DEATH VERDICT RETURNED IN RATLIFF CASE

ABILENE, March 31.—After conferring for less than two hours, the jury in the Marshall Ratliff murder case returned a verdict of guilty and assessed his punishment at death. Ratliff was convicted of murder in connection with the death of Chief of Police G. E. Bedford at Cisco during the noon hour on December 23, last. Attorneys for the defendant gave notice of a motion for a new trial.

Ratliff was recently convicted of carrying fire arms at Abilene and his punishment assessed at 99 years in the penitentiary. At his trial the plea of former insanity was interposed by his attorney. It was claimed by them that the former trial carried with it some testimony that was introduced at this hearing. The verdict of guilty overruled the plea.

Ratliff's mother, Mrs. Rilla Car Cisco, was with the 24-year-old youth when the verdict was read. The condemned lad, shrugging his shoulders, blanched, smiled and then turned and placed his arms around her. It became necessary to call the court to order when the verdict was read because the cries of the defendant's mother interfered with polling of the jury.

CISCO BANK RAID PARALLELS CELEBRATED LONGVIEW RAID

With the conviction of Marshall Ratliff at Abilene Friday night when he was given the death penalty in his trial for the murder of G. E. (Bibi) Bedford, another chapter is written in the most spectacular bank raid staged in Texas in recent years, and possibly not exceeded in all history of criminal annals in the state save and except the Longview bank robbery in the 80's when Banker Joe Clemmons was shot to death.

The raid on the First National bank at Cisco, December 23, 1927, was featured by many tragic and dramatic incidents. The kidnaping of the Robinson and Comer girls, the killing of Chief of Police Bedford, the fatal wounding of Policeman George W. Carmichael, and the slight wounding of Cashier Alex Spears and five others.

Drilling Report

This information is furnished daily by Omar Burkett, Deputy Oil and Gas Supervisor.

The reports from operators of the oil fields of district No. 8, as made to Omar Burkett, deputy oil and gas supervisor, are hardly up to the usual activity in new development. These reports indicate a falling off of general oil activity, with many wells plugging. Following reports for Friday and Saturday:

March 30.—T. N. Suck No. 1 B. B. Bond, Anderson survey, Callahan county, plugged. H. R. Randall No. 1 J. J. McDaniel, Perry survey, Brown county, plugged. G. G. Mortimer, Meredith & Benton No. 1 Ace Hickman, I&GN survey, Callahan county, plugged.

March 31.—Young Bros. & Alexander No. 3 S. S. Diller, LA survey, Callahan county, intention to plug. H. J. Uhl and associates No. 3 Shelton dairy farm, Camp & Barton survey, Brown county, plugged. John H. Klein No. 1 R. D. Williams, TE&L survey, Callahan county, intention to drill to 400 feet. Dickey Oil Co. No. 1 R. D. Williams, D&D survey, Callahan county, plugged.

WATSON WELL ATTRACTS TALENT

The eyes of the Eastland county operators are focused on the well bearing the pay in the famous Ramower pool, in the northwestern portion of the county, the richest since the oil boom, belonging to C. M. Root et al.

The well is the No. 4 J. T. Watson, and topped the Caddo at 3,205. It has reached a total depth of 3,270 and should be brought in the first of the week at the latest.

The well is located 550 feet north and 1,500 feet east of the southwest corner of the south half of section 37, block 4, H. & T. C. survey. It is in the vicinity of the other two wells drilled by Root which have a total production of something like 850 barrels a day.

CISCO HAS A PERMANENT JUVENILE ORCHESTRA AND KINDERGARTEN

Monday is enrollment day for pupils in the Cisco Juvenile Orchestra. The afternoon class begins Tuesday afternoon at 4 o'clock. This is to be a permanent orchestra, and the course given is the same course that is given in the Kansas City kindergarten, first, second and third grades. A patron who knows says that Cisco has a better kindergarten orchestra than the Fort Worth kindergarten. Several have enrolled—let your child be the next one.

25,000 MILES in less than 23,000 MINUTES

YOU may have wanted to own The Commander, but felt you could not afford it. You may not know that, due to Studebaker's One-Profit facilities of manufacture, you can now buy this World's Champion car at the exceptional price of \$1495, f. o. b. factory.

At this low, One-Profit price The Commander not only represents a value unequalled in automobile history, but its upkeep is equally economical.

In 61 tests conducted in 61 cities the country over, The Commander averaged 17 1/4 miles to the gallon of gas—economical to operate! And factory repair parts sales for Studebaker cars during 1927 were less than \$8 per car in operation—low maintenance!

The world champion stamina of The Commander was spectacularly proved when two stock Commanders each traveled 25,000 miles in less than 23,000 consecutive minutes. Nothing else on earth ever ran so far so fast!

Remember—you pay no premium for this Championship performance in this Studebaker quality car. The Commander at \$1495, f. o. b. factory, is not only the greatest achievement of post war automotive engineering, but motordom's biggest value!

Putnam Parent-Teachers Discuss Outlook of Schools For Another Year At the Annual Celebration

PUTNAM, March 31.—The achievements of the Putnam schools were reviewed and the future possibilities discussed at the recent annual celebration of Parent-Teachers day. Approximately 60 parents, besides numerous visitors, attended the affair which was held in the high school building and on the campus.

The program was opened with a talk by Superintendent Renfro, who dealt at some length on the advancement made and contemplated to be made. Representatives of the institution in the interscholastic league declaimed and debated a contest furnished a leading part of the program. Following them, the parents held an open discussion on the progress that had been made by the schools during the past year. Hearty cooperation with the teachers was promised by the parents. Exhibits of the work done by the children were placed in every room and were inspected.

The library was the center of interest. It now contains approximately 1,500 volumes, including seven sets of encyclopedias. The affairs of the library are in the hands of Miss Artie Cook, a graduate of the schools. She is very efficient.

In the evening the audience was entertained by the girls and boys debating teams. The boys won over the girls. Harold Bray and Lloyd Jobe represented the boys, and Era

Everett and Vernon Robinson represented the boys. The boys won these interscholastic league events. Dinner was served on the campus at noon and it was a regular Putnam dinner that could not be excelled.

Among those taking part in the events of the day were Mrs. J. P. Wingo, Mrs. G. W. Jeter, Mrs. Mary Grayton, Mrs. S. M. Kill, Mrs. Gus Brandon, Mr. and Mrs. R. L. Buchanan, Mrs. H. W. panied Stefansson on many of his arctic expeditions, went him one better. He has been living on nothing but meat for nearly two months. At the end of that time Anderson reported no change in his physical well being.

"I gained a few pounds, but I was otherwise unaffected," said Anderson.

The experiments were conducted in New York City. The diet consists of steak, roast beef and tongue. Carl's liver was prescribed once a week.

"I'm convinced that the meat diet is an excellent one, but I would not recommend it for every one," said Stefansson. "It would be too expensive. The meat of various kinds which I have been consuming is equivalent to three sirloin steaks, and might cost \$5 to \$6 a day at current restaurant prices."

No Harmful Results
Stefansson said he wanted to prove to skeptical vegetarians that he could live on an all-meat diet in New York's temperate climate without harmful result. He remarked that the meat-eating Eskimos usually die of old age or injuries and that as a rule they are well-built, being neither thin nor fat.

While Anderson gained weight, Stefansson lost five pounds. When Stefansson started on his meat diet he felt lackadaisical about getting up in the morning. Now, he said, he "feels like jumping out of bed and getting to work."

Stefansson and Anderson planned to continue the meat diet indefinitely. The experiment is in charge of a committee of twelve physicians, headed by Professor Raymond Pearl of Johns Hopkins. The committee found no evidence in Stefansson of high blood pressure, hardening of the arteries, kidney trouble or other ailments attributed to meat eating by some doctors. Anderson was also found to be in good physical condition.

PLANS FOR BIG FOX AND WOLF HUNT COMPLETE

All preliminaries have been arranged for the big wolf chase to be staged by the Texas Fox and Wolf Hunters' association April 4 to 7 inclusive. The big chase will be staged in the Cunningham pasture, four miles north of Putnam. The first cast will be made at daylight next Wednesday morning, April 4. The chase will be featured by a big picnic dinner at the campsite at the noon hour Thursday, according to A. C. Bumpers, of Moran, chairman of the publicity committee. Everybody is invited to attend the picnic, and come each day of the hunt.

It is expected that at least 3,000 spectators and hunters with 500 of some of the best dogs in America will be at the hunt. Information has reached the publicity committee that hunters are coming from all parts of Texas, and many sportsmen are expected from states other than Texas. Word comes from East Texas, the section of the state where the fall hunt is staged, when a fox hunt is held, that a large delegation from that section will come to West Texas for the annual wolf hunt.

It stated that preparations are under way to feed a vast multitude at the picnic dinner Friday. In addition to large well filled baskets that will be brought by people living in the community, provision manufacturers have agreed to furnish their products to the feast. The crackers and cakes will be furnished free by the Brown Cracker Co., of Dallas; Ruppert's Bakery, of Cisco, will furnish 50 loaves of bread; the West Texas Coffee Co., of Abilene, will brew and serve the coffee; and others are expected to add to the feast.

These annual hunts have become one of the most important sporting events, not only in West Texas, but in the entire state, as two events are held each year—the wolf hunt in the spring, at some place in West Texas, and the fox hunt in the fall, which is always held in East Texas. A bench show is always held at each hunt. This show will be held at the campsite April 5, where the best dogs will be shown.

BIG SALT COMPANIES NOW ANNOUNCE MERGER

KANSAS CITY, Mo., March 31.—The merging of the Western Salt Company, of Kansas City, and the Diamond Salt Company, of St. Clair, Michigan, is announced here, by Davis Longstreth, president of the Western company.

The uniting of the two companies—both of which are pioneers in their particular locality, will result in one of the largest salt concerns in America, according to Longstreth. The Western Salt company owns rock salt mines at Lyons and Kanopolis, Kansas. It also controls several refined and smoke salt plants.

An elaborate two days program has been prepared for the guest of honor. Grand Sire Merrill, says George B. Latham, grand lodge publicity director. He will be met at the depot at 7:45 a. m. by the reception committee of Odd Fellows and Rebekahs and citizens, Harry J. Emmins, chairman. After breakfast at the Adolphus hotel, which will be headquarters, he will be escorted by a committee to inspect the old folks I. O. O. F. home at Ennis and the boys and girls I. O. O. F. home at Corsicana, two of the most outstanding I. O. O. F. homes in the world, returning to Dallas for the banquet to be given in his honor at the Adolphus hotel Monday at 7 p. m. J. D. Buster, grand master will preside as toastmaster. Governor Dan Moody and Lieutenant Governor Barry Miller, ex-Lieutenant Governor T. W. Davidson, Sam P. Cochran, Judge C. L. Brochard, P. G. M. J. W. Chancellor, P. G. M. and Grand Representative to the sovereign grand lodge Gen. F. E. Walker, commander, with leading Rebekah officials, have been invited as speakers at the banquet. Grand Sire Merrill's address will be broadcasted.

NEW CHRYSLER AUTOS ARE ON EXHIBIT HERE

Announcement that four wheel brakes of the hydraulic type are now available for Chrysler cars of the '32' model has been received from the Chrysler Sales corporation by the Roberts & St. John Motor company. The addition makes the Chrysler '32' the lowest priced car in the world provided with hydraulic four wheel brakes, according to an accompanying statement by J. W. Carter, Chrysler sales manager, which says that the feature is available as optional equipment for all '32' cars at an additional cost of \$25. Chrysler-Lockheed hydraulic four wheel brakes have been an outstanding factor in the phenomenal popularity of all our six cylinder cars ever since their introduction," says Mr. Frazer's statement, "and we regard their extension to the '32' as one of the most striking examples yet made of the advantages of Chrysler's unique manufacturing methods. With this equipment the '32' is the lowest priced car in the world provided with hydraulic brakes. The result has been made possible through the standardized quality policy which governs all Chrysler manufacturing operations and passes a long list of refinements and innovations along from the higher priced models to the lowest priced. Among these one of the most notable is the hydraulic braking system which Chrysler was the first to introduce into the moderate priced automobile field and which we adopted after a prolonged study of every existing braking method and perfected by means of an exhaustive series of experiments.

"GET YOUR MAN" GIVES CLARA CHANCE AT COMEDY
Clara Bow has annexed another title. The redhead of the screen who personified "It" in the picture of that name, established herself as the typical American flapper in "Rough House Rosie" and gained the name of a heart smasher in "Hula" is now a great comedienne. "Get Your Man" which opens at the Palace today puts her in the latter class. Miss Bow had a great break in her story and she made the most of her opportunities. The comedy which is packed in the scenes where Miss Bow and Charles Rogers, her leading man, are locked all night in a Parisian waxworks' museum bubbles over with laughs. There seems no end to the situations in which a youthful couple can involve themselves at night among figures which walk, roll their eyes, wave their arms, fall in one's arms and all but talk. One gets plenty of heart flutters when Miss Bow zooms through her scenes in the bedroom sequences which wind up the story. Her negligee appearance steals the show.

EAGLES HAVE NO FEAR OF ROARING AIRPLANES
CLEVELAND, Ohio, March 31.—A pair of American bald eagle birds high in the crotch of a red oak tree on a farm in Clyde, O., which is on the air mail route west of Cleveland, have no fear of planes, according to John Barr on whose place they make their home. Sometimes these large national birds catch the air when a plane flies over their nest and follow it for several miles; and frequently the big birds sit on a limb, just roll their eyes upwards at the giant featherless bird which has usurped their airways.

STATE OWNED AIRPORT FINDS WIDE APPROVAL

PROVIDENCE, R. I., March 31.—The widespread sentiment in support of a modern state owned airport at or near Providence, resulted from the recent mass meetings here at which nationally known speakers urged its desirability. Letters in support of the plan from Governor Norman S. Case, Senator Jesse H. Metcalf and Mayor James E. Dunne were read. Some 800 persons present at the meeting voted approval and a resolution favoring a speedy legislative provision for Rhode Island airport was adopted.

ELECTION NOTICE

As provided by the statutes of the state of Texas and the charter of the city of Cisco, I, J. M. Williamson, mayor, hereby call a general city election to be held in Cisco, Texas, April 3, 1934, for the purpose of electing three commissioners to fill the expired terms of A. L. Mathew, R. W. Mancill and J. V. Heyser.

The polls will be opened at 9 o'clock, a. m., and close at 7 o'clock p. m., at the city hall in the city of Cisco.

I hereby appoint Fred Davies, as manager of said election.

FANS WILL SEE LOBOES LINEUP NEXT FRIDAY

Football fans of the Oil Belt will see their first glimpse of 1934 football this week when the Cisco Loboes play the Haskell high school team on Chesley field next Friday, April 6. The Haskell team comes to Cisco after having tied the strong Wichita Falls Coyotes. They are reputed to have a large, powerful team.

The Loboes have been working out for some time but will not have their full strength on the field. Only those men who will be on next year's team will be allowed to play. Some of these have been out for the track team but will see service Friday. Among these are Kellogg, Little, Stovall, Bedford and Slanton. Several men from last year's Lobo Pups have been showing up well and some new faces will be seen in the Lobo line up. L. Miller and Pinkerton are the leading candidates for center. McCullies, Wagnan, R. Miller, Barham and Slanton are the outstanding candidates for the guard positions, but Lankford and Condit are both looking well. At tackle Coldwell, Pratt and Bennie are the probable players with the possibility of playing some of the guard candidates at the tackle positions. Pratt is a 185-pounder but lacks in experience. Meadows will hold down one end position. Christian, C. Stockard and Smith will all probably see service as ends. In the backfield the Loboes will have letter men to spare. Kellogg at quarter, Little, Bedford and Stovall at halves, with Eddleman at full will give the Loboes five letter men to pick from. Besides these there are several men who showed up in the practice game last Thursday. C. Turknett and W. Stockard at quarter, R. Turknett, King and Leverside at halves and Coats at full. W. Bur Brian, 290 pound tackle, will also see service in the game.

Hollow magnets developed abroad are considerably lighter than the solid type, and the power lasts longer and is greater. In a recent test, a hollow magnet, weighing less than half as much as a solid one, lifted twice as much. The unit is constructed of four thin sheets of metal with no core at the interior.

In the solid type, the inner mass exerts a demagnetizing effect on the surface, but this is not found in the hollow magnet.

By means of X-ray tests, natural pearls can be distinguished from the "culture" varieties. This latter kind is usually made by placing a spherical particle under the shell of the oyster and allowing the mollusk to deposit the shell substance around it, resulting in the pearl. The X-ray photograph reveals this spherical center which is not present in the pearl formed wholly by natural methods.

After 40 years of patient work, astronomers at the Oxford and Greenwich observatories have about completed a huge map of the heavens. More than 15,000,000 stars were photographed and 30,000 charts were prepared, which are to be assembled and printed.

BLANTON WILL ARRIVE HOME MIDDLE APRIL

The following letter from Congressman Thos. L. Blanton to R. A. St. John, of Cisco, will be of interest to Mr. Blanton's many Eastland county friends:

My dear Saint: I thank you ever so much for your kind letter and assure you it is highly appreciated. I feel it is my duty to remain here on the job until we dispose of all important legislation, hence will not be able to start an active campaign of Texas until about the middle of April, as you already know that my duty to my constituents comes first. In the meantime anything my friends may do to further the interest of my senatorial campaign will be remembered.

Sincerely your friend,
THOS. L. BLANTON.

OHIO MOURNS OVER DEATH FAVORITE SON

DELAWARE, Ohio, March 31.—Delaware is in mourning today for its favorite son, Senator Frank B. Willis, candidate for the Republican presidential nomination, who died suddenly here last night in the midst of a home coming welcome prepared by thousands of his fellow citizens. Willis was stricken by a cerebral hemorrhage and died within a few minutes, as he was preparing to make a campaign speech for the presidential preference.

Death occurred in the ante room of Gray's chapel of Ohio Wesleyan university where 2,500 persons had gathered to listen to Delaware's son speak. He was just preparing to speak when he became ill.

On the stage the Buckeye Glee club of Columbus was singing a campaign song "Farewell" unaware of the senator's passing when he died. Senator Willis's secretary Charles A. Jones, in whose arms Willis fell, announced his passing which stunned the crowd.

Senator Willis was in his fifty-seventh year and was serving his second term as senator. He was appointed as a successor to the late president Harding, and was reelected in Nov., 1930, defeating former Senator Allee Pomerene, a Democrat and a special attorney for the government in the oil cases. Willis also served one term as governor, having defeated James M. Cox.

WILLIS FELL, ANNOUNCED HIS PASSING WHICH STUNNED THE CROWD.

CAPITAL SHOCKED OVER THE NEWS
WASHINGTON, D. C., March 31.—Politicians were shocked here at the sudden passing of Senator Frank B. Willis of Ohio. Already speculation has begun as to its effect upon Herbert Hoover's fight for Ohio delegates. Hoover's followers have declared that Ohio's anti-Hoover forces will disintegrate now that their leader has gone.

The contest between Willis and Hoover in Ohio has been a dramatic one from the beginning. When Willis first announced his candidacy he had hopes of getting the state's vote in the convention without opposition. When Hoover announced, it threw a bomb shell into the Willis camp.

Badger Kittens, Girls Basket Ball Team of Randolph College Awarded Sweaters, Stars and Service Stripes

The seven letter members of the Badger Kittens, the girls basket ball team of Randolph college, at chapel Friday morning were presented with sweaters. The presentation was made by Coach H. R. Garrett to the following young women: Ruby Mansfield, captain; Helen Speer, Leslie Mansfield, Alberta Parsons, Edean Hardwick, Sylvia Thurman and Mrs. M. L. Hill.

The sweaters are in the Kitten colors—maroon and white with a large white R done in chenille on felt, and are beautiful. The service stripes and stars on the sweaters awarded to officers and service girls, are white, and the stars are white with maroon background. They were worn Saturday for the first time. At the conclusion of the presentation Miss Alberta Parsons voiced their appreciation of the sweaters. In a neat speech, she expressed her thanks, and that of the entire team, for the sweaters, and stated that she was proud to be one of the Kittens, as there was nothing "catty" about a single one of the

girls—but all real pals and chums, with whom it was a pleasure to associate. Notwithstanding the official ruling, she believed the Kittens were entitled to the decision at Dallas when they were eliminated by one point, and should have been given the decision, and believed the Kittens the best team in the state.

Captain Ruby Mansfield also expressed her thanks for the sweaters, which she said were the prettiest yet awarded. I still think we were undefeated at Dallas—merely ruled out. Her remarks also were in the nature of a farewell, as she reminded her team mates that they had all played together their last season. At the conclusion of Captain Mansfield's talk the yell leaders ordered the pep squad to give 15 "rahs" in honor of the Kittens.

Randolph's basketball girls have a splendid record for the past season, having won every game played with the exception of the last game at the state meet in Dallas where they were eliminated by one point.

WAR WIDOW ARRESTED FOR KILLING HER BABIES

PARIS, March 31.—Mme. Marguerite Martinet, a war widow of the town of Chambourg, averaged a baby a year since 1921, and as quickly as one was born, killed it. A neighbor opening a trunk during the madame's absence Friday, found the bodies and skeletons of five infants. Putting the trunk in

a wheelbarrow, she trundled it to a neighbor's house, and told the police, who arrested the widow Friday night as she was nursing her sixth child, aged 13-months.

"Circumstances prevented me from marrying my lover," the woman explained to the police, "and since society places an odium on illegitimate children, I killed them."

Beautiful Flower Gardens Greet Visitors in Residential Area; Two Homes Stand Out Boldly

Beautiful flower gardens and lawns greet visitors through the residential sections of Cisco this spring. The work of beautifying the home is well underway and more pains are being taken by the householders to decorate the yards and lawns. Quite a number are trimming trees, fertilizing the lawns and flower beds and caring for shrubbery and hedges. More trees, flowers and shrubbery have been planted this spring than ever before in the history of the city.

A survey of the residential section proved a revelation, although spring has hardly been ushered in. A number of beautiful premises were found among them being the homes of Connie Davis, in the 900 block on West Fifth street, and that of R. W. Mancill in the 400 block on the same street. Both of these will be new residences of brick veneer, modern in their appointments, of the English type, of architecture, large, roomy, and airy.

Since their occupancy both places have been further beautified by filling in the grounds, which have been leveled and harrowed and are ready for the heavy coat of grass that has begun to show through the surface. The Davis home is surrounded by numerous shade trees, which have been topped and trimmed and re-

veals the building in a beautiful setting. A space has been reserved in the grounds where Mrs. Davis has planted her garden of flowers, for which she has long been famed for their beauty and fragrance. This rosebud garden, surrounded by the lawn of rich green, will make the Connie Davis home a spot of beauty to that part of Cisco.

The Mancill home is just a block east of the Davis home, situated on one of the most elevated spots of Cisco. Its pointed gabled roof of asbestos, of varied colors, is visible from many parts of the city. Already one of the most attractive lots in the city, it has further been improved by having a large quantity of rich earth spread over the grounds. This has been leveled and soon will be covered with a heavy coating of Bermuda grass, making a lawn as smooth as glass that will be a delight to any landscape enthusiast. Evergreens, instead of shade trees, are the adornments of the Mancill lawn, and these will blend in perfect harmony with the green carpet that will overspread the grounds.

When the grass is well up and the flowers are in full bloom other stories of the many beautiful homes will be mentioned, as Cisco boasts of many that are worthy of the highest praise.

Cisco Churches

FIRST CHRISTIAN.
The public is cordially invited to attend services today at the First Christian church. The pre-Easter revival now is in progress. Good audiences have greeted the pastor and considerable interest has been manifested during the past week. At the morning services, the pastor will preach on "The Supreme Offering to Christ," and at the evening hour he will preach on the "Incomprehensible Thing." There will be congregational singing and special numbers. Evening services will begin promptly at 7:45. The Eastland male quartet will sing Monday night.

EPISCOPAL.
704 W. 7th St. Church school at 10 a. m.; morning prayer conducted by Mr. Angus at 11 o'clock. For Easter Sunday Rev. Harry Lee Vreden arch deacon from Dallas will conduct a union service at Ranger, at 11 o'clock.

CHURCH OF CHRIST.
Broadway and A avenue. Services at 11 a. m.; Sunday school at 10 a. m.; evening service at 7:15 p. m. Elder Hall of Baird will preach at the 11 o'clock service and Elder L. L. Hanks will preach at the evening services. Old folks singing will be held at the church Sunday, April 8. All are cordially invited to these services.

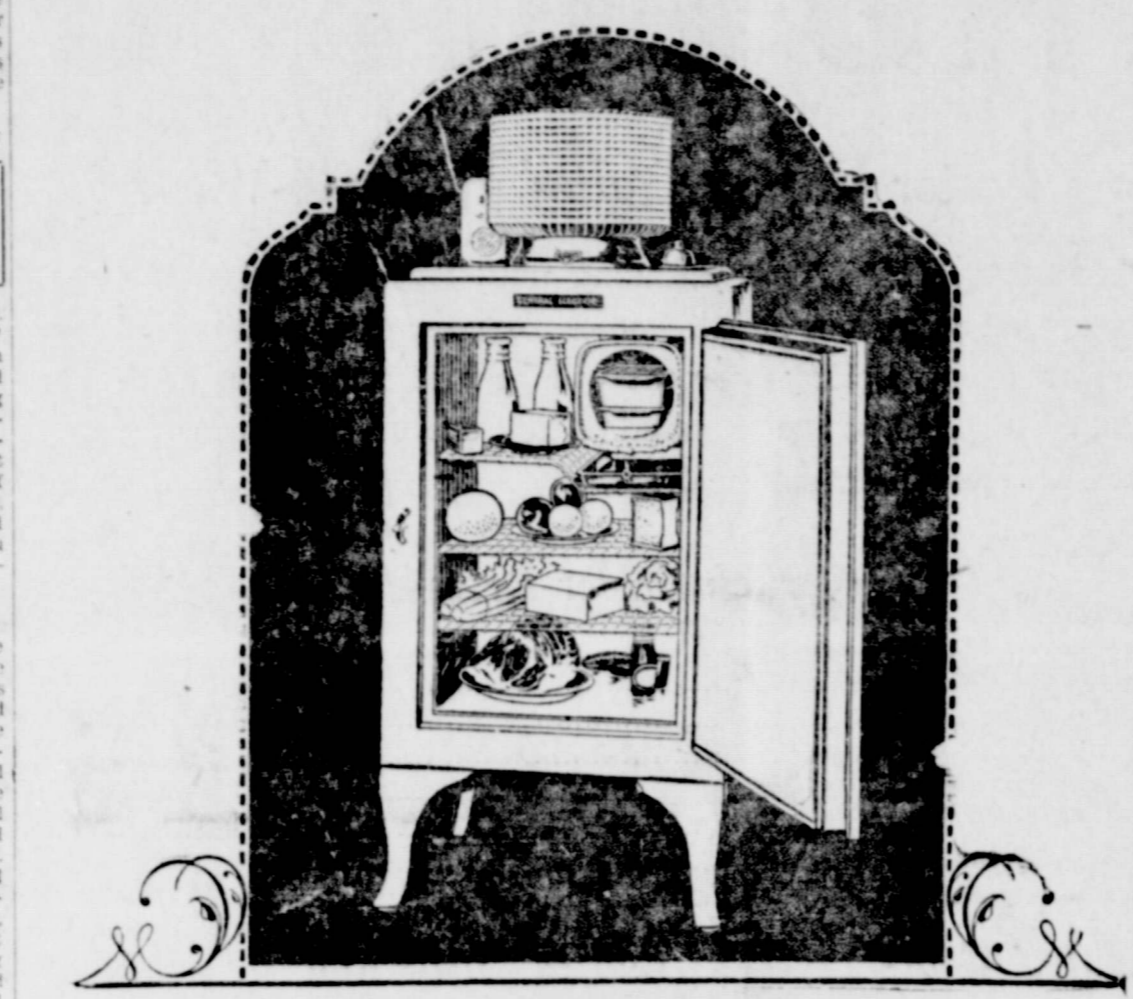

FIRST BAPTIST.
E' avenue at Ninth. Sunday school at 9:45—you are one minute late at 9:45. Growing departments and classes, congenial groups, and good teachers will welcome you here. The morning service at 11 o'clock will convey the thought, "The Spirit of the Cross." The pastor will speak at the evening service beginning at 7:45 on "How Do I Know I Am Saved?" The young people gather in a great service promptly at 6:30. There is something different and very likable to take place this evening. How many young

people come to the fito. B. Y. P. U's. of this church, do you know? Come this evening and see them all together, sing together and stay together. The prayer meeting each Wednesday evening is growing and going. Be with the people as they come to this great church service in the middle of the week. Come along with us if you will. "Give up, take up, and keep up;" but before you do you must "wake up and pick up." —ACKER C. MILLER, Pastor.

FIRST PRESBYTERIAN.
Sixth street at H avenue. The promotion day exercises at the Sunday school hour, 9:45, this morning, have been well worked out and will be very pretty. The children will be regularly promoted with cap and gown, and will demonstrate the work they have been doing this year. There will be a class for all who attend, and a welcome to warm your heart. Regular quarterly communion will be observed at 11 o'clock, and today begins the new church year, so every one is urged to begin it by attending. At the morning hour Mesdames A. E. Jamison and W. W. Wallace and the choir will be heard in the duet, choral selection "Nearer, My God to Thee," and Dr. G. C. Morris, the new organist will be heard at the instrument. The minister will bring a message at both morning and evening hours. Dr. Morris, Mrs. Ben McClinton and the choir will render special music at the 7:45 vesper hour. Look from day to day at the new "Wayside Pulpit" or bulletin board, which has daily announcements, and sentence sermons, and is electrically displayed from 7 until 11 o'clock each evening.—BRUCE C. BONEY, Minister.

LUTHERAN.
Sixteenth street at F Ave. Palm Sunday. What does that call to your remembrance? The day of your confirmation. If you are a member of the Lutheran church,

FIRST METHODIST.
We are expecting a larger Sunday school today. Let every one be in place at 9:45 a. m. The pastor will speak to the entire school at 10:30. Morning service at 11 a. m., subject "The Holy Spirit." 3 p. m., Junior-Intermediate group, 6:45 Senior Young People led by Mrs. W. A. Cox; 7:45 p. m., evening service, subject, "What to do With Jesus." Week day services—2 p. m. Service for every one; 4:15 p. m., Junior-Intermediate group; 7 p. m., Senior Young people; 7:45 p. m., evening service. We urge every member and friend to be present for the first service today. We especially invite every unaved person to meet with us. Let us come praying for the presence of the Holy Spirit.—P. T. STANFORD, Pastor.

GENERAL ELECTRIC Refrigerator

THIS simplified General Electric Refrigerator works automatically, quietly, economically. It needs no attention—not even oiling. Inside the hermetically sealed casing that holds all the mechanism, there is a permanent supply of oil.

There are no drain pipes, belts, fans, or stuffing boxes to get out of order. There is no assembling or plumbing to be done. You just plug the refrigerator into any electric outlet. Instantly it starts.

And quietly, economically, it gives you scientific refrigeration. Cuts down your marketing problems, your cooking tasks. It was for this that the skilled engineers of General Electric worked—over a period of fifteen years—worked to produce the simplest of all refrigerators.

You will want to know more about this new-day refrigerator. You will want to see the various models that are now on display. By all means, come in. And, meanwhile, mail the coupon below for a descriptive booklet.

SCOUT TROOP NO. 2 ENJOYS LAKE OUTING

Troop No. 2, Cisco Boy Scouts, spent Friday at the scout cabin at Lake Cisco. The troop was preceded to the cabin by Scouts Blair Clark, Glenn Garrett, Turner Van Eman and Charles Clark to get the camp in readiness for the troop's reception. The remainder of the troop was taken to the camp by Scoutmaster J. T. Maddox. Those scouts who enjoyed this outing were Roy Lee Garrett, Wilson Keeter, Leonard Latch, J. W. Shepard, Olive Cole, George Taylor, Amlee Richardson, Clenden Pelfrey and Rayford Richardson.

After the camp had been placed in readiness and the scouts had arrived a short game of indoor baseball was played, and then the scouts made a run for the cabin where they prepared supper when they were hosts to visitors who had arrived to partake of the hospitality of troop No. 2, who were Scoutmaster E. E. Lennon of troop No. 4, and several scouts from troop No. 1, together

with Jimmie Brecheen and Curtis Cochran.

The entertainment of the evening consisted of playing color tag, blue and black tractor contest and snipe hunting. The treat of the outing was a sack of pecans presented the troop by Landlord Keeter, of the Alexander hotel, which was highly appreciated by every scout present.

After a refreshing sleep at the conclusion of the evening's games, Milton Connally, assistant scoutmaster of Troop No. 4, had command of the scouts Saturday morning, and after enjoying several games the scouts hiked back to Cisco, all having had a delightful outing.

Note—The above account of this outing of the Boy Scouts was written by Clarence Pelfrey, member of Troop No. 2.—Editor.

Ranger to Aid Farmers to Buy Pure Blood Bulls

RANGER, March 31.—The Ranger chamber of commerce and a number of business men have banded together to aid farmers in the purchase of pure bred bulls to encourage the dairying interest in Eastland county.

The first farmer in this territory who purchases a bull that meets the requirements set when the other pure bred bulls were purchased for this county will receive a \$50 assistance from the chamber of commerce and the Texas & Pacific railroad.

The requirement for the bulls is

that the dam of the bull produced a maximum of 500 pounds of butter fat a year. The price of each bull is \$250. There is still \$75 left of the fund donated towards purchasing of the stock by the railroad company.

The first farmer who purchase a bull will receive \$25 from the railroad fund and \$25 from the chamber of commerce.

BISHOP OF ABERDEEN FAVORS PROHIBITION

Speaking at a temperance meeting in Glasgow, the Bishop of Aberdeen and Orkney declared, "If America had not been dry during her recent wave of prosperity, when money ran like water, the country would have been a drinking hell."

"In Chicago," he added, "bootleggers used aeroplanes to facilitate their illicit traffic, and the Mayor 'Big Bill' Thompson had his home surrounded by an Army of soldiers and anti-aircraft guns to protect himself from law-breakers."

LOBOS WIN VICTORY IN CO. TRACK AND FIELD MEET

Continued from Page One

made three first places in the 100 yds. dash, the low hurdles and the pole vault, to make 15 points and lead the field. Stovall and Heller tied for third with ten points each. Heller won both the shot put and the discus throw. Ezell won the mile run in good time but the timekeeper failed to get the exact time. H. Pippen of the Lobos jumped five feet and eight inches to win the high jump. The Lobos victory was the most decisive in years. Last year the Lobos barely managed to win by the margin of three points. Ranger's relay team ran a remarkably fast race to win from the Lobo team. Tully of Ranger won the broad jump while Hammett of Ranger won the javelin throw. The Lobos were given a beautiful trophy picturing victory for winning the track and field meet. This trophy must be won for three successive years before becoming the permanent property of any club. First place winners were given medals while second and third place men were awarded ribbons. Supt. McGlamery of Gorman was in charge of the meet. Coach Y. P. Kuhn of Simmons University acted as starter and referee.

Your bank account

is Your Ship of Safety

A small craft may keep you afloat for a time, but when times are bad it's well to have a good, sizeable financial ship to bear you and your family safely across the stream of financial depression.

Every man is his own shipbuilder. Beam by beam he constructs his financial craft. And when his long effort is rewarded he feels a thrill of justifiable pride.

CAUSE OF PRINCE'S SUICIDE MYSTERY
CANNES, France, March 31.—Mystery Saturday cloaked the suicide of Prince George Christian Lobkowitz, 25, scion of one of the most illustrious of the semiroyal families of Old Austria. He threw himself in front of a train and no motive could be learned for the act.

The suicide created a sensation at this resort because of the high social standing of his family, who reside in Prague. The prince was a cousin of Prince Edward Lobkowitz, New York and Chicago, who married Anita H. Lihme, Chicago, at Watch Hill, R. I., in 1925.

CONFESSION OF TWO CLEARS SLAYING
MEDIA, Pa., March 31.—The alleged slayers of 21-year-old Norman Gibson are in custody and have made a complete confession, Delaware county authorities said today. They are Jesse G. Parker, 21, of Chester. Their alleged confession, that they had shot Gibson to death last Friday night when he resisted their attempts to rob him, cleared up a mystery which had baffled the police for a week.

Why pay \$1000 more...when

CHRYSLER "72"

at \$1545

gives you greater performance

Illustrious New Chrysler "72" performance out-Chryslers even Chrysler. It has jolted the public's preconceived notions of what its money should be able to buy.

Here is a truly marvelous car, in body styles priced from \$1545 to \$1795, which gives in performance all and more than you have been led to expect from cars costing \$1000 more.

Here is a Chrysler triumph that overshadows the foremost accomplishments of the industry.

72 miles and more per hour. 75 brake horsepower. Acceleration that leaves every other car behind. Vibrationless smoothness that only a Chrysler counterweighted 7-bearing crankshaft can give.

Experience for yourself the thrill of this brilliant performance. Chrysler enthusiasm invariably follows the realization that even \$1000 more than "72" prices does not get you as much in performance, in quality, in style, in value.
