

EASTLAND CO.—Area 925 square miles; population 125,000; cotton, fruit, poultry, dairying, natural gas and oil; Cisco is headquarters for operators of the greatest shallow oil field in the world.

CISCO DAILY NEWS

CISCO—Pop. 13,500; 1,614 feet above sea; 5 lakes water; 5 rail exits; 5 paved streets; A-1 public schools and Randolph college; no mosquitoes; no malaria or typhoid of local origin.

VOLUME IX.

CISCO, TEXAS, SUNDAY, MARCH 11, 1928.

FIRST SECTION—TEN PAGES

NUMBER 18

TEXAS

By WILL H. MAYES, Austin.

WHY FACTORIES SEEK TEXAS

AS—After spending several thousand dollars in surveying the entire country to find the best location for a large factory, the president of the company selected Dallas and gave this sensible reason for the choice: "There are 365 manufacturing days in Dallas, while in the North and East winter sometimes is so severe as to force a shutdown. You don't have to build a plant with walls four feet thick here to make things comfortable for workmen. You put up a sheet-iron building and go to the summer. Through overhead freight to the Gulf points facilitates distribution of products and being the advantage of cheaper water rates. Dallas is an ideal manufacturing city. Its advantages are almost too numerous to name." There is hardly a Texas city or town for which the same good argument might not be made and places seeking industries would do well to remember it and use it.

ART PRIZES DOUBLED—Edgar B. Davis, the Luling oil magnate and art patron, says he is still convinced that the greatest pictures of Texas wildflowers, ranch life and cotton fields are yet to be painted, so he has practically doubled the prize money given this year for next year's nationwide contest for pictures of these subjects. The total prizes offered next year will be \$31,500, which is said to be the largest premiums ever given in this country in a competitive art exhibit, and Mr. Davis says that he is doing this in the hope that his contributions might encourage artists to achieve the goal he has envisioned—the yet unguined "greatest picture." Texas artists should start in early to compete with others of the nation for these great prizes centered around Texas subjects.

SAN JACINTO BATTLEFIELD

"Thousands of out-of-state visitors will visit the San Jacinto battlefield this summer. Practically every person at the Democratic National convention will want to see it; delegates to the convention of the Federation of Women's clubs will go to Houston in great numbers to visit the noted park. Legionnaires will want to pay their respects to the shrine of Texas liberty. But the grounds, which have been used as a cow pasture, are yet in a deplorably bad condition. The state board of control is doing what it can with the small fund available to put it in shape. Houston is spending \$3,000 to build a shell road to the park. Chairman Walkhall of the state board of control is urging the people of Texas to show enough pride in the battlefield to raise a purse of \$25,000 to place the grounds in good condition. He says: "It would be disgraceful not to do so, and I am making this appeal that some one may start it off and keep it up until the desired goal has been reached."

NEW HIGHWAY RULING

The state highway commission has made a ruling that is of interest to towns of less than 2,500 population having decided that such places may appear on state highways. Chairman Walkhall of the commission shall receive funds for roads running through them on the same basis as in rural sections. The rule does not apply to towns of greater population. The population will be based on the last census reports.

CUERO WANTS NAVIGATION

The Cuero chamber of commerce is going to make renewed and determined efforts to get a reversal of an unfavorable report on the proposed navigation of the Guadalupe river, recently issued by Colonel J. L. Schley, district engineer. It expects to secure the cooperation of Victoria and other towns affected by the proposal to navigate the river in sending a committee to appear in Washington before the board of engineers for rivers and harbors.

BANKS TAKE STEPS

Sam R. Greer, president of the Smith County Bankers' association, has announced that Smith county banks and credit merchants have agreed to make a rule that the farmer who doesn't try to raise his food and feed for his stock in 1928 will not be entitled to any credit. He says that the organized bankers and merchants of the county do not expect to use any big stick, but are warning the people in the interest of diversification and cotton acreage reduction.

BIG OIL SUIT

The fact that the Pandem Oil company is suing for \$300,000 alleged as damages for failure to carry out an agreement to make an oil lease in Brown county on certain acreage in what is known as the Hutton-Curry pool, at least indicates that somebody regards Brown county territory as worth a nice sum of money.

Howard Gholson of Ranger was a Cisco visitor Saturday.

WINKLER OIL OUTPUT TO RE CUT

Passengers Rescued from Liner

ROBERT E. LEE STRANDED ON MASS. COAST

PLIMOUTH, Mass., March 10.—Strictly observing the time honored "women and children first" rule of the sea, the hazardous task of removing the 156 passengers of the liner Robert E. Lee, which is stranded on Mary Ann rocks, moved forward with precision today. Women and children, covered with blankets to protect them from the elements were lowered on ladders from the side of the liner's side into coast guard launches and boats which reached her side after a desperate struggle with breakers and a rolling sea. They were carried to the coast guard cutter Tuscarora, patrol boat No. 175, and other craft. Plans were first made to transfer the passengers of the Robert E. Lee to the liner George Washington, but had to be abandoned when a choppy sea made the transfer unadvisable. The liner is said to be in no immediate danger, and all on board were calm.

FEW CISCOANS WEAR 'ME TOO' DEM. BUTTONS

"A few of the 'Me Too' buttons may be seen on Cisco people. It seems that Cisco people are not showing the proper patriotic spirit and state loyalty by their failure to purchase these buttons, which were devised as a means to enable every Democrat in Texas to help pay the expenses of the national convention, held in the South for the first time since the civil war," said a prominent Cisco Democrat Saturday. This party stated that it was quite an honor to Texas to secure the national convention of the party of the Southern people, and every Democrat should manifest enough state pride to at least wear one of these convention buttons. Harry Brelsford, of Eastland, has appointed A. B. O'Flaherty to conduct the sale of these buttons in Cisco, and has left a large number with that gentleman to dispose of among local Democrats. You can get yours by calling at the Daily News office, or by seeing R. A. St. John, who is assisting in the sale. They cost only \$1, and every loyal Texan should be willing to give up \$1 for the honor of having the national convention held in Texas. It is an honor to any state to secure the national convention of either of the major parties, an honor that all Texans should appreciate.

NEW WELL ON PENCE FARM; IS GOOD ONE

Parties coming in from the G. W. Pence farm Saturday afternoon reported that the Phillips Petroleum company's well, drilling on that farm, came in early Saturday morning and was showing 25 barrels per hour, or approximately 600 barrels daily of high gravity oil. The pay was found below the 4000 foot level, and is accompanied by a strong gas pressure. After coming in the tools were again run in the well but the pressure was of such force that they were blown clear of the hole. The well has been shut down until storage can be provided. This well is located about ten miles north of Cisco, just north of the Cottonwood school house. It is about one-half mile west from the E. C. McClelland farm and about the same distance from the Dyer well. Drilling is reported at around 3000 feet in the well on the E. C. McClelland farm, in the same vicinity as the Pence well.

Mayor J. M. Williamson is in Dallas.

SENATE FINDS PRATT WAS IN ON BOND DEAL

WASHINGTON, March 10.—A new account in Republican high finance in which the late John T. Pratt of New York, after receiving \$30,000 in Sinclair Liberty bonds, made a similar cash contribution to the Republican National committee in 1923 was revealed today in the senate inquiry into the Continental Trading company's three million dollar slush fund, by Pratt's employees.

CISCO SHOWS IMPROVEMENT, VISITOR SAYS

"I can see quite a bit of improvement in Cisco since I was last here, about two years ago," said E. P. Ferguson of San Antonio county, who is stopping at the Guide. "A drive over the city shows numerous new residences that were not here the last time I drove over Cisco, and the improvements at Lake Cisco have transformed that locality into one of the most attractive resorts in West Texas, to say nothing of the big game preserves and the state fish hatchery that have been developed. When the present plans are complete out there thousands will flock to this oasis of West Texas, for in this respect, Cisco is in a class to itself—she has no rivals. Then I am informed that work will soon begin on the new hotel. That is good news not only to every person interested in Cisco in a material way, but everyone who has lived in or near Cisco. The new hotel will increase the present splendid prestige Cisco now enjoys all over the state. Few towns have been so extensively spoken of as Cisco has been, and the town is as good as she is reputed to be," he concluded. "Cisco is one of the best towns in West Texas," said Mr. Ferguson, who stated further that one of the objects of his mission to the city was to have a Cisco optometrist fit him with a pair of glasses. "After arriving here I met J. R. Harrison, of Vernon, who is here for the same purpose. Mr. Ferguson was formerly interested in the Moran oil fields, but stated he is now in the real estate business in the new town of Caterina.

Who Has Police Gun? Missing Since Raid

Turrentine Makes Hike to Midland

C. J. Turrentine, on a hiking trip from Fort Worth to Midland, passed through Cisco just after 1 o'clock Saturday, under a promise to reach Midland by Sunday night. He is boosting Midland at every stop, and was a pleasant caller at the Daily News office just before leaving the city. He left Fort Worth at 3 o'clock Saturday morning, he stated, and had walked the greater part of the distance. He is accepting, but not asking for pickups by automobiles.

THE WEATHER

East Texas—Fair; cooler on the coast; warmer in northwest portion. West Texas—Fair and warmer.

RATLIFE CASE GOES TO 104TH DISTRICT COURT

Mrs. L. E. Brock entertained Thursday Bridge club in her home on the Bankhead highway. The house was beautifully decorated with pink carnations, which she fully carried out the pink and white color scheme. High score prize was won by Mrs. James Gibbs, and Mrs. L. B. Williams second high. A very attractive salad course with pink carnations as favors, was served to the following: Mesdames Pierce Shackelford, J. N. Hamlin, L. W. A. Handler, W. R. Hamlin, L. Williams, J. M. Gibbs, B. J. Mitchell, R. D. Williams, G. Scott and the hostess.

SOUTHWESTERN BELL TEL. PHONE CO. Third-Quarter Dividend

The regular quarterly dividend one dollar and seventy-five cents is payable on deferred stock.

AUSTIN ELIMINATES FOREST HIGH 31 TO 21

AUSTIN, March 10.—Defeating Forest High school of Dallas, 31 to 21, Austin won the right to meet Temple for the state basketball championship in the interscholastic league tonight.

Wink Restaurant Man Fires Two Shots Into Wife and Companion Killing Both, Then Surrenders

EDITORS SEE BIG PRESS IN NEWS OFFICE

For the second time this week newspaper men of the West have visited the Daily News office to look at the flat bed perfecting press upon which the News is printed. This press is a step ahead, and is being adopted by many of the more progressive newspapers of the state. Early in the week L. J. Magnus of the West Texas News, at Del Rio, spent a day here watching the press in operation and otherwise investigating its adaptability to his work. He was well pleased with it, and has placed an order for one to be shipped to his Del Rio office. Saturday the Daily News had the pleasure of a visit from Barney Hubbs, managing editor, and F. Faucher Bell, news editor, of the Pecos Enterprise and Gusher. These gentlemen are now publishing a weekly, but contemplate going into semi-weekly publication, which is only a step toward the daily they hope to have some time soon. They, too, are well pleased with the press.

Who Has Police Gun? Missing Since Raid

Saturday the Daily News had the pleasure of a visit from Barney Hubbs, managing editor, and F. Faucher Bell, news editor, of the Pecos Enterprise and Gusher. These gentlemen are now publishing a weekly, but contemplate going into semi-weekly publication, which is only a step toward the daily they hope to have some time soon. They, too, are well pleased with the press.

Three Dead When Blaze Swept Home

PHILADELPHIA, March 10.—Lorenzo Cambria, grocer, and two sons were burned fatally today, when fire swept their home here. A third son was seriously injured. A defective flue is blamed for the fire.

LIFE TERM FOR THOMS MURDERERS

LOS ANGELES, March 10.—William Edward Hickman and Weiby Hunt got life imprisonment for the murder of C. Ivy Thoms, druggist, when the jury reported at 1:40 this afternoon.

Sunday Singing is Announced for 18th

Elbert Ezell of Cisco, announces that there will be a singing in the Church of Christ here on Sunday, March 18, beginning at 2:30 o'clock. Singings of this kind have been held during the past months in churches in Abilene, Clyde and other places in this section of the state, and Mr. Ezell states that singers from every nearby town will be present at the meet announced for Cisco. J. C. Hulsteler and his famous quartet will be present, as will two or more other quartets. Mr. Ezell says, "The public is cordially invited to attend. Remember the date, and be there. Some unusually good singing is assured."

Millions Back to Germans in Property Bill

WASHINGTON, March 10.—President Coolidge today signed the alien property bill, restoring to German owners millions of dollars in property seized during the world war, and settling millions of dollars in American claims for damages at Germany's hands prior to our entrance into the war.

Postal Inspector Asks to Build Robbery

SALES of the Austin office of the federal postal inspection department will be sent to Eastland county to investigate the robbery of the Nimrod postoffice, when V. S. Allen, postmaster and storekeeper, was forced to open the store Wednesday night by two masked men, who secured \$50 in money of private funds of Allen and of the Nimrod postoffice. Cisco police were not informed Saturday of any new developments since the arrest of four suspects late Thursday.

Cisco Lady Called To Uncle's Sick Bed

Mrs. J. W. Triplett and brother, G. E. Limroth, left Saturday for Brownwood in response to a telephone message from her mother announcing the serious illness of her uncle, Hon. Henry P. Taylor, in that city. The message to Mrs. Triplett also stated that Mrs. Minnie Price, an aunt, was very low, and a brother of Mrs. Triplett, Roy Limroth, was a hospital patient there also. Postmaster Triplett stated that both Mr. Taylor and Mrs. Price were quite old, and that their condition was most grave, but the news came that Roy Limroth was considerably improved. He is being treated for a malady that was the result of an injury received when he was a boy, Triplett stated.

Many people here will remember Mr. Taylor as he was a representative in the legislature when Brown and Callahan county were in the same district. He is also the father of Thomas Taylor, dean of Daniel Baker college.

STOCK MARKET BREAKS RECORD FOR SATURDAY

NEW YORK, March 10.—With total sales today of two million two hundred and twenty-five thousand three hundred shares, for the first time in history transactions exceeded two million shares for a Saturday session. The stock market broke most of its long distance records today.

BANKERS NAME 2 GORMAN MEN NEW OFFICERS

W. L. Stephens, cashier of the Cisco Banking Co., reported Saturday that an interesting meeting of the Eastland County Bankers' association was held at Gorman Thursday night, and a review of the achievements for the past year developed that much had been accomplished by the organization. Officers were elected for the ensuing term, with O. P. Newberry, of the Continental State bank at Gorman, president, and Carl Herrington, of the First National bank of Gorman, was chosen secretary-treasurer. The retiring officers are T. L. Overby and Guy Parker, of Eastland, president and secretary, respectively. Cashier Stephens was accompanied by two of the junior employees of the Cisco Banking Co., in the person of Tom Stark and James McCracken, who were very much interested in the proceedings. Mr. Stephens stated.

Tires Are the Basis of Plains; Pecos Asks to Build

WASHINGTON, March 10.—The Pecos and Northeastern, a Texas railroad, subsidiary of the Southern Pacific, today asked the Interstate commerce commission for authority to construct 60 miles of new road between Hale Center and Palmerton.

Postal Inspector Asks to Build Robbery

Taylor, in that city. The message to Mrs. Triplett also stated that Mrs. Minnie Price, an aunt, was very low, and a brother of Mrs. Triplett, Roy Limroth, was a hospital patient there also. Postmaster Triplett stated that both Mr. Taylor and Mrs. Price were quite old, and that their condition was most grave, but the news came that Roy Limroth was considerably improved. He is being treated for a malady that was the result of an injury received when he was a boy, Triplett stated.

Many people here will remember Mr. Taylor as he was a representative in the legislature when Brown and Callahan county were in the same district. He is also the father of Thomas Taylor, dean of Daniel Baker college.

TRACT IN 'BREEZEDALE' TO SUIT

PROTECTED BY PATENT. This plot has been artistically planned and is being beautifully landscaped. The ideals are to be preserved and the property owners protected through moderate restrictions which should insure development into the most beautiful part of town. Preliminary plats are now in the hands of local realtors. Streets will be opened soon. Get acquainted with this addition.

PLACED IN HANDS OF CISCO REALTORS - SEE YOUR AGENT. The Realtors of Cisco have kindly consented to take charge of the sale of lots in this addition. Each represents standard loan companies through which your home may be financed at a low rate of interest.

HEAVY SNOW FALL COVERS EASTERN U. S.

NEW YORK, March 10.—A snowstorm on Saturday blanketed large sections of the East with one of the heaviest falls of the winter. The fall ranged from fractional amounts to one foot. Temperatures were moderate over most of the region. The heaviest snowfall Saturday was in the Pennsylvania mountains, which unofficial estimates placed at 10 inches, and at Gloversville in upstate New York, where there was a foot.

Trains were running from a few minutes to hours behind schedule and many highways were blocked. Several bus lines in New York, Pennsylvania and New England were forced to discontinue service because of drifts. HEAVY LOSSES IN OIL PLACES NEAR MIDLAND. MIDLAND, March 10.—A fifth 8,000-barrel crude oil tank on the Magnolia Petroleum company's farm, one mile east of here, caught fire early Saturday. Four tanks which had been blazing since they were struck by lightning Friday boiled over and the spreading flames set fire to the fifth. A ditch-digging machine was kept busy all Friday throwing up dirt walls to prevent further spread of the flames.

LANDSLIDE IN BRAZIL KILLS THIRTY PEOPLE

RIO DE JANEIRO, March 10.—Thirty persons are reported killed, and two hundred injured when a landslide from Peak Monte Sereno demolished 50 buildings at Santos, 20 miles from Saopaulo.

Bulls Shipped From Falfurrias Saturday

The bulls purchased for the Eastland county dairy circles were shipped from Falfurrias Saturday, according to a telegram received by E. H. Varnell, and should reach Cisco Tuesday. A meeting of the dairymen interested will be held at the Cisco chamber of commerce at 1:30 Tuesday afternoon, when these bulls will be parceled to the several circles, and rules will be promulgated for the government of the circles, it is announced.

Subscription Rates: Per month (delivered by carrier), 75c. If paid in advance: Three months, \$2.10; six months, \$4.00; twelve months, \$7.20

Obituaries and Cards of Thanks, 10c per line; classified, 2c per word.

tion far beyond that of any southern land for any one with good blood circulation. He believes that when this fact becomes better known, Canada will derive as much profit from winter tourists as she does now from her mines. This is not impossible. There is a tendency observable in our own country to go north, or into the snowy mountains, more and more for winter sports. The Adirondacks, like Switzerland, are becoming a winter as well as summer playground. Most people, however, in Canada and the states, will content themselves with going north in the summer for a cool vacation. Our summer tourists are thronging into Canada by millions. There are rumors of an approaching boom there in summer resort property, which may mildly rival the recent Florida boom. It seems to be as natural for northern races to go north in summer, at least, as to go south in winter.

SHALL WE SAVE THE UNFIT?

Dr. E. A. Ross, American social psychologist, finds that the unfit are propagating more rapidly than the fit, and the rising tide of ignorant and degenerate stock threatens to submerge the intelligent and strong. "Weaklings and incapables," he says, "are being so sheltered and cared for by modern society that they are able to raise their progeny. Besides saving worthy persons from the consequences of their misfortunes, philanthropy is saving the unworthy." It is a familiar plaint. Well, what are we to do? Let the morons starve? Expose defensive children for wild beasts to devour, as they used to in some of the older civilizations? Christianity has made that impossible. But possibly it isn't so bad, after all. Sometimes a weakling saved becomes a great human benefactor. Look at Steinmetz, the electrician. Possibly, too, it is more important to be kind than to be strong and successful. That has always been the Christian idea. The deteriorating tendencies are probably exaggerated. For thousands of years great numbers of the strong and able have been killed in war, leaving little progeny. Yet society on the whole has advanced. Genius and talent still appear. Civilization moves on. Intelligence grows. Wealth and power accumulate.

New Names Appear For Hotel; More Today From Other Cities; Time is Short; Better Hurry

Some really new names appear in the suggestions for names for the new hotel soon to be built in Cisco. Wichita Falls and Dallas have entries in yesterday's list, in addition to the many from local people. This suggestion list will close soon, so if you want to have a hand in naming the hostelry and a chance at the \$10 offered by the Cisco Daily News to the first one who suggests the name selected by the committee, you had better speed up and get in. A blank will be found in this paper for use in making your suggestion. Yesterday's list follows:

- White House Hotel. Gene Payte, 307 West Eleventh.
Cisco Adolphus. (In event Adelphi management takes over new hotel). Mrs. J. B. Hunter, 907 F.
Popular Hotel. Louise Blount, 309 West Eleventh.
Liberty Hotel. Mrs. S. G. Blount, 309 West Eleventh.
New Best Hotel. Paul Blount, 309 West Eleventh.
Good Will Hotel. Mrs. Geneva Payte, 308 West Eleventh.
Love's Nest. Jack Daniel, 606 West Ninth.
Lee Worth. Mrs. R. E. Gunn, 1192 J.

- Angelus. Mrs. E. J. Wilson, 2710 Monroe, Wichita Falls.
Midstreet Hotel. Jack Wilson, Jr., Wichita Falls.
The Newitt or The Ciscozar. Mrs. Frances Williams, 963 West Seventh.
The Mosquito or The Courtesy. Joe Marvin Williams, Cisco.
West Bourne or Westlake. Lucile Williams, Cisco.
John Patterson Hotel. Mrs. J. M. Little, 1510 D.
Broadway of America. Mrs. G. W. Travis, 104 East Ninth.
Revelia. Mrs. G. C. McAuley, 713 West Thirteenth.
Metropole. Mrs. H. E. Pye, 607 West Sixth.
Lobomen. Virginia Conner, 1008 West Seventh.

Withdraws Millions

Here is Joseph Boyer, millionaire head of the Burroughs Adding Machine Co., and "almost" the grandfather of "Baby Boyer," upon whom millions in trust were lavished. The "grandfather" now seeks to withdraw the trust as he learns that the "grandson" was not even a distant relative of the Boyer family. (International Newsweek)

UNHAPPY EXILES

Harry M. Blackner, former head of the Prairie Gas and Oil Co., wanted as a key witness in the Teapot Dome oil case, is living in Paris hotels and the Riviera, a furtive and unhappy existence. He has plenty of money. But recent accounts represent him as one of the most miserable of exiles. He is in his latter middle age. He longs to come back home, and says he would come and face the music if it were not from a sense of loyalty to his business associates. James E. O'Neil, chairman of the Midwest Refining company, likewise wanted as a government witness in that scandalous oil case, after three years of restless dodging, is said to be in retreat in an Italian monastery of the Maritime Alps, though not himself a monastic. He is 70 years old. He and his family are longing to end their exile. Neither is charged with having profited by the corruption. Why don't they come? Why not make a clean breast of it? If there is a question of divided loyalty, why not be loyal to their country and 120,000,000 fellow-citizens instead of a few oil men who violated the law and conspired to betray their country? They say they don't want to be dragged into this mess. But they are in it. And the only way out is to do the square thing while they have a chance.

NORTHERN PLAYGROUNDS

"Go north young man," urges a Canadian writer. He is appealing to Canadians to plunge boldly into the northern portions of their big country, and enjoy its opportunities and pleasures, in winter as well as summer. Winter in the far north has business advantages, he points out. Transportation is easier than. The effeminate folk of southern Ontario, he complains, do not realize "the old-time charm and zest of winter that can still be found in all the region from North Bay to the Arctic Ocean." He has found that "the farther north one goes, winter is increasingly not a season to fear, but to be enjoyed. Those sparkling days and nights, an invigorating atmosphere and a snowy carpet over everything give the land an attrac-

QUICK REFERENCE CLASSIFIED ADS

There is a Place for Everything and Everything in Its Place

These inexpensive advertisements are a "Clearing House" for most everything, such as Buying, Selling, Renting, Restoring Lost articles, Finding Help or Employment and Securing New Patronage for your business.

MUST NOTIFY PARENTS WHEN JUVENILES TRIED

AUSTIN, March 10.—The courts are without jurisdiction to try a delinquent juvenile case unless notice of trial is given the parents of the boy, the court of criminal appeals ruled Wednesday in reversing a habeas corpus case of Lucius Webb, who was ordered discharged from custody. The boy had been adjudged a delinquent and committed to the superintendent of the Harris county school for boys for an indeterminate period not to exceed five years. The mother of the boy claimed the trial was held without notice having been served on her.

RCA-Radio Require Neither Nor Battery
It operates directly from the line new "AC" Radios. That is a 17 is the year's outstanding achievement in radio. Simplicity of operation, sturdy construction and excellent tone quality are outstanding features of this new receiver. Tuning is accomplished entirely by one knob! In addition there is only a "volume control to regulate the output and a switch to turn the current on and off.
In Radiola 17, the owner finds all of the refinements that recent developments have contributed to the radio art. Its compact cabinet, beautifully finished in mahogany, contains all the mechanism necessary for operation. Over the tuning control, there is a small electric light which not only illuminates the station selector but also serves as an indicator that the current is on or off.

Air Port Necessary to Progress; Spears Points Out Cisco's Need of Providing Aviation Grounds

"One of the real needs of Cisco is a municipal airport," said Alex Spears, cashier of the First National bank, and one of Cisco's most conservative citizens. Mr. Spears is one of Cisco's leading business men, and is always a strong supporter of those enterprises that are for the betterment of the city and Eastland county in general. But he is not given to idle words, nor is he fostering phony enterprises of any character, yet he keeps abreast of the times, and when a thing is needed he can be counted on to support it.

"I think it is important that Cisco should have a first class airport. The time now is when any city must have a place for aircraft to land and for the care of planes, if that town desires to be recognized among the leading communities of Texas. The present method of transportation will be superseded in a large measure by air transportation, is my belief, as it appears that the present mode will become obsolete ere long. The airport should be near the business center of the city if sufficient acreage can be acquired, and should be reserved exclusively for the use of aircraft. I have not given the matter a great deal of thought, and therefore have no suggestions as to the details. These, I presume, will be worked out when the matter to locate an airport in Cisco is definitely decided. But I can see the need of the airport, and hope the chamber of commerce will take some action in the premises at an early date.

"The world has made the most rapid progress during the past 20 years of any period in its history. Air transportation may be classed as one of the most advanced, as well as

the most important matter now claiming the attention of the American public. Air transportation has been recognized by the federal government in establishing airmail service. For the present this service is only to the larger cities, but at no distant date it will be extended to the enterprising smaller cities, and those who are looking ahead and get ready for this service by creating adequate landing fields will be the first to get postal service by aircraft. Business people have already seen the benefits of rapid transportation of mail by air, as have many even in the smaller cities, for every day airmail is sent to Fort Worth for transporting to business connections. With a first class airport, Cisco would be attractive to the postal authorities, should it be deemed expedient to extend the service to the smaller towns," Mr. Spears concluded.

HEAVY HAIL FALLS SAN ANGELO FRIDAY

SAN ANGELO, March 10.—One of the heaviest hailstorms in several years occurred here Friday afternoon. Lasting but five minutes, enough hail fell to whiten the ground. Five minutes later the sun peeped out from the edge of the stormcloud. Fruit trees in bloom were stripped, but no other damage of consequence was reported.

Girl employes of the German postal system must wear skirts that come to within 8 inches of the floor. This opens a great opportunity to the inventor who can produce a transparent cloth.—The Akron Beacon Journal.

Literary Genius

Miss Myrtle Johnston of London is acclaimed by English critics as a real find. In addition to her literary talent, she is graced with her share of beauty and charm.

HEAVY RAIN AND HAIL AT SAN ANTONIO

SAN ANTONIO, March 10.—Many of San Antonio's streets became torrents Friday night when a severe hail and rain storm lashed the city, making the water two feet deep in some streets. Many automobiles were forced to park until after the storm and others stalled when they tried to ford the deeper streets. Approximately two inches of rain fell in less than an hour.

If you don't think America is the land of the free, look up the number of divorces granted last year.—The Huntington Advertiser.

PUTNAM

Miss Willie Kennerley attended a vaudeville performance in Baird Wednesday night.

Miss Vera Bray spent Thursday in Cisco visiting friends.

John Isenhower, who has been confined to his bed with illness for several days, is able to be up again.

Nomar Greenwood of Brownwood is visiting friends in Putnam.

Richard Cunningham is visiting friends in Putnam this week.

Mrs. W. O. Lawson and son, Eugene, were in town on business Thursday.

Putnam and Moran high school boys and girls debated here Wednesday night. The Moran boys and Putnam girls were winners in the contest. It is announced that Carbon high school girls and Putnam girls will debate next Friday night in Cisco.

The Putnam school is progressing very satisfactorily, and it is thought it will be able to acquire its affiliation this year.

Mrs. L. E. Brock entertained the Thursday Bridge club in her home on the Bankhead highway. The house was beautifully decorated with pink carnations, which skillfully carried out the pink and white color scheme. High score prize was won by Mr. James Cribbs, with Mrs. L. B. Williams second high.

A very attractive salad course with pink carnations as favors, was served to the following: Edames, Pierce, Shaekelford, J. N. Williams, W. A. Handler, W. R. Hamlin, L. B. Williams, J. M. Cribbs, B. L. Mitchell, R. D. Williams, G. T. Scott and the hostess.

SOUTHWESTERN BELL TELEPHONE CO. Thirty-first Dividend

The regular quarterly dividend of one dollar and seventy-five cents per share on Preferred Stock will be paid on Monday, April 2, 1928, to stockholders of record at the close of business on Tuesday, March 20, 1928. R. A. NICKERSON, Treasurer.

WILD TURKEYS PLACED ON WALKER PRESERVES

HUNTSVILLE, March 10.—Thirty wild turkeys have been received in Huntsville to be placed on the two

game preserves in Walker county, according to the local game warden.

The turkeys were trapped near Kerville, by orders of Will J. Tucker, state game commissioner.

A mechanical man was exhibited in New York the other day. The dispatch didn't say what dinner he spoke after.—The Harrisburg Patriot.

The gray fox is much less swift than the red fox; it differs also in important structural characters, and unlike all other foxes is an expert climber.

OAKLAND ALL-AMERICAN SIX

PRODUCT OF GENERAL MOTORS

LANDAU COUPE \$1045

The Smoothest That All America Knows

Snap and Clutch

There's no longer any doubt about America's demanding more and more from its automobiles. More power, more style, more speed. And above all else... more smoothness and snap.

Smoothness that brings to driving new pleasures and new delights. Snap that responds to the traffic signal as a sprinter responds to the gun. Smoothness and snap that you know are the very essence of motoring satisfaction. Smoothness and snap that you find revealed in the All-American Six.

You find them there because of Oakland's big, impressive brute of an engine which starts so easily 'way below zero. Because of its famous GMR cylinder head... force feed fuel pump... 79-lb. crankshaft... generously oversize connecting rods and other vital parts.

super-precision construction demanded in the All-American principle of design.

Once you've experienced its smoothness... once you've witnessed its snap... you'll know why the All-American Six is winning such tremendous success!

PRICES

2-Door Sedan... \$1045 4-Door Sedan... \$1145 Sport Roadster... \$1075 Cabriolet... \$1155 Phaeton... \$1075 Landau Sedan... \$1265

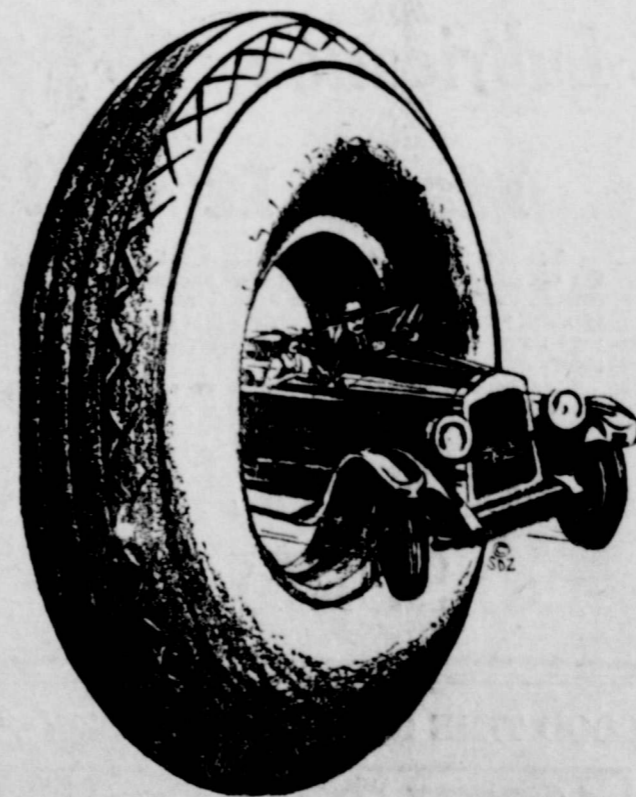

New Series Pontiac Six, \$745 to \$875. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the liberal General Motors Time Payment Plan.

Special Sport Equipment

Available on all body types. Six wire wheels with tires... special front fenders with tire wells... two special tire locks and locking rings... collapsible trunk rack... \$100 extra on open cars... \$110 on closed cars... Six disc wheels with same equipment, \$75 on open cars... \$85 on closed models.

CISCO MOTOR COMPANY

Tires Are the Basis of Satisfactory Motoring

How are YOUR Tires?

With prices on fine tires so low at this time, it hardly pays the motorist to stagger along with inefficient tires, spending money and wasting time on continual repairs.

We carry a full line of Automobile Accessories for practically all makes of cars—parts for the more common ones. Also car batteries.

Radio Department

We would like to demonstrate our Radios to you. Our Radio department includes a full line of Radio Batteries and other Radio Accessories.

Cisco, Texas.

America to Lead the Whole World In Passenger Carrying Dirigibles; Safety Element is Being Built In

Los Angeles to Panama is a recent example of the cruising ability of airships. Dr. Arnstein pointed out that Arnstein supervised the construction of the Los Angeles which was originally the ZR-3 and under the latter name flew across the Atlantic in 1924, from Friedrichshafen, Germany, to Lakehurst, N. J., a distance of 5,100 miles in 81 hours.

GEAR BREAKS ON HIGHWAY; WOMAN HURT

FORT WORTH, March 10.—Mrs. Jinks McGee, Abilene, received bruises last night about 10 o'clock when the automobile in which she was riding turned over on the Weatherford road about 12 miles west of Fort Worth. Her husband was not injured. The accident occurred when the steering gear of the automobile broke. Mrs. McGee was treated at All Saints hospital, where she was brought in a passing car.

Oakland Production Far Ahead of 1927

PONTIAC, March 10.—The increasing factory facilities of the Oakland Motor company and the heavy winter demand for the Oakland and Pontiac Sixes are reflected in a record March production of 27,773 units which exceeds by more than 10,000 cars the company's output during March of 1927. January and February also witnessed the establishment of new Oakland-Pontiac records. As a result, by the end of March the company will have built more than 73,800 cars, a three-month total exceeding by 12 per cent the 34,727 unit production during the first three months of 1927.

Keeping step with the growing demand for Oakland and Pontiac Sixes, W. R. Tracy, vice president in charge of sales, has expanded the field organization through the establishment on March 1st of additional district offices at Milwaukee and Washington, D. C. The Oakland Motor Car company now has 24 district offices, said to be the second largest district office group maintained by any automobile company. This expansion follows on the heels of a January enlargement of the sales organization when Mr. Tracy opened regional offices at New York, Cleveland, Atlanta, Chicago, San Francisco and Kansas City, besides increasing the size and personnel of all district offices.

Such a margin of safety would make the ship independent of weather conditions. If the airship arrives at its destination and finds inclement weather or fog, it merely waits for good weather or the fog to lift.

Margin of Safety
BRECKENRIDGE HAS ATTORNEYS APLENTY
BRECKENRIDGE, March 10.—A glance through the Breckenridge city directory will show that citizens here need never fear that they will have trouble in gaining the services of a lawyer. The directory lists 42 names of lawyers, the largest of any professions. Grocers and gasoline manufacturers tie for second place with 33 names each.

Old Home Town

A grouch and an optimist met on the street one day this week within hearing of a Daily News reporter, and what the latter did to that everlasting pessimist was good and plenty. It all started something like this: "Ain't this a h— of a town?" the grouch complained. "What's wrong," asked the man with the smile. "Everything," the first speaker replied. Then the man who likes Cisco and appreciates the advantages of living in a progressive community proceeded to deliver himself in no uncertain manner. His comments were as follows: "This city and community owe you nothing. If accounts were balanced to this date you would be the debtor. Haven't you, all of these years lived within its limits and shared all its benefits? Haven't you had the benefits of its schools, churches and hospitals? Haven't you had the protection of its officers, fire and health departments? Haven't its people, during all this time, been gathering for you from the four corners of the earth, food for your plate, clothing for your body, and material for your home? Hasn't your city furnished the patronage by which you have succeeded? Hasn't it furnished you the best of friends of your life, whose ideals have been your inspiration, whose kind words have been your cheer, and whose helpfulness has carried you over your greatest difficulties?"

The optimist paused to get his breath. The pessimist stood in open-mouthed amazement, but the optimist was not through with him. He continued: "What should you give in return? Not simply the taxes which cover so small a part of what you have received. You should give more; you should want of your own free will to give enough so that you can rightfully say: 'This is my home town.' So that you can take pride in its prosperity, in the honor which comes to its citizens, and all that makes it better and greater. You can do this only by giving to it generously yourself. In this way only can you even in a small way pay the great debt you owe your city, your community and your state."

"I wish the party who has been draining my auto tank would shift his operations," said Dr. W. I. Gibornely Saturday. "If they have no money to buy gas I much prefer to give the poor fellow a dollar and let him tank up legitimately. Besides losing the price of the gas I am put to the further inconvenience of unexpectedly running out of gas at inopportune times and places. Thinking I have enough to reach my destination I find myself short when no convenient filling station is near. My gas tank has been drained on several occasions lately. No, of course, I don't know the culprit. If I did I would not be telling the Daily News. I would tell the police, and let them nab the fellow."

Cisco is a town famed for its beautiful church edifices. They elicit favorable comment from every visitor to the city, and they are the pride of the people who live here. Church buildings, like the newspaper of a town, are excellent criterions as to the people who make up a community. A business man seeking a location wants first to see the newspaper of the town, and likewise, the man who is seeking a home town, a place to rear his family, wants to know something of the church organizations and buildings of Cisco. They stand as monuments

LOOKS 'AHEAD TEN YEARS

"I love life and I want to live it," said Velma West, life-sentenced "husband hammer-slayer," as Judge Jesse D. Barnes (upper right) intoned the words of her punishment. The 21-year-old murderess is already looking forward to her future freedom. "Within ten years I am eligible for release, that gives me hope," she said. "Besides no part of her imprisonment is to be solitary." (International Newsreel)

to the religious attitude of the people, and by that token it may be said that no city of Cisco's size in Texas is more religious and more awake to the responsibility resting upon the churches.

NATURAL FERTILIZER
DUG FROM THE GROUND
There is being mined, and milled, a deposit of Green Marl Sand, found in large quantities one of nature's products that is being used for fertilizer. This Green Marl Sand contains Phosphorus, Potash, Lime, and Iron. All of which are useful in stimulating plant growth. This product may be placed in direct contact with the roots of plants or be distributed with the seed when sown. It does not injure the tenderest roots or injure them in any way. For house and pot plants mix one to ten per cent in bulk with the soil mass and set the plants, for fruit trees, shade trees, shrubbery, roses etc., apply the Marl Sand in direct contact with the roots, water thoroughly after raking the soil back over the roots, and watch your trees and plants grow. For field crops, apply the Marl in the drill at time of planting. Use from 200 to five hundred pounds per acre. The Green Marl Sand is not soluble in water. Therefore it does not leach out of the soil. You can't use too much for it will remain in the soil and yield up its plant food to the roots of the plants as needed. We now have a car load of this natural fertilizer at Clyde which is to be distributed by us. Or it can be had from B. L. Boyntun, Walker and Caperton, J. M. Cody, R. M. Pyeatt, or Home Mercantile Co., Clyde, Texas, or from us at the following prices: Five pounds, 20 cents; 10 pounds, 30 cents; twenty-five pounds, 50 cents; fifty pounds, 80 cents; 100 pounds, \$1.50; 200 pounds, \$1.45 per hundred; 500 pounds, \$1.40 per hundred; 1000 pounds, \$1.35 per hundred; 2000 pounds, \$1.25 per hundred.

May Never Play

Planists and tennis stars need all their fingers. Here is Miss Elizabeth Ryan, United States tennis star, who hails from California. In France, where many court triumphs brought her fame, a slammed railroad coach door smashed a finger which may mean the end of championship tennis play. (International Newsreel)

Richards No. 3 A. L. Curry, Betts survey, Brown county, intention to drill.

Difficult Shots In "Feel My Pulse"

One of the most difficult scenes photographed for motion pictures was obtained during the making of "Feel My Pulse." Bebe Daniels' latest starring vehicle for Paramount which is now showing at the Palace theater.

And, strangely enough, it appears to be the simplest obtainable. It consists merely of several "shots" of the star in a speedboat that is moving through the water at a rate of 40 miles per hour and the speedboat, combined with a heavy sea, was responsible for all the trouble.

In the first place, Director Gregory La Cava demanded a scene which required careful photography free of vibration and with the camera mounted in the bow of the boat head cinema-tographer J. Roy Hunt endeavored to get it. He soon saw that the vibration of the boat was

too great. Another craft was chartered with the same result.

Hunt then set to work. He called the property department for an order of springs similar to those used in the ordinary bed and lashed them to the top deck. Then, by a series of weights placed on his tripod, acting as counter balances, he was able to "shoot" the sequence without any difficulty—that is, not counting a drenching from the sea water.

"Feel My Pulse" is a story of rum runners, bootleggers, hi-jackers and a girl played by Miss Daniel.

TEXAS FARMS REPORTED IN GOOD SHAPE

AUSTIN, March 10.—Despite a winter drier than the average, rains during February were sufficient in most localities to supply enough moisture for present crop needs in Texas, H. H. Shultz, federal statistician, reported here Friday.

More moisture is needed to put a deep season in the ground. Labor has been ample, work animals are in good condition and most land is ready for planting.

All livestock has wintered well and little feeding has been necessary. Cotton planting is making headway in the southern counties. Spring oats are coming up to a good stand and the main corn crop will be practically all planted by the end of March.

Land values have declined in many sections, and only favored localities show an enhancement of values. In the rapidly developing northwestern counties, the price of land is steadily increasing and transfers are active.

Early sown wheat is in generally good condition but that sown late was hurt by cold of December and January, although February rains did much to help the crop. It is estimated that 2,629,000 acres were sown in the fall, which under favorable conditions during the spring months, should produce a harvest exceeding the 20,000,000 bushel average of the past ten years.

EXTERIOR DECORATION home, but hundreds pass judgment on the exterior. The cost of beautifying home grounds is small as compared with decorating the interior... probably not more than the price of a rug or a piece of furniture.

We make landscape plans, supply the best trees and plants, and supervise the planting when desired. Write for free catalogue. RAMSEY'S AUSTIN NURSERY, Austin, Texas. 2091's

96 Bob Whites Just Liberated at Lake

Another consignment of Bob White quail has recently been received and liberated in the Cisco game preserves. S. B. Wright, superintendent of the Cisco state fish hatchery, reports. These quail were shipped from Brownsville, there being 96 in the shipment, and reached here in good shape with the loss of only one. Mr. Wright stated. These, like other game liberated in the preserves, are protected by law, and persons found shooting in the game enclosures will be vigorously prosecuted, according to the superintendent.

The average consumption of fruit in England is 93 apples, 67 oranges, 52 bananas and 15 lemons per person per year.

Oklahoma land owners are estimated to receive \$20,000,000 a year in oil lease rentals.

January-February Fines Over \$1,500

According to the records of the city secretary, fines and costs collected in the city court for February amounted to \$959.05; the January collections through fines and costs assessed for misdemeanors were slightly less, as the report shows the amount to be \$625.55.

The total city poll taxes paid, exclusive of the exemptions, were 907.

EGGS FOR TICKETS IN OKLAHOMA TOWN

ALVA, Okla., March 9.—"Admission, one egg." An even 100 eggs were received for that many admissions when over 125 persons attended farm films shown here, sponsored by Ward Chase, vocational agriculture teacher.

Announcement!

We are glad to announce that our former operator, Mrs. Lewis, will again be affiliated with the Beauty Salon of this city.

Our customers are familiar with the efficiency of her former services in this shop. Since then she has kept constantly in touch with beauty work in other shops in Breckenridge and Ranger and is at present in Dallas attending demonstrations and taking instructions under Paul Rilling of New York City. Her identification with the Beauty Salon will date from Monday, March 12.

There is no Performance like Chrysler "72" Performance

Demonstration Will Prove it to You

There is a new performance sweeping the land—Chrysler "72" performance—obsoleting everything in its field today as completely as did the first Chrysler four years ago.

75 horsepower from an engine of surprisingly small size for such capabilities, through Chrysler's special genius in design and precision manufacturing.

72 miles and more an hour—now made still more smoothly, more easily because of the counterweighted 7-bearing crankshaft.

In traffic, it whisks to the fore in a way that out-Chryslers even Chrysler. Mountain grades literally melt before it.

You owe it to yourself to know this superb Chrysler performance. A demonstration entails no other obligation.

New Chrysler "Head" Engine—designed to take full advantage of high-compression gas, giving 12% greater torque with greater speed, power and hill-climbing ability standard equipment on all body models of the 112 h. p. Imperial "80," also standard on the roadsters, and available at slight extra cost for other body types, of the "62" and "72."

Illustrious New Chrysler "72"—Two-passenger Coupe (with rumble seat), \$1545; Royal Sedan, \$1595; Sport Roadster (with rumble seat), \$1595; Four-passenger Coupe, \$1595; Town Sedan, \$1695; Convertible Coupe (with rumble seat), \$1745; Crown Sedan, \$1795.

All prices f. o. b. Detroit, subject to current Federal excise tax. Chrysler dealers are in position to extend the convenience of time payments.

DEPENDABLE ROAD SERVICE

Perkins Announces For Congress Outlines His Views on Matters of Interest to People of District

T. P. Perkins of Mineral Wells, has announced his candidacy for the Democratic nomination for congress from the seventeenth district of Texas. Mr. Perkins was born on a farm in Titus county, in 1882, and received his education in the public schools at Mount Pleasant, at Austin college, Sherman, and at the State university at Austin. For three years, 1903 to 1909, he taught in the public schools of this state, first at Ferris, later at Crapeland, Houston county, earning a sufficient amount therefrom to complete his education in the law department of Texas university, where he graduated, receiving his L. L. B. degree in 1910.

After having been admitted to the bar in 1910, Mr. Perkins commenced his career as a lawyer that year at Snyder, Scurry county, and continued his practice there until 1915, when he moved to Palo Pinto county. Since 1915 he has resided in Palo Pinto county and continuously followed his chosen profession in that county, enjoying a splendid practice. Mr. Perkins is an outstanding lawyer of his section of the state, and has for many years taken a prominent part in civic and political affairs.

In 1912 Mr. Perkins married Miss Grace Cunningham, a daughter of the late J. L. Cunningham of Palo Pinto. He is a member of the Christian church and is a teacher of the Sunday school in the Central church of Mineral Wells. His statement of Mr. Perkins relative to the principal planks in his platform is as follows:

Federal Reserve Bank
At the two hearings held in the Federal Reserve bank at Dallas for the purpose of investigating complaints against the present management of the bank at which hearing I was present and it was my pleasure to represent the complaining bankers as a patriotic duty, it was shown that the management was unsympathetic toward the banks located in the smaller towns of the eleventh federal reserve district, which includes all of Texas, and that it had taken the position that banks should not lend money to farmers to assist them in the making of their crops, but such banks should invest their deposits in government securities and commercial paper. It was further shown that on June 29, 1927, when the local loans of banks was at its peak, the Federal Reserve bank of Dallas had approximately ten times as much money invested in government securities and paper purchased on the open market, commercial paper, the majority of which had its origin outside this district, than it had in rediscounts to member banks, \$36,847,000 representing the first class and \$3,872,000 representing the latter. It is my contention that a continuation of such policies will seriously cripple the agricultural and live stock interests of this section and will greatly retard the development of this, the western section of Texas. This is a question of vital importance to you.

By the reelection of the governor and other officers over such evidence and in the face thereof, by a six to three vote, the board of directors of the Federal Reserve bank have approved these actions and policies of the governor and have made his policies their policies.

The resolution now pending in the house of representatives should be passed in order that congress

may be advised of the present conditions in the Federal Reserve bank at Dallas to the end that legislation shall be passed remedying the present situation and preventing a recurrence of such conditions.

I further approve the principle of the bill now pending before congress placing a limitation on the salaries of Federal Reserve bank employees, the governor of which banks now receive as high as \$50,000 per annum and secondary officers as high as \$40,000 per annum, and here state that in my opinion such salaries should be cut not less than fifty per cent.

State Rights
I am a believer in the Jeffersonian doctrine of state rights. If a trait is not made in the encroachment of the federal government upon the powers reserved by the states under the terms of the federal constitution, the time is not far distant when the sovereignty of the several states will be destroyed, and this government will be one of the centralized powers. The sovereign rights of the state must be restored and respected.

Tariff Revision
I am a firm believer in the Democratic doctrine of tariff for revenue only as a general proposition, but if a protective tariff is placed on manufactured products, which are the articles of purchase in this section, then justice and right require that the raw products should be protected in a like manner. Our people of this section should not be required to purchase on a market competing with the cheap markets of the world.

National Defense
This country will never wage a war of aggression or a war for the purpose of territorial expansion. However, that does not mean that we will never be drawn into a war with some other nation. In order that we might be prepared to meet any nation or nations that may look upon this country as a prey and to defend ourselves from invasions of nations inclined to war, I hold that we should maintain a small army, build sufficient air craft to provide for the adequate defense of the nation and to maintain sufficient navy to protect our shores and commensurate with the standing of this nation as a world power.

I am not in sympathy with and have no patience with the present

T. P. PERKINS

invasion of Niagara and believe that we should in no wise intervene with the internal affairs of other nations, however small they be. The principle is wrong and I am against it in every way.

Cancellation of Foreign Debts
This government has already made offers of cancellation of a large portion of the debts owed by foreign nations, in some instances as much as fifty per cent, and to the extent that the remainder of the debts not offered to be cancelled represents only the funds loaned to such foreign countries since the war for rehabilitation and not for the conduct of the war. I am not in favor of a further reduction of such debts, and I demand that such debts be paid.

Eighteenth Amendment
I am a life-long prohibitionist. I know that prohibition is the best thing for this country and its citizenship. Therefore, I stand foursquare for the eighteenth amendment and all laws enacted placing it in force. I also believe in a rigid enforcement of prohibition laws, whether state or national, to the end

that the illegal sale of intoxicants may be absolutely prohibited within the confines of this nation. I regret the effort that is being made to nullify the eighteenth amendment to our constitution, and have no sympathy with such a movement and as your representative in congress, I shall do everything in my power to uphold the letter and spirit of this great law.

Women's Rights
Of equal importance to the eighteenth amendment with regard to the welfare of this nation is the nineteenth amendment which conferred on the womanhood of this nation the right of suffrage. I have always believed in the political equality of the manhood and womanhood of this nation and believe that as the women of this country come more and more to the exercising of the right of suffrage just in such proportion will the affairs of government be run with honesty and intelligence. It is also my conviction that women engaged in the same character of employment as men should receive the same amount

of compensation. I see no reason for it to be otherwise.

Adjusted Compensation for War Veterans
I stand for an extension of the time for adjusted compensation claims to be made and filed by world war veterans. I further believe that this government, rich as it is, should adequately care for and provide for all disabled and crippled veterans.

In conclusion I desire to state that I am a Democrat and stand for a government of, for and by the people. I further adhere to the rule of the majority as expressed at the ballot box and in favor of party government. If the democracy of this congressional district sees fit to place me as its representative in the national house of representatives I shall always strive to carry out the expressed wishes of my constituency and to do that which is for the best interests of the district I represent.

Very respectfully,
T. P. PERKINS.

Vocational Boys Judged Fat Stock

E. H. Varnell, vocational agriculturist of the Cisco high school, accompanied several members of his class to DeLeon Thursday where the vocational boys of DeLeon, Cisco and Comyn participated in a practice judging of fat stock before the animals were sent to the fat stock show at Fort Worth. Senior and junior steers, Jersey cows and fat barrows were judged by the vocational boys. Varnell stated, and the judgment displayed was creditable to each of the schools. There was no contest, hence no records were preserved.

Those from Cisco who participated in this judging were Glenn Kinard, Arlin Bint, Floyd Thurman, N. L. Taylor, Clendon Peltrick I represent.

menced his career as a lawyer that year at Snyder, Seury county, and continued his practice there until 1915, when he moved to Palo Pinto county. Since 1915 he has resided in Palo Pinto county and continues to follow his chosen profession in that county, enjoying a splendid practice. Mr. Perkins is an outstanding lawyer of his section of the state, and has for many years taken a prominent part in civic and political affairs.

IN 1917 FIRST BAPTIST
Grace venue at 9th. Sunday school the late. Attendance last Sunday. All adult classes meet on Christian day in separate and attached rooms. Young people assemble in an auditorium and congenial groups go to five large classes for their lesson period. The pastor will speak at the morning worship at 11 o'clock, and again at 7:30 in the evening service. This will be a young people's service with a message for all. At 6:30 the young people meet in six E. Y. P. U's. The Senior assembly is held in their parlor with a good program each Sunday evening promptly at 6:30. The interdenominational and juniors meet in their own departments. Everybody's welcome at any time to all of our services.—ACKER C. MILLER, Pastor.

TWELFTH STREET METHODIST
Sunday school at 9:45 a. m. John W. Tickner, superintendent. Preaching at 11 o'clock by the pastor. 7:30 p. m. program on titling by the Ladies Missionary society. Special music. Come to the little church with a big welcome.—W. L. CONNELL, Pastor.

CATHOLIC
Twelfth street and F avenue. Mass at 10 a. m. with sermon from the gospel of the Third Sunday of Lent. Rosary and Benediction of the Blessed Sacrament following mass.—REV. M. COLLINS, Minister.

LUTHERAN
Corner Sixteenth street and F avenue. Let us begin this Sunday by being present at the Sunday school at 10 o'clock. We teach and preach Christ crucified. The lesson for this Sunday is the story of Peter's denial and Judas' end. Both stories picture the beginning and rapid growth of sin. And the story of Judas pictures its tragic end. The Bible class will study the 10th chapter of Corinthians. After the Sunday school hour let us also stay for the service. The Sunday school is not exclusively a children's service; neither is the main service exclusively an adult's.

BROWN COUNTY LEADS WITH 69 DRILL PERMITS

EASTLAND, March 10.—Eastland county is among the twelve leading counties of Texas in new oil wells drilled during the month of February, according to the reports from the oil and gas division of the state railroad commission just received by J. J. Killough, deputy oil and gas supervisor of Eastland county. Mr. Killough's report shows that there were drilled in Eastland county during the past month thirteen producers and five dry holes, and fourteen permits to drill in Eastland county were issued in February.

The figures of the state report show that in the state as a whole there were 36 producers and 296 dry wells. Brown county is leading in new development in the Central Texas fields, of which Eastland county is the center, with 69 permits. That intensely busy shallow county ranked high in new producers with 25. Callahan county has 18 drilling permits; 12 permits with two producers; Palo Pinto one permit; Runnels five permits; Shackelford 36 permits and 22 producers; Stephens two permits and three producers, and Young 32 permits with 10 producers.

Thus it can be seen that Eastland and the six counties that touch the borders of this county, have witnessed the starting of 149 new wells out of the total of 646 for the entire state with 86 new producers out of the 322 for all of Texas.

It is estimated that within less than a two hours' drive of Cisco approximately 25 per cent of the oil activities of Texas are in progress.

FIRST PRESBYTERIAN

Sixth street at H. Today is "Volunteer Pledge Day" here. The deacons will have a representative at the church all the afternoon, to receive your volunteer estimate offering for the work for the next church year, which begins April 1. Not one word will be said by way of solicitation, but there will be a record of the volunteers, and they will not be solicited later. Let's show the deacons that we are as interested as they in the work by not permitting them to have to come to ask us for our next year pledge. Sunday school will meet at 9:45, and classes will go immediately to their rooms; the closing devotional program will be held in the main auditorium of the church. The minister will bring two straight-from-the-shoulder gospel messages today for young and old, and the membership will give a welcome that will make you feel good. The choir will sing at both periods of worship, and will be led at the piano by Mrs. G. G. Mertimer. Let us not neglect the soul today. 7:30 is the evening hour.—BRUCE C. BONEY, Minister.

CALENDAR FOR MARCH COUNTY COURT-AT-LAW

EASTLAND, March 10.—Following is the setting of cases for the March term of the county court-at-law, which will convene at Eastland Monday morning at 10 o'clock:
Monday, March 12.—Frank Castleberry vs. American Glycerin Co.; D. L. Kinnaird vs. American Motors Finance Co.; First Mortgage Investment Co. vs. H. B. Gitta.
Tuesday, March 13.—Mrs. C. E. Morris vs. Grisham Bros., garnishee; W. M. McGee vs. G. M. Applegate, et al.; First National Bank, R. S. vs. O. Cooper, et al.

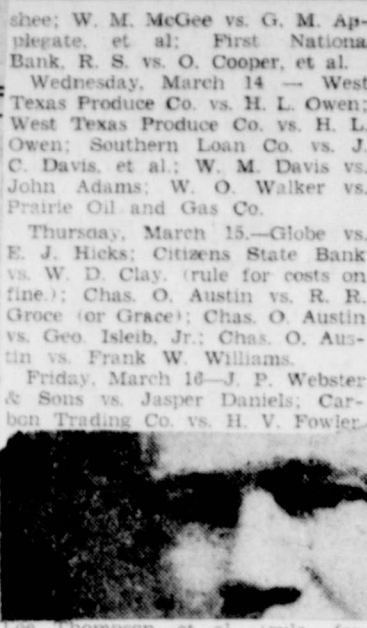

Wednesday, March 14.—West Texas Produce Co. vs. H. L. Owen; West Texas Produce Co. vs. H. L. Owen; Southern Loan Co. vs. J. C. Davis, et al.; W. M. Davis vs. John Adams; W. O. Walker vs. Prairie Oil and Gas Co.
Thursday, March 15.—Globe vs. E. J. Hicks; Citizens State Bank vs. W. D. Clay, rule for costs on file; Chas. O. Austin vs. R. R. Groce (or Grace); Chas. O. Austin vs. Geo. Isleib, Jr.; Chas. O. Austin vs. Frank W. Williams.
Friday, March 16.—J. P. Webster & Sons vs. Jasper Daniels, Carben Trading Co. vs. H. V. Fowler, et al.; Thompson, et al. rule for costs on file; Gulf Pipe Line Co. vs. S. J. Whittson, et al.; Gulf Pipe Line Co. vs. J. A. Sandertord, et al.

Thursday, March 22.—M. A. Katz vs. Edw. A. Kleiver; J. F. Dill vs. R. L. Tolliver; Carbon Trading Co. vs. M. M. Martin (rule for costs on file); Archer Fiddler vs. Colorado National Bank, garnishee, (rule for costs on file); B. & H. Motor Co. vs. L. T. Weathers; Southern Loan Co. vs. W. L. Harrison, (rule for costs on file); Citizens State Bank vs. Howard Davis, (rule for costs on file).

Jury Civil Cases.
For week, beginning March 26, the following jury civil cases are set:
Gulf Pipe Line Co. vs. C. U. Connellee; Heid Bros. vs. C. & Grocery; B. H. Yeager vs. C. H. Vanman; Southern Loan Co. vs. A. D. Webb; Mrs. Ethel Henry vs. W. G. Shelton, et al.; L. Kleiman vs. W. G. Williamson; W. C. Shelton vs. R. H. McLearn; F. Mayers Boot & Shoe Co. vs. L. Kleiman; Mrs. Cora Presler vs. J. L. Thomas; Continental State Bank vs. J. T. Jobe, et al.; J. F. Tucker vs. B. & H. Motor Co.; S. Allen vs. E. M. Howard; American Glycerin Co. vs. L. E. Edwards; Sebe Boyd vs. Geo. B. Jones; Columbia Weighing Machine Co. vs. R. R. Stafford; American Law Book Co. vs. A. E. Firmin.
There cases are all set for Monday and will be called for settings for any day that week. Those on hand on Monday morning, March 26, may get settings; otherwise it will be presumed the case is not ready for trial. A continuance will be noted and the jury discharged. If the parties have been tried during some day of this week, a setting can be given each case and the jury retained for the time needed.

Monday, April 2.—H. E. Price vs. G. C. Stockham, (rule for costs on file); Oak Cliff Hudson-Essex Co. vs. H. B. Shimbolt, (rule for costs on file); R. L. Wilson vs. L. C. Purnell, et al.; J. B. Amos vs. Federal Reserve Life Ins. Co.; Murray Tool Co. vs. Leon Oil Co.; Lone Star Gas Co. vs. T. I. Lee.
Tuesday, April 3.—J. F. Dill vs. G. W. Barker; Mrs. C. B. Watson vs. F. L. Kelley, et al.; Mrs. Letha M. McFall vs. R. L. Sweeney; E. G. Dowell vs. Outhier Oil Co., et al.

Five thousand members of a philosophical cult now living in California intended to move to Tel-Amarna, on the Nile, in order to live as the Egyptians lived in 1,360 B. C.

Mr. H. V. Fowler, et al. rule for costs on file; Gulf Pipe Line Co. vs. S. J. Whittson, et al.; Gulf Pipe Line Co. vs. J. A. Sandertord, et al.

KLEIMAN'S

BESSIE OLSON FEATURED AS ENTERTAINER

People who hear the Longhorn band and concert here March 22, will be greatly pleased to see two of Cisco's own on the personnel, and one carried as a special entertainer. Carl and Bessie Olson, children of Mr. and Mrs. A. J. Olson of this city, are the two local youths on the band's 6th annual tour this year. Carl, who is also president of the organization, has been on several such tours in the past, but this is

The first trip for his talented young sister, Bessie, shown in the picture above, while in her school days in the local high school, was considered one of the best young artists at the piano ever turned out of Cisco. While at the University of Texas, Bessie Olson has been studying extensively, and her performance is looked forward to as a rare treat. Her act is intended to be short but something entertaining every minute. She will render two of MacDowell's piano compositions, and two or three pianiques, partially of her own composition, depicting university life.

EASTLAND CO. POSTS ACCEPT DEAN'S TERMS

Eastland county American legion posts have accepted the challenge of Ben J. Dean, commander of the Bernice Cole post, Breckenridge, to engage in a membership contest, according to the terms laid down in the challenge. "It is the intention of the legionnaires of Eastland county to see that Commander Dean sleeps in the new jail of Stephens county," said H. A. Bible, commander of the Cisco post, No. 123. "It is the intention of the legionnaires of Eastland county to see that Commander Dean sleeps in the new jail of Stephens county," Bible stated, "as the members of the Eastland county posts are going into this contest to win." The commander of the Breckenridge post issued this challenge some time ago, but Commander Bible held up his acceptance until he had conferred with the other posts of the county. This has been done, Mr. Bible said, and all have agreed to make it a point to see that the posts of Eastland county have a larger membership than the Stephens county post at the end of the contest. This determination to win out was entered to despite the fact that the Stephens county legion post entered the contest with about 400 members, while the combined legion strength of all the posts in Eastland county is not over 265, according to the figures given out by Commander Bible, who says the membership of Eastland county posts is about as follows: Eastland, 35; Ranger, 125; Cisco, 70; and Rising Star, 45. Following is the challenge issued by Commander Dean: "Ben J. Dean challenges the posts of Eastland, Ranger and Cisco, to a membership contest. He will show more members in the Breckenridge post on the date of the next district convention than all three posts in Eastland county. Losing commander to sleep in new Stephens county jail the night Breckenridge convention."

LET'S GO!

The the Alexander Hotel for a fried Capon Dinner Today

To the Voters of Precinct No. 4

In announcing for commissioner of this precinct, I am not doing it to bring on any personal fight with any one.

I have a record of four years as your commissioner. Your present commissioner has a record of more than three years. I am going to discuss our records and if he has given you as good service for your money, and was as saving with your funds as I, then I think you should keep him.

The records show that my last three years, I received \$35,939.40. The records of my first year cannot be found but we will put it at \$12,500, which is more than an average with the other three years. That would give me a total of \$47,939.40 for the four years. I reduced the public debt of this precinct \$11,000, which left me \$36,939.40 for the work I did for you in four years. I built you 90 miles of graded roads, built you 15 miles of gravel roads at a cost of \$12,000. I kept drags on all of them which save all the people good roads after each rain. I let the men who live on these roads drag them and put the money back in the hands of the taxpayers where it came from.

Your present commissioner spends your money for high priced road machinery to keep up your roads and in doing this he sends your money out of the state. With this fine machinery you should get your roads dragged after each rain, yet you do not.

Now bear in mind that there was not one mile of good road in this precinct when I went in office. When I went out of office your road committee published an article, giving this precinct credit for the best road system of any town in West Texas.

Have you heard that since? Your present commissioner has spent, in the last three years, \$65,116.42. The public debt of the precinct is \$6,000 more than he found it January 1, so he has spent \$71,116.42 in the three years, compared with my \$36,939.40 for four years. You can travel over the precinct and you cannot find where he has built more than 47 miles of new roads and no gravel roads, yet he has spent \$2 where I spent \$1 and I built 2 miles of road where he built 1 mile. Did you know that in July, 1927, your commissioner issued 6 per cent time warrants in the amount of \$3,176.84 to build a bridge on the Pueblo road and at the same time, or on July 1, 1927, he had to the credit of Precinct No. 4, \$3,407.37. Why did he issue those warrants and make you pay that 6 per cent interest when he had the money necessary? Maybe you can answer that, but I cannot.

Later on, I will give you more facts in regard to the management

of our county affairs. You will hear some of the things I have said disputed by the opposition, but make them produce the figures.

Thanking the voters in advance for anything you may do for me, I remain,

Yours, for service and economy in county affairs,
H. S. STUBBLEFIELD.
(Adv.)

MILBURN McCARTY GETS N. Y. MAYOR'S AUTOGRAPH

EASTLAND, March 10.—Milburn McCarty, Jr., son of Judge and Mrs. Milburn McCarty, of Eastland, not only has the autograph of Jimmie Walker, mayor of New York City, but received a neat compliment from the mayor on the occasion of his recent visit to Washington.

Mayor Walker went to Washington last Wednesday to call on President Coolidge and while there visited the senate and house chambers in the capitol, according to an Associated Press story. While there he was asked by many of the senators and house pages for his autograph and obligingly obliged, Milburn McCarty, of the staff of senate pages, a son of

Judge Milburn McCarty of Eastland, speaking for the pages, thanked Mayor Walker for inscribing his name. "Our children and grandchildren will treasure these autograph souvenirs," he told the mayor, who replied: "Son, with your optimism, the senate is safe."

Cisco Boys Go To Fat Stock Exhibit

League Officers Callahan Schools

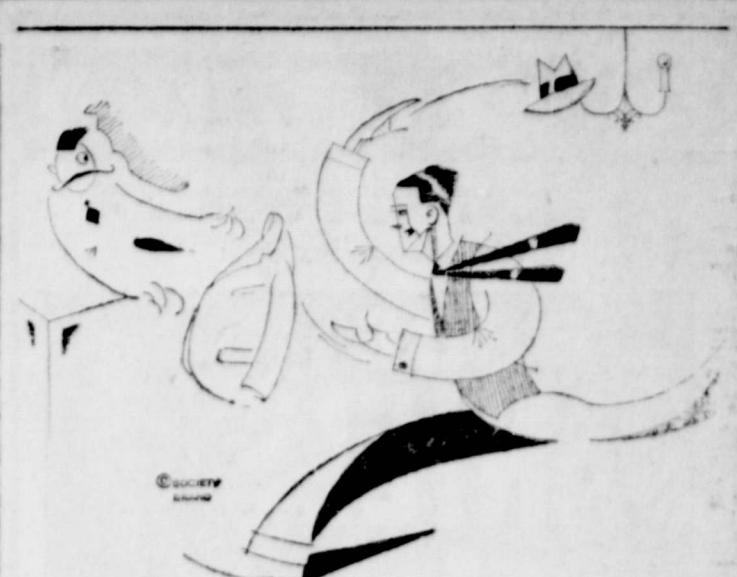

PUTNAM, March 10.—The following is a list of officers of the Callahan county interscholastic league:

J. E. Boren, director general; W. H. Bryan of Clyde, director of debates; J. Burton Coffin, of Eula, director of declamation; Russell Webb, director of selling; Miss Gladys Edmonds, of Clyde, director of essay writing; P. L. Armour, of Baird, director of athletics; Miss Fay Courville, of Putnam director of arithmetic.

erty owners \$175,393. Next of the known causes was exposure, which accounted for 59 fires with losses of \$114,728. Cold weather, calling for more heat, was indirectly responsible for 48 fires caused by stoves, boilers, furnaces and pipes, with a loss of \$65,323. Unknown causes cost \$395,870 in 138 fires.

Scholastic League Dates Are Mar. 30-31

EASTLAND, March 10.—The interscholastic league meet of Eastland county will be held March 30-31 in Ranger, with the exception of the music memory contests which will take place at the Eastland high school on March 29 at 8 p. m. It is announced by W. Z. Bates of Eastland, director general. Schools must send in their list of contestants not later than March 20 and all circulating cups should be turned in to Mr. Bates now. Medals, cups and ribbons for the county meet have been ordered.

Make yourself at HOME!

We don't know just how you conduct yourself at home—but we're willing to take a chance... A great many men have learned to think of this store not as a stiffly formal place in which to buy merchandise, but as a decidedly informal place in which to settle their clothes problems. There's considerable difference, you'll agree. For, after all, clothes are a rather personal matter. Men like to come here because they get good honest advice on what to wear. We don't deserve all the credit, of course. About half of it must go to Society Brand Clothes. Ever wear them? No, you agree, their smartness! Try them. You'll soon come to think of Society Brand as your own personal clothes-makers—and of this store as your personal headquarters for buying clothes. Make yourself at home!

The Healthfulness of Cisco-

It is well known wherever people discuss things like this. But, it did not happen to be so healthful just because it is Cisco. It is the result of close co-operation between the people of Cisco, the health department, the physicians and the druggists.

No epidemics have appeared here as in nearby towns. Let us continue to keep our health record good. If any member of your family is sick, call your physician early. Follow his instructions carefully. You can depend upon him to know what to do to protect you and your neighbor from unnecessary exposure to contagious diseases, as well as to restore you to health as promptly as possible.

He is the principal factor in maintaining your health, and prolonging your life. Call him early and often.

Giving the Telephone Life

Wherever your thought goes, your voice may go. You can talk across the continent as if face to face. Your telephone is the latch which will open any door in the land, to you.

There is the web of wires; the many switchboards; the maze of apparatus; the millions of telephones. All are parts of the great system which provides nation-wide telephone service. The equipment has cost over two billion dollars. But more than equipment is needed.

There must be the guardians of the wires to keep them vital with speech-carrying electrical currents. There must be the thousands of operators to watch the millions of tiny switchboard lights. There must be skilled workers of every sort to construct, repair and operate.

A quarter of a million men and women are united to give nation-wide telephone service. With their brains and hands they make the Bell System live.

Mother's Club Met Thursday Afternoon. The members of the Mothers' club met Thursday afternoon at the recreation hall in Hamilton, with the president, Mrs. Fred Mollenbeck presiding. There were six members and two guests answering to roll call with "Name a wild bird in your part of Texas that should be protected, and why." After a brief business session the program was turned over to Mrs. W. W. Wallace.

The members of the Mothers' club met Thursday afternoon at the recreation hall in Hamilton, with the president, Mrs. Fred Mollenbeck presiding. There were six members and two guests answering to roll call with "Name a wild bird in your part of Texas that should be protected, and why." After a brief business session the program was turned over to Mrs. W. W. Wallace. The topic for the afternoon was "Birds," and the following interesting program was given. A Texas song composed by Mrs. Eula Howard Burnett was sung. Mrs. Bob Herron gave a very interesting talk on "Birds' Dear Yard." Mrs. Warwick gave a talk on the woodpecker. Mrs. Wallace talked on "What Audubon and Humane Societies Have Done and Their Literature." Mrs. G. M. Simpson gave a talk on the "Economic and Aesthetic Value of Teaching Children to Know Birds and How to Accomplish This." After a very interesting round table discussion the meeting adjourned to meet Thursday, March 22.

Sunday School Classes Have Picnic. The 15 and 16 year old boys and girls of the intermediate department of the Sunday school of the First Baptist church entertained with a picnic Friday evening in the basement of the church. The party

Candidate's Sister

Monday, April 30. Mrs. S. S. Benefield was awarded the high score prize, and Mrs. Lee Barton the consolation prize. The hostess served a very attractive plate. The guest list included: Mesdames Guy Balwin, R. B. Gustafson, Truman Jacobs, Frank Ford, Charles Creavenger, James A. Wright, A. H. Little, W. P. Curtain, Loney Tullos, Lee Barton and Miss Inez LaRoque.

Five thousand members of a philosophical cult now living in California intended to move to Tel-Amarna, on the Nile, in order to live as the Egyptians lived in 1,300 B. C.

assembled at the home of Mrs. J. L. Kennedy and went to the church in a body, where they enjoyed a delightful picnic lunch. The evening was spent in playing games and participating in several contests. There were 29 boys and girls present. Mrs. L. P. Jones, Miss Fannie Stephens and Mrs. Kennedy were chaperons of the party. Miss Mattie Lee Kunkel and P. V. Wren were guests of the Sunday school classes.

Art Tea Announced For March 13. The Twentieth Century club invites the public to attend an art tea on March 13, at the First Baptist church, at 4 o'clock in the afternoon. Various objects of art will be on display. The program will include negro spirituals. Misses McClinton, Baker and Clayton, charter members of the club, will be present in period costumes.

Professor Reid To Study Music Abroad. Prof. Reid, member of the faculty of Randolph college, has just been notified that he is eligible for membership in the Pi Kappa Lambda, for which a charter has been granted to Drake university of Des Moines, Iowa. Mr. Reid is invited to become a charter member, and has signified his intention of doing so. He is accorded this privilege because of being an honor student in music at the university.

Prof. Reid announces that he will leave New York on June 8 for study in the Paris conservatory of music, also the Royal Academy of Music in London. He also expects to spend some time in the Edinburgh university. He is a native of Edinburgh. Cisco people will miss Mr. Reid, as he is a popular favorite here. He has sung at many club affairs and otherwise favored Cisco people with his accomplishments.

SLIPPERY RUNGS

The rungs of the ladder of success are slippery, and many have climbed them only to slide back to the starting place. A steady hand is a great help to one who stands in slippery places. The hand of this bank is extended to you.

SALES CLIMB STUDEBAKER SALES LARGEST IN HISTORY Both January and February set new high marks in purchases by public! SOUTH BEND, IND., Mar. 8.—Studebaker sales continue to climb to new goals of achievement! The number of Studebaker-built automobiles delivered to owners by dealers in the United States during the month just closed, was the largest of any February in history and 31% in excess of February, 1927. Coming immediately after the greatest January sales in Studebaker history, this continued flood of public preference for Studebaker is particularly significant. Motorists appreciate Studebaker's advanced engineering for an automobile you can drive 40 miles an hour the day the new car is delivered—that requires lubrication but once in 2500 miles—that holds all the highest speed and endurance records for fully equipped stock cars, regardless of power or price. The evidence of Studebaker's championship value due to One-Frout manufacture. By all means see and drive these new Studebaker and Erskine cars! Know the results of championship power at the touch of your foot! Know the results of Studebaker's advanced engineering, tested on Studebaker's million-dollar proving ground. You'll realize then, if you know cars, that Studebaker stands for stability—76 years of it!
