NUMBER 152

TEXAS

By WILL H. MAYES
Austin.

STATE BUDGET GROWS

There is a feeling among Texas citizens that the cost of state government is increasing out of all proportions to the growth of the state, that there are too many boards and commissions, too much work being duplicated in educational institutions, too many idle judges with long summer vacations, too much loafing on the part of state employees, too much traveling over the state by officials, supervisors and inspectors of various kinds, entirely too many people feeding from the state's crib, excessive payments for what the state buys. The state agencies departments and institutions have requested appropriations totaling \$64,284,810 for the biennium beginning next September 1, more than half of which is being sought by the educational institutions. Of course this huge budget will be cut by the Board of Control and again by the legislature, but it indicates the tendency of all state agencies to seek more and more money.

HIGHWAY DEPARTMENT SAVES

It is to the credit of the state highway department that at the end of the fiscal year, September 1, it had an unexpended fund of \$177,000, after all its expenses had been met. The appropriation for the department for the year was \$778,340. To save one-seventh of an appropriation for its support is something of which to be proud. Usually when any branch of a government for the year coming to a close with money likely to be left over, ways are studied and provided to use all the budget, on the theory that if it is not used it will be difficult to get as large an appropriation in the future.

NOT SEEKING STATE SCHOOL

Representative D. R. Montgomery of Edinburg has announced that Edinburg will not seek to have the state establish a university, a technological college or a state teachers' college in that city. This statement came as a result of a recent announcement that the South Texas chamber of commerce proposed to add technical work to the State Teachers' College at K.ville and that Edinburg would endeavor to have the state take over the Edinburg Junior College and make it a South Texas Technological college. Montgomery, he says, is pretty well satisfied with its splendid junior college.

FIRE LOSSES HEAVY

During the last five year period losses totaling \$75,851,333 were paid out by fire insurance companies operating in Texas, or more than \$15,000,000 a year. The premiums collected by the companies, according to the report of the State Fire Insurance department, were \$136,107,000, the average loss ratio of losses to premiums collected being 55.7. However, all of this difference does not represent profits to the insurance companies, as the operating expenses of the companies are given at \$52,628,480, leaving only a small margin for carrying the risks. The figures, though, show that Texas fire losses have been excessively heavy and make too much of a financial burden, which in the ultimate must be borne by the people.

FREE FAIR PAYS

The Tri-State Fair association at Amarillo has accumulated a debt of \$14,000 after five years' operation. It has hit upon the novel plan of asking admission to pay off the debts and advance of the opening, which is to be next week, the plan gives promise of succeeding. The receipts are coming altogether from concessions, exhibit spaces and commissions. Free parking and camping spaces are provided for all who may wish them. Free entertainment features have been set apart as "Ministers' Sunday Night" and the churches have arranged for an imposing program including a chorus of 500 voices. Already more money has been taken in than last year.

UVALDE GETS WATER

Uvalde seems to be on the way to solving its water and irrigation problem for all time. Tests have resulted in the discovery of apparently inexhaustible submerged streams of sufficient capacity to provide all the water that may be needed for domestic uses and irrigation and Uvalde is likely to become, say the reports, "the fountain head for irrigation in this part of Texas." Texas is only beginning to realize that the best development of any town or section rests upon a plentiful supply of water properly conserved and utilized.

BALLINGER CREAMERY ENLARGED

Ballinger has a co-operative creamery, which has been in operation less than a year. The manager has submitted a report of such success to the stockholders that they have decided to in-

Livestock Men Get Record Check

\$5,203 LARGEST PAYMENT FOR YEAR TO DATE

Another nice check—for \$5,203.23—has been distributed to the livestock shippers in the Cisco Country through the First National bank, as the returns for the three cars of livestock shipped to the Fort Worth markets Tuesday. There were two cars of 110 hogs and one car of 31 head of cattle in the shipment. The top price for hogs in this shipment was \$12.20 per hundredweight. The weight of the cattle shipped was 24,800 pounds, which netted the shippers \$1,927.93. The hogs weighed 29,915 pounds, for which the carners received the net sum of \$2,275.34. The shipment was sent through the Cisco Cooperative Livestock association. Following are those who consigned their livestock in this shipment:

Cattle—R. B. Clemmer, 1; Mrs. J. T. Graves, 1; E. J. Hale, 1; C. J. Bacon, 1; J. B. Coats, 5; L. F. Trest, 4; J. H. Burson, 4; H. J. Woodruff, 4; E. I. Penley, 1; P. S. Wiggins, 1; G. M. Stroebel, 3; G. S. Huatta, 1; G. C. Stroebel, 1; W. A. Dolberry, 2; total, 31.
Hogs—W. D. Brecken, 8; J. H. McKinney, 2; J. H. Burson, 1; E. J. Penley, 1; E. H. Wingo, 6; J. C. Thurman, 10; J. B. Bacon, 2; C. A. Weiser, 3; Herman Schaefer, 3; W. H. Craddock, 11; N. M. Popen, 2; A. E. Harrison, 1; Grover Cleveland, 5; C. D. Dunn, 5; B. O. Spence, 7; B. A. Brown, 9; Henry Harris, 1; W. A. Hale, 5; E. J. Hsieh, 2; total, 89.
Pigs—W. F. Hollenbeck, 10; Henry Stroebel, 3; G. D. Dunn, 5; total, 18.
Sows—Henry Stroebel, 1; J. C. Thurman, 1; T. J. Hale, 1; G. C. Stroebel, 1; C. D. Dunn, 2; total, 6; total number of hogs, 110.

RANGER WINS OPENING GAME BY 38-0 SCORE

RANGER, Sept. 15.—The Ranger Bulldogs had little trouble in defeating the Stamford High school team in the opening game of the football season here this afternoon, 38 to 0. The Bulldogs outplayed the visitors in every department of the game.

PLAINVIEW CHIEF OF POLICE IS ACQUITTED

PLAINVIEW, Sept. 15.—H. H. Murray, police chief of Plainview, was acquitted of the murder of O. J. Thompson, 27, of Tulsa, by a jury in District court here Friday. The jury deliberated only thirty minutes before returning a verdict. Thompson was fatally wounded in a struggle on the streets of Plainview two months ago. Murray was thrown from Thompson's automobile and slightly injured.

Mrs. Joe Robinson

Above is a new studio portrait of the wife of the Democratic vice-presidential nominee; the first taken since her husband's nomination by the Houston convention.

GOVERNOR SMITH'S FACE IN MOVIE STRIP

An interesting character study of Governor Smith is shown in this series of five pictures recorded by the movie camera. The showing of Governor Smith's picture in movie theatres is a signal for prolonged applause.

1,164 Persons in Cisco with Church Letters Elsewhere or Non-Members with Preferences, Census Reveals

INTEREST IN GOLF TOURNEY IS MOUNTING

Interest in the annual fall championship golf tournament which started on the links of the Cisco Country club Saturday morning is mounting fast. Several applicants to the crown now being worn by W. T. (Bill) Graham, the 1927 champion, are on the course shooting their qualifying rounds for this tournament. All players who expect to enter this tournament are requested to play their qualifying rounds today or as early in the week as possible. The last day allowed for qualifying is next Friday.

The Calcutta pool tickets are going fast and this pool promises to be one of the best ever conducted by a single club where only the members are participating. Members desiring tickets allowing them to participate in the drawing of the first flight at the County club Friday night should get them from J. E. Tichenor, Jack Kelly, T. J. Duncan or G. M. Simpson.

REPORTS SHOW LIBRARY HAS BALANCE OF \$54.60

The Cisco public library had a balance in the treasury of \$54.60 on September 7, according to the report for the past year made to the XXth Century club Friday by Mrs. J. B. Cate. The report was as follows:

Balance in treasury Sept. 16, 1927	\$ 17.72
Receipts	
Subscriptions and fines	193.77
	211.49
Disbursements	
Lamar & White, books	93.95
Dean Drug Co., books	19.82
Grace Nail Crowell poems	1.50
Expense moving library to city hall	10.00
Expense moving library to new building	10.00
One night latch	2.50
Janitor service	.40
Library supplies	6.05
Lights and gas	7.00
	\$156.60
Balance in treasury	\$ 54.60
Respectfully submitted,	
Mrs. J. B. Cate, Treasurer	

There are 1,164 persons in Cisco with preferences for various local churches but either with membership elsewhere or without membership but preferences, according to the religious census conducted here last Sunday morning under the auspices of Rev. S. J. T. Williams, campaign director of the union revival now in progress.

Tabulation of the census figures were completed yesterday. Of that number 470 were church members with membership in other churches here.

It is the desire of the church officials here and of the leaders in the Hogg revival to have this entire number affiliate with Cisco churches.

The First Methodist church stands to gain the most. There are 120 persons in Cisco with membership elsewhere who prefer that church and 334 without membership who prefer it, for a potential gain of 454.

The First Baptist church is the preference of the next most. There are 133 here with membership out of the city who give it as their preference and 127 unconnected who prefer it, for a total of 260.

There are 57 members of the Christian church living here but with letters elsewhere who prefer the First Christian church of Cisco. It is also the preference of 64 persons not members, for a total of 121.

The potential gain of the First Presbyterian church is 97. Forty-eight non-transfered their membership and 49 persons without membership prefer that church.

The East Cisco Baptists come next with a possibility of gaining 96. There are 64 persons preferring it who have not moved their membership and it is the preference of 32 non-members.

Fifteen persons living here prefer the Twelfth Street Methodist church when they move their church letters. There are 37 non-members who prefer it to make a total of 52.

There are only two Nazarenes in Cisco whose membership is elsewhere but there are 46 without church membership who prefer it for a potential increase of 48.

There are 15 members of the Church of Christ in Cisco with their letters "back home."

The census as applying to other denominations revealed the following: Lutherans: Membership outside of Cisco, 2; non-members with preference, 1; total, 3. Church of Living God: Non-members with preference, 4. Christian Scientist: Membership outside of Cisco, 7. Jewish: Membership outside of Cisco, 7.

TO ASK \$500,000 FOR STATE CEMENT PLANT

AUSTIN, Sept. 15.—Roy Tennant, member of the state board of control, announced today that the board will seek a \$500,000 appropriation for the construction of a cement plant from the next legislature. Convict labor would be used to operate the plant. The plant would tend to combat the so-called cement trust as the state would manufacture its own cement for highway construction.

U.S. HEARING DATE SET

AUSTIN, Sept. 15.—The state railroad commission today set for hearing September 27 at Edinburg the application of E. G. Mason to operate a motor bus line from Hidalgo to Brownsville.

Couch, Former Backfield Star of Loboos, Reports for Practice at Badgerland; Plenty of Material

Cecil Couch, erstwhile star backfield player for the Randolph Badgers last season during that school's probationary period in junior college athletics, has reported to the Badgers again this season and will have to be reckoned with by those teams contending for the gridiron championship of the junior college conference games this season. Randolph college is now in full affiliation in all conference athletic games to be played by junior colleges of Texas, and those who have seen Couch in action say he has lost none of his football qualities since he played with the Big Dam Loboos, but has improved as he has become more seasoned in this sport.

Couch will have plenty of support when the Badgers get in action in the coming season, which begins October 5, but the Badgers will not get squared away until Oct. 15, when they will play the Cameron State college team of Oklahoma, at Cisco. They will have plenty of action after their first game, as the Badgers will journey to Decatur to play the Decatur college there Oct. 19. They will have three games at home. Returning from Decatur they will play Ranger college in Cisco Oct. 27; then Add-Ran at Terrell, Nov. 3; Burleson college, at Greenville, Nov. 12; St. Mary's university, at

CABLEGRAM SENT TO ROMANIA COSTS CISCO BUSINESS MAN \$125

Morris Kleinman sent a cablegram Friday to send greetings to his mother in Roumania, 12,900 miles away, congratulating her on her good health and in wishing to celebrate another Jewish holiday, September 15. The marvel about the matter is that organization of his business is so perfect that this message cost only one \$125 to carry it that distance, which is half around the earth.

DAVIS BOY, 12, RELEASED BY HABEAS CORPUS

Woodrow Wilson Davis, 12, the youngest of the trio indicted by an Eastland county grand jury Friday in connection with the murder of Lucien and Leon Shook in the Leary community Sept. 7, was released on \$2,500 bond Saturday. The release followed an application for writ of habeas corpus before Judge Elmo Beck.

His brother, Tom Davis, and Clyde Thompson, the other two indicted for the crime, are being held in the county jail without bond. Thompson confessed to the actual slaying of the Shook brothers.

BUTCHER BOY MUST DIE FOR KILLING LOVER

LOS ANGELES, Sept. 15.—A jury of five women and seven men this afternoon found Leo P. Kelley, butcher boy, guilty of the brutal murder of his sweetheart, Mrs. Myrtle Melius, wealthy society matron. The verdict declared Kelley was guilty of murder in the first degree. After hearing the foreman of the jury pronounce him guilty of the slaying, the butcher boy collapsed and his mother also lost consciousness. The jury deliberated a little less than an hour.

The decision means that Kelley must hang for the killing unless he "takes an appeal" to a higher court and succeeds in winning a reversal or rehearing.

Fifth Hurricane in Year to Visit Palm Beach Area Today; Virgin Islands Hit; 15 Die in Rockford

WEST PALM BEACH, Fla., Sept. 15.—Facing the worst hurricane ever to strike the lower coast, residents of the Palm Beaches today were preparing for the storm—the fifth to strike this section this year. Weather reports indicate that the tropical disturbance moving in this direction will hit this section early Sunday. Bats were moved to shelter and plate glass windows of business establishments were boarded.

Unofficial barometer readings here show the needle at 29.90 and slowly sliding downward.

15 Injured at Rockford. ROCKFORD, Ill., Sept. 15.—The number of victims of the fatal Rockford cyclone was increased to 15 here this afternoon with the finding of three more bodies in the ruins of an industrial factory.

Estimates of those injured were placed at 150, many of whom were seriously and perhaps fatally crushed.

Red Cross Fund of \$30,000. WASHINGTON, Sept. 15.—A terrific hurricane has struck the Virgin Islands, the American Red Cross was advised by Miss Katherine Cameron, a nurse at St. Croix.

No communication with St. Thomas was wired. "One hundred homeless. Need clothes and money for food."

The Red Cross army, navy and coast guard were cooperating today in rushing relief to sufferers of the Santo Rican hurricane. A navy destroyer was sailing from Charleston, S. C., with a Red Cross good supply of relief supplies. A \$50,000 fund has been appropriated by the Red Cross to begin relief work. More money will be sent later to Porto Rico and the Virgin Islands.

80 Per cent Are Homeless

SAN JUAN, Sept. 15.—Scores of families stalked through San Juan today adding to the thousands of thousands made homeless by the worst tropical storm ever recorded in Porto Rico. Torrential rains have destroyed wheat food stores and the water supply is disorganized. Only a few days' food supply is left and thousands have been cabled to the United States entreating immediate relief. Practically eighty per cent of the population is homeless.

CISCO PASTOR TO AID BAYLOR COUNTY DRIVE

WACO, Sept. 15.—Further assurance that the Baptists of Texas and Baylor University alumni will reach the \$2,000,000 goal sought in the Greater Baylor state-wide campaign has reached the state office here with acceptance of a large number of county chairmen who will cooperate with city, association and district chairmen to promote the drive.

Retirement of Baylor's indebtedness and creating of additional endowment will be effected when the campaign succeeds. Raising the \$2,000,000 really means an aggregate of \$4,300,000 for Baylor, with promised gifts of \$1,000,000 each from Dallas and Waco for new buildings, and \$300,000 promised by the general educational board when the school's endowment is increased. Rev. A. C. Miller of Cisco has accepted the chairmanship of Eastland county in district 13 and has already begun activities toward promoting the campaign in that section. His church chairmen will be announced soon.

Every step of the work now leads toward the launching of the popular campaign from November 16 to 23. On Sunday, November 11, "Baylor Sunday" will be observed at every Baptist church in Texas before the great drive starts.

RECEIVER APPOINTED FOR SHIP CHANNEL TRUST CO.

AUSTIN, Sept. 15.—District Judge J. R. Hamilton today appointed Joe S. Meyers of Houston as receiver for the Ship Channel Trust Co. The state filed suit August 30 for forfeiture of the company's charter on the grounds of insolvency.

Here's Helen Willis—our own "little poker face"—as she will appear when she starts off on her stamping tour of the East in behalf of Herbert Hoover, Republican nominee. Colonel John Q. Tilden, G. O. P. speaker-elect, says Miss Willis probably will speak in Dallas along the Eastern seaboard.

CHICKEN RANCH REVEALS PROOF OF 4 KILLINGS

LOS ANGELES, Sept. 15.—Discovery of several small finger bones in a lime-filled hole on the "murder farm" near here today gave investigating officials further proof, Stanford Wesley Clark, 15-year-old Canadian youth, that four boys had been murdered and buried on the lonely chicken ranch.

Young Clark declared his uncle, Stewart Northcutt, 21, who is reported under surveillance at Vancouver, B. C., had murdered three children, forced him to kill one of the boys and to bury the other three.

In the chicken house in which young Clark said the bodies of the victims had been buried, investigators reported they had found today a second blood-stained hatchet, crusted with human hair.

ROAD IN NORTH EASTLAND CO. IS IMPROVED

Commissioner Elrt Britain is doing a nice piece of work on the lateral road in the northern part of Eastland county leading from the Edlemann community to highway 23, according to Jim Edlemann. While here Friday afternoon Edlemann said that Britain had a road machine and men on the job and was putting that feeder to highway 23 in first-class shape. The work was commenced last Thursday, and much of the road has already been finished.

"This road will enable those living in that community, which is on the line of Stephens and Eastland counties, to reach Cisco by being their county and buy their merchandise, which has been practically impossible in the past, on account of the bad condition of this lateral road. Most of my neighbors prefer Cisco as a market place, but we have been unable to get here previously, and were compelled to go to some other market. Cisco is a better opportunity than other towns accessible to the people of that community, and we can buy our merchandise at quite a saving to Cisco," Edlemann said.

THE WEATHER

A PRAYER FOR SUNDAY MORNING.

We give Thee thanks, O Lord our God, for the rest we have enjoyed during the night, and for the light of another day. We give Thee thanks for Thy guidance during the week past, for labor and its rewards, for friendship and its encouragements, and home, with its comfort and love.

INCREDIBLE LUNKHEADEDNESS.

A man came down the street driving a car; he almost ran over several folks at several different places; cut corners, scraped into other cars, ran past traffic signals; and did about everything an autoist shouldn't do.

The man had a face that indicated a mentality of about eight years; still he had a license to drive a car because he was old enough.

It's funny, isn't it, that we know so much and yet make no use of what we know. We know that physical age may have nothing at all to do with mentality. We know that there are men and women with bodies thirty years old whose minds are ten and twelve years old and less.

"How old are you?" asks a manager of an applicant.

"I am forty years old," replies the applicant.

"Uh huh," muses the manager, "then you are old enough to have sense."

Why should the manager think that because the applicant's body is forty years old he has sense? The applicant may have had experience, but if he hasn't the right sort of equipment above the eyebrows, his experience isn't worth much.

"How old are you?" I am twenty-one. Then you are old enough to vote; you are old enough to have a voice in the running of the nation.

How old is he? Not how old physically, but how old mentally? That's what we should know before we give him permission to take a swift, powerful, potentially destructive automotive machine through the streets and over the highways.

We all agree that no eight year old child has any business behind the steering wheel of an automobile; and neither has a twenty-one year old man nor a fifty-one year old man with an eight year old mind.

PATRIARCH OF PATRIARCHS.

Those who revere old age must make obeisance to Mr. Li Chung Yan, who according to the North China Herald recently celebrated his 250th birthday. Possibly the reporter made a mistake in figures, or was misled by the amazing circumstances of the old gentleman's birthday party.

RED SOCKS.

Sir Oliver Lodge's latest eccentricity consists in wearing red socks with full dress. Red socks are bad enough with any outfit, but seem especially irritating with evening clothes.

red socks? Here we run up against a fundamental mystery. He is probably like the little girl who remarked, out of a clear sky, "Oh, father, if you could only imagine how I love the color of red!"

A LIVING MUSEUM.

"Every once in a while," says Samuel Crowther in the Ladies' Home Journal, "someone does have an absolutely new idea." Henry Ford, who has had several new ideas in his life, has one now that seems as good as any of his others. The world today is going in for museums, to bring the past to the attention of the living and enable the latter to gain instruction and profit thereby.

RECLAMATION.

Reclamation of arid lands takes on new interest, after a lull. The United States Bureau of Reclamation has a program of construction which proposes to spend \$100,000,000 during the next 10 years, completing old projects and opening new ones. The subject gains interest, too, from the flood-prevention plans of the federal and state governments.

FLYING CURE.

Another child, this time in Massachusetts, was sent up in an airplane the other day to cure him. He was deaf, and his father thought if he were scared badly enough the fright would make his ears function. It is a little hard to trace the connection between cause and effect, but anyway that is what the father thought.

DO YOU REMEMBER?

American and Roundup, September, 1914. On Saturday evening Mrs. T. J. Dean, who had as her guests Maude and Thelma Leeper of Big Spring, entertained for them when a number of the young girls and boys in the neighborhood formed the personnel of the guests.

ITEM ABOUT FORD TRUCK BROUGHT WOULD BE TRADE

The Ford truck recently acquired by the Merchants Fast Motor Co. was not for the Abilene line between Cisco and that city, according to George Harkness, local agent for the company.

Since the Daily News carried the little local saying this truck was for the Abilene line there have been many calls at the local office for service out of Cisco. The company has not yet established this line. The Ford truck was purchased for city deliveries.

Harkness said, Harkness is in Dallas today where he is conferring with the company regarding the establishment of the service between Cisco and Abilene.

Laundry customers are asked to look among their bundles and any one who finds a blue bordered napkin not theirs will be given the price of the laundry bundle on return of napkin. CISCO STEAM LAUNDRY. 152.

NUMBER 152

NEW ATTENDANCE RECORD EXPECTED AT REVIVAL

'Second Coming of Christ' and 'Wages of Sin' to Be Subjects of Dr. Hogg at Services Today

With two special messages scheduled for the tabernacle today and with the impetus of two weeks of steady preaching and religious effort, it is expected that the attendance at both services will set a new record for the campaign thus far if not for any religious effort witnessed in Cisco for many years. Of special interest both to local citizens and hundreds of out-of-town people who are following the revival here with great interest is the subject announced for this afternoon at 3 o'clock on "The Second Coming of Jesus Christ" in which message the evangelist plans to discuss the Bible teaching concerning this important future event. Those who have heard it, both in the ranks of the ministry and the laity, regard this message as one of the most clear-cut discussions of this vital topic being delivered on the American evangelistic platform today and interest, especially among Bible students, is marked. At tonight's service Dr. Hogg is to preach on "The Wages of Sin."

Local church services this morning are expected to be unusually well attended and additions to almost every church are scheduled for today as a result of the follow-up work which has been done on the city-wide census taken on last Sunday. Pastors of the churches made their various announcements on Friday night and each stressed the fact that they desired a great rally day in the Sunday schools this morning and record attendance is expected.

Special music will feature the preliminary service today and it is expected that the big choir platform will be pecked with singers. Mr. Rodgers stated that all his platform seats have been definitely assigned to some singer and the music at tonight's services promises to be an exceptionally interesting feature of the day's program.

The very constitution of God's righteousness would demand that He punish sin.

A man has no right to go to the Bible and pick out what he wants, he must take it all.

It is where a man spends eternity that counts.

It is amazing how people get under conviction when you talk to them about Jesus.

You may be right in your social circle and wrong with God; you may be right with your bank but wrong in the sky; you may be right with the folks who think they know and wrong with the church.

The church has one big business, that is lifting up Christ to the world. The commission of the church is to preach the word.

In some churches they have put the fire out on the altar and "lit" the kitchen stove. We need piety as well as pie.

You cannot show Jesus to anybody until you have seen Him yourself.

Sincerity is living out what you really believe.

Paul always had either one or two things, a riot or a revival—there was no middle road.

The slipperiest, most dangerous place in modern life is the pasture of a large city church.

The churches of a city ought to be the conscience of a city.

The two poorest things in this world are a new born babe and a dead millionaire.

Khaki is the blue of the North and the grey of the South mingled together and dipped in blood.

Jesus Christ has never promised to be with that church that doesn't either "go" or "send" the gospel to the world.

If hell isn't eternal, then heaven isn't eternal. Both eternal hell and eternal heaven are taught in this Bible and Jesus himself gave us more revelations concerning hell than any other Bible character. Better be careful how you tear up your Bible. Tear up part of it and the rest is worthless.

The "fearful" are placed in hell before the whoremonger and the murderer. There will be more

PITHY PARAGRAPHS FROM HOGG

Jesus doesn't give treatments—He gives cures.

Some folks say they don't like evangelists. Luke was an evangelist. Matthew, Mark, John, Paul, Philip—all were evangelists. Big boy, I'm in good company.

You had better save yourself from the worldly crowd. You are going to be either a servant of Jesus Christ or a slave of the world.

The church that we have today descends from the upper room.

The church has one monopoly—the baptism of the Holy Spirit.

When the jay bird teaches her young to fly she gives them a definite objective. We are pampering and petting our children to ruination. If you are building up a surplus, you had better watch the effect on your family. It may destroy the very things you love.

HOGG REVIVAL PROGRAM Sunday

9:45 a. m.—Regular Sunday school services in the various churches as usual.

11 a. m.—Regular morning worship service in the various churches as usual, the pastors in charge. Reception of new members. Dr. Hogg and party will conduct special services at Balm at this hour.

3 p. m.—Mass meeting at the tabernacle. Dr. Hogg will preach on "The Second Coming of Jesus Christ."

7:30 p. m.—Regular evening tabernacle service. Sermon subject: "The Wages of Sin."

Special music at all services by the big chorus.

Services each day next week at 10 a. m. and 7:30 p. m.

people in hell because they were moral cowards afraid to take a stand for Christ against their worldly associates than there will be there for adultery and murder combined.

Sidelights On Union Revival

Religious services today in all the churches and in the tabernacle are expected to mark a new record in interest and attendance. Churches of the city are expecting large crowds at both their Sunday school and morning worship services and pastors already have been notified of quite a large number who plan to unite with the various churches today as a result of the follow-up work of the city-wide census taken last Sunday. Thus far no invitations have been given at the tabernacle. At 3 o'clock this afternoon Dr. Hogg is scheduled to preach on "The Second Coming of Jesus Christ" and much interest is evinced throughout the entire section in this special message and a capacity crowd is expected. At the night service Dr. Hogg has announced his subject as "The Wages of Sin" and an overflow crowd is planned for. Additional seats have already been provided and the usher parties are making plans to handle the record crowd of the campaign thus far.

A great throng of young people, including good delinquents from Rising Star and other outside points, heard Evangelist Hogg's stirring message on "The Great Divine Dr. Hogg eloquently entertained his young auditors in the opening minutes of his message and in the close thrilled them with his stirring passages inspiring them to the reading of an unspiced and useful life. The entire audience was especially gripped by the minister's closing illustration in which he told of the first moment of death in the lives of two remarkable men, Aaron Burr and Robert E. Spier, and drew lessons for his young hearers from the resulting lives of those two well known men.

Great interest is evinced in Dr. Hogg's practice of giving Bibles at each service. The Bibles are of unusually large print and handsomely bound and make a most desirable and appropriate souvenir of the campaign. Dr. Hogg has explained that he never sells a Bible and that his practice of giving them originated in a vow he took to devote a portion of his income in that way when he was partially blind. He feared the complete loss of his sight and realized the tremendous void that would be left in his life if the privilege of Bible-reading were denied him. It was at this time that he began to memorize the Bible and he has so arranged it that now he never reads a Bible in public and never uses one in his pulpit, quoting all his scripture references from memory. Dr. Hogg's first gift Bible in Cisco was No. 79,750.

The song "Wonderful Words of Life" is getting to be a great favorite with the tabernacle crowds and it is not at all unusual to hear it hummed or whistled on the streets and in the homes and business houses during the day. It is sung in the tabernacle every night just before Dr. Hogg awards his Bible and is designated by Chorister Rodgers as the Bible song.

Answer this one: Name the Old Testament character, frequently referred to in the Bible, definitely referred to by Jesus in the New Testament, a part of whose sword is in every kitchen. Dr. Hogg offered a Bible Friday night to anyone who could answer it, but out of 2,000 people not one spoke up.

Head Usher Henderson left her to one of Dr. Hogg's gift Bibles on Friday night to the great delight of the crowd that appreciates the splendid manner in which he has been handling the large audience at the tabernacle.

No service was held during the day Saturday, but another good crowd heard Dr. Hogg preach last night. The Hogg party is due in Balm for the 11 o'clock service today and will return here in time for the afternoon service at 3 o'clock.

The souvenir song books of the campaign containing all the beautiful choruses used by the choir and also containing pictures of each member of the Hogg party sent live notices and were quickly taken up. Some 50 more were found and placed at the audience's disposal on Friday night. Chorister Rodgers stated that he hopes to get a new supply of the books before the party leaves for its next engagement so that all who want one may be supplied.

The big pine tabernacle is for according to an announcement by Campaign Director Williams. The building with its thousands of feet of lumber will be sold to the highest bidder and Mr. Williams states that it will be a great bargain for any man contemplating the building of any building of any proportions. Very little of the lumber has been touched by a saw and a few nail holes will be the only damage. Those interested in the purchase of the tabernacle should see Mr. Williams for any information at once as the building will be sold in the next few days to be wrecked by the purchaser at the close of the revival effort.

before Dr. Hogg awards his Bible and is designated by Chorister Rodgers as the Bible song.

POEMS OF MRS. ROBERTSON TO BE PUBLISHED

agreeing to publish the book on a royalty basis is one of the best compliments that could be paid to this Eastland county woman as an author. The poems of Lewis Dean Robertson are familiar in literary clubs circles of Texas, where they have been read on previous occasions in many social functions.

The woman who used for \$10,000 because a goose attacked her evidently takes rowl play seriously.—Omaha World-Herald.

Cheap Femininity. "Men are more valuable than women." "What utter nonsense!" "It's a fact. Every man has his price, but brides are given away." The "ecstasy glide" in slow fox trot rhythm, is the approved dance for the coming season, the dancing masters of the country announce. The political sideslip would be more appropriate.—Bellingham Herald.

"Red Heels" a book of poems by Mrs. Lewis Dean Robertson of Rising Star, whose literary talents have become recognized all over Texas, will soon be published. Accompanied by her husband, J. F. Robertson, the author was in Dallas recently where they met a representative of a large publishing firm of New York City and a contract was secured for the publication of a volume containing a collection of Mrs. Robertson's poems under the above title. "Red Heels" will be off the press about December 1, according to the contract, which is on a straight royalty contract, the publishers producing the book for a percentage of the net revenue. The fact that the publishers recognize Mrs. Robertson's talent by

Failure to Reapportion House of Representatives Membership May Be Deciding Factor in Election

NEW STRIKE IN CADDO LIME IS THOUGHT MADE

CROSS PLAINS, Sept. 15.—A new strike is believed to have been made in the Caddo lime seven miles southeast of Cross Cut on the J. H. Keller land, east central part of the Robert Mitchell survey No. 141. In response to a 180 quart shot given to the Cross Cut Oil Corporation's No. 1 J. H. Keller in 50 feet of lime at 2625, oil immediately rose 600 feet in the hole overnight with the well set bridged. Further drilling increased the height to 900 feet and greatly increased the gas pressure. When cleaned and placed on the pump it is considered good for 50 barrels or better.

DE LEON NEWLYWEDS PLAN TO CONTINUE IN COLLEGE

DE LEON, Sept. 15.—Mr. and Mrs. Wayne Mulloy, probably the youngest married couple in De Leon left a few days ago for Lubbock where they will enter school at Texas Technological Institute. Both are under 20 years of age, and they left with a determination to complete their education.

The bare-legged lad has knocked the socks out of the silk stock of business.—Nashville Banner.

WASHINGTON, Sept. 15.—Failure of congress to reapportion membership of the house of representatives may decide the presidential election this year.

The presidency goes to the man who wins a majority of votes in the electoral college. And each state is represented in the electoral college on the basis of its numerical representation in congress.

If reapportionment had been made on the basis of the 1920 census at any time during the last ten years, 12 electoral votes would have been taken from states no longer entitled to them and transferred to others.

Twelve is a small part of the total of 531 votes in the electoral college, but the contest between Wilson and Hughes was settled by as small a number.

The change, if it had been made, probably would have worked to the advantage of Hoover. Three of the electoral votes transferred would have gone to California, and although the right of the 12 would have gone to states he has an excellent chance of winning.

The 12 would have been taken from Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Mississippi, Missouri, Nebraska, Rhode Island and Vermont. They would have been transferred to California, Connecticut, Michigan, New Jersey, North Carolina, Ohio, Texas and Washington.

If reapportionment is not made following the 1930 census, an even more marked effect will be had upon the presidential election of 1932.

According to estimates made by the census bureau, 23 representatives and electoral votes will have to be transferred from 17 states and given to 11 other states to effect a just distribution on the basis of population.

Twenty-three electoral votes might easily make a difference in the result of a presidential contest.

Street Paving Ordinance

ORDINANCE OF THE CITY COMMISSION OF THE CITY OF CISCO, TEXAS, DETERMINING THE NECESSITY FOR LEVYING AN ASSESSMENT AGAINST THE PROPERTY OWNERS ABUTTING ON PORTIONS OF BLISS AVENUE, LIGGETT AVENUE, AND BULLARD AVENUE, IN THE CITY OF CISCO, FOR A PART OF THE COST OF IMPROVING SAID STREETS AND FIXING A TIME FOR A HEARING OF THE OWNERS OR AGENTS OF SAID OWNERS OF SAID PROPERTY, OR IF ANY PERSONS INTERESTED IN SAID IMPROVEMENTS, AS PROVIDED BY CHAPTER 11, TITLE 22, REVISED STATUTES OF TEXAS OF 1911, NOW CHAPTER 9, TITLE 22, REVISED STATUTES OF TEXAS OF 1925, AND THE CHARTER AND ORDINANCES OF THE CITY OF CISCO, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE OF SAID HEARING, AND EXAMINING AND APPROVING THE STATEMENT OR REPORT OF THE CITY ENGINEER, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE City Commission of the City of Cisco; That, whereas, the City Commission of the City of Cisco has heretofore by ordinance duly passed and approved ordered the improvement of the following streets in the City of Cisco, to-wit:

Bliss Avenue from west line of Pershing to east line of Belmont, Liggett Avenue from west line of Pershing to east line of Belmont, Bullard Avenue from west line of Pershing to east line of Belmont.

Each unit or district shall be and constitute an entire and wholly separate and independent unit of improvement. The construction of said improvements in each separate unit or district shall be wholly independent of the construction in any other unit or district. The assessments to be levied in each unit or district shall be made according to the cost of the improvements in that particular unit or district and in accordance with the benefits accruing to the property by reason of said improvements in that particular unit or district, wholly and entirely independent of the cost and of the benefits accruing by reason of the improvements in any of the other units or districts, and.

Whereas, plans and specifications for the improvements of said streets have been duly prepared and approved as required by Chapter 11, Title 22, Revised Statutes of Texas of 1911, now Chapter 9, Title 22, Revised Statutes of Texas of 1925, and the Charter and Ordinances of the City of Cisco; and.

Whereas, as required by said Charter and Ordinances and Statutes, after sealed competitive bids for said work of improvement had been made, said work of improvement was let to Edwin M. Rabon to improve with a base consisting of sand, gravel and concrete curbs and gutters, and necessary work in connection therewith, as provided by said plans and specifications; and.

Whereas, a written contract has been entered into and between the City of Cisco and Edwin M.

Rabon for the construction of said improvements; Therefore,

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF CISCO, That the report or statement of the City Engineer, filed with the City Commission, describing the abutting property and giving the names of property owners and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved. That the City Commission does hereby determine to assess the total cost of curbs and three-fourths of the total remaining cost of said improvements against the owners of the property abutting thereon, and against their property, in accordance with the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, now Chapter 9, Title 22, Revised Statutes of Texas of 1925, and the Charter and Ordinances of the City of Cisco. That the said assessment shall be made after the notice to such property owners and all interested persons, and the hearing herein mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners and their property shall be in accordance with the Front Foot Rule or Plan in the proportion that the frontage of the property of each owner in each particular unit or district bears to the frontage of the whole property in that particular unit or district; provided that after such hearing, if such plan or apportionment is found to be not just and equitable in particular instances, the City Commission shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on the particular unit or district, having in view the enhanced value of that property and the benefits derived from such improvement, and the burdens imposed upon them by such assessment; and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners, and their properties shall become due and payable as follows: One-fifth one year after the completion and acceptance by the City of Cisco of the improvement in the particular unit or district; one-fifth two years after said date of acceptance; one-fifth three years after said date of acceptance; one-fifth four years after said date of acceptance; and one-fifth five years after said date of acceptance together with interest from said date of acceptance at the rate of eight per cent, per annum, and reasonable attorney's fees and all costs of collection in case of default. That the total proportionate part of such cost which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said streets and said properties to be improved, and the description of that property and the several amounts proposed to be assessed against them respectively, and for curbs and gutter, and the grand total thereof, is as follows:

That a hearing shall be given to said owners, their agents and attorneys, and any person or persons interested in said improvements before the City Commission of the City of Cisco at 10 o'clock a. m. on the 19th day of September, 1928, at 10 o'clock a. m. in the City Hall in the City of Cisco, Texas, and which said hearing shall be continued from day to day and from time to time, as may be necessary to give all said property owners, their agents or attorneys, and any interested person or persons, a full and fair hearing, and said owners, their agents or attorneys, and any interested person or persons, shall have the right to appear and be heard in any manner concerning the said improvements of said assessment, or the benefits thereof to their said property, or to any other matter or thing in connection therewith, or to contest said assessment, and at such hearing a full, fair opportunity shall be extended to said property owners, their agents or attorneys, and to all interested persons, to be heard with respect to such improvements, and the benefits thereof.

That after the conclusion of the hearing above mentioned, such sum or sums as may be determined by the City Commission to be payable by said property owners, shall be assessed against them respectively, and against their respective properties, by ordinance or ordinances, in the manner prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, now Chapter 9, Title 22, Revised Statutes of Texas of 1925, and the Charter and Ordinances of the City of Cisco.

That the City Secretary of the City of Cisco is hereby directed to give notice to said property owners, their agents or attorneys, and to all interested persons of said hearings, as prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, now Chapter 9, Title 22, Revised Statutes of Texas of 1925, and the Charter and Ordinances of the City of Cisco.

That the City Secretary of the City of Cisco is hereby directed to give notice to said property owners, their agents or attorneys, and to all interested persons of said hearings, as prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, now Chapter 9, Title 22, Revised Statutes of Texas of 1925, and the Charter and Ordinances of the City of Cisco.

In witness whereof, I have set my hand and the seal of the City of Cisco, this 14th day of September, 1928.

A SUCCESSFUL SIX NOW WINNING EVEN GREATER SUCCESS

SPECTACULAR SUCCESS

is proving it *Chief of the Sixes*

In the tremendous success which Pontiac Six is enjoying is ample reason for designating this great General Motors car "Chief of the Sixes."

Never has any new car risen so rapidly in the estimation of motor car buyers for during the first six months of 1928, over 136,000 Pontiacs were sold—the largest volume ever achieved by any car during the first half of its third year in production! This great public acceptance tells more of what Pontiac offers at \$745 than even the most complete listing of such features as Fisher bodies, 186 cu. in. engine, the G-M-R cylinder head, cross-flow radiator, foot-controlled headlights, coincidental lock, etc., etc! Come in for a ride today and learn why its sales sweep ever upward.

2 Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4 Door Sedan, \$825; Sport Landau Sedan, \$875; Oakland All-American Six, \$1095 to \$1265. All prices at factory. Check Oakland-Pontiac, delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at maximum rate.

LOBOS CRUSH INDIANS TO OPEN 1928 FOOTBALL SEASON, 62-6

Cisco Team Overwhelms Haskell Before 1,500; Varied Style of Play Used to Pile Up Big Total

Skirting ends, throwing passes, and ripping their opponents' line with bruising plunges, the Cisco Big Dam Lobos won their initial game of the '28 season Friday afternoon, defeating the highly touted Haskell Indians, 62-6. About 1,500 fans, many of them from Eastland, Ranger, Breckenridge, and Abilene, flocked to Chesley field to witness the first game of the Old Belt season. The Lobo band and pep squad were on hand to make the game a jumpy and colorful one.

The uncocking of a dazzling offense by Coach Chapman's men spelled defeat for the visitors. Heretofore Lobo teams have been characterized by their stone-wall defense, but Friday an array of

pered by a bad cold, Olie was ever chattering to his teammates, "keep hustling in there." Van Horn's passing and running were outstanding as were Captain "Shoney" Eddleman's line plunges. In the line Ben Anthony last year a Brownwood star, showed favorable signs of filling the pivot position, vacated by Bill Smith. Charlie Caldwell and C. F. Pratt held down the tackle positions admirably, as did Pete Stovall and Hare McCannies, the guards. Little "Sheriff" Miller, who played tackle last season, has been shifted to end, and he looked especially good. Often he set the Haskell backs for losses, while he himself snagged many passes for large gains. Jimmie King held down the other wing position vacated by Bert Phippen. The Lobo subs, among them Grady Coates, Marc Bedford, Olie Stovall, Raymond Meadows, and Lewis Miller showed that this year Coach Chapman will have plenty of capable reserves.

LOBO SCHEDULE

Sept. 21—De Leon at Cisco.
Sept. 28—Stanford at Cisco.
Oct. 5—El Paso at Cisco.
Oct. 13—Brownwood at Cisco.
Oct. 20—San Angelo at San Angelo.
Oct. 27—Breckenridge at Breckenridge.
Nov. 2—Open.
Nov. 12—Ranger at Cisco.
Nov. 17—Eastland at Cisco.
Nov. 25—Abilene at Cisco.

trick plays was displayed that would gain yardage on any team. Criss-crosses, delayed passes, lateral passes, and other forms of strategy were combined with rushing line plays to pile up a huge score.

To name an individual star would be impossible but the work of Kellogg at quarter and Little at half was pleasing to the home fans. "Curley" as the heavy line quarterback is called, ran the team with clocklike precision. Olie Little, whose brilliant work is remembered last year, was just as outstanding. This "little" fellow would break through time after time for large gains by his scorching and whirling. Although ham-

THESE FOUR TO HANDLE BACKFIELD FOR AGGIES

COLLEGE STATION, Sept. 15.—The fight for backfield positions on the 1928 grid team of the Texas Aggies, champions of the South-west Conference, promises to be one of the hottest in many years with four lettermen and an imposing array of material from the variety school and freshman team of last season back to put in bids for positions.

H. E. Burgess, Hale Center, seeking his third football letter at A. M., is one of the outstanding backs of the conference and is a most likely contender for conference honors this fall. The battle for quarter back, the position left vac-

ated by Joel Hunt, all-American last year, will probably be the most interesting of the season. E. R. Dorsey, Fort Worth, a letterman last year, and Frank D. Waco, a quarterback last fall, will probably take the lead in the fight. Brooks Coover, of Dallas, a sensation until he was injured at mid-season last fall, is expected to come back with all his speed and fight this year and is one of the most promising candidates for a halfback position. Captain Willie Bartlett, S. J. Pettis, Decatur, C. E. Richter, Laredo, and "Pinky" Albrecht, former Cisco high school star, form the nucleus for the Aggie line.

kel recovered. Coach Chapman then sent in Coates for Van Horn, Stovall for Little, and L. Miller for Anthony. Stovall, Coates, and Kellogg advanced the ball to the three yard line, but failed to put it over. Haskell then punted to Kellogg who returned for a touchdown, a 35 yard run. Kellogg added the point. Score 28-6 Cisco.

Haskell kicked to Bedford, who returned to the 45 yard line. From there Coates threw Miller a pass for a touchdown. Score 35-6 Cisco.

Haskell kicked to Bedford on 25 yard line who returned to the 48 yard line as the half ended. Score Cisco 35, Haskell 6.

Third Quarter.

Haskell kicked to Stovall on his own 10 yard line where he made a beautiful run of 50 yards to Haskell's 40 yard line. Haskell then intercepted a Lobo pass, but was held for downs. On an exchange of punts, Cisco got the ball in mid-field. From there they ran the ball to the 22 yard line, but fumbled. Haskell's punt was blocked by W. Smith on their own 20 yard line. Stovall hit left tackle for ten yards, and then broke through left tackle for a touchdown. Bedford missed the point. Score 41-6 Lobos.

Haskell kicked to Stovall who returned to the 38 yard line. After several passes from Coates to Bedford, the ball was on Haskell's 7 yard line as the quarter ended. Score 41-6 Lobos.

Fourth Quarter.

Coach Chapman sent back the first string into the game. After several thrusts at the line, Little crested left end for a touchdown. Kellogg kicked goal. Cisco 48-6.

Haskell kicked to Little who returned to 41 yard line. After an exchange of punts, the Lobos marched down the field for a touchdown by passes from Van Horn to Little. Kellogg kicked goal. Score, Cisco 55-6.

Haskell kicked to Little who returned to his own 30 yard line. On a fake pass from Van Horn to Little, the elusive little sprinter ran 35 yards for a touchdown. Kellogg kicked goal. Score, 62-6 Lobos.

Haskell kicked over goal line and

(the ball was brought out to the 20 yard line as the game ended. Score, Cisco 62, Haskell 6.

The Lineup.

Cisco—	For.	Haskell—
Miller	L. E.	Ratliff
Pratt	L. T.	Patterson
Slatton	L. G.	Sanders
Anthony	C.	Reynolds
McCannies	R. G.	Chistrop
Caldwell	R. T.	Whitaker
King	R. E.	Henshaw
Kellogg	Q. L.	Pittman
Van Horn	L. H.	Phippen
Little	R. H.	Medley
Eddleman	(c) F. L.	Kimbrough

Substitutes: Cisco—Smith for Miller; Purvis for Pratt; Watson for Slatton; Miller for Anthony; Ray for McCannies; Swink for Caldwell; Meadows for King; Bedford for Kellogg; Stovall for Little; Coates for Van Horn; Wheatley for Eddleman; Turbett for Little; Stockard for Meadows; Haskell-Watson for Kimbrough; English for Pittman.

Officials: Adams (Tarleton) referee; Ward (T. C. U.) umpire; Gibson (Simmons) head linesman.

CISCO TO HAVE CLEAN BEDDING IF COLD COMES

"Advertising certainly pays," said R. L. Stokes, plant superintendent of the Cisco Steam Laundry, after he had run his advertising on blanket washing this past week. Blankets of every description began to pile in and he thinks Cisco will be ready with clean blankets if an early norther should sweep in.

He was so well pleased with the response that he is putting on a 5-cent wash sale on quilts and comforters for the coming week. He is determined that Cisco shall be provided with clean covering for the beds during the coming winter.

SALE STARTS MONDAY, SEPTEMBER 17th

GRAY HARDWARE CO.

PLANS NEARLY COMPLETE FOR EASTLAND FAIR

Plans for the fair to be held at Eastland are developing rapidly. So far, the following exhibits are being placed with the exhibitors of the county. The fair management, receiving a large number of entries in all departments. Chas. J. Alameda, Pleasant Hill and Grant have held their community fairs and have notified the management that they expect to enter with their community bands, community choruses and community plays. Carbon, Flatwood, Blount and Rising Star communities will hold their fairs at early dates. These communities are also expected to enter for the grand community prize.

The fair committee met Wednesday night with about 30 members present and arranged for additional entertainments for the three day week of the fair.

One exceptionally good event to be announced at this time is a big parade on the opening day, September 27. A prize is to be given by each dealer of Eastland for the best decorated car in his own make of car. A prize for best decorated car of the entire parade will be given by the Eastland County Fair association. Also a prize will be given to the oldest Eastland county car in the parade that will run for one week. A prize is to be given to the dealer that has the largest number of his make of cars in parade. Any merchant, firm or individual in

'GOOBER' RUNS SIGNAL DRILLS FOR WILDCATS

the county may enter in the parade but must form in line with the dealer of his make of car. The parade will be in charge of Alex Clark.

The fair management is getting in touch with all the fiddlers of Eastland county possible. The Old Fiddlers' contest on Saturday night, followed by a square dance will be a big event of the fair.

The committee with Judge Rust, chairman, on community chorus contest, had a meeting Thursday night. Plans for a splendid program were arranged for Thursday night, September 27.

OWNERSHIP OF TWO HOMES AT RISING STAR CHANGES

RISING STAR, Sept. 15. — Two pieces of residence property in Rising Star changed ownership this week when W. E. Beyhan, local operator, purchased from H. W. Kutenan, Jr., the handsome Kutenan residence and property just outside the city limits on the Brownwood road. The place is one of the most attractive and most desirable close in and was occupied by Mr. and Mrs. Kutenan as their home until their removal to Fort Worth a few months ago. Mr. and Mrs. Beyhan will occupy their new property about October 1.

The other sale was the purchase by Mrs. J. Hall Bowman from Mr. and Mrs. O. M. Jones their residence property just south of the Methodist parsonage. The residence is one of the most attractive small homes in the city and Mrs. Bowman is fortunate in securing it for a permanent home for herself and daughter, Miss Rosemary.

ABILENE, Sept. 15. — Wildcat

guides opened signal practice this week with a stir that mocked the numerous cases of missing men last made the team feared a year ago. Squad men and newsmen had gathered plays to the extent that probably less than the expected number of airplanes were made as the machine moved out.

In three other parts of the practice field full elements of Abilene Christian college went through similar activities with a few men left over to trail behind the substitutes. "Gober" Keyes, the Cisco pilot, led the parade behind the best line of the four. His backfield occupational was Chaves and Holman, letter men, and Ray Stevens. Keyes' line is strengthening his chances to assume the field leadership regularly now that "Chilly" Adams, a veteran of several seasons, has decided against re-entering the game.

PAUL DENNISON FREE BUT SHORT TIME FROM PRISON

HUNTSVILLE, Sept. 15. — The five tubercular convicts who escaped from the Wynne state prison farm two miles from here, were back in custody Thursday. They were captured without violence, Captain W. J. Sooty said.

Three of the men, Paul Dennison, serving 15 years from Eastland county; John Reed, serving 25 years from Young county; and Ray Robinson, serving five years from Har-

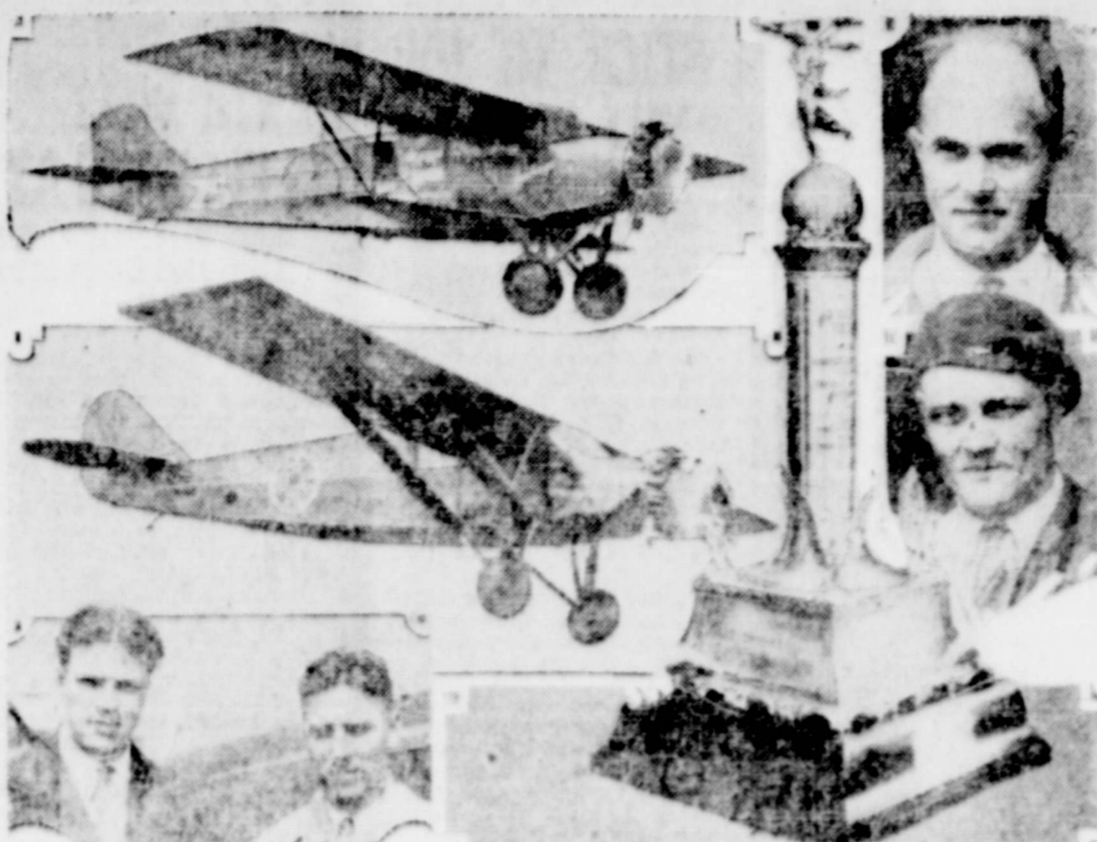

TUNED UP FOR A DASH ACROSS U. S.

ton county, were arrested Wednesday night. The other two were taken into custody after the parade taken within an hour after the parade took.

The convicts obtained an outfit consisting of a motor car, a truck, a tent and several tools, and some of 65 other items. They were taken to the building close together in the side of the bus.

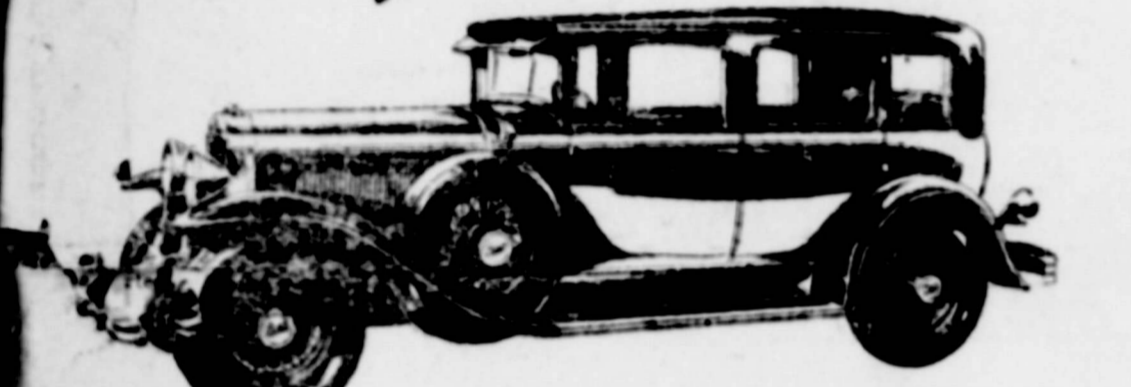

The middle class is the one that isn't poor enough or rich enough for second-hand prizes.—Santa Barbara Daily News.

Year Classified Ad in the Daily News will reach 2,996 readers.

They were all set for non-stop flight across country with these vehicles in airplane's AAA class. Proceeding from top to bottom at left, Bull Airfield, entry No. 25 of Spokane, Wash.; Susan D. Dwyer, entry No. 104 and C. S. Paulson, navigator, and N. Nance, pilot, of the former craft; Center Airway, entry No. 104 and C. S. Paulson, navigator, and N. Nance, pilot, of the former craft; Center Airway, entry No. 104 and C. S. Paulson, navigator, and N. Nance, pilot, of the former craft; Center Airway, entry No. 104 and C. S. Paulson, navigator, and N. Nance, pilot, of the former craft.

The NEW BUICK is the NEW STYLE

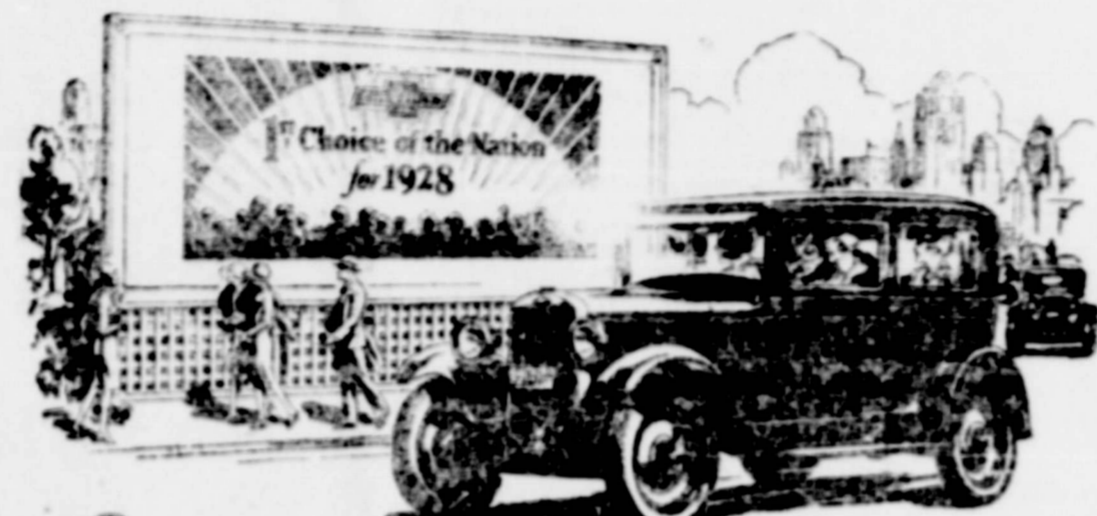

A triumph in individual beauty ... a refreshing and radical departure from the tiresome commonplace ... a new style, a richer style, a more alluring style than the world has ever known!

Only one completely new motor car style in the past twenty-four months—only one truly original and beautiful development in body design—and, as the whole world realizes, it is the Silver Anniversary Buick with Masterpiece Bodies by Fisher!

Here is an entirely new scheme of body lines and contours—arresting new color combinations—matchless new interiors—new appointments of comfort and convenience unapproached by any other automobile of the day!

Here is true distinction wedded to genu-

Week after week and month after month the Bigger and Better Chevrolet has swept on to greater and greater heights of popularity—until today it stands acknowledged everywhere as first choice of the nation for 1928!

Never has any Chevrolet enjoyed such overwhelming public acceptance—for never has any low-priced car provided such an outstanding combination of distinctive beauty, thrilling performance and amazing economy!

Its beautiful bodies by Fisher—long, low and racy, and finished in colors that reveal to-day's mode for smartness and individuality—are far in advance of accepted standards in the field of low-priced cars. Inside and out they prove anew that Fisher craftsmanship is a thing apart.

But Chevrolet performance is no less impressive than Chevrolet beauty and style. Never before was a low-priced car so easy to handle—for the steering mechanism is fitted with ball bearings throughout... the clutch and gear-shift lever respond to the slightest touch... and big non-locking 4-wheel brakes give a measure of braking control that is more than equal to every occasion.

Come in and see the car that has won the approval of more than three-quarters of a million buyers since January 1st. Learn for yourself why it is scoring the greatest success of this great automotive year!

85,000 FANS SEE YANKS TAKE LEAD

New York's Yankees are perched right back in old rock as place on top of league as result of taking two games from Connie Mack's Athletics. Here are photos which tell the story. Left, 'Punch' Van Dyke, Tony Lazzeri of the Yanks trapped between third and home in fifth inning of the first game, right, just a few of the folks in right field bleachers, below, Hoos of the Athletics, cut trying to steal second, and, right, Miller Huggins, league manager of the Yanks, and Connie Mack, alienated pilot of the Philadelphia Athletics.

ALLEGED CARBON BANK ROBBERS TRIAL IS SET

EASTLAND, Sept. 15.—Special venire have been ordered for two cases set for trial on September 21 in the 8th district court, when E. V. Allen and S. F. Hayden will be

arraigned on charges of robbing the Carbon bank last spring. The two men are being held in the Eastland county jail.

Another objection to air mail is the fact that it makes bills arrive so much sooner.—Ansonville Times.

Mr. Turner wishes to be a writer, and of course should get fewer rejections when he calls in persons with MS.—Detroit News.

THE EASIEST WAY to keep your nose tucked in the Daily News classified way. Call 80.

BLANTON WILL STICK TO JOB TILL LAST DAY

ABILENE, Sept. 15.—His decision not to be a candidate for reelection from the 17th district does not mean that Congressman Blanton is already through with his public service.

On the contrary he will "be in there pitching," as some one in his office expressed it, until his successor R. Q. Lee of Cisco, takes the oath of office. In fact, Judge Blanton is already in the box, he left Thursday morning for Washington to continue his assignment of making life miserable for the police department of the District of Columbia.

Blanton has been the mainstay of a congressional investigation into police affairs of the district. He told his colleagues that high officials were "back-and-forth" with bootleggers and other law violators, and that the citizenship of the district, desiring and rightly expecting an honest police administration, was simply cut off.

"It is my opinion," Judge Blanton observed in a telegram to a Washington newspaper, "that it will take wet but honest Al Smith to bring dry order out of wet chaos."

"Replying to yours, I will assist Chairman Gibson whenever he is ready to proceed and call for me. The district commissioners have exactly the kind of police force they want, and like Nero, are fiddling together in perfect harmony, and the press of Washington seems perfectly satisfied.

"Whenever the patient, long suffering, law-abiding citizens of Washington get enough of official dishonesty and can stand their miserable situation no longer, they will have to get congress to begin sweeping down from the top if any real cleaning is accomplished. Honest policemen fear being framed if they do their duty, and it is my

opinion that it will take wet but honest Al Smith to bring dry order out of wet chaos. (Signed) THOMAS L. BLANTON."

WENTZ WELL IS FLOWING AT 100 BBL. RATE

The Wentz Oil Division No. 1, Ross Elliott, about 10 miles northeast of Cisco, was drilled in Wednesday, and is reported to be making better than 100 barrels of oil. Some water is reported in the hole, and the company will spend the next several days trying to find out where the water is coming from. The Wentz well was drilled into the sand at 3393 feet about a month ago, and the past 30 days have been getting casing and cementing in an endeavor to shut off the water. The well is being swabbed regularly now and in a few days the drillers will find the source of the water. This well is in new territory and the people in this section have been very anxious to see a good well come in there. It is reported that other companies will drill in that section in the near future.

Perhaps the comparative coolness is due to the attitude of a good many Democrats and Republicans toward their respective parties this year.—New York Evening Post.

Victim of Maniac

Hindel Wheeler, 13, and pretty, of Brooklyn, N. Y., who, after witnessing slaying of her mother by her father, was herself attacked and slashed about throat and face with razor. She is in hospital and not expected to live. Her father, Albert Wheeler, has not been apprehended.

COMANCHE CO. 4-H CLUB BOYS TO WIN FREE TRIPS

COMANCHE, Sept. 15.—Nine Comanche county 4-H club boys will be given free trips to the Dallas Fair sometime during the two weeks of the fair, which is to hold October 6-21. The trip will

be awarded as a reward for merit in work done with their respective projects during the year which is drawing to a close. The record books being kept by the boys will tell the story of the quality of their work and results obtained. These books are to be handed in to the county agent not later than Tuesday, October 2, where they will be graded and the nine registering the highest grade will be awarded the free trips.

CASHIER OF MORAN BANK MOVES TO SAN ANGELO

MORAN, Sept. 15.—Mr. and Mrs.

Dodd Price and children, Miss Mary Nell and Hal, moved to San Angelo last week, where Mr. Price will engage in insurance and real estate. Mr. Price and family have just made Moran their home for the past nine years. Mr. Price has been cashier of the Moran National Bank during his residence here and was also interested in insurance.

An amateur statistician advises that a housewife wastes a quarter of a mile in making a lemon pie. Why not put a little more shortening in it?—Waterloo Tribune.

WEST TEXAS UTILITIES CO.

Stamina and speed proved by 30,000 MILES in 26,326 MINUTES

You can experience the thrill of driving a car identical with those which won this amazing victory over time and distance. For The President Eight roadsters and sedans which made the greatest record in the history of transportation were chosen at random from the Studebaker assembly line by A. A. A. officials. At Atlantic City Speedway these four shining-new President Eights, their motors sealed by the A. A. A., swung wide-open into an ordeal such as no cars ever faced before. For 19 days and 18 nights the two roadsters averaged better than 63 miles per hour, the sedans 61.15 and 63.99 miles per hour! Any one of these four Studebaker Presidents might just as easily have been your new car. But for pure chance they would have been sent to some Studebaker dealer. There's a new Studebaker President Eight sedan at (think of it!) \$1685, waiting for you to command its power. From the great 109 horsepower motor to the velvet-riding ball bearing spring shackles—an exclusive Studebaker feature—it's as like the four record-breaking Presidents as the four corners of a square! Come in and drive it NOW!

B. & H. MOTOR CO., Inc.

Copyright 1927, Warner Bros. Pictures, Inc. "POWDER MY BACK," starring Irene Rich, is a Warner Bros. picturization of this novel.

SYNOPSIS Adele Dayton, a famous musical comedy actress from New York, has recently opened in Paris in a new show called "Powder My Back." Adele's beautiful back is part of her notorious charm, and the show is booked for a sensation on Broadway. The manager of the company has arranged to have photographs made of Adele and Dukes powdering the star's back, to be used in stories in the American newspapers. Her various admirers have just unwittingly posed for these pictures, and the manager returns to tell the star the results of his efforts.

CHAPTER I—Continued But the manager was already attacking his head around the door. "Don't worry, I won't bother you, Adele," he laughed. "Just wanted to tell you we got some corking pictures. They'll do more to make 'Powder My Back' a success in little old New York than anything

"Have everything ready for my first change, Renee."

can have. It's just like travel—it makes you so broad-minded, doesn't it?" "Yes, I've always felt that way myself," Mrs. Gordon agreed. "Really, we never need to be shut in or away from anything that's happening. If we read the best books, and it does give one such an understanding of the world, and so much more sympathy with people—with the poor, unfortunate who sometimes do not have our advantages."

CHAPTER II To Maimie Atkins, strolling down the brick-paved streets of Brookline, the world seemed a most desirable place. The first apple blossoms were just shooting out their pink-tipped buds, and all the gardens were beginning to come to life with bright green leaves and brighter roses. Women with bonnets waved vigorously, and scratched and dug about in the ground like veritable grubs. And Maimie's full skirt of washed-out blue linen swung in the little breeze while Maimie, now and again, pushed back her small straw hat to cool her head. Somehow, it was a morning that made one want to skip and jump and act extremely childish. Even Maimie felt these stirrings, but, being a dignified matron, with a daughter as tall as herself, she suppressed these emotions and went on her dignified way.

Along the main, macadamized highway the farmers flew by in cars, hurrying back from town after depositing their truck with the various stores. Children were all in school, and the streets were practically deserted, save for a few women, like Maimie, intent on their shopping. Maimie passed the gasoline station, all golden yellow in the sun, and sniffed. A little further on she bowed patronizingly to the milliner who was working on new spring hats, seated in her sunny window. A smartly dressed woman flashed by in a small sedan. "Humph!" Maimie sniffed. "Didn't even speak to me. Well, I'm not anxious, the way they say show—O, why Maimie Gordon." Maimie stopped to greet a friend. "I've just been waiting to see you. You're to be the chairman of the candy booths for the Ladies Luminary Literary Society bazaar. You'll have to pick out your aides." "Oh yes, Maimie," the woman agreed. "Mrs. Weaver told me about it last night. I want to have your little girl for one of the booths." "That's so sweet of you, Maimie," Mrs. Atkins simpered. "I'm sure Mildred will be delighted. And then, of course, there's Martha Wythe, and—"

the woman in the sedan who had passed her by without speaking. "You know her mother is—well—what shall I say—not exactly interested in such kind of literature—and—well—" "But I'm sure Katherine would like it," Mrs. Gordon defended. "Of course, it's your committee, Maimie," Mrs. Atkins pursued her lips, "and naturally I wouldn't think of suggesting—" "O, of course not, Maimie, I understand perfectly," Mrs. Gordon assured her friend. "But suppose we see, I'll talk to Mildred about it—" "Yes, indeed, I'm sure that Mildred can help you with the girls," Mrs. Atkins pursued. "And you know we do so want to make a success of this affair. We need books badly for our club, and I'm certain that everybody is going to pitch right in and help. Culture, I've always said, and love of good literature, is one of the finest things anyone

can have. It's just like travel—it makes you so broad-minded, doesn't it?" "Yes, I've always felt that way myself," Mrs. Gordon agreed. "Really, we never need to be shut in or away from anything that's happening. If we read the best books, and it does give one such an understanding of the world, and so much more sympathy with people—with the poor, unfortunate who sometimes do not have our advantages."

"Indeed, it does, Maimie," Mrs. Atkins smiled. "By the way, have you read that book that was sent you approval recently—that Mrs. Morse sent it, I think—that not me see—what was the name of it—O, yes—'Vermitage'? I understand it's very well liked, but my dear, really, I simply could not stand such vulgarity. I had to read it all the way through, of course, because I'm on the committee, but otherwise, I'm sure I'd never have touched it at all. Why, the most—" "I know, Maimie," Mrs. Gordon laid a reassuring hand on her friend's arm. "I read it, too, and—well—I never—do you remember that one part where—"

"I know, Maimie," Mrs. Gordon rallied to support. "Some of the things my boy comes home with to study are—well—they're chiefly too much for me. I don't believe in children learning anything very early. They find out enough later on, when they have to, don't you think?" "Indeed, I do," Mrs. Atkins nodded her head emphatically. "I must think my shopping, though," she started to turn down the main street towards her goal. "I'll tell Mildred that you want to see her. Maimie. Maybe she'll come over this evening after school." "That would be splendid," Mrs. Gordon agreed. "I'll wait for her. And I'm sure we'll have splendid results from this bazaar. Good-bye, dear. I'll see you as soon as I have my committee arranged." "That'll be fine. Good-bye." The two women hurried off in opposite directions. Maimie made her rounds of the stores and finished her shopping, after stopping to pass conversation with the shopkeepers and the other women in the stores. Her last mission was the post-office.

(To be continued)

OF A SOCIAL NATURE

United Daughters of Confederacy Hold Session. The United Daughters of the Confederacy met Wednesday afternoon at the home of Mrs. W. P. Pulley. During the business session Mrs. P. P. Shepard was made an associate member. Mrs. D. E. Waters was elected president. Mrs. H. C. Porter first vice president. Mrs. W. P. Pulley, secretary. Mrs. A. J. Olson was elected historian and registrar. During the social hour the guests were honored with a solo by little Betty Shepherd. The hostess served refreshments to nine members.

Mothers Club Meets in First Session of Season. The Mothers Club met Thursday afternoon in the first regular session for the club year, 1928-29. Mrs. H. V. Price was elected recording secretary, following the resignation of Mrs. Parks. Mrs. Warwick was elected assistant secretary. The time of meeting was changed from three o'clock to four o'clock in the afternoon. Mrs. Bob Herron was leader for the afternoon program as follows:

"Methods for establishing right principles, including precept, example, and illustration." Mrs. A. C. Miller. "Boys that are wanted," Mrs. Homer Slicker. "Be a gentleman," Mrs. Warwick. "Dean Stanley's advice," Mrs. H. V. Bailey. Roundtable discussion on "Character of a happy life."

Mrs. J. D. Fauderdale Hostess to Little New Riders.

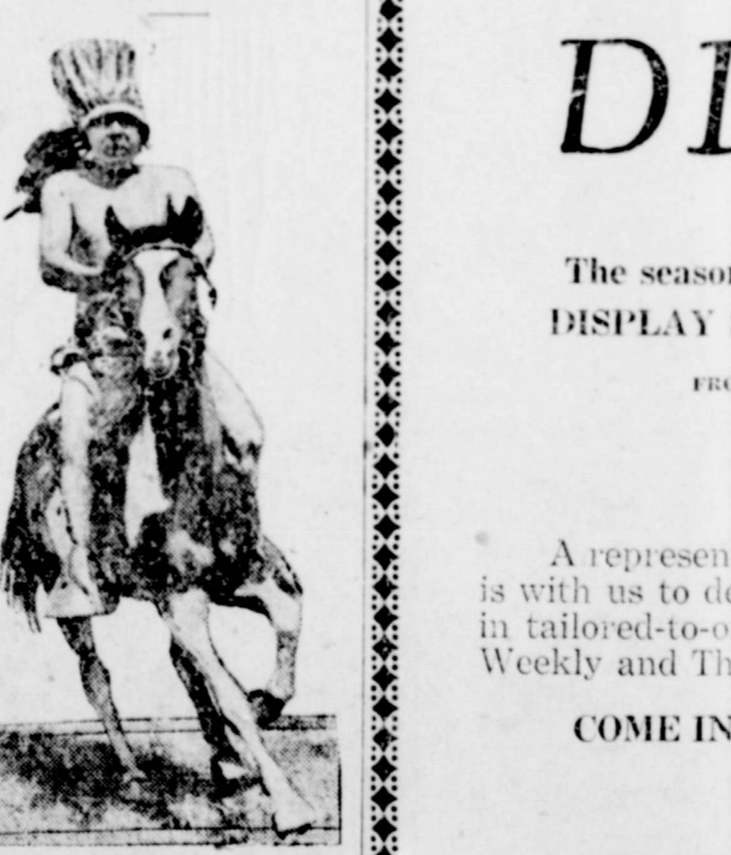

INSURANCE— "Life is a gamble." Someone has said, but good insurance eliminates many of the risks. If you own an automobile and do not carry Public Liability Insurance you are "gambling" everything you own that you will not injure or kill any one with your car. Let the insurance company carry this risk for a nominal charge. See

Yearly Reports Given by XXth Club Officers.

The Twentieth Century club met on Friday afternoon with 17 members present. In the business meeting officers for the past year gave their reports. The secretary reported that the club has been fortunate in securing Frederick Ward for a lecture to be given in Cisco on December 17. This club is also to have Mr. and Mrs. Montgomery, Texas poets, sometime during the year for an evening of readings as well as Mrs. Lexie Dean Roberts, whose book of poems will soon appear.

Lawn Party is Given for Blanche Mathews. The B. Y. P. U. of the First Baptist church entertained with a lawn party Friday evening in honor of Blanche Mathews who leaves today for C. I. A. Denton. After many entertaining games were played the hostess served good watermelon to the following: Blanche Mathews, Velma Morris-

REDSKIN!

LEAPING ELK After all, it is hard to beat the Sioux when it comes to riding, and this fact is well known by the 1,100 people with the 101 Ranch Real Wild West, coming to Cisco Tuesday, September 25, even though the Cheyennes and Apaches strive to trim the Pine Ridge warriors at every performance in the big 101 Ranch arena. Leaping Elk, Sioux brave, a nephew of the late Sitting Bull, leads the Sioux in their riding entry.

HERE'S CHANCE TO KNOW MORE OF LAKE CISCO

It is not thought that more than one-third of the people of Cisco realize the immensity of the volume of water now in Lake Cisco, as comparatively few have ever taken a boat ride up to the head of navigation since the recent rains have pushed the lake back into the canyons extending out between the hills near the Kay tracks. That all may have the opportunity to sail over this splendid body of water, explore the lake up near the source a movement has been started by several business men, through the chamber of commerce, to get the Lake Cisco Amusement Co. to offer reduced rates to those who would like to know Lake Cisco to take boat rides up as far as navigable. The chamber of commerce directors have ascertained that less than five per cent of the people are familiar with the lake, as it is now, nor do they realize the huge proportions it has assumed since the rains this summer. It was stated Saturday that the Amusement company will do all things to carry out the purpose of those who have the matter in hand. It was also stated that the amusement company and the city commission will start work Monday on beautifying and improving the boat landing at the lake and the walk from the top of the hill to the boat landing will be improved so that those who wish to explore the lake can reach the water with little effort.

FIRST COMMUNITY FAIRS IN EASTLAND CO. PRAISEWORTHY

Large Crowds See Joint Exhibits of Neighborhoods at Pleasant Hill and Scranton; Interest Is Greater

The community fairs, held at Pleasant Hill and Scranton, Thursday and Friday last were of special interest to the citizens of those communities and the general public. Large crowds were at both attractions, and the exhibits were unusually good. The communities of Word, Stady Grove and Pleasant Hill combined their exhibits at the Pleasant Hill fair, while that at Scranton consisted of exhibits furnished by the communities of Alwell, Dan Horn with Scranton. Citizens of these communities cooperated splendidly with the result two of the best community fairs ever held in Eastland county were conducted.

Particularly instructive was the exhibit in view of the health showing the value of cowpeas as a fertilizer and soil builder. In separate buckets was shown all the corn grown on two different rows, each of the same length, planted the same day in the same field and given the same cultivation. The corn from where cowpeas were grown last year weighed 38 pounds while the corn from the row where no cowpeas were planted weighed only 23 pounds, an increase in yield of about 65 per cent in favor of the corn grown on the row treated by the peas. The exhibits shown at these two fairs were of such an extensive quality that much of the material is being saved to place in the Eastland county exhibit at the Dallas fair.

More interest is being shown in the community fairs of Eastland county than in previous years, as ten communities have arranged the community exhibits.

The exhibits shown at both Pleasant Hill and Scranton were judged by E. A. Easley, state specialist of the Extension service of the A. & M. college. At each place he made his famous hog talk, in which he advocated raising of better hogs, proper feeding and more attention to details of management. He stressed the importance of having plenty of fresh clean water before the hogs at all times, in the competition he credited the cooperative of the Hill of Word, grower of the world's champion ton litter. Hill failed to have an adequate supply of water before his hogs for 15 days during which time they gained one pound per day, by several weeks than other hogs supplied with plenty of water. He stressed the fact that hogs can be fed too much milk as well as not enough, recommending one gallon per day for each hog, irrespective of size. He stated that with one-half pound per day of mixture of equal parts of linseed ground alfalfa or peanut tops, cottonseed meal, oats and wheat shorts, added to the gallon of milk, with all the corn the hog will eat, maximum gains will be made. This will cause the hog to gain from two to three and one-half pounds per day, if other conditions are favorable.

J. W. Spencer gave an interesting report of the trip of the Cisco dairy committee and its study of the milk plants in Tennessee and Mississippi. He stated that more than \$1,000 had been spent for sweet cream in Cisco since the establishment of a sweet cream route out of Cisco April 20.

This is just an illustration of the importance of the dairy industry, and shows what can be done, and the advantages and profit that can be realized if the farmers of the Cisco County would give during the same attention and intelligent endeavor that is now being given to growing cotton. Mr. Spencer stated.

Amusement Winners
Following are the winners in the amusement features of the fair at Pleasant Hill:
Horse Race—First race, 100 yards, Roy Tucker, first; Paul Wender, second; Arthur Green, third. First prize, pair of bottle caps, awarded by Collins Hardware Co.
Second Race, 100 yards—Arthur Green, first; Henry Byrd, second.
Third Race—Roy Tucker, first; Arthur Green, second.
Ball Driving Contest—Mrs. Charles Wende, first; Mrs. Ruby Laskaer, second; Mrs. Alma Lockhart and Mrs. Walter Wende, tied for third place. Other entries were Mrs. Lila Ramsey and Mrs. Fayette Hill.
Needle Threading for Men—Gims Lockhart, first; Frank Holt, second.

Following are the prize winners of the Scranton fair, which appear in the Cisco American and Roundup Thursday.

Bill Dollar Keeping Busy Before Going to Work; Attends Revival, Visits Lake Cisco, Meets Loboos

Cisco, Texas, September 15, 1928. Good Morning, Friends: There is no more substantial citizen in Cisco than our good friend, T. J. Dean, of the Dean Drug company. I had the opportunity of spending all day Saturday with him. He doesn't talk much but he certainly delivers the goods. May his tribe increase.

I went to church Friday night. We had a great crowd and a wonderful sermon. I'm mighty glad to see so many young people out. Speaks well for our town. Hogg knows his stuff, is eloquent, sincere and forceful. I nearly got into the collection box but another Dollar took my place. Expect to go to church several times this week and will be disappointed if I don't get to help swell the collections.

Mr. Dean and I visited the lake early in the morning. You are missing a great deal if you haven't some clear up the lake in a boat. Do you know it's now against the embankment of the Katy tracks. Just a few more feet and a railroad is going to have to move. Up out of sight of the dam, it's even wider than down stream. Understand very cheap rates are going to be made for boats shortly and a bill no longer than I am will pay for a whole party. Money well spent.

Speaking of vision and courage and the pioneer spirit; what about the little handful of men who built the swimming pool and borrowed \$100,000 in New York in addition to putting up a whole lot of their own money on this kind of a basis—every time you take in a dollar you pay the city 25c for your franchise; then you pay \$8,000 interest plus taxes, insurance and depreciation; then you pay salaries and wages to 16 employees, with the whole plan having to finance itself on 25c swims. Some guts I call it.

Heard of the Big Dam Loboos in Washington, but, boy, Mr. Dean introduced me to them today. Loves them like they were his own sons. He's more anxious that they do their work in school and make fine citizens for Cisco than that they win football games. From what I can learn, they are living up to his expectations.

We drove over town together. Can't talk about no progress here. Saw more blocks of new homes, situated at the number of fine new brick and stone residences. Lots and lots of beautiful lawns and shade trees and shrubbery.

People proud of their homes and their city. Will let you in on a little secret. Mrs. Dean told me confidentially about the terracing and the wonderful brick home she has in her hope-chest. And, gentlemen, you know—when it gets that far, why we men just go ahead and make the dreams come true. That's where we get the kick out of working.

Tomorrow I'm starting out to call on all the citizens possible. I can serve you if you'll help. You have no idea just how much good even one dollar can do in a week's time if he keeps moving. Expect to bring happiness to lots and lots of little children. I ought to get to the bank several times a day. Keep your eye on Bill Dollar.

Faithfully yours,
BILL.

DRILL REPORT OIL ACTIVITY IN DISTRICT 8

Following is the report of oil activities in the Cisco field, district No. 8, as made to Omar Burkett, deputy oil and gas supervisor:

September 15—Anna B. Stark No. 1—a J. C. Clements, BOH survey, Callahan county, intention to drill to 850 feet, Phillips Pet. Co. No. 1 O. M. Sharp, T&P survey, Jones county, dry, Texas Co. ON ATHLETICS' BOARD OF STRATEGY

You're right the first time. The battle-worn veterans above are none other than Ty Cobb, the Georgia Peach, and Tyb Speaker, an able citizen who hails from Texas. Both are members of Connie Mack's renowned Philadelphia American team.

INSURANCE—

"Life is a gamble." Someone has said, but good insurance eliminates many of the risks. If you own an automobile and do not carry Public Liability Insurance you are "gambling" everything you own that you will not injure or kill any one with your car. Let the insurance company carry this risk for a nominal charge. See this agency for particulars about this and other kinds of insurance.

NAMES OF WAR VETS WANTED BY LEGIONAIRE

Cooperation and assistance of residents of Cisco and community, particularly those families from whom men entered the service of the country during the World War, are asked by H. A. Bible, commander of the John Wilson Post of the American Legion, in compiling a list of these service men, whose names are to be recorded on honor plate in the Eastland county courthouse.

A short time ago a representative body of Legionnaires from the four parts of Eastland county met with the commissioners court regarding the dedication of their fine structure, urging that it be dedicated to the World War veterans of Eastland county. This they heartily approved. The dedication is to be commemorated by the placing of a bronze slab bearing the names of every veteran from Eastland county in some conspicuous place in the building. The dedication of the courthouse will be held on or about November 1 and will require prompt action in order to secure the complete roster of ex-service men, check them carefully and arrange for the inscription of the names in bronze.

The war department, the national commander of the American Legion at Washington, D. C. and the adjutant general's department have been asked to assist in compiling a complete list. It is not going to be easy to collect the names of every ex-service man in the county but it is hoped most of the four parts in Eastland county are assuming the responsibility of collecting the complete list of names in their respective communities. Bible is working on a list of men who went from this community and requests every person knowing some buddy that went from Eastland county to his country's service to let him or C. E. Yates, post adjutant, know by letter or telephone. Any assistance in this great undertaking will be greatly appreciated and will do the local post and the American Legion of this county a valuable service.

HUTTON BRINGS IN WELL.
The Hutton Oil Co. has brought in its No. 16 Littlefield well, when placed on the pump Wednesday, and is said to be one of the best shallow wells yet brought in on that lease in the Sedwick field. The well is producing from the 57 foot level and is making 40 barrels.

INTEREST ON THIRD ISSUE OF LIBERTY BONDS CEASES
Saturday was the last day holders of the third issue of Liberty bonds could collect interest, as the treasury department at Washington is redeeming this issue. Cashier Alex Spears, of the First National bank, was quite busy Saturday preparing these certificates for transmission and redemption for those who had not previously sent in their bonds. Interest bearing date expired September 15. Spears stated that a great many here have already sent in their bonds for redemption.

In that proposed race of an elephant and a donkey to the White House the former should receive a handicap for having to carry a trunk—Terre Haute Star.

No. 5 will leave Cisco 12:45 a. m. arriving El Paso 4:45 p. m.

For particulars consult,
C. P. COLE, Ticket Agent.

CAN WE SELL TIRES AT WHOLESALE COST?

People are wondering and asking if it is possible for us to really sell Goodyear Tires at wholesale cost. They can't see how a business concern can stay in business and really make money and sell at cost. They don't think it can be done. They think there must be some trick about it. There is no trick about it. Here is the way we do it.

HOW WE DO IT:

If we sell \$50,000 worth of Goodyear Tires during 1928, we will get a rebate from the company of 9 per cent, which will be \$4,500. That's our profit. Pretty nice profit, too, don't you think? But some one says that's too many tires for Cisco. We'll do it, do not fear.

\$30,000.00 Already Sold!

We have already sold the above amount and four months to go yet. Last month we sold \$5,101.58. So that is why we can sell these famous Goodyear Tires at wholesale cost. There is no trick. It is just quantity selling that enables us to save you the ordinary dealer's profit. \$4,500 is not a bad profit for a year of tire selling. We are satisfied with it and you should be satisfied to be able to buy one of the best tires ever made at wholesale cost. How about it?

Blease Motor Company

'ROUND ABOUT THE TOWN

The Adelpian club will meet Monday afternoon at 3 o'clock at the Woman's club house.

District Attorney Maassaban of Philadelphia, who is directing grand jury probe into activities of Quaker City's "daky" gang. He declares that \$35,000,000 a month represents the "turnover" in liquor of one Eastern state alone.

"VAGETTES" HELPED OUT OF CISCO BY POLICEMEN

Louise Boyd and Bettie Murray, white, who pleaded guilty to drunk charges in the city court Friday morning, were again arraigned Saturday, after their arrest on vagrancy charges at an early hour Saturday morning at a local hotel. After pleading guilty and paying their fines Friday morning Mayor Williamson issued a "floating order" from the bench, and told these offenders that they must depart from the environs of the city of Cisco ere the diurnal lunary had receded beyond the western horizon. But Louise and Bettie didn't float. Instead they decided to enjoy the delightful Cisco climate a while longer, and after procuring a room at a local hotel, retired for the night, and there they were arrested. After their arraignment Saturday the mayor saw to it that his "floating" order was enforced, for he detailed a couple of police to accompany them to the bus station, and to see them safely aboard an outgoing bus after having purchas-
