seven with Mrs. Eugene Lankford, 939 West Eighteenth street. The Methodist Missionary society will meet at the church in a business meeting at 3 o'clock.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

HUSBAND ONLY FIGUREHEAD IS COURT'S RULE

ATLANTA, Feb. 27.—Although the husband still is regarded by law as head of the family, recent legislation has reduced his to the status of a "mere figurehead," and he can not be held liable for damages involving a civil offense committed by his wife, the George Supreme court held Saturday. "By sweeping changes in the law governing civil rights of married women, the doctrine of the

15 MILES MAIN C. O. MOORE GAS CO. COMPLETED

STAMFORD, Feb. 27.—Fifteen miles of the main line of the Stamford and Western Gas company, incorporated, are now complete, and work is being finished up this week at Margaret, Hardeman county, according to statement of C. O. Moore, president of the company.

Seventy working days are expected to be required to finish up construction of the main lines which run from Chillicothe in Stamford, and west to Eolan. These lines will serve more than eighteen central West Texas towns with gas piped from Panhandle fields. One hundred miles of the lines will be laid by the Alex Construction company of Eastland, which will work in this section, after this week, with the Skaneateles Construction company in the north end of the territory. George Phillips of the Eastland group will be in Stamford this week to complete arrangements for work. He has recently been busy with installation of the San Angelo gas system.

The Stamford and Western Gas company, with a staff of twelve, is temporarily quartered in four rooms of the Spencer building. Officers here are: C. O. Moore, president; T. E. Patton, vice-president; C. H. Roe, secretary; S. L. Moore, treasurer. The company will be permanently located at the end of the summer when it expects to occupy its own building, with a staff doubling the present number, and with permanent officers and directors named.

FOUR HUNDRED ACRES BLOCKED NEAR MANGUM

MANGUM, Feb. 27.—Mangum may be the next town in Eastland county to feel the beneficial effects of oil. A block of 400 acres has been formed just north-east of Mangum and a well will be started.

OIL SCOUTS TO HOLD MAY MEET IN AMARILLO

AMARILLO, Feb. 27.—Amarillo was selected Saturday for the convention of the National Oil Scouts' association of America, May 21-22. The selection was made at a meeting of the association committee. W. N. Roark, Shreveport, president of the national association; Ford Turner, San Antonio, chairman of the executive committee, and other members of the committee are in charge of arrangements.

An English paper states that John Barlevorn's death rattle was a gurgle. It was a gurgle, all right, but there is no evidence of demise.

SPRING CLEANING FOR LIBERTY

NOT ANOTHER WOMAN MISS LIBERTY WAS LOSING HER CHARM AND DISCOMFORT—SHE HADN'T HAD A BATH IN FORTY TWO YEARS.

IT'S A SUPER JOB FOR SUPER SUDS.

AFTER SHE'S WASHED WITH SUDS OF SOAP IT WAS SURPRISE TO SEE PEOPLE TO FIND THAT SHE'S REALLY A VERY ATTRACTIVE GIRL.

Gallons upon gallons of water—beads of soap by the ton! Just a couple of items in the plans now being considered by the War Department in response to a suggestion that Liberty Statue be cleaned. As the lady's nose is 9 feet long, her finger nails 13 by 10 inches and her height 111 feet, 6 inches, her "bath" will probably be the most colossal ever attempted.

Dead Man Victim of Defunct Bank

RANGER, Feb. 27.—Jerry Collins, 65, who was found dead Friday morning in the basement of the Ghoulson hotel, Ranger, went through the strife of broken Ranger banks during the boom days, as bank books disclosed. The records showed that during the boom days Collins deposited \$1,775 in the First National bank that went under and \$185 in the Peoples State bank. Other bank books indicated that at one time he had a balance of \$1,590 in the Fort Worth State bank, \$750 in the City National bank at Dallas, and \$500 in the First State bank at Teague.

In the back of one of the books appeared the notation: "Oil stock \$100" and "Lost it in bank." The body was laid to rest Saturday afternoon at 5:30 o'clock in the Evergreen cemetery, Ranger. Positive identification of the body was made through telegraph communications with T. S. Curran of Dallas, who is a nephew of the deceased. Curran wired the Killingsworth-Cox company to bury the body here. Collins also had relatives that reside in Ennis. His sister having lived there until her death a year ago. Names of other relatives of the deceased were found in a pocket book that belonged to him. An identification card found in Collins' pocket Saturday morning asked that the sister be notified if accident or death occurred. A brother-in-law, John Collins still resides in Ennis. Collins had lived in Ranger for the past eight years and was once employed by the Wichita Falls, Ranger and Fort Worth railroad.

MIDLAND HOUSES ARE NUMBERED, LIKE CITY

MIDLAND, Feb. 25.—The contract for numbering the houses in Midland has been let to Jack Terry, who did similar work in Fort Arthur, Florida and Tampa, etc. Terry has already started numbering the houses. This is the last step believed necessary to get city mail delivery in Midland. It is known the postal department is anxious to start mail delivery in order to relieve the congestion at the postoffice here. Upon completion of the house numbering, the city council plans to have the streets marked.

Aged Eastland Co. Woman Passes Away

EASTLAND, Feb. 27.—Mrs. Lavinia Dabbs, the widow of T. L. Dabbs, died Saturday morning at the family home, about four and a half miles north of Eastland, where she had lived since 1879. Funeral services were conducted at 3 o'clock Sunday afternoon in the Church of Christ by the Rev. H. W. Wynn, pastor, and interment was in Eastland cemetery by the side of the grave of her husband.

Mrs. Dabbs was born in Mississippi, January 24, 1841. She was married to T. L. Dabbs in 1857, moved to Texas in 1880 and to Eastland in 1879. She was the mother of seven sons and three daughters, and all but one son and one daughter were at her bedside when the end came. Mrs. Dabbs united with the Church of Christ in 1882 under the preaching of Rev. Ed McCoy and was a faithful and helpful member to her death. She was greatly beloved by all who knew her.

WOMAN WANTED SPRING KILLER'S DEATH TRAP

MERIDIAN, MISS., Feb. 27.—The privilege of springing the gallow trap on Marion Walton, 24, and Eugene Higgins, 22, negroes, condemned for the murder of J. J. McCarthy, her father, was denied Miss Ruth McCarthy here, but shortly afterward the negroes were put to death by Sheriff Matt J. Stone of Lauderdale county. Miss McCarthy witnessed the double execution with two women friends.

TO START HIGHWAY PAVING ABILENE, FEB. 27

ABILENE, Feb. 27.—Work will begin on the 11.96-mile strip of the Bankhead highway from a point ten miles west of Abilene to the Nolan county line, according to E. W. Womack, president of the Womack Construction company, which firm received the contract at about \$22,000 a mile for the concrete paving of this sector.

Intemperance of speech and intolerance of opinion are not evidences of wisdom.

Wouldn't Get Out

Helene Reed, 19-year-old society beauty of Coledale Pa., started the Glendale, Cal., police on a busy job recently when she charged that a prominent business man drove her to the Hollywood hills and tried to attack her. The girl fought off her assailant.

GAS PIPES CONNECTED TO SUPPLY BIG SPRING

BIG SPRING, Feb. 27.—Big Spring now is piped for gas, the construction company having completed the laying of all mains beating the town. According to Mr. Hornaday, local manager of the company, gas will be turned into the mains on March 1. Gas fitters are working extra crews in piping homes for the service. Many gas fitters have come into the city in search of work. With a surplus of labor the town should soon be completely piped.

GILMAN OPENS NEW POOL WITH NO. 2 HICKMAN

CROSS PLAINS, Feb. 27.—Outcome of the new Hickman pool, near Rising Star, with one well near the pay and two more less than 200 feet off the sand, will be known within a few days.

Since the completion by Gilman & McMurray of their No. 2 Hickman, one-half mile north of the old Blake field and between which several dry holes have been drilled, a new pool is thought to have been found and six wells are drilling near the discovery which flowed more than 500 barrels in the first 24-hour test.

The Phillips Petroleum company's No. 9 Hickman is setting pipe about 30 feet from where the sand is expected and probably will be the first of the six racing wells to test the sand.

Bury, Breeding, Tyler, et al., offsetting this well to the east, are drilling at 1,050 feet and are closely followed by Gilman & McMurray on their discovery, who are drilling at 1,055.

The Phillips Petroleum company has passed 650 feet on their No. 7 test offsetting No. 9 to the west. The Texas company is drilling at 535 feet on its Hickman No. 24, which offsets Bury, Breeding & Tyler to the east.

Gilman & McMurray have their second offset drilling past 200 feet just west of their discovery.

The Mumble Pipe Line company is ready to take care of the expected production, having just completed laying a 4-inch line.

J. G. Bradstreet & Son are seeking to extend the Cross Plains west field still farther northeast. Instead of following down the east line a location has been made offsetting the Walker No. 4 diagonally to the southeast.

Fourteen miles southwest of Cross Plains R. E. Pitts has passed 200 feet on his C. E. Burns test, and the Humble Oil & Gas company has spudded on its Henderson tract.

Twelve miles south of Cross Plains F. D. Williamson has touched the sand on the R. L. Edington tract and is prepared to drill in.

Four Million Foot Gasser For Gorman

GORMAN, Feb. 27.—Gorman is due to have plenty of gas for this winter, for the Central Texas Natural Gas company got a well last week on the Collins tract that is supplying them with around four million feet of gas. This well was secured at a shallow depth and they are going to drill some wells in anticipation or future needs before another winter rolls around.

They have one well already on the tract and it has been furnishing them with the major portion of the gas used in Gorman. This new well gives them an ample supply for the town and no shortage is anticipated unless some accident should occur.

On the Pearson tract north of town and near the wells drilled on the Clement and Collins by Kendall et al. of Ranzer are down on a deep test about 700 feet. They are drilling this well about midway of a good structure and one that has shown to have some production to it. A good pay is expected at the proper depth.

Hoffer et al on the Kirk tract south of Gorman have found the pay at last and the well responded to the shot given last week with a producer that looks to be good for 25 barrels. It is good enough that they will pump the well and drill some more. They also got four million feet of gas above the oil pay and will conserve this. They are planning on another well near this one to start within a few weeks. They are optimistic over the chances in that section.

EBONY GAVEL FROM VALLEY FOR BIG MEET

HARLINGEN, Feb. 27.—The gavel that will announce the selection of a presidential candidate at the National Democratic convention at Houston next June, will be made of wood from the lower Rio Grande Valley. The gavel is being made by W. D. McIntosh here. The mallet part is to be made of black ebony, with lettering in ink made from the sap of the ebony tree, which is white. The handle is to be made out of grease wood.

LOAN SHARKS IN FOR QUIZ AT PALESTINE

PALESTINE, Feb. 27.—Charges of exorbitant interest charged by Palestine loan sharks are being investigated by the grand jury which will be called upon to consider indictments. It is reported here. A local lawyer revealed that an Anderson county negro had paid a loan shark \$176 on a \$30 loan. The negro said he had borrowed \$30 and paid interest of \$22 monthly for eight months. Another negro is reported to have declared that he paid interest of \$7.50 monthly for six months on a loan of \$25.

NEARLY THREE MILLION TAX RECEIPTS FRIDAY

AUSTIN, Feb. 27.—The heaviest collection in the history of the state treasury was received Friday. Treasurer W. Gregory Hatcher reported Saturday. A checkup showed receipts of \$2,821,269.71. The sum includes \$1,183,000 January tax collections which Hatcher collected in person. Average collections daily for the past week have exceeded \$1,000,000, Hatcher said.

GAS TAX SHOW DECLINE

AUSTIN, Feb. 28.—Total gasoline tax collections for January will be about \$1,490,000 as compared to \$1,545,699.53 for December. State Comptroller S. H. Terrell estimated Saturday on the basis of reports for the five major oil companies in Texas. Terrell said he anticipates a slightly further decline for February.

LEGAL NOTICE—ADV.

SHERIFF'S SALE County of Eastland, Texas. By virtue of a certain execution issued out of the honorable county court-at-law, Eastland county, on the 10th day of February, 1928, by clerk of said court, upon a judgment in favor of O. W. Shepard for the sum of two hundred ninety-four and 75/100 (\$294.75) dollars and costs of suit, in cause No. 4529 in said court, styled O. W. Shepard versus J. H. Holdeman, and placed in my hands for service, I, John S. Hart, as sheriff of Eastland county, Texas, did on the 11th day of February, 1928, levy on certain mineral rights situated in Eastland county, described as follows, to-wit: An undivided 9-835 of all the minerals in, on and under and that may be produced from the following three tracts of land situated in Eastland county, Texas, to-wit: 1st Tract. All of the east half of the northwest quarter of section 43, block 4, H. & T. C. Ry Co. survey, excepting 15 acres out of the northwest corner described as follows: Beginning at the northwest corner of the east half of the northwest quarter of said section; thence east 237 feet to the northeast corner of the east half of said quarter section; thence north 356 1/2 varas; thence west 237 1/2 varas; thence north 356 1/2 varas to the place of beginning.

2nd Tract. All of the northeast quarter of section 43, block 4, H. & T. C. Ry Co. survey, excepting 26 2-3 acres off the entire south side of said quarter section, which 26 2-3 acres are owned by the Rio Bravo Oil company.

3rd Tract. All of the east half of the southeast quarter of section 43, block 4, H. & T. C. Ry Co. survey, excepting 5 acres in the form of a square out of the northeast corner of the east half of said quarter section; and levied upon as the property of said J. H. Holdeman, and on Tuesday, the 6th day of March, 1928, at the court house door of Eastland county, in the city of Eastland, Texas, between the hours of ten a. m. and four p. m., I will sell said mineral rights at public vendue, for cash, to the highest bidder, as the property of said J. H. Holdeman by virtue of said levy and said execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in the Cisco Daily News, a newspaper published in Eastland county.

Witness my hand, this 11th day of February, A. D. 1928. JOHN S. HART, Sheriff, Eastland County, Texas. By C. L. Garrett, Deputy, 250-4-9

The Universe For \$100,000

THE great astronomical ball of Sweden, more than five hundred years old and in a perfect state of preservation, arrived in this country recently to be exhibited in various cities under the auspices of the Swedish Government. The astronomical ball, valued at over \$100,000, is a globe of sterling silver, nearly a foot in diameter, and shows not the slightest sign of wear. It was made in the sixteenth century by Tycho Brahe, famous Scandinavian astronomer and has passed from hand to hand during the centuries, until inherited by Sigrud Balahus of Stockholm. The surface of the sphere is worked in low relief representing all of the known heavenly bodies of the period and is considered by experts to be an absolutely unique rarity. Permission to bring the famous ball to this country was granted by the King of Sweden after two years of protest by the Swedish Parliament.

Eastland Scouts Win Honor Badges

EASTLAND, Feb. 27.—Star Scout Edmund McCurtain won the greatest number of badges at the regular Court of Honor of the Eastland Boy Scouts held at the city hall Friday night. Scout McCurtain came up for athletics, cooking, metal work, woodwork and pathfinding. Karl White, coming up for personal health, path-finding and metal work. George Burns for first aid, woodwork and pioneering; Akiba Wolf for music and firemanship; Frank Laurent for cooking; Elmore Hightower for first aid to animals; Tilman Stubblefield for firemanship; Raymond Lovett for firemanship—all made the grade.

The following scouts came up for second class. D. L. Childress, Raymond E. Lovett, Joe Gray Truman Hines and Carrell Gott. John W. Turner, chairman of the court of honor, presided at the meeting, his associates being Scott W. Key and E. E. Freyschlag. Prof. J. T. Singleton of Carbon made a short address.

Scoutmasters Tanner, Wood, Conley, Nance and Francis were present with their troops.

State Fire Losses Less For Last Year

AUSTIN, Feb. 27.—Total fire losses in Texas during 1927, amounted to \$9,862,763, according to figures furnished by T. M. Campbell, Jr., fire insurance commissioner. This compares with \$10,985,669 for 1926 and \$9,951,421 in 1925.

In connection with the statement giving figures, it was pointed out that they represent probably not more than half as it is not thought that more than half of the fire losses are reported to the department.

BROADWAY OF AMERICA PLAN HUGE MEETING

EL PASO, Feb. 27.—One of the greatest good roads meetings in history will be held in Memphis, Tenn., on April 20 and 21, H. L. Birney, president of the Broadway of America association has announced. One hundred men from points between San Diego, Cal. and Fort Worth met in El Paso on November 19 and formed the Broadway of America association. At that time a road was chosen to run from Broadway, New York, to Broadway, San Diego.

The purpose of the Broadway of America association is to devote its interests to the immediate paving of all open gaps on the route that has been chosen. Every mile of the proposed highway is over state and federal aid projects. The Broadway of America is the "All Year Snow Free Highway"—it can be traveled in winter, while less favored routes are buried in snow, with as much ease as in June.

Dr. C. M. Hendricks, president of the Gateway club of El Paso, a national advertising organization, has coined the slogan, "Do your scenery shopping on the Broadway of America." No route across the continent can offer the tourist such a variety of scenery. Dr. Hendricks pointed out from the congested districts of the east through the beautiful valleys of Virginia, across Tennessee's Blue Ridge mountains, the fertile fields of Arkansas, the broad plains of Texas, the deserts and mountains of New Mexico and Arizona into the great Imperial Valley, the tourists will have an ever-changing scene.

Coleman Getting Big Play From Oil

COLEMAN, Feb. 27.—Within one year, more than 14 independent and major companies, four supply and tool houses and two machine shops have established offices in Coleman to care for the increased activity created through the discovery of the Morris, Brencke and Gardner and Valera pools in this county.

In addition to the influx of companies and related industries, two gas companies now have more than 114 miles of gas line transporting Coleman county gas to West Texas cities. A 10-inch main line traverses the county from east to west tapping into large natural gas wells in various sections of this area.

Two additional tool and supply houses are understood to be seeking locations for branches and no doubt will locate within a few days.

EASTLAND DEBATERS MEET ABILENE TEAMS

EASTLAND, Feb. 27.—The debating teams representing Eastland high school met representatives of the Abilene high school Friday at Abilene. Jack Frost and Wayne Castleberry were victorious in their debate. Another team composed of Carl Tanner and Burnham Briggs was defeated, as was the girls' team composed of Doris Johnson and Maydell Sikes. The question debated was "Resolved, That farm relief legislation embodying the principles of the McNary-Haugen bill should be adopted."

STAMFORD SHIPS EGGS WITH BANKHEAD ASSN.

EASTLAND, Feb. 27.—A carload shipment of eggs was started from here Saturday by the Bankhead Poultry Producers association and the Central West Texas association, which has its headquarters in Stamford. Tentative arrangement has been made between the Bankhead, Stamford and Winters associations whereby they will ship together to the best markets found.

To Be Reinstated?

Mary K. Browne incurred the displeasure of the powers that be by joining C. C. Pyle's professional tennis troupe. The U. S. Golf Association barred her from the links last year, but now it's understood that Mary has merely to ask for reinstatement to be put back into good standing. (International Illustrated News)

WILL COLEMAN'S DREAM OF F. O. BE A REALITY? COLEMAN, Feb. 27.—Prospects for Coleman having a new post-office and federal building started here this year seemed brightened when it was learned that the residence now standing on the government's chosen site will be removed immediately. For several years the property has been owned by the United States government and was purchased for a building site to be used when the appropriations warranted construction here. Now after nearly ten years, favorable replies from Congressman Thomas L. Blanton and an additional appropriation has led many Coleman citizens to forecast the new structure during the year.

THOSE Dressing Gowns, House Robes, etc., when soiled and mused, can be restored to their pristine glory of bright colors and fresh, attractive appearance, if you will let us dry clean and press them. No garment is too elaborate or dainty for us to safely and successfully finish. The charges are as moderate as the work is satisfactory.

AMARILLO IN FOR PUBLICITY ON FROG DEAL

Mrs. W. F. Keough of this city, has received a copy of the Amarillo News from her brother, Dr. T. B. Jones of that city, in which is quite an interesting story regarding the beginning of the Eastland horned frog incident. The story follows:

"Amarillo now comes forward with a share in the famous horned frog incident at Eastland which has torn the country from end to end with the claim that the reptile was imprisoned in the corner stone of the county court house for 31 years and is now living evidence.

W. M. McGough, police detective, states that the 4-year-old boy, Bill Wood, who was playing with the frog in a back yard when his father, E. E. Wood, took it away from him for posterity, is his brother-in-law. Wood is now 35 years old, naturally.

Furthermore, McGough, then a years old, was in the crowd at the corner stone laying and remembers seeing his grandfather, F. M. Lance, put a newspaper in the stone, but he doesn't recall seeing the frog or hearing about it, he honestly confesses, thereby spotting a good story.

"However, McGough explains, his mother, who lives at 203 Harrison street, does remember it.

"Eastland is McGough's home town, he is proud to say—since it suddenly has ripped science to pieces."

WINK VOTES BONDS.

SAN ANGELO, Feb. 27.—Wink, oil field town of 5,000 persons in Winkler county, Saturday voted unanimously in favor of the \$800,000 road bond issue for the purpose of constructing hard-surfaced roads in the county. There were 97 votes cast for the project in Wink.

Mrs. George Wilkins and Mes-

President Coolidge Chief Figure In \$10,000,000. Press Club Dedication

New home of the National Press Club in the heart of Washington also houses correspondents representing many daily newspapers of the country. Its beautiful exterior gives it monumental distinction in the nation's capital, already noted for its attractive buildings.

HERE'S the source of much of the news America reads, from the nation's capital.

The bright terra cotta walls of the building in the picture house the National Press Club, at Washington, D. C., which President Coolidge this month assisted in dedicating while millions "listened in".

The new home of the organization will be the scene of receptions

of distinguished visitors, the list of whom has included in the past, Colonel Lindbergh, the Prince of Wales, Sir Arthur Balfour, Marshal Foch, General Joffre, Lady Astor, the Crown Prince of Sweden, and Admiral Peary.

President and cabinet members, as well as other celebrities, have been included in the club's associate membership.

The new building, besides supplying a home for the association, has a great amount of office space, handsomely appointed, in keeping with the beautiful silver grey terra cotta exterior.

Much of the nationally important news which the rest of the country receives from the Capital City, will be written in correspondents' offices in this building.

dames Brown and Dorsey were visitors in the city from Eastland Saturday.

Rev. M. Collins of Ranger, was a visitor in Cisco today.

Miss Jeanette Porter of Colorado City, is the guest of her sister, Mrs. Don Sivals.

Mr. and Mrs. E. P. Crawford and daughter, Miss Helen, have re-

turned from a week end visit in Fort Worth.

Mrs. Henry Rogers and children returned to their home in Sweetwater last week, after a visit with Mrs. Rogers' sister, Mrs. Leon Maner.

FOUND DEAD.
DENTON, Feb. 27.—W. S. Cook, 39, was found dead in bed at the home of his daughter, Mrs. West-

ley Smithers, living north of Denton, with whom he made his home. Heart disease was given as the cause of death.

CAME FOR HIS COUPE.
J. V. Thomas came in from Coleman this morning and proved his ownership to the Fort coupe found by the police several weeks ago. He motored back to Coleman after recovering his property.

A PRESIDENT STANDS AT SALUTE

Lower inset shows President Coolidge paying homage to the flag in the Washington's Birthday observance at Alexandria, Va. This is one of the best photographs of the chief executive ever made. Upper photo shows the President with Governor Harry F. Byrd of Virginia walking to the scene of the ceremonies. (International Newsreel and International Illustrated News)
