CISCO DAILY NEWS

CISCO—Pop. 13,500; 1,614 feet above the sea; 5 lakes water; 5 rail exits; 6 paved highway exits; 127 blocks of brick streets; A-1 public schools and Randolph college; no mosquitoes; no malaria or typhoid of local origin.

VOLUME IX.

CISCO, TEXAS, WEDNESDAY, MAY 9, 1928.

NUMBER 61

TEXAS

By WILL H. MAYES, Austin.

PRaise FOR TEXAS.—Representatives of Eastern business interests investigating the textile situation in Texas, after spending a week in visiting the leading cities of the state, were enthusiastic over the opportunities presented here for the development of a great textile industry. Here are a few expressions from them: "You have everything here that's wanted. You have the resources and the wealth, and what is equally important, the business leaders." "I find the farther south the mills go the better located they are. Conditions in Texas are especially adaptable to the manufacture of coarse goods. High taxes, unfavorable labor conditions and labor laws are forcing the industry southward." "We feel that the textile industry has about reached the saturation point in the Carolinas and we look to Georgia, Alabama and Texas for the next development." These and similar messages are being carried to the North and East. Texas has been slow in awakening to the fact that it is prepared to manufacture the raw materials it produces. Why continue to send our cotton, our wool, our mohair, our leather, our timber two thousand miles away to be made into merchantable goods when it can be done better right here at home?

TEXTILE MILLS NEEDS.—A representative of a Liverpool firm that handles Texas cotton almost exclusively says that an American cotton crop of 15,000,000 bales is essential to world spinners and that unless the new crop is closely approximates that the carry-over will be reduced to such a small figure that much higher prices are almost inevitable. He also said, while in Dallas recently, that the English mills are effecting amalgamations in the hope of removing the financial difficulties under which many of them have been operating, and expressed confidence that in a few years there would be many more mills operating in Texas, which would result in less exporting and consequent higher prices for growers. The building of cotton mills here, where there is an abundance of cheap power and labor, and right at the cotton fields, is but a logical sequence of the trend toward industrial cooperation with producers.

SMALL TOWN TRAFFIC.—The safe handling of traffic, even in the small towns, is becoming quite a problem. In fact there are now proportionately more traffic accidents in small towns than in the large cities where traffic is better regulated and supervised. Many of the small cities are putting in traffic signal lights at important street intersections. While traffic may not be as congested in the small towns as in the cities, because there are no warning lights and few traffic officers, the temptation to speed is greater and speeding is the direct cause of most accidents.

CONVENTION IN TENT.—Because there is no hall in the city that could hold the immense crowds attending the annual convention of the East Texas chamber of commerce in session at Greenville this week, huge tent 80x200 feet has been erected for that purpose. It has a seating capacity of 6,000 and has a number of smaller tent rooms for committee meetings and conferences.

MERIDIAN HIGHWAY.—The president of the Meridian International highway association, who has recently been over the Texas division of the route, reports that, with the exception of a small gap at LaSalle county, the highway is now paved the entire distance from Winnipeg, Canada, to Laredo, Texas. Plans are being prepared for building this gap and in a short time bids will be called for on grades and structures and surfacing will soon follow. There is not a difficult hill anywhere on the entire route.

TEXAS MADE FURNITURE.—Thirteen hundred persons are employed in manufacturing furniture in Dallas alone. They make annually furniture valued at \$5,000,000, according to a statement recently made before the Dallas manufacturers' association. Dallas is only one of numerous places in the state where furniture is extensively manufactured. Most of the finest furniture, however, that is used in Texas is made in the north and much of it from lumber grown in Texas and shipped in its rough form to the northern factories.

TEXAS WOMAN HONORED.—Mrs. S. M. N. Marrs, wife of state school superintendent Marrs, has been elected president of the National Congress of Parent-Teacher Associations. Mrs. Marrs is one of Texas' most able and brilliant women, of whom all Texas is proud.

WATSON BEATS HOOVER IN INDIANA

Democrats to Go Uninstructed Victory of Hoosier Senator Is Conceded; Rural Vote Expected to Swell Favorite Son's Lead

Eastland Co. Delegation to Use Own Judgment and Vote as Unit; 46 Chosen for State Convention

The Eastland county delegation will go to the Democratic state convention at Beaumont uninstructed as to any candidate for the presidential nomination. The only instructions given the delegation at the county convention in Eastland Tuesday afternoon was that it vote as a unit and use its own judgment in casting its vote for the best interests of the party. No proxies will be permitted from this county, the delegates having to attend personally. Forty-six delegates were elected to attend the Beaumont convention. The majority of those in attendance will decide how Eastland county's five votes will be cast. A majority of the delegations is favorable to the candidacy of Governor Al Smith of New York. Texas will have 40 votes in the national convention at Houston.

J. M. Williamson of Cisco was chosen as chairman of the county convention and Judge A. E. Firmin of Ranger secretary. After appointment of credentials, resolutions and other committees the convention got down to work in earnest.

R. A. St. John, W. M. Myers and Milburn McCarty, the committee on delegates, selected the following as the county's representatives at Beaumont: H. B. Brelsford, John D. McRae, Frank Jenkins, E. J. Kilough, Earl Connor, Harry Brelsford, Milburn McCarty, H. H. Johnson, F. D. Wright, Victor Gilbert, B. S. Huey, D. J. Moss, R. A. St. John, Wm. Reagan, W. J. Armstrong, J. M. Williamson, A. B. O'Flaherty, Walter Hayden, Dr. P. M. Kuykendall, Jones, F. W. Roberts, J. Frank Dean, I. C. Underwood, Dr. E. W. Kimble, W. O. Russell, R. W. Edwards, R. F. Cox, Green Hazel, M. E. Lawrence, Will St. John, Henry Davenport, John Thurman, L. D. Donaway, Bob Hodges, Ghent Sandiur, J. E. Spencer, Mrs. Marie Shunklin, J. J. Butts, Cyrus B. Frost, W. L. Gupton.

JAPS PREPARE TO SEND ARMY INTO CHINA

TOKIO, May 9.—The Japanese war office is making preparations for mobilization of 50,000 shock troops for service in China, it was learned today. Two divisions are ready to embark for China at a moment's notice. A virtual state of war exists between Japan and the nationalistic Chinese army under Chang Kai-shek.

A. A. BELDING IS PROMOTING WINTER HAVEN

Mrs. A. A. Belding has returned from a week's visit to Del Rio, spent with Mr. Belding there, who is promoting a winter resort, out on Devil's river, 18 miles from Del Rio. She stated she spent a delightful time on the border, and visited the Mexican town across the river. Mrs. Belding says the location for the winter resort is ideal, being situated on Devil's river, in a most picturesque setting, with numerous huge springs of crystal water gurgling from the ground on different parts of the site. She stated that a physician from Hot Springs was there during her visit, and was making negotiations to build a sanitarium. Mrs. Belding made the return trip by motor car alone.

FAVORITE SON LEADS IN INDIANA

Indications are that the Indiana vote at the Republican national convention will go to its favorite son, Senator James E. Watson. The Hoosier senator had a safe lead in Tuesday's preferential primary over Hoover, secretary of commerce, which it appeared would increase when the rural returns were tabulated. The loss of Indiana was not entirely unexpected by Hoover forces and will not dampen their order at Kansas City.

Buford Ingram Is Convicted of Robbery at Nimrod; Punishment Fixed at 10 Years in State Pen

The jury in the case of Buford Ingram, whose trial began Monday in the 28th district court, returned their verdict at 9 o'clock Wednesday morning, finding the defendant guilty and assessing his punishment at ten years in the penitentiary. The case went to the jury Tuesday night. Ingram, who was indicted with his brother, Tim Ingram, in connection with the robbery of the D. L. Allen store at Nimrod on the night of March 6, secured a mistrial when the case was tried a few weeks ago. The Ingrams were indicted for robbery with firearms. Complaints are pending against them in the federal court at Fort Worth in connection with the same robbery, as it is alleged that a portion of the money taken from Allen was postal funds, Allen being the Nimrod postmaster.

CALIFORNIA BAR ADMITS JUDGE BEN B. LINDSEY. SACRAMENTO, May 9.—Judge Ben B. Lindsey of Denver was admitted to the California bar here today. In a statement he said he was torn between two desires—to return to Colorado and "clean out that bunch of highbrowers that unseated me" or to open offices in Los Angeles and specialize in domestic relations.

LEADERS OF PITTSBURGH PIRATES

Donie Bush, manager, and "Pie" Traynor, captain, of the Pittsburgh Pirates, are working their heads off to make their team repeat for the National League's honor.

HOOVER RILED BY QUESTIONS OF COMMITTEE

WASHINGTON, May 9.—Herbert Hoover, secretary of commerce and candidate for the Republican nomination for president, today told the senate presidential campaign funds committee that he personally has spent nothing in his campaign except for telephone calls and minor expenditures. He said that he had made no personal contribution to the funds of his leaders in various states. Hoover showed resentment at the trend of the examination and came close to defying the committee at times. He resented being questioned about unfriendly campaign reports and showed traces of anger and temper. He courted a contempt citation when he twice refused to reveal the name of a senator with whom he had talked about the West Virginia campaign but promised to do so and furnish the information later.

TO HEAR SMITH THURSDAY. WASHINGTON, May 9.—The senate presidential campaign funds committee will go to New York tomorrow to hear Governor Smith if an arrangement agreeable to him can be made.

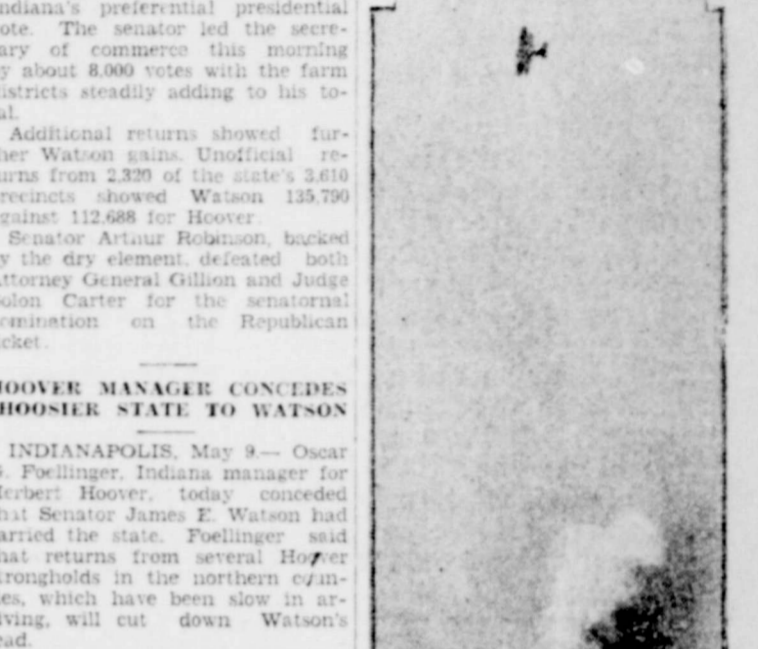

14TH DOLLAR FOR SCHOOLS NOT RECEIVED

The fourteenth dollar of the state school apportionment has not yet been remitted by the state educational department to the Cisco school board, according to information given out at the business secretary's office Wednesday. However, it was stated, that this remittance was expected at any time now, as other schools are receiving the apportionment. After this has been received only one dollar is to be remitted of the 1927-28 \$15 apportionment for public schools of the state. With the receipt of this 14th dollar of the state apportionment Cisco schools will have received \$25,548 for the 1,582 scholastics enrolled during this school year. The school has already received \$609 federal aid for agricultural and vocational work in the high school, and will receive \$800 additional some time in June from the federal government, and \$400 from the state. Secretary Vaughan stated, "The home economics department has also \$650 state aid, making a total of state and federal aid for Cisco schools of \$2,658, in addition to the \$14 for each of the scholastics already accounted for."

NO DEATHS IN APRIL, HERE, IS BRICE REPORT

There were no deaths in Cisco during April, according to the vital statistics report of Dr. John H. Brice, city health officer. Reports were made of 14 births but some of these were in previous months which attending physicians had not registered. Of the births recorded eight were of girls and six of boys, as follows: Mr. and Mrs. R. E. Grantham, April 5, a girl; Mr. and Mrs. Mack McCliff, April 10, a girl; Mr. and Mrs. H. L. Williams, April 2, a boy; Mr. and Mrs. C. C. Clifton, April 24, a boy; Mr. and Mrs. Virgil H. Conlee, April 12, a girl; Mr. and Mrs. Carl L. Mix, April 14, a girl; Mr. and Mrs. W. M. Grozier, April 1, a girl; Mr. and Mrs. R. M. Rich, Jan. 26, a boy; Mr. and Mrs. B. R. Wilson, April 29, a girl; Mr. and Mrs. P. A. Cone, Jan. 27, a girl; Mr. and Mrs. R. W. French, April 27, a boy; Mr. and Mrs. R. C. Balderee, March 4, a girl; Mr. and Mrs. E. J. Clements, April 16, a boy; Mr. and Mrs. Harry Durham, April 7, a boy.

Gets Its Prey

AVIATOR WHO SET RECORD IS CRASH VICTIM

HASBROUCK HEIGHTS, N. J., May 9.—Lieut. Royal V. Thomas, United States army reserve, who recently established a solo flight endurance record, was killed today when his Bellanca monoplane Reliance crashed here. An unidentified passenger was also killed.

SMITH MAN IS VICTORIOUS IN ALABAMA VOTE

BIRMINGHAM, Ala., May 9.—Walter Moore, a supporter of Governor Al Smith of New York, today was leading Watt Brown for the Democratic national committee, returns from 21 counties in yesterday's primary indicated. William A. Gunther, a Smith supporter, was in fourth place for a delegate-at-large post.

Lifelong Democrat, Unable to Attend County Convention, Is Remembered in Resolutions

C. U. Connellee, Democratic wheelhorse of Eastland county, was unable to attend the county convention at Eastland Tuesday afternoon—one of the few that he has missed in 48 years, since 1880. Despite his absence he was not forgotten by his fellow Democrats and the first paragraph in the resolutions adopted by the convention expressed the wish that he might have many more years of health and usefulness. A copy of the resolutions was taken to Connellee's home in that city by a committee of John D. McRae, Ed P. Cox, John J. Butts, R. A. St. John and A. B. O'Flaherty. He was found sitting on his front porch in a greatly improved condition from a recent illness. He was also presented with a bouquet of flowers. Jesse H. Jones, Houston, also was thanked in the resolution for his efforts in bringing the national convention to Texas. The resolution was as follows: To the Honorable J. M. Williamson, Chairman of the Eastland County Democratic Convention Now in Session: We, your committee on resolutions beg to report as follows: 1. We send greetings to the Honorable C. U. Connellee, a lifelong Democrat who has been in attendance upon every Democratic

The News is on sale afternoons and Sunday mornings as follows: Cross Plains: City Drug Store, Smith Drug Store. Rising Star: City Drug Store. Obituaries and Cards of Thanks, 10c per line; classified, 2c per word.

"I will bless the Lord who hath given me counsel; yea, my heart instructeth me in the night seasons. I have set the Lord before me; because he is at my right hand, I shall not be moved."—Psalms 16:7-8.

BROADMINDED OR BONEHEADED?

The position taken by a certain prominent judge that married folks should not restrict each other from having outside love affairs brings this outburst from one woman:

"It was just such liberalities as that," she declared, "that ruined my husband's life, my life, and married the lives of our children. I tried to be liberal and I have paid dearly for it.

"My husband succeeded early in life. He had become wealthy by the time he was thirty; then as the need for making money was no longer pressing, and he had time and means at his disposal, he began to do things I knew he had no business to do. He commenced to show attention to other women. When I discovered that I was cut to the quick, but somehow I thought I had no right to interfere with him, that he was an individual, that he had a right to his friendships, and that if he chose the society of other women there was nothing for me to do but to be a good sport and bear it. And I did.

"What was the result? He went from one affair to another. Running after women became his occupation, while his business became a side line. His business associates began to look on him with suspicion. Little by little they withdrew their support from him. Little by little his money dwindled. Little by little he lost self respect. Then he lost his ability to make good.

"Now where are we? We are nowhere. My boys and my girls have been deprived of the education they should have had. Their standing has been injured. My husband is fooling with questionable transactions. He is no more like the man he used to be than night is like day. And I am filled with bitterness and self reproach. All this has come about because I was tolerant, lenient, was what I considered unselfish, broadminded. Now I know I was a fool. I should have crushed that thing in the egg. I should not have permitted my husband to continue in a way that I knew is wrong and that anybody who knows anything, knows is wrong. I should have stood for what I believed to be the right thing, regardless of whose feelings were hurt or who was deprived.

"In duty to her husband," the wife went on, "no woman should allow him to follow a path that she knows to be injurious. If she loves him her love should be expressed in an effort to protect him, not to humor him in self-destruction. Men after all are nothing but boys grown up. At heart they are just kids. I don't care how prominent and influential and austere they may become, they are just big bad boys. A woman should protect her husband from folly, no matter how much he yearns for it."

"Tell me," the writer inquired, "shouldn't a man adopt a similar attitude toward his wife?" "Surely he should," she said.

HOTEL HOMES

Mrs. E. M. Statler, in charge of a \$30,000,000 business involving a big string of hotels, sees nothing remarkable in a woman holding such a position. "Reasoning women," she says, "know that in many fields they are limited; but I am in a field to which a woman is well adapted. A hotel should be a home away from home. Women are particularly fitted to know what makes a home." That will sound good to a lot of lonely travelers. Let women, as they press into business careers, try their hand at this, by all means. Not that men can't or don't run good, pleasant, comfortable hotels, but men have their limitations. Probably women, too, will fall short of perfection in the hotel game. It may take men and women together to make a perfect hotel, as it does the perfect home.

The federal tax cut will save the average American family almost enough in a year to buy a new tire for the flivver.

AIR ACCIDENTS

A commercial pilot says 92 per cent of the accidents connected with flying are caused by inexperienced and imperfect training. Most of the air casualties lately have upheld this view. It is the novices that get into trouble. Sometimes their chances are made still worse by using old, untrustworthy planes. Flying is reasonably safe when the flyer has a good plane, and has been taught how to fly it by a good teacher, and has had enough experience to develop his

...flying judgment. People unwilling or unable to meet these conditions had better stay on the ground, or fly only as passengers in commercial planes duly inspected and handled by professional pilots.

CHICAGO FINANCES

After a couple of weeks' voluntary privacy following the Chicago primaries, Mayor Thompson found it necessary to appear again at the city hall to cope with a grave emergency. The city had just \$13,800 on hand, with bills to pay totalling \$1,045,000, and nothing more in sight for the rest of the fiscal year. In short, Chicago is broke. Chicago will pull through, never fear. Somebody will find a way. But it is a little hard on Big Bill, coming on top of the other buffets administered to him lately. Just a friendly suggestion: He might float a bond issue in England.

MUSICAL SUPPORT

Cleveland, having its annual season of opera, turns out an average of 8,000 people for eight consecutive performances by the Metropolitan Opera Company of New York, paying about \$24,000 a performance. This is said to be a world record for opera patronage. Whether so or not, it's plenty. The interesting thing about it is that only a few years ago musical people in Cleveland were despairing about the city's musical soul, and rather inclined to think it hadn't any. But they kept pegging away, providing the best music they could year by year and developing taste and appreciation. Now the public itself hollers for good music and supports it when it comes. Any American community would probably do likewise.

Our revolutions in this country are peaceful ones. Political campaigns may be expensive, but they cost less than military campaigns.

PHYSICAL MACHINERY

A man in Dover, O., taken to a hospital for an appendicitis operation, was found to have nearly all his abdominal organs located in his chest, with a small and imperfect heart on his right side, one lung, one kidney and no small intestine, and a stomach three times the ordinary size. Almost anybody, including the doctors, would say a human being couldn't live with that outfit. Yet this man had lived 28 years and never been sick in his life until his appendix—one of the few normal things inside him—started acting up. The life force often knows how to get good results out of an apparently hopeless machine.

BRECKENRIDGE DEPOT IS BEING REMODELED

BRECKENRIDGE May 9.—The Cisco & Northeastern is remodeling its depot here. The building will be enlarged with the addition of rest rooms while new foundations will be laid under the freight room. The entire building will then be painted a bright yellow in keeping with the general color scheme employed by the Texas & Pacific. Work is now being done upon the building.

WIELDING HIS MASHIE WITH UNCANNY SKILL

ARCHIE COMPSTON (International Illustrated News)

If you don't believe beating Walter Hagen by the score of 18 up and 17 to play, is shooting real golf, ask your club pro what he thinks. Archie Compston is the big English pro who turned the trick. He is out after more matches and has handed one to play MacDonaid Smith, to be played in New York for \$5,000 a side. Archie looms on the golfing horizon as the best in the British open. You never can tell with golf. Even the best have a day when they can't play tie-tye-winks. The lanky Englishman is going better in practice for the big event than any of the other big shots who are entered. He hung up some more scores as good as his three sensational medals round of 70. In all likelihood the Smith-Compston match will be played after the British and United States opens have become history. Johnny Farrell, best-dressed pro, will also challenge then.

QUICK REFERENCE CLASSIFIED ADS

There is a Place for Everything and Everything in Its Place

—These inexpensive advertisements are a "Clearing House" for most everything, such as Buying, Selling, Renting, Restoring Lost articles, Finding Help or Employment and Securing New Patronage for your business.

CLASSIFIED ADVERTISING RATES AND REGULATIONS

ALL CLASSIFIED advertising is payable in advance, but copy MAY be telephoned to the Cisco Daily News office and paid for as soon as collector calls. RATES: Two cents per word for one time; four cents per word for three times; eight cents per word for six times; twenty-five cents per word for one month, and sixty-five cents per word for three months order.

CLOSING HOUR: Copy received up to 10:00 a. m. will be published the same day. DISTRIBUTION: A one time ad will be printed in at least 2,225 papers and reach a reader interest of an average of five persons to each paper or more than 1,000 people. A week's ad will be printed in 14,309 papers which includes the American and Roundup or a total interest of 71,545. A month's ad includes 62,960 papers with 310,000 reader interest. A 3-months ad amounts up to 195,000 papers or over a million reader interest. TELEPHONE 60 and place your copy with understanding that payment will be made as once collector will call the same day or day following. Copy is received any hour from 8:00 a. m. until 5:00 p. m.

EASTLAND CO. DRILL REPORT FOR THE WEEK

EASTLAND, May 8.—Five producers, two others showing favorably and four dry holes comprise the features of the week's drilling report for Eastland county. Twenty-eight wells are carried in the report. The Operators Oil & Gas company well, settled down to 586 barrels; the Goodwin shallow well, the Cranfill & Reynolds shallow well and two gasers are the producers. Following is the report in full: Amerada Petroleum Corp. No. 1 Roberts, 1,045 feet, dry and abandoned. Applegate et al No. 3 Cunningham, 2,500 feet, shut down for orders. Barkley et al No. 4 Duffer, 3,005 feet, showing oil, was shot four times without results, dry and abandoned. Fulcher et al No. 1 Woods et al, fishing at 1,322 feet. PAN-HELLENIC DANCE SATURDAY NIGHT

The Cisco Pan-Hellenic association is giving a benefit dance Saturday night at Humboldt. Every year the association sends a girl to Randolph college and this dance is to defray expenses. Saturday night, May 12, Humboldt recreation hall. 62-63

CARD OF THANKS

We take this method of thanking all those who ministered unto us during the illness and after the death of our loved one, N. F. Payne. We will never forget the innumerable kind acts of Mr. Payne's many friends. Cisco and its hospitable, thoughtful people will always carry a warm spot in our hearts. MRS. N. F. PAYNE and RELATIVES. 62

BADLY INFLAMED VARICOSE VEINS

No sensible person will continue to suffer from dangerous swollen veins or lumps when the new powerful yet harmless ointment called Moore's Emerald Oil can be readily obtained at any well stocked drug store. Ask for a two-ounce original bottle of Moore's Emerald Oil (full strength) and use substitutes. Use as directed and in a few days improvement will be noticed, then continue until the swollen veins are reduced to normal. It is guaranteed and is so powerful that even old chronic cases of running sores or ulcers are often speedily healed. Moore-Shepard Drug Co. is selling lots of it.

POLITICAL

The Cisco Daily News is authorized to announce the following candidates for office, subject to the action of the Democratic primary election in July: Congress Seventeenth District T. P. Who Are Lobo King and Queen Is Question at C. H. S.

Celebrities for Coronation Rites Friday Night at Gymnasium Chosen by Secret Ballots of Student Body

Curiosity is running rife in Cisco High school at this time. The question on every one's mind is, "Who are the king and queen for 1928?"

The king and queen of each year's coronation are elected by popular vote. Some morning in chapel, Mr. Nigro sends around cards and asks that each pupil put down the name of his favorite senior girl and his favorite boy of any class in C. H. S. After the votes are taken, they are secretly counted, and the boy and girl receiving the largest number of votes receive the honor—but no one knows who the fortunate ones are except the "counting committee" and the "favorites." Naturally, this creates great excitement and anxiety in C. H. S. for each wants his favorites to be the chosen ones.

It will be remembered that Charles Henry Grist and Cleo Stringer were King and Queen Lobo I; Howard Brown and Ruth Huestis, King and Queen Lobo II; and Britton Phippen and Velma Morrison, King and Queen Lobo III.

The only way to find out about these 1928 important celebrities as soon as possible, is to have a good seat at the coronation on Friday evening, May 11, in the high school gymnasium. No reservations will be made—therefore, get there early. The ceremonies begin at 8:15.

TESTIFIES AGAINST STEPMOTHER

Mrs. Florence Knapp, former Secretary of State of New York sits at her trial for alleged misuse of census funds at Albany, N. Y., with Mrs. Robert P. Lewis, right, and hears her step-daughter, Clara Knapp, give damaging testimony against her. (International Newsreel).

LAST WEEK BUSY ONE IN EASTLAND CO. OIL FIELD

EASTLAND, May 9.—A splendid well that gives an extension to the Harbin shallow pool south of Eastland, Saturday, closed a busy week in oil activities for the county.

Moore & Lewis, Eastland operators, are drilling in the Harbin No. 2, which is estimated as good for 30 to 40 barrels at 1,250 feet. It is an extension of the Harbin pool 462 feet west. The pool is three miles south of Eastland.

Still further south of town in another shallow pool Cranfill & Reynolds have a well that should prove a nice-sized producer. Though the amount of the yield is not yet determined, it is on the McIntosh heirs' land.

The big well, partly owned by

the drillers and tool dressers, that was brought in ten days ago is holding up at 350 barrels a day. This is the Williamson No. 1 of the Operators Oil & Gas company, nine miles east of Eastland.

NEW WELL NEAR ALBANY

ALBANY, May 9.—Skelly Oil company No. 3 came in last week making ten barrels per hour on section 23, Joe B. Matthews. This well caused some surprise as it was drilled offsetting a dry hole drilled by Tannehill, Kiser and Fleming and just north of a two-barrel well drilled by Skelly on section 33. The well is making better than 240 barrels per day.

NO KIDDING!

You do drink a bite-to-eat when you drink a Dr. Pepper

Yes Sir! there's something to this idea, 3-5-day does keep energy up. As a food chemist, I might tell you that the pure cane sugar syrup is compounded of carbon, oxygen and hydrogen. The sugar is "inverted," practically predigested and non-heating. It's the same thing as long distance swimmers and runners take to buoy them up for endurance.

The juices of lemons, oranges and other fruits, vitamins and extracts, aid digestion by turning stomach acids into alkalinity almost a specific for acidosis and gastritis. The food value in 1 glass is equal to a bowl of tomato soup with rice, yet it's no tax on digestion at all. Sure enough, it is "a-bite-to-eat". 3-5-day is good for you... 10 a day can't hurt you.

OF A SOCIAL NATURE

Social Calendar

Coming Events
Thursday
Mothers' club will meet at the recreation hall in Humbletown.

Friday
Twentieth Century club meets at the city hall at 4 o'clock.
Mrs. G. B. Lundy will entertain the members of the Entre Nous Bridge club.

Saturday
Pan-Hellenic dance Saturday night, May 12, Humbletown.

Harrison-Lindsay
The following wedding account, taken from the April 29, issue of the Eastland Argus-Tribune, will be of interest to many Cisconians as the groom is the son of Mr. and Mrs. L. A. Harrison, and is well known here.

A pretty wedding was solemnized Saturday evening at 8 o'clock in the home of Mr. and Mrs. A. P. Lindsay, when their daughter, Dorothy, became the bride of Mr. Eugene Harrison of Dallas. The house was beautifully decorated with pink and white roses, a love ship of pink and white rose petals and a large white wedding bell with pink clapper. The impressive ring ceremony was conducted by Rev. L. R. Hogan, pastor of the Presbyterian church. Before the wedding, Mrs. Robert L. Young, Jr. of Abilene, sang, "Blessed are you, O Lord, Miss Eda Lindsay sister of the bride, played "At Dawning." The wedding march from "Lohengrin" was played for the entrance of the wedding party and during the ceremony, Mrs. L. R. Logan, who presided at the piano, played "Oh Promise Me," using the Mendelssohn wedding march for a recessional. The attendants were Miss Eda Lindsay and Mr. and Mrs. Robert L. Young of Abilene. Following the ceremony, pink and white ice cream and cake were served, the cakes bearing the initials L. and H. Among those present were: Mr. and Mrs. L. A. Harrison of Cisco, Miss Beulah Harrison of Dallas, Mr. and Mrs. C. E. May and family of Ranger, Mr. and Mrs. J. E. Brady, Mr. and Mrs. L. A. Cook, Mr. and Mrs. C. D. Swearingen, Mr. and Mrs. E. R. Townsend, Mr. and Mrs. Eugene Day, Mr. and Mrs. W. A. Martin, Miss Josephine Martin, Mrs. S. W. Martin, C. O. Rhodes, Rev. and Mrs. L. R. Hogan, Mrs. Frances Logan, Miss Marguerite Hart, Miss Eda Lindsay all of Eastland, Dr. and Mrs. E. J. Arendt of San Antonio, Mr. and Mrs. Robert L. Young, Jr. of Abilene, and the bride's parents, Mr. and Mrs. A. F. Lindsay, Mr. and Mrs. Harrison will reside in Dallas. Mr. Harrison belongs to one of the pioneer families of Eastland county and formerly lived in Eastland, where he and his bride were schoolmates.

South Circle
The South Circle of the Methodist Missionary society met at the home of Mrs. D. C. Saddler, Tuesday afternoon.

North Circle Meets
The members of the North Circle of the First Methodist church met Tuesday afternoon at the home of Mrs. L. E. Vaughn on West Third street. In the absence of the chairman, Mrs. W. E. Ricks presided over the business session. Mrs. Ira Eakin opened the program by reading the devotional lesson. The following ladies gave papers on the Missionary Voice program: Mrs. Joe Wilson, Mrs. Vaughn, Mrs. Jack Kelly and Mrs. George Langston. Mrs. Wm. Reagan closed the meeting with a short prayer. During the social hour the secretary took a report of the contest being held in this circle and Mrs. Yates' side was the winners. Orange ice and cake were served to 16 members. Mrs. George Langston and Mrs. J. W. Triplett were joint hostesses.

Mothers' Club Will Have Social Meeting Thursday
The losing side of the contest just finished in the Mothers' club will entertain the winners in a social meeting at the recreation hall in Humbletown Thursday afternoon. Each member is requested to bring her mother or a friend's mother as this program is in keeping with Mother's Day. All members are urged to be present as this meeting will close the year's work.

Circle One of Presbyterian Church Meets Tuesday Afternoon
Mrs. B. G. Dowell and Mrs. E. Brown entertained Circle One of the Presbyterian church Tuesday afternoon at the home of Mrs. Dowell, 509 H avenue. The devotional lesson was read by Mrs. W. F. Watson. During the business session the circle voted to study Grace Saxes book on "Luke" with Mrs. W. P. Lee as leader. There were good reports given from the various committees. A social hour followed a brief program, with the entertainment in charge of Mrs. J. E. T. Peters. The hostesses served strawberry shortcake with punch to 11 members and one guest.

Mrs. Meacham Hostess to Circle 1, M. E. Society
Mrs. P. C. Meacham was hostess to Circle One of the Methodist Women's Missionary society Thursday afternoon. The spacious rooms were decorated with beautiful blooming plants. Mrs. John Shortzer, the leader for the afternoon

Circle Seven of the Baptist W. M. S. met Tuesday afternoon at the home of Mrs. J. R. Burnett on D avenue with Mrs. C. O. Meeks as hostess. The meeting was opened with a song "I Need Thee Every Hour," followed by a short prayer by Mrs. W. C. Shelton. After a brief business session Mrs. Burnett conducted the Bible lesson taken from the book of Ezra. After a special prayer had been offered for the meeting being held at the Baptist church this week, a social hour was enjoyed. The hostess served sandwiches, olives and tea to 12 members and one new member.

EASTLAND CO. PIONEER, MRS. HUNT, IS DEAD

RANGER, May 9.—Mrs. N. M. Hunt, 73, a resident of Eastland county for 30 years, died at her home here Tuesday morning after an illness of six weeks.

Mrs. Hunt was one of the pioneer Eastland county settlers, and had been a resident of Texas since childhood. She was born in Green county, Missouri, in 1855, and while a small girl she moved with her family to Texas. Prior to the time the family moved to Eastland county, Mrs. Hunt and her husband lived near Stephenville.

When Mr. and Mrs. Hunt moved to Eastland county they settled in the Merriman community, where a home was maintained until they moved to Ranger in 1916. Mr. Hunt died three years ago. Mrs. Hunt made her home with two of her sons, S. E. and Marion Hunt.

She is survived by nine sons, seven of whom were at the bedside at the time of her death. She also is survived by one sister, who lives at Eastland, and two half-brothers, one who lives at Anson and the other at Childress.

Surviving sons are A. W. Hunt, Baird; S. R. Hunt, Ranger; O. R. Hunt, Olden; B. W. Hunt, Best; J. S. Hunt, Ranger; T. D. Hunt, Ranger; Marion Hunt, Ranger; K. Hunt, Headley, and Pearl Hunt, Ranger.

Funeral services were held Tuesday afternoon at Merriman church and burial was in the Merriman cemetery. Services were conducted by J. C. Taylor, pastor of the church.

OPEN BIDS MAY 21 FOR HEMPHILL CO. BRIDGE
AUSTIN, May 9.—Bids will be opened May 21 by the Highway Commission for the construction of a timber bridge to cost \$18,000, over the Washita river on highway 4 in Hemphill county.

Projects advertised for bids total more than \$1,750,000, all to be taken up at the May 24 meeting.

NEW BOAT FOR LAKE CISCO IS VIEWED HERE

"Miss Laciaco," the new eight-passenger motor boat for Lake Cisco, arrived Tuesday afternoon aboard a truck, and was shown on D avenue to many who admired its trim outlines and general appearance. "The boat is equipped with a 45 horsepower motor, and has a speed of 40 miles an hour. However, this speed will hardly be ever reached, and no speeding will be indulged in until the boat is in service long enough to get "lumbered up," P. G. Berry, manager for the Cisco Amusement Co., said. The boat was driven through Cisco and out to the lake Tuesday afternoon where it was launched on the waters of Lake Cisco about 4 o'clock.

"This is the third new piece of equipment the Cisco Amusement company has installed for the pleasure of those visiting this resort," Berry said. "The water wheel and water top have already been received and installed at the swimming pool. These two devices promise to be the most popular aquatic sports by the swimmers during the season, though I expect the motor boats will still prove popular attractions for those who do not care to get in the water. Miss Laciaco is bound to prove a favorite with those who care for the thrill of sailing rapidly over the surface of the water. We will be able to carry seven passengers, besides the pilot of Miss Laciaco, three on the seat in front of the motor, and one on the pilot's seat and three on the back seat. The motor is located amidship, and the weight will be equalized, so there will be little danger of careening or capsizing."

A.C.C. FACULTY CHANGES TO BE MADE BY FALL

ABILENE, May 9. — There will be several additions to the Abilene Christian college faculty next year. Hugh Adams of Dallas will direct the orchestra and band next fall. Adams attended A. C. C. for two years, during which time he was a prominent cornet player in the college orchestra and in the Little Symphony orchestra.

J. Sullivan Gibson, who is now directing the band and orchestra and who is at the head of the geography department, expects to attend Wisconsin university next year while doing work toward a master's degree in the graduate school of geography. Mr. Gibson has taught in A. C. C. for the past two years, after receiving his bachelor's degree in 1925.

W. M. Yowell, who has formerly taught in Thorp Springs Christian college, Harper college and David Lipscomb college, is to head the sociology department of A. C. C. in 1928-29. He took his M. A. degree from the University of Texas, and has finished the required work for his Ph. D. degree at Peabody. Professor Yowell taught one summer at A. C. C.

Morgan H. Carter, present head of the sociology department, is to devote his full time to social service work during next year in one of the larger cities of the United States.

Charles R. Brewer, head of the A. C. C. English department, has been granted a leave of absence in order that he may devote his time to work in the Central Church of Christ in Nashville, Tenn. His successor has not been named as yet.

Miss Nell Chism, English teacher in the A. C. C. academy will teach expression at Greenfield, Okla., next year. Miss Chism took her B. A. degree from A. C. C. in 1927, and was also a graduate of the speech arts department. She will teach in this department during the absence of Miss Yetta Mitchell next summer.

COLEMAN SCHOOLS TO GRADUATE CLASS OF 50

COLEMAN, May 9.—Preceded by a week of colorful class activities, city schools in Coleman under the direction of C. H. Hufford, superintendent, are preparing to graduate an exceptionally small class of 50 students Friday night, May 18 at which Dr. J. L. Henderson of the University of Texas at Austin, will deliver the commencement address.

Beginning commencement week will be the commencement sermon delivered in the Coleman high school auditorium Sunday morning, May 13, by Rev. Sterling Fisher, San Angelo pastor. All city churches have planned to cooperate with the school authorities in blending all city services with those planned for the graduating class.

NEGRO SPEAKS TO EASTLAND ROTARY CLUB

EASTLAND, May 9.—A message of the work for health and beautification of the homes of the negro citizens was delivered by F. Rivers Barnwell, negro minister, who addressed the Rotary club Monday. The speaker is connected with the state public health service.

He declared that there are 202 deaths from tuberculosis among negroes to 87 among white people in proportion to population. The death rate for negroes from all the major diseases, except cancer, is higher than for white people.

By providing sewerage, water supply, lights and sidewalks for the negro district, the inhabitants would have a greater incentive to rid their premises of trash, clean their homes, paint or whitewash their homes and plant flowers and gardens, he said. Thus, not only would health conditions be improved, but the negroes would be better citizens and the improvement of their homes would add to the appearance of the city.

EXPOSITION DATES AT SWEETWATER SEPT. 26-29

SWEETWATER, May 9. — The Midwest Exposition will hold its annual fair September 26, 27, 28 and 29. The plans are being made to improve the race track and build an athletic field on the inside to take care of polo and football games for this year's fair.

Plans are being made for an increased number of agriculture and livestock exhibits throughout this section of West Texas, and the livestock department, which was the second largest in West Texas this past year, will also be improved to take care of larger numbers of various kinds of livestock that will be entered.

EARL THOMPSON RIG DESTROYED BY FIRE

EASTLAND, May 9.—Fire destroyed the rig of the Earl Thompson well on the R. T. White lease, north of town. It is believed that a thief, looking around for something to steal, caused the fire probably by striking a match to light a cigarette. This well was a producer for a considerable period and recently was deepened to the Bend sand where a good showing was found. This was passed up and the well lacked only 50 feet of being to the Ranger sand. The rig will be rebuilt and the well will be drilled to the Ranger. Afterwards, it may be decided to plug back and shoot the Bend.

One of the most largely attended Republican county conventions ever held in Eastland county was that of Tuesday, when practically every precinct in the county was represented by the 40 delegates attending and participating in the deliberations. And, it was noticed that among the delegates were several new faces never previously seen in a Republican convention in this county, said F. A. Blankenbecker, chairman of the 24th senatorial district, who headed the delegation from the West Cisco precinct.

The convention was called to order by Blankenbecker at 10 o'clock in the city hall at Eastland. The temporary officers elected were A. L. Agate, of Eastland, chairman; O. B. Newberry, of Gorman, secretary; Wallace Wagner, of Ranger, sergeant-at-arms. A committee on credentials and delegates was named, consisting of A. L. Agate, of Eastland, F. A. Blankenbecker, of Cisco, and J. P. Driehoffer, of Ranger. The resolutions committee was composed of Guy Dabney, of Cisco, chairman; Wallace Wagner, of Ranger, and W. W. Wallace, of Cisco.

The report of the resolutions committee, which was unanimously adopted, endorsed the candidacy of Herbert Hoover for presidential nominee, and R. B. Creager for national committeeman from Texas. The delegates were instructed to vote for representatives to the national Republican convention at Kansas City who will support Hoover for president, and Creager for national committeeman from Texas.

Permanent organization was perfected with the election of Dr. H. B. Tanner, of Eastland, chairman; O. B. Newberry, of Gorman, secretary, and Wallace Wagner, of Ranger, sergeant-at-arms. Upon the recommendation of the committee on delegates the following delegates and alternates were elected to represent Eastland county at the state Republican convention at Dallas May 22: F. A. Blankenbecker, Guy Dabney, Cisco; Dr. H. B. Tanner, A. L. Agate, E. E. Freyschlag, Eastland; O. B. Newberry, Gorman.

OIL COMPANIES STRUGGLING FOR OHIO'S CONTROL

CLEVELAND, May 9.—The international struggles, between the Royal Dutch Shell and the Standard Oil interests, which already reached three quarters of the way around the world has been carried into Ohio, the birthplace of Standard, with the opening of the first Roxana Petroleum Corp. storage station here. The Roxana, a subsidiary of the Royal Dutch, contemplates building five other stations in Cleveland shortly, it was said by oil men.

The Roxana Corp.'s construction of the station is only the beginning of a program here which, it is said will involve an expenditure of nearly \$5,000,000. The Standard oil's "competitor" will also erect a \$3,000,000 bulk station to be completed this summer and a tanker at Lorain, O., to carry oil from Shell refineries at Hammond, Ind., to the new bulk station here, it was reliably learned.

Cleveland, according to oil men, is now the farthest point east in the "battle" of Shell versus Standard in the United States. The battle began in California and gradually extended eastward toward the densely populated area.

NEW RECORD IS SET ON RANGER GOLF COURSE

RANGER, May 9.—The course record of the golf links of the Ranger Country club was lowered by one stroke Sunday afternoon when R. H. Snyder turned in a 37 for the nine holes. The previous record of 38 also was held by Snyder, and other members of the club.

Snyder made his 37 in a match with Rex Abney, who turned in a 42 for the round, which is considered good when the condition of the course is taken into consideration. Snyder is the only one to have the record of making a hole-in-one on the Ranger course. The solo shot was made several weeks ago.

Dr. Harry Logsdon turned in a score of 39 in a match play with Snyder, whose score was 40. Mr. Weeks, caretaker of the course, has been working on the course for the last two months and has improved the condition of the fairways and greens.

Many out-of-town golfers come to Ranger for their Sunday rounds.

MISSING GIRL IS LOCATED BY RANGER POLICE

RANGER, May 9.—A request made over a Fort Worth radio broadcasting station Monday night asking police forces over Texas to be on the watch for a 13-year-old Fort Worth girl, who left home Monday morning brought results, for the girl was located in Ranger Tuesday by Chief of Police Jim Ingram.

The girl was found at a Ranger boarding house but said she was waiting for her father, who, she said, would be back in Ranger in three days to get her. An hour's questioning failed to shake the girl's story.

Ingram talked with the parents of the girl in Fort Worth and they gave a minute description of their missing daughter.

When Ingram returned to the boarding house and informed the girl that her mother was en route to Ranger she admitted she was the girl being hunted.

She said that a few days ago she made the acquaintance of a man, who took her to school in his car. She said he told her to get all of the money possible from her mother and they would leave Fort Worth.

She said she left and came to Ranger where he told her to get out of the car and find a place to stay for two or three days and he would return for her.

Efforts to find the man who brought the girl to Ranger proved fruitless.

Mr. Olivia Chapdelaine knocked on Mr. Josef Cucovsky in the first round, or got knocked out, and if you don't know either, that shows the importance of such Armageddons.

HEAVY CHAMP OF ITALY ARRIVES

Umberto Torriani, heavyweight champion of Italy, who has finished off every contender in five rounds or under, is here breathing defiance and challenge to Mr. Tunney at any sort of contest. The new arrival is an ardent follower of the classics, including Homer and Shakespeare, and is willing to swap punches, smiles or metaphors with the classical Gene. (International Newsreel.)

RANGER CANDY MAN, HURT IN CAR, IS BETTER

RANGER, May 9.—The condition of W. H. Dyer, wholesale candy merchant of Ranger, who was injured Sunday in an automobile accident 16 miles east of Strawn, is reported improved by nurses at Pedigo sanitarium, Strawn, where Dyer was taken.

Dyer was knocked unconscious when the car he was driving turned over 16 miles east of Strawn between Palo Pinto and Winks City. The car was badly damaged. Dyer was returning from Mineral Wells to Ranger.

Dyer was rushed to the Pedigo sanitarium where it was at first thought that he was seriously injured. Nurses at the hospital said that Dyer had a very slight concussion of the brain but reported him to be out of danger.

"What does your wife think of you?" asks an advertisement. But why broadcast such depressing information? — The Norfolk Ledger-Dispatch.

Wishes of Texan Opposed to Capital Punishment May Save Slayer From Electric Chair

WICHITA FALLS, May 9.—Theodore Zimmerman, local groceryman who was shot to death at his store here April 13, did not believe in capital punishment.

So firm was his opposition to infliction of the death penalty that his widow, out of respect to his wishes, has asked district attorney Ben Allred not to demand the death penalty when Jack Nagle, 24, indicted by a special grand jury here for Zimmerman's murder, goes on trial here May 23. Mrs. Zimmerman and her husband's alleged slayer were brought together by the district attorney for a conference. Each had expressed the desire to talk the matter over with the other.

Mrs. Zimmerman "forgave" the youth for his part in her husband's death. Nagle is alleged to have confessed his part in the slaying of the groceryman but insisted that the killing was accidental.

Nagle was arrested at his home in Corrigan and brought here. His young wife, daughter of a wealthy Polk county family, has not been told of the murder charge against her husband on account of illness.

Flood warnings in the South have sent inhabitants fleeing to the high places; but White House warnings leave the flood relief bill advocates in Congress undisturbed.—The Louisville Courier-Journal.

New this season: The patented Hanes

SAMSONBAK UNION SUIT \$1

won't rip, won't tear, won't sag

SAMSONBAK

HANES

HANES has done it! For 1928, the patented SAMSONBAK webbing belt—unequaled at any price—not duplicated outside of HANES SAMSONBAK Union Suits for summer.

See that belt? There's stretchability. There's strength. There's fit. Grab hold of it. Pull it. Twist it. Yank it. You won't rip it or tear it away from the rest of the suit. What's more, the belt goes three-quarters of the way around your body—everywhere there's any possibility of stretching, pulling or binding. Not a strand of rubber in it.

A union suit built for your peace of mind—the comfort of your body! Try the favorite 1928 shopping sport for men only—a tug-of-war with your dealer on a HANES SAMSONBAK Union Suit. \$1—that's the price!

P. H. HANES KNITTING CO.
WINSTON-SALEM, N. C.

Look for the HANES SAMSONBAK label before you buy. The center section of the SAMSONBAK belt is light blue to help identification. If your dealer hasn't it, write us direct. Other styles in HANES full-cut athletic union suits priced at from 85c to \$1.50 the garment.

HANES College Combinations
Young men everywhere are enthusiastic about the new Hanes College Combinations. Full-cut shirts, buttoned or Swiss rib. Shirts expertly finished for perfect fit and comfort. Made of broadcloth, heavy jean and fine checks. Come in popular colored pin stripes and blazer stripes. Priced from 50c to \$1 per garment.

MORE TRUTH THAN POETRY

Consider your suit—the one you wear often and rough. There may be grime visible on collar and cuff. A lot of grease from your car quite likely is there, A nasal inspection presents an odor quite rare. Now, what a cleaner can do to that suit is magical. So, don't resort to destruction that's tragical.

Following is the report of oil activity in the Cisco field, district No. 8, as made to Omar Burkett, deputy oil and gas supervisor: May 6—Phillips Pet Co. No. 3 Joe Winters, TP survey, Jones county, intention to deepen to 4000 feet; drilling at 3030 with no oil showing. Crabb & McNeil and W. A. Cook, No. 1 Cox & McInnes, McMasters survey, Brown county, intention to drill to 1800 feet. Texas Co. No. 9 Roy Hickman, Benson survey, Brown county, dry after shot. Roth & Faurel No. 2 Sealy & Smith, GH&H survey, Brown county, production increased after shot. F. M. Curry No. 1 W. L. Logan, Kerr county school lands, Brown county, intention to drill to 500 feet. R. W. Cleavenger No. 1 Jesse Penn, SP survey, Eastland county, intention to drill 600 feet. Mendenhall Oil Co. No. 3 J. W. Newton, Miller survey, Brown county, producer; intention to shoot to increase production. Manning-Richard No. 1 Mrs. S. D. Hall, D&DA survey, Calhoun county, intention to plug. May 9—Dean Atkinson and Texas Co. No. 1 R. W. Starnes, GH&H survey, Coleman county, plugged. Cranfill & Reynolds No. 3 J. B. Eshbanks and No. 412 O. L. Keller, Mitchell survey, Brown county, intention to drill to 1400 feet. Culbertson Bros. No. 1 M. J. Suttles, survey No. 140, Brown county, intention to drill. Henshaw Oil Corp. No. 3 J. L. Cross and Nos. 13 and 14 J. P. Bush, Kinney survey, Brown county, intention to drill to 1300 feet. Clayreng Oil & Gas Co. No. 1 P. L. Brooks, Henatada survey, Brown county, intention to plug. Humphrey Bros. Inc. No. 1 R. H. Rutherford, Coleman county school lands, Coleman county, plugged. Pandem Oil Corp. No. 9 Texas Hutton, Noble survey, Brown county, producer. "B" No. 5, Britts survey, Brown county, intention to plug. Gordon & White No. 1 W. N. Mosely, Mosely survey, Brown county, intention to drill to 1200 feet.

There are even people who regard the traffic lights as an abridgment of their rights.—The Des Moines Tribune-Capital. There is being manifested quite a friendly rivalry among Lake Cisco fishermen," said C. G. Gray this morning. "Some of the anglers are making some good catches, as is being seen by the big bass that have been weighed at the Gray Hardware scales. But so far Benton and Zahn have captured the two of the weekly prizes that we have awarded. The first prize, a refrigerator fish basket for the biggest catch on opening day, went to Benton, and last Saturday P. A. Zahn won the flashlight for the biggest catch of the week, as Zahn's bass weighed 5 1/2 pounds." But Benton and Zahn will have to look to their laurels as Burl Powell, so far, is the champion angler for this week. The big bass bagged Tuesday weighed 5 3/4 pounds, and is so far the biggest catch reported since the open season in Lake Cisco began. Burl said it was like roping a two-year old steer to land this big fellow, for he pulled like a team of mules. MASONIC MEETING CALLED. All members of Cisco lodge No. 556, A. F. & A. M., are requested to meet at the Masonic temple Thursday afternoon promptly at 2 o'clock by order of the worshipful master, Fred Grist, for the purpose of burying O. W. Ford, whose funeral will be held at 3 o'clock, as it is desired to complete the funeral arrangements in time for the commandery meeting, which will supply a funeral escort for the body.

Dangerous Curves in Bankhead Highway to Disappear; State Engineer Early Inspects Roads

RANGER, May 9.—Engineer Early of the state highway department, accompanied by Wayne C. Hickey, secretary of the Ranger chamber of commerce, Dr. Bob Hedges, Ranger, and Mr. Taylor, selected by the county commissioners as the official engineer in widening the Bankhead highway through Eastland county, have inspected Ranger's portion of the highway. The inspection extended from just east of Olden to the Eastland-Palo Pinto line near Strawn. Early found that the right-of-way had been secured in practically all of Ranger's portion and he was well pleased with the result. Early made several suggestions relative to straightening out curves, eliminating "wiggles," dips and blind curves, and said that the state highway department would eliminate all of the death traps along the highway. Some of the work that Early will have done is: Evaluation of the Thurber curve to an extent that it will not be the sharp and dangerous curve as it is at the present time. Elimination of the "wagle" near where the Country club road joins the highway. Placing of concrete culverts in the two dms between Ranger and Strawn. Cutting out of dirt bank on the Thurber mountain, building up road on the side of the canyon and moving railings to provide a wider roadway. Removing blind curves on the same mountain by chopping away dirt embankments that block the view of the motorists. Elimination of the steel tubular derrick that stands in the intersection of Main and Commerce streets in Ranger. Elimination of a large part of the "S" curve, west of Ranger, where the highway crosses under the Texas & Pacific railroad trestle. FINE ARTS ASSOCIATION WILL MEET SATURDAY AUSTIN, May 9.—Preparations are being made here for the seventeenth annual meeting of the Texas Fine Arts association which convenes here May 12. The meeting will be held in the Elizabeth Ney Museum. The association has dedicated itself to two objectives: to care for and open to the public the Elizabeth Ney museum with its invaluable collection of that pioneer sculptor's works, and to assist the state in gaining a better realization of the value of true art in the environment of its citizens.

There are even people who regard the traffic lights as an abridgment of their rights.—The Des Moines Tribune-Capital. There is being manifested quite a friendly rivalry among Lake Cisco fishermen," said C. G. Gray this morning. "Some of the anglers are making some good catches, as is being seen by the big bass that have been weighed at the Gray Hardware scales. But so far Benton and Zahn have captured the two of the weekly prizes that we have awarded. The first prize, a refrigerator fish basket for the biggest catch on opening day, went to Benton, and last Saturday P. A. Zahn won the flashlight for the biggest catch of the week, as Zahn's bass weighed 5 1/2 pounds." But Benton and Zahn will have to look to their laurels as Burl Powell, so far, is the champion angler for this week. Ford, whose funeral will be held at 3 o'clock, as it is desired to complete the funeral arrangements in time for the commandery meeting, which will supply a funeral escort for the body.

Many of his supporters feel that "Hiram," a colt owned by J. N. Camden, former president of the Kentucky Jockey club, are touting him for first in the Kentucky Derby. (International Newsreel).

METHODIST CONFERENCE AT DE LEON

The Cisco district conference of the Methodist church convened at DeLeon in a two-day session. Rev. C. O. Shugart, the presiding elder, called the conference to order promptly at 9:30 and conducted the devotional. The editor of the DeLeon Free Press made the address of welcome in behalf of the church and the community. F. E. Pittman, president of the local bank, also extended greetings and welcome. Response was made by Rev. C. O. Shugart and Rev. P. T. Stanford. Reports were heard from all charges and indications are that they will equal last year's record, or perhaps surpass it. Dr. W. B. Andrews, director of superannuate endowment, spoke on the subject at the morning hour. The hospital cause was presented by the officials represented in a most impressive manner. THROCKMORTON HONORS MR. AND MRS. R. Q. LEE The Dallas News, in its story of the Throckmorton celebration on the occasion of the advent of the railroad into that city, had the following concerning a prominent Cisco couple: "Honors were paid to Col. R. Q. Lee of Cisco, builder of the railroad, all during the day Friday, but it was the Dallas delegation which started the bell tolling Col. and Mrs. Lee rode from Breckenridge into Throckmorton in the Dallas Pullman and, on behalf of the Dallas party, J. J. Taylor, State Press of the Dallas News, presented Mrs. Lee with a box of chocolates." These motorists who try to negotiate the red clay roads during the rainy spell are known as the chain gang.—The Atlanta Constitution.

Always... a square USED CAR deal from the Buick Dealer The Buick dealer is in business to stay. His future reputation depends upon his treating used car buyers fairly. He wants to please used car purchasers because he knows that satisfied used car customers are prospective new Buick buyers. The man who buys a good used car—honestly represented—at a fair price—receives splendid value in transportation. In his enthusiasm for the car he has bought, and the value he has received, it is only natural for him to look upon the dealer as his friend. The Buick dealer has many such friends because he represents the true condition of the used cars he offers for sale. And that is good business—for the Buick dealer, as well as the used car buyer.
