### Cisco Banks Lead Six Cities of County

#### Local Institutions Have Most Deposits and Loans; Eastland Is Second and Ranger Is Third

Dead Stunt Flyer

Cisco banks lead Eastland county institutions, both in amounts of deposits and loans outstanding, according to the statements of the banking houses of the county as of June 30, 1928.

This statement shows that there was on deposit in the eleven banks of the county a total of \$3,793,576.94. The loans outstanding of Eastland county banks totaled \$3,715,098.31.

With Cisco banks leading in deposits and loans outstanding, Eastland is in second place, Ranger, third, Rising Star, fourth, Gorman, fifth and Carbon, sixth.

Following are the loans and deposits in the different banks in the six towns of the county having banking establishments:

Cisco — First National bank; Loans, \$109,178.12; deposits, \$852,191.42. Cisco Banking Co.; loans \$653,473.17; deposits, \$804,255.29. Total loans, \$1,692,651.29; total deposits, \$1,656,447.41.

Eastland — Texas State bank; Loans, \$712,265.36; deposits, \$1,140,190.59. Exchange National bank; Loans, \$211,124.81; deposits, \$378,022.87. Total loans, \$923,390.17; total deposits, \$1,518,219.66.

Ranger — Citizens State bank; Loans, \$654,611.46; deposits, \$825,068.09. Commercial State bank; Loans, \$67,716.13; deposits, \$103,066.42. Total loans, \$722,327.59; total deposits, \$928,134.51.

Rising Star — Continental State bank; Loans, \$257,758.50; deposits, \$133,960.18. First National bank; Loans, \$212,515.21; deposits, \$268,879.23. Total loans, \$470,273.71; total deposits, \$782,439.41.

Gorman — Continental State bank; Loans, \$159,049.00; deposits, \$484,780.70. First National bank; Loans, \$206,291.87; deposits, \$283,265.33. Total loans, \$365,340.87; total deposits, \$768,046.03.

Carbon — First State bank; Loans, \$171,112.58; deposits, \$139,299.72. Total loans in the county, \$3,715,098.31; total deposits of the county, \$3,793,576.94.

#### PICTURES OF CISCO SHOWN AT THEATER

Pictures of Cisco were seen at the Palace theater Sunday, and are being shown again this afternoon and evening, which were enjoyed Sunday by large houses at each performance. The pictures were clear, and showed the crowds on the streets and traffic of cars passing through the business districts. The scenes shown were on the occasion of the visit here of Governor Moody and that of Senator Robinson. Several scenes of both incidents were shown, including many views of Lake Cisco, Williamson dam, the state fair, bicyclists, boat races on the lake, the watermelon feast, the reception to Mrs. Robinson and other scenes that will interest all loyal Ciscoans. The pictures show up Cisco well, and gives one the impression that the pictures are scenes and incidents of a city of at least 21,000 population. Every one in Cisco should see the pictures, which are the products of the Walton studio.

#### ARCHITECT IS CONFERRING OVER LEGION MEMORIAL

EASTLAND, Sept. 17.—The architect of the Eastland county courthouse is in Eastland today conferring with representatives of the American Legion posts of the county relative to the proposal to place a bronze tablet in the courthouse bearing the names of all the men who went from Eastland county to the world war. It is hoped that architect's plans will be made which will make the tablet in harmony with the interior of the structure. The commissioner's court has already agreed that the temple of justice should be dedicated to the ex-service men. Committees are at work securing the names of all ex-service men who entered the military service for the world war from Eastland county.

#### MAN KILLED BY TRAIN AT CORPUS CHRISTI IDENTIFIED

CORPUS CHRISTI, Sept. 17.—A man killed by a train here yesterday was identified today at Hilarlo Escobedo of Brownsville.

#### Mrs. Flora Adelia Spears Passes Away at Home of Son After Long Illness; Funeral Tuesday Morning

Peacefully falling into her last sleep the spirit of Mrs. Flora Adelia Spears, 82, took its flight from its terrestrial abode at an early hour this morning to that celestial home not made with hands eternal in the heavens. Her passing was at 1 o'clock from the residence of her son, Alex Spears, 430 G avenue, with whom she made her home. The passing of this saintly woman ends a period of invalidism and suffering of nearly a year's duration, and terminates the earthly career of another of Cisco's octogenarians, whose long and useful life has been devoted to the service of her Master, who admonished us to "feed my sheep".

In the passing of his aged mother, Mr. Spears has the sympathy of all Cisco in this, his greatest bereavement, but this condolence can only soothe a heart sorely bereft for a temporal loss, as her loved ones have the assurance that her soul is with her Maker, free of all pain and care awaiting the coming of those left behind.

Born near Talladega, Ala., in Talladega county, Sept. 26, 1846, Flora Adelia Brown was married to Dr. J. B. Spears, who preceded her in death at Spearsville, La., in 1900, after a happy married life of 54 years. Since that time she has made her home with her son here, except these intervals spent with her daughter.

Mrs. Spears became a Christian in girlhood and a member of the Presbyterian church, in which she was an active worker as long as her health permitted. Her last illness began last November, since which time she has patiently awaited the call of the angel of mercy to convey her spirit to its eternal home, where sickness and suffering are unknown. The surviving children are Mrs. Charles Stillwell, of Los Angeles, Cal.; Alex Spears, of Cisco; Reginald and Shelton Spears, of Fort Worth.

The body was prepared for burial at the Green Funeral Home, and the funeral services will be held at the Spears residence at 10 o'clock Tuesday morning, conducted by Rev. D. C. Boney, pastor of the First Presbyterian church. Burial will be in Oakwood cemetery. Following are the pall bearers who will perform the last sad rites to this fine woman: George P. Fee, E. J. Pevance, Littleton, H. C. Henderson, E. P. Crawford and Dr. C. C. Jones.

#### TEMPERANCE SENTIMENT IN EUROPE GAINS

WASHINGTON, Sept. 17.—Deets Pickett, research secretary of the board of temperance, prohibition and morals of the Methodist Episcopal church, just returned from the nineteenth international congress against alcoholism, held at Antwerp, Belgium, says that temperance sentiment in Europe is growing rapidly and that developments may be expected particularly in England and Germany, in the near future.

More than 400 leading educators, physicians, scientists and government officials of Europe were in attendance at the international congress, said Pickett. Finland sent its prime minister, Sweden was represented by Senator Sandier. The leading governments of the world were all officially represented. From the United States came Dr. Doran of the prohibition unit, Mr. Anglager of the state department, and others.

Pickett said: "When I was in Europe, a few years ago, the papers were full of sneers at American prohibition political leaders, both in Great Britain and on the continent, seemed anxious to create an unfavorable sentiment toward the policy. There has been a startling change in the attitude of both officials and people toward the issue. Germany is almost certainly on the verge of local option, with eventual prohibition in sight. Even in Great Britain, the restrictions upon the liquor trade are almost strangled and the same leaders who formerly were anxious that the people should not consider it with favor are now beginning to prepare the people for consideration of even more drastic restrictive measures. Economists and statesmen of every European country have been profoundly impressed by the on-rushing prosperity of the United States, of which they believe prohibition to be a causative factor."

#### THE WEATHER

West Texas: Tonight and Tuesday generally fair.

#### GOV. AL SMITH IS HEADED FOR OPEN SPACES

Aboard Gov. Smith's Special Train, Sept. 17.—Governor Al Smith of New York was headed westward today in the greatest political adventure of his campaign. Upon the success or failure of the task of "winning the west" may hinge the outcome of the presidential race. There are more than 100 in his party, including newspaper men, stenographers, photographers and members of the governor's staff.

Governor Smith will speak at Omaha, Neb., tomorrow night on farm relief and at Oklahoma City Thursday on farm relief and production.

#### FARMER DIES IN COLLISION; 4 ARRESTED

PORT WORTH, Sept. 17.—Nick Barabak, truck farmer, was killed today when his wagon collided with an automobile containing four Mexicans. The quartet were arrested, charged with reckless driving.

#### SEVEN POUND BASS IS TAKEN AT LAKE CISCO

The biggest bass yet taken from Lake Cisco waters was believed to have been caught Sunday by C. A. Benedict and C. C. Boland, of Dallas, electricians employed on the new hotel at Cisco. Benedict manipulated the rod and reel while Boland steered the boat in which they were fishing, but Boland stated he had plenty to do when the big fellow was hooked.

The premier bass registered seven pounds and Charley Gray says Culbertson "can catch 'em in a wash tub" but the colored fisherman's bass was not officially weighed, while Benedict's was duly registered.

But the seven pounder was not the only catch reported and weighed. Benedict had two other little fellows, but the two together weighed 6½ pounds—one weighing 4½, and the smaller one two pounds. All three were caught in the waters that cover the mesquite flat, just west of the old Esplanade road crossing. Benedict says he has several invitations from Cisco sportsmen to use their boats since his big catch was reported.

#### MANY KILLED WHEN MEXICAN TRAIN DITCHED

MEXICO CITY, Sept. 17.—Many were killed and injured when the Mexico City-Guadalajara express was derailed between Monteleon and Yurubatan, state of Jalisco, according to Guadalajara dispatches today. Rebels were blamed for the government for the wreck.

#### CONTRACTS FOR \$5,000,000 BEFORE BOARD

AUSTIN, Sept. 17.—Contracts for more than \$5,000,000 were before the state highway commission today. Bids for the work were opened this morning. Applications for approximately \$1,500,000 of state and federal aid also will be considered. Thirty-nine counties are involved.

#### Loss of Life Feared; Property Damage to Be Immense; Another Gale Is Headed for Peninsula

JACKSONVILLE, Fla., Sept. 17.—Grave fears were felt here today of possible loss of life at Palm Beach and Fort Pierce, two of the largest coast cities which bore the brunt of Sunday's West Indian hurricane. Although relief trains left for Palm Beach and Miami last night, no direct wind has been received from the stricken city so far to the extent of the havoc there.

Indirect reports told of many injured with a possible loss of life in Palm Beach and Fort Pierce. One report said that the large county hospital in the center of West Palm Beach was demolished by a 120 mile gale and that some of the patients may have been killed.

Local railroad offices report some of their trains are lost. They apparently are safe but broken lines of communication prevent their reporting.

Property damage in Florida will reach into the millions, it is conservatively estimated.

Senator Joseph T. Robinson of Arkansas, Democratic vice-presidential nominee who is in Miami for an address tonight, has offered the use of his private car for physicians and nurses. He said he would curtail his speech in order to give all possible service to the stricken area, if necessary.

#### Wins—But Loses!

Art Goebel, crack California politician and winner of the Dale race to Hawaii, who was first in the transcontinental non-stop flight from Roosevelt Field to Los Angeles, last was disqualified because he had to land at Prescott, Ariz., to replenish his fuel supply. He was only one of nine competing fliers to finish the race.

#### DEATH MISSED BY BOY, 14, ON MURDER FARM

LOS ANGELES, Sept. 17.—Believed that a fifth boy narrowly escaped death at the "murder farm" near Riverside today plunged authorities deeper into the investigation of the sensational story of hatched slayings by Sanford Wesley Clark, 15, who charged that his uncle, Gordon Stewart Northcott, lured boys to the chicken ranch, shamefully mistreated them and then murdered them. William Black, 14, of Alhambra, today told the police that only his parents' vigilance saved him. Cyrus Northcott, father of the missing youth and who is being held, today made a statement to the police, contents of which were unannounced.

#### HOOVER INVADERS NEW JERSEY

NEWARK, N. J., Sept. 17.—Herbert Hoover, Republican presidential nominee, arrived here today for the start of a campaign tour through New Jersey.

#### Reallocation of Broadcasting Would Improve Radio Reception But Politicians May Beat Plan

WASHINGTON, Sept. 17.—The federal radio commission's reallocation of broadcasting stations to become effective November 11, may greatly improve reception. Experts promise that almost any listener with an average tube set will be able to hear more stations without interference than at any previous time in the history of broadcasting.

But politicians predict that the reallocation will never be put into effect, the reason being that many of the stations are dissatisfied with their assignments.

One of the chief causes of interference has been the excessive number of stations operating simultaneously. To reduce the interference, the commission was compelled to reduce the number of stations. This was accomplished by requiring them to divide time instead of eliminating them entirely. The commission's task has been difficult. Required by an amendment to the law to redistribute broadcasting facilities equally between the five radio zones, and equitably between the states of each zone, according to population, the commission studied many plans.

Last April the leading engineers of the country were invited to criticize a plan which provided 50 cleared, 36 regional and 4 local channels. The engineers endorsed it unambiguously, declaring that it would provide the maximum possible service. But most of the stations opposed the plan, frankly basing their objections on the fact that it would hurt too many of them. They were supported by the politicians, one of whom went so far as to threaten the commission with impeachment if the plan was adopted.

The commission examined substitute plans, all of which would have satisfied the stations, but which, it was concluded, would not have helped reception. The plans were all rejected because of the commission's interpretation of the law that it was created to help broadcasting.

The plan adopted is a modification of the one proposed last April. It provides 40 cleared channels. It reduces the number of stations operating simultaneously from 829 to 350. Chain programs are restricted by forbidding stations on cleared channels to duplicate programs within 300 miles.

Any station, dissatisfied with its assignment, can appeal to the commission and to the court of appeals of the District of Columbia.

"POWDER MY BACK," starring Irene Rich, is a Warner Bros. picture of this novel.

SYNOPSIS
Adele Dayton, a famous musical comedy actress from New York, is playing in Paris in a new show called "Powder My Back," prior to a Broadway run.

CHAPTER II—Continued
She dropped in casually and greeted the wizen-faced mistress behind the little bar and asked for the Atkins's mail.

Then Marie began to talk again.

came to, because one of her correspondents... she had heard that the best way to keep a husband was to be always neat and clean and smiling.

Not that Marie Atkins feared the loss of John Atkins, in the least, because she could have turned very hair from the head of the woman who would ever venture any nearer John than the gesture of a handshake.

Who will be the next Dayton's Powder Puff? She stared at these lines hypnotized, as though she could go no further.

Many Additions Made to Local Churches as Result of Census; Huge Crowds at Revival Sunday

With 86 additions reported from only four churches of the city at yesterday morning's services and with the record crowds in attendance at both the afternoon and night tabernacle services yesterday for the most gripping messages of the entire series thus far, Sunday was easily the record day for the campaign thus far.

At the tabernacle when on Saturday night after an earnest sermon of "Sunday," emphasizing the need of having our life work done up to date in readiness for the final call when it shall come, he called for all those who intended to unite with any local church on Sunday, either by letter or profession of faith, to come forward.

Sunday afternoon the tabernacle was practically filled to hear what was possibly the most inspiring and comforting message of the series, "The Second Coming of Jesus Christ," which was a clear-cut presentation of the vast body of scripture teaching on this subject as discussed as to clear up the cloud of uncertainty and controversy and of fanaticism which in many instances has surrounded what Dr. Hogg regards as one of the "most blessed truths of the Bible" and the summation of the Christian's hope.

Before an audience that packed the tabernacle to capacity and filled all the extra outside seats with many sitting in cars and improvised seats around the building, Dr. Hogg last night delivered the most earnest and effective warning of the consequences of sin and the most urgent presentation of the gospel appeal he has given here when he spoke from the text "The wages of sin is death, but the gift of God is eternal life."

Hundreds of out-of-town visitors were present in both services yesterday from points as far distant as Mineral Wells and Abilene. The music by the great chorus at both services yesterday was most inspiring, the most effective musical programs given since the campaign opened. The afternoon service was featured by the splendidly rendered choral number, "Jesus Paid It All," the bass section of the organization giving splendid interpretation to the solo part.

At night Mrs. House and Mrs. Stevenson gave a rousing and beautiful rendition of the beautiful obligato score in the chorus "Praised Be the Name of Jesus," rapidly growing into one of the most popular choruses with the audience.

At night a delegation from Putnam will be present and Dr. Hogg is scheduled to speak on "A Day with Jesus in Jericho."

Sidelights On Union Revival
Pastors of all the local churches report a high day in their local church services yesterday morning. Eighty-six additions have already been reported to campaign headquarters with only four churches having turned in their reports. It is thought that the total of additions to all the churches will easily exceed the 100 mark for yesterday.

HOGG REVIVAL PROGRAM
Tonight
7:30 p. m.—Tabernacle service. Sermon subject: "A Day With Jesus in Jericho." Special delegation from Putnam. Mrs. A. E. House will sing.

Tuesday
10 a. m.—Morning Bible lecture on the Book of Acts.
4 p. m.—Special children's service at the tabernacle for young folks under 13 years of age. Dr. Hogg will lead.

Rev. R. A. Hightower, former pastor of the Christian church at Mineral Wells and well known here, was present at yesterday's services.

Rev. Joe Boyd, pastor of the Methodist church at Albany, led in the opening prayer yesterday afternoon. Rev. P. T. Stanford of the local Methodist church led in the invocation last night.

The great chorus choir and the large force of ushers were on the job and working to full efficiency at both services yesterday. The ushers under the able direction of Head Usher Henderson handled the large crowd with ease and dispatch and assisted in the preservation of quiet and reverence to an unusual degree in so large a crowd at both services. The big chorus exceeded its own high standard of effectiveness at both services and responded to the rousing choruses with a thrilling enthusiasm it had not displayed before.

Mrs. A. E. House will sing a special solo at tonight's service as a feature of the musical program. On Tuesday night the Ely orchestra will give a 30-minute musical preceding the regular evening service. Its numbers will begin promptly at 7:23 o'clock. It will accompany the chorus on this occasion with its instruments.

Campaign Director Williams introduced a most novel and interesting collection scheme last night when he provided everybody in the audience over 30 years of age with a sealed envelope containing a blank check for \$2.50 and a pencil. He gave a statement of the expense account of the meeting and emphasized the fact that through cooperation on the part of all the people in his plan as outlined last night, the balance would be well taken care of and be thus distributed over a great number of people with no one feeling the burden of it. Indications were that his request met with good response.

Dr. Hogg continued his practice of giving a souvenir Bible at each of his services yesterday, much interest being evidenced in his novel method of awarding them. The Hogg party conducted union services in Baird Sunday morning at 11 o'clock when a packed house heard Dr. Hogg on "Evidences of Faith."

What the devil loves, I hate. He hates my Lord and Savior Jesus Christ and I love Him. A lot of us would like to take Jesus in our car and drive with Him, but He will not go unless He has the steering wheel. He wants to tell us where to go and how to live. He will not go with us to any questionable places. We say it costs too much to be a Christian, but will you ever figured up what it will cost you not to be a Christian? What it costs to live without Christ? The mathematics of the Bible: If you want to keep it give it away; if you want to multiply, divide; if you want to live, die. In three years Jesus conquered. TURN TO PAGE 6, COLUMN 4

Street Paving Ordinance

ORDINANCE OF THE CITY COMMISSION OF THE CITY OF CISCO, TEXAS, DETERMINING THE NECESSITY FOR LEVYING AN ASSESSMENT AGAINST THE PROPERTY OWNERS OF PORTIONS OF BLOSS AVENUE, LIGGETT AVENUE AND BULLARD AVENUE IN THE CITY OF CISCO, FOR A PART OF THE COST OF IMPROVING SAID STREETS AND FINING A TIME FOR A HEARING OF THE OWNERS OR AGENTS OF SAID PROPERTY OR IF ANY PERSONS INTERESTED IN SAID IMPROVEMENTS, AS PROVIDED BY CHAPTER 11, TITLE 22, REVISED STATUTES OF TEXAS OF 1911, NOW CHAPTER 9, TITLE 28, REVISED STATUTES OF TEXAS OF 1925, AND THE CHAPTER AND ORDINANCES OF THE CITY OF CISCO AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE OF SAID HEARING AND EXAMINING AND APPROVING THE STATEMENTS OR REPORT OF THE CITY ENGINEER AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE City Commission of the City of Cisco, That, whereas the City Commission of the City of Cisco has heretofore by ordinance duly passed and approved ordered the improvement of the following streets in the City of Cisco, to-wit:

Bloss Avenue from west line of Pershing to east line of Belmont; Liggett Avenue from west line of Pershing to east line of Belmont; Bullard Avenue from west line of Pershing to east line of Belmont. Each unit or district shall be and constitute an entire and wholly separate and independent unit of improvement. The construction of said improvements in each separate unit or district shall be wholly independent of the construction in any other unit or district. The assessments to be levied in each unit or district shall be made according to the cost of the improvements in that particular unit or district and in accordance with the benefits accruing to the property by reason of said improvements in that particular unit or district, wholly and entirely independent of the cost and of the benefits accruing by reason of the improvements in any of the other units or districts; and

Whereas, plans and specifications for the improvements of said streets have been duly prepared and approved as required by Chapter 11, Title 22, Revised Statutes of Texas of 1911, now Chapter 9, Title 28, Revised Statutes of Texas of 1925, and the Charter and Ordinances of the City of Cisco; and

Whereas, as required by said Charter and Ordinances and Statutes, after sealed competitive bids for said work of improvement had been made, said work of improvement was let to Edwin M. Rabon to improve with a base consisting of sand, gravel and concrete curbs and gutters, and necessary work in connection therewith, as provided by said plans and specifications; and

Whereas, a written contract has been entered into by and between the City of Cisco and Edwin M. Rabon for the construction of said improvements, Therefore,

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF CISCO, That the report or statement of the City Engineer filed with the City Commission describing the abutting property owners and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined and approved, That the City Commission does hereby determine to assess the total cost of curbs and three-fourths of the total remaining cost of said improvements against the owners of the property abutting thereon and against their property, in accordance with the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, now Chapter 9, Title 28, Revised Statutes of Texas of 1925, and the Charter and Ordinances of the City of Cisco. That the said assessment shall be made after the notice to such property owners and all interested persons, and the hearing herein mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners and their property shall be in accordance with the Front Foot Rule or Plan in the proportion that the frontage of the property of each owner in each particular unit or district bears to the frontage of the whole property in that particular unit or district; provided, that after such hearing, if such plan or apportionment be found to be not just and equitable in particular instances, the City Commission shall so apportion said cost as to produce a substantial equality between all such property owners abutting on the particular unit or district, having in view the enhanced value of that property and the benefits derived from such improvement, and the burdens imposed upon them by such assessment, and there in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such unit and their respective shares become said date of acceptance, one-fifth year after the completion and acceptance by the City of Cisco of the improvement in the particular unit or district; one-fifth two years after said date of acceptance; one-fifth three years after said date of acceptance; one-fifth four years after said date of acceptance; and one-fifth five years after said date of acceptance together with interest from said date of acceptance at the rate of eight per cent. per annum, and reasonable said streets and all said costs of collection in case of default. That the total proportionate part of such cost which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said streets to be improved, and the description of that property and the several amounts proposed to be assessed against them respectively, and for curb and gutter, and the grand total thereof, is as follows:

Table with columns: Name of Owner, Lot No., Blk No., Ad., Prntg, Amt. Ass'd. Lists property owners and assessed amounts for street improvements.

Table with columns: Name of Owner, Lot No., Blk No., Ad., Prntg, Amt. Ass'd. Lists property owners and assessed amounts for street improvements.

This a hearing shall be given ten days before the date set for hearing. However, said notice by letter shall be cumulative only, and notice by publication shall be full due and proper notice of said hearing. It shall not be necessary to the validity of said notice of hearing to name any property owner abutting on any of said streets, and the fact that any such property owner or owners are not correctly named or not named at all shall in no wise affect the validity of the assessment against said property, nor the personal liability against the real and true owner or owners of said property. No errors or omissions in the description of the property abutting on any of said streets shall in any way invalidate said assessment, but it shall be the duty of such property owner or owners whose property is incorrectly described to furnish a proper description at the hearing or hearing provided for. No error or omission of any character in the proceedings shall invalidate any assessment or any certificate issued in evidence thereof.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF CISCO: That the fact that said portions of said streets are in such urgent need of repair creates an emergency and imperatively public necessity for the immediate preservation of the public peace, property, health and safety requiring that the charter rules prohibiting the passage of an ordinance on the day on which it shall be introduced, and the rule requiring three several readings, be and the same are each hereby suspended, and that this ordinance shall be passed and take effect as an emergency measure, and take effect and be in force from and after its passage.

Passed and approved, this 14th day of September, 1928. J. M. WILLIAMSON, Mayor. Attest: W. B. STATHAM, City Secretary. Approved as to form. J. J. BUTTS, City Attorney.

STATE OF TEXAS, COUNTY OF EASTLAND. I, W. B. Statham, City Secretary of the City of Cisco, Texas, do hereby certify that the foregoing is a true and correct copy of an ordinance passed by the City Commission of the City of Cisco on the 14th day of September, 1928. In witness whereof, I have set my hand and the seal of the City of Cisco, this 14th day of September, 1928. W. B. STATHAM, City Secretary. 132-133-134-Adv.

IMPORTANT Schedule Change Effective September 16th. Advertisement for Texas and Pacific Railway. No. 6 will leave Cisco 4:04 a. m., arriving Fort Worth 7:00 a. m.; Dallas 8:30 a. m. (Carries Ft. Worth, Dallas and St. Louis Sleepers). No. 10 (Local coach train) will leave Cisco 5:11 a. m. No. 5 will leave Cisco 12:45 a. m., arriving El Paso 4:45 p. m. For particulars consult, C. P. COLE, Ticket Agent.

# OVER BILLION DOLLARS INVESTED IN PUBLIC PARKS IN U.S.

## Maintenance and Operation Cost Exceeds \$100,000,000 Every Year; Movement Really Began with Auto

WASHINGTON, Sept. 17.—More than a billion dollars in capital investment is represented today by the public parks and recreational areas of American cities, according to a review of progress just issued by the National Conference on Outdoor Recreation. The annual expense of maintaining and operating parks and playgrounds in cities alone exceeds \$100,000,000.

The figures are significant because they indicate the growing importance of outdoor recreation in municipal planning. The attention of federal, state and city authorities everywhere is being directed to the necessity of providing breathing places for increasing populations.

Approved by Congress. The review emphasizes the findings to date of a survey of recreational resources and facilities conducted by the National Conference on Outdoor Recreation in behalf of 128 associated national organizations. The conference is acting under authorization by President Coolidge and makes its reports through Chairman J. H. Hamilton, chairman of the president's committee on outdoor recreation.

Individual outdoor enthusiasts, zoning boards, park commissioners and executives of the national parks and forests will find this summary of the activities of the conference interesting and informative. Funds for the investigation are provided by the Laura Spelman Rockefeller Memorial.

Provisions for parks, which began in America with the setting apart of the Boston Common in 1630, were really projected well within the last half century. Even the designation of the Yosemite in 1865 by California as the first state park and the naming of the Yellowstone in 1872 as the first national park reservation, would be to the credit of the nation.

Even the designation of the Yosemite in 1865 by California as the first state park and the naming of the Yellowstone in 1872 as the first national park reservation, would be to the credit of the nation.

## Gasolineless Sundays Ten Years Ago

First gasolineless Sunday in New York and a flat tire (front right wheel) brought back the faithful horse.

Some of the motorists who tune up their cars for a Sunday spin or for a week-end tour during August and September may recall that ten years ago at this time—during the most critical stages of the World War—the family car was left in the garage on Sunday and the streets had the primitive appearance of the days of the horse drawn vehicle. Occasionally a doctor's car with a Red Cross placard on it would flash by and now and then motor cars and trucks directly engaged in some war service would be seen but otherwise throughout the country no vehicle using gasoline was to be seen, for these were "gasolineless Sundays."

On August 27, 1918, the fuel administrator, acting on the suggestion of the National Petroleum War Service Committee, issued the now famous request that the American people forego the use of their motor cars on Sundays, so that there could be made available an increased quantity of gasoline for the use of the Allied naval, army and air forces.

Mark L. Requa, General Director of the Oil Division of the United States Fuel Administration during the war, recalling the voluntary action of the people in Sunday gasoline savings, says that no single demonstration was forthcoming during the war that showed more clearly the solidarity of the American people.

"Foreign representatives, frankly skeptical, viewed the request with distrust, amusement, or downright protest," he says, "because of the moral effect a failure would have upon the Allies. But it was not a failure. On the contrary, it was one of the outstanding voluntary accomplishments of the war. Nor was it a haphazard conclusion that prompted the action. As early as the January, 1918, the question of aviation gasoline was discussed, and in March it was pointed out what the situation would probably be in the fall. All sorts of objections were suggested, but finally abandoned in favor of the simple request for 'gasolineless Sundays.'

The Armistice brought gasolineless Sundays to a close but some idea of the enormity of the demand being made upon the American oil industry for war purposes may be gained by the fact that had the war continued into 1919 Mr. Requa says that domestic consumption of gasoline was to be reduced one-half. Gasoline was to be brought from California to the Atlantic seaboard for shipment abroad in solid trains on passenger schedule, the limit to be only the capacity of the railroads to haul. Tankers were to

### SIX MEMBERS OF FAMILY KILLED IN AUTO CRASH

EMPHORIA, Kan., Sept. 17.—The six members of the D. G. Levin family of Levin, twenty miles east of here, were killed Sunday afternoon when a westbound Santa Fe passenger struck their automobile at a grade crossing there.

The dead: G. G. Levin, 46; Mrs. D. G. Levin, 42. Their four children: Isabelle 12, Hugh 8, Edward 4, Margaret 12 months.

Among the prominent buriers of the day, don't forget Gene Tunney—*Charleston Evening Post*.

## SHE'LL STAR IN POLO ROMANCE

Babe Daniels, who has had more proposals of marriage than any other girl in the horse-racing world, is starring in polo today as Ulick Smith's polo field partner for his matches with the famous Argentine team. The reason—shepherd girl—is that she has said "yes" to Tommy Mitchell, Jr. who is equally as famous as she is. Their nuptials probably will take place after the international games.

## Motorcades Planned to Bankhead Convention; Wacoan to Report on Highway from Texas to San Diego

DES MOINES, Iowa, Sept. 17.—Special reports and many acceptances to attend the twelfth annual convention of the Bankhead National Highway association, which will meet in Atlanta October 9 and 10 are being received here at the headquarters by J. A. Routree, director general of the Bankhead National Highway association. A number of Texas road advocates are expected to attend.

Governors, state and county highway officials, mayors and leading road advocates in the thirteen states which the Bankhead highway traverses have accepted invitations and promised to attend. A movement is on foot to organize a motorcade from Washington passing through the States of Virginia, North and South Carolina and East Georgia to some to

Fred Roads association and also traveling director of this organization, a former Texas newspaper editor and publisher and one of the leading road advocates of Texas, has been extended an invitation to attend the annual convention. Robinson has been asked to deliver an address and make a report of the condition of the Bankhead highway from Texarkana to San Diego, Calif. Robinson has made a number of trips in his automobile over the Bankhead highway during the last three years and is well posted on the condition of this highway.

## EXHIBITS OF MERIT SEEN AT CARBON FAIR

CARBON, Sept. 17.—Carbon fair, held September 14 and 15, was pronounced a decided success by all who attended. The blue ribbon was in fact that one had to look to see if they had one pinned on their lapels or buttons. The form exhibits were as good as the best and to look at the display would think Eastland county is top notch on all kinds of agriculture.

The hogs were the biggest attraction. The hogs were from different counties, and they were some big, too.

The poultry was blemished and fairly crowing over their superiority.

The women's departments were the most beautiful and artistic line that has been shown in Carbon. A smiling face on some fair old maid who had a blue ribbon pinned on her apron which her feeble hands had worked hard to produce made whole thing worth while.

The merchants had their booths beautifully arranged and were so glad to see the touch of an artist's hand when one can see it in many ways and in many different people all around us.

The fair was a success—the entire town and community are pleased and will strive for a bigger and better fair next year.

The picnic was composed of Dr. Jackson of Carbon, and Mrs. Elizabeth Brandon and George Blackwell of Cornum, who gave the school children examinations Friday.

R. L. West and daughter, Mrs.

Bertie Lee, of Abilene and Mr. Kirkpatrick of Cisco were guests of H. O. West and wife last week. The Epworth league was well represented at De Leon Friday night in the county meet.

Dr. Bell of Okra was a visitor to the fair Friday.

Mrs. A. C. Harrison has returned to her home after an extended sick spell in the home of her daughter, Mrs. A. C. Underwood.

Mr. and Mrs. C. S. Eldridge were visiting in Abilene last Saturday was a week.

Miss Louise Tate left Monday for Richardson, where she will be in school this term.

J. A. Clement of Moran was the guest of B. F. Clement Wednesday night.

Clude Weaver of Levelland is visiting relatives here.

Mrs. Gusie Reed of Roscoe is a guest of her aunt, Mrs. J. H. Collins.

Mr. and Mrs. J. F. Edmondson and Mrs. Louise Benier returned to

Albany Sunday to visit Ira Edmondson and family, who recently moved from Carbon.

Mr. and Mrs. Shields of Ranger were fair visitors Friday.

Miss Lynell Adams of Dublin was the week end visitor of Miss Gladys Usery.

Miss Bettie Mae Jackson left Monday for C. J. A. at Denton.

Miss Vickie Stone and two little pupils, Georgina Huffman and Jesse Lou Trout, of Pleasant Grove were among the fair visitors Saturday.

Miss Stella Broughton of Abilene has returned home after a visit with her sisters, Mrs. H. H. Guy and Mrs. Paul Poe.

Mrs. Sallie Kirksey of Eldorado, Ark. is the guest of Mr. and Mrs. A. W. Manness.

That New Jersey woman who found an \$5,000 pearl in an oyster should worry whether or not oysters are fattening—*Dayton Daily News*.

# WEST VIRGINIA MAN GIVES DEFINITION "QUAKER" RELIGION

## Kentucky Newspaper Carries Article Pointing Out Some Characteristics of Quaker Religion; Oppose Sabbath

(Granada Miss. Sept. 17.)—In the Arlington (Kentucky) Courier of August 9 is a communication over the signature of Wm. H. Sawyers, of Hinton, West Va., who undertakes to give what he understands a Quaker to be. The Sentinel has but little patience with endeavors to make one's adherence to any particular church a bar to his election to any office. It would seem that the brotherhood of man, of which one hears so much from the pulpit, and the Fatherhood of God should have resigned such ideas to the junk heap long ago. The Sentinel would therefore have it understood that in reproducing the article, it is not endorsing it. But its reproduction may serve to give some information to those who hear "Catholic" and "Quaker," and quite a respectable portion of them are really sincere in it, every time the name of a man is mentioned in connection with public office who is an adherent of the Roman Catholic church. Anyway, Mr. Sawyers' communication may serve to while away the summer days and to show that many good people often make themselves absurdly ridiculous. Here is what it reads:

Bishop James Cannon, Jr., of the Methodist Episcopal church, South, and a few others will not support Governor Smith for president of the United States, because he is a member of the Catholic church, but they will support Herbert Hoover, a Quaker. The Republican press has been busy of late telling the public that Mr. Hoover is a Quaker, and his wife is a Quaker, also, but that they were married by a Catholic priest. They have rather boasted of the fact that Mr. Hoover is a Quaker and preaches that the Bishop James Cannon should swallow a Quaker, but never a Catholic. It seems to us that the Lord has determined to make a fool of him in America by making it utterly and forever ridiculous. Council Webster's dictionary and the Encyclopedia Britannica and other authorities on Quakers, and find out what a Quaker is.

A Quaker is utterly opposed to the use of liquor, and especially the use of the Bishop Cannon type. Second: A Quaker is opposed to the arms and armies, and war. Just how a Quaker president would be a commander in chief of the armies and navies of the United States, we will leave to the men whom the Lord would destroy by their processes of reasoning, such as Bishop James Cannon, Jr.

Third: A Quaker is opposed to the public administration of the sacraments of baptism and the Lord's Supper as idolatry and sinful. So not only would the Quaker abolish the Baptist preacher, but the ordinances of Baptism with him.

Fourth: The Quaker is opposed to taking oath, so Mr. Hoover, as a conscientious Quaker can never take an oath to support the constitution of the United States, neither could he affirm to do so, which is one and the same in the Quaker definition.

Fifth: The Quaker is opposed to visiting and going to court even to punish the thief and the robber, his doctrine being that God will settle with the wicked on the Day of Judgment. Just how a conscientious Quaker president could enforce the prohibition law and the Volstead act by waiting till the Judgment Day for the Lord to sentence all offenders is a matter for the wonderful prohibition mind to explain.

Sixth: The Quaker is not only opposed to all priests and preachers, whether Catholic or Protestant, but he is opposed to all church buildings, parsonages, rectories, etc., as a waste of money and an imposition on the public; so if the Quaker had his way not only would the priests and preachers, but all church buildings and property disappear from the face of the earth.

Seventh: The Quaker is not only opposed to all modern styles of dress, but he insists on the primitive right of man and woman to go stark naked and here is what Mr. Adams says of him:

"The Quaker of the seventeenth century was essentially a career blustering conceited, disagreeable, impatient fanatic; whose religion gained subjective comfort in exact proportion to the objective enormity of which it was able to deprive others; and which broke into its choicest exhibitions in acts which were not only at that time in the nature of public scandal and nuisance, but which even in the brightest light of this nineteenth century would subject those who would be guilty of them to the immediate and stringent attention of the public court. The distinctive feature of public Sabbath worship, and the inevitable exposure of the press whether conscience be pleaded for them or not are punished and rightly punished, as crimes by every civilized government."

And here is the copy of a warrant issued at Dover, Mass., December 22, 1662:

To the constables of Dover, Hampshire, Shutebury, Newbury, Rowley, Ipswich, Westham, Lynn, Boston, Roxbury, Dedham and until these venerated Quakers are carried out of this jurisdiction.

"You and every one of you are reminded in the King's Majesty's name to take these venerated Quakers, Anne Coleman, Mary Tomkins and Alice Ambrose and make them fast to the cart's tail, and driving the cart through your several towns, to whip them on their backs not exceeding ten stripes apiece on each of them in each town, and so to convey them from constable to constable till they come out of this jurisdiction, as you will answer it at your peril, and this be your warrant. Per me."

"RICHARD WALDEN"

The Rev. John Hayner pronounced judgment of death by hanging against these women for the weather was bitter, the distance to be walked was eight miles, and the ladies were given such a whip whose three twisted knotted thongs cut to the bone.

"So in a very cold day, your deputy Walden, caused these women to be stripped naked from the middle upward and tied to a cart and with a whip thrice whipped them, whilst the priest John Hayner stood and looked and laughed at it. They went with the executioner to Hampton and through snow at Falmouth, half way the leg died; the constable forced them after the cart's tail at which he whipped them. The officers of the shire were not so much because they were Quakers, but because they possessed stark naked at church on a Sabbath day in the land of the Puritans."

Eighth: A Quaker did not believe in keeping the Sabbath, nor in the Trinity, nor in the evolution of language. He believed in "things" and "things" on forever. In fact he was opposed to all religion and government as the same now is and is in favor of all religion and government as the same now is.

This in part, the record of a sermon that Bishop James Cannon of the Methodist church can support against a member of that church "that saw the commencement of all governments and ecclesiastical establishments that now exist on earth, and is now destined, perhaps to see the end of them all, when his dynasty extends far beyond the time of Peter and Augustin till it is lost in the twilight of fable."

Quakerism was founded by George Fox in New England about 1690. No wonder the wise Republicans are frantically trying to keep the minds of the people out of religion and prohibition in this campaign and any preacher is a dunderhead to invite comparison. It was to the Baptist church, the Congregationalist church, the Episcopal church especially that Quakerism was reprehensible, and the seed was laid on

### POSSIBLE FIRST AND SECOND LADIES

Mrs. Alfred K. Smith (right) and Mrs. Joseph T. Robinson, wives of the Democratic nominee for president and vice-president respectively, are pictured in the receiving line by 3,000 Democratic women at the Hotel Astor in New York recently.

The Quaker, not by the Catholic, at all, but by the New England Puritans and the Cavalier of Old Virginia.

I do not know anything about Mr. Hoover's religion—only what I see in the papers, and I care nothing about it. That is Mr. Hoover's business. But the accounts here who talk about the Quakerism of his religion will appear utterly ridiculous when Smith's religion is compared with Hoover's. If Hoover has the latest Republican say he has, they say he is a Quaker and I have figured out a Quaker by the most up to date authorities on Quakerism. Hinton, West Virginia.

### Campaign Has Humorous Side as Once Bitter-Enders Join Hoover; 'What They Said' Worries G. O. P.

WASHINGTON, Sept. 17.—And from its mud-slinging side, the presidential campaign is developing its humorous side, too. Among the amusing developments is the change of bitter-end opponents of Hoover, prior to Kansas City, who are now "talking on the same wave."

Among them is Senator Jim Watson of Indiana. Before the convention Watson was one of the most vocal of the "allies" who sought to stop Hoover. Another is Carlos A. Thompson of Ohio, who married Senator Willie's campaign against Hoover, and who is now treasurer of the Ohio Republican committee.

In this connection, some Republicans are concerned over a report that the Democratic national committee intends to issue a pamphlet entitled "What They Said." It will contain quotations from Hoover's repulsive speeches, and among these will be a few more days, boys, and the first football casualty list whose words will be recalled, it is

### MAVERICKS TO BE TESTED BY CROSS PLAINS

EASTLAND, Sept. 17.—Coach Joe Gibson of the Eastland Mavericks, who is putting his team in condition for the opening of the coming season, has had them training for ten days and the boys are showing marked improvement. Uniforms have been issued to 34 boys. An average of 25 players have attended the practice games each day. Coach Gibson believes he will have a strong team, although it will have three holey men, Joe King, who played tackle and guard last year, may play at center this year. Daniel and Foster, who played tackle and end last season, will be back and Foster may be shifted to half-back.

The opening game of the season in Eastland will be played on Saturday, September 22, when Cross Plains will be the center of it. It will be an exhibition game. The Eastland school board has just completed a new athletic building on the Maverick Athletic field which has all conveniences.

### JOINT RURAL SCHOOL INSTITUTE TO BE HELD

EASTLAND, Sept. 17.—Miss Eula Brockman, Stephens county school superintendent, and Miss Beulah Roper, Eastland county school superintendent, have agreed to hold a joint rural institute for the two counties in Eastland on October 11 and 12. Mrs. Brockman was in Eastland several times last week conferring with Miss Roper about the institute program. It will be sent to the state superintendent of education for approval and will be published as soon as it is approved and returned.

# 'ROUND ABOUT THE TOWN

Mrs. F. D. McMahon will entertain the Humble Bridge club Wednesday afternoon at her home in Humbletown at 3 o'clock.

Mr. and Mrs. Jack Hale and son of Eastland were the guests of Mr. and Mrs. A. Angus Sunday.

Mrs. E. M. Howard of Rising Star visited friends in Cisco Saturday afternoon.

Britton Phippen left the past week for Abilene where he will be attending Abilene Christian college this winter.

Mrs. Ford Hubbard of Coleman has been the guest of her parents.

Judge and Mrs. James L. Shepherd, the past few days.

Hugh Ayers of Albany spent Sunday in Cisco.

Mrs. J. W. Lumby, of Baton Rouge, La., sister of Mrs. Alex Angus, is in Cisco visiting Mr. and Mrs. Angus.

Mrs. Hattie Fairless has as her guest her cousin, James Rogers, postmaster at Dyer, Tenn., who is stopping in Cisco while en route home from a western trip, where he visited resorts on the west coast, Salt Lake and other western places.

Miss Letta Maude Eager, the efficient assistant secretary of the Cisco chamber of commerce, commenced her vacation this morning. She is now in Abilene where she is visiting her father, Miss Marie Glenn is acting assistant secretary during Miss Eager's absence.

Herman Williamson left today for Houston where he will attend Rice Institute.

Mrs. Andrea of Barnett is spending the winter in Cisco with her

## Pithy Paragraphs

CONTINUED FROM PAGE 3

the world, in three days the grave I wonder if He has ever conquered your heart.

The standards of the Bible never change and when you get up to heaven there is not going to be a special standard to measure the people of this age, but you are going to be measured by the standards of the New Testament.

The meanest propaganda that ever came out of hell was originated when he said you couldn't be happy serving Jesus.

Just as sure as you are living in this age the sins of this world are tripping people right and left.

There is more in the Bible about the second coming of Christ than there is about His first coming.

Talk to me about men coming from monkeys! I believe we are going down hill.

When you get your heart fixed on Jesus you see so much of His glory, the sins of the world fade out.

God answers our prayer prayed in faith and for His glory.

### SERVICE MEDAL GIVEN TO NEWTON D. BAKER

WASHINGTON, Sept. 17.—The Distinguished Service Medal was awarded Saturday to Newton D. Baker of Cleveland, wartime Secretary of War. It was conferred for exceptionally meritorious and distinguished service.

### KILLED WHEN TRAIN HITS HIS AUTOMOBILE

BALTIMORE, Sept. 17.—J. T. Wenzel, 27, of Wilson was killed instantly late Saturday when he was struck by a Santa Fe passenger train at a crossing less than 100 feet from the Baltimore depot. Wenzel drove his car directly in front of the train.

Singing for an hour at the top of your lungs will do away with all troubles about breathing it is said. The winners are that the neighbors will attend to your breathing long before the hour is up.—Portsmouth Daily Times.

Mr. and Mrs. Sylvester Duggan and children of Fort Worth were the week end guests of relatives in Cisco.

Mr. and Mrs. Bill McDonald and two children of Eastland visited relatives in Cisco Sunday.

Mr. and Mrs. J. P. Donelson and daughter, Miss Frances Donelson, and Miss Edna Hayne of Stamford spent Sunday with friends in Cisco. Mrs. Hermatise of Dallas, mother of Mrs. Donelson, was a visitor over Sunday, left for her home in Dallas after a visit to her daughter in Stamford.

Miss Georgia Donelson of Stamford visited Mr. and Mrs. P. P. Shepard for the week end.

## He Leads Navy Team

Edward Burke, tackle and captain of Navy Academy football eleven, who is made up by getting into fighting form under the watchful eye of Coach Bill Ince.

## SOCIETY

### Dance Saturday Evening At Green Lantern Tea Room

Mrs. Hort Agnew and Mrs. Will Cunningham entertained Saturday evening with a dance honoring L. B. Long of California, brother of Mrs. Agnew, and Mr. and Mrs. C. H. Fletcher who are leaving for San Angelo where they will make their home. During was the diversion for the evening, and punch was served during the evening. Those who enjoyed this affair were: Mr. and Mrs. Lewis Starr, Mr. and Mrs. R. C. Hayes, Mr. and Mrs. Joe Burnam, Mr. and Mrs. Bill Battle of Big Spring, Mr. and Mrs. O. C. Cole, Mr. and Mrs. Charles Yates, Mr. and Mrs. G. H. Fincher, Mrs. Joe Harshman, Mr. and Mrs. A. C. Eller, Mr. and Mrs. Walter Cantrell, Mr. and Mrs. H. T. Mr. and Mrs. Frank Hulston, Mr. and Mrs. Bob Gillman, Mrs. Bennett of New Orleans, and C. C. Moore.

Deep sea is blue because it reflects the blue rays of light. When it is green it is not so deep and it is the reflection of the yellow sand or pebbles at the bottom which makes it this color.

## BILL DOLLAR GETS DOWN TO WORK IN CISCO

Cisco, Texas, Sept. 17, 1928. Ladies and Gentlemen:

Sure am hard at work today. Watch the papers tomorrow and I'll give you a report on every place I visited. At the same time I am going right now. I want to say this is one of the workingest towns in the west. Gosh, these business men have spizzintium. I am demonstrating just what money can do when it stays in town and works. I am helping build Cisco. If some poor misguided citizen ever sends me out from this good town I can't build Cisco. If I go to Dallas, St. Louis and Chicago, I can make their people hampers, and their skyscrapers taller, and bring happiness to little children, but I will not be working for your good town. So please keep me here.

Took a minute off this morning and went visiting Met a man in the oil business—can't remember his last name. First name's Jim. He has a voice like a ten pound frog on a rainy night. Boy, he's sold on

the possibilities for oil in this section. Most of the possibilities have only been touched. Assures me this is the strategic point for future oil operations. My, this is a lucky town! Busy yours. BILL.

farmer can sit up with his radio and still get up before sunrise—Indianapolis Star.

## SHOOTING FOR BOBBY'S CROWN

Harrison R. Johnson (left), of St. Paul, and George Voight, of North Hills Golf club, who tied for leading place in first 18 holes of amateur championship play at Brae Burn Country club, West Newton, Mass. Bobby Jones (inset) the king of 'em all, shot a 77 as against the 71's turned in by Johnson and Voight.

**Make the MAYTAG Your Washday Servant!**

It Washes the Quick Clean Sanitary Way!

YOU will really enjoy letting the Maytag do your washing. Thousands of women entrust their week's washing to the Maytag. They have the satisfaction of knowing that the clothes are really clean and sanitary, and they know that their daintiest garments are safe in the satin-smooth cast-aluminum tub.

The Maytag cast-aluminum, heat-retaining tub and Gyrafoam washing action remove the most stubborn dirt thoroughly. The average washing takes but an hour and then the easy-cleaning tub empties itself.

Wringing the clothes is also done perfectly by the Maytag Roller Water Remover. It has a safety feed, automatic tension, self-reversing drain-board and a quick safety release. Both rolls are over size. The top roll is flexible, the lower roll hard—an advanced Maytag idea. It wrings everything evenly dry and spares the buttons.

### Phone for a Free Home Washing

Let a Maytag do your next washing in your own home. The clothes will be handled more gently and you will know they are clean and sanitary. Find out why this remarkable washer is finding universal favor—why it won world leadership. If it doesn't sell itself, don't keep it.
