

EASTLAND CO.—Area 925 square miles; population 125,000; cotton, fruit, poultry, dairying, natural gas and oil; Cisco is headquarters for operators of the greatest shallow oil field in the world.

CISCO DAILY NEWS

CISCO—Pop. 13,500; 1,614 feet above the sea; 5 lakes water; 5 rail exits; 6 paved highway exits; 127 blocks of brick streets; A-1 public schools and Randolph college; no mosquitoes; no malaria or typhoid of local origin.

VOLUME IX.

CISCO, TEXAS, MONDAY, MAY 7, 1928.

NUMBER 59

TEXAS

By WILL H. MAYES, Austin.

FAVORS STATE ROAD BONDS. Chairman R. S. Sterling of the highway commission in a talk at the regional convention of the South Texas chamber of commerce at Bay City advocated a state bond issue for building a state system of highways and suggested \$350,000,000 as the probable amount required. Commissioner Sterling thinks that "the state could spend economically each year about \$40,000,000 to \$50,000,000" on the highways, whereas "under the present system only \$15,000,000 to \$16,000,000 is available." He would give counties that have voted road bond issues a refund based on the present condition of the roads. Interest on the bonds would be paid and the bonds would be retired with the revenue from the gas tax. It would be interesting to know what would be left of the \$350,000,000 after the refund had been made to the counties that have issued bonds, and what road mileage could be constructed with that.

FROG VISITS COOLIDGE.—The celebrated Eastland frog has called on President Coolidge. So far as reported, neither spoke, and it is not known what Coolidge thought of the frog or the frog thought of Coolidge.

PRODUCING AND DRY WELLS.—Oil well drilling in Texas is more than an even gamble. During April, 663 wells were completed in the state, of which 370 were producers and 293 were dry holes. The operators' chances of winning being 6 out of 10 wells sunk.

VOTING IMPROVEMENT BONDS.—Public sentiment as to the issuance of improvement bonds has changed very much in the state in the last decade. Formerly, voters either looked with suspicion on bond issues or hesitated to leave future generations to pay for improvements made for the benefit of the present and future population. Almost every desirable bond issue submitted is now accepted by the voters by large majorities. Corpus Christi has just voted a \$500,000 improvement bond issue by a ratio of about 20 to 1, and Rockdale has done even better by a vote of 109 to 1 in favor of \$100,000 of paving bonds.

STRONG COMPETITION.—"Efficiency" is worked to a fine point in some "competitive" bidding for state contracts in Texas. Recently the board of control awarded contracts to four concerns to supply 50,000 gallons of cattle dip for tick control work, dividing the business because all four concerns bid exactly the same price, which was 75 cents a gallon in carloads and 85 cents in less than carloads. But even more strange than the uniformity of bids in this case was another instance of the kind earlier in the last week. The board received thirteen bids to furnish electric light globes and all were identical, even as to the printed terms. Is "competition the life of trade" when it comes to dealing with the state of Texas?

RAILROADS AT WAR.—Recently the Santa Fe protested the Burlington's petition to build a railroad line from Estelline to Lubbock, Plainview and Dimmitt. Now the Burlington is opposing the petition of the Santa Fe to build from Hale Center to Parmerton, a distance of 66 miles. Strange to say, neither party has a right to any of the proposed railroad extensions opposing such building on the ground that the public convenience and necessity do not require it. The fact is always discovered by the railroads that have a monopoly of a territory.

WANT INCREASED RATES.—The Fort Worth Gas company is seeking authority from the railroad commission to increase its rates to consumers. The company's present rate is 75 cents a thousand cubic feet. It is seeking a graduated rate with a maximum of \$1.50 for the first thousand cubic feet. The telephone company at San Antonio is seeking to raise its rates. This effort caused Mayor Chambers to make the statement that rather than accede to the increase he would favor a bond issue for a municipally owned telephone system.

WANTS MIXED TRAIN.—The Fort Worth & Rio Grande railway, a Frisco branch operating between Fort Worth and Brownwood, has asked for permission to substitute a mixed freight and passenger train for its day passenger. The road complains that the operation of a bus line and the fact that so many people now use their automobiles for travel has reduced the travel until operation of the train is unprofitable. Those who have occasion to use the line with its poor track and worse time are not surprised that those who can do so use other service.

WEATHER.—Tonight and Tuesday partly cloudy and warmer except in the southwest. East Texas—Tonight and Tuesday fair and warmer.

GET COW CENSUS, CISCOANS SAY

News-American Subscription Drive

More Than \$2,000 in Prizes Will Be Given to Cisco Non-Residents Who Secure Readers for Papers

A country-wide circulation drive for subscribers to the Cisco Daily News and the Weekly American and Roundup is announced in this issue. The drive is to be made for new readers outside the city of Cisco, in what is known as the Cisco Country, and many valuable awards are to be made to ladies who reside in the towns and rural districts. The campaign is strictly an out-of-town affair. The Daily News and the American and Roundup visit nearly every home in Cisco. The subscribers who receive the papers by carrier boys will take no part in the drive. No one residing in the city limits unless they receive mail on the rural routes will take part in the campaign. The subscribers by mail will be given the opportunity to pay up their subscriptions and save the free coupon that will appear in their papers every issue and give the points to some one who may take part in the drive to gain the greatest number of points for which many valuable awards will be made.

Not Old Contest Scheme.—The Daily News and the American and Roundup wish it understood in the beginning that this subscription drive is not the ordinary popularity contest or money-raising scheme promulgated in times past by other papers, but that the drive is being made to better establish a Mail Edition of the Daily News that will be delivered to all towns and rural routes on day of date and to better advertise the combination rate of the Daily News and the Weekly American and Roundup wherein both papers are delivered to the readers, giving them a paper six days in the week at a popular price usually charged for a daily paper. The Daily News is a class, wide-awake daily paper while the American and Roundup is the big weekly country paper which every one likes and enjoys for the county news and other good features. Both papers are steadily being improved and during this drive sample copies will go into all sections of the surrounding country and there is no doubt that many will subscribe for both papers. Subscribers, however, can get either paper at the regular rate.

Not Money-making Venture.—The subscription drive is a straight-out business undertaking in which the News and American and Roundup set out to attain a definite, legitimate and laudable end in a manner calculated to appeal to the best people throughout this section. The campaign is

Life Punishment

Mrs. Alexandria Kedrock, of Lansing, Mich., who faces the possibility of spending the rest of her life in Michigan State Prison as a result of her arrest after the finding of two pints of hooch in her home. She has been convicted three times in the past on similar charges and Michigan Law prescribes life imprisonment for four convictions. (International News-ree).

ANGLO-EGYPTIAN TROUBLE SOLVED

The friendly tone of the note in which Premier Nahas Pasha, right, replied to the demands of Great Britain that the public meeting will be withdrawn from the Egyptian legislature, is thought to have avoided an open rupture between the countries. Sir Austen Chamberlain, left, was one of the leaders in England who insisted upon England's right to intervene in Egyptian legislation. (International News-ree).

Albany Golfers Win Tournament from Ciscoans Here Sunday; 10 of 17 Pairings Taken by Visitors

By winning 10 matches out of 17 pairings, the delegation of golfers representing the Albany Country club Sunday defeated the Cisco aggregation to win the silver trophy cup for 1928. This is the second tournament staged between these two cities, Cisco winning the 1927 tournament. The match Sunday, true to predictions, was close, Albany only winning by three points, two of which were won on the nineteenth hole. The day was featured by five players turning in cards as follows: J. H. Sedwick and Walter Wood of Albany, and J. P. Goyen of Cisco, all making 83. Jeff Duncan and J. R. Almond turned in 84. The numerous sand traps and bunkers held no fear for these golfers and any score under 85 on the Cisco course is good golf. Other players turning in cards under 90 were: Roy Matthews, Jack Moore, Red Halteran, W. T. Graham, W. L. Hill, P. L. Kuykendall, R. L. Tollett, and J. A. Lash. The results were as follows: Roy Matthews, Albany, defeated Jeff Duncan, of Cisco, two up and one to play; Jack Moore trimmed G. B. Lundy five up and four; J. H. Sedwick defeated G. B. Kelly two up and one; Red Halteran poured in on Jack Kelly six up and five; W. T. Graham defeated W. L. Hill two up and one; F. L. Kuykendall trimmed J. W. Love five up and four; R. L. Tollett defeated G. M. Simpson five up and four; J. P. Goyen showed W. L. Hatcher the way by the count of four up and three, both players shooting fine golf; J. R. Almond worked Jake Langford over by six up and five; Almond shooting top golf; A. M. Russ defeated Don Sivalls on the nineteenth; George Boyd defeated Joe Lowry two up and one; W. W. Moore defeated P. E. Nail six up and four; Walter Wood, by shooting 83 defeated J. A. Lash five up and four; E. L. Jackson defeated C. C. Moore on the nineteenth; Ben Reynolds defeated C. Williamson four up and three; J. E. Tichenor defeated R. P. Harris three up and one; W. W. Wallace defeated Bill Nail two up.

OLDER SCOUTS WILL RECEIVE CERTIFICATES

Those men who have taken the Boy Scout training course will gather around the banquet board at the First Presbyterian church this evening, at 7:30 o'clock, when 60 of these older Scouts who have completed the course, will receive their certificates. Those Scout camps that will be represented include Cisco, Eastland, Ranger, Rising Star, Olden, Carbon and Gorman.

NEW CISCO BABIES

A girl baby was born to Mr. and Mrs. H. B. Doyle, East Twelfth street, Sunday, and on Wednesday of last week the stork visited the home of Mr. and Mrs. G. T. Huddleston, West Fourteenth street, leaving a boy. April 29 new girl babies arrived at the homes of Mr. and Mrs. R. B. Wilson, West Fourteenth street, and Mr. and Mrs. P. H. Archer, E. avenue and West Fourth street.

O. W. FORD DIES SUDDENLY HERE SUNDAY NIGHT

O. W. Ford 39 died suddenly Sunday evening at 9:30 o'clock at the home of Mr. and Mrs. J. A. Elliott, 204 West Ninth street, to which he was conveyed Sunday afternoon, following a brief illness. Funeral arrangements are incomplete, awaiting instructions from his father, who lives near Clarksville, W. Va. However, it was stated that deceased will be buried by Cisco Lodge No. 595 A. F. & A. M., with an escort from Cisco Commandery No. 47, Knights Templar. The funeral will be conducted by Rev. B. M. Morton, of Abilene, former pastor of the Carbon Methodist church. Interment will be in Oakwood cemetery. Mr. Ford was a drifter, employed by Fred Moeckelich, in the Cross Cut field, and went to work on his regular turn at 12 o'clock Sunday, but soon became ill and returned to his home at Nimrod, where he rapidly grew worse with convulsions. He was started to Cisco but grew worse on the way and was taken from the car while en route. Later he was brought here. His death was most sudden and a severe shock to his relatives, as he was seemingly in perfect health when he left home Sunday to resume his work on a well in the Cross Cut field. Deceased was married January 1, 1923, to Miss Lora Elliott, daughter of Mr. and Mrs. J. A. Elliott, and sister of the Elliott brothers, well known Cisco business men. His widow and one child are survivors, besides his father, six brothers and three sisters. Summons here are A. H. and C. T. Ford, of Eastland; Ira S. Ford, of Gorman, and L. A. Ford, of Cross Plains, brothers of the deceased. Cisco tenders its sympathy to the bereaved relatives. The body is at Green's Funeral Home pending arrangements.

ALBANY LOOKS AHEAD; ACTS TO BUILD AIRPORT

ALBANY, May 7.—Albany is to have an airport. A small one, Class B, but nevertheless an airport. When it is completed it is believed that Albany will be the smallest city in Texas, and one of the smallest in the United States, with an airport. At a meeting of the board of directors of the chamber of commerce here last week it was voted to take definite steps toward providing an airport. Business men of the city agreed that suitable landing field was necessary to the proper development of any city and that in the future a city without proper air facilities would be handicapped as one today without a railroad. Several tracts of land that afford excellent landing facilities were presented to the board, and definite action will be taken to decide upon which field presents the best outlook. All of the fields under consideration are within one and one-half miles of the city limits and are from electric lines. All tracts always are located on main highways leading into town. Border lights will be installed as soon as the field is opened, and shortly afterwards a hangar that will house two planes will be built by a man who will be manager of the field and will operate the filling station in conjunction, J. C. Miller has agreed to paint the name of the field in large letters on the roof of his garage which is located in the heart of the business district. There are three locally owned planes now in operation in Albany, and the landing field will place Albany in a position to handle the air traffic of the future.

PRESBYTERIAN MEN JOIN INTERNATIONAL MOVEMENT

The men of the First Presbyterian Bible class voted to become a unit of the International Men-of-the-Church movement Sunday, and elected officers as follows: President, J. B. Garrett; 1st vice president, L. Y. Siddall; 2nd vice president, A. E. Jamison; secretary-treasurer, W. T. Graham. There were about 25 men present for the organization, which will meet each Sunday morning at 9:45 for Bible study with Rev. B. C. Boney as teacher, having interesting speakers interspersed from time to time, and the first Friday evening of each month for a fellowship supper, and program of progress. Dr. W. P. Lee, W. R. Simmons, and W. F. Watson were appointed to draft by-laws for the local unit. Every man is invited to membership.

BAILEY WITHDRAWS FROM RACE AGAINST MANSFIELD

AUSTIN, May 7.—State Senator John H. Bailey, Cuero, today announced his withdrawal from the race for congress in the ninth district against Congressman J. J. Mansfield of Columbus. Bailey hasn't recovered sufficiently from a recent throat operation to undertake an active campaign, his announcement said.

Business Men Unanimously Agree That Immediate Steps Should Be Taken Toward Getting Milk Plant

It can be done and it ought to be done! That was the consensus of a group of Cisco business and professional men Monday in commenting on the proposal of The Cisco Daily News that Cisco take a census of all cows in a radius of 30 or 40 miles of this city as the first step toward obtaining the establishment of a milk plant. A tabulation of the number of cows and the available milk supply of this section is imperative if a milk plant is to be obtained. A comprehensive compilation of information regarding every phase of the dairying industry is sought that it may be presented to the officials of several big milk companies. It was in that manner that cities in other states interested the companies to the point that milk plants were established and, if Cisco is to get what it wants and should have in the way of a milk plant, it will have to give the companies the information they require. The comments of several Cisco men were as follows:

George Wilson, groceryman and farmer—The establishment of a plant to care for the milk products within a radius of 30 or 40 miles is the best thing the chamber of commerce has ever started. Its completion will mean wealth to the farmer and whatever is good for him is good for the business man. Don't let's just talk about it a while and then forget it, but give us immediate action. I have five or six young cows and am ready to become a patron of the plant as soon as it is ready. I buy country butter for my store the year round, and it is fine during the winter months, but it is of very poor quality during the warm weather. The farmer is not equipped to care for it properly. We lose money during the summer. With a milk plant, conditions will be changed. He can sell his milk at a profit and I can sell creamery products at a profit. There will be no loss. Alex Spears—There isn't a reason in the world why we can't get a milk plant. No company is going to make us a surprise. If we intend to get one we will have to work for it, just as Throckmorton did for its railroad. A census of cows in this section is necessary and it should be taken immediately. J. T. Berry—Let us do whatever is necessary to get a milk plant. If a census is necessary, and it is necessary, let's do it now instead of just talking about how necessary it is. Dr. Charles Hale—Some one has said that procrastination is the thief of time. If we procrastinate in our efforts to get a milk plant, we are likely to realize the wisdom of that adage only too well. A census of cows is a needed step, so let's do it now instead of waiting until next month or next year. B. W. Patterson—I am in favor of taking a census of cows in the Cisco community and neighboring communities. We can't get the information if we don't get after it and we can't get a milk plant if we don't give the milk companies the information they want. The quicker the census is taken, the quicker we'll get started on our plans. Lee Owen—There are plenty of other towns in West Texas that would welcome a milk plant. Some of them may be sawing wood while we are talking. If we talk while they are working we will wake up some day to find that someone else has gotten the milk plant we should get. Let's take a census of cows for 30 or 40 miles in every direction and do everything else that is necessary to get that plant. Frank Harrell—We mustn't fall into the idea of "letting George do it." If we want the milk plant we've got to work for it. If we want a census of the cows, we've got to get it ourselves. The farmers are not going to drive to Cisco to tell us about it if we keep still. Do it now! Mrs. C. Owen—If a milk plant is established here I would convert my farm into a dairy farm. I have been reading the Tennessee papers regularly and they seem to be taking advantage of all dairying opportunities and profiting by them. Martin, Tennessee, is now installing a Pet milk plant. Bob Herron—Put me down as heartily endorsing the move to establish a milk plant here. Action should not cease until somebody has signed on the dotted line. I will give one week of my time to help in the cow census if I am needed. Charles Gray—Plans looking to the securing for Cisco of a mammoth milk plant appeal to me more than any thing that has been

MANY ATTEND B.Y.P.U. MEET AT RISING STAR

The Cisco district B. Y. P. U. meeting, held with the Rising Star union Sunday, was one of the most largely attended of any of the previous meetings, according to the members of the Cisco B. Y. P. U., 28 of whom were in attendance. The Cisco delegation was the largest attending, with the exception of the Rising Star union, whose delegation numbered 40. Bluff Branch was represented by 15, Moran and Sabanno, two each, while most of the other unions in the district had representation. The program was announced, was carried out, and Miss Letha Maud Eager, leader of the north zone, in charge of the program. Moran was selected as the next place of meeting, the first Sunday in June, when the program will be in charge of Miss Mary Rosch, of Rising Star, leader of the south zone. At this meeting an attendance pennant, containing the names of all the unions, will be presented to the union having the largest number in attendance. Miss Helen Taylor, of Cisco, will present this pennant to the district. The meeting was a most enjoyable one, more than any thing that has been

A. B. O'FLAHERTY, President and General Manager W. H. LA ROQUE, Advertising Manager H. L. LOCKE, Circulation Manager

Entered at the Postoffice in Cisco, Texas, as second class mail matter. Publication Days: Afternoons (except Saturday) and Sunday morning.

Subscription Rates: Per month (delivered in Cisco), 75c. If paid in advance: Three months, \$2.10; six months, \$4.00; twelve months, \$7.20

The News is delivered by carrier boy in Putnam, Tex. each afternoon and Sunday morning. J. T. Black, of Putnam, is circulation agent.

The News is on sale afternoons and Sunday mornings as follows: Cross Plains; City Drug store; Smith Drug Store. Rising Star; City Drug store.

Obituaries and Cards of Thanks, 10c per line; classified, 2c per word.

"As a ring of gold in a swine's snout, so is a fair woman without discretion."—Prov. 11:22. (History bears out Solomon in this statement; beauty without sense is vain.)

AN OLD ADAGE REVERSED

"A company is known by the man it keeps." That's a good one, isn't it?

That a man is known by the company he keeps is an adage that has a place, more or less, in everybody's mouth. But that a company is known by the man it keeps is a new way of putting an old fact.

"A company is known by the man it keeps." Was there ever anything truer? Walk into a large establishment, meet the office boy, and you will know what the company is like, because the right sort of company will have the right sort of office boy.

A practical organization is particular about its employees; and how one does like to deal with an institution that is particular with regard to its employees, and requires its employees to be particular about its patrons.

You will go out of your way to patronize an establishment where the employees are nice to meet and efficient to deal with. You will pay more money, if you can afford it, to trade at a store that treats you the way you like to be treated.

The other day a man was looking for some emery dust to sharpen his lawn mower. The instructions told him to "get No. 120 fine, mix into a paste with machine oil, apply to the lower knife, and turn the reel backwards."

"Let me order it for you," suggested the last store phoned.

"I hate to put you to all that trouble," said the man. "I only want an ounce."

"That's all right," replied the clerk heartily, "that's what we are here for—to serve you. I'll have it mailed direct to you from the factory and you'll get it in a few days."

"Well, now, that was nice of that chap," said the man to his wife as he hung up the phone. "I have never bought anything from that concern, but they must be good folks; they have good men working for them."

"A company is known by the man it keeps," is a pertinent axiom which the head of any concern would do well to frame and hang where the eye will fall on it until the letters have burned themselves into his consciousness.

IDEAL WOMEN

Mrs. Clarence G. Goodwin, former head of the Illinois Federation of Women's Clubs, gives away secrets that rouse men's interest. Analyzing women, she finds them 30 per cent the home-makers or "ideal" type, 20 per cent the jazz type, 20 per cent the drudge type, 15 per cent the nagging type and 15 per cent the baby doll type.

A MUSEUM EXHIBIT

The Spirit of St. Louis has made its final flight. Lindbergh flew it to Washington and placed it in the Smithsonian Institution. He has a new model. This plane might have flown longer. It had made more than 40,000 miles, and was still going strong, patched and repaired more or less, but with its original body, wings and engine.

seum; may it come back to America, which produced it! Millions upon millions of people, for centuries perhaps, will file past that little monoplane in the Washington museum, which looks so trim and handsome now and will look more and more primitive and queer as the ages pass.

BOOZE TREATIES

The United States has just concluded a treaty with Greece by which illegal importation of intoxicating liquor will be prevented. No more can we chant with Byron: "Fill high the cup with Samian wine; we will not think on themes like these."

PRaise FOR SCHOOLS

German educators now touring this country find our schools very good. They praise our practicality and efficiency, but do not end there. "In Germany," they say, "we have many fine things—fine university work, fine scientific work, fine organization—but we stress always learning."

JURIES FOR VAUDEVILLE

There is cause for mixed emotions in an incident that followed the acquittal of Harry F. Sinclair, the oil magnate, by a Washington jury. A Baltimore amusement park owner promptly wired to the foreman offering the jury \$1,200 for a week's contract to appear in his theater.

GRAHAM MEN INSPECT CISCO WATER PLANTS

Jesse Tackett, water superintendent, and Eugene Heckaday, of Graham, were recent visitors to Cisco for the purpose of inspecting the water and sewage disposal plants in this city before starting on the work of building a new plant at Graham.

Scott said. They stated that Cisco was getting better results, however, than that of the Graham plant. Graham will soon start work on rebuilding its water system, the initial work to be the building of an enlarged water reservoir.

MOTHER'S DAY FLOWERS

Include flowers at least, for mother—nothing so tender; so aesthetic; so sentimental—so adequate. By wire, by messenger; by mail; by express. Ring 110 and give us your order early—next Sunday is Mother's Day. Cisco Floral Co. 59-63

QUICK REFERENCE CLASSIFIED ADS

There is a Place for Everything and Everything in Its Place

—These inexpensive advertisements are a "Clearing House" for most everything, such as Buying, Selling, Renting, Restoring Lost articles, Finding Help or Employment and Securing New Patronage for your business.

CLASSIFIED ADVERTISING RATES AND REGULATIONS

ALL CLASSIFIED advertising is payable in advance, but copy MAY be telephoned to the Cisco Daily News office and paid for as soon as collector calls.

RATES: Two cents per word for one time; four cents per word for three times; eight cents per word for six times; twenty-five cents per word for one month, and sixty-five cents per word for three months order.

CLOSING HOUR: Copy received up to 10:00 a. m. will be published the same day.

DISTRIBUTION: A one time ad will be printed in at least 2,225 papers and reach a reader interest of an average of five persons to each paper or more than 11,000 people.

TELEPHONE 80 and place your copy with understanding that payment will be made at once, collector will call the same day or day following. Copy is received any hour from 8:00 a. m. until 5:00 p. m.

FOR SALE—A bargain, lots three and four, block one, Cisco, Texas, 25th cash. Write Box 123, Sylvania Station Fort Worth, Texas.

WIDENING OF COUNTY HIGHWAYS IS BEGUN

EASTLAND, May 7.—The surveying crew is busy and stakes are being set for the widening of the right-of-way, according to J. B. Early, district highway engineer.

In the Rising Star precinct all the right-of-way has been signed up for highway 23, said J. T. Poe, county commissioner.

NOTICE OF FIRST MEETING OF CREDITORS

In the District Court of the United States for the Northern District of Texas in Bankruptcy, Abilene, Texas. In the Matter of C. W. Ramsey, bankrupt.

To the creditors of C. W. Ramsey of Cisco, in the County of Eastland, and district aforesaid, a bankrupt. Notice is hereby given that on the 4th day of May, A. D. 1928, the said C. W. Ramsey was duly adjudged bankrupt and that the first meeting of his creditors will be held at my office in the city of Abilene, Taylor county, Texas, on the 16th day of May, A. D. 1928, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

D. M. OLDFHAM, Jr., Referee in Bankruptcy.

Rock Crushing Plant Is Installed by Bedford Company

Katy Railroad to Take Output but Local Demands Will Be Met; Waste Stone From Finished Jobs Utilized

\$61.87 RAISED FROM SALES AT DOTHAN SUPPER

The box supper held at Dothan school house Friday evening was one of the most enjoyable rural school events of the season. Quite a large crowd was present. From a financial viewpoint the entertainment was very satisfactory, as \$61.87 was realized from the proceeds of the sale of boxes and auction of merchandise donated by Cisco merchants.

Miss Lucile Jones was awarded the huge cake, in the voting contest, for the most popular girl. Misses Opal Hemmington and Inez Surles were also popular contestants.

The merchandise contributed by the Cisco merchants was sold at auction and contributed a large part to making this event a financial success. This money was raised to defray the expenses of members of the Dothan girls' and boys' clubs to the short course of Texas A. & M. college at College Station.

Cisco people attending were Mr. and Mrs. E. H. Varnell, Misses Leitha Maud Earey and Alberta Parsons, County Agent J. C. Patterson and Mrs. Patterson, of Eastland, were also in attendance.

A vote of thanks was extended the merchants and others for their cooperation by the patrons of the Dothan school in making it possible to send these young people to College Station for the short course.

Dean Drug Company
The Rexall Store
CISCO, TEXAS

The installation of a rock crushing plant by the Bedford-Carthage Cut Stone company is a new departure with that institution. The capacity of the plant at present is about three car loads a day. Manager Martin said.

"But the company has its own quarry, and should there be a demand for this product we can supply rock in any quantity," Martin said. "At present the Bedford-Carthage company is only utilizing the waste stone from the finished products of the plant, and we are situated so that it can be supplied to the public at comparatively small cost. We have erected loading chutes and local patrons can get the crushed stone desired by driving their trucks under the chutes and loading in a few minutes. The output is crushed from limestone rock, than which there is no better base for road building and all manner of concrete work."

"The installation of this plant will save the long haul of trucking crushed rock from distant places, and its convenience will preclude the necessity of contractors maintaining rock crushing machines for construction work."

"The Bedford-Carthage company has a contract with the Katy road to take its entire output, but provision has been made to take care of the local needs in addition to the railroad's demands. We will be glad to furnish any information desired if interested parties will either call at the plant or phone 765."

KLEINER AND COMPANY HAVE 11 GOOD WELLS

The Kleiner, H. Y. Oil Co. & West have 11 producing wells in the Langston pool in Young county. Charles H. Kleiner told the Daily News. "These wells have a capacity production of about 1,000 barrels daily," Kleiner said, "but we are only taking out about 200 barrels, on account of the low prices, preferring to let the oil remain stored in the ground, as the production is not being drained by other wells. In addition to these wells we are drilling two more holes in the Langston pool, section 1490. TEAL survey, where we have 215 acres, and several hundred acres one mile south of the Hawkins lease, where we have two wells that are producing about 40 barrels a day," Kleiner said.

It was reported, but not verified, that Mr. Kleiner had been made an attractive offer for his interest in this property since talking to the Daily News. The figures mentioned was in excess of \$200,000.

RECENT PLAY ADDS \$50 TO CONVENTION FUNDS

The recent musical comedy, "Rosetime," staged in Cisco for the benefit of the fire department, added \$50 to the fund to defray the expenses of the delegates to the state firemen's convention, which will be held in Denton in June, according to R. T. Redies, secretary of the department.

Final Respects Are Paid to Late N. F. Payne Sunday Afternoon by Many Friends at Service of Elks

Funeral services for N. F. Payne, who died Saturday at his home, 1605 West Broadway, were held at the residence at 3 p. m. Sunday. An unusually large gathering of friends was there to pay their last respects. Services were under the auspices of Cisco Lodge No. 1379, Benevolent and Protective Order of Elks, with Chaplain B. C. Boney, officiating. Within the room where the body reposed, was a veritable bower of the large collection of flowers—floral offerings from friends and loved ones—testimonials of the esteem for this fallen friend and comrade. Many of the floral offerings were of the choicest pot plants and cut flowers, a number coming from a distance. It was in this beautiful setting that the ritualistic burial services of the Elks was read. The Baptist male quartet opened the services with an appropriate vocal number, which was followed by the scripture reading, "The Piece of Final Trial in Life," by Chaplain Boney. With the conclusion of the scripture reading, "Beautiful Isle of Somewhere," was sung by Mrs. Henry V. House. A brief sketch of the life of the deceased was given, after which the closing service was conducted by the Elks, followed by the solo, "Asleep in Jesus," sung by Professor Thomas Reid, of Randolph college. At the cemetery the Elks held a brief service, participated in by John Sue, exalted ruler; Hugh S. White, esteemed leading knight; H. C. Wippen, esteemed loyal knight; M. L. McGannon, esteemed lecturing knight, a solo by Mrs. House. The funeral was directed by the Green funeral home. Following were the pall bearers: Active—F. D. Wright, D. J.

Wardlaw Scores Sterling's Plan for \$350,000,000 Bonds

State Is Already Overburdened with Taxes Is Declaration of Candidate Seeking Governorship

GRAHAM, May 7.—The proposal of R. S. Sterling, chairman of the highway commission for a state-wide bond issue of \$350,000,000 for road construction, was attacked here Saturday afternoon by Louis J. Wardlaw, candidate for governor, in the address before a Young county audience on the court house square.

"Such a proposal would burden the already overburdened taxpayers of the state to the breaking point," he declared. "Interest and sinking fund alone would amount to \$17,000,000 annually, with no provision for road maintenance," the speaker declared.

He called upon Governor Moody to state whether or not he favors the Sterling proposal, and declared that until such time as he answers the public will have the right to believe that he is in sympathy with the proposal, because Sterling is the agent of the governor.

Wardlaw stressed the fact that he is paying his own campaign expenses and will owe no political debts if elected.

He explained his plan for a highway commission elected by the people, with four members named by districts and the chairman from the state at large. He pleaded for liberal support of the public schools again pledged himself to hold state appropriations to a maximum of \$40,000,000 and declared unequivocally the enforcement of every law the statute books, although he advocated the repeal of many which he declared were inimical to the people.

He was introduced by Fay Marshall, Graham attorney. From here Wardlaw went to Greenville to attend the sessions of the East Texas chamber of commerce.

18 CASES ARE BEFORE RAIL COMMISSION

AUSTIN, May 7.—Eighteen propositions have been set out by the railroad commission for consideration at the May term.

Propositions to be heard are: May 8—Application of the Gulf Coast Lines for authority to discontinue regular passenger service between Grayburgh and Sour Lake, and substitute mixed train service; petition for cancellation of differentials on grain and grain products on the Pecos Valley Southern railway; petition of citizens of Ector to set aside order authorizing closing of station at Ector on Texas & Pacific railway; petition of the Cotton Belt and other lines for cancellation of certain rates on staves, headings, etc.; petition for free return of polo ponies; petition of Texas lines for establishment of rate of 24 cents per 100 pounds on empty barrels or drums from Houston to Port Arthur; petition of Louisiana Railway and Navigation company for switching allowances to Frost Lumber Industries, Inc., at Wacom and Lorraine; application of Frisco-Rock Island lines to eliminate Texas mileage circular No. 9F as Rock Island stations.

May 9—Petition for establishment of third class rating on paper articles including bank deposit slips.

counter and pocket checks; petition to revise stock rules on stock consigned to market points; proposed establishment of interlocking device at crossing of G. H. & E. with H. T. & B. near Houston.

May 11—Application of Union Bus company to sell and the Southland-Red Ball Transportation company to buy permit to operate between Austin and San Antonio; application of Union Bus company to sell and Howell Peterson to buy motor bus route from San Antonio to Kerrville; application of Union Bus company to sell and Painter Bus line to buy bus route from San Antonio and Uvalde; application of James Anderson to sell and Painter Bus line to buy permit to operate between Uvalde and Carrizo Springs, and between Uvalde and Del Rio.

May 25—Petition of carriers for revision of Texas interstate rates on window glass and rough rolled glass carloads.

CHURCH OF GOD ATTENDANCE SHOWING GAIN

The attendance at both services of the Church of God showed an increase Sunday. Rev. John W. Batdorf, pastor, in speaking on the subject, "Without Me ye can do nothing" in the morning service said in part:

"This is a claim of Christ and is peculiar to Him. No other has ever made such a statement. No prophet, no patriarch, no religious founder, no reformer has ever attempted making such a claim. You will find saying similar to the golden rule in the writings of other religions, but nowhere will you find an assertion like this one. We should never feel that we are indispensable to the success of God's cause. In this text is contained the cause of failure and the secret of success. Failure is the result of being without Christ. Jesus illustrated this thought by the parable of the vine and the branches. How barren the branch that is cut off from the vine. What a miserable failure a life is that its accomplishments may be summed up in one word—nothing. How excellent the fruit of the branch that is perfectly joined to the vine. Not merely tied on by profession, but so joined that it partakes of the root and fatness of the vine. The secret of success is to be joined to Christ. We can build a house, plant a field, hoe a garden, drive a truck, keep a home, etc., without any special presence of Christ in our lives, but we cannot build for God and bear Christian fruit without Him. There is no substitute for Christ for those who would do God's service."

BRYAN LEGISLATOR TO HAVE FIGHT ON HANDS

HOUSTON, May 7.—A meeting will be held here during the Democratic national convention to draft an opponent to run against W. S. Barron, Bryan for speaker of the house in the 41st legislature, according to reports received here from two administration leaders. Opponents to Barron charge that he has been in sympathy with the administration of Governor Moody.

"MIDNIGHT ON CONGO" IS FEATURE AT CHURCH

An illustrated lecture, "Midnight on the Congo," was the feature of the services Sunday night at the First Christian church, which the audience seemed to enjoy. Seventy slides, showing the beauty of the country along with its moral conditions, were a part of the lecture. The Young Women's Missionary society were in charge of the program. A large audience was present at both morning and evening services. There were eight additions to the church in the morning.

Still Playing Baseball

Percy Lee Jones, crack south-paw pitcher of the Chicago Cubs, has inherited \$500,000 from his grandmother's estate but he is not going to stop playing professional baseball. Since receiving his inheritance in fact, Jones has been pitching better than ever. His remaining within the fold has restored peace of mind to Joe McCarthy manager of the Chicago National League entry. (International Illustrated news).

CASES IN COUNTY'S COURT

EASTLAND, May 7.—Suits filed recently in Eastland county are as follows:
Leby Plumbing Co. vs. Randolph college et al.
Ex Parte, James Floyd Yarbrough et al.
B. H. Huey vs. W. L. Andrews et al.
Ora Wilson vs. Jim Wilson, divorce.

How to Recover Lost Strength

Abilene, Texas.—"I can heartily recommend Dr. Pierce's Golden Medical Discovery to any one who is in need of a good tonic. I took it in the fall to fortify myself against colds and grippe. I also take it in the spring and find it of great benefit. In the winter of 1919 I had a severe attack of influenza which left me in bad condition. I did not want anything to eat, could sleep but little and was very nervous. I took two bottles of the 'Discovery' and it made me feel like a new man."—J. B. Matthews, Gen'l. Del. All dealers. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., if you wish a trial package of tablets, and write for free advice.

ELECTRICITY TO BE USED IN FISHER FIELD

ROBY, May 7.—Electric power will be used in developing the eastern extension of the recently discovered Fisher county oil field. The producing area in northern Fisher county was discovered some three months ago when Texas company's Dan L. Stephens test struck high gravity oil. It was definitely proved several weeks later by the discovery of oil three miles east by Cranfill and Reynolds. The two wells have a combined production of 220 barrels daily. Both wells now are using electric energy for pumping purposes. A 12,000-volt line has been constructed by the West Texas Utilities company to the well from the sub-station 4 1/2 miles west of Plasterco. The line is two and one-half miles long. Cranfill and Reynolds also will use electric power in future development work. Two offset tests are to be sunk immediately with electric energy.

BUSY WEEK FOR COUNTY AGENTS IS ANNOUNCED

EASTLAND, May 7.—Commencing today when they will visit the boys and girls club meetings at Alameda, Grandview, Flatwoods and Mangum, J. C. Patterson and Miss Ruth Ramey announce a busy week ahead in looking after the club workers of the county. On Tuesday, Brooks, Okra, and Dolhan will be visited. On Wednesday, they will go to Colony. Miss Ramey announces that the county council will meet Saturday in Rising Star. Two plays will be given during this week by women's clubs. On Tuesday night the Okra club will present a play at the Okra schoolhouse. The receipts will be used to buy another canner for the club. Then on Friday night, the Brooks club will give a play at the Brooks school to provide canning equipment.

NO-NOX USED IN AUTO THAT SET WORLD SPEED RECORD

Patrons of the Gulf Refining company and users of Gulf No-Nox motor fuel will be pleased to learn that No-Nox was used by Ray Keech who smashed the world's automobile speed record at Daytona Beach Sunday, April 22 with the special Triplex. A letter from J. M. White, owner of the Triplex, appears elsewhere in this paper, in which he highly commends No-Nox. The Gulf Refining company states that the same grade and quality of No-Nox used in this race may be had at any Gulf Service station or from any Gulf dealer.

NOTICE

On account of having to return to the home office, I will accept no new cases for treatment after May 15th. This is an opportunity of having your PILES cured, without the added expense of going away, and the loss of time. I cure piles without the knife or detention from business. Examination and consultation free. SEE ME NOW. Cisco—Tuesday, Thursday and Saturday, Daniels Hotel. Eastland—Monday, Wednesday and Friday, Texas Hotel. DR. P. M. WALTRIP

Mr. P. B. Dygert, Agent,
Gulf Refining Company,
Daytona Beach, Florida.

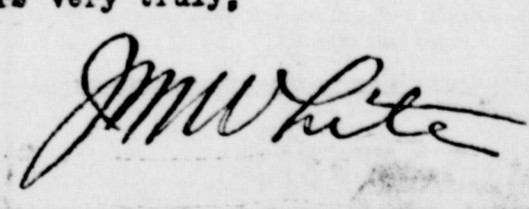

Dear Mr. Dygert:—

Please let me take this manner of thanking you so very much for your services and co-operation during my speed trials on your famous beach. Also, your fine congratulations, which I received today.

I would like to congratulate your Company on the wonderful motor fuel you are marketing. It is not customary for me to exploit the merits of any products used in my TRIPLEX, but the wonderful success I had with NO-NOX MOTOR FUEL in the setting of a new World's Record, has led me to write you this letter of commendation.

Again, please let me extend my most hearty thanks to you and your good Company.

Yours very truly,

Mr. and Mrs. W. A. McCall visited in Fort Worth Sunday. Mrs. A. J. Olson spent the week end in Snyder with Mr. Olson. A. A. Webster of Weatherford was a visitor in Cisco Sunday. Mrs. L. W. Hilgenberg has returned from a several days stay in Fort Worth. Mrs. W. L. Holmes and daughter, Miss Mavis, have returned from a several days' stay in Dallas. Mrs. W. W. Hartman and children have returned to their home in Rockwall after a week's visit with relatives in Cisco. Robert Shepherd of Fort Worth was the week end guest of his par-

ents, Judge and Mrs. J. L. Shepherd. Miss Aline Walker and Miss In-govar Leighton have returned from a week end visit in Dallas. Mrs. J. W. Hartman and Charlie Hartman were visitors in Fort Worth Sunday. Mrs. Bob Carswell and Mrs. En-dicott spent Saturday in Weatherford. Mrs. Frank Harrell was a busi-ness visitor in Eastland Saturday afternoon. George E. Morris of Abilene was a visitor in Cisco Saturday. H. V. Nigro was a visitor in Dal-las during the week end. Mr. and Mrs. C. B. Jenkins were visitors in Abilene Saturday afternoon. Miss Rhoda Deacon of Strawn was a visitor in Cisco Sunday morn-ing. Roy Matthews of Albany trans-acted business in Cisco Saturday. Mrs. Alice Cunningham was a visitor in Moran during the week end. Mr. and Mrs. J. H. Morgan of Fort Worth visited friends in Cisco Sunday. Mr. and Mrs. Purse Shackelford of Putnam were the guests of Mr. and Mrs. Joe Shackelford Sunday. Mrs. R. Q. Lee spent Saturday in Breckenridge. Mr. and Mrs. Lloyd Winston of Abilene visited friends and relatives in Cisco Sunday. Mr. and Mrs. Roscoe St. John of Abilene were visitors in Cisco Sunday. Mr. and Mrs. Harry Johnson and children of Eastland, were the guests of Mr. and Mrs. E. J. Keough Sunday. Mr. and Mrs. H. B. Cacklemann have recently moved to Cisco from

Oklahoma and are located on D avenue. Charlie Bryant returned Sunday night from a several days' stay in Austin. Miss Julia Hall has returned from a several days' visit with relatives in Fort Worth. Dr. and Mrs. W. E. Chaney of Eastland were visitors in Cisco Sun-day afternoon. Marcell Bedford and Dorn Hol-land spent Saturday in Fort Worth. Mrs. E. M. Groce and Mrs. H. B. Paulette were visitors in Putnam Saturday. Mrs. H. L. Kunkel and Miss Mat-tie Lee Kunkel spent Saturday in Abilene. Mr. and Mrs. L. B. Norvell have returned from a visit with relatives in Ferris. George Darden of Breckenridge was in Cisco Sunday. Miss Juanita Scott, daughter of Mr. and Mrs. J. T. Scott, is able to be at school after being ill for the past week. Mr. and Mrs. G. E. Berry and children of Brownwood were guests of Mr. and Mrs. Frank Harrell, Sunday. Ralph St. John of Abilene was the guest of relatives in the city Sunday. Miss Mable Woods of Brecken-ridge spent Sunday in Cisco as the guest of Mrs. B. F. Jones. Mesdames Frank Harrell and J. M. Williamson visited in Ranger Saturday. Three artist pupils of Prof. G. C. Morris were presented in a twilight musical at Eastland last night. Those taking part were Miss Ella Andrus of Cisco, voice; Mrs. Donald Kinnard of Eastland, pianist; Miss Hazel Orr of Putnam, pianist. Madame G. C. Morris gave the reading of James Russell Lowell's on "Music" Among those from Cis-co attending this musical were Mesdames Frank Bell of Fort Ar-tur, E. L. Graham, Louise Me-dearis, W. V. Hoyt, S. E. Hittson and Ben McClinton. A. J. Muller is expected home to-day from a business visit in Mc-Camey. Mrs. Kate Richardson is spending today in Abilene with her daughter, Mrs. John L. Higdon. Mesdames F. W. Murphy and Joe Hanrahan are spending today in Fort Worth. Mrs. Herschel Moss of Eastland spent Sunday in Cisco as the guest of Mrs. George Atkins. Mr. and Mrs. R. Q. Lee were guests of Mr. Lee's sister in Fort Worth Sunday. F. J. Huey and J. E. Ravens-craut returned Sunday night from a business trip to Houston and Gal-veston. These gentlemen stated they heard many words of praise for Cisco from citizens of both of these South Texas cities. Mrs. A. L. Mayhew, who has been quite sick for the past ten days, was reported as slightly im-proved Monday morning. Mr. May-hew reports his father, W. C. May-hew, able to be up Monday. "Uncle" Bill, as he is familiarly known, is now quite old, being 80 years of age, and has been indisposed for several weeks. Mrs. W. P. Pulley and daughter, Miss Florence, accompanied by Mrs. C. M. Seates and Miss Olen-na Cunningham, motored to Fort Worth Sunday, returning Monday. P. W. Murphy returned to Breckenridge today after a short visit here with his family.

CIRCULATION DRIVE

CONTINUED FROM PAGE 1

mona, Carbon and Caddo will be known as district one and will be given the opportunity to win the Chevrolet Coach or the Touring or Roadster, the big Viva-Tonal Columbia phonograph or the complete Atwater Kent Radio Set. There will be a total of fifteen prizes for this district. The rural and star routes and the small postoffices and those who live in the country will go to make up district two. The work-ers in this district will have an opportunity to own the Chevrolet Coach, the Touring or Roadster, the Columbia phonograph or At-water Kent Radio Set or any of the other prizes, there being fifteen prizes to go to this district. The active workers who do not get a prize will receive a cash award. Workers can secure cou-pons or subscriptions in either dis-trict or any place where the pa-pers are sent by mail.

Rules of the Drive. Ladies, married or single, are eligible to enter the drive, provided conditions set forth are complied with. Workers can nominate themselves or be nominated by their friends. Names of the In-dies who have been selected will be published from time to time, showing the number of points each has received. A reserve number of points will be issued to the successful workers from time to time. No employee of the Daily News and American and Roundup or member of employee's family will be eligible. Points can not be transferred. Any controversies or questions that may arise are to be settled by the management. In case of a tie in points, prizes of equal value will be awarded to workers tying in points. The man-agement of the papers reserves the right to reject any objection-able nominations. To qualify as an active worker and share in the distribution of prizes and cash awards it will be necessary to average at least one subscription each week of the drive. Workers may not secure a

subscription each week and might miss one, two, three or more weeks, but if three or more sub-scriptions were then secured at one time the average would be one for each week. There can be but two ways to secure points: The free coupon that will appear in the paper every issue and for the payment of sub-scriptions as per schedule announce-d at this time. The campaign starts this week and will continue eight weeks, closing June 30, 1928.

How to Start Drive. Ladies who wish to make the start to gain the most points should send in their names for nomination, which will count for one hundred thousand points. Save the coupon in this paper which is good for ten thousand points and get as many more coupons as is possible from other readers of the Daily News or the American and Roundup. Five thousand extra points will be issued for the payment of a subscription of any denomination sent in this week by Saturday night, May 12. Limit of one sub-scription to each entrance for the 500,000 extra points. The sub-scription will also count on a club of \$10 that can be made up with three, six months or yearly sub-

scriptions to the Daily News with the American and Roundup, or a subscription to the Daily News, or a subscription to the Weekly American and Roundup, which will secure 1,000,000 extra points besides the regular points for each subscription. A limit of one club of \$10 for the 1,000,000 extra points to any one worker. Offers good until Saturday night, May 19. Make Start Early. Workers who make an early start will have an advantage in securing the most points and have a better opportunity to the Chev-erlet cars or any of the better prizes. Start your individual drive to-day and own one of the better prizes.

COUPON FOR FREE POINTS

1400 New Maytag Owners every day THE Maytag's only rival is another Maytag. The New Maytag has broken Maytag's world record for washer production. Every day 1400 new Maytag owners in every section of the country are introduced to Wash-day Happiness—happiness because of washings done in less time, about one hour; happiness because of clothes washed beautifully clean without hand-rubbing. And it is happiness that has come to stay because the Maytag is built for a lifetime of service. It is the only washer with a non-breakable, cast-aluminum tub—the tub that keeps water hot for an entire washing, then empties and cleans itself. Because of the silent, smooth-running, steel-cut gears, and the fine engineering in every part, there is a remarkable absence of vibration, and vibration is a washer's greatest enemy. Would you know washday happiness, try a Maytag. See the new soft Roller Water Remover with safety feed board and automatic tension adjustment—test and compare its many outstanding features. PHONE Without cost or obligation do your next washing with a Maytag. If it doesn't sell itself, don't keep it.
